GGX Gold Corp's shares begin trading on the OTCQB Venture Market

VANCOUVER, British Columbia – December 21, 2017 – GGX GOLD CORP. (TSXV.GGX) (the “Company” or “GGX Gold”) is pleased to announce that the Company’s common shares begin trading today on the OTCQB® Venture Market in the United States under the symbol "GGXXF". The Company’s common shares will continue to trade under the symbol “GGX” on the TSX Venture Exchange. The OTCQB Venture Market provides efficient access to U.S. investors, helping Canadian companies build shareholder value with a goal of enhancing liquidity and achieving fair valuation. Through trading on OTCQB, companies can engage a far greater network of U.S. investor, data distributors and media partners, ensuring U.S. investors have access to the same high-quality information that is available to investors in Canada, but through U.S. platforms and portals used to conduct research.

The securities law firm **Berns & Berns** acts as the Company's OTC Markets Sponsor.

About GGX Gold Corp.

GGX Gold Corp. is a mineral resource company focused on the exploration and development of its 35 square mile Gold Drop precious metals property within the prolific Greenwood gold mining district in British Columbia Canada.

The Crew

This News Release may contain forward-looking statements including but not limited to comments regarding the acquisition of certain mineral claims. Forward-looking statements address future events and conditions and therefore involve inherent risks and uncertainties. Actual results may differ materially from those currently anticipated in such statements and Revolver undertakes no obligation to update such statements, except as required by law.

Forward-looking statements are based on the then-current expectations, beliefs, assumptions, estimates and forecasts about the business and the industry and markets in which the Company operates, including that: the current price of and demand for minerals being targeted by the Company will be sustained or will improve; the Company will be able to obtain required exploration licences and other permits; general business and economic conditions will not change in a material adverse manner; financing will be available if and when needed on reasonable terms; the Company will not experience any material accident; and the Company will be able to identify and acquire additional mineral interests on reasonable terms or at all. Forward-looking statements are not guarantees of future performance and involve risks, uncertainties and assumptions which are difficult to predict. Investors are cautioned that all forward-looking statements involve risks and uncertainties, including: that resource exploration and development is a speculative business; that environmental laws and regulations may become more onerous; that the Company may not be able to raise additional funds when necessary; fluctuations in currency exchange rates; fluctuating prices of commodities; operating hazards and risks; competition; potential inability to find suitable acquisition opportunities and/or complete the same; and other risks and uncertainties listed in the Company's public filings. These risks, as well as others, could cause actual results and events to vary significantly. Accordingly, readers should not place undue reliance on forward-looking statements and information, which are qualified in their entirety by this cautionary statement. There can be no assurance that forward-looking information, or the material factors or assumptions used to develop such forward looking information, will prove to be accurate. The Company does not undertake any obligations to release publicly any revisions for updating any voluntary forward-looking statements, except as required by applicable securities law.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release
