**INFORMATION CIRCULAR**

(As at May 23, 2017, except as indicated)

**FIRST MEXICAN GOLD CORP.** (the "**Company**") is providing this Information Circular and a form of proxy in connection with management's solicitation of proxies for use at the annual general meeting (the "**Meeting**") of the Company to be held on Tuesday, June 27, 2017, and at any adjournments thereof. Unless the context otherwise requires, when we refer in this Information Circular to the Company, its subsidiaries are also included. The Company will conduct its solicitation by mail and officers and employees of the Company may, without receiving special compensation, also telephone or make other personal contact. The Company will pay the cost of solicitation.

**APPOINTMENT OF PROXYHOLDER**

The purpose of a proxy is to designate persons who will vote the proxy on a shareholder's behalf in accordance with the instructions given by the shareholder in the proxy. The persons whose names are printed in the enclosed form of proxy are officers or Directors of the Company (the "**Management Proxyholders**").

**A shareholder has the right to appoint a person other than a Management Proxyholder, to represent the shareholder at the Meeting by striking out the names of the Management Proxyholders and by inserting the desired person's name in the blank space provided or by executing a proxy in a form similar to the enclosed form. A proxyholder need not be a shareholder.**

**VOTING BY PROXY**

**Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting.** Shares represented by a properly executed proxy will be voted or be withheld from voting on each matter referred to in the Notice of Meeting in accordance with the instructions of the shareholder on any ballot that may be called for and if the shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly.

**If a shareholder does not specify a choice and the shareholder has appointed one of the Management Proxyholders as proxyholder, the Management Proxyholder will vote in favour of the matters specified in the Notice of Meeting and in favour of all other matters proposed by management at the Meeting.**

**The enclosed form of proxy also gives discretionary authority to the person named therein as proxyholder with respect to amendments or variations to matters identified in the Notice of the Meeting and with respect to other matters which may properly come before the Meeting.** At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

**COMPLETION AND RETURN OF PROXY**

Completed forms of proxy must be deposited at the office of the Company's registrar and transfer agent, Computershare Trust Company of Canada, 100 University Avenue, 8<sup>th</sup> Floor, Toronto,

Ontario, M5J 2Y1, not later than forty-eight (48) hours, excluding Saturdays, Sundays and holidays, prior to the time of the Meeting, unless the chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

## **NON-REGISTERED HOLDERS**

**Only shareholders whose names appear on the records of the Company as the registered holders of shares or duly appointed proxyholders are permitted to vote at the Meeting.** Most shareholders of the Company are "non-registered" shareholders because the shares they own are not registered in their names but instead registered in the name of a nominee such as a brokerage firm through which they purchased the shares; bank, trust company, trustee or administrator of self-administered RRSP's, RRIF's, RESP's and similar plans; or clearing agency such as The Canadian Depository for Securities Limited (a "**Nominee**"). If you purchased your shares through a broker, you are likely a non-registered holder.

In accordance with securities regulatory policy, the Company has distributed copies of the Meeting materials, being the Notice of Meeting, this Information Circular and the Proxy, to the Nominees for distribution to non-registered holders.

Nominees are required to forward the Meeting materials to non-registered holders to seek their voting instructions in advance of the Meeting. Shares held by Nominees can only be voted in accordance with the instructions of the non-registered holder. The Nominees often have their own form of proxy, mailing procedures and provide their own return instructions. If you wish to vote by proxy, you should carefully follow the instructions from the Nominee in order that your Shares are voted at the Meeting.

If you, as a non-registered holder, wish to vote at the Meeting in person, you should appoint yourself as proxyholder by writing your name in the space provided on the request for voting instructions or proxy provided by the Nominee and return the form to the Nominee in the envelope provided. Do not complete the voting section of the form as your vote will be taken at the Meeting.

Non-registered holders who have not objected to their Nominee disclosing certain ownership information about themselves to the Company are referred to as "non-objecting beneficial owners" ("**NOBOs**"). Those non-registered holders who have objected to their Nominee disclosing ownership information about themselves to the Company are referred to as "objecting beneficial owners" ("**OBOs**").

The Company is not sending the Meeting materials directly to NOBOs in connection with the Meeting, but rather has distributed copies of the Meeting materials to the Nominees for distribution to NOBOs.

The Company does not intend to pay for Nominees to deliver the Meeting materials and Form 54-101F7 – *Request for Voting Instructions Made by Intermediary* to OBOs. As a result, OBOs will not receive the Meeting Materials unless their Nominee assumes the costs of delivery.

