NEWS RELEASE

WesCan Energy Commences Drilling at Provost

For Immediate Release

September 15, 2022

THIS NEWS RELEASE IS NOT FOR DISTRIBUTION TO UNITED STATES NEWSWIRE SERVICES OR FOR DISSEMINATION IN THE UNITED STATES

September 15, 2022 - Calgary, Alberta - WesCan Energy Corp. (TSXV: WCE) (“WesCan” or the “Company”) is providing an update to the previously announced news release with respect to the Company’s drilling program at Provost, Alberta.

On September 8, 2022, the Company announced that lease construction and drilling services were in place and that drilling was to begin within the next 7-10 days.

The Company is pleased to announce that drilling has now commenced and the new well spudded on September 13 at 19:00 hours. Surface and intermediate casing was set and cemented, plugged and pressure tested on September 14. The vertical section was completed to a depth of approximately 490 meters while the build section of the well at 490 meters, is expected to be drilled, cased and completed over the next 24 hours. Directional tools are being handled and expected to be in-hole by mid-day on September 16, 2022.

Further updates will be available over the course of the drilling program as we advance towards the completion stages of drilling. All updates and press releases will also be available on the Company’s website at www.wescanenergycorp.com

Disclaimer for Forward-Looking Information

Except for statements of historical fact, this news release contains certain “forward-looking information” within the meaning of applicable securities law. Forward-looking information is frequently characterized by words such as “plan”, “expect”, “project”, “intend”, “believe”, “anticipate”, “estimate” and other similar words, or statements that

certain events or conditions “may” occur. Forward-looking information in this press release includes, but is not limited to, statements regarding expectations of management regarding the drilling of the well and the timing of obtaining results therefrom. Although the Company believes that the expectations reflected in the forward-looking information are reasonable, there can be no assurance that such expectations will prove to be correct. Accordingly, readers should not place undue reliance on the forward-looking statements and information contained in this news release. Such forward-looking statements are subject to risks and uncertainties that may cause actual results, performance or developments to differ materially from those contained in the statements including, without limitation, the risks that the drilling program discussed herein may not have the anticipated results. The Company assumes no obligation to update the forward-looking statements of beliefs, opinions, projections, or other factors, should they change, except as otherwise required by law.
