Suite 1570 - 200 Burrard Street
Vancouver, British Columbia V6C 3L6

INFORMATION CIRCULAR
AS AT August 6th, 2024

This information circular (the “**Information Circular**”) accompanies the notice of the annual general meeting (the “**Meeting**”) of the shareholders (the “**Shareholders**”) of PROSPER GOLD CORP. (hereinafter called the “**Company**”) to be held at Suite 1570 – 200 Burrard Street, Vancouver, British Columbia, on the 12th day of September, 2024 at 10:00 am (Vancouver time) and is furnished in connection with a solicitation of proxies by the board of directors of the Company (the “**Board**”) for use at that Meeting and at any adjournment thereof. The solicitation will be by mail. Proxies may also be solicited personally or by telephone by regular employees of the Company. The Company does not reimburse Shareholders, nominees or agents for the cost incurred in obtaining from their principals authorization to execute forms of proxy. No solicitation will be made by agents. The cost of solicitation will be borne by the Company.

GENERAL PROXY INFORMATION

Appointment of Proxyholder

A duly completed form of proxy will constitute the person(s) named in the enclosed form of proxy as the Shareholder’s proxyholder. The person(s) whose name(s) are printed in the enclosed form of proxy for the Meeting are officers or directors of the Company (the “**Management Proxyholders**”).

A Shareholder has the right to appoint a person or company other than a Management Proxyholder to represent the Shareholder at the Meeting by striking out the names of the Management Proxyholders and by inserting the name of the desired representative in the blank space provided or by executing a proxy in a form similar to the enclosed form. A proxyholder need not be a Shareholder.

Voting By Proxy

Common shares of the Company (the “**Shares**”) represented by properly executed proxies in the accompanying form will be voted or withheld from voting on each respective matter in accordance with the instructions of the Shareholder on any ballot that may be called for.

If no choice is specified and one of the Management Proxyholders is appointed by a Shareholder as proxyholder, such person will vote in favour of the matters proposed at the Meeting and for all other matters proposed by management at the Meeting.

The enclosed form of proxy confers discretionary authority upon the person named therein as proxyholder with respect to amendments or variations to matters identified in the notice of meeting and with respect to other matters which may properly come before the Meeting. At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

Completion and Return Of Proxy

Completed forms of proxy must be deposited at the office of the Company's registrar and transfer agent, Computershare Investor Services Inc., Attention: Proxy Department, 8th floor, 100 University Ave, Toronto, Ontario, M5Y 2Y1, or by fax at 1-866-249-7775 (within in North America) or 416-263-9524 (outside North America) (the “**Transfer Agent**”), not later than forty-eight (48) hours, excluding Saturdays, Sundays and holidays, prior to the time of the Meeting, unless the chairman of the Meeting elects to exercise his discretion to accept proxies deposited subsequently.

Non-Registered Holders

Only registered Shareholders (“Registered Shareholders”) or duly appointed proxyholders are permitted to vote at the Meeting. Most Shareholders of the Company are “non-registered” Shareholders because the Shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the Shares. More particularly, a person is not a Registered Shareholder in respect of Shares which are held on behalf of that person (the “**Non-Registered Holder**”) but which are registered either: (a) in the name of an intermediary (an “**Intermediary**”) that the Non-Registered Holder deals with in respect of the Shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFFs, RESPs and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited (“**CDS**”)) of which the Intermediary is a participant.

Non-Registered Holders who have not objected to their Intermediary disclosing certain ownership information about themselves to the Company are referred to as “NOBOs”. Those Non-Registered Holders who have objected to their Intermediary disclosing ownership information about themselves to the Company are referred to as “OBOs”.

In accordance with the requirements of National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* of the Canadian Securities Administrators, the Company has elected to send the notice of meeting, this Information Circular and the proxy (collectively, the “**Meeting Materials**”) directly to the NOBOs. The Company will not be mailing materials to the OBOs. The Company does not intend to pay for Intermediaries to forward to OBOs the Meeting Materials, and an OBO will not receive the Meeting Materials unless the OBO’s Intermediary assumes the cost of delivery.

The Meeting Materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf.

By choosing to send the Meeting Materials to you directly, the Company (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

Meeting Materials sent to Non-Registered Holders who have not waived the right to receive Meeting Materials are accompanied by a request for voting instructions (a “**VIF**”). This form is similar to the proxy provided to registered shareholders of the Company. By returning the VIF in accordance with the instructions noted on it, a Non-Registered Holder is able to instruct the Registered Shareholder how to vote on behalf of the Non-Registered Shareholder. VIFs, whether provided by the Company or by an Intermediary, should be completed and returned in accordance with the specific instructions noted on the VIF.