## **NOTICE-AND-ACCESS**

The Company is not sending the Meeting materials to shareholders using "notice-and-access", as defined under NI 54-101.

## REVOCABILITY OF PROXY

In addition to revocation in any other manner permitted by law, a shareholder, his or her attorney authorized in writing or, if the shareholder is a corporation, a corporation under its corporate seal or by an officer or attorney thereof duly authorized, may revoke a proxy by instrument in writing, including a proxy bearing a later date. The instrument revoking the proxy must be deposited at the registered office of the Company, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of the Meeting.

## VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Company is authorized to issue an unlimited number of common shares without par value, of which 80,8845,360 shares were issued and outstanding as at May 23, 2017. Persons who are registered shareholders at the close of business on May 23, 2017 will be entitled to receive notice of and vote at the Meeting and will be entitled to one vote for each share held. The Company has only one class of shares.

To the knowledge of the Directors and executive officers of the Company, no person beneficially owns, controls or directs, directly or indirectly, shares carrying 10% or more of the voting rights attached to all shares of the Company.

## ELECTION OF DIRECTORS

The Directors of the Company are elected at each annual general meeting and hold office until the next annual general meeting or until their successors are appointed. In the absence of instructions to the contrary, the enclosed proxy will be voted for the nominees herein listed.

Shareholder approval will be sought to fix the number of Directors of the Company at three.

Pursuant to the Advance Notice Policy of the Company adopted by the Board of Directors on April 15, 2013, any additional director nominations for the Meeting must have been received by the Company in compliance with the Advance Notice Policy no later than the close of business on June 23, 2017.

## **EXECUTIVE COMPENSATION**

### **Compensation Discussion and Analysis**

The Company's compensation philosophy for its Named Executive Officers is designed to attract well qualified individuals in what is essentially an international market by paying competitive base management fees plus short and long term incentive compensation in the form of stock options or other suitable long term incentives. The Board of Directors meets to discuss and determine executive compensation without reference to formal objectives, criteria or analysis. In making its determinations regarding the various elements of executive compensation, the Board of Directors does not benchmark its executive compensation program, but from time to time does review compensation practices of companies of similar size and stage of development to ensure the compensation paid is competitive within the Company's industry and geographic location while taking into account the financial and other resources of the Company.

The duties and responsibilities of the President and CEO are typical of those of a business entity of the Company's size in a similar business and include direct reporting responsibility to the Board, overseeing the activities of all other executive and management consultants, representing the Company, providing leadership and responsibility for achieving corporate goals and implementing corporate policies and initiatives.

#### *Elements of Compensation*

The Company's executive compensation policy consists of an annual base salary and long term incentives in the form of stock options granted under the Company's Stock Option Plan.

The base salaries paid to officers of the Company are intended to provide fixed levels of competitive pay that reflect each officer's primary duties and responsibilities and the level of skill and experience required to successfully perform their role. The Company intends to pay base salaries to officers that are competitive with those for similar positions in the mining industry to attract and retain executive talent in the market in which the Company competes for talent. Base salaries of officers are reviewed annually by the Board of Directors.

#### *Compensation Policies and Risk Management*

The Board of Directors considers the implications of the risks associated with the Company's compensation policies and practices when determining rewards for its officers. Commenced in 2012, the Board of Directors reviews at least once annually the risks, if any, associated with the Company's compensation policies and practices at such time.

Executive compensation is comprised of short-term compensation in the form of a base salary and long-term ownership through the Company's Stock Option Plan. This structure ensures that a significant portion of executive compensation (stock options) is both long-term and "at risk" and, accordingly, is directly linked to the achievement of business results and the creation of long term shareholder value. As the benefits of such compensation, if any, are not realized by officers until a significant period of time has passed, the ability of officers to take inappropriate or excessive risks that are beneficial to their compensation at the expense of the Company and the shareholders is extremely limited. Furthermore, the short-term component of executive compensation (base salary) represents a relatively small part of the total compensation. As a result, it is unlikely an officer would take inappropriate or excessive risks at the expense of the Company or the shareholders that would be beneficial to their short-term compensation when their long-term compensation might be put at risk from their actions.

Due to the small size of the Company and the current level of the Company's activity, the Board of Directors is able to closely monitor and consider any risks which may be associated with the Company's compensation policies and practices. Risks, if any, may be identified and mitigated through regular Board meetings during which financial and other information of the Company are reviewed. No risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

#### *Hedging of Economic Risks in the Company's Securities*

The Company has not adopted a policy prohibiting Directors or officers from purchasing financial instruments that are designed to hedge or offset a decrease in market value of the Company's securities granted as compensation or held, directly or indirectly, by Directors or officers. However, the Company is not aware of any Directors or officers having entered into this type of transaction.

