Northern Dynasty Minerals Ltd.

Notes to the Condensed Consolidated Interim Financial Statements

For the three and six months ended June 30, 2021 and 2020

(Unaudited - Expressed in thousands of Canadian Dollars, unless otherwise stated, except per share, option or warrant)

1. NATURE AND CONTINUANCE OF OPERATIONS

Northern Dynasty Minerals Ltd. (the "Company") is incorporated under the laws of the Province of British Columbia, Canada, and its principal business activity is the exploration of mineral properties. The Company is listed on the Toronto Stock Exchange ("TSX") under the symbol "NDM" and on the NYSE American Exchange ("NYSE American") under the symbol "NAK". The Company's corporate office is located at 1040 West Georgia Street, 14th floor, Vancouver, British Columbia.

The condensed consolidated interim financial statements ("Financial Statements") of the Company as at and for the three and six months ended June 30, 2021, include financial information for the Company and its subsidiaries (together referred to as the "Group" and individually as "Group entities"). The Company is the ultimate parent. The Group's core mineral property interest is the Pebble Copper-Gold-Molybdenum-Silver-Rhenium Project (the "Pebble Project") located in Alaska, United States of America ("USA" or "US"). All US dollar amounts when presented are denoted US\$ and expressed in thousands, unless otherwise stated.

The Group is in the process of exploring and developing the Pebble Project and has not yet determined whether the Pebble Project contains mineral reserves that are economically recoverable. The Group's continuing operations and the underlying value and recoverability of the amounts shown for the Group's mineral property interests is entirely dependent upon the existence of economically recoverable mineral reserves; the ability of the Group to obtain financing to complete the exploration and development of the Pebble Project; the Group obtaining the necessary permits to mine; and future profitable production or proceeds from the disposition of the Pebble Project.

During the six months ended June 30, 2021, the Company received cash proceeds of \$11,008 from the exercise of share purchase options and warrants (notes 6(a), (c), and (d)).

As of June 30, 2021, the Group had \$37,076 (December 31, 2020 – \$42,460) in cash and cash equivalents for its operating requirements and working capital of \$31,784 (December 31, 2020 – \$36,526). These Financial Statements have been prepared on the basis of a going concern, which assumes that the Group will be able to raise sufficient funds to continue its exploration and development activities and satisfy its obligations as they come due. During the three and six months ended June 30, 2021, and 2020, the Group incurred a net loss of \$18,743 and \$25,171, respectively, and had a deficit of \$638,721 as of June 30, 2021. The Group has prioritized the allocation of its financial resources to meet key corporate and Pebble Project expenditure requirements in the near term, including the funding of the appeal of the Record of Decision (the "ROD") (discussed below) and class action litigation (note 14(a)). Additional financing will be needed to progress any material expenditures at the Pebble Project and for working capital. Additional financing may include any of or a combination of debt, equity and/or contributions from possible new Pebble Project participants. The Group entered into an At-the-Market Offering Agreement in June 2021, whereby the Group will be entitled at its sole discretion, to sell through the agent, up to US\$14.5 million in common shares during the term of the At-the-Market Offering Agreement (note 6(b)). There can be no assurances that the Group will be successful in obtaining additional financing when required. If the Group is unable to raise the necessary capital resources and generate sufficient cash flows to meet obligations as they come due, the Group may, at some point, consider reducing or curtailing its operations. As such, there is material uncertainty that raises substantial doubt about the Group's ability to continue as a going concern.

These Financial Statements do not reflect adjustments to the carrying values and classification of assets and liabilities that might be necessary should the Company be unable to continue as a going concern, and such adjustments could be material.