In either case, the purpose of this procedure is to permit Non-Registered Holders to direct the voting of the Shares which they beneficially own. Should a Non-Registered Holder who receives a VIF wish to attend the Meeting or have someone else attend on his/her behalf, the Non-Registered Holder may request a legal proxy as set forth in the VIF, which will grant the Non-Registered Holder or his/her nominee the right to attend and vote at the Meeting. **Non-Registered Holders should carefully follow the instructions set out in the VIF including those regarding when and where the VIF is to be delivered.**

Revocability Of Proxy

Any Registered Shareholder who has returned a proxy may revoke it at any time before it has been exercised. In addition to revocation by any other manner permitted by law, a proxy may be revoked by instrument in writing, including a proxy bearing a later date, executed by the Registered Shareholder or by his attorney authorized in writing or, if the Registered Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. The instrument revoking the proxy must be deposited at the registered office of the Company at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the

chairman of the Meeting on the day of the Meeting. **Only Registered Shareholders have the right to revoke a proxy. Non-Registered Holders who wish to change their vote must, at least seven (7) days before the Meeting, arrange for their respective Intermediaries to revoke the proxy on their behalf.**

Voting Securities And Principal Holders Of Voting Securities

The Company is authorized to issue an unlimited number of Shares without par value. As at the date hereof, there are 44,694,476 Shares issued and outstanding. Each Shareholder is entitled to one vote for each Share registered in his name on the list of Shareholders, which is available for inspection during normal business hours at the office of the Transfer Agent and at the Meeting.

To the knowledge of the directors and executive officers of the Company, no person beneficially owns, directly or indirectly, or exercises control or direction over, voting securities carrying more than 10% of the outstanding voting rights of the Company.

The directors have determined that all Shareholders of record as of the close of business on August 6th, 2024 (the **“Record Date”**) will be entitled to receive notice of and to vote at the Meeting.

- (c) Rory Ritchie, the Vice President of Exploration of the Company; and

2. Compensation Discussion and Analysis

Philosophy and Objectives

The Company is a junior resource company. The compensation program for the senior management of the Company is designed with an aim to ensure the level and form of compensation achieves certain objectives, including:

- a) attracting and retaining qualified executives;
- b) motivating the short and long-term performance of these executives; and
- c) better aligning their interests with those of the Company's shareholders.

In compensating its senior management, the Company employs a combination of base salary, bonuses and equity participation through its amended and restated stock option plan (the "**Stock Option Plan**") and the restricted share unit plan (the "**RSU Plan**", and together with the Stock Option Plan, the "**Equity Based Compensation Plans**").

Base Salary

In the Board's view, paying base salaries which are reasonable in relation to the level of service expected while remaining competitive in the markets in which the Company operates is a first step to attracting and retaining qualified and effective executives.

Bonus Incentive Compensation

The Company's objective is to achieve certain strategic objectives and milestones. The Board considers executive bonus compensation dependent upon the Company meeting those strategic objectives and milestones and sufficient cash resources being available for the granting of bonuses. The Board approves executive bonus compensation following the receipt of submissions by the Company's compensation committee (the "**Compensation Committee**") and the recommendation of the Board. In all cases the Board considers compensation levels of issuers that are similar in size and scope to the Company's operations and stage of development and the milestones achieved by the senior officers.

Equity Participation

The Company believes that encouraging its executives and employees to become shareholders is the best way of aligning their interests with those of its shareholders. Equity participation is accomplished through the Company's Stock Option Plan and the RSU Plan.

During the year ended October 31, 2023, the Company did not grant or issue any stocks options ("**Options**") or Restricted Share Units ("**RSUs**").

Stock Option Plan

Options are granted under the Stock Option Plan to executives and employees taking into account a number of factors, including the amount and term of options previously granted, base salary and bonuses and competitive factors. The amounts and terms of options granted are determined by the Board based on recommendations put forward by the CEO or, in the case of options granted to executives and directors, the Company's Compensation Committee.

Restricted Share Unit Plan

RSUs may be awarded to the employees, consultants and officers of the Company to recognize and reward significant contributions to the long-term success of the Company. The Compensation Committee shall designate the employee, consultant or officer (the "**RSU Eligible Persons**") and determine the number of RSUs to be granted to each RSU Eligible Person in the Compensation Committee's sole discretion.

