**INFORMATION CIRCULAR
FOR THE ANNUAL GENERAL MEETING OF SHAREHOLDERS
TO BE HELD ON FRIDAY DECEMBER 18TH, 2020**

This information is given as of November 9th, 2020 unless otherwise noted.

SOLICITATION OF PROXIES

This Information Circular is furnished in connection with the solicitation of proxies by the management of **PROVIDENCE GOLD MINES INC.** (the “Company”) for use at the Annual General Meeting (the “Meeting”) of the shareholders of the Company, to be held at the time and place and for the purposes set forth in the accompanying Notice of Meeting and at any adjournment thereof.

In this Information Circular, references to “the Company”, “we” and “our” refer to Providence Gold Mines Inc. “Common Shares” means common shares without par value in the capital of the Company. “Registered Shareholders” means shareholders whose names appear on the records of the Company as the registered holders of Common Shares. “Beneficial Shareholders” means shareholders who do not hold Common Shares in their own name and “intermediaries” refers to brokers, investment firms, clearing houses and similar entities that own securities on behalf of Beneficial Shareholders.

GENERAL PROXY INFORMATION

Solicitation of Proxies

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally, by telephone or by other communication medium, including email, by directors, officers and regular employees of the Company. Although the Company has not done so at the time of mailing of this Information Circular, the Company may retain a soliciting agent to assist with the solicitation of proxies for the Meeting. The Company will bear all costs of this solicitation. We have arranged for intermediaries to forward the meeting materials to Beneficial Owners of the Common Shares held of record by those intermediaries and we may reimburse the intermediaries for their reasonable fees and disbursements in that regard.

Appointment of Proxyholders

As a Registered Shareholder, you may wish to vote by proxy whether or not you are able to attend the Meeting in person.

The individuals named in the accompanying form of proxy (the “Proxy”) are directors and/or officers of the Company. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than the persons designated in the Proxy, who need not be a shareholder, to attend and act for you and on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of proxy.**

Voting

Voting at the Meeting will be by a show of hands, with each Registered Shareholder of the Company and each person representing a Registered Shareholder or non-Registered Shareholder of the Company through a Proxy having one vote, unless a poll is required or requested, whereupon each such shareholder and proxyholder is entitled to one vote for each Common Share held or represented, respectively. Only Registered Shareholders or duly appointed proxyholders with Proxy documentation acceptable to the Chairman of the meeting will be recognized to make motions or vote at the Meeting.

Voting by Proxyholder

The persons named in the Proxy will vote or withhold from voting the Common Shares represented thereby in accordance with your instructions. If you specify a choice with respect to any matter to be acted upon, your Common Shares will be voted accordingly. The Proxy confers discretionary authority on the persons named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors;
- (b) any amendment to or variation of any matter identified therein; and
- (c) any other matter that properly comes before the Meeting,

to the extent permitted by law, whether or not the amendment or other matter that comes before the Meeting is contested.

If any amendments or variations are proposed at the Meeting or any adjournment thereof to matters set forth in the Proxy and described in the accompanying Notice of Meeting and this Information Circular, or if any other matters properly come before the Meeting or any adjournment thereof, the Proxy confers upon the shareholder's nominee discretionary authority to vote on such amendments or variations or such other matters according to the best judgment of the person voting the Proxy at the Meeting or any adjournment thereof. At the date of this Information Circular, management of the Company knows of no such amendments or variations or other matters to come before the Meeting.

In respect of a matter for which a choice is not specified by you in the Proxy, the persons named in the Proxy will vote the Common Shares represented by the Proxy for the approval of such matter, and for the election of directors and appointment of auditor as set out in this Information Circular.

