Details of all matters proposed to be put before the Meeting are set forth in the accompanying management information circular and form of proxy and should be read in conjunction with this Notice.

Upon registration, participants will receive an individual pin to access the meeting via teleconference, along with the dial-in instructions.

DATED at Val-d’Or, Québec, this 19th day of May, 2022.

MANAGEMENT INFORMATION CIRCULAR

The information contained in this management information circular (the “**Circular**”), unless otherwise indicated, is as of May 19, 2022.

This Circular is being mailed by the management of International Prospect Ventures Ltd. (hereinafter referred to as “**International Prospect Ventures**” or the “**Company**”) to everyone who was a shareholder of record of International Prospect Ventures on May 19, 2022, which is the date that has been fixed by our Board of Directors as the record date to determine shareholders who are entitled to receive notice of the annual general and special meeting.

This Circular is being mailed in connection with the solicitation of proxies by and on behalf of management for use at the annual general and special meeting (the “**Meeting**”) of the shareholders of International Prospect Ventures being held on **Thursday, June 23, 2022, at 2:30 p.m. (Eastern) at 2864, chemin Sullivan, Val-d’Or, Québec, and by telephone conference call.**

In order to participate in the Meeting via teleconference, shareholders must preregister 15 minutes before the start of the Meeting at <https://bit.ly/2W0YIsL> or <https://iprospectventures.ca/agm/2022/june23>. Upon registration, participants will receive an individual pin to access the meeting via teleconference, along with the dial-in instructions.

Shareholders are strongly encouraged to attend the Meeting by telephone conference, given the continuing public health impact of the COVID-19 pandemic and considerations regarding the health and safety of our employees, shareholders and other stakeholders.

The solicitation of proxies will be primarily by mail. Certain employees, officers or directors of International Prospect Ventures may also solicit proxies by telephone or in person. The cost of solicitation will be borne by International Prospect Ventures.

Under our Articles, a quorum for the transaction of business at a meeting of shareholders is two persons who are, or who represent by proxy, shareholders who, in the aggregate, hold at least 5% of the issued shares entitled to be voted at the Meeting. If such a quorum is not present in person or by proxy, we will reschedule the Meeting.

PART 1 – VOTING

HOW A VOTE IS PASSED

All of the matters that will come to a vote at the Meeting as described in the attached Notice of Annual and Special General Meeting are ordinary resolutions and can be passed by a simple majority – that is, if more than half of the votes that are cast are in favor, then the resolution is approved. See Part 3 – The Business of the Meeting for more details on the proposed resolutions to be put to shareholders at the Meeting.

WHO CAN VOTE?

If you are a registered shareholder of International Prospect Ventures on May 19, 2022, you are entitled to attend at the Meeting and cast a vote for each share registered in your name on all resolutions put before the Meeting. If the shares are registered in the name of a corporation, a duly authorized officer of the corporation may attend on its behalf, but documentation indicating such officer’s authority should be presented at the Meeting or, if attending by telephone conference call, provided to International Prospect Ventures prior to commencement of the Meeting. If

you are a registered shareholder, but do not wish to, or cannot, attend the Meeting yourself, you can appoint someone who will attend the Meeting and act as your proxyholder to vote in accordance with your instructions (see “Voting by Proxy” below). If your shares are registered in the name of a “nominee” (usually a bank, trust company, securities dealer or other financial institution) you should refer to the section entitled “Non-registered Shareholders” set out below.

It is important that your shares be represented at the Meeting regardless of the number of shares you hold. **We encourage all shareholders to complete, date, sign and return your form of proxy as soon as possible so that your shares will be represented.**

Please note:

- Only registered shareholders, and those non-registered beneficial shareholders who appoint themselves as their proxyholder using the voting instruction form provided to them by their nominee, are entitled to attend the Meeting (either in person or by telephone conference) and vote.
- Ballot voting is not available to shareholders attending the Meeting by telephone conference.

VOTING BY PROXY

If you do not attend the Meeting, you can still make your votes count by appointing someone who will be there to act as your proxyholder. You can either tell that person how you want to vote or you can let them decide for you. You can do this by completing a form of proxy.

In order to be valid, you must return a completed form of proxy to our transfer agent, Odyssey Trust Company, by 2:30 p.m. (Eastern) on Tuesday, June 21, 2022, by mail or delivery to Odyssey Trust Company, Suite 350, 409 Granville Street, Vancouver, British Columbia V6C 1T2, Attention: Proxy Department; or by facsimile: 1-800-517-4553; or by voting through the Internet following the instructions on the form of proxy.

What is a proxy?

A form of proxy is a document that authorizes someone to attend the Meeting and cast your votes for you. We have enclosed a form of proxy with this Circular. You should use it to appoint a proxyholder, although you can also use any other legal form of proxy.

Appointing a proxyholder

You can choose any person to be your proxyholder. It is not necessary for the person whom you choose to be a shareholder of International Prospect Ventures. To make such an appointment, simply fill in the person’s name in the blank space provided in the enclosed form of proxy. To vote your shares, your proxyholder must attend the Meeting. If you do not fill a name in the blank space in the enclosed form of proxy, the persons named in the form of proxy are appointed to act as your proxyholder. Those persons are directors and/or officers of International Prospect Ventures.

Instructing your proxy

You may indicate on your form of proxy how you wish your proxyholder to vote your shares. To do this, simply mark the appropriate boxes on the form of proxy. If you do this, your proxyholder must vote your shares in accordance with the instructions you have given.

If you do not give any instructions as to how to vote on a particular issue to be decided at the Meeting, your proxyholder can vote your shares as he or she thinks fit. If you have appointed the persons designated in the form of proxy as your proxyholder they will, unless you give contrary instructions, vote your shares at the Meeting as follows:

- ✓ **FOR setting the number of directors at four;**
- ✓ **FOR the election of the proposed nominees as directors;**

- ✓ **FOR the appointment of MNP LLP as the auditor of International Prospect Ventures; and**
- ✓ **FOR approval of the previously adopted 10% rolling stock option incentive plan, as amended and restated, to reflect the provisions of the TSX Venture Exchange Policy 4.4 - Security Based Compensation, as required by the TSX Venture Exchange.**

For more information about these matters, see Part 3 – The Business of the Meeting. The enclosed form of proxy gives the persons named on it the authority to use their discretion in voting on amendments or variations to matters identified on the Notice of Meeting. At the time of printing this Circular, the management of International Prospect Ventures is not aware of any other matter to be presented for action at the Meeting. If, however, other matters do properly come before the Meeting, the persons named on the enclosed form of proxy will vote on them in accordance with their best judgment, pursuant to the discretionary authority conferred by the form of proxy with respect to such matters.

Changing your mind

If you want to revoke your proxy after you have delivered it, you can do so at any time before it is used. You may do this by (a) attending the Meeting and voting (either in person or by telephone conference); (b) signing a proxy bearing a later date; (c) signing a written statement which indicates, clearly, that you want to revoke your proxy and delivering this signed written statement to the registered office of International Prospect Ventures at Suite 530, 355 Burrard Street, Vancouver, British Columbia, V6C 2G8; or (d) in any other manner permitted by law.

Your proxy will only be revoked if the Company receives a revocation by 5:00 p.m. (Eastern) on the last business day before the day of the Meeting, or any adjournment thereof, or if a revocation is delivered to the person presiding at the Meeting before it (or any adjournment thereof) commences. If you revoke your proxy and do not replace it with another proxy that is deposited with us before the deadline, you can still vote your shares, but to do so you must attend the Meeting in person.

NON-REGISTERED SHAREHOLDERS

If your shares are not registered in your own name, they are likely held in the name of a “nominee”, usually a bank, trust company, securities dealer or other financial institution. Your nominee must seek your instructions as to how to vote your shares.

Accordingly, unless you have previously informed your nominee that you do not wish to receive material relating to shareholders’ meetings, you will have received this Circular from your nominee, together with a form of proxy or voting instruction form. If that is the case, **it is most important that you comply strictly with the instructions that have been given to you by your nominee on the voting instruction form.** If you have voted and wish to change your voting instructions, you should contact your nominee to discuss whether this is possible and what procedures you must follow.

