

## NEWS RELEASE TSX-V: QNC

Quantum Numbers Corp. announces the nomination of a new Chairman of the Board.

August 10th, 2020 – (TSXV: QNC) Quantum Numbers Corp. (the "Corporation" or "QNC") Montreal, Canada, an innovative developer of cryptographic solutions based on a Quantum Random Number Generator (QRNG) is pleased to announce that as of August 1st, 2020, Mr. Pierre Paul Samson has accepted the position of Chairman of the Board.

Mr. Rousseau, "I am pleased that Mr. Samson has accepted the position, his knowledge and expertise will help improve the company's guidance."

Mr. Samson has a 25-year career span with both leading-edge technology and marketing experience. He is currently involved as an Executive in residence with Collège La Cité and is also collaborating with the University of Ottawa.

In recent years, he was CEO at McMillan and Global Head of Digital and R&D at Sid Lee for both the B2B and B2C markets. He was the lead client stakeholder for digital projects and for global brands such as Cirque du Soleil, Samsung, Intel, Fasken, Commvault and Donnelley Financial Solutions. His technical background is mainly solution architecture and product management and previously held the position of CTO at freedomone mobile and Sourcevolution Inc. He's co-written publications on the subject of asynchronous multi-channel and omnichannel communication with IBM and published 4 USPTO patents on the subject. He studied at recognized institutions in Canada and the United States, including University of Ottawa and MIT.

Mr. Samson, "I am honored to continue our work and provide further commitment to the Board and investors. Although we are living through challenging times, I'm convinced that our latest advances and strategic positioning will have a substantial impact on the markets that require our leading-edge technology."