Registered Shareholders

Registered Shareholders may wish to vote by proxy whether or not they are able to attend the Meeting in person. Registered Shareholders electing to submit a proxy may do so by:

- (a) completing, dating and signing the enclosed Proxy or some other suitable form of proxy and returning it to the Company's transfer agent, TSX Trust Company ("TSX trust"), by fax at +1 (416) 595-9593 or by mail.
- (b) using the internet through the website of the Company's transfer agent at www.voteproxyonline.com. Registered Shareholders must follow the instructions that appear on the screen and refer to the enclosed Proxy form.

in all cases the Registered Shareholder must ensure that the Proxy is received at least 48 hours (excluding Saturdays, Sundays and holidays) before the Meeting or the adjournment thereof or postponement at which the Proxy is to be used. The time limit for the deposit of Proxies may be waived or extended by the Chairman of the Meeting in his or her discretion without notice.

If you are voting on behalf of a corporation or another individual you may be required to provide documentation evidencing your power to sign the Proxy with signing capacity stated, such documentation to be acceptable to the Chairman of the Meeting.

Beneficial Shareholders

The following information is of significant importance to shareholders who do not hold Common Shares in their own name. Beneficial Shareholders should note that the only proxies that can be recognized and acted upon at the Meeting are those deposited by Registered Shareholders (those whose names appear on the records of the Company as the registered holders of Common Shares).

If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in the shareholder's name on the records of the Company. Such Common Shares will more likely be registered under the name of an intermediary such as the shareholder's broker or an agent of that broker. In the United States, the vast majority of such Common Shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks), and in Canada, under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms).

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary has its own mailing procedures and provides its own return instructions to clients. **Beneficial Shareholders should follow the instructions of their intermediary carefully to ensure that their Common Shares are voted at the Meeting.**

The form of proxy supplied to you by your broker will be similar to the Proxy provided to Registered Shareholders by the Company. However, its purpose is limited to instructing the intermediary on how to vote on your behalf. Most brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("Broadridge") in the United States and in Canada. Broadridge mails a Voting Instruction Form ("VIF") in lieu of a proxy provided by the Company. The VIF will name the same persons as the Company's Proxy to represent you at the Meeting. You have the right to appoint a person (who need not be a Beneficial Shareholder of the Company), other than the persons designated in the VIF, to represent you at the Meeting. To exercise this right, you should insert the name of the desired representative in the blank space provided in the VIF. The completed VIF must then be returned to Broadridge by mail or facsimile or given to Broadridge by phone or over the internet, in accordance with Broadridge's instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **If you receive a VIF from Broadridge, you cannot use it to vote Common Shares directly at the Meeting - the VIF must be completed and returned to Broadridge, in accordance with its instructions, well in advance of the Meeting in order to have the Common Shares voted.**

Although as a Beneficial Shareholder you may not be recognized directly at the Meeting for the purpose of voting Common Shares registered in the name of your broker, you, or a person designated by you, may attend at the Meeting as proxyholder for your broker and vote your Common Shares in that capacity. If you wish to attend at the Meeting and indirectly vote your Common Shares as proxyholder for your broker, or have a person designated by you do so, you should enter your own name, or the name of the person you wish to designate, in the blank space on the VIF provided to you and return the same to your broker in accordance with the instructions provided by such broker, well in advance of the Meeting.

Alternatively, you can request in writing that your broker send you a legal proxy which would enable you, or a person designated by you, to attend at the Meeting and vote your Common Shares.

Beneficial Shareholders with questions respecting the voting of Shares held through a broker or other intermediary should contact that broker or intermediary for assistance.

Revocation of Proxies

In addition to revocation in any other manner permitted by law, a Registered Shareholder who has given a proxy may revoke it by:

- (a) executing a proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the Registered Shareholder or the Registered Shareholder's authorized attorney in writing, or, if the shareholder is a corporation, under its corporate seal by an officer or attorney duly authorized, and

by delivering the proxy bearing a later date to TSX Trust Company, 301 -100 Adelaide Street West, Toronto, ON M5H 4H1, or at the address of the office of the Company at Suite 507, 595 Howe Street, Vancouver, British Columbia, V6C 2T5, at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, the last business day that precedes any reconvening thereof, or to the chairman of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law, or

- (b) personally attending the Meeting and voting the Registered Shareholder's Common Shares.

Only Registered Shareholders have the right to revoke a Proxy. Non-registered shareholders who wish to change their vote must, at least seven days before the Meeting, arrange for their respective intermediaries to revoke the Proxy on their behalf.