If your shares are not registered in your own name, Odyssey Trust Company, the Company’s transfer agent, will not have a record of your name and, as a result, unless your nominee has appointed you as a proxyholder, will have no knowledge of your entitlement to vote. If you wish to vote at the Meeting by attending using the telephone conference call facility, please insert your own name in the space provided on the form of proxy or voting instruction form that you have received from your nominee. If you do this, you will be instructing your nominee to appoint you as proxyholder. Please adhere strictly to the signature and return instructions provided by your nominee. Our transfer agent, Odyssey Trust Company, who will serve as scrutineer for the Meeting, will register your attendance at the Meeting upon you dialing into the telephone conference call facility. See the Notice for the Meeting for instructions on how to preregister and receive dial-in instructions.

The Notice of Meeting and this Circular are being sent to both registered and non-registered owners of common shares of International Prospect Ventures. If you are a non-registered owner and we have sent these materials to you directly, your name and address and information about your holdings of common shares of the Company have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the securities on your behalf. By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii)

executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions form.

In accordance with National Instrument 54-101 – *Communication With Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”) of the Canadian Securities Administrators, the Company has elected to send proxy-related materials directly to non-objecting beneficial owners of its common shares. As the Company is unable to send proxy-related materials directly to the objecting beneficial owners (“**OBOs**”) of its common shares (because OBOs are beneficial shareholders who have objected to the release of security ownership details to issuers), proxy-related materials for the Meeting will be sent to OBOs indirectly through the intermediaries who hold securities on behalf of the OBOs. The intermediaries/brokers (or their service companies) are responsible for forwarding the proxy-related materials to their OBO clients. Management of the Company does not intend to pay for intermediaries to forward to their OBO clients the proxy-related materials and Form 54-101F7 – *Request for Voting Instructions Made by Intermediary* under NI 54-101 and, as such, OBOs will not receive the proxy-related materials in connection with the Meeting unless such OBO’s intermediary assumes the cost of delivery.

Non-registered shareholders are strongly encouraged to vote their shares using the voting instruction form received with the Notice of the Meeting and this Circular. Non-registered shareholders will only be entitled to vote at the Meeting if they appoint themselves as proxyholder using the voting instruction form provided to them by their nominee.

International Prospect Ventures has chosen not to use the notice-and-access delivery procedures provided by NI 54-101.

PART 2 - VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

International Prospect Ventures has authorized voting capital of an unlimited number of common shares without nominal or par value, of which 39,561,798 common shares were issued and outstanding as at the close of business on May 19, 2022. Each shareholder is entitled to one vote for each common share registered in their name at the close of business on May 19, 2022, the date fixed by our directors as the record date for determining who is entitled to receive notice of and to vote at the Meeting.

The following table lists those persons who, as of the date of this Circular and to the knowledge of our management, beneficially own or exercise control or direction over, directly or indirectly, 10% or more of International Prospect Ventures’ issued and outstanding common shares. Information as to shares beneficially owned or over which control or direction is exercised, directly or indirectly, has been furnished by the respective person or has been extracted from insider reports filed by the person and publicly available through the Internet on the Canadian System for Electronic Disclosure by Insiders (SEDI) at www.sedi.ca.

PART 3 - THE BUSINESS OF THE MEETING

FINANCIAL STATEMENTS

The audited annual consolidated financial statements of International Prospect Ventures for the year ended December 31, 2021, will be placed before you at the Meeting. These financial statements, as well as Management’s Discussion and Analysis for the year ended December 31, 2021, have been electronically filed with regulators and are available for viewing through the Internet on the Canadian System for Electronic Document Analysis and Retrieval (SEDAR) at www.sedar.com. Copies of our audited annual consolidated financial statements and Management’s Discussion and Analysis related thereto will also be available at the Meeting or upon request by any shareholder who wishes to receive a copy. You may contact International Prospect Ventures at 2864 chemin Sullivan, Val-d’Or, Québec J9P 0B9 – telephone (819) 824-2808; fax (819) 824-3379.

ELECTION OF DIRECTORS

Directors of International Prospect Ventures are elected for a term of one year. The term of office of each of the current directors will expire at the Meeting and each of the nominees for election as directors, if elected, will serve until the close of the next annual general meeting, unless such director resigns or otherwise vacates office before that time.

Number of Directors

Under our Articles, the number of directors may be fixed or changed from time to time by ordinary resolution, but shall not be fewer than three, the number of directors having been previously set by resolution of our shareholders at five. We currently have six directors, four of whom are standing for re-election at the Meeting. Jason Libenson and Martin J. Walter are not standing for re-election at the Meeting.

The Board of Directors believes that, at this stage of International Prospect Ventures' development, four directors is an optimum number to efficiently carry out the duties of the Board, as well as enhance the diversity of views, skills and experience the directors bring to the Board.

Unless they are instructed otherwise, the persons designated by management in the enclosed form of proxy intend to vote FOR setting the number of directors at four.

Nominees for Election as Directors

The following are the nominees proposed for election as directors of International Prospect Ventures, their principal occupation during the last five years, together with the number of common shares beneficially owned, directly or indirectly, or over which control or direction is exercised, as well as the number of incentive stock options and warrants held by each nominee as of the record date for the Meeting.

Scott Jobin-Bevans, Jason Libenson, Glenn J. Mullan, Robert I. Valliant, Martin J. Walter and C. Jens Zinke are the current directors of International Prospect Ventures, each previously elected as such by shareholders, other than Mr. Libenson who was appointed by the directors effective September 28, 2021. Jason Libenson and Martin J. Walter are not standing for re-election at the Meeting.

Each of the nominees has agreed to stand for election and we are not aware of any intention of any of them not to do so. However, if one or more of them should become unable to stand for election, it is likely that one or more other persons would be nominated at the Meeting for election and, in that event, the persons designated in the form of proxy will vote in their discretion for a substitute nominee.

International Prospect Ventures has not, as yet, adopted an advance notice policy for nominations by shareholders of director nominees, nor has it adopted a majority voting policy for election of directors at uncontested shareholder meetings at which directors are to be elected. See Part 6 – Corporate Governance – Nomination and Election of Directors.

Voting for election of directors of International Prospect Ventures is by individual voting and not by slate voting. You can vote your shares for the election of all of these nominees as directors of International Prospect Ventures, or you can vote for some of these nominees for election as directors and withhold your votes for others, or you can withhold all of the votes attaching to the shares you own and, thus, not vote for the election of any of these nominees as directors of International Prospect Ventures.

Management of International Prospect Ventures recommends that shareholders vote FOR the election of these four nominees as directors of International Prospect Ventures for the ensuing year. **Unless they are instructed otherwise, the persons designated by management in the enclosed form of proxy intend to vote FOR the election of these nominees as directors of International Prospect Ventures for the ensuing year.**

APPOINTMENT OF THE AUDITOR

At the Meeting, shareholders will be asked to vote for the appointment of MNP LLP as auditor of International Prospect Ventures, to hold office until the next annual general meeting of our shareholders or until a successor is appointed.

MNP LLP was first appointed by shareholders as auditor of International Prospect Ventures at the annual general meeting of shareholders held on June 27, 2016.

Pursuant to International Prospect Ventures' Articles, the directors are authorized to set the auditor's remuneration. See Part 7 – Audit Committee – External Auditor Service Fees.

We recommend that shareholders vote in favor of the appointment of MNP LLP as our auditor for the ensuing year. **Unless they are instructed otherwise, the persons designated by management in the enclosed form of proxy intend to vote FOR the appointment of MNP LLP as auditor of International Prospect Ventures until the close of our next annual general meeting.**

APPROVAL OF THE STOCK OPTION INCENTIVE PLAN, AS AMENDED AND RESTATED

The Board of Directors of International Prospect Ventures adopted a stock option incentive plan (the “**Option Plan**”) that reserves for issuance a maximum of 10% of the issued and outstanding common shares of International Prospect Ventures at the time of a grant of options (“**Options**”) under the Option Plan. The Option Plan was most recently approved by the shareholders of International Prospect Ventures at the last annual general meeting held on June 25, 2021.

