THE COMPANY

MCAN is a Loan Company (as defined in the Trust Act), and also qualifies as a mortgage investment corporation ("MIC") under the *Income Tax Act* (Canada) (the "Tax Act"). MCAN is listed on the TSX under the symbol "MKP".

Our objective is to generate a reliable stream of income by investing in a diversified portfolio of Canadian mortgages, including single family residential, residential construction, non-residential construction and commercial loans, as well as other types of securities, loans and real estate investments, including our investment in MCAP Commercial LP. We employ leverage by issuing term deposits that are eligible for Canada Deposit Insurance Corporation ("CDIC") deposit insurance and are sourced through a network of independent financial agents. We manage our capital and asset balances based on the regulations and limits of the Trust Act, the Tax Act and the Office of the Superintendent of Financial Institutions ("OSFI").

As a MIC, we are entitled to deduct the dividends that we pay to shareholders from our taxable income. Regular dividends are treated as interest income to shareholders for income tax purposes. We are also able to pay capital gains dividends, which would be treated as capital gains to shareholders for income tax purposes. Dividends paid to

foreign investors may be subject to withholding taxes. To meet the MIC criteria, 67% of our non-consolidated assets measured on a tax basis are required to be held in cash or cash equivalents and residential mortgages.

MCAN's wholly-owned subsidiary, XMC Mortgage Corporation, is an originator of single family residential mortgage products across Canada.

We separate our assets into corporate and securitization portfolios for reporting purposes. Corporate assets represent our core strategic investments. Securitization assets consist of mortgages securitized through the market mortgage backed securities and Canada Mortgage Bonds programs.

Term Deposits

MCAN is a federally regulated deposit taking institution. We issue term deposits that are eligible for CDIC deposit insurance. We source term deposits through a broker distribution network across Canada consisting of third party deposit agents and financial advisors. We believe that our term deposits provide a reliable low-cost funding source that can be strategically matched against the corporate mortgage portfolio.

Competitive Conditions

MCAN's products compete with products offered by chartered banks, loan companies, trust companies, credit unions and other financial institutions and intermediaries in Canada.

Seasonality

Mortgage origination levels in single family, construction and commercial are correlated with patterns in the Canadian real estate markets.

Supervision and Regulation

The activities of the Company are governed by the Trust Act and are supervised by OSFI. OSFI examines the affairs and business of each federally regulated financial institution to ensure compliance with regulations and to ensure each deposit taking institution is in sound financial condition. OSFI is responsible to the Minister of Finance for the administration of the Trust Act. OSFI's report of the examination of each federally regulated financial institution is submitted to the Minister of Finance.

The Company is also subject to regulation by CDIC, which insures certain deposits held at member institutions, and by the Financial Consumer Agency of Canada ("FCAC"). The FCAC is responsible for enforcing consumer related provisions of the federal statutes that govern financial institutions, including the Trust Act and its regulations. The Company is also subject to oversight by the Financial Transaction and Reports Analysis Centre of Canada, who, as Canada's financial intelligence unit, administers the *Proceeds of Crime (Money Laundering) and Terrorist Financing Act* and its regulations. These regulations apply to all federally regulated financial institutions in Canada and set out the expectations and obligations related to detecting and deterring money laundering and the financing of terrorist activities.

Additionally, the activities of the Company are regulated under provincial laws in those provinces where it and its subsidiaries operate.

RECENT DEVELOPMENTS

There have been no material developments in the business of the Company since June 30, 2021, the date of the Interim Financial Statements, which have not been disclosed in this Prospectus or the documents incorporated by reference herein.

CONSOLIDATED CAPITALIZATION

Since June 30, 2021, the date of the Interim Financial Statements, there have been no material changes to the Company's share and loan capitalization on a consolidated basis. The applicable Prospectus Supplement will

The applicable Prospectus Supplement will include details of the warrant agreements, if any, governing the Warrants being offered. - if a selling securityholder acquired the Securities held by it in the 12 months preceding the date of the applicable Prospectus Supplement, the cost thereof to the selling securityholder in the aggregate and on an average per security basis.