A revocation of a proxy will not affect a matter on which a vote is taken before the revocation.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

No director or executive officer of the Company, or any person who has held such a position since the beginning of the last completed financial year of the Company, nor any nominee for election as director of the Company, nor any associate or affiliate of the foregoing persons, has any substantial or material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting other than the election of directors and those matters pertaining to the Company's stock option plan.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Other than as disclosed herein and elsewhere in this Information Circular, no informed person, nominee for director, or any associate or affiliate of an informed person or nominee for director, has any material interest, direct or indirect, in any transaction since the commencement of the Company's most recently completed financial year, or in any proposed transaction, which has materially affected or would materially affect the Company or any of its subsidiaries.

An "informed person" means: (a) a director or executive officer of the Company; (b) a director or executive officer of a person or company that is itself an informed person or subsidiary of the Company; (c) any person or company who beneficially owns, directly or indirectly, voting securities of the Company or who exercises control or direction over voting securities of the Company or a combination of both, carrying more than 10% of the voting rights other than voting securities held by the person or company as underwriter in the course of a distribution; and (d) the Company itself, if and for so long as it has purchased, redeemed or otherwise acquired any of its shares.

On or about June 16, 2017, the Company completed the acquisition of certain interests in the Providence Gold Mines and various patented and located mineral claims in Tuolumne County, California (the "Property" or "Providence Mines"). As part of the transaction, the Company was assigned certain contractual interests in the Providence Mines from two arms' length third parties (the "Assignors"). Subsequently, Ronald Allan Coombes, a control person of one of the Assignors, was appointed a director, President and CEO of the Company.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Board of Directors has set November 9th, 2020 as the record date for the purposes of determining those shareholders who are entitled to receive notice of the Meeting and to vote at the Meeting. Only shareholders of record on the close of business on the 9th day of November, 2020, who either personally attend the Meeting or who complete and deliver an Instrument of Proxy in the manner and subject to the provisions set out under the headings "Appointment of Proxyholders" and "Revocation of Proxies" will be entitled to have his or her shares voted at the Meeting or any adjournment thereof.

4. Appointment of Auditor

Shareholders will be asked to vote for the re-appointment of Baker Tilly WM LLP (formerly Wolrige Mahon LLP), Chartered Accountants, of Ninth Floor, 400 Burrard Street, Vancouver, British Columbia, V6C 3B7, as auditor of the Company for the ensuing year, until the close of the next Annual General Meeting of the shareholders, at a remuneration to be fixed by the directors. Baker Tilly WM LLP was first appointed auditors of the Company on March 18, 2014.

The persons named in the accompanying Instrument of Proxy, unless otherwise directed by the shareholder completing the Proxy to abstain from doing so, intend to vote, on any ballot that may be called for, for the appointment of Baker Tilly WM LLP, Chartered Accountants, as auditors of the Company to hold office until the next Annual General Meeting of shareholders.

5. Stock Option Plan

(a) Ratification of Stock Option Plan

The Company received shareholder approval at its Annual General Meeting held on August 28th, 2019 to a “rolling” stock option plan (the “Plan”) whereby a maximum of 10% of the issued shares of the Company, from time to time, may be reserved for issuance pursuant to the exercise of options. Material terms of the Plan are set out below under “Incentive Plan Awards”.

The TSX-V requires listed companies that have “rolling” stock option plans in place to receive shareholder approval to such plan on a yearly basis at the Company’s annual general meeting. Accordingly, the shareholders of the Company will be asked at the Meeting to approve the following resolution:

“BE IT RESOLVED, as an ordinary resolution, that the continuation of the Company’s rolling 10% Stock Option Plan, as described in the Company’s information circular dated November 9th, 2020, be and is hereby ratified and approved.”

