MANAGEMENT PROXY INFORMATION CIRCULAR

July 15, 2019

Notice and Access System

The Canadian Securities Administrators have adopted amendments to NI 54-101 and National Instrument 51-102 Continuous Disclosure Obligations ("NI 51-102") that are intended to improve communications between reporting issuers and shareholders in the proxy voting process. The amendments came into force on February 11, 2013, and highlights include: (i) the introduction of a "notice-and-access" system for sending proxy-related materials to registered and beneficial owners of securities; (ii) enhanced disclosure requirements regarding the beneficial owner voting process; and (iii) simplifying the process for appointing beneficial owners of securities as proxy holders for the purposes of attending and voting at shareholder meetings.

Under the notice-and-access provisions, reporting issuers are permitted to deliver proxy-related materials by posting them on SEDAR as well as a website other than SEDAR and sending a notice package to registered and beneficial owners. The notice package must include: (i) the relevant form of proxy or voting information form; (ii) basic information about the meeting and the matters to be voted on; (iii) instructions on how to obtain a paper copy of the Information Circular and other material disclosure documents if applicable; and (iv) a plain-language explanation of how the new notice-and-access system operates and how proxy-related materials can be accessed online. Where prior consent has been obtained, a reporting issuer can send this notice package to registered and beneficial owners electronically (*eg.* electronic mail). This notice package must be mailed to registered and beneficial owners from whom consent to electronic delivery has not been received.

Under the amended rules, the notice-and-access system can also be used by reporting issuers to deliver annual financial statements and corresponding management discussion and analysis required under NI 51-102. Consistent with the period of time within which a reporting issuer must fulfill requests for paper copies of proxy-related materials, any person using the notice-and-access system must ensure that proxy-related materials are on the non-SEDAR website for a period of one year from the date of posting.

The Corporation intends to use, to the fullest extent possible, notice-and-access for its proxy-related communications with Shareholders.

Notwithstanding the new notice-and-access system, the *Business Corporations Act* (Alberta) ("ABCA") subjects the Corporation to two additional requirements. First, the Corporation must deliver the annual financial statements to registered shareholders unless such registered shareholders inform the issuer in writing that they do not want a copy of the annual financial statements. A registered shareholder that does not waive the delivery of the annual financial statements must be provided a written copy of such statements unless they provide written consent to electronic delivery. Second, the Corporation is required to deliver a printed copy of the Information Circular to a registered shareholder unless such shareholder provides written consent to electronic delivery. In order to ensure compliance with the ABCA, registered Shareholders will be mailed a copy of this Information Circular unless the Corporation has received written consent to the electronic delivery hereof.

Computershare Trust Company of Canada ("Computershare"), the Corporation's transfer agent (the "Transfer Agent"), is the approved intermediary for mailing proxy related materials to registered owners.

Solicitation of Proxies

This proxy circular is distributed within the framework of the solicitation by the management of the Corporation of proxies to be used at the Meeting of shareholders of the Corporation. Interest of Certain Persons in Matters to be Acted Upon

To the knowledge of the Corporation, except for the information herein disclosed, none of the members of the Board of Directors or of the upper management of the Corporation or any applicants for a position of director or any associate or affiliate of any of the above-mentioned persons has an interest in any matters to be acted upon at the Meeting.

The authorized capital stock of the Corporation consists of an unlimited number of Common Shares without par value.

On July 5, 2019, which is the record date for the Meeting, there were 237,449,683 Common Shares of the Corporation issued and outstanding, giving the holders the right to one vote per share. Only the shareholders registered in the books of the Corporation as at July 5, 2019 are entitled to vote. The right to vote not being limited to the shareholders registered as of a set date, any person who becomes a shareholder of the Corporation between the record date and the day of the Meeting shall be entitled to vote by producing his/her share certificate duly registered in his/her name at the Meeting.

To the knowledge of the management of the Corporation, the only persons exercising directly or indirectly control or direction over more than 10% of the voting rights enclosed to the Common Shares of the Corporation other than Peter J. Byrne (jointly with Joan Byrne), and Allison Radford is:

Exercise of Voting Rights by Non-Registered Shareholders

If you are a non-registered shareholder (that is, if your shares are registered in the name of an intermediary such as a securities broker, clearing agency, financial institution, trustee or custodian), you should carefully follow the instructions on the request for voting instructions or form of proxy that you receive from the intermediary, in order to vote the shares of the Corporation that you hold with that intermediary. Non-registered shareholders should follow the voting instructions provided to them by their intermediary. The non-registered shareholder, who wishes to attend the Meeting and vote in person (or have another person attend and vote on behalf of the non-registered shareholder), should insert his own name (or such other person's name) in the blank space provided in the request for voting instructions or form of proxy to appoint himself (or such other person) as proxy holder and then follow his intermediary's instructions for returning the request for voting instructions or proxy form.