On November 24, 2021, the TSX Venture Exchange (the “**Exchange**”), adopted a new policy 4.4 governing security based compensation (the “**New Policy 4.4**”). The changes to the policy relate to, among other things, the expansion of the policy to cover a number of types of security based compensation in addition to stock options.

On March 17, 2022, subject to ratification by the shareholders of the Company, the Board made a number of amendments to the Option Plan to incorporate the provisions of the New Policy 4.4. These changes include amendments allowing option holders to exercise options on a “cashless exercise” or “net exercise” basis, as now expressly permitted by the New Policy 4.4.

A cashless exercise mechanism is a method of exercising stock options whereby the company has an arrangement with a brokerage firm pursuant to which the brokerage firm:

- (i) agrees to loan money to an eligible person to purchase the option shares underlying the options to be exercised by the eligible person;
- (ii) then sells a sufficient number of option shares to cover the exercise price of the options in order to repay the loan made to the eligible person; and
- (iii) receives an equivalent number of option shares from the exercise of the options and the eligible person receives the balance of option shares pursuant to such exercise, or the cash proceeds from the sale of the balance of such option shares (or in such other portion of option shares and cash as the broker and eligible person may otherwise agree).

A net exercise mechanism is a method whereby stock options, excluding stock options held by any investor relations service provider, are exercised without the eligible person making any cash payment so the company does not receive any cash from the exercise of the subject options, and instead the eligible person receives only the number of underlying option shares that is the equal to the quotient obtained by dividing:

- (i) the product of the number of options being exercised multiplied by the difference between the volume weighted average price (“**VWAP**”) of the underlying option shares and the exercise price of the subject options; by
- (ii) the VWAP of the underlying option shares.

Under the New Policy 4.4, the VWAP is calculated using the 5-day volume weighted average trading price of an issuer's common shares prior to an option exercise.

As of the date of this Circular, International Prospect Ventures has an aggregate 39,561,798 common shares outstanding, 10% of which provides for a reserve of 3,956,179 common shares of International Prospect Ventures for issuance pursuant to Options granted under the Option Plan. The following table summarizes Options that have been granted by the Board of Directors to officers, directors and consultants of International Prospect Ventures,

which are outstanding as of the date of this Circular and entitle the purchase of an aggregate 3,815,312 common shares in the capital of International Prospect Ventures:

Date of Grant	Common shares underlying Options	Exercise price per share	Expiry Date
July 10, 2017	1,315,000	\$0.05	July 10, 2027
December 12, 2017	495,000	\$0.265	December 12, 2027
February 28, 2019	50,000	\$0.17	February 28, 2024
June 17, 2019	390,312	\$0.16	June 17, 2024
June 26, 2020	665,000	\$0.115	June 26, 2025
September 28, 2021	700,000	\$0.15	September 28, 2024
November 15, 2021	200,000	\$0.18	November 15, 2024

As of the date of this Circular, Options entitling the purchase of a further 140,867 common shares remain available for grant under the Option Plan.

See also Part 4 – Executive Compensation and Part 5 – Securities Authorized for Issuance Under Equity Compensation Plans.

A copy of the Option Plan, as amended and restated, is attached to this Information Circular as Schedule “C”, and is also available for viewing by shareholders at International Prospect Ventures’ registered office located at Suite 530, 355 Burrard Street, Vancouver, British Columbia, or at International Prospect Ventures’ offices located at 2864 chemin Sullivan, Val-d’Or, Québec, during normal business hours prior to the Meeting or any adjournment thereof. A copy of the Option Plan, as amended and restated, will also be available at the Meeting.

Summary of the Option Plan

The following is a summary of the principal terms of the Option Plan, as amended and restated, which is qualified in its entirety by reference to the text of the Option Plan, as amended and restated. All capitalized terms used herein and not defined shall have the meanings ascribed to them in the Option Plan.

Subject to adjustments as provided for under the Option Plan, the aggregate number of International Prospect Ventures’ common shares reserved for issuance under the Option Plan (the “**Option Shares**”), and the number of International Prospect Ventures common shares reserved for issuance under any other share compensation arrangement granted or made available by International Prospect Ventures from time to time, may not exceed 10% of the outstanding International Prospect Ventures common shares at the time of grant. The Option Plan must be approved and ratified by shareholders and submitted to the Exchange for approval on an annual basis.

The Option Plan is administered by the Board of Directors of International Prospect Ventures and provides for grants of Options to directors, officers and employees of, and consultants to, International Prospect Ventures (hereinafter referred to as “**Optionees**” or “**Eligible Persons**”) at the discretion of the Board.

The term of any Options granted under the Option Plan will be fixed by the Board of Directors and may not exceed ten years. The exercise price of Options granted under the Option Plan will be determined by the Board of Directors, but the exercise price must not be less than the Fair Market Value (as such term is defined in the Option Plan) of the Option Shares on the date of grant of the Option. As the common shares of International Prospect Ventures are listed on the Exchange, the Fair Market Value is the lowest price permitted by the Exchange.

Any options granted pursuant to the Option Plan will terminate at the end of the period of time (to be determined in each instance by the Board of Directors at the time of grant), such period of time to not be in excess of 12 months after the Optionee ceases to act as a director, officer or employee of, or consultant to, International Prospect Ventures or any of its affiliates, unless such cessation is on account of death, disability or termination of employment with cause; and if no such period of time is determined by the Board of Directors at the time of the

grant, the 30th day after the Optionee ceases to be an “eligible person” pursuant to the terms of the Option Plan for any reason other than death, disability or cause. If such cessation is on account of disability or death, the options terminate on the first anniversary of such cessation, and if it is on account of termination of employment with cause, the options terminate immediately.

Options granted to a person who is engaged in investor relations activities for International Prospect Ventures terminate on the 30th day after the person ceases to be employed to provide investor relations activities. The Option Plan also provides for adjustments to outstanding Options in the event of any consolidation, subdivision, conversion or exchange of the common shares of International Prospect Ventures. Our directors may, at their discretion at the time of any grant, impose a schedule over which period of time the Options will vest and become exercisable by the optionee.

In addition, for as long as the common shares of the Company are listed on the Exchange, the Company shall comply with the following requirements:

- (i) Options to acquire more than 2% of the issued and outstanding common shares of the Company may not be granted to any one consultant in any 12 month period;
- (ii) Options to acquire more than an aggregate of 2% of the issued and outstanding Common Shares of the Company may not be granted to persons employed to provide Investor Relations Activities (as defined in the policies of the Exchange) in any 12 month period;
- (iii) Options issued to Eligible Persons (as defined in the Option Plan) performing Investor Relations Activities must vest in stages over 12 months with no more than one-quarter of the Options vesting in any three month period;
- (iv) the approval of the Disinterested Shareholders of the Company shall be obtained:
 - A. where the aggregate number of common shares that are issuable under Options granted to Insiders (as defined in the Option Plan), as a group, together with any equity compensation awarded pursuant to all other share compensation arrangements, exceeds 10% of the Company’s outstanding common shares;
 - B. where the number of common shares that are issuable to Insiders, as a group, within any 12-month period, together with any equity compensation awarded pursuant to all other share compensation arrangements, exceeds 10% of the Company’s outstanding common shares, calculated at the date of grant of the Options;
 - C. for Options granted to any one individual in any 12 month period to acquire more than 5% of the issued and outstanding common shares of the Company, calculated as at the date of the grant of the Options;
 - D. for any amendment to or reduction in the exercise price of the Option, any amendment that would have the effect of decreasing the exercise price of the Option or the extension to the term of an outstanding Option, if the Optionee is an Insider of the Company at the time of the amendment;
 - E. for the Option Plan if the Option Plan, together with all of the Company’s previously established and outstanding stock option plans or grants, could result at any time in the grant to Insiders of the Company, within a 12-month period, of a number of common shares issuable on the exercise of Options exceeding 10% of the Company’s issued common shares;
 - F. for any individual Option grant or issue that would result in any of the limits set forth in sections 7(f)(iv)(A), (B) or (C) of the Option Plan being exceeded if the Company’s Option Plan does not permit these limits to be exceeded; and
 - G. any amendment to an Option that results in a benefit to an Insider, and for further clarity, if the Company cancels any Option and within one year grants or issues new Options to the same person, that is considered an amendment.

