Notes to Condensed Consolidated Interim Financial Statements

(CDN 000s, except per share data)

1. Description of Business

Pason Systems Inc. ("Pason" or the "Company") is a leading global provider of instrumentation and data management systems for oil and gas drilling. Through Intelligent Wellhead Systems ("IWS"), Pason also provides engineered controls, data acquisition, and software solutions for oil and gas completions operations. Through Energy Toolbase ("ETB"), the Company also provides products and services for the solar power and energy storage industry.

The Company headquarters are located at 6130 Third Street SE, Calgary, Alberta, Canada. The Company is a publicly traded company listed on the Toronto Stock Exchange and OTC Markets Group under the symbol PSI and PSYTF, respectively. The Condensed Consolidated Interim Financial Statements of the Company are comprised of the Company and its subsidiaries (together referred to as the "Group" and individually as "Group entities"). The accompanying Condensed Consolidated Interim Financial Statements include the accounts of Pason Systems Inc., its wholly owned subsidiaries, and ETB.

2. Basis of Preparation

Statement of compliance

These unaudited Condensed Consolidated Interim Financial Statements have been prepared in accordance with the requirements of International Accounting Standard ("IAS") 34, Interim Financial Reporting and include the accounts of Pason and its wholly owned subsidiaries. All significant intercompany balances and transactions including revenue and expenses have been eliminated. These unaudited Condensed Consolidated Interim Financial Statements do not include all of the information required for full annual financial statements and should be read in conjunction with the consolidated financial statements of the Company as at and for the year ended December 31, 2024.

These Condensed Consolidated Interim Financial Statements are presented in Canadian dollars, which is the Company's functional currency. All financial information presented in Canadian dollars has been rounded to the nearest thousand except for per share amounts.

3. Material Accounting Policies

The selection and application of material accounting policies have been deemed appropriate. The Company's material accounting policies and their method of application have been applied on a basis consistent with that of the audited financial statements as at and for the year ended December 31, 2024.

Future Accounting Standards:

The following revision to IFRS Accounting Standards has been issued and is effective for financial years beginning on or after January 1, 2027. Other changes or amendments that are not expected to have a material impact to the Company have been excluded. The Company is currently assessing the impact of this accounting policy change on its Consolidated Financial Statements.

IFRS 18 - Presentation and Disclosures in Financial Statements

The revised standard replaces IAS 1, and carries forward unchanged requirements of IAS 1, and amends minor sections within IAS 33 Earnings per Share. Further, IFRS 18 introduces new requirements to provide disclosures on management-defined performance measures (MPMs) in the notes of the financial statements. IFRS 18 is effective January 1, 2027 and is required to be adopted retrospectively.

4. Cash and Cash Equivalents

As at	September 30, 2025	December 31, 2024
	(\$)	(\$)
Cash	42,958	58,600
Cash equivalents	30,503	18,597
Cash and cash equivalents	73,461	77,197

As at September 30, 2025, the Company's cash equivalents are invested in money market funds with interest rates averaging 3.6% (2024: 3.9%).

5. Short-Term Investments

As at	September 30, 2025	December 31, 2024
	(\$)	(\$)
Short-term investments	2,143	3,581

In 2024, the Company invested in US dollar denominated Central Bank of the Argentine Republic's (BCRA) Bond for the Recovery of a Free Argentina (BOPREAL) program. These bonds are classified as short-term investments within the Condensed Consolidated Interim Balance Sheets with gains and losses due to foreign exchange revaluation recognized in other comprehensive income, and mark-to-market gains and losses recognized in other income.

6. Seasonality

Pason's quarterly financial results vary quarter to quarter due in part to the seasonality of the oil and gas service industry in Canada, which is somewhat offset by the less seasonal nature of US and International operations. The first quarter is generally the strongest quarter for the Company due to strong activity in Canada, where location access is best during the winter. The second quarter is typically the slowest due to spring break-up in Canada, when many areas are not accessible due to ground conditions, and, which, do not permit the movement of heavy equipment. Activity generally increases in the third quarter, depending on the year, as ground conditions often improve and location access becomes available; however, a rainy summer can have a significant adverse effect on drilling activity.

By the fourth quarter, access to most areas in Canada becomes available when the ground freezes. Consequently, the performance of the Company may not be comparable quarter to consecutive quarter, but should be considered on the basis of results for the whole year, or by comparing results in a quarter with results in the corresponding quarter for the previous year.

7. Investments

As at September 30, 2025, investments are comprised of the Company's 50% interest in Rawabi Pason Company ("Rawabi JV"). Rawabi JV is a provider of specialized data management systems for drilling rigs in the Kingdom of Saudi Arabia.

8. Obligation Under Put Option

The put obligation is a contractual obligation whereby the non-controlling shareholders of ETB have a put option to exercise for cash their 20% shareholdings of ETB starting in 2023 with reference to the fair value of ETB shares at the date the put option can be exercised. This put option gives rise to a financial liability and is calculated using a discounted cash flow model of the estimated future cash flows of the obligation.

9. Credit Facilities

As at September 30, 2025, the Company does not have any interest bearing debt outstanding, consistent with December 31, 2024. In connection with the IWS Acquisition effective January 1, 2024, Pason assumed outstanding debt on credit facilities and term loans held by IWS. In the first quarter of 2024, all assumed IWS outstanding debt balances were repaid and only one IWS credit facility remains in place: the ABL facility described below.

As at September 30, 2025, the Company has the following undrawn credit facilities in place:

Demand Facility

The Company has an undrawn \$5,000 demand revolving credit facility (the "Demand Facility"), which is unchanged from December 31, 2024.