MATTERS TO BE ACTED UPON AT THE MEETING

1. Presentation of Audited Financial Statements

The audited consolidated financial statements of the Corporation for the 12 month period ending December 31, 2018 and the report of the auditors on those financial statements will be presented by management. Copies can be viewed on SEDAR at www.sedar.com. No formal action will be taken at the meeting to approve the financial statements. The Board has approved the financial statements upon the recommendation of the Audit Committee prior to filing and delivery to shareholders.

2. Fix Number of Directors of the Corporation

Shareholders of the Corporation will be asked to consider and, if deemed appropriate, to approve and fix the number of directors to be elected at the Meeting, or any adjournment or adjournments thereof, to four (4) directors to hold office until the next annual general meeting or until their successors are elected or appointed.

The persons named in the enclosed form of proxy will vote in favour of fixing the number of directors to be elected to be four (4) as mentioned above unless the shareholder signatory of the proxy has indicated his/her will to abstain from voting.

3. Election of the Directors of the Corporation

The shareholders are invited to elect the four (4) of the persons mentioned in the table below as directors or if not included in the table below a shareholder may nominate a director for election. Each director elected at the Meeting shall hold office until the following Annual General Meeting or until the election of his/her replacement, unless he/she resigns or his/her office becomes vacant through to death or any reason stated in accordance with the by-laws of the Corporation.

The persons named in the enclosed form of proxy will vote in favour of the appointment of the nominees mentioned hereunder unless the shareholder signatory of the proxy has indicated his/her will to abstain from voting.

Management of the Corporation does not contemplate that any of the nominees will, for any reason, become unable or unwilling to serve as a director. However, if any change should occur prior to the Meeting, the persons mentioned in the enclosed form of proxy reserve the right to vote for other nominees of their choice.

5. Continuation of Stock Option Plan

Shareholders will be asked to vote to continue with the Corporation's Stock Option Plan.

The Stock Option Plan will continue to permit that 10% of the Corporation's issued and outstanding shares are to be set aside and reserved for stock options on a rolling basis. The limit remains for Directors at 1,250,000 shares and a separate limit remains for Officers, employees and consultants for 1,250,000 shares. The form of Stock Option Plan to be approved and ratified is attached as Appendix "B".

The persons named in the enclosed proxy form intend to vote in favour of the resolution authorizing the continuation of the Stock Option Plan of the Corporation unless the shareholder giving the proxy has indicated his/her will to vote against with respect of such matters.

6. Share Consolidation

At the Meeting, or any adjournment or adjournments thereof, shareholders of the Corporation (collectively "Shareholders" and each a "Shareholder") will be asked to consider and approve, with or without variation and, if deemed appropriate, a special resolution (the "Consolidation Resolution") authorizing an amendment to the articles of the Corporation to consolidate (the "Share Consolidation") its issued and outstanding Common Shares on a basis of one (1) post-consolidation Common Share for every five (5) pre-consolidation Common Shares (the "Consolidation Ratio"). The text of the Consolidation Resolution to be voted on at the Meeting, or any adjournment or adjournments thereof, by the Shareholders is set forth under the heading "*Consolidation Resolution*" below.

If approved by Shareholders and implemented by the Board, the Share Consolidation will occur simultaneously for all of the Common Shares. The Consolidation Ratio will be the same for all such Common Shares and will affect all holders of Common Shares uniformly and will not affect any Shareholder's percentage ownership interest in the Corporation, except to the extent that the Share Consolidation would otherwise result in any Shareholder owning a fractional Common Share. No fractional Common Shares of the Corporation will be issued upon implementation of the Share Consolidation. All fractions of post-consolidation Common Shares will be rounded to the next lowest whole number if the first decimal place is less than five (5) and rounded to the next highest whole number if the first decimal place is five (5) or greater.