The Group, through the Pebble Limited Partnership ("Pebble Partnership"), initiated federal and state permitting for the Pebble Project under the National Environmental Protection Act ("NEPA") by filing documentation for a Clean Water Act ("CWA") 404 permit with the US Army Corps of Engineers ("USACE") in December 2017. The USACE published a draft Environmental Impact Statement ("EIS") in February 2019 and completed a 120-day

public comment period thereon on July 2, 2019. In late July 2019, the US Environmental Protection Agency ("EPA") withdrew a Proposed Determination initiated under Section 404(c) of the CWA in 2014, which attempted to pre-emptively veto the Pebble Project before it received an objective, scientific regulatory review under NEPA. On July 24, 2020, the USACE published the final EIS. On November 25, 2020, the USACE issued a ROD rejecting the Pebble Partnership's permit application, finding concerns with the proposed compensatory mitigation plan and determining the project would be contrary to the public interest. The ROD rejected the compensatory mitigation plan as "noncompliant" and determined the project would cause "significant degradation" and was contrary to the public interest. Based on this finding, the USACE rejected Pebble Partnership's permit application under the CWA. On January 19, 2021, the Pebble Partnership submitted its request for appeal of the ROD with the USACE (the "RFA"). On February 24, 2021, the USACE notified the Pebble Partnership that the RFA is "complete and meets the criteria for appeal". The USACE has indicated that due to the complexity of issues and volume of materials associated with the Pebble Project case, the appeal process will likely take additional time to conclude beyond the federal guidelines of 90 days. On June 1, 2021, the Group announced that the USACE had completed the 'administrative record' which will serve as a basis for its official review of the ROD and that the USACE will be naming a new Review Officer ("RO") to lead the review process. The Group was informed in August 2021, that a RO had been appointed.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) *Statement of Compliance*

These Financial Statements have been prepared in accordance with IAS 34, *Interim Financial Reporting*, as issued by the International Accounting Standards Board ("IASB") and interpretations issued by the IFRS Interpretations Committee ("IFRIC"s). They do not include all of the information required by IFRS for complete annual financial statements, and should be read in conjunction with the Group's consolidated financial statements as at and for the year ended December 31, 2020 ("2020 annual financial statements").

These Financial Statements were authorized for issue by the Audit and Risk Committee on August 12, 2021.

(b) *Use of Judgments and Estimates*

In preparing these Financial Statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

There was no change in the use of significant estimates and judgments during the current period as compared to those described in Note 2 in the 2020 annual financial statements, other than as follows:

Critical accounting judgments

Mineral Property Interest

The Group used judgement in concluding that no impairment indicators exist in relation to the Pebble Project, notwithstanding the receipt of the ROD denial of the permit for the Pebble Project, which would be considered an indicator under IFRS 6, *Exploration for and Evaluation of Mineral Resources*, for testing for impairment. Key to the Group's judgement conclusion is that it has submitted an administrative appeal with the USACE, which has been accepted as complete and which is currently running its course, the Group will be pursuing other options available to it, and that as at June 30, 2021, and the date the Financial Statements were authorized for issuance, the Company's market capitalization exceeded the carrying value of the Pebble Project and the Group's net asset value.

For the three and six months ended June 30, 2021 and 2020

(Unaudited - Expressed in thousands of Canadian Dollars, unless otherwise stated, except per share, option or warrant)

Going Concern

The Group has employed judgement that going concern was an appropriate basis for the preparation of the Financial Statements, as the Group considered existing financial resources are able to meet key corporate and Pebble Project expenditure requirements for at least the next twelve months (note 1).

(c) Recent Accounting Pronouncements

Amendments to IAS 16, Property, Plant and Equipment

The amendments clarify the accounting for the net proceeds from selling any items produced while bringing an item of property, plant and equipment ("PPE") to the location and condition necessary for it to be capable of operating in the manner intended by management. The amendments prohibit entities from deducting amounts received from selling items produced from the cost of PPE while the Group is preparing the asset for its intended use. Instead, sales proceeds and the cost of producing these items will be recognized in profit or loss. The amendments are effective for annual reporting periods beginning on or after January 1, 2022, with earlier application permitted. The amendments apply retrospectively, but only to assets brought to the location and condition necessary for them to be capable of operating in the manner intended by management on or after the beginning of the earliest period presented in the financial statements in which the Group first applies the amendments. The Group has determined that there should be no impact on the Group's financial statements on adoption of these amendments.

5. CASH AND CASH EQUIVALENTS AND RESTRICTED CASH

(a) *Cash and cash equivalents*

The Group's cash and cash equivalents at June 30, 2021 and December 31, 2020, consisted of cash on hand and was invested in business and savings accounts.

Supplementary cash flow information

Non-cash investing and financing activities:

As at June 30, 2021, the cheque proceeds for the issuance of 450,000 (2020 – 345,180) common shares amounting to \$221 (2020 – \$258) was deposited subsequent to June 30, 2021.