Options granted pursuant to the Option Plan shall be exercisable at such times and on the occurrence of such events, and be subject to such restrictions and conditions, as the Board shall in each instance approve and the full purchase price for each of the Option Shares shall be paid by certified cheque in favour of the Company upon exercise thereof. Without limiting the foregoing, the Board may, in its sole discretion, permit the exercise of an Option through either:

- (i) a cashless exercise (a “**Cashless Exercise**”) mechanism, whereby the Company has an arrangement with a brokerage firm pursuant to which the brokerage firm:
 - a. agrees to loan money to an Eligible Person to purchase the Option Shares underlying the Options to be exercised by the Eligible Person;
 - b. then sells a sufficient number of Option Shares to cover the exercise price of the Options in order to repay the loan made to the Eligible Person; and
 - c. receives an equivalent number of Option Shares from the exercise of the Options and the Eligible Person receives the balance of Option Shares pursuant to such exercise, or the cash proceeds from the sale of the balance of such Option Shares (or in such other portion of Option Shares and cash as the broker and Eligible Person may otherwise agree);

and

- (ii) a net exercise (a “**Net Exercise**”) mechanism, whereby Options, excluding Options held by any Investor Relations Service Provider, are exercised without the Eligible Person making any cash payment so the Company does not receive any cash from the exercise of the subject Options, and instead the Eligible Person receives only the number of underlying Option Shares that is the equal to the quotient obtained by dividing:
 - a. the product of the number of Options being exercised multiplied by the difference between the VWAP of the underlying Option Shares and the exercise price of the subject Options; by
 - b. the VWAP of the underlying Option Shares.

For greater certainty, Options granted to a person engaged in Investor Relations Activities may not be exercised using by way of Net Exercise.

An Optionee shall have none of the rights of a shareholder in respect of the Option Shares until the shares are issued to such Optionee.

Subject to the approval of any stock exchange on which the securities of International Prospect Ventures are then listed, the Board of Directors may terminate, suspend or amend the terms of the Option Plan, provided that the Board of Directors may not do any of the following without obtaining, within 12 months either before or after the adoption by the Board of Directors of a resolution authorizing such action, shareholder approval, and, where required, disinterested shareholder approval as contemplated by the policies of the Exchange, or by the written consent of the holders of a majority of the securities of International Prospect Ventures entitled to vote:

- (i) increase the aggregate number of common shares of International Prospect Ventures that may be issued under the Option Plan;
- (ii) materially modify the requirements as to the eligibility for participation in the Option Plan that would have the potential of broadening or increasing insider participation;
- (iii) add any form of financial assistance or any amendment to a financial assistance provision that is more favourable to participants under the Option Plan;
- (iv) add a cashless exercise feature, payable in cash or securities, which does not provide for a full deduction of the number of underlying securities from the Option Plan reserve; and
- (v) materially increase the benefits accruing to participants under the Option Plan.

Shareholder approval for the implementation or amendment of the Option Plan, or the grant, issuance or amendment of an Option, as required under the policies of the Exchange, can be given at a meeting of the shareholders after the implementation or amendment of the Option Plan or the grant, issuance or amendment of the Option, provided that:

- (i) in the case of an amendment to the Option Plan, no right under any Option that is granted or issued under the amended Option Plan may be exercised; and
- (ii) in the case of the grant, issuance or amendment of an Option, no right under any such Option may be exercised, before the meeting and that all relevant information concerning the approvals sought has been fully disclosed to the shareholders prior to the meeting. Any such shareholder approval must be obtained no later than the earlier of the Company's next annual meeting of its shareholders and 12 months from the amendment of the Option Plan or the grant, issuance or amendment of the Option, as the case may be.

If the requisite shareholder approval is not obtained: (1) in the case of an amendment to the Option Plan, the amendments to the Option Plan will terminate (the Company will revert to its previously existing option plan) and any Option that was granted or issued under the amendments to the Option Plan that could not have been granted under the previously existing Option Plan will terminate; (2) in the case of a grant or issuance of Options, the granted or issued Options will terminate; and (3) in the case of an amendment of an Option, the amendment will be of no force or effect.

However, the Board of Directors may amend the terms of the Option Plan to comply with the requirements of any applicable regulatory authority without obtaining shareholder approval, including:

- (i) amendments to the Option Plan of a housekeeping nature;
- (ii) a change to the vesting provisions of a security or the Option Plan (no acceleration of vesting requirements applicable to Options granted to a person engaged in Investor Relations Activities may be made or implemented, without the prior written approval of the Exchange); and
- (iii) a change to the termination provisions of a security or the Option Plan that does not entail an extension beyond the original expiry date.

Notwithstanding the date of expiration of the term of an Option determined in accordance with the Option Plan, the date of expiration of the term of an Option will be adjusted, without being subject to Board discretion and without shareholder approval, to take into account any Blackout Period (as defined in the Option Plan) imposed on the Optionee by the Company subject to the following requirements:

- (i) The Blackout Period must be formally imposed by the Company pursuant to its internal trading policies as a result of the bona fide existence of undisclosed Material Information (as defined in the Option Plan). For greater certainty, in the absence of the Company formally imposing a Blackout Period, the expiry date of any Option will not be automatically extended.
- (ii) The Blackout Period must expire following the general disclosure of the undisclosed Material Information. The expiry date of the affected Option can be extended to no later than 10 business days after the expiry of the Blackout Period.
- (iii) The automatic extension of an Optionee's Option will not be permitted where the Optionee or the Company is subject to a cease trade order (or similar order under applicable securities laws) in respect of the Company's securities.
- (iv) The automatic extension is available to all Eligible Persons under the Option Plan under the same terms and conditions.

We believe the Option Plan, as amended and restated, enables us to better align the interests of our directors and officers with those of our shareholders and reduces the cash compensation International Prospect Ventures would otherwise have to pay. Management of International Prospect Ventures recommends that shareholders vote in favour of the resolution to approve the Option Plan, as amended and restated. **Unless they are instructed otherwise, the persons designated by management in the enclosed form of proxy intend to vote FOR the resolution to approve the Option Plan, as amended and restated.**

PART 4 – EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The purpose of this Compensation Discussion and Analysis is to provide information about International Prospect Ventures' executive compensation objectives and processes and to discuss compensation decisions relating to its named executive officers (“**Named Executive Officers**”) who served in such capacity during the fiscal year ended December 31, 2021. For the purposes of this disclosure, the following individuals were the Named Executive Officers of International Prospect Ventures during the year ended December 31, 2021:

- Martin J. Walter, President and Chief Executive Officer (since June 26, 2020); and
- Glenn J. Mullan, Former President and Chief Executive Officer (June 21, 2018 to June 26, 2020) and Executive Chairman (since July 30, 2020); and
- Rico De Vega, Chief Financial Officer and Corporate Secretary (since June 21, 2018).

Compensation Objectives and Principles

As International Prospect Ventures is in an exploration stage with no significant revenue from operations, International Prospect Ventures operates with limited financial resources and controls costs to ensure that funds are available to fulfill its financial obligations. As a result, the Board of Directors has to consider not only the financial situation of International Prospect Ventures at the time of the determination of executive compensation, but also the estimated financial situation of International Prospect Ventures in the mid and long term. It is the view of International Prospect Ventures' Board of Directors that the primary goal of an executive compensation program is to attract, motivate and retain experienced, qualified individuals at the executive level. It is International Prospect Ventures' intention to create, in the fullness of time, such a program, designed to ensure that the compensation provided to its executive officers is determined with regard to the business strategy and objectives of International Prospect Ventures, such that the financial interests of the executive officers are matched with the financial interests of International Prospect Ventures' shareholders.