As the Corporation currently has an unlimited number of Common Shares authorized for issuance, the Share Consolidation will not have any effect on the number of Common Shares that remain available for future issuance. As at the date hereof, the Corporation has 237,449,683 pre-consolidation Common Shares issued and outstanding. Assuming a Consolidation Ratio of 5:1 upon completion of the Share Consolidation, the number of post-consolidation Common Shares issued and outstanding will be approximately 47,489,937 post-consolidation Common Shares (on a non-diluted basis and subject to rounding to account for fractional shares). The Share Consolidation will not affect any Shareholder's percentage ownership in the Corporation, even though such ownership will be represented by a smaller number of Common Shares. The Share Consolidation will reduce proportionately the number of Common Shares held by all Shareholders.

The background to and reasons for the Share Consolidation, certain risks associated with the Share Consolidation and related information are described below.

Background and Reasons for the Share Consolidation

On July 3, 2019, the Corporation completed its previously announced transaction (the “Transaction”) pursuant to which the Corporation redeemed in full the CAD\$6,865,000 principal amount (the “Principal Amount”) of outstanding 7.50% convertible unsecured subordinated debentures due April 30, 2021 (the “Debentures”) in exchange for the issuance of Common Shares in full satisfaction of the Principal Amount and the payment in cash of all accrued and unpaid interest owing on the Debentures. Pursuant to the Transaction, all of the Debentures were redeemed and all claims of the holders of Debentures were extinguished in exchange for an aggregate of 180,657,895 Common Shares issued in full satisfaction of the Principal Amount on the basis of a price of CAD\$0.038 per Common Share (the “Current Market Price”) and the payment in cash of an amount equal to the accrued but unpaid interest owing up to but excluding July 3, 2019, being the effective date of the Transaction.

Exchange Share Issuance Requirements

The TSX Venture Exchange (the “Exchange”) regulates the issuance of listed securities, such as the issuance of Common Shares upon redemption of the Debentures pursuant to the Transaction. In accordance with Section 1.2 of Policy 1.1 (Interpretation) of the Exchange, the Exchange will not generally permit Listed Shares (as defined therein) to be issued from treasury at a price less than CAD\$0.05 per Listed Share nor will the Exchange generally permit any securities convertible into Listed Shares including incentive stock options and warrants to be issued with an effective conversion price of less than CAD\$0.05 per Listed Share.

The Current Market Price at which the Common Shares were issued pursuant to the Transaction did not meet the minimum price as required by Policy 1.1 of the Exchange, and as a condition to the approval of the Transaction by the Exchange, the Corporation was required to deliver, and delivered, to the Exchange an executed undertaking (the “Undertaking”) by which the Corporation agreed to (i) no later than the earlier of the Corporation's next annual general meeting and six (6) months from the completion of the Transaction, seek Shareholder approval for a consolidation of the Common Shares at such a ratio that will result in a redemption price to effectively be not less than CAD\$0.05 per Common Share on a post-consolidation basis, and (ii) if Shareholder approval is obtained for the Share Consolidation, to complete such Share Consolidation as soon as reasonably practicable after receiving such requisite Shareholder approval.

The Board has determined that the Share Consolidation at the Consolidation Ratio will result in a price per Common Share greater than CAD\$0.05. Accordingly, the Board believes that it is in the best interests of the Corporation to approve the Share Consolidation so as to meet the requirement of the Exchange as discussed above.

The Share Consolidation is subject to regulatory approval, including approval of the Exchange and Shareholders. If these approvals are received, the Share Consolidation will occur at a time determined by the Board and announced by a press release of the Corporation (the “Effective Date”). Notwithstanding the required approvals being received and subject to approval by the Exchange, the Board, in its sole discretion may revoke the Consolidation Resolution and abandon the Share Consolidation without further approval by, or prior notice to, Shareholders.

Certain Risks Associated with the Share Consolidation

There can be no assurance that the total market capitalization of the Common Shares (the aggregate value of all Common Shares at the then-market price) immediately after the Share Consolidation will be equal to or greater than the total market capitalization immediately before the Share Consolidation. In addition, there can be no assurance that the market price of the Common Shares will increase as a result of the Share Consolidation.

If the Share Consolidation is implemented, it may result in some Shareholders owning “odd lots” of Common Shares. An odd lot is a holding of Common Shares that is below a minimum number of shares established by the Exchange based on the current market price of such shares (such minimum number being a “board lot”). Odd lots may be more difficult to sell, or require greater transaction costs per Common Share to sell relative to Common Shares in board lots (being groups of shares equal to or greater than the required minimum).