Actions, Decisions or Policies Made After October 31, 2023

Given the evolving nature of the Company's business, the Board continues to review and redesign the overall compensation plan for senior management so as to continue to address the objectives identified above.

Other than as disclosed herein, no actions, decisions or policies have been made since October 31, 2023 that would affect a reader's understanding of NEO compensation.

Risks

The Board has not considered the implications of the risks associated with the Company's compensation policies and practices.

Compensation Consultant

The Compensation Committee first retained Global Governance Advisors ("GGA") in 2021 to provide independent compensation and governance advisory services to the Compensation Committee, including a review of the competitiveness of the executive compensation levels for the NEOs and the Board. GGA is an internationally recognized, independent advisory firm that provides counsel to boards of directors on matters relating to executive compensation and governance.

In March 2021, GGA performed a detailed review of the Company's director and executive compensation philosophy and comparative benchmarking. The Company adopted certain recommendations of GGA including the competitive market range for salaries, options, and RSU's.

The Company incurred the following fees for GGA's work over the past three (3) years:

Financial Year-End	Executive Compensation-Related Fees ⁽¹⁾	All Other Fees ⁽²⁾
October 31, 2023	NIL	NIL
October 31, 2022	NIL	NIL
October 31, 2021	\$23,000	\$2,795.38

- (1) the aggregate fees billed by each consultant or advisor, or any of its affiliates, for services related to determining compensation for any of the company's directors and executive officers.
- (2) the aggregate fees billed for all other services provided by each consultant or advisor, or any of its affiliates, that are not reported under (1) above.

The Compensation Committee reviews all fees and the terms of consulting services provided by its independent compensation consultants before each engagement.

Financial Instruments

A NEO or director is not permitted to purchase financial instruments that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

Share-Based and Option-Based Awards

NEOs are eligible under the Company's Stock Option Plan to receive grants of stock options and under the Company's RSU Plan to receive grants of RSUs. The Equity Based Compensation Plans are an important part of the Company's long-term incentive strategy for its officers, permitting them to participate in any appreciation of the market value of its Shares over a stated period of time. The Equity Based Compensation Plans are intended to reinforce commitment to long-term growth in profitability and shareholder value.

Under the Stock Option plan, the size of stock option grants to NEOs is dependent on each officer's level of

responsibility, authority and importance to the Company and the degree to which such officer's long-term contribution to the Company will be key to its long-term success. In determining the number of stock options to be granted to NEOs, the Board takes into account any recommendations of the Company's Compensation Committee, including as to the number of options, if any, previously granted to each NEO and the exercise price of any outstanding options to ensure such grants are in accordance with the TSX Venture Exchange ("TSX-V") policies and closely align the interests of the NEOs with the interests of the shareholders.

Under the RSU Plan, the Compensation Committee shall designate RSU Eligible Persons and determine the number of RSUs to be granted to each RSU Eligible Person in the Compensation Committee's sole discretion. Concurrently, the Compensation Committee shall determine the redemption date. In addition, the Compensation Committee may, at its sole discretion, at the time of the grant of RSUs, make such RSUs subject to performance conditions to be achieved by the Company, the RSU Eligible Persons or a class of RSU Eligible Persons prior to the redemption date.

Compensation Governance

The Board has appointed a Compensation Committee which has assumed the responsibilities relating to executive and director compensation, including reviewing and recommending director compensation, overseeing the Company's base compensation structure and equity-based compensation program, recommending compensation of the Company's officers and employees, and evaluating the performance of officers generally and in light of annual goals and objectives, for presentation and recommendation to the plenary Board.

The Compensation Committee also assumes responsibility for reviewing and monitoring the long-range compensation strategy for the senior management of the Company. The Compensation Committee also reviews the compensation of senior management on at least an annual basis taking into account compensation paid by other issuers of similar size and activity.

The Company's Compensation Committee is currently comprised of three directors, namely Jim Miller-Tait, Jason Hynes and Peter Bernier. Jim Miller-Tait and Jason Hynes are considered "independent" in that each are independent and free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with his ability to act with the best interests of the Company, other than the interests and relationships arising from shareholdings and consulting fees.

The Board believes that each current member of the Compensation Committee possesses the skills and experience relevant to the mandate of the Compensation Committee. In addition, the members of the Compensation Committee each have skills and experience that enable them to make decisions on the suitability of the Corporation's executive compensation policies and practices. Each member of the Compensation Committee has direct operational or functional experience overseeing compensation policies and practices in publicly listed organizations similar in complexity to Prosper Gold.