An important element of executive compensation is that of Options, which do not require cash disbursement by International Prospect Ventures. See “Option Based Awards” below.

Compensation Process and the Role of the Compensation and Corporate Governance Committee

The Compensation and Corporate Governance Committee is responsible for determining and recommending to the Board of Directors for approval all forms of compensation to be awarded to our President and Chief Executive Officer, as well as to International Prospect Ventures' directors, and for reviewing the Chief Executive Officer's recommendations regarding compensation of International Prospect Ventures' other officers, to ensure such arrangements reflect the responsibilities and risks associated with each position. When determining the compensation of International Prospect Ventures' executive officers, the Compensation and Corporate Governance Committee and the Board consider: (i) recruiting and retaining executives critical to International Prospect Ventures' success and the enhancement of shareholder value; (ii) providing fair and competitive compensation; (iii) balancing the interests of management and our shareholders; (iv) rewarding performance, both on an individual basis and with respect to operations in general; and (v) available financial resources.

The members of the Compensation and Corporate Governance Committee have experience relevant to executive compensation through their committee experiences with other companies, or through experience gained during their professional careers, and they bring a broad base of skills and experience that contributes to their abilities to make decisions on compensation policies and practices, including knowledge of the industry and operational experience, as well as financial and investment backgrounds.

The Compensation and Corporate Governance Committee may, as part of its review and evaluation process, refer to commercially available published reports on executive compensation or engage independent third party executive compensation consultants and be guided in part by reports prepared by such consultants. No such consultants were engaged, nor were any such reports relied on, during International Prospect Ventures' fiscal year ended December 31, 2021.

See Part 6 – Corporate Governance – Board Committees – Compensation and Corporate Governance Committee.

Option Based Awards

Long-term incentives in the form of options to purchase common shares of International Prospect Ventures are intended to align the interests of the directors and executive officers of International Prospect Ventures with those of its shareholders, to provide a long term incentive that rewards these individuals for their contribution to the creation of shareholder value, and to reduce the cash compensation International Prospect Ventures would otherwise have to pay. The Option Plan is administered by the Board of Directors of International Prospect Ventures. In establishing the number of Options to be granted, or in determining whether to make any new grants of Options, and the size and terms of any such grants, reference is made to, and the Board of Directors will consider, previous grants of Options and the overall number of Options that are outstanding relative to the number of outstanding International Prospect Ventures common shares, as well as the level of effort, time, responsibility, ability, experience and level of commitment of the executive officer in determining the level of Option compensation.

The Board of Directors has granted Options to its directors, officers, consultants and employees which, as of the date of this Circular, entitle the purchase of an aggregate 3,815,312 common shares of International Prospect Ventures.

See “Incentive Plan Awards – Outstanding Option-Based Awards” below, Part 3 – The Business of the Meeting – Approval of the Stock Option Incentive Plan, as Amended and Restated and Part 5 – Securities Authorized for Issuance Under Equity Compensation Plans.

Benefits and Perquisites

International Prospect Ventures does not, as of the date of this Circular, offer any benefits or perquisites to its Named Executive Officers, other than entitlement to Options as otherwise disclosed and discussed herein. International Prospect Ventures does not, as of the date of this Circular, offer any form of pension plan.

Risks Associated with International Prospect Ventures’ Compensation Practices

At the time of preparation of this Circular, International Prospect Ventures’ directors had not, collectively, considered the implications of any risks to International Prospect Ventures associated with decisions regarding compensation of its executive officers.

Hedging by Named Executive Officers or Directors

International Prospect Ventures has not, to date, adopted a policy restricting its executive officers and directors from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, which are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by executive officers or directors. As of the date of this Circular, entitlement to grants of Options under the Option Plan is the only equity security element available to International Prospect Ventures’ executive officers and directors.

Incentive Plan Awards

Outstanding Option-Based Awards

The following table sets out option-based awards granted to the Named Executive Officers that were outstanding on December 31, 2021. Other than Options, no share-based awards have been granted by International Prospect Ventures to our Named Executive Officers as of the date of this Circular.

⁽¹⁾ The value of unexercised “in-the-money options” at the financial year-end is the difference between the option exercise price and the market value of the underlying common shares on the TSX Venture Exchange on December 31, 2021. The closing price of the common shares on December 31, 2021, was \$0.16.

Value Vested or Earned During the Year

The value of Options vested is represented by the aggregate dollar value that would have been realized if Options had been exercised on the vesting date – that is, the difference between the market price of the underlying shares and the option exercise price on the vesting date.

Options granted by International Prospect Ventures to its Named Executive Officers are typically fully vested and exercisable on the date of grant and, as such:

- unless the option exercise price is less than the market price of the underlying shares on the date of grant, there is no value earned by the Named Executive Officers during the fiscal year in which the Options are granted; and
- there is no value earned by the Named Executive Officers during a subsequent fiscal year as Options granted during a prior fiscal year would have fully vested in the year of grant.

As there were no Options or any other form of equity or share-based awards, granted in during the fiscal year ended December 31, 2021, no value vested in favour of our Named Executive Officers during the fiscal year ended December 31, 2021, as a result of vesting or exercise.

No Options were exercised by our Named Executive Officers during the fiscal year ended December 31, 2021, and, as such, no value was earned by our Named Executive Officers during the fiscal year ended December 31, 2021, as a result of exercise of options.

Termination and Change of Control Benefits

International Prospect Ventures is not a party to any contract, agreement, plan or arrangement with its Named Executive Officers that provide for payments to Named Executive Officers at, following, or in connection with any termination (whether voluntary, involuntary or constructive), resignation or retirement, or as a result of a change of control of International Prospect Ventures or a change in a Named Executive Officer’s responsibilities.

Director Compensation

During the fiscal year ended December 31, 2021, International Prospect Ventures implemented compensation arrangements pursuant to which certain officers, who are not Named Executive Officers, are compensated by the Company for their services in their capacity as officers.

During the Company's most recently completed financial year, two of the Company's directors received a directors' fee of \$1,000 per month, paid monthly. The officer compensation arrangement and the monthly fee for the services payable thereunder were approved by the International Prospect Ventures' Compensation and Corporate Governance Committee and the Board of Directors with effect as at July 1, 2020.

Directors are entitled to be reimbursed for reasonable expenditures incurred in performing their duties as directors and International Prospect Ventures may, from time to time, grant Options to purchase common shares to its directors (see "Outstanding Option-Based Awards" below).

The following disclosure of director compensation during the most recently completed financial year ended December 31, 2021, excludes compensation of Glenn J. Mullan, a director of International Prospect Ventures and its Executive Chairman and former President and Chief Executive Officer and Martin J. Walter, a director of International Prospect Ventures and its President and Chief Executive Officer. Compensation for Messrs. Mullan and Walter is disclosed above at Part 4 – Executive Compensation – Summary Compensation Table.

PART 6 – CORPORATE GOVERNANCE

Corporate governance relates to the activities of the Board of Directors, the members of which are elected by and are accountable to the shareholders of the Company, and takes into account the role of the individual members of management who are appointed by the Board of Directors and who are charged with the day-to-day management of International Prospect Ventures. The Board of Directors of International Prospect Ventures is committed to sound corporate governance practices, which are in the interest of its shareholders and also contribute to effective and efficient decision making. The following is a summary of International Prospect Ventures' approach to corporate governance.

Composition of the Board of Directors

As of the date of this Circular, the Board of Directors of International Prospect Ventures is comprised of six directors, two of whom, Jason Libenson and Robert I. Valliant, are considered by the Board to be independent of management applying the guidelines contained in applicable securities legislation. In determining whether a director is independent, the Board considers, for example, whether a director has a relationship which could, or could be perceived to, interfere with the director's ability to objectively assess the performance of management. Glenn J. Mullan, by reason of his office as Executive Chairman and former President and Chief Executive Officer, Scott Jobin-Bevans, by reason of his office as Vice President Exploration, Martin J. Walter, by reason of his office as President and Chief Executive Officer, and C. Jens Zinke, by reason of his office as the former Chief Operating Officer, are not considered independent of management. Jason Libenson and Martin J. Walter are not standing for re-election at the Meeting to which this Circular relates.