Effect on Share Certificates

If the approvals required for the Share Consolidation are obtained and the Board decides to implement the Share Consolidation, registered Shareholders will be required to exchange their share certificates representing pre-consolidation Common Shares for new share certificates representing post-consolidation Common Shares. Enclosed with this Information Circular is a letter of transmittal (the “Letter of Transmittal”) to be used by registered Shareholders for the purpose of surrendering their certificates representing pre-consolidation Common Shares in exchange for new share certificates representing post-consolidation Common Shares. Following receipt of all necessary approvals and announcement by the Corporation of the Effective Date of the Share Consolidation, Shareholders must complete and return the Letter of Transmittal, along with their share certificates representing the pre-consolidation Common Shares, to Computershare Investor Services Inc. at P.O. Box 7021, 31 Adelaide Street E, Toronto, ON, M5C 3H2 Attn: Corporate Actions, as soon as practicable after the Effective Date.

Immediately after the Share Consolidation, share certificates representing pre-consolidation Common Shares will (i) not constitute good delivery for the purposes of trades of Common Shares post-consolidation, and (ii) be deemed for all purposes to represent the number of Common Shares to which the Shareholder is entitled as a result of the Share Consolidation. No delivery of a new share certificate to a Shareholder will be made until the Shareholder surrenders its certificates representing the pre-consolidation Common Shares along with the Letter of Transmittal to the Transfer Agent in the manner detailed therein.

Effect on Non-Registered Holders

Non-Registered beneficial holders holding their Common Shares through a bank, broker or other nominee should note that such banks, brokers or other nominees may have specific procedures for processing the Share Consolidation. If you hold your Common Shares with such a bank, broker or other nominee and if you have any questions in this regard, you are encouraged to contact your nominee.

Effects on Stock Options

On the Effective Date, the exercise or conversion price and/or the number of Common Shares issuable under any outstanding convertible securities, including the Corporation's stock options, will be proportionally adjusted in accordance with the terms of such securities based on the Share Consolidation. Any adjustment to the exercise or conversion price of such convertible securities will be an increase in inverse proportion to the reduction in the number of Common Shares based on the

Consolidation Ratio, while any adjustment to the number of Common Shares issuable upon the exercise of such convertible securities will be a reduction in such number of Common Shares proportionate to the reduction in the number of issued and outstanding Common Shares under the Share Consolidation.

The number of Common Shares authorized for issuance under the Corporation's Stock Option Plan will be adjusted such that the number of Common Shares available for issuance under the Stock Option Plan will be reduced on the same proportionate basis as the issued and outstanding Common Shares based on the Consolidation Ratio.

Consolidation Resolution

Pursuant to section 173(1)(h) of the *Canada Business Corporations Act* (the "Act"), the Consolidation Resolution must be approved by not less than 66 2/3% of the votes cast at the Meeting, or any adjournment or adjournments thereof, by Shareholders present in person or represented by proxy. At the Meeting, or any adjournment or adjournments thereof, Shareholders will be asked to consider, and if deemed appropriate, to pass, with or without variation, the Consolidation Resolution, as set forth below:

NOW THEREFORE BE IT RESOLVED BY SPECIAL RESOLUTION THAT:

1. pursuant to section 173(1)(h) of the Act, the articles of the Corporation be and are hereby amended by changing the number of issued and outstanding Common Shares in the capital of the Corporation on the basis of one (1) Common Share (on a post-consolidation basis) for each five (5) Common Shares presently issued and outstanding (the "Share Consolidation");
2. any one director or officer of the Corporation be and is hereby authorized and directed for and on behalf of the Corporation (whether under its corporate seal or otherwise) to execute and deliver articles of amendment and all other documents, deeds, instruments and assurances and to take all such other actions as such officer or director may deem necessary or desirable to implement this resolution and the matters authorized hereby, including, without limitation, to complete all transactions in connection with the Share Consolidation, such determination to be conclusively evidenced by the execution and delivery of such documents and other instruments or the taking of any such actions; and
3. notwithstanding the approval of this special resolution by the shareholders of the Corporation, the directors of the Corporation are hereby authorized and empowered without further notice to or approval of the shareholders of the Corporation to revoke this resolution at any time before the issuance of a Certificate of Amendment in respect of the foregoing.

The persons named in the enclosed form of proxy shall vote FOR the foregoing resolution approving the Share Consolidation, unless instructed otherwise.

