INTRODUCTION

The following discussion of performance and financial condition should be read in conjunction with the audited financial statements of Jessy Ventures Corp. (the "Company") for the years ended April 30, 2022 and 2021. The Company's financial statements are prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and interpretations of the International Financial Reporting Interpretations Committee ("IFRIC"). The Company's reporting currency is Canadian dollars unless otherwise stated. This Management's Discussion and Analysis ("MD&A") is dated August 18, 2022.

DESCRIPTION OF BUSINESS

Jessy Ventures Corp. (the "Company") was incorporated under the Business Corporations Act (British Columbia) on November 21, 2018. The Company was formed for the primary purpose of completing an Initial Public Offering ("IPO") on the TSX Venture Exchange ("Exchange") as a Capital Pool Corporation ("CPC") as defined in Policy 2.4 of the Exchange. The principal business of the Company will be the identification and evaluation of assets or businesses with a view to completing a Qualifying Transaction ("Qualifying Transaction") as defined in Policy 2.4 of the Exchange. The Company's continuing operations as intended are dependent upon its ability to identify, evaluate and negotiate an acquisition, or business. Such an acquisition will be subject to the approval of the regulatory authorities concerned and in the case of a non-arms' length transaction, of the majority of the minority shareholders.

On October 8, 2019, the Company completed its IPO on the Exchange raising gross proceeds of \$200,000 through the issuance of 2,000,000 common shares at \$0.10 per common share. The Company's common shares were approved for listing on the Exchange and commenced trading effective October 10, 2019 under the symbol "SARG.P".

Until such time that a Qualifying Transaction is completed, some of the Company's common shares are held in escrow. Additionally, the Company will have no significant revenue and will incur expenses primarily for Qualifying Transaction investigation, Exchange listing and filing requirements, professional services and office facilities and administration, subject to certain restrictions under Policy 2.4. On September 17, 2021, the Company entered into a definitive agreement which, if completed, would constitute its Qualifying Transaction.

In March 2020, the World Health Organization declared the outbreak of Covid-19 a global pandemic. The expected impacts on global commerce are far reaching. To date there have been significant stock market fluctuations, and the movement of people and goods has become restricted. As the Company does not have revenues, the ability to fund ongoing operations is affected by the availability of financing. Due to market uncertainty the Company may be restricted in its ability to raise additional funding. The impact of these factors on the Company is not yet determinable. However, they may have a material impact on the Company's financial position, results of operations and cash flows in future periods. In particular, there may be heightened risk of asset impairment and liquidity or going concern uncertainty.

Annual General and Special Meeting of Shareholders

On October 4, 2021, the Company's shareholders approved, at a Annual General and Special Meeting of Shareholders, certain amendments to the Exchange Policy 2.4 – Capital Pool Companies ("New CPC Policy") that became effective January 1, 2021, including, but not limited to:

- authorizing the Company to approve certain amendments to its stock option plan pursuant to which the total number of common shares of the Company reserved for issuance both before and after

completion of a Qualifying Transaction is 10% of the issued and outstanding common shares of the Company as at the date of grant, rather than at the closing date of the initial public offering;

- removing the consequences associated with the Company not completing a Qualifying Transaction within 24 months of its listing date in accordance with the New CPC Policy;
- authorizing the Company to make certain amendments to the Company's escrow agreement to effect certain changes contemplated under the New CPC Policy, including reducing the maximum escrow term to 18 months from 36 months following a Qualifying Transaction; and
- authorizing and permitting the Company to pay any finders' fee or commission to a Non-Arm's Length Party (as that term is defined in the New CPC Policy) to the Company upon completion of the Qualifying Transaction, in accordance with the terms of the New CPC Policy.

Additional information on the Company, including the Transaction and all provisions approved at the October 4, 2021 Annual General and Special Meeting of Shareholders is available under the Company's profile at www.sedar.com.

On September 17, 2021, the Company entered into a definitive agreement with Origen Resources Inc. which would constitute its Qualifying Transaction as disclosed below.

The registered and head office of the Company is located at 228 – 1122 Mainland Street, Vancouver, BC, V6B 5L1.

On September 17, 2021, as amended December 22, 2021, March 15, 2022 and May 30, 2022, the Company entered into a Definitive Agreement ("Agreement") with Origen Resources Inc. to acquire an undivided 60% interest in the Arlington Property comprising five mineral claims within the Arrow Boundary District of south-central British Columbia, Canada. The proposed transaction would constitute the Company's Qualifying Transaction.

In order to exercise the option, the Company must pay \$185,000 and issue an aggregate of 2,000,000 common shares as follows:
