

## CERTIFICATE OF QUALIFICATION

I, Christian Derosier, of the City of Saint-Lazare, Province of Quebec, do hereby certify that :

1. I am a Senior Geologist with a business address at: 1957 montée Harwood, Saint-Lazare, Quebec.
2. I am responsible for the preparation of the technical report titled " Technical Report on the Malsiripura (M1) Exploration Licenses, Democratic Socialist Republic of Sri Lanka" and dated August 25th, 2018 for Ceylon Graphite Corp. of Vancouver, British Columbia, Canada.
3. I have graduated and obtained a D.Sc. degree in geological sciences at the University of Paris, France, in 1971. I have practiced my profession since that time and have worked for SNC-Lavalin Inc. during ten years, Rio Algom Ltd from 1982 to 1986 and then as consulting geologist for my own Company (Christian Derosier Geologue-conseil Inc.).
4. I have more than 49 years of experience in mining exploration and mining development. I worked on several pre-feasibility and feasibility studies in my quality of geologist or consulting geologist. I have prepared and made numerous mineral resource and reserve calculations for productive mines as well as developed precious metals, base metals and industrial minerals projects. I am well aware of the different methods of calculation and the geostatistics applied to metallic and non-metallic projects as well as industrial mineral projects. To date, I have spent more than six years doing resource and reserve calculations;
5. I have several years of experience in underground mining and surface exploitation (open-pits and quarries) in Canada and abroad, for different commodities including: gold, silver, copper, Iron-titanium-vanadium, limestone, asbestos, bauxite, copper-nickel, phosphate, salt, coal, copper-zinc, cobalt, tungsten, silica sands, vermiculite, micas, talc, graphite, feldspars and construction stones (granite and anorthosite);
6. Since 1984, I have been involved with several graphite projects in Quebec and Madagascar. I have been involved in the discovery of the Emeris' s Lac des Iles graphite mine in Quebec. Since 2013, I am involved with several exploration and development projects for Canadian junior companies in Quebec. I am also familiar with the processing of graphite ore.
7. I am a member of the Ordre des Géologues du Québec (No 129);
8. The author visited the property on August 3rd, 2018.
9. I have read the definition of "Qualified person" set out in the National Instrument 43-101 ("NI 43-101") and certify that by reason of my education, affiliation with a professional association (as defined in NI 43-101) and past and relevant work experience, I fulfill the requirements to be a "Qualified Person" for the purposes of NI 43-101.

10. I have prepared all Items of this report in accordance with the guidelines of National Instrument 43-101 (Standard of Disclosure for Mineral Projects).
11. I have prepared and is responsible for the all Items: 1 to 27 as well as some maps and plans;
12. I have read the Instrument NI 43-101 and the Technical Report including the parts that I am responsible for. This Technical Report has been prepared in compliance with that Instrument;
13. I have no interest, either direct or indirect, in the property described in the present report and I do not expect to receive any interest. I have no shares of **Ceylon Graphite Corp.**, nor do I expect to receive any interest in the securities of this Company. I am independent from the issuer and the vendors (JADS Enterprises (pvt) Ltd.), applying all of the tests in section 1.4 of National Instrument 43-101.
14. That the present report is based on a study of data available on the property obtained from the GSMB Sri Lanka, JADS, and from the Company. Prior to the present report, I have never been involved with the Malsiripura Graphite Project that is subject of the Technical Report.
15. I am not aware of any material fact or material change with respect to the subject matter of this Technical Report that is not reflected in the Technical Report, the omission to disclose which would make this report misleading.
16. That as of August 25th, 2018 to the best of my knowledge, information and belief, the technical report contains all scientific and technical information that is required to be disclosed to make the technical report not misleading;
17. The writer consents to the filing of the Technical Report with any stock exchange or other regulatory authority and any publication by them for regulatory purposes, including electronic publication in the public company files on their websites accessible by the public, of the Technical report.

Saint Lazare

Dated: August 25th, 2018

Christian Derosier, P. Ge. # 129  
Senior Geologist, MSC., DSc.,