Executive Compensation

For the purposes of Form 52-102F6, "Named Executive Officer" or "NEO" refers to the Chief Executive Officer, the Chief Financial Officer and each of the Corporation's three most highly compensated executive officers, other than the Chief Executive Officer and the Chief Financial Officer, who were serving as executive officers as at the end of the most recently completed financial year and whose total compensation exceeded \$150,000. Based on the foregoing definition, during the year ended December 31, 2018, the Corporation had three NEOs:

Allison Radford, Chief Executive Officer ("CEO")
Peter J. Byrne, Executive Chairman ("EC")
Sarah Stelmack, Chief Financial Officer ("CFO")

Compensation Discussion and Analysis

The Corporation's compensation program is comprised of two primary elements: base salary and annual incentive plan; and option based awards, in the form of participation in the Corporation's stock option plan (the "Stock Option Plan").

Base Salary/Annual Incentive

Although a formal process has not been adopted, as a general rule for establishing base salaries or consulting fees, the Board of Directors reviews competitive market data for each of the executive positions and determines placement at an appropriate level.

Compensation levels are typically negotiated with the candidate for the position prior to his or her selection as an executive officer. Salaries for the executive officers are reviewed biennially to reflect external factors such as inflation as well as overall corporate performance and the executive's performance.

Beginning in 2015, annual incentive is based on the officer's ability to achieve performance targets as set by the members of the Board on an annual basis. No annual incentive was approved or paid for 2016, 2017 or 2018 performance.

Option Based Awards

The Corporation has a Stock Option Plan for the granting of stock options to the directors, officers, employees and consultants. The purpose of granting such stock options is to assist the Corporation in compensating, attracting, retaining and motivating such persons. The allocation of options under the Stock Option Plan is determined by the Board of Directors which, in determining such allocations, considers such factors as previous grants to individuals, overall Corporation performance, share price performance, the business environment and labour market, the role and performance of the individual in question and, in the case of grants to non-executive directors, the amount of time directed to the Corporation's affairs.

The Corporation believes that participation by the NEOs in the Stock Option Plan aligns the interests of the NEOs with those of the Corporation's shareholders, as the NEOs are rewarded for the Corporation's performance.

General Discussion

Where NEOs receive other perquisites, they reflect competitive practices, business needs and objectives. The Corporation recognizes the need to provide compensation packages that will attract and retain qualified and experienced executives, as well as align the compensation level of each executive to that executive's level of responsibility. The objectives of base salary are to recognize market pay, and acknowledge the competencies and skills of individuals. The objectives of annual incentive plan in the form of cash payments are designed to add a variable component of compensation, based on corporate and individual performances for executive officers and employees. Incentive plan payments were not granted in 2018. The total cash compensation amounts included herein includes all salary paid in 2018.

The CEO and the Board of Directors review the terms of the compensation arrangements for each NEO (other than the CEO). The Board of Directors, in the absence of the CEO, reviews the terms of the CEO's compensation arrangements.

The Corporation has no other forms of compensation, although payments may be made from time to time to arm's length individuals or companies which provide consulting services. No non-arm's length consulting contract was established for any person or company in the most recently completed year. In the case that a non-arm's length consulting contract is established in the future, the CEO is responsible to ensure the payments to such consultant are at competitive industry rates for work of a similar nature by reputable arm's length service providers.

The Board of Directors approves all changes to the compensation arrangements of the NEOs. It is the practice of the Board of Directors to establish compensation for Board members in advance of annual meetings. This is to ensure that each new member of the Board of Directors as they assume office after each Annual General Meeting will not be charged with setting their own level of compensation. NEO's are not paid any additional compensation if they are also elected to serve as members of the Board of Directors. The Corporation has not retained any third party advisors to conduct compensation reviews of its competitors' pay levels and practices and has not used a benchmark tool to assess its executive compensation levels.

Option-Based Awards

Stock options are granted to provide an incentive to the directors, officers, employees and consultants of

the Corporation to achieve the longer-term objectives of the Corporation; to give suitable recognition to the ability and industry of such persons who contribute materially to the success of the Corporation; and to attract and retain persons of experience and ability, by providing them with the opportunity to acquire an increased proprietary interest in the Corporation. Previous grants of incentive stock options are taken into account when considering new grants.

3. Administration

The Plan shall be administered by the Administrators, who will have the sole and complete authority to interpret the Plan and to adopt, amend and rescind any administrative guidelines, to make all other determinations and to take all such actions necessary or advisable for the implementation and administration of the Plan, subject to shareholder approval if required by the Exchange. All decisions and determinations of the Administrators respecting the Plan shall be binding and conclusive on the Plan and Participants (and their legal personal representatives).