PLAN OF DISTRIBUTION

The Company and/or any selling securityholder may from time to time during the 25-month period that this Prospectus, including any amendments hereto, remains valid offer for sale and issue up to an aggregate of \$400,000,000 in Securities hereunder. The Company and/or any selling securityholders may offer and sell the Securities to or through underwriters, agents, or dealers purchasing as principals, and may also sell directly to one or more purchasers or through agents or pursuant to applicable statutory exemptions.

The Prospectus Supplement relating to a particular offering of Securities will identify each underwriter, dealer or agent, as the case may be, engaged by the Company and/or any selling securityholder in connection with the offering and sale of the Securities, and will set forth the terms of the offering of such Securities, including, to the extent applicable, any fees, discounts or any other compensation payable to underwriters, dealers or agents in connection with the offering, the method of distribution of the Securities, the initial issue price, the proceeds that the Company and/or any selling securityholder will receive and any other material terms of the plan of distribution. Any initial offering price and discounts, concessions or commissions allowed or re-allowed or paid to dealers may be changed from time to time.

The Securities may be sold from time to time in one or more transactions at a fixed price or prices or at prices which may be changed or at market prices prevailing at the time of sale, at prices related to such prevailing prices or at negotiated prices, including sales in transactions that are deemed to be “at-the-market distributions” as defined in NI 44-102, including sales made directly on the TSX or other existing trading markets for the Securities. Any such transactions that are deemed “at-the-market-distributions” will be subject to regulatory approval. No underwriter, dealer or agent, no affiliate of such an underwriter, dealer or agent and no person acting jointly or in concert with such an underwriter, dealer or agent involved in an “at-the-market distribution” will over-allot Securities in connection with such distribution or effect any other transactions that are intended to stabilize or maintain the market price of the Securities.

The price at which the Securities will be offered and sold may vary from purchaser to purchaser and during the period of distribution.

In connection with the sale of the Securities, underwriters, dealers or agents may receive compensation, including in the form of underwriters’, dealers’ or agents’ fees, commissions or concessions. Underwriters, dealers and agents that participate in the distribution of the Securities may be deemed to be underwriters for the purposes of applicable Canadian securities legislation and any such compensation received by them from the Company and/or any selling securityholder and any profit on the resale of the Securities by them may be deemed to be underwriting commissions. In connection with any offering of Securities, except as otherwise set out in a Prospectus Supplement relating to a particular offering of Securities and other than in relation to an “at-the-market” distribution, the underwriters, dealers or agents, as the case may be, may over-allot or effect transactions intended to fix, stabilize, maintain or otherwise affect the market price of the Securities at a level other than those which otherwise might prevail on the open market. Such transactions may be commenced, interrupted or discontinued at any time.

Underwriters, dealers or agents who participate in the distribution of the Securities may be entitled, under agreements to be entered into with the Company and/or any selling securityholders, to indemnification by the Company and/or any selling securityholders against certain liabilities, including liabilities under Canadian securities legislation or to contribution with respect to payments which such underwriters, dealers or agents may be required to

make in respect thereof. Such underwriters, dealers and agents may be customers of, engage in transactions with, or perform services for, the Company and/or any selling securityholders in the ordinary course of business.

Unless otherwise specified in the applicable Prospectus Supplement, each series or issue of Securities (other than Common Shares) will be a new issue of Securities with no established trading market. Accordingly, there is currently no market through which the Securities (other than Common Shares) may be sold and purchasers may not be able to resell such Securities purchased under this Prospectus and the applicable Prospectus Supplement. This may affect the pricing of such Securities in the secondary market, the transparency and availability of trading prices, the liquidity of such Securities and the extent of issuer regulation. See “*Risk Factors*”.

