

MANAGEMENT INFORMATION CIRCULAR

ABOUT THE SHAREHOLDER MEETING

Solicitation of Proxies

You have received this management information circular (the “**Circular**”) because you owned common shares of Sulliden Mining Capital Inc. (“**Sulliden**” or the “**Corporation**”) as of October 26, 2020, which has been set as the record date (the “**Record Date**”). You are therefore entitled to vote at the upcoming annual and general meeting of shareholders (the “**Meeting**”) to be held at 10:00 a.m. (Toronto time) on December 1, 2020, and any postponement(s) or adjournment(s) thereof.

Management is soliciting your proxy for the Meeting. The board of directors of the Corporation (the “**Board**”) has fixed 10:00 a.m. (Toronto time) on November 27, 2020, or 48 hours (excluding Saturdays, Sundays or holidays) before any adjournment(s) or postponement(s) of the Meeting, as the time by which proxies to be acted upon at the Meeting must be deposited with the Corporation’s transfer agent. In addition to solicitation by mail, certain officers, directors, employees and agents of Sulliden may solicit proxies by telephone, email or in person. Costs associated with the solicitation by management will be borne by Sulliden.

These materials are being sent to both registered and non-registered holders (“**Shareholders**”) of the common shares of Sulliden (the “**Common Shares**”). The Corporation or its agent has obtained information regarding non-registered holders in accordance with the applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Corporation (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

The Corporation shall make a list of all persons who are registered Shareholders on the Record Date and the number of Common Shares registered in the name of each person on that date. Each Shareholder is entitled to one vote on each matter to be acted on at the Meeting for each Common Share registered in his name as it appears on the list.

Unless otherwise stated, the information contained in this Circular is as of the Record Date. All dollar amount references in this Circular, unless otherwise indicated, are expressed in Canadian dollars. United States dollars are referred to as “United States dollars” or “US\$”.

Voting

Appointment and Revocation of Proxies

The persons named in the enclosed form of proxy are officers and/or directors of the Corporation. You may appoint some other person or entity to represent you at the Meeting by inserting such person’s name in the blank space provided in that form of proxy or by completing another proper form of proxy and, in either case, depositing the completed proxy at the office of the transfer agent of the Corporation indicated on the enclosed envelope not later than the times set out above.

In addition to revocation in any other manner permitted by law, a Shareholder may revoke a proxy given pursuant to this solicitation by depositing an instrument in writing (including another proxy bearing a later date) executed by the Shareholder or by an attorney authorized in writing at 65

Queen Street West, 9th Floor, Toronto, Ontario M5H 2M5 at any time up to and including the last business day preceding the day of the Meeting.

Voting of Proxies

Registered Shareholders

You can vote in person or vote by proxy. Voting by proxy is the easiest way to vote because you can appoint anyone to be your proxyholder to attend the Meeting and vote your shares according to your instructions. This person does not need to be a Shareholder. The executive officers named in the proxy form can act as your proxyholder and will vote your shares according to your instructions.

If you appoint the Sulliden proxyholders and do not indicate your voting instructions, they will vote your shares:

- **FOR the appointment of the auditors**
- **FOR the nominated directors**

If you want to appoint someone else as your proxyholder, print that person's name in the blank space provided in the proxy form (or complete another proxy form) and send the form to the Corporation's transfer agent. Make sure this person is aware that you appointed them as your proxyholder and that they must attend the Meeting to vote on your behalf and according to your instructions. If you do not indicate your voting instructions, your proxyholder can vote as he or she sees fit.

At the time of printing this Circular, management is not aware of any amendments, variations or other matters to come before the Meeting. If other matters are properly brought before the Meeting, your proxyholder can vote as he or she sees fit.

The transfer agent must receive the completed proxy form by 10:00 a.m. (Toronto time) on November 27, 2020, or 48 hours (excluding Saturdays, Sundays or holidays) before any postponement(s) or adjournment(s) of the Meeting.

Non-Registered Shareholders

"Non-Registered Shareholders" are those holders who beneficially own Common Shares in the name of an intermediary, such as banks, trust companies, securities dealers (all, an **"Intermediary"**), or in the name of a clearing agency such as CDS & Co. Securities laws require the Corporation to send the meeting materials to the Intermediaries and clearing agencies so they can distribute them to our Non-Registered Shareholders. These materials include the notice of the meeting, the Circular, a proxy or voting instruction form, a copy of the Corporation's annual financial statements and MD&A (if the Non-Registered Shareholder requested a copy) and related documents by electronic delivery.