4. Grant of Options

The Administrators may from time to time designate Participants to whom options ("Options") to purchase common shares of the Corporation ("Shares") may be granted and the number of Shares to be optioned to each, subject to the following requirements (and subject to such additional restrictions and limitations as the Exchange Policies may impose or the Administrators may determine from time to time):

- (a) the aggregate number of Shares reserved for issuance to Directors is 1,250,000 Shares;
- (b) the aggregate number of Shares reserved for issuance to Officers, Employees and Consultants is 1,250,000 Shares;
- (c) the aggregate number of Shares reserved for issuance on exercise of all Options issued under the Plan at any given time shall not exceed 10% of the number of Outstanding Shares;

- (h) all Option grants pursuant to this Plan shall be subject to the Exchange Policies; and
- (i) no fractional Shares may be purchased or issued under the Plan.

5. Option Agreements

A written agreement will be entered into between the Corporation and each Participant to whom an Option is granted hereunder, which agreement will set out the number of Shares subject to Option, the Exercise Price, provisions as to vesting and expiry and any other terms approved by the Administrators, all in accordance with the provisions of this Plan. The agreement will be in such form as the Administrators may from time to time approve or authorize the officers of the Corporation to enter into and may contain such terms as may be considered necessary in order that the Option will comply with this Plan, any provisions respecting Options in the income tax or other laws in force in any country or jurisdiction of which the person to whom the Option is granted may from time to time be a resident or citizen, and the rules of any regulatory body having jurisdiction over the Corporation.

6. Option Term

- (a) The period during which an Option is exercisable shall, subject to the provisions of the Plan requiring acceleration of rights of exercise, be such period as may be determined by the Administrators at the time of grant, provided that no Option may be exercised beyond three years from the date of grant.
- (b) Notwithstanding Section 6 (a), the Options which were issued in April 2008 to each of Frank J. Coleman in the amount of 357,137 Shares, Robert Normandeau in the amount of 357,137 Shares, Brian Luborsky in the amount of 357,137 Shares, and Kenneth Chalmers in the amount of 178,589 Shares are exercisable, subject to provisions of the Plan requiring acceleration of rights of exercise and as determined by the Administrators at the time of the grant, provided that no Option may be exercised beyond five years from the date of grant.
- (c) Should the expiration date for an Option granted to any Participant fall within a Black Out Period or within nine Business Days following the expiration of a Black Out Period, the expiration date for such Option shall be automatically extended without any further act or formality to that date which is the 10th Business Day after the end of the Black Out Period, such 10th Business Day to be considered the expiration date for such Option for all purposes under the Plan. Notwithstanding anything else herein contained, the 10th Business Day period referred to in this Section 6 may not be extended by the Administrators.

7. Exercise Price

Subject to the Exchange Policies, the exercise price (the "Exercise Price") of any Option shall be fixed by the Administrators when such Option is granted, provided that such price shall not be less than an Exercise Price established in accordance with the TSX Venture Exchange Policy 4.4. The Corporation must obtain disinterested shareholder approval for any reduction in the Exercise Price of an Option that is held by an Insider of the Corporation.

In order to encourage the early exercise of options granted under the Plan, the Administrators may implement an approach whereby they establish multiple conversion prices (an "**Escalating Exercise Price Mechanism**") for a single grant of options, provided however, that each such grant is in accordance with the terms of this Plan with each conversion price set on the date of grant at a level that (i) equals or exceeds the Discounted Market Price, and (ii) is approved by the Exchange in advance as required by Exchange Policies. By way of example and for greater clarity, the Administrators may grant options that have an exercise price set at the Discounted Market Price during the first 365 days following the grant, an exercise price set at the Discounted Market Price plus 7.5% during the next 365 days (days 366- 730 from the date of grant) and an exercise price set at the Discounted Market Price plus 15% during the final 365 days (days 731- 1,095 from the date of grant).

In the event that an Escalating Exercise Price Mechanism has been established for any options and a Change of Control shall occur, then all options that vest on an accelerated basis in accordance with the terms of Section 8 of the Plan shall be exercisable at the price in effect under the terms of the Escalating Exercise Price Mechanism, measured as at the date that the Change of Control is publicly announced.