The Securities have not been and will not be registered under the *United States Securities Act of 1933*, as amended (the “**U.S. Securities Act**”) or any state securities laws. Accordingly, the Securities may not be offered, sold or delivered within the United States, and each underwriter or agent for any offering of Securities will agree that it will not offer, sell or deliver the Securities within the United States, except pursuant an exemption from the registration requirements of the U.S. Securities Act provided by Rule 144A thereunder (“**Rule 144A**”) and in compliance with applicable state securities laws. In addition, until 40 days after the commencement of the offering of Securities, any offer or sale of such Securities within the United States by a dealer (whether or not participating in the offering) may violate the registration requirements of the U.S. Securities Act if such offer or sale is made otherwise than in accordance with Rule 144A.

This Prospectus does not constitute an offer to sell or a solicitation of an offer to buy the Securities in the United States or to, or for the account or benefit of, U.S. persons

EARNINGS COVERAGE RATIOS

CERTAIN INCOME TAX CONSIDERATIONS

The applicable Prospectus Supplement may describe certain income tax consequences to an investor acquiring any Securities offered thereunder, including, for investors who are non-residents of Canada, whether the payments of principal, interest or distributions, if any, on the Securities will be subject to Canadian non-resident withholding tax.

Prospective investors should consult their own tax advisers prior to deciding to purchase any of the Securities.

RISK FACTORS

Before deciding to invest in any Securities, prospective investors of the Securities should consider carefully the risk factors and the other information contained and incorporated by reference in this Prospectus and the applicable Prospectus Supplement relating to a specific offering of Securities before purchasing the Securities, including those risks identified and discussed under the heading “Risk Governance and Management” in the Annual Information Form, which is incorporated by reference herein. See “Documents Incorporated by Reference”.

An investment in the Securities offered hereunder is speculative and involves a high degree of risk. Additional risks and uncertainties, including those that the Company is unaware of or that are currently deemed immaterial, may also become important factors that affect the Company and its business. If any such risks actually occur, the Company's business, financial condition and results of operations could be materially adversely affected. Prospective investors should carefully consider the risks below and in the Annual Information Form and the other information elsewhere in this Prospectus and the applicable Prospectus Supplement and consult with their professional advisers to assess any investment in the Company.

There is no guarantee that the Securities will earn any positive return in the short term or long term.

A holding of Securities is speculative and involves a high degree of risk and should be undertaken only by holders whose financial resources are sufficient to enable them to assume such risks and who have no need for immediate liquidity in their investment. A holding of Securities is appropriate only for holders who have the capacity to absorb a loss of some or all of their holdings.

Management of the Company will have broad discretion with respect to the application of net proceeds received by the Company from the sale of Securities under this Prospectus and a future Prospectus Supplement.

Management of the Company may spend net proceeds received by the Company from a sale of Securities in ways that do not improve the Company's results of operations or enhance the value of the Common Shares or its other securities issued and outstanding from time to time. Any failure by management to apply these funds effectively could result in financial losses that could have a material adverse effect on the Company's business or cause the price of the securities of the Company issued and outstanding from time to time to decline.

The Company may sell additional Common Shares or other Securities that are convertible or exchangeable into Common Shares in subsequent offerings or may issue additional Common Shares or other Securities to finance future acquisitions.

The Company cannot predict the size or nature of future sales or issuances of securities or the effect, if any, that such future sales and issuances will have on the market price of the Common Shares. Sales or issuances of substantial numbers of Common Shares or other Securities that are convertible or exchangeable into Common Shares, or the perception that such sales or issuances could occur, may adversely affect prevailing market prices of the Common Shares. With any additional sale or issuance of Common Shares or other Securities that are convertible or exchangeable into Common Shares, investors will suffer dilution to their voting power and economic interest in the Company. Furthermore, to the extent holders of the Company's stock options or other convertible securities convert or exercise their securities and sell the Common Shares they receive, the trading price of the Common Shares may decrease due to the additional amount of Common Shares available in the market.