Intermediaries and clearing agencies must forward the meeting materials to Non-Registered Shareholders unless the shareholder has waived the right to receive them. If you are a Non-Registered Shareholder and have not waived the right to receive the materials, your package should include either a voting instruction form (not signed by your intermediary) or a proxy form (signed by your intermediary). Sulliden management does not intend to pay intermediaries to

forward to objecting beneficial owners. Objecting beneficial owners will not receive meeting materials unless the objecting beneficial owner's intermediary assumes the cost of delivery.

Either form instructs your intermediary (the respective registered shareholder) to vote your shares according to your instructions. Be sure to send back your completed form as soon as possible to ensure your intermediary carries out your voting instructions.

Voting Securities and Principal Holders

At the Meeting, Shareholders will be asked to elect these Nominees as directors of the Corporation. **The persons in the enclosed form of proxy intend to vote for the election of the Nominees.** Management does not contemplate that any of the Nominees will be unable to serve as a director.

As the Corporation has adopted a Majority Voting Policy, the process for voting for election of each director will be by individual voting and not by slate. The Board fulfills its mandate directly and through its committees at regularly scheduled meetings or as required. The directors are kept informed regarding the Corporation's operations at regular meetings and through reports and discussions with management on matters within their particular areas of expertise. Frequency of meetings may be increased, and the nature of the agenda items may be changed depending upon the state of the Corporation's affairs and considering opportunities or risks the Corporation faces.

The Corporation believes that its corporate governance practices are in compliance with applicable Canadian requirements. The Corporation is committed to monitoring governance developments to ensure its practices remain current and appropriate.

Code of Conduct

The Board has adopted a Code of Business Conduct and Ethics (the "**Code**") for its directors, officers, consultants and employees. The Corporate Governance Committee has responsibility for monitoring compliance with the Code by ensuring all directors, officers, consultants and employees receive and become thoroughly familiar with the Code and acknowledge their support and understanding of the Code. Any non-compliance with the Code is to be reported to Sulliden's legal counsel or chair of the Audit Committee.

Director	Independent	Not Independent	Reason for Non-Independence
Stan Bharti		√	Interim CEO and Executive Chairman of the Board
William Steers	√		
Wen Ye	√		
Stéphane Amireault	√		
William Clarke	√		

To facilitate the functioning of the Board independently of management, the following structures and processes are in place:

- the Board has appointed an independent lead director (the “**Lead Director**”);
- members of management, including without limitation, the CEO of the Corporation, are not present for the discussion and determination of certain matters at meetings of the Board unless required;
- each of the Audit, Corporate Governance and Compensation Committees of the Board are comprised solely of independent directors;
- under the by-laws of the Corporation, any one director may call a meeting of the Board;

- the Chairman and Interim CEO's compensation is considered by the Board, in his absence, and by the Compensation Committee at least once a year;

- a committee comprised solely of independent and non-conflicted members will be convened to consider and, if deemed appropriate, approve any investment by the Corporation that is considered non-arm's length (the "**Investment Committee**"); and
- the Board policy is to hold in-camera meetings with the independent directors at the end of each meeting of the Board or committee of the Board, to the extent required.

Lead Director

The Corporation has appointed William Clarke as Lead Director. Mr. Clarke will draw upon his wealth of experience as an officer and director of listed companies as the Lead Director of the Board. He is an independent director and will facilitate the functioning of the Board independently of management.

The Lead Director, nominated by the Corporate Governance Committee and appointed by the Board, is an independent director who is designated by the Board to aid and assist the Chairman and the remainder of the Board in assuring effective corporate governance in managing the affairs of the Board and the Corporation and to enhance and protect the independence of the Board. The Lead Director's responsibilities include, but are not limited to: chairing Board meetings when the Executive Chairman or the CEO is unavailable or when there is any potential conflict; providing leadership to the Board to enhance effectiveness, including ensuring that responsibilities of the Board are well understood by the Board and by management; ensuring the Board works together as a cohesive team; ensuring that a process is in place by which the effectiveness of the CEO, the Executive Chairman, the Board and its committees is assessed on a regular basis; chairing in-camera sessions of independent directors, in association with regularly scheduled Board meetings, to discuss issues relating to the Corporation's business without the presence of management or the Executive Chairman and CEO; and communicating with the Executive Chairman and CEO and the entire Board, as appropriate, the results of private discussions among outside directors or the results of in-camera sessions of the independent directors.