Interest on the Demand Facility is payable monthly on amounts drawn and is based on either the lender's prime rate, US Base rate loans, Bankers' Acceptance rates, plus applicable margins. The Demand Facility is available to the Company for working capital purposes, and amounts drawn against it are recorded as long-term debt. The Company can repay, without penalty, advances under the facility. The Demand Facility is secured by a general security agreement on the assets of the Company, Pason Systems Corp., and Pason Systems USA Corp.

ABL Facility

The Company also has an undrawn asset based lending facility which was assumed through the IWS Acquisition (the "ABL Facility"). The ABL Facility allows the Company to borrow up to the lesser of \$10,000, and a calculated amount based on eligible accounts receivable and cash outstanding at each reporting period. As at September 30, 2025, the available balance on the ABL Facility is \$9,758.

Interest on the ABL Facility is payable monthly on amounts drawn and is based on the lender's prime rate plus applicable margins. The ABL Facility is available to the Company for working capital purposes, and amounts drawn against it are recorded as long-term debt. The Company can repay, without penalty, advances under the facility. The ABL facility is secured by a general security agreement on the assets of Intelligent Wellhead Systems Inc., Intelligent Wellhead Systems Corp and IWS USA Corp.

Performance share units plan

The Company has a PSU plan for Executive Officers of the Company. PSUs are awarded annually and the number of PSUs awarded shall be equal to one PSU for each \$1.00 of grant value determined by the Board of Directors on such date. PSUs awarded vest at the end of the third anniversary date. Upon vesting, PSUs entitle the holder to receive a cash payment calculated based upon the number of PSUs vested and a multiplier which is based on the achievement of certain performance measures and objectives specified by the Board of Directors. The applicable multiplier can range from zero percent to 200 percent.

The Company's outstanding PSUs can be summarized as follows:

	Nine Months Ended September 30, 2025	Twelve Months Ended December 31, 2024
	(#)	(#)

13. Other (Income) Expenses

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2025	2024	2025	2024
	(\$)	(\$)	(\$)	(\$)
Gain on previously held equity interest	—	—	—	(50,830)

Other expenses	1,128	2,789	3,355	4,812
Total other (income) expenses	3,839	508	2,935	(51,178)

Gain on previously held equity interest results from the Company obtaining control over IWS effective January 1, 2024 where the Company's previously held equity investment associated with IWS was remeasured to fair value, resulting in a gain of \$50,830 on the derecognition of the \$31,745 carrying value of this investment.

Net interest income is primarily comprised of interest generated from the Company's invested cash and cash equivalents and will fluctuate as average cash balances and available yields fluctuate. Net interest income also includes implicit interest expense on the Company's lease liabilities.

Other expenses include transaction costs incurred on the common share acquisition of IWS, legal expenses incurred in connection with the Company's ongoing intellectual property litigation, as well as non-recurring severance related costs.

The equity investment income results from the Company using the equity method of accounting to account for its investment in the Pason-Rawabi joint venture.

Foreign exchange gain represents net realized and unrealized foreign exchange gains and losses on the Company's cash and cash equivalents, and working capital held in foreign currencies.

14. Income Per Share

Basic income per share

The calculation of basic income per share is based on the following weighted average number of common shares:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2025	2024	2025	2024
	(#)	(#)	(#)	(#)
Issued common shares outstanding, beginning	78,208,721	79,639,076	79,426,065	79,685,025
Effect of NCIB and exercised options	(125,470)	(13,475)	(729,395)	(98,263)
Weighted average number of common shares (basic)	78,083,251	79,625,601	78,696,670	79,586,762

Diluted income per share

The calculation of diluted income per share is based on a weighted average number of common shares outstanding after adjustment for the effects of all potential dilutive common shares calculated as follows:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2025	2024	2025	2024
	(#)	(#)	(#)	(#)
Weighted average number of common shares (basic)	78,083,251	79,625,601	78,696,670	79,586,762
Effect of share options	56,160	69,089	69,259	85,052
Weighted average number of common shares (diluted)	78,139,411	79,694,690	78,765,929	79,671,814

For the three month period ended September 30, 2025, 2,185,738 (third quarter of 2024 - 621,614) options are excluded from the above calculation as their effect would have been anti-dilutive. The average market value of the Company's shares for purposes of calculating the dilutive effect of share options was based on quoted market prices during the period.

15. Commitments & Contingencies

The Company is involved in litigation and disputes arising in the normal course of business. Management regularly evaluates the likelihood of potential liabilities being incurred and the amounts of such liabilities after careful examination of available information and discussions with its legal advisors.

In May of 2023, a competitor filed a patent infringement lawsuit against IWS in the District of Colorado alleging IWS' infringement of two patents relating to certain aspects of continuous hydraulic fracturing. Given the stage of the lawsuit, management is not currently able to estimate the

extent of potential costs and losses related to this claim, if any. Consequently, no provision has been recorded in the Company's Condensed Consolidated Interim Financial Statements related to this litigation. The Company does not currently believe the outcome of any pending or threatened proceedings related to this patent litigation is probable to result in IWS being required to pay any amounts which would have a material adverse impact on its financial position, results of operations, or liquidity.

16. Approval of Financial Statements

These unaudited Condensed Consolidated Interim Financial Statements were approved by the Board of Directors on November 6, 2025.

17. Events After the Reporting Period

On November 6, 2025, the Company declared a quarterly dividend of \$0.13 per share on the Company's common shares. The dividend will be paid on December 31, 2025 to shareholders of record at the close of business on December 17, 2025.