#### **Share-Based and Option-Based Awards**

The Company's Stock Option Plan has been and will be used to provide share purchase options which are granted in consideration of the level of responsibility of the executive as well as his or her impact or contribution to the longer-term operating performance of the Company. In determining the number of options to be granted to the executive officers, the Board takes into account the number of options, if any, previously granted to each executive officer, and the exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the TSX Venture Exchange, and closely align the interests of the executive officers with the interests of shareholders.

The Board of Directors as a whole has the responsibility to administer the compensation policies related to the executive management of the Company, including option-based awards.

#### **Compensation Governance**

Options are granted at the discretion of the Board of Directors, which considers factors such as how other junior exploration companies grant options and the potential value that each optionee is contributing to the Company. The number of options granted to an individual is based on such considerations.

## Summary Compensation Table

### **MANAGEMENT CONTRACTS**

No management functions of the Company are performed to any substantial degree by a person other than the Directors or executive officers of the Company.

### **CORPORATE GOVERNANCE DISCLOSURE**

National Policy 58-201 - *Corporate Governance Guidelines* establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company's practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and, therefore, these guidelines have not been adopted. National Instrument 58-101 - *Disclosure of Corporate Governance Practices* mandates disclosure of corporate governance practices which disclosure is set out below.

#### **Independence of Members of Board**

The Company's Board consists of three Directors, two of whom are independent based upon the tests for independence set forth in National Instrument 52-110 - *Audit Committees ("NI 52-110")*. Gregg Roberts and Patrick Burns are independent. Jim Voisin is not independent as he is the CEO and President of the Company.

#### **Management Supervision by Board**

The operations of the Company do not support a large Board of Directors and the Board has determined that the current constitution of the Board is appropriate for the Company's current stage of development. Independent supervision of management is accomplished through choosing management who demonstrate a high level of integrity and ability and having strong independent Board members. The independent Directors are however able to meet at any time without any members of management including the non-independent Directors being present. Further supervision is performed through the audit committee which is composed of a majority of independent Directors who meet with the Company's auditors without management being in attendance. The independent Directors also have access to the Company's legal counsel and its officers.

## **Risk Management**

The Board of Directors is responsible for adoption of a strategic planning process, identification of principal risks and implementing risk management systems, succession planning and the continuous disclosure requirements of the Company under applicable securities laws and regulations.

The audit committee is responsible for the risk management items set out in the audit committee charter.

## **Participation of Directors in Other Reporting Issuers**

The participation of the Directors in other reporting issuers is described in the table provided under "Election of Directors" in this Information Circular.

## **Orientation and Continuing Education**

While the Company does not have formal orientation and training programs, new Board members are provided with:

1. information respecting the functioning of the Board of Directors, committees and copies of the Company's corporate governance policies;
2. access to recent, publicly filed documents of the Company, technical reports and the Company's internal financial information;
3. access to management and technical experts and consultants; and
4. a summary of significant corporate and securities responsibilities.

Board members are encouraged to communicate with management, auditors and technical consultants, to keep themselves current with industry trends and developments and changes in legislation with management's assistance and to attend related industry seminars and visit the Company's operations. Board members have full access to the Company's records.

## **Ethical Business Conduct**

The Board views good corporate governance as an integral component to the success of the Company and to meet responsibilities to shareholders. The Board has adopted a Code of Conduct and has instructed its management and employees to abide by the Code.

## **Nomination of Directors**

The Board has responsibility for identifying potential Board candidates. The Board assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors. Members of the Board and representatives of the mineral exploration industry are consulted for possible candidates.

## **Compensation of Directors and the CEO**

The independent Directors are Gregg Roberts and Patrick Burns. These Directors have the responsibility for determining compensation for the Directors and senior management.

To determine compensation payable, the independent Directors review compensation paid for Directors and CEOs of companies of similar size and stage of development in the mineral exploration industry and determine an appropriate compensation reflecting the need to provide

incentive and compensation for the time and effort expended by the Directors and senior management while taking into account the financial and other resources of the Company. In setting the compensation the independent Directors annually review the performance of the CEO in light of the Company's objectives and consider other factors that may have impacted the success of the Company in achieving its objectives.