In addition, the Lead Director shall assist with managing the Board, including but not limited to: adopting procedures to ensure that the Board can conduct its work effectively and efficiently, including committee structure and composition, scheduling, and management of meetings; ensuring that, where functions are delegated to appropriate committees, the functions are carried out and results are reported to the Board; ensuring that a succession planning process is in place to appoint the Executive Chairman, the CEO and other members of management when necessary; working with the Corporate Governance Committee to consider questions of possible conflicts of interest or breaches of the Code, as such questions arise; and, working with the ad hoc Investment Committee to consider questions of possible conflicts of interests.

Further, at the request of the Board and the CEO and/or the Executive Chairman, or in the event of the absence or the incapacity of the Executive Chair or the CEO, the Lead Director shall represent the Corporation to external groups such as Shareholders and other stakeholders, including community groups and governments.

The Board Mandate

The Board has adopted a written Board mandate in its Charter of the Board (the "**Charter**"), pursuant to which the Board assumes responsibility for the stewardship of the Corporation, the supervision of the Corporation's business affairs and acting in the best interests of the Corporation.

A copy of the Charter is attached hereto as Schedule “A”. In discharging its mandate, the Board is responsible for the oversight and review of the following:

- the strategic planning process of the Corporation;
- identifying the principal risks of the Corporation’s business and ensuring the implementation of appropriate systems to manage these risks;
- succession planning, including appointing, training and monitoring senior management;
- a communications policy for the Corporation to facilitate communications with investors and other interested parties;
- the integrity of the Corporation’s internal control and management information systems; and
- the review and consideration of any material acquisitions or investments of the Corporation.

The Board discharges its responsibilities directly and through its committees, currently consisting of the Audit Committee, the Compensation Committee, the Corporate Governance Committee and an ad hoc Investment Committee. See “Committees of the Board”.

The Board has not adopted formal position descriptions for the Chairman, the committee chairs or the chief executive officer as their respective roles are well understood within the Sulliden organization.

Meetings of Independent Directors

The independent directors comprise the committees of the Board and hold in-camera sessions without management at their committee meetings to review the business operations, corporate governance, compensation, and financial results of the Corporation. For each director’s attendance record at duly scheduled meetings for the year ended July 31, 2020, please see above under “Business of the Meeting – Election of Directors – Meeting Attendance”.

Nomination of Directors

Generally, the Corporate Governance Committee, which is comprised entirely of independent directors, is responsible for identifying and recruiting new candidates for nomination to the Board and reviewing the qualifications of new candidates proposed by other members of the Board. The process by which the Board anticipates that it will identify new candidates is through recommendations of the Corporate Governance Committee and of management whose responsibility it is to develop, and periodically update and recommend to the Board for approval, a long-term plan for Board composition that takes into consideration the following: (a) the independence of each director; (b) the competencies and skills that the Board, as a whole, should possess, such as financial literacy, integrity and accountability, the ability to engage in informed judgment, governance, strategic business development, excellent communications skills and the ability to work effectively as a team; (c) the current strengths, skills and experience represented by each director, as well as each director’s personality and other qualities as they affect Board dynamics; and (d) the strategic direction of the Corporation.

Diversity

The Board of Directors is committed to maintaining high standards of corporate governance in all aspects of the Corporation’s business and affairs and recognizes the benefits of fostering greater diversity in the boardroom. A fundamental belief of the Board of Directors is that a diversity of

perspectives maximizes the effectiveness of the Board of Directors and decision-making in the best interests of the Corporation. This belief in diversity was confirmed by including a provision on diversity within the Corporation's Corporate Governance Charter. The provision states that candidates will be considered against objective criteria, having due regard to the benefits of diversity on the Board of Directors, including gender. Accordingly, consideration of the number of women on the Board, along with consideration of whether other diverse attributes are sufficiently represented, is an important component in the search for and selection of candidates.

When the Board selects candidates for executive officer positions, it considers not only the qualifications, personal qualities, business background and experience of the candidates, it also considers the composition of the group of nominees, to best bring together a selection of candidates allowing the Corporation's management to perform efficiently and act in the best interest of the Corporation and its shareholders. The Corporation is aware of the benefits of diversity both on the Board and at the executive level, and therefore female representation is one factor taken into consideration during the search process to fill leadership roles within the Corporation.