(b) *Restricted cash*

The Group has cash deposited with a United States financial institution that has been pledged as collateral to the surety provider for a US\$2,000 surety bond that was placed with the Alaskan regulatory authorities for a performance guarantee related to any potential reclamation liability as a condition of the Miscellaneous Land Use Permit granted to the Pebble Partnership for its ongoing activities on the Pebble Project. The cash deposit will be released once any reclamation work required has been performed and assessed by the Alaskan regulatory authorities. The cash is invested in a money market fund. For the three and six months ended June 30, 2021, nominal income was recognized (2020 – nominal income and \$2 respectively), which has been re-invested.

6. CAPITAL AND RESERVES

(a) *Authorized Share Capital*

At June 30, 2021 and 2020, authorized share capital comprised of an unlimited number of common shares ("shares") with no par value. At June 30, 2021, 527,083,983 (2020 – 467,718,939) shares were issued and fully paid. Proceeds for 450,000 (2020 – 345,180) of the issued shares were deposited after the reporting period (note 5(a)).

(b) *Financings*

June 2020

At-The-Market Offering

In June 2021, the Group entered into an At-the-Market Offering Agreement (the "ATM Agreement") with H.C. Wainwright & Co. (the "Agent"). Under the ATM Agreement, the Group will be entitled, at its discretion and from time-to-time during the term of the ATM Agreement, to sell, through the Agent, as sales agent, shares of the Company having an aggregate gross sales price of up to US\$14.5 million (the "ATM Facility"). Sales of the shares will be made directly on the NYSE American or on any other existing trading market in the US. No offers or sales of shares will be made in Canada, on the TSX, or other trading markets in Canada.

The Group will determine, at its sole discretion, the date, price and number of shares to be sold under the ATM Facility. The shares will be distributed at market prices or prices related to prevailing market prices from time to time. The Group is not required to sell any shares at any time during the term of the ATM Facility, and there are no fees for having established the ATM Facility. The ATM Agreement does not restrict the Group from conducting other financings. As at June 30, 2021, the Group has not issued any shares under the ATM Facility.

7. WARRANT LIABILITIES

The Group issued warrants with a US dollar exercise price to the underwriters pursuant to the June 2019 prospectus financing, which were treated as cash-settled warrant liabilities. Accordingly, they were recognized at fair value on date of issue as a financing cost with subsequent changes in fair value being recognized in loss. For the six months ended June 30, 2020, the Group recognized a loss of \$204 on the revaluation of the warrant liabilities. The warrants were fully exercised in the year ended December 31, 2020.

8. LOANS PAYABLE

In November 2019 and January 2020, the Group received \$2,317 and \$183 in loans respectively, pursuant to an unsecured non-revolving term loan credit facility agreement (the "Credit Facility") with a syndicate of lenders (the "Lenders"), two of whom are related parties. The loans earned interest at 10% per annum, payable on repayment of the loans. In January 2020 and February 2020, the loans including accrued interest to the date of repayment, were repaid to the Lenders. For the three and six months ended June 30, 2020, finance expenses included interest paid of \$nil and \$9 respectively, of which \$nil and \$5 respectively, was paid to the two related parties.

As consideration for entering into the Credit Facility, the Group issued to the Lenders, on a pro rata basis, 466,666 share purchase warrants, of which 153,333 warrants were issued to the two related parties, each warrant exercisable for one share at the exercise price of \$0.75 per share until December 2, 2021. At June 30, 2021, 199,999 (December 31, 2020 - 266,666) warrants were outstanding and are included in other warrants (note6(c)).

(b) Transactions and Balances with other Related Parties

HDSI is a private company that provides geological, engineering, environmental, corporate development, financial, administrative and management services to the Group and its subsidiaries at annually set rates pursuant to a management services agreement. The annually set rates also include a component of overhead costs such as office rent, information technology services and general administrative support services. HDSI also incurs third party costs on behalf of the Group, which are reimbursed by the Group at cost. Several directors and other key management personnel of HDSI, who are close business associates, are also key management personnel of the Group.