(b) Ancillary Matters

In addition, as noted above, under the terms of the Plan and the policies of the TSX-V, the Company must obtain “disinterested shareholder approval” (such that no insider or proposed insider (or their associates) will be entitled to vote on such resolutions) to:

- (i) a decrease in the exercise price of stock options previously granted to insiders;
- (ii) if and only if the Company becomes a Tier 1 issuer (as defined by the policies of the TSX-V), the issuance to any one optionee, within any 12 month period, of a number of options exceeding 5% of the issued shares; and
- (iii) the grant to insiders, within a 12 month period, of a number of options exceeding 10% of the number of issued shares.

Although at no one time will options granted under the plan entitle insiders to purchase more than 10% of the outstanding shares of the Company, the Company may, over the next 12 months, grant stock options to insiders pursuant to the Plan that in aggregate (after taking into account exercises of options and new grants) exceed 10% of the Company’s issued shares. In addition, the Company may determine to renegotiate options granted to insiders, and may, if it becomes a Tier 1 issuer, seek to grant options exceeding 5% of the outstanding shares to one optionee. Accordingly, disinterested shareholders will be asked at the Meeting to pass an ordinary resolution authorizing the directors to implement the above. As of the date of this Information Circular 5,849,500 Common Shares of the Company are held by insiders and their associates. These shares will be excluded from voting on the resolution. **Granting directors, the right to issue options in excess of the limitations set out in the plan does not mean that same will occur.** Rather it allows the directors the flexibility to undertake the same should the circumstances warrant, without the expense of calling another shareholder meeting to specifically approve each issuance or renegotiation of price.

In connection with the foregoing, all of the disinterested shareholders of the Company will be asked to approve the following resolution, with or without variation, to authorize the directors of the Company to grant to individual optionees, within any 12 month period, a number of shares exceeding 5% of the issued shares of the Company, and to grant to insiders, within a 12 month period, a number of options exceeding 10% of the number of issued shares of the Company:

“BE IT RESOLVED, as an ordinary resolution of the disinterested shareholders of Providence Gold Mines Inc. (the “Company”), that in connection with the Company’s stock option plan, the directors of the Company be and are hereby authorized without further approval to, from time to time, grant to insiders, within a 12 month period, a number of options exceeding 10% of the number of issued shares.”

The persons named in the enclosed form of proxy, if named as proxy, intend to vote on any ballot that may be called for in favour of the foregoing resolutions regarding the stock option plan of the Company.

6. Other Matters

Management knows of no other matters to come before the Meeting other than those referred to in the Notice of Meeting. Should any other matters properly come before the Meeting, the shares represented by the Instrument of Proxy solicited hereby will be voted on such matters in accordance with the best judgment of the persons voting by proxy.

STATEMENT OF EXECUTIVE COMPENSATION

For purposes hereof, “Named Executive Officer” or “NEO” means each of the following individuals:

- (a) each individual who, in respect of the Company, during any part of the most recently completed financial year, served as chief executive officer, including an individual performing functions similar to a chief executive officer;
- (b) each individual who, in respect of the Company, during any part of the most recently completed financial year, served as chief financial officer, including an individual performing functions similar to a chief financial officer;
- (c) in respect of the Company and its subsidiaries, the most highly compensated executive officer other than the individuals identified in paragraphs (a) and (b) at the end of the most recently completed financial year whose total compensation was more than \$150,000;
- (d) each individual who would be a named executive officer under paragraph (c) but for the fact that the individual was not an executive officer of the Company, and was not acting in a similar capacity, at the end of that financial year.

At the Company’s financial year ended December 31, 2019, the Company had two NEO’s – Ronald Allan Coombes, President and CEO; Kim Evans, CFO.

A. Compensation and Discussion Analysis

The Company currently does not have a Compensation Committee. Executive compensation is considered by the members of the Board who review proposed compensation and determine if it is competitive with similar mining companies and whether it recognizes and rewards executive performance consistent with the success of the Company’s business. These programs are intended to attract and retain capable and experienced people. It is the Company’s philosophy to ensure that compensation goals and objectives, as applied to actual compensation paid to the Company’s CEO and other executive officers, are aligned with the Company’s overall business objectives and with shareholder interests.