The Corporation aspires towards Board composition in which each gender comprises at least one-third of the independent directors. There is currently one woman on the Board of Directors of the Corporation and assuming all director nominees are elected, one out of five directors will be women (20%), and one out of four independent directors will be women (25%). The Board has not adopted any specific target with respect to the minimum number of women on its management given the small size of the Corporation. The corporate secretary of the Corporation is a woman resulting in one out of three executive officers (33%) being female.

Board Assessments

The Board and its individual directors are assessed on an informal basis continually as to their effectiveness and contribution. All directors are free to make suggestions for improvement of the practice of the Board at any time and are encouraged to do so.

Majority Voting Policy

The Corporation has adopted a Majority Voting Policy to provide a meaningful way for the Shareholders to hold individual directors accountable and to require the Corporation to closely examine directors that do not have the support of a majority of Shareholders. The policy provides that forms of proxy for the election of directors will permit a Shareholder to vote in favour of, or to withhold from voting, separately for each director nominee and that where a director nominee has more votes withheld than are voted in favour of him or her, the nominee will be considered not to have received the support of the shareholders, even though duly elected as a matter of corporate law. Pursuant to the policy, such a nominee will forthwith submit his or her resignation to the Board, such resignation to be effective on acceptance by the Board. The Board will then establish an advisory committee (the "**Committee**") to which it shall refer the resignation for consideration. In such circumstances, the Committee will make a recommendation to the Board as to the director's suitability to continue to serve as a director after reviewing, among other things, the results of the voting for the nominee and the Board will consider such recommendation. This policy does not apply where an election involves a proxy battle (i.e., where proxy material is circulated in support of one or more nominees who are not part of the director nominees supported by the Board).

Orientation and Continuing Education

Generally, the Corporate Governance Committee is responsible for ensuring that new directors are provided with an orientation and education program, which will include written information about

the duties and obligations of directors, the business and operations of the Corporation, documents from recent board meetings, and opportunities for meetings and discussion with senior management and other directors. Directors are expected to attend all meetings of the Board and are also expected to prepare thoroughly in advance of each meeting to actively participate in the deliberations and decisions.

The Board recognizes the importance of ongoing director education and the need for each director to take personal responsibility for this process. The Board notes that it has benefited from the experience and knowledge of individual members of the Board in respect of the evolving governance regime and principles. The Board ensures that all directors are apprised of changes in the Corporation's operations and business as well as developments in the resource industry and applicable laws.

COMMITTEES OF THE BOARD

The Board has the following three standing committees:

- Audit Committee
- Corporate Governance Committee
- Compensation Committee

In addition, the Board has an ad hoc Investment Committee that meets on a regular basis, as needed, to ensure there are no conflicts with respect to the various investment decisions of the Corporation.

All of the standing committees are comprised of directors who are independent of management and each of the committees report directly to the Board. From time to time, when appropriate, additional ad hoc committees of the Board may be appointed by the Board.

Audit Committee

The purposes of the Audit Committee are to assist the Board's oversight of: the integrity of the Corporation's financial statements; the Corporation's compliance with legal and regulatory requirements; the qualifications and independence of the Corporation's independent auditors; and the performance of the independent auditors and the Corporation's internal audit function.

As of the Record Date, the Corporation's Audit Committee was comprised of three directors: William Clarke (Chair), William Steers and Stéphane Amireault. Each of the members was considered financially literate and independent, as required by applicable securities laws. Please refer to "Director Profiles", above, for the relevant education and experience of each of the members of the Audit Committee.

The members of the Audit Committee are appointed annually by the Board and serve at the pleasure of the Board until their successors are duly appointed.

External Auditor

The Audit Committee pre-approves all non-audit services to be provided to the Corporation by the issuer's external auditors.

Please see page 6 above for the fees paid to external auditors in 2020 and 2019. You can find more information about the audit committee in Sulliden's 2020 Annual Information Form on SEDAR

(www.sedar.com). The Annual information Form includes a copy of the Audit Committee Charter in Schedule A.

Corporate Governance Committee

The Corporate Governance Committee is comprised of William Clarke (Chair), William Steers and Stéphane Amireault, each of whom is an independent director. Please refer to “Director Profiles” above for the relevant education and experience of each of the members of the Corporate Governance Committee.

