

CopperEx Provides Property Upside Video Update

Vancouver, British Columbia--(Newsfile Corp. - March 3, 2025) - CopperEx Resources Corp. (TSXV: CUEX) (the "**Company**" or "**CopperEx**") provides a property upside video update on the Kio Buggy and La Rica properties.

The video link is available in the following link: https://youtu.be/oxdnA_GhzaY

Dave Prins, President & CEO of CopperEx stated, "*We are pleased to provide shareholders and potential investors an update on the exciting CopperEx property package. Our primary focus will be on the Kio Buggy property located in northern Chile whereby as a result of our previously completed extensive field exploration program, we have clearly identified two potential porphyry targets, as explained in the video. We also plan to explore the potential of the La Rica Skarn advancing both properties into near term drill ready targets.*"

Forward-Looking Information.

Forward-Looking Statement (Safe Harbor Statement): This press release contains forward looking statements within the meaning of applicable securities laws. The use of any of the words "anticipate", "plan", "continue", "expect", "estimate", "objective", "may", "will", "project", "should", "predict", "potential" and similar expressions are intended to identify forward looking statements. In particular, this press release contains forward looking statements concerning the Company's exploration plans. Although the Company believes that the expectations and assumptions on which the forward-looking statements are based are reasonable, undue reliance should not be placed on the forward-looking statements because the Company cannot give any assurance that they will prove correct. Since forward looking statements address future events and conditions, they involve inherent assumptions, risks, and uncertainties. Actual results could differ materially from those currently anticipated due to a number of assumptions, factors, and risks. These assumptions and risks include, but are not limited to, assumptions and risks associated with conditions in the equity financing markets, and assumptions and risks regarding receipt of regulatory and shareholder approvals.