The market price for the Common Shares may be volatile and subject to wide fluctuations in response to numerous factors, many of which are beyond the Company's control.

The factors which may contribute to market price fluctuations of the Common Shares include the following:

- actual or anticipated fluctuations in the Company's quarterly results of operations;
- recommendations by securities research analysts;
- changes in the economic performance or market valuations of companies in the industry in which the Company operates;
- addition or departure of the Company's executive officers and other key personnel;
- release or expiration of transfer restrictions on outstanding Common Shares;
- sales or perceived sales of additional Common Shares;

- operating and financial performance that vary from the expectations of management, securities analysts and investors;
- regulatory changes affecting the Company’s industry generally and its business and operations;
- announcements of developments and other material events by the Company or its competitors;
- fluctuations to the costs of vital production materials and services;
- changes in global financial markets and global economies and general market conditions, such as interest rates;
- significant acquisitions or business combinations, strategic partnerships, joint ventures or capital commitments by or involving the Company or its competitors;
- operating and share price performance of other companies that investors deem comparable to the Company or from a lack of market comparable companies; and
- news reports relating to trends, concerns, technological or competitive developments, regulatory changes and other related issues in the Company’s industry or target markets.

There is currently no market through which the Securities, other than the Common Shares, may be sold.

As a consequence, purchasers may not be able to resell the Preferred Shares, Debt Securities, Warrants, Subscription Receipts or Units purchased under this Prospectus and any Prospectus Supplement. This may affect the pricing of the Securities, other than the Common Shares, in the secondary market, the transparency and availability of trading prices, the liquidity of these securities and the extent of issuer regulation. There can be no assurance that an active trading market for the Securities, other than the Common Shares, will develop or, if developed, that any such market, including for the Common Shares, will be sustained.

Shareholders of the Company may be unable to sell significant quantities of Common Shares into the public trading markets without a significant reduction in the price of their Common Shares, or at all. There can be no assurance that there will be sufficient liquidity of the Common Shares on the trading markets, or that the Company will continue to meet the listing requirements of the TSX or any other public stock exchange.

The Debt Securities may be unsecured and will rank equally in right of payment with all of our other future unsecured debt.

The Debt Securities may be unsecured and will rank equally in right of payment with all of our other existing and future unsecured debt. The Debt Securities may be effectively subordinated to all of our existing and future secured debt to the extent of the assets securing such debt. If we are involved in any bankruptcy, dissolution, liquidation or reorganization, the secured debt holders would, to the extent of the value of the assets securing the secured debt, be paid before the holders of unsecured debt securities, including the debt securities. In that event, a holder of Debt Securities may not be able to recover any principal or interest due to it under the Debt Securities.

In addition, the collateral, if any, and all proceeds therefrom, securing any Debt Securities may be subject to higher priority liens in favor of other lenders and other secured parties which may mean that, at any time that any obligations that are secured by higher ranking liens remain outstanding, actions that may be taken in respect of the collateral (including the ability to commence enforcement proceedings against the collateral and to control the conduct of such proceedings) may be at the direction of the holders of such indebtedness.

EXEMPTION FROM NATIONAL INSTRUMENT 44-102

Pursuant to a decision of the Autorité des marchés financiers dated August 12, 2021, the Company was granted a permanent exemption from the requirement to translate into French this Prospectus as well as the documents incorporated by reference therein and any Prospectus Supplement to be filed in relation to an “at-the-market”

distribution. This exemption is granted on the condition that this Prospectus and any Prospectus Supplement (other than in relation to an “at-the-market” distribution) be translated into French if the Company offers Securities to Québec purchasers in connection with an offering other than in relation to an “at-the-market” distribution.

As at the date hereof, the partners and associates of Goodmans LLP, as a group, own less than 1% of the outstanding securities of the Company.