For the three and six months ended June 30, 2021 and 2020, transactions with HDSI were as follows:

13. BASIC AND DILUTED LOSS PER SHARE

The calculation of basic and diluted loss per share for the three and six months ended June 30, 2021 and 2020 was based on the following:

	Three months		Six months	
	2021	2020	2021	2020
Loss attributable to shareholders	\$ 9,224	\$ 14,456	\$ 18,743	\$ 25,171
Weighted average number of shares outstanding (000s)	516,077	451,788	513,681	442,900

For the three and six months ended June 30, 2021 and 2020, basic and diluted loss per share does not include the effect of employee share purchase options outstanding (2021 - 24,842,500, 2020 - 24,179,366), non-employee share purchase options and warrants (2021 - 331,599, 2020 - 26,968,548) and DSUs (2021 - 458,129, 2020 - 458,129), as they were anti-dilutive.

14. FINANCIAL RISK MANAGEMENT

The Group is exposed in varying degrees to a variety of financial instrument related risks. The Board approves and monitors the risk management processes, inclusive of documented investment policies, counterparty limits, and controlling and reporting structures. The type of risk exposure and the way in which such exposure is managed is provided as follows:

Northern Dynasty Minerals Ltd.

Notes to the Condensed Consolidated Interim Financial Statements

For the three and six months ended June 30, 2021 and 2020

(Unaudited - Expressed in thousands of Canadian Dollars, unless otherwise stated, except per share, option or warrant)

(a) Credit Risk

Credit risk is the risk of potential loss to the Group if a counterparty to a financial instrument fails to meet its contractual obligations. The Group's credit risk is primarily attributable to its liquid financial assets, including cash and cash equivalents, restricted cash and amounts receivable. The Group limits the exposure to credit risk by only investing its cash and cash equivalents and restricted cash with high-credit quality financial institutions in business and saving accounts, guaranteed investment certificates, in government treasury bills, low risk corporate bonds and money market funds which are available on demand by the Group when required. Amounts receivable in the table below exclude receivable balances with government agencies (note 4). The Group's maximum exposure was as follows:

Exposure	June 30 2021	December 31 2020
Amounts receivable	\$ 363	\$ 587
Restricted cash	770	791
Cash and cash equivalents	37,076	42,460
Total exposure	\$ 38,209	\$ 43,838

(b) Liquidity Risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations when they become due. The Group ensures, as far as reasonably possible, it will have sufficient capital in order to meet short to medium term business requirements, after taking into account cash flows from operations and the Group's holdings of cash and cash equivalents and restricted cash, where applicable. However, the Group has noted material uncertainty that raises substantial doubt about the Group's ability to continue as a going concern notwithstanding the Group having positive working capital (note 1) and that it has been successful in the past in raising funds when needed, as demands on its cash resources may exceed existing resources. The Group's cash and cash equivalents at the reporting date were invested in business and savings accounts (note 5(a)).

The Group's financial liabilities are comprised of current trade and other payables (note 10) and payables to related parties (note 9), which are due for payment within 12 months from the reporting date, and non-current trade payables, which are due for payment more than 12 months from the reporting date. The carrying amounts of the Group's financial liabilities represent the Group's contractual obligations.

(c) Foreign Exchange Risk

The Company is subject to both currency transaction risk and currency translation risk: the Pebble Partnership, Pebble Services Inc. and U5 Resources Inc. have the US dollar as functional currency, and certain of the Company's corporate expenses are incurred in US dollars. The operating results and financial position of the Group are reported in Canadian dollars in the Group's consolidated financial statements. As a result, the fluctuation of the US dollar in relation to the Canadian dollar will have an impact upon the losses incurred by the Group as well as the value of the Group's assets and the amount of shareholders' equity. The Group has not entered into any agreements or purchased any instruments to hedge possible currency risks.

The exposure of the Group's US dollar-denominated financial assets and liabilities to foreign exchange risk was as follows:

Northern Dynasty Minerals Ltd.