Board consideration and approval is required for all material contracts, business transactions and all debt and equity financing proposals. The Board delegates to management, through the Chief Executive Officer, responsibility for meeting defined corporate objectives, evaluating new business opportunities and complying with applicable regulatory requirements. The Board also looks to management to furnish recommendations respecting corporate objectives.

Directorships in other Public Companies

As of the date of this Circular, the current directors of International Prospect Ventures are also directors of other reporting issuers as follows:

<u>Name of director</u>	<u>Reporting Issuer</u>
Scott Jobin-Bevans	Northern Shield Resources Inc. Nubian Resources Ltd. Sienna Resources Inc. Stroud Resources Ltd. Vision Lithium Inc. White Metal Resources Corp.
Glenn J. Mullan	Azimut Exploration Inc. Cleghorn Minerals Ltd. Gold Royalty Corp. Val-d'Or Mining Corporation
Robert I. Valliant	NewOrigin Gold Corp.
Martin J. Walter	Nubian Resources Ltd.
C. Jens Zinke	Val-d'Or Mining Corporation

Orientation and Continuing Education of Directors

International Prospect Ventures has not yet developed an official orientation or training program for directors. All of International Prospect Ventures' current directors are familiar with the mining industry and publicly traded companies in general and, as such, formal orientation has not, to date, been required. New directors will be provided with a thorough overview of International Prospect Ventures' business, properties, assets and operations, as well as strategic plans and objectives through discussions and meetings with other directors and with officers. Orientation activities will be tailored to the particular needs and experience of each director and the overall needs of the Board.

Management of International Prospect Ventures endeavours to provide a continuous flow of information to its directors for continuing education purposes relating to International Prospect Ventures' business and operations, as well as information and other initiatives intended to keep the Board abreast of new developments and challenges that International Prospect Ventures may face. Each director, by virtue of the role, is responsible for staying informed about International Prospect Ventures' business, as well as developments in the industry.

Ethical Business Conduct

The Board monitors the ethical conduct of International Prospect Ventures and its management to ensure that it complies with applicable legal and regulatory requirements, such as those of relevant securities commissions and stock exchanges. The Board has found that the fiduciary duties placed on individual directors by International Prospect Ventures' governing corporate legislation and common law, as well as the restrictions placed by applicable corporate legislation on the individual director's participation in decisions of the Board in which the director has an interest, are sufficient, at this time, to ensure that the Board operates independently of management and in the best interests of International Prospect Ventures and its shareholders.

As of the date of this Circular, International Prospect Ventures' Board of Directors has not adopted a code of ethics.

Nomination and Election of Directors

The Board considers its size each year when it determines the number of directors to recommend to shareholders for election at annual general meetings, taking into account the number required to carry out the Board's duties effectively and to maintain diversity of view and experience. In considering nominees for election as directors, the Board takes into consideration (a) the independence of each individual; (b) the competencies, skills and experience of the individual, as well as the individual's ability to engage in informed governance, strategic business development, risk assessment and management, and effective teamwork; (c) the personality of the individual and other qualities that could impact Board dynamics; and (d) International Prospect Ventures' strategic direction.

The Compensation and Corporate Governance Committee is responsible for identifying new candidates to recommend to the Board for nomination as directors of International Prospect Ventures (see "Board Committees – Compensation and Corporate Governance Committee").

We have not yet considered adopting an advance notice policy requiring that a shareholder proposing to nominate a person for election as a director at a meeting of shareholders must provide International Prospect Ventures with advance notice of, and prescribed details concerning, the proposed nominee.

Voting for election of directors of International Prospect Ventures is by individual voting and not by slate voting. International Prospect Ventures has not, as yet, adopted a majority voting policy for election of directors at uncontested shareholder meetings at which directors are to be elected.

Compensation

See "Board Committees – Compensation and Corporate Governance Committee", which follows, and see also Part 4 – Executive Compensation – Compensation Process and the Role of the Compensation and Corporate Governance Committee.

Board Committees

As of the date of this Circular, the Board of Directors of International Prospect Ventures has appointed an Audit Committee and a Compensation and Corporate Governance Committee.

Audit Committee

See Part 7 – Audit Committee.

Compensation and Corporate Governance Committee

Robert I. Valliant (Chair), Scott Jobin-Bevans and C. Jens Zinke are the members of the Compensation and Corporate Governance Committee. Dr. Valliant is considered to be "independent" of management applying the guidelines contained in applicable securities legislation. The Charter of the Compensation and Corporate Governance Committee is attached to this Circular as Schedule "A".

The Compensation and Corporate Governance Committee is responsible for, among other responsibilities, recommending to the Board the number of directors to be elected at each annual general meeting, as well as recommending nominees to be elected or appointed as directors. In doing so, the Compensation and Corporate Governance Committee considers the number of directors required to carry out the Board's duties effectively, strives to ensure that the Board of Directors is comprised of a majority of independent directors, and considers diversity of views and experience. Before selecting nominees, the Compensation and Corporate Governance Committee will assess a nominee's independence, experience, areas of expertise, diversity, perspective, business judgment and leadership capabilities, all in the context of assessing the perceived needs of our Board and International Prospect Ventures' business and operations.

The Compensation and Corporate Governance Committee is also responsible for defining terms of employment and compensation of senior executives, including succession planning, with a view to ensuring that International Prospect Ventures is able to recruit, retain and motivate performance-oriented executives. See Part 4 – Executive Compensation.

Assessments

The Board does not formally review the contributions of individual directors; however, it believes that its current size facilitates informal discussion and evaluation of members' contributions within that framework.

PART 7 – AUDIT COMMITTEE

Audit Committee Charter

The principal duties of the Audit Committee are to review annual financial statements and interim financial reports and all legally required disclosure documents containing financial information, and assist the Board of Directors in fulfilling its oversight responsibilities to shareholders. The Audit Committee is ultimately responsible for the policies and practices relating to the integrity of financial and regulatory reporting, as well as internal controls to achieve the objectives of safeguarding corporate assets, reliability of information, and compliance with policies and laws. The charter for the Audit Committee as adopted by our Board of Directors is attached as Schedule "B" hereto.

All three Audit Committee members are financially literate in that each has the ability to read and understand financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by International Prospect Ventures' financial statements. Jason Libenson is not standing for re-election at the Meeting.

Relevant Education and Experience

Each of the Audit Committee members is a business person with experience in financial matters garnered from working in his individual fields of endeavor; each has an understanding of accounting principles used to prepare financial statements and varied experience as to general application of such accounting principles, and each has an understanding of the internal controls and procedures necessary for financial reporting.

The following sets out the education and experience of the members of the Audit Committee:

Audit Committee Oversight

At no time since the commencement of International Prospect Ventures’ most recently completed financial year was a recommendation of the Audit Committee to nominate or compensate an external auditor not adopted by the Board of Directors.

Reliance on Certain Exemptions

As International Prospect Ventures is a “Venture Issuer” pursuant to relevant securities legislation, International Prospect Ventures is relying on the exemption in Section 6.1 of National Instrument 52-110 – *Audit Committees* (“NI 52-110”) from the requirements of Part 3 (*Composition of the Audit Committee*) and Part 5 (*Reporting Obligations*) of NI 52-110.

At no time since the commencement of our most recently completed financial year ended December 31, 2021, has International Prospect Ventures relied on the exemption in Section 2.4 of NI 52-110 (*De Minimis Non-audit Services*), or the exemptions in Section 6.1.1 of NI 52-110 with respect to composition of an audit committee of a venture issuer (*Circumstance Affecting the Business or Operations of the Venture Issuer, Events Outside Control of Member and Death, Incapacity or Resignation*), or an exemption from NI 52-110, in whole or in part, granted under Part 8 of NI 52-110.

Pre-Approved Policies and Procedures for Non-Audit Services

International Prospect Ventures’ Audit Committee Charter provides that the Audit Committee is to pre-approve any engagements for non-audit services to be provided to International Prospect Ventures by our external auditor prior to engaging the external auditor to perform such non-audit services, in light of the estimated fees and impact on the external auditor’s independence.