In addition to industry comparables, the Board considers a variety of factors when determining both compensation policies and programs and individual compensation levels. These factors include the long-range interests of the Company and its shareholders, overall financial and operating performance of the Company and the assessment of each executive’s individual performance and contribution toward meeting corporate objectives.

The Board of Directors considers the implications of the risks associated with the Company’s compensation policies and practices when determining rewards for its officers. The Board of Directors intends to review at least once annually the risks, if any, associated with the Company’s compensation policies and practices at such time.

The Company’s executive compensation policy consists of an annual base salary and long term incentives in the form of stock options granted under the Company’s Stock Option Plan.

The base salaries paid to officers of the Company are intended to provide fixed levels of pay that reflect each officer’s primary duties and responsibilities and the level of skill and experience required to successfully perform their role. The Company intends to pay base salaries to officers that are competitive with those for similar positions in the technology industry to attract and retain executive talent in the market in which the Company competes for talent. Base salaries are reviewed annually by the Board of Directors.

The incentive component of the Company’s compensation program is the potential longer term reward provided through the grant of stock options. The Company’s Stock Option Plan is intended to attract, retain and motivate officers and Directors of the Company in key positions, and to align the interests of those individuals with those of the Company’s shareholders. The Stock Option Plan provides such individuals with an opportunity to acquire a proprietary interest in the Company’s value growth through the exercise of stock options. Options are granted at the discretion of the Board of Directors, which considers factors such as how other early stage technology companies grant options and the potential value that each optionee is contributing to the Company. The number of options granted

to an individual is based on such considerations. Stock options are granted at an exercise price of not less than the prevailing market price of the Company's shares at the time of the grant, and for a term of exercise not exceeding ten years.

The Company has not currently identified specific performance goals or benchmarks as such relate to executive compensation, but from time to time does review compensation practices of companies of similar size and stage of development to ensure the compensation paid is competitive within the Company's industry. The stage of the Company's development and the small size of its specialized management team allow frequent communication and constant management decisions in the interest of developing shareholder value as a primary goal. As the Company progresses toward a significant revenue producing entity, and performance goals are more apt to be delegated, particular performance goals will become more complex and measurable, and included in the compensation structure accordingly.

The Company has not adopted a policy prohibiting Directors or officers from purchasing financial instruments that are designed to hedge or offset a decrease in market value of the Company's securities granted as compensation or held, directly or indirectly, by Directors or officers. However, the Company is not aware of any Directors or officers having entered into this type of transaction.

Director compensation

The Board of Directors determines director compensation from time to time. Directors may also be granted incentive stock options to purchase common shares of the Company pursuant to the terms of the Stock Option Plan and in accordance with the policies of the TSX-V.

B. Option-based awards

The Company currently has in place a "rolling" stock option plan (the "Plan") for the purpose of attracting and motivating directors, officers, employees and consultants of the Company and advancing the interests of the Company by affording such persons with the opportunity to acquire an equity interest in the Company through rights granted under the Plan to purchase shares of the Company.

The Company's Plan has been and will be used to provide share purchase options which are granted in consideration of the level of responsibility of the executive as well as his or her impact or contribution to the longer-term operating performance of the Company. In determining the number of options to be granted to the executive officers, the Company takes into account the number of options, if any, previously granted to each executive officer, and the exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the TSX-V, and closely align the interests of the executive officers with the interests of shareholders.

C. Incentive Plan Awards

Under the Company's Plan, the Company is authorized to grant stock options of up to 10% of its issued and outstanding shares, from time to time. As at the record date, the Company was eligible to grant up to 5,505,750 options under its Plan. There are presently 5,175,000 options granted under the Plan. The TSX-V requires listed companies that have "rolling" stock option plans in place to receive shareholder approval to such plan on a yearly basis at the Company's annual general meeting. As such, the directors of the Company wish to ratify and approve the Plan.

The material terms of the Plan are as follows:

1. The term of any options granted under the Plan will be fixed by the board of directors at the time such options are granted, provided that options will not be permitted to exceed a term of five years (or ten years if the Company is reclassified by the TSX-V as a Tier 1 Issuer).
2. The exercise price of any options granted under the Plan will be determined by the board of directors, in its sole discretion, but shall not be less than the minimum price of options permitted by the TSX-V.