8. Vesting

The Administrators may, in their sole discretion, determine the time during which Options shall vest and the method of vesting, acceleration of vesting (including, without limitation, in the case of a takeover bid), or that no vesting restriction shall exist. Notwithstanding the foregoing, all Options granted to Participants prior to Completion of the Qualifying Transaction shall automatically vest on Completion of the Qualifying Transaction.

In the event that Change of Control shall occur, all unvested issued and outstanding options shall vest immediately.

9. Exercise of Option

Subject to the Plan, a Participant (or his or her legal personal representative) may exercise from time to time by delivery to the Corporation, at its head office or as otherwise set out in the option agreement, of a written notice of exercise specifying the number of Shares with respect to which the Option is being exercised and accompanied by payment in full of the purchase price of the Shares then being purchased. Upon exercise of the Option, the Corporation will cause to be delivered to the Participant a certificate or certificates, representing such Shares in the name of the Participant or the Participant's legal personal representative.

10. Transferability

All benefits, rights and options accruing to a Participant hereunder shall be non-assignable and non-transferable unless specifically provided herein and may not be made subject to execution, attachment or similar process otherwise than by will or the laws of descent and distribution.

11. Alteration in Shares

Appropriate adjustments, as regards Options granted or to be granted, in the number of Shares that are available for purchase and/or in the purchase price for such Shares under the Plan and to the maximum number of Shares available for issuance under the Plan shall be made by the Administrators, acting reasonably, to give effect to the number of Shares of the Corporation resulting from subdivisions, consolidations or reclassifications of the Shares, the payment of stock dividends by the Corporation (other than cash dividends) or other changes in the capital stock of the Corporation that the Administrators may, in their discretion, consider relevant for purposes of ensuring that the rights of the Participants are not prejudiced thereby (including amalgamations, mergers, reorganizations, liquidations and similar material transactions). Upon any such adjustments being made, the Participant shall be bound by such adjustments and shall accept the terms of such Options in lieu of the Options previously outstanding.

12. Ceasing to be an Eligible Person

(a) Each Option shall provide that:

- (i) upon the occurrence of an Event of Termination, the right of the relevant Participant to exercise Options that have become exercisable (i.e. vested) shall cease immediately without taking into account any notice or severance period to which the Participant may be entitled whether by contract or at law;

- (ii) upon the occurrence of an Event of No Fault Termination, the Options granted to the relevant Participant that have become exercisable (i.e. vested) shall terminate on the date prescribed by the Administrators, which date shall be the earlier of (i) the expiry time on the expiry date of such Option; and (ii) the expiry time on the date that is: (A) 90 days following the date of the Event of No Fault Termination (which date shall be calculated without reference to any notice or severance period to which the Participant may be entitled whether by contract or at law); (B) one calendar year from the date of the Event of No Fault Termination if the Event of No Fault Termination is the death of the Participant; and
 - (iii) upon the occurrence of an Event of Termination or Event of No Fault Termination, all Options granted to the relevant Participant that are not then exercisable (i.e. not vested) shall terminate immediately.
- (b) Notwithstanding any other provision of this Plan, Options granted prior to Completion of the Qualifying Transaction to any Participant that does not continue as a director, officer, Consultant or Employee of the Resulting Issuer (as defined in the Exchange Policies), shall terminate on the date that is the later of (i) 12 months after Completion of the Qualifying Transaction, and (ii) 90 days after the Participant ceases to become a director, officer, technical consultant or Employee of the Resulting Issuer.

13. Regulatory Authorities Approvals

The Plan shall be subject to the approval, if required, of the Exchange. Any Options granted prior to such approval shall be conditional upon such approval being given and no such Options may be exercised unless such approval, if required, is given.

14. Amendments to and Administration of the Plan

- (a) The provisions of this Plan (including without limitation, the form of certificate evidencing the Options or any instrument to be executed pursuant to the Plan) may be amended at any time and from time to time without the consent of the Participants or other Eligible Persons upon the approval of the Administrators, in its sole and absolute discretion, including, without limitation, as follows:
- (i) amendments of a "housekeeping" nature, including, without limitation, any amendment for the purpose of curing any ambiguity, error or omission in the Plan, or to correct or supplement any provision of the Plan that is inconsistent with any other provision of the Plan;
 - (ii) amendments necessary to comply with the provisions of applicable law or the applicable Exchange Policies;
 - (iii) amendments to the vesting provisions of any Option;
 - (iv) amendments to the termination provisions of any Option that does not entail an extension beyond the original expiration date;