Notes to the Condensed Consolidated Interim Financial Statements

For the three and six months ended June 30, 2021 and 2020

(Unaudited - Expressed in thousands of Canadian Dollars, unless otherwise stated, except per share, option or warrant)

	June 30 2021	December 31 2020
Financial assets:		
Amounts receivable	\$ 179	\$ 649
Cash and cash equivalents and restricted cash	10,821	23,624
	11,000	24,273
Financial liabilities:		
Non-current trade payables	(402)	(657)
Current trade and other payables	(4,414)	(6,170)
Payables to related parties	(148)	(650)
	(4,964)	(7,477)
Net financial assets exposed to foreign currency risk	\$ 6,036	\$ 16,796

Based on the above net exposures and assuming that all other variables remain constant, a 10% change in the value of the Canadian dollar relative to the US dollar would result in a gain or loss of \$604 (December 31, 2020 – \$1,680) in the reported period. This sensitivity analysis includes only outstanding foreign currency denominated monetary items.

(d) *Interest Rate Risk*

The Group is subject to interest rate cash flow risk with respect to its investments in cash and cash equivalents. The Group's policy is to invest cash at fixed rates of interest and cash reserves are to be maintained in cash and cash equivalents or short-term low risk investments in order to maintain liquidity, while achieving a satisfactory return for shareholders. Fluctuations in interest rates when cash and cash equivalents mature impact interest income earned.

Assuming that all other variables remain constant, a 100 basis points change representing a 1% increase or decrease in interest rates would have resulted in a decrease or increase in loss of \$197 (2020 – \$72).

(e) *Capital Management*

The Group's policy is to maintain a strong capital base to maintain investor and creditor confidence and to sustain future development of the business. The capital structure of the Group consists of equity, comprising share capital and reserves, net of accumulated deficit. There were no changes in the Group's approach to capital management during the period. The Group is not subject to any externally imposed capital requirements.

(f) *Fair Value*

The fair value of the Group's financial assets and liabilities approximates the carrying amount.

Financial instruments measured at fair value are classified into one of three levels in the fair value hierarchy according to the relative reliability of the inputs used to estimate the fair values. The three levels of the fair value hierarchy are:

- Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities;
- Level 2 – Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly; and
- Level 3 – Inputs that are not based on observable market data.

The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. Fair value measurements, which are determined by using valuation techniques, are classified in their entirety as either Level 2 or Level 3 based on the lowest level input that is significant to the measurement.

The fair value measurement of the warrant liabilities until their exercise in 2020 (note 7) was categorized within Level 2 of the hierarchy as it was exposed to market risk as they employed the quoted market price of shares and foreign exchange rates.

(a) Legal Proceedings

Class Action Litigation Relating to the USACE's Record of Decision

On December 4 and December 17, 2020, separate putative shareholder class action lawsuits were filed against the Company and certain of its current and former officers and directors in the U.S. District Court for the Eastern District of New York (Brooklyn) regarding the drop in the price of the Company's stock following the ROD by the USACE regarding the Pebble Project. These cases are captioned *Darish v. Northern Dynasty Minerals Ltd. et al.*, Case No. 1:20-cv-05917-ENV-RLM, and *Hymowitz v. Northern Dynasty Minerals Ltd. et al.*, Case No. 1:20-cv-06126-PKC-RLM. Each of the complaints was filed on behalf of a purported class of investors who purchased shares of the Company's stock from December 21, 2017, through November 25, 2020, the date the USACE announced its decision, and seeks damages allegedly caused by violations of the federal securities laws. On March 17, 2021, the two cases were consolidated and a lead plaintiff and counsel were appointed. A consolidated and amended complaint was filed in June 2021, naming the Company's CEO and the Pebble Partnership's former CEO as defendants. The Company intends to defend itself vigorously against this action.

On December 3, 2020, a putative shareholder class action lawsuit was filed against the Company, certain of its current and former officers and directors, and one of its underwriters in the Supreme Court of British Columbia regarding the decrease in the price of the Company's stock following the USACE's November 25, 2020, decision regarding the Pebble Project. The case is captioned *Haddad v. Northern Dynasty Minerals Ltd. et al.*, Case No. VLC-S-S-2012849. The claim was filed on behalf of a purported class of investors, wherever they may reside, who acquired common shares of the Company's stock between December 21, 2017, and November 25, 2020, and seeks damages for (i) alleged misrepresentations in the Company's primary market offering documents and continuous disclosure documents, and (ii) its allegedly oppressive conduct. The Company has been served the claim and intends to defend itself vigorously. The underwriter has asserted contractual rights of indemnification against the Company for any loss that the underwriter may incur in connection with the lawsuit.