3. No vesting requirements will apply to options granted thereunder other than as required by TSX-V policies or as may be determined by the board of directors, in its sole discretion; however, a four-month hold period will apply to all shares issued under each option, commencing from the date of grant.
4. All options will be non-assignable and non-transferable.
5. No more than (i) 5% of the issued shares may be granted to any one individual in any 12 month period; and (ii) 2% of the issued shares may be granted to a consultant, or an employee performing investor relations activities, in any 12 month period.
6. If the option holder ceases to be a director of the Company or ceases to be employed by the Company (other than by reason of death), as the case may be, then the option granted shall expire no later than the 90th day following the date that the option holder ceases to be a director or ceases to be employed by the Company, subject to the terms and conditions set out in the Plan. However, if the option holder is engaged in investor relations activities the options must expire within 30 days after the option holder ceases to be employed by the Company to provide investor relations activities, in accordance with the policies of the TSX-V.
7. Disinterested shareholder approval must be obtained for (i) any reduction in the exercise price of an outstanding option, if the option holder is an insider; (ii) any grant of options to insiders, within a 12 month period, exceeding 10% of the Company's issued shares; and (iii) any grant of options to any one individual, within a 12 month period, exceeding 5% of the Company's issued shares.
8. Options will be reclassified in the event of any consolidation, subdivision, conversion or exchange of the Company's Common Shares.

The Plan is subject to receipt of annual TSX-V acceptance to its filing. Shareholders will be asked to consider, and if thought fit to approve a resolution ratifying and approving the Company's existing Plan. The full text of the Plan will be made available at the office of the Company, Suite 507, 595 Howe Street, Vancouver, B.C. until the business day immediately preceding the date of the Meeting.

CORPORATE GOVERNANCE

Canadian securities regulatory policy as reflected in National Instrument 58-101 requires that TSX-V listed companies must disclose on an annual basis their approach to corporate governance. National Instrument 58-201 provides regulatory staff guidance as to preferred governance practices, although such guideline is not prescriptive (other than for audit committees). Disclosure of the Company's approach to corporate governance in the context of these two instruments (together the "Policies"), as well as its compliance with the mandatory rules relating to audit committees, is set out below.

Mandate of the Board of Directors

The Board has not adopted a written mandate but understands that its role is to (i) assume responsibility for the overall stewardship and development of the Company and monitoring of its business decisions, (ii) identify the principal risks and opportunities of the Company's business and ensure the implementation of appropriate systems to manage these risks, (iii) provide ethical management and succession planning, including appointing, training and monitoring of senior management and directors, (iv) implement a communication policy for the corporation, and (v) ensure the integrity of the corporation's internal financial controls and management information systems.

To date, the Board has not adopted written position descriptions for the Board Chair, the Chair of each Board Committee, or the CEO. The Board does not currently have an independent chair or lead director but encourages free discussion amongst board members.

Composition of the Board of Directors

The following table outlines the Company's independent and non-independent directors and nominees, and the basis for a determination that a director is non-independent:

Name	Independent/Non-Independent
Ronald Allan Coombes	Non-Independent Basis for determination: Serves as President & CEO of the Company.
Thomas Kennedy	Independent
Rodger Young	Independent
Brian Ray	Independent

Under the Policies, an "independent" director is one who "has no direct or indirect material relationship" with the Company. Generally speaking, a director is "independent" if he or she is free from any employment, business or other relationship which could, or could reasonably be expected to materially interfere with the exercise of the director's independent judgment. A material relationship includes the situation where a person has been (or has a family member who has been) within the last three years, an employee or executive of the Company or who was employed by the Company's external auditor in that period. An individual who, or whose family member, is or has been within the last three years, an executive officer of an entity of which any of the Company's current executive officers served at the same time on that entity's compensation committee, is deemed to have a material relationship. Any individual who (or whose family members or partners) received directly or indirectly, any consulting, advisory, accounting or legal fee or investment banking compensation from the Company (other than compensation for acting as a director or as a part time chairman or vice-chairman) which is in excess of \$75,000 during any 12 month period, is also deemed to have a material relationship.