AUDITORS, TRANSFER AGENT AND REGISTRAR

Ernst & Young LLP is the independent auditor of the Company and is independent within the meaning of the Rules of Professional Conduct of the Chartered Professional Accountants of Ontario.

The transfer agent and registrar of the Company is Computershare Trust Company of Canada at its principal office in Toronto, Ontario.

PURCHASERS’ STATUTORY RIGHTS

Unless otherwise provided in a Prospectus Supplement, the following is a description of a purchaser’s statutory rights. Securities legislation in certain of the provinces and territories of Canada provides purchasers with the right to withdraw from an agreement to purchase securities, which right may be exercised within two business days after receipt or deemed receipt of a prospectus, prospectus supplement and any amendment, and with remedies for rescission or, in some jurisdictions, revisions of the price, or damages if the prospectus, prospectus supplement, and any amendment relating to securities purchased by a purchaser are not sent or delivered to the purchaser. However, purchasers of Securities distributed under an at-the-market distribution by MCAN do not have the right to withdraw from an agreement to purchase the Securities and do not have remedies of rescission or, in some jurisdictions, revisions of the price, or damages for non-delivery of the prospectus, prospectus supplement, and any amendment relating to the Securities purchased by such purchaser because the prospectus, prospectus supplement, and any amendment relating to the Securities purchased by such purchaser will not be sent or delivered, as permitted under Part 9 of NI 44-102.

In several of the provinces and territories, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revisions of the price or damages if the prospectus, prospectus supplement, and any amendment relating to securities purchased by a purchaser contains a misrepresentation. The remedies available to a purchaser for any such failure to deliver or any misrepresentation contained in any prospectus, prospectus supplement or amendment must be exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser’s province or territory. Any remedies under securities legislation that a purchaser of such securities distributed under an at-the-market distribution by MCAN may have against MCAN or its agents for rescission or, in some jurisdictions, revisions of the price, or damages if the prospectus, prospectus supplement, and any amendment relating to securities purchased by a purchaser contain a misrepresentation, will remain unaffected by the non-delivery of the prospectus referred to above. A purchaser should refer to any applicable provisions of the securities legislation of the purchaser’s province or territory for the particulars of these rights or consult with a legal advisor.

In an offering of Securities which are convertible, exchangeable or exercisable for other securities of the Company, investors are cautioned that the statutory right of action for damages for a misrepresentation contained in the prospectus is limited, in certain provincial and territorial securities legislation, to the price at which the convertible securities are offered to the public under the prospectus offering. This means that, under the securities legislation of certain provinces and territories, if the purchaser pays additional amounts upon conversion of the security, those amounts may not be recoverable under the statutory right of action for damages that applies in those provinces and

territories. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for the particulars of these rights and/or consult with a legal advisor.

PURCHASERS' CONTRACTUAL RIGHTS

Original purchasers of Securities which are convertible, exchangeable or exercisable for other securities of the Company will have a contractual right of rescission against the Company in respect of the conversion, exchange or exercise of such Securities. The contractual right of rescission will entitle such original purchasers to receive, upon surrender of the underlying securities, the amount paid for the applicable convertible, exchangeable or exercisable Securities (and any additional amount paid upon conversion, exchange or exercise) in the event that this Prospectus, the applicable Prospectus Supplement or an amendment thereto contains a misrepresentation, provided that: (i) the conversion, exchange or exercise takes place within 180 days of the date of the purchase of such Securities under this Prospectus and the applicable Prospectus Supplement; and (ii) the right of rescission is exercised within 180 days of the date of the purchase of such Securities under this Prospectus and the applicable Prospectus Supplement. This contractual right of rescission will be consistent with the statutory right of rescission with the statutory right of rescission described under Section 130 of the *Securities Act* (Ontario) ("**Securities Act**"), and is in addition to any other right or remedy available to original purchasers under section 130 of the Securities Act or otherwise at law.