### **Board Committees**

As the Directors are actively involved in the operations of the Company and the size of the Company's operations does not warrant a larger board of Directors, the Board has determined that additional committees beyond the audit committee are not necessary at this stage of the Company's development.

### **Assessments**

The Board does not consider that formal assessments would be useful at this stage of the Company's development. The Board conducts informal annual assessments of the Board's effectiveness, the individual Directors and each of its committees. To assist in its review, the Board conducts informal surveys of its Directors.

### **Nomination and Assessment**

The Board determines new nominees to the Board, although a formal process has not been adopted. The nominees are generally the result of recruitment efforts by the Board members, including both formal and informal discussions among Board members and the President and CEO. The Board monitors but does not formally assess the performance of individual Board members or committee members or their contributions.

### **Expectations of Management**

The Board expects management to operate the business of the Company in a manner that enhances shareholder value and is consistent with the highest level of integrity. Management is expected to execute the Company's business plan and to meet performance goals and objectives.

## **AUDIT COMMITTEE**

### **The Audit Committee's Charter**

#### *Mandate*

The primary function of the audit committee (the "Committee") is to assist the Board of Directors in fulfilling its financial oversight responsibilities by reviewing the financial reports and other financial information provided by the Company to regulatory authorities and shareholders, the Company's systems of internal controls regarding finance and accounting and the Company's auditing, accounting and financial reporting processes. ### PARTICULARS OF OTHER MATTERS TO BE ACTED UPON

#### Approval and Ratification of Stock Option Plan

The Board of Directors of the Company implemented a Stock Option Plan (the "**Plan**") effective April 14, 2011, which was approved by the TSX Venture Exchange and the shareholders of the Company. The number of common shares which may be issued pursuant to options previously granted and those granted under the Plan is a maximum of 10% of the issued and outstanding common shares at the time of the grant. In addition, the number of shares which may be reserved for issuance to insiders as a group is 10%, to any one individual may not exceed 5% of the issued shares on a yearly basis or 2% if the optionee is engaged in investor relations activities or is a consultant. Under TSX Venture Exchange policy, all such rolling Stock Option Plans which set the number of common shares issuable under the plan at a maximum of 10% of the issued and outstanding common shares must be approved and ratified by shareholders on an annual basis.

Therefore, at the Meeting, shareholders will be asked to pass a resolution in the following form:

"UPON MOTION IT WAS RESOLVED that the Company approve and ratify, subject to regulatory approval, the Stock Option Plan pursuant to which the Directors may, from time to time, authorize the issuance of options to Directors, officers, employees and consultants of the Company and its subsidiaries to a maximum of 10% of the issued and outstanding common shares at the time of the grant, with a maximum of 5% of the Company's issued and outstanding shares being reserved to any one person on a yearly basis."

The purpose of the Plan is to allow the Company to grant options to Directors, officers, employees and consultants, as additional compensation, and as an opportunity to participate in the success of the Company. The granting of such options is intended to align the interests of such persons with that of the shareholders. Options will be exercisable over periods of up to five years as determined by the Board of Directors of the Company and are required to have an exercise price no less than the closing market price of the Company's shares prevailing on the day that the option is granted. Pursuant to the Plan, the Board of Directors may from time to time authorize the issue of options to Directors, officers employees and consultants of the Company and its subsidiaries or employees of companies providing management or consulting services to the Company or its subsidiaries. The Plan contains no vesting requirements, but permits the Board of Directors to specify a vesting schedule in its discretion. The Plan provides that if a change of control, as defined therein, occurs, all shares subject to option shall immediately become vested and may thereupon be exercised in whole or in part by the option holder.

If the optionee ceases to be an eligible person as a result of termination for cause of such optionee by the Company any outstanding option held by such optionee on the date of such termination, whether in respect of option shares that are vested or not, shall be cancelled as of that date. If the optionee ceases to be an eligible person due to his or her retirement at the request of his or her employer earlier than the normal retirement date under the Company's retirement policy then in force, or due to his or her termination by the Company other than for cause, or due to his or her voluntary resignation, the option than held by the optionee shall be exercisable to acquire unissued option shares at any time up to but not after the earlier of the expiry date and the date which is 90 days (30 days if the optionee was engaged in investor relations activities) after the optionee or, the Board of Directors of the Company may, in its sole discretion if it determines such is in the best interests of the Company, extend the expiry date of the option of an optionee to a later date within a reasonable period in accordance with TSX Venture Exchange Policy 4.4 (Section 3.8(i)).