At the Meeting, the Board will nominate the four (4) nominees stated above under "Election of Directors" as nominees to be elected to the office of director. Three (3) nominees can be considered "independent" directors, being Thomas Kennedy, Rodger Young and Brian Ray. Messrs. Kennedy, Young and Ray are considered independent by virtue of not being an executive officer of the Company and not having received compensation other than in their role as director or, if compensation were received, such compensation was not in excess of \$75,000 per year.

Committees of the Board of Directors

The Policies suggest that (i) committees of the board of directors of a listed corporation (other than the audit committee) generally be composed of at least a majority of independent directors (and preferably all independents) and (ii) every board of directors expressly assume responsibility, or assign to a committee of directors, responsibility for the development of the corporation's approach to governance issues; (iii) under the audit committee instrument, the audit committee of every board of directors must be composed only of independent directors, and the role of the audit committee be specifically defined and include the responsibility for overseeing management's system of internal control; (iv) the audit committee have direct access to the corporation's external auditor; and (v) the board of directors appoint a committee, composed solely of independent directors, with the responsibility for proposing new nominees to the board and for assessing directors on an ongoing basis. Currently, the Company does not comply with all of these suggestions. The Company is small and the duties of the recommended committees are generally performed by the plenary Board.

The Company has to date established only an Audit Committee.

Audit Committee

The Board has adopted a charter for the Audit Committee in accordance with National Instrument 52-110 *Audit Committees*, the Canadian regulatory policy respecting audit committees, in carrying out its audit and financial review functions. The text of the audit committee charter is set out in the Company's Information Circular prepared for the Company's October 7, 2013 annual general meeting and filed on SEDAR on September 5, 2013 and is incorporated herein by reference.

The Audit Committee reviews all financial statements of the Company prior to their publication, reviews audits or communications, recommends the appointment of independent auditors, reviews and approves the professional services to be rendered by them and reviews fees for audit services. The Audit Committee meets both separately with auditors (without management present) as well as with management present. The meetings with the auditors discuss the various aspects of the Company's financial presentation in the areas of audit risk and Canadian generally accepted accounting principles.

The Company's Audit Committee is currently comprised of two independent director, Thomas Kennedy and Rodger Young, and one non-independent director, Ronald Coombes. The Board intends to reconstitute its Audit Committee following the annual general meeting so that the majority of the members of the Audit Committee are independent. All members of the Audit Committee are "financially literate" as defined in NI 52-110.

Other Committees

The Board has not appointed any committees, other than the Audit Committee.

Director Orientation and Continuing Education

When new directors are appointed, they receive orientation on the Company's business, current projects and industry and on the responsibilities of directors generally. Board meetings may also include presentations by the Company's management and employees to give the directors additional insight in the Company's business. The Company has not adopted any measures to provide for the continuing education of its directors. The directors of the Company are expected to maintain their currency in the knowledge and skills necessary to meet their obligations as directors.

Ethical Business Conduct

The Company has not adopted a written code of conduct applicable to officers and directors of the Company. The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operated independently of management and in the best interests of the Company.

Nomination of Directors

The Board has not established a nominating committee. The Board annually evaluates the size of the Board and persons as nominees for the position of Director of the Company. The Board's process for nomination of candidates has been an informal process to date but one in which the entire Board is involved. The Board itself reviews candidates for the Board and its executive officers.

Board Decision Making

The Board generally requires that all material transactions receive Board review. In this regard, all financing transactions are considered material to the Company. Any property acquisitions and significant exploration programs must also generally receive the approval of the plenary Board.

Assessment of Board Performance

Good governance policies suggest that (i) every board of directors of a listed corporation implement a process for assessing the effectiveness of the board of directors and the committees of the board and the contribution of individual directors, (ii) every corporation provide an orientation and education program for new directors, and (iii) every board

review the adequacy and form of compensation of directors and ensure that the compensation realistically reflects the responsibilities and risks involved in being an effective director. The Board has not developed a means of assessing Board performance.