The Corporate Governance Committee’s responsibilities include periodically reviewing the charters of the Board and the committees of the Board; assisting the Chairman of the Board and Lead Director in carrying out their responsibilities; considering and, if thought fit, approving requests from directors for the engagement of independent counsel in appropriate circumstances; preparing and recommending to the Board a set of corporate governance guidelines, the Code and annually preparing and reviewing the Corporation’s Corporate Governance disclosure to be included in the Corporation’s management information circular; annually reviewing the Board’s relationship with management to ensure the Board is able to, and in fact does, function independently of management; assisting the Board by identifying individuals qualified to become Board members and members of Board committees; leading the Board in its annual review of the Board’s performance; and assisting the Board in monitoring compliance by the Corporation with legal and regulatory requirements.

The members of the Corporate Governance Committee are appointed annually by the Board and serve at the pleasure of the Board until their successors are duly appointed.

Compensation Committee

The Compensation Committee is comprised of William Clarke (Chair), William Steers and Stéphane Amireault, each of whom is an independent director. Please refer to “Director Profiles” above for the relevant education and experience of each of the members of the Compensation Committee.

The Compensation Committee is established by the Board to assist the Board in fulfilling its responsibilities relating to human resources and compensation issues and to establish a plan of continuity for executive officers and other members of senior management (collectively, “**Executive Management**”). The Compensation Committee ensures that the Corporation has an executive compensation plan that is both motivational and competitive so that it will attract, retain and inspire performance of Executive Management of a quality and nature that will enhance the sustainable profitability and growth of the Corporation.

The Compensation Committee’s role is to review compensation philosophy and practices for the Corporation, which includes reviewing the compensation philosophy and practices (a) for Executive Management, for recommendation to the Board for its consideration and approval, and (b) relating to all employees, including annual salary and incentive policies and programs, and material new benefit programs, or material changes to existing benefit programs.

The members of the Compensation Committee are appointed annually by the Board and serve at the pleasure of the Board until their successors are duly appointed.

It is the general compensation philosophy of the Corporation to provide a blend of base salaries, bonuses and an equity incentive component, as summarized under the heading “Executive Compensation – Compensation Discussion and Analysis”.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

For the financial year ended July 31, 2020, the objective of the Corporation's compensation strategy was to ensure that compensation for its Named Executive Officers ("**NEOs**") is sufficiently attractive to recruit, retain and motivate high performing individuals to assist Sulliden in achieving its goals. The Corporation attempts to ensure that compensation is also fair, balanced and linked to the performance of the Corporation and the individual NEO.

Compensation for the NEOs is composed primarily of three components: base fees, performance bonuses and security-based compensation. The determination of each component is based on informal discussions among the members of the Compensation Committee who may draw upon their experience and broad knowledge of industry standards and performance based on informal expectations and goals. In establishing the levels of base fees, the award of stock options and performance bonuses, the Corporation informally considers individual performance, responsibilities and length of service. Performance is broadly reviewed and includes achievement of the Corporation's strategic objective of growth and the enhancement of shareholder value through its investments. Performance bonuses have been structured to encourage management to source and complete an acquisition or other investment that will be transformative to the Corporation. The compensation determination process is discretionary and is not based on formal benchmarks or formal and specific quantified measures, other than the establishment of an entitlement to receive a cash bonus on completion of a transformative transaction, which entitlement was one-time and put in place upon the formation of the Corporation.

Other than the transformation bonus, the Board does not have a pre-determined compensation plan, but rather reviews the performance of the NEOs and considers a variety of factors informally.

The Board believes that the compensation paid to each NEO during the last fiscal year was commensurate with the NEO's position, experience and performance.

Executive Chairman Compensation

In his capacity as director and Executive Chairman, Mr. Bharti provides management of the Corporation with advisory services relating to capital raising and strategic transactions, development of investment opportunities and relationship building with key investors, in addition to his contacts made through his extensive 30-year career in the areas of management team building, mergers, acquisitions, restructuring and financings. The services provided by Mr. Bharti are advisory in nature stemming from his specific expertise.

See "Executive Compensation – 2020 Executive Compensation – Termination of Employment, Change in Responsibilities and Employment Contracts" below for detailed information with respect to Mr. Bharti's compensation.

The Board believes that the compensation paid to each NEO during the last fiscal year was commensurate with the NEO's position, experience and performance.