External Auditor Service Fees

See “Interest of Informed Persons in Material Transactions”, which follows.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Except as disclosed below, no proposed nominee for election as a director, and no director or executive officer of International Prospect Ventures who has served in such capacity since the beginning of International Prospect Ventures’ most recently completed financial year, and no shareholder holding of record or beneficially, directly or indirectly, more than 10% of International Prospect Ventures’ outstanding common shares, nor any of the respective associates or affiliates of any of the foregoing had or has any material interest in any transaction with International Prospect Ventures since the commencement of its most recently completed financial year ended December 31, 2021, or in any proposed transaction, that has materially affected International Prospect Ventures or is likely to do so.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Other than the election of directors and the approval of the Option Plan, as amended and restated, (under the terms of which the directors and officers of International Prospect Ventures are eligible to participate), none of the directors or executive officers of International Prospect Ventures, no proposed nominee for election as a director of International Prospect Ventures, none of the persons who have served as directors or executive officers of International Prospect Ventures at any time since the commencement of its most recently completed financial year ended December 31, 2021, and no associate or affiliate of any of the foregoing persons has any substantial interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting.

CEASE TRADE ORDERS AND BANKRUPTCY

Except as otherwise disclosed below, as at the date of this Circular, no proposed nominee for election as a director of International Prospect Ventures is, or has been, within 10 years before the date of this Circular:

1. a director, chief executive officer or chief financial officer of any company (including International Prospect Ventures and any personal holding company of the proposed director) that, while that person was acting in that capacity:
 - (a) was subject to:
 - (i) a cease trade order (including any management cease trade order which applied to directors or executive officers of a company, whether or not the person is named in the order); or
 - (ii) an order similar to a cease trade order; or
 - (iii) an order that denied the relevant company access to any exemption under securities legislation;
that was in effect for a period of more than 30 consecutive days (an “**Order**”); or
 - (b) was subject to an Order that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer;
or
2. a director or executive officer of any company (including International Prospect Ventures and any personal holding company of the proposed director) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

Scott Jobin-Bevans, a director of International Prospect Ventures, served as a director of Strike Minerals Inc. (“**Strike Minerals**”) from October 28, 2010 to February 3, 2014. On August 30, 2013, Strike Minerals announced that it was not able to file its annual financial statements and accompanying Management’s Discussion and Analysis for the financial year ended April 30, 2013, within the period prescribed for such filings, primarily as a result of additional time required to secure financing and, subsequently, for its auditor to complete the audit. Given the situation, Strike Minerals made an application to the Ontario Securities Commission (the “**OSC**”) for a management cease trade order (the “**MCTO**”), which MCTO was issued by the OSC on September 19, 2013, and restricted all trading in securities of Strike Minerals by its management until the required filings were completed. On February 12, 2014, the OSC issued a temporary order that all trading in the securities of Strike Minerals cease for a period of 15 days pending a hearing to determine if all trading in the securities of Strike Minerals would cease permanently or for such period as may be specified in the order by reason of the continued default; and as of February 25, 2014, the temporary order lapsed and was replaced by an order that all trading in the securities of Strike Minerals cease until the order is revoked by the OSC. On February 12, 2014, the British Columbia Securities Commission (the “**BCSC**”) issued an order similar to the cease trade order by the OSC; and on May 27, 2014, the Alberta Securities Commission (the “**ASC**”) issued an order similar to the cease trade order by the OSC. As of the date of this Circular, the cease trade orders issued by the OSC, the BCSC and ASC against Strike Minerals have not been revoked or rescinded. Strike Minerals filed A Notice of Intention to Make a Proposal under the Bankruptcy and Insolvency Act (Canada) (the “**BIA**”) on November 29, 2016.

PERSONAL BANKRUPTCY

As at the date of this Circular, no proposed nominee for election as a director of International Prospect Ventures has, within the ten years before the date of this Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

PENALTIES AND SANCTIONS

As at the date of this Circular, no proposed director of International Prospect Ventures (nor any of their personal holding companies) has been subject to:

1. any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or
2. any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable shareholder in deciding whether to vote for a proposed director.

OTHER MATTERS

We are not aware of any other matters to come before the Meeting other than as set forth in the Notice of Meeting that accompanies this Circular. If any other matter properly comes before the Meeting, it is the intention of the persons named in the enclosed form of proxy to vote the shares represented thereby in accordance with their best judgment on such matter.

 - E. for the Plan if the Plan, together with all of the Company's previously established and outstanding stock option plans or grants, could result at any time in the grant to Insiders of the Company, within a 12-month period, of a number of Option Shares exceeding 10% of the Company's issued Common Shares;

8. ADJUSTMENT OF AND CHANGES IN THE OPTION SHARES

- (a) If the Option Shares are at any time to be listed or quoted on any stock exchange or stock quotation system other than the TSXV, to the extent that there are any Options which are outstanding and unexercised at the time of such application for listing, the Option Price, the aggregate number of Option Shares, the exercise period, and any other relevant terms of such Options, and the Option Agreements in relation thereto, shall be amended in accordance with the requirements of any applicable securities regulation or law or any applicable governmental or regulatory body (including the Exchange). Subject to the requirements of the Exchange, any such amendment shall be effective upon receipt of Board approval of it, and the approval of any of the shareholders of the Company or any of the Optionees is not required to give effect to such amendment.
- (b) If the Option Shares, as presently constituted, are changed into or exchanged for a different number or kind of shares or other securities of the Company or of another Company (whether by reason of merger, consolidation, amalgamation, recapitalization, reclassification, split, reverse split, combination of shares, or otherwise) or if the number of such Option Shares are increased through the payment of a stock dividend, then there shall be substituted for or added to each Option Share subject to or which may become subject to an Option under this Plan, the number and kind of shares or other securities into which each outstanding Option Share is so changed, or for which each such Option Share is exchanged, or to which each such Option Share is entitled, as the case may be. Outstanding Options under the Option Agreements shall also be appropriately amended as to price and other terms as may be necessary to reflect the foregoing events. In the event that there is any other change in the number or kind of the outstanding Option Shares or of any shares or other securities into which such Option Shares are changed, or for which they have been exchanged, then, if the Board shall, in its sole discretion, determine that such change equitably requires an adjustment in any Option theretofore granted or which may be granted under the Plan, such adjustment shall be made in accordance with such determination. In the event there are insufficient Option Shares available under the Plan to satisfy any entitlement as a result of the payment of a stock dividend as provided for herein, the Company may settle these entitlements through cash or other means at its disposal. Any adjustment, other than in connection with a security consolidation or security split, to Options granted or issued under the Plan are subject to the prior acceptance of the TSXV, including adjustments related to an amalgamation, merger, arrangement, reorganization, spin-off, dividend or recapitalization.

- (c) Fractional shares resulting from any adjustment in Options pursuant to this Section 8 will be cancelled. Notice of any adjustment shall be given by the Company to each holder of an Option which has been so adjusted and such adjustment (whether or not such notice is given) shall be effective and binding for all purposes of the Plan.

9. PAYMENT

Subject as hereinafter provided, the full purchase price for each of the Option Shares shall be paid by certified cheque in favour of the Company upon exercise thereof. An Optionee shall have none of the rights of a shareholder in respect of the Option Shares until the shares are issued to such Optionee.

