## **ARCHON APPOINTS NEW DIRECTOR**

June 6, 2025 – Vancouver, British Columbia

TSX.V: ACS

Archon Minerals Limited (“Archon” or the “Company”) announces that Ross Blusson has retired as a director of the Company. Mr. Blusson, a geologist and mining executive, has been a member of the board since Archon’s inception in 1993. To fill the vacancy created by Mr. Blusson’s retirement, the Company is appointing Masoud Saidi as a director, effective immediately. Dr. Saidi holds Master of Science in Electronics Engineering from Northeastern University, as well as a Doctor of Dental Medicine degree from the University of British Columbia. Prior to his current occupation as a dentist, Dr. Saidi flew commercial helicopters for mining exploration support in the Northwest Territories.

“We are deeply grateful to Ross for his decades of service to Archon,” says Stewart Blusson, President and CEO. “He has steadfastly looked after shareholder interest and he was a real stalwart for the company. In addition, he has been my most trusted confidante over the years. Thank you, Ross, for your dedication and loyalty.

“We are also very pleased to welcome Masoud Saidi to the board. Masoud runs a successful dental practice in Langley. His excellent business sense and his keen interest in mining will make him a great addition to the team.”