Chief Executive Officer Compensation

The Compensation Committee:

- (a) will periodically review the terms of compensation of the Corporation's Chief Executive Officer and recommend any changes to the Board for approval;

- (b) upon listing of the Corporation, approved the establishment of a milestone cash bonus that was earned and paid in prior financial years;
- (c) will review corporate goals and objectives relevant to the compensation of the Chief Executive Officer and recommend them to the Board for approval; and
- (d) reviews, and if appropriate recommends to the Board for approval, any agreements between the Corporation and the Chief Executive Officer, as appropriate.

The components of the Chief Executive Officer's compensation are the same as those that apply to the other senior executive officers of the Corporation, namely base salary, cash bonus and long-term security-based compensation.

Risks Associated with Compensation

In light of the Corporation's size and the balance between long-term objectives and short-term financial goals with respect to the Corporation's executive compensation program, the Board does not presently deem it necessary to consider the implications of the risks associated with its compensation policies and practices.

Financial Instruments

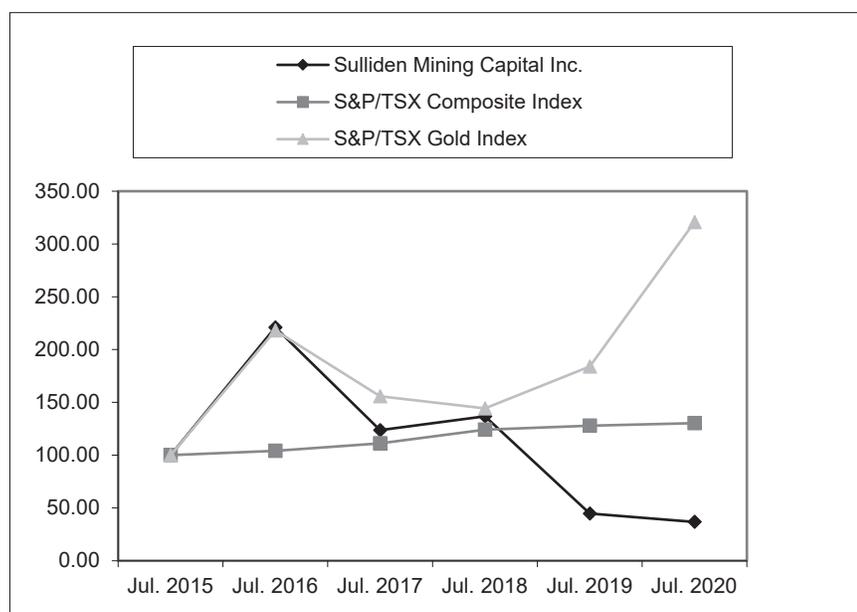

The Corporation does not currently have a policy that restricts directors or NEOs from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds that are designed to hedge or offset a decrease in market value of equity. However, to the knowledge of the Corporation as of the date of hereof, no director or NEO of the Corporation has participated in the purchase of such financial instruments.

Performance Graph

The following graph compares the yearly percentage change in the cumulative total shareholder return for \$100 invested in Common Shares of the Corporation on August 11, 2014, against the cumulative total shareholder return of the S&P/TSX Composite Index and the S&P/TSX Gold Index, assuming the reinvestment of all dividends.

The performance graph relates to the total cumulative shareholder return. As the Corporation has only existed and its Common Shares have only traded for six financial years, it is difficult to establish compensation trends or compare compensation trends to share performance trends. Nonetheless, compensation rose in the 2016 and subsequent financial years, in line with the rise in Sulliden's stock price. The Corporation believes this trend shows the alignment of management and shareholder interests, as the main reasons for increasing compensation in 2016 and 2017 were (i) the value of RSUs that vested in 2016 and 2017 was higher than those that vested in the previous years, mainly because the value of the underlying common shares was higher; and (ii) upon obtaining our option to buy the Troilus Gold Project, the executive officers received their contractually entitled bonus payments. The Corporation notes the share prices increased markedly upon announcement of the Troilus Gold Project option as the transaction gave the Corporation exposure to another significant growth asset. The Corporation further notes that the trading price for Common Shares increased in 2018 as Sulliden completed the spin-out of the Troilus Gold Project and monetization of its investment therein. In 2019 and 2020 the Corporation's share price decreased following the monetization of its investment in the Troilus Gold Project.

