

TuneIn, a Stingray Company, Brings Extensive Audio Infotainment Offerings to Select Nissan Vehicles in the United States

Nissan will bring TuneIn to its vehicles, giving drivers access to live sports, news, music, global radio and podcasts

NEW YORK, Feb. 04, 2026 -- [TuneIn](#), a Stingray company (TSX: RAY.A; RAY.B), announced today a collaboration with [Nissan](#), one of the world's largest automakers, to bring TuneIn's expansive catalog of radio stations and podcasts to select Nissan and INFINITI vehicles in the United States.

TuneIn will provide drivers with fast access to live sports, breaking news, curated music, millions of podcasts and tens of thousands of radio stations. Drivers will be able to access TuneIn through Nissan and INFINITI vehicles equipped with Google built-in.

"Drivers want access to the audio they love the moment they start the car," said Rich Stern, CEO of TuneIn. "By bringing the full TuneIn experience directly into Nissan's infotainment system, we're eliminating friction and giving listeners a safer, faster way to enjoy live sports, trusted news, music and podcasts on every drive."

Key listening features for Nissan drivers:

- Live play-by-play from major professional leagues and leading collegiate conferences, plus in-depth sports talk
- Curated music and millions of podcasts across every interest
- Access to TuneIn using voice commands with a single tap, powered by TuneIn's App Driver Distraction Management System
- New left-side driver controls make it easier to play, pause or change audio with quick, one-touch access

TuneIn was recently acquired by Stingray. The acquisition significantly strengthens Stingray's global automotive presence and accelerates the rollout of branded in-vehicle audio experiences.

TuneIn is available to listeners around the globe through more than 200 connected devices and 14 automotive brands. For more information, visit [TuneIn.com](#).