Without limiting the foregoing, the Board may, in its sole discretion, permit the exercise of an Option through either:

- (a) a cashless exercise (a “Cashless Exercise”) mechanism, whereby the Company has an arrangement with a brokerage firm pursuant to which the brokerage firm:
 - (i) agrees to loan money to an Eligible Person to purchase the Option Shares underlying the Options to be exercised by the Eligible Person;
 - (ii) then sells a sufficient number of Option Shares to cover the exercise price of the Options in order to repay the loan made to the Eligible Person; and
 - (iii) receives an equivalent number of Option Shares from the exercise of the Options and the Eligible Person receives the balance of Option Shares pursuant to such exercise, or the cash proceeds from the sale of the balance of such Option Shares (or in such other portion of Option Shares and cash as the broker and Eligible Person may otherwise agree);

and

- (b) a net exercise (a “Net Exercise”) mechanism, whereby Options, excluding Options held by any Investor Relations Service Provider, are exercised without the Eligible Person making any cash payment so the Company does not receive any cash from the exercise of the subject Options, and instead the Eligible Person receives only the number of underlying Option Shares that is the equal to the quotient obtained by dividing:
 - (i) the product of the number of Options being exercised multiplied by the difference between the VWAP of the underlying Option Shares and the exercise price of the subject Options; by
 - (ii) the VWAP of the underlying Option Shares.

For greater certainty, Options granted to a person engaged in Investor Relations Activities may not be exercised using by way of Net Exercise.

10. WITHHOLDING TAX REQUIREMENTS

Upon exercise of an Option, the Optionee shall, upon notification of the amount due and prior to or concurrently with the delivery of the certificates representing the Option Shares, pay to the Company amounts necessary to satisfy applicable withholding tax requirements or shall otherwise make arrangements satisfactory to the Company for such requirements. In order to implement this provision, the Company or any related corporation shall have the right to retain and withhold from any payment of cash or issuance of Option Shares under this Plan the amount of taxes required to be withheld or otherwise deducted and paid with respect to such payment. At its discretion, the Company may require an Optionee receiving Option Shares to reimburse the Company for any such taxes required to be withheld by the Company and withhold any distribution to the Optionee in whole or in part until the Company is so reimbursed. In lieu thereof, the Company shall have the right to withhold from any cash amount due or to become due from the Company to the Optionee an amount equal to such taxes. The Company may also retain and withhold or the Optionee may elect, subject to approval by the Company at its sole discretion, to have the Company retain and withhold a number of Option Shares having a market value not less than the amount of such taxes required to be withheld by the Company to reimburse the Company for any such taxes and the corresponding Option Shares so withheld will not be issued. Notwithstanding the discretion granted to the Company pursuant to the foregoing, the exercise price of any Option must be paid in cash.

11. SECURITIES LAW REQUIREMENTS

No Option shall be exercisable in whole or in part, nor shall the Company be obligated to issue any Option Shares pursuant to the exercise of any such Option, if such exercise and issuance would, in the opinion of counsel for the Company, constitute a breach of any applicable laws from time to time, or the rules from time to time of the Exchange. Each Option shall be subject to the further requirement that if at any time the Board determines that the listing or qualification of the Option Shares under any securities legislation or other applicable law, or the consent or approval of any governmental or other regulatory body (including the Exchange), is necessary as a condition of, or in connection with, the issue of the Option Shares hereunder, such Option may not be exercised in whole or in part unless such listing, qualification, consent or approval has been effected or obtained free of any conditions not acceptable to the Board.

12. AMENDMENT OF THE PLAN

- (a) The Board may amend, suspend or terminate the Plan or any portion thereof at any time, but an amendment may not be made without shareholder approval if such approval is necessary to comply with any applicable regulatory requirement.
- (b) The Board shall have the power, in the event of:
 - (i) any disposition of substantially all of the assets of the Company, dissolution or any merger, amalgamation or consolidation of the Company, with or into any other Company, or the merger, amalgamation or consolidation of any other Company with or into the Company; or

- (ii) any acquisition pursuant to a public tender offer of a majority of the then issued and outstanding Common Shares;

but subject to compliance with the rules of the Exchange, to amend any outstanding Options to permit the exercise of all such Options prior to the effectiveness of any such transaction, and to terminate such Options as of such effectiveness in the case of transactions referred to in subsection (i) above, and as of the effectiveness of such tender offer or such later date as the Board may determine in the case of any transaction described in subsection (ii) above. If the Board exercises such power, all Options then outstanding and subject to such requirements shall be deemed to have been amended to permit the exercise thereof in whole or in part by the Optionee at any time or from time to time as determined by the Board prior to the effectiveness of such transaction, and such Options shall also be deemed to have terminated as provided above. No acceleration of vesting requirements applicable to Options granted to a Person engaged in Investor Relations Activities may be made or implemented, without the prior written approval of the TSXV.

13. POWER TO TERMINATE OR AMEND PLAN

Subject to the approval of any stock exchange on which the Company's securities are listed, the Board may terminate, suspend or amend the terms of the Plan; provided, that the Board may not do any of the following without obtaining, within 12 months either before or after the Board's adoption of a resolution authorizing such action, shareholder approval, and, where required, Disinterested Shareholder approval, or by the written consent of the holders of a majority of the securities of the Company entitled to vote:

- (a) increase the aggregate number of Common Shares which may be issued under the Plan;
- (b) materially modify the requirements as to the eligibility for participation in the Plan which would have the potential of broadening or increasing Insider participation;
- (c) add any form of financial assistance or any amendment to a financial assistance provision which is more favourable to participants under the Plan;
- (d) add a cashless exercise feature, payable in cash or securities, which does not provide for a full deduction of the number of underlying securities from the Plan reserve; and
- (e) materially increase the benefits accruing to participants under the Plan.

Shareholder approval for the implementation or amendment of the Plan, or the grant, issuance or amendment of an Option, as required under the policies of the TSXV, can be given at a meeting of the shareholders after the implementation or amendment of the Plan or the grant, issuance or amendment of the Option, provided that:

- (i) in the case of an amendment to the Plan, no right under any Option that is granted or issued under the amended Plan may be exercised; and
- (ii) in the case of the grant, issuance or amendment of an Option, no right under any such Option may be exercised, before the meeting and that all

relevant information concerning the approvals sought has been fully disclosed to the shareholders prior to the meeting. Any such shareholder approval must be obtained no later than the earlier of the Company's next annual meeting of its shareholders and 12 months from the amendment of the Plan or the grant, issuance or amendment of the Option, as the case may be.

If the requisite shareholder approval is not obtained: (1) in the case of an amendment to the Plan, the amendments to the Plan will terminate (the Company will revert to its previously existing Plan) and any Option that was granted or issued under the amendments to the Plan that could not have been granted under the previously existing Plan will terminate; (2) in the case of a grant or issuance of Options, the granted or issued Options will terminate; and (3) in the case of an amendment of an Option, the amendment will be of no force or effect.

However, the Board may amend the terms of the Plan to comply with the requirements of any applicable regulatory authority without obtaining shareholder approval, including:

- (a) amendments of a housekeeping nature to the Plan;
- (b) a change to the vesting provisions of a security or the Plan (no acceleration of vesting requirements applicable to Options granted to a Person engaged in Investor Relations Activities may be made or implemented, without the prior written approval of the TSXV); and
- (c) a change to the termination provisions of a security or the Plan which does not entail an extension beyond the original expiry date.

14. AMENDMENT OF EXPIRATION OF TERM OF OPTION DURING BLACKOUT PERIOD

Notwithstanding the date of expiration of the term of an Option determined in accordance with this Plan ("Fixed Term"), the date of expiration of the term of an Option will be adjusted, without being subject to Board discretion and without shareholder approval, to take into account any Blackout Period imposed on the Optionee by the Company subject to the following requirements:

- (a) The Blackout Period must be formally imposed by the Company pursuant to its internal trading policies as a result of the bona fide existence of undisclosed Material Information. For greater certainty, in the absence of the Company formally imposing a Blackout Period, the expiry date of any Option will not be automatically extended.
- (b) The Blackout Period must expire following the general disclosure of the undisclosed Material Information. The expiry date of the affected Option can be extended to no later than 10 business days after the expiry of the Blackout Period.
- (c) The automatic extension of a Optionee's Option will not be permitted where the Optionee or the Company is subject to a cease trade order (or similar order under Securities Laws) in respect of the Company's securities.

- (d) The automatic extension is available to all Eligible Persons under the Plan under the same terms and conditions.

15. SHAREHOLDER APPROVAL

This Plan is subject to the approval of the shareholders of the Company yearly at each annual general meeting of the Company.