Components of Compensation

Base Fees

Salaries form an essential component of the Corporation's compensation mix as they are the first base measure to remain competitive relative to industry compensation practices, are fixed and therefore not subject to uncertainty and can be used as the base to determine other elements of compensation and benefits. In determining the base salary of an executive officer, the Compensation Committee takes into account the recommendations from the Chief Executive Officer of the Corporation and may consider the particular responsibilities related to the position; what the Compensation Committee members believe is industry practice; the experience, expertise and level of the executive officer; his or her length of service; level of responsibilities; and his or her overall performance based on informal feedback. There is no mandatory framework that determines which of these factors may be more or less important and the emphasis placed on any of these factors may vary among the executive officers. The determination of base salaries relies principally on negotiations between the respective NEO and the Corporation and is therefore heavily discretionary.

Bonus Payments

The purpose of the Corporation's bonus program is to provide the NEOs with the opportunity to receive an annual cash incentive that is related to the progress of the Corporation and individual performance. Through informal discussions among management, as approved by the

Compensation Committee and the Board, executive officers are eligible for annual cash bonuses. The Compensation Committee believes that financial incentives should relate to the accomplishment of a key milestone relating to the success of the Corporation's corporate developments, with the acquisition of the option to purchase the Troilus Gold Project and its subsequent spin-out transaction representing transformative transactions for the Corporation.

Long-term Incentives and Options

Stock Option Awards

The Compensation Committee believes that granting stock options to key personnel encourages retention and more closely aligns the interests of Executive Management with the interests of shareholders. As the investment of the Corporation's financial resources into portfolio companies is central to its business, the inclusion of options in compensation packages allows the Corporation to compensate employees while not drawing on limited cash resources. The number of options to be granted is based on the relative contribution and involvement of the individual in question and consideration of previous option grants.

The following is a summary of the terms of the Company's stock option plan (the "**Stock Option Plan**"), which was approved by the Shareholders at the last annual meeting of Shareholders held on February 27, 2020 and which is qualified in its entirety by the provisions of the Stock Option Plan.

- The number of options that may be granted may not exceed 10% of the number of issued and outstanding Common Shares at the time of the stock option grant, from time to time. The Stock Option Plan is considered to be an "evergreen plan" since the Common Shares covered by options which have been exercised shall be available for subsequent grants under the Stock Option Plan, and the number of options available to grant increases as the number of issued and outstanding Common Shares increases.
- Options are non-assignable and may be granted to employees, officers, directors and certain consultants of the Corporation and designated affiliates.
- Upon the termination of an optionholder's engagement with the Corporation, the cancellation or early vesting of any stock option shall be in the discretion of the Board. In general, the Corporation expects that stock options will be cancelled 90 days following an optionholder's termination from the Corporation.
- The aggregate number of Common Shares issuable pursuant to the Stock Option Plan and any other share compensation arrangement (pre-existing or otherwise) to Insiders (as such term is defined in the *Securities Act* (Ontario)) pursuant to the Stock Option Plan (the "**Options**") shall not exceed 10% of the Common Shares outstanding at any time.
- The aggregate number of Common Shares issued upon exercise of the Options granted and any other share compensation arrangement (pre-existing or otherwise) to Insiders shall not exceed 10% of the Common Shares then outstanding.
- The periods within which Options may be exercised and the number of Common Shares which may be issuable upon the exercise of Options in any such period shall be determined by the Board at the time of granting the Options provided, however, that all Options must be exercisable during a period not extending beyond five years from the date of the Option grant.
- In the event that the expiry of the period during which Options pursuant to the Stock Option Plan may be exercised (the "**Option Period**") falls within, or within two days of, a trading blackout period imposed by the Corporation (the "**Blackout Period**"), the expiry date of

such Option Period shall be automatically extended to the tenth business day following the end of the Blackout Period.

- The exercise price per Option shall be determined by the Board at the time the Option is granted, but, in any event, shall not be less than the closing price of the Common Shares on the TSX on the trading day immediately preceding the date of the grant of the Option.
- Amendments to the Stock Option Plan require shareholder approval, except in certain instances, including but not limited to the following: (i) amendments of a housekeeping nature; (ii) the addition of or a change to vesting provisions of a security or the Stock Option Plan; (iii) a change to the termination provisions of a security or the Stock Option Plan that does not entail an extension beyond the original expiry date; and (iv) the addition of a cashless exercise feature, payable in cash or securities, which provides for a full deduction of the number of underlying securities from the Stock Option Plan reserve.
- There is no transformation of Options granted under the Stock Option Plan into stock appreciation rights involving the issuance of securities from the treasury of the Corporation.
- The Corporation will not provide financial assistance to any optionholder to facilitate the exercise of options under the Stock Option Plan.