- (v) amendments to the definition of Eligible Persons or otherwise relating to the eligibility of any Participant;
 - (vi) amendments respecting the administration of the Plan;
 - (vii) amendments necessary to suspend or terminate the Plan; and
 - (viii) any other amendment, fundamental or otherwise, not requiring shareholder approval under applicable laws or applicable Exchange Policies, provided however, that the Administrators will not, without the approval of the shareholders of the Corporation, amend the Plan in any manner that requires shareholder approval, and no amendment to the Plan may be made without obtaining the consent of the Participant if such amendment would adversely alter or impair the existing rights of such Participant in respect of Options granted to, or Shares that have been acquired under the Plan prior to the date of such amendment by, such Participant; and if applicable, obtaining any required regulatory approval to such amendment.
- (b) The Plan, as amended, shall govern the rights and obligations of the Corporation and the Participants with respect to all then outstanding Options.

15. Termination of Plan

The Administrators may suspend, discontinue or terminate this Plan at any time without the consent of the Participants or other Eligible Persons, in the Administrators sole and absolute discretion. If the Plan is so suspended, discontinued or terminated, no further Options shall be granted, but the Options then outstanding shall continue in full force and effect in accordance with the provisions of this Plan.

16. Shares Duly Issued

Shares issued upon the exercise of an Option granted hereunder will be validly issued and allotted as fully paid and non-assessable upon receipt by the Corporation of the Exercise Price therefor in accordance with the terms of the Option and the issuance of Shares thereunder will not require a resolution or approval of the Board of Directors of the Corporation.

17. Miscellaneous

- (a) *Grants to Participants.* If Options are granted to an Employee, Consultant or Management Company Employee, the Corporation represents that such person is a *bona fide* Employee, Consultant or Management Company Employee, as the case may be, and is otherwise eligible to participate under the Plan, at the time such Options are granted.
- (b) *Compliance with Statutes and Regulations.* The granting of Options and the sale and delivery of Shares under this Plan shall be carried out in compliance with applicable statutes and with the regulations of governmental authorities and applicable stock exchanges, including without limitation, statutory "hold" periods for the distribution of securities pursuant to applicable securities laws. If the Administrators determine in their discretion that, in order to comply with any such statutes or regulations, certain action is necessary or desirable as a condition of or in connection with the granting of an Option or the issue or purchase of Shares under an Option, that Option may not be exercised in whole or in part unless that action shall have been completed in a manner satisfactory to the Administrators.

- (c) *Right to Employment or Other Relationship.* Nothing in the Plan or any Option (including, without limitation, the selection of any person as a Participant and the granting of any Option) shall: (i) confer upon any person any right to continue in the employ of the Corporation or any subsidiary thereof; (ii) be construed, interpreted or otherwise deemed to be a guarantee of any such right; or (iii) affect in any way the right of the Corporation or any subsidiary thereof to discharge, terminate or otherwise cease his or her employment or relationship with the Corporation or any subsidiary, as the case may be, at any time for any reason whatsoever, with or without cause.
- (d) *Application of Policies.* Notwithstanding any other provision of the Plan, each Participant shall be subject to the terms and restrictions contained in the Corporation's policies on trading of securities of the Corporation, including without limitation, any applicable Black Out Period, as same may be instated, amended, modified, supplemented, replaced or restated from time to time, in connection with any withdrawal, sale, disposition or other transfer of Shares under the Plan.
- (e) *Rights of Participants.* No person entitled to exercise any Option granted under this Plan shall have any of the rights or privileges of a shareholder of the Corporation or any of its subsidiaries in respect of any Shares upon exercise of any such Option until such Shares have been paid for in full and issued to such person in accordance with the Plan. Participation in the Plan by a Participant shall be voluntary.
- (f) *Rights to Issue Other Securities.* The Corporation shall not by virtue of this Plan or any Options be in any way restricted from declaring and paying stock dividends, issuing further Shares or other securities, varying or amending its share capital or corporate structure or conducting its business in any way whatsoever.

- (i) *Currency.* Unless otherwise specified, all references to amounts of money in the Plan refer to Canadian currency.
- (j) *Governing Law.* The Plan, and any and all determinations made and actions taken in connection with the Plan, shall be governed by and construed in accordance with the laws of the province of Ontario and the federal laws of Canada applicable therein.
- (k) *Subject to Approval.* To the extent a provision of the Plan requires regulatory approval which is not received, such provision shall be severed from the remainder of the Plan until the