On February 17, 2021, a putative shareholder class action lawsuit was filed against the Company, certain of its current and former officers and directors, and certain of its underwriters in the Supreme Court of British Columbia regarding the decrease in the price of the Company's stock following (i) the USACE's August 24, 2020 announcement that the Pebble Project could not be permitted as proposed, and (ii) the USACE's November 25, 2020 decision regarding the Pebble Project. The case is captioned *Woo v. Northern Dynasty Minerals Ltd. et al.*, Case No. VLC-S-S-211530. The claim was filed on behalf of a purported class of investors, wherever they may reside, who purchased securities of the Company between June 25, 2020 and November 25, 2020, and seeks damages for (i) alleged misrepresentations in the Company's primary market offering documents and continuous disclosure documents, (ii) allegedly oppressive conduct, (iii) alleged unjust enrichment, and (iv) negligence. The Company has been served and intends to defend itself vigorously. The underwriters have asserted contractual rights of indemnification against the Company for any loss that they may incur in connection with the lawsuit.

On March 5, 2021, a putative shareholder class action lawsuit was filed against the Company, certain of its current and former officers and directors, and certain of its underwriters in the Ontario Superior Court of Justice regarding the decrease in the price of the Company's stock following the USACE's November 25, 2020 decision regarding the Pebble Project. The case is captioned *Pirzada v. Northern Dynasty Minerals Ltd. et al.*, Case No. CV-21-00658284-00CP. The claim was filed on behalf of a purported class of investors, wherever they may reside, who acquired securities of the Company between June 25, 2020 and November 25, 2020, and seeks damages for (i) alleged

misrepresentations in the Company's primary market offering documents and continuous disclosure documents, (ii) allegedly oppressive conduct, and (iii) alleged negligence. The Company has not been served and intends to defend itself vigorously. The underwriters have asserted contractual rights of indemnification against the Company for any loss that they may incur in connection with the lawsuit.

Given the nature of the claims, it is not currently possible for the Company to predict the outcome nor practical to determine their possible financial effect.

Grand Jury Subpoena

On February 5, 2021, the Company announced that the Pebble Partnership and its former CEO, have each been served with a subpoena issued by the United States Attorney's Office for the District of Alaska to produce documents in connection with a grand jury investigation apparently involving previously disclosed recordings of private conversations regarding the Pebble Project. The Company and the Pebble Partnership are cooperating with the investigation. The Company is not aware of any civil or criminal charges having been filed against any entity or individual in this matter. The Company also self-reported this matter to the US Securities and Exchange Commission ("SEC"), and there is a related informal inquiry being conducted by the enforcement staff of the SEC's San Francisco Regional Office.

Indemnification Obligations

The Company is subject to certain indemnification obligations to both present and former officers and directors, including the Pebble Partnership's former CEO, in respect to the legal proceedings described above. These indemnification obligations will be subject to limitations prescribed by law and the articles of the Company, and may also be subject to contractual limitations.

(b) Short-term Lease Commitments

As of June 30, 2021, the Group has \$124 in short-term lease commitments. These leases have fixed monthly payments for the remaining term.

(c) Pipeline Right-of-Way Bond Commitment

The Group has a bond of US\$300 with the Alaskan regulatory authorities for a performance guarantee related to any potential reclamation liability as a condition for a pipeline right-of-way to a subsidiary of the Pebble Partnership, the Pebble Pipeline Corporation. The Group is liable to the surety provider for any funds drawn by the Alaskan regulatory authorities.

(d) Pebble Performance Dividend Commitment

The Group has a future commitment beginning at the outset of project construction at the Pebble Project to distribute cash generated from a 3% net profits royalty interest in the Pebble Project to adult residents of Bristol Bay villages that have subscribed as participants, with a guaranteed minimum aggregate annual payment of US\$3,000 each year the Pebble mine operates.

(e) Office Use Commitment

In April 2021, the Company signed an office use agreement with HDSI (note 9(b)) for a total undiscounted commitment of \$479 over five years commencing May 1, 2021 and ending April 29, 2026. This commitment is a flow through cost at market rates. The following table summarizes the commitment schedule:

	Total
Less than one year	\$ 95
One to five years	384
Total	\$ 479