	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available under equity compensation plans (excluding securities reflected in column (a))
Plan Category	(a)	(b)	(c)
Equity compensation plans approved by security holders	1,140,000	\$0.30	4,915,376
Equity compensation plans not approved by security holders	NIL	NIL	NIL
TOTAL	1,140,000	\$0.30	4,915,376

The total number of Common Shares issuable on the exercise of actual Options that have been granted and remain outstanding under the Stock Option Plan is 1,140,000 Common Shares, representing approximately 1.88% of the Common Shares outstanding. Currently there are 60,553,760 Common Shares of the Corporation outstanding and 10% of the current issued and outstanding share capital is 6,055,376. Based on the current number of issued and outstanding Common Shares, 4,915,376 Stock Options remain available for issuance under the Stock Option Plan (representing approximately 8.11% of the issued and outstanding Common Shares).

Restricted Share Unit Incentive Plan and Deferred Share Unit Incentive Plan

Prior to the year ended July 31, 2020, the Board approved and authorized the creation of a Restricted Share Unit Incentive Plan (the “**RSU Plan**”) and a Deferred Share Unit Incentive Plan (the “**DSU Plan**”) (the “**RSU Plan**” and the “**DSU Plan**”, collectively the “**Plans**”). The RSU Plan shall provide for the issuance of units (“**RSUs**”) to officers and employees to acquire Common Shares by way of secondary market purchases of Common Shares by an independent trustee pursuant to a trust set up and funded by the Corporation. Each RSU entitles each participant to receive one Common Share, without payment of additional consideration, on the applicable vesting date without any further action on the part of the holder of the RSU.

The DSU Plan provides for the issuance of units (“**DSUs**”) to directors by way of cash payments to each participant in an amount that represents the value of one Common Share for each DSU held on the date upon which the participant ceases to be a director of the Corporation.

The purpose of the Plans is to attract, retain and motivate individuals with the requisite training, experience and leadership to carry out key roles with the Corporation, to advance the interests of the Corporation by providing such individuals with appropriate compensation and to strengthen the alignment of the RSU and DSU holders’ interest with the interests of shareholders.

The Plans are administered by the Board, which may determine from time to time, after considering recommendations of the Compensation Committee, the number and timing of RSUs and/or DSUs to be awarded and the applicable vesting criteria, provided that the vesting period does not exceed three years. The value of an RSU and a DSU is based on the trading price of the Common Shares.

During the year ended July 31, 2020, the Corporation did not grant DSUs.

During the year ended July 31, 2020, the Corporation did not grant RSUs.

- (4) The figures shown reflect the grant day fair value of DSUs approved by the Compensation Committee for the specific years. For the DSU grants, the last trading day preceding the date of grant is used. Grant day fair value is determined by multiplying the number of DSUs by the closing price of the Common Shares on the Toronto Stock Exchange on the day preceding the grant date.

The Corporation adopted a non-executive independent director fee compensation plan. Pursuant to this compensation plan, non-executive independent directors are entitled to receive \$25,000 in directors' fees per annum.

Directors may also receive discretionary cash bonuses from time to time, which the Corporation awards to directors for serving in their capacity as a member of the Board. None of the directors were awarded cash bonuses during the year ended July 31, 2020.

The Corporation does not currently prescribe a set of formal objective measures to determine discretionary bonus entitlements. Rather the Corporation uses informal goals which may include an assessment of an individual's current and expected future performance, level of responsibilities and the importance of his/her position and contribution to the Corporation. Precise goals or milestones are not pre-set by the Board with the exception of the calculation of the bonus pool as it relates to performance bonuses, as set out under the heading "Executive Compensation – Compensation Discussion and Analysis".

In addition, directors are entitled to participate in the Corporation's DSU Plan, which are designed to give each holder an interest in preserving and maximizing shareholder value in the longer term. Individual grants are determined by an assessment of an individual's current and expected future performance, level of responsibilities and the importance of his/her position and contribution to the Corporation.

Executive officers who also act as directors of the Corporation do not receive any additional compensation for services rendered in their capacity as directors.

Incentive Plan Awards