4. Incentive Plans

Stock Option Plan

The Company has in effect the Stock Option Plan in order to provide effective incentives to directors, officers, senior management personnel and employees of the Company and to enable the Company to attract and retain experienced and qualified individuals in those positions by permitting such individuals to directly participate in an increase in per share value created for the Company's Shareholders.

Summary of the Stock Option Plan

The following is a summary of the principal terms of the Stock Option Plan in force as of the date hereof. The Stock Option Plan provides that the number of Shares that may be purchased under the Stock Option Plan shall not exceed 4,831,721 Shares (being 15% of the issued and outstanding Shares as of the date of implementation of the Stock Option Plan), subject to adjustment in accordance with the Stock Option Plan, or such greater number of Shares as shall have been duly approved by the Board and, if required, by the TSX-V. The maximum number of Shares available for issuance under the Stock Option Plan in combination with the RSU Plan (and any other security-base compensation arrangements of the Company) will not exceed 6,442,295 Shares (being 20% of the issued and outstanding Shares as of the date of implementation of the Equity Based Compensation Plans) or such greater number of Shares as shall

have been duly approved by the Board and, if required, by the TSX-V. Per TSX-V policies, the total amount of shares reserved for issuance to any one optionee within a period of 12 months shall not exceed 5% of the outstanding Shares at the time of grant, the total amount of shares reserved for issuance to any one Consultant (as defined by the Stock Option Plan) within a period of 12 months shall not exceed 2% of the outstanding Shares at the time of grant, and the total amount of shares reserved for all persons conducting Investor Relations Activities (as defined by the Stock Option Plan) within a period of 12 months shall not exceed 2% of the outstanding Shares at the time of the grant.

The Stock Option Plan provides that it is solely within the discretion of the Board to determine which directors and employees may be awarded options under the Stock Option Plan, and under what terms they will be granted, as well as any amendments or variations to these terms in the event of an Accelerated Vesting Event (as defined by the Stock Option Plan).

Options granted under the Stock Option Plan will be for a term not exceeding ten years from the day the option is granted, as in line with TSX-V policies. Subject to such other terms or conditions that may be attached to the particular option granted, an option shall only be exercisable so long as the optionee shall continue to hold office or to be employed by the Company and shall, unless terminated earlier, or extended by the Board, terminate immediately if said optionee is terminated for cause, terminate at the close of business on the date which is no later than 90 calendar days after cessation of office or employment, or in the case of the optionee's death, terminate at the close of business on the date which is no later than one year after the date of death, as the case may be.

The options will be exercisable at a price which is not less than the Market Price (as defined in the policies of the TSX-V) of the Company's shares. The options will be non-assignable.

Shares will not be issued pursuant to options granted under the Stock Option Plan until they have been fully paid for. The Company will not provide financial assistance to option holders to assist them in exercising their options. Furthermore, in accordance with Canadian tax laws, the Company will either require optionees to, at the time they exercise options, provide a sum equivalent to the total tax withholding and other deductions required for the exercise, or withhold that amount from the total amount paid out to the optionee.

Restricted Share Unit Plan

The Company has in effect the RSU Plan in order to allow for certain discretionary bonuses and similar awards as an incentive and reward for the selected eligible persons related to the achievement of long-term financial and strategic objectives of the Company and the resulting shareholder value. The RSU plan promotes the alignment of interests between the Shareholders and the selected eligible persons by providing an opportunity to participate in increases in the value of the Company. RSUs track the value of the underlying Shares but do not entitle the recipient to the actual underlying Share until such RSU vest and are redeemed in accordance with the RSU plan.

Summary of the RSU Plan

The following is a summary of the principal terms of the RSU Plan in force as of the date hereof. Participation in the RSU Plan is restricted to employees, consultants and officers of the Company (a "**RSU Eligible Person**"). Employees, including directors who are also employees, are eligible to participate in the Company's RSU Plan. The maximum number of Shares available for issuance under the RSU Plan is fixed at 1,610,574 Shares (representing 5% of the Company's outstanding Shares as of the date of implementation of the RSU plan), and in combination with all security-based compensation arrangements of the Company (including the Stock Option Plan), will not exceed 6,442,295 Shares, or such greater number of Shares as shall have been duly approved by the Board and, if required, by the TSX-V. For so long as the Shares are listed on the TSX-V, the maximum number of Shares to be issued under the RSU Plan, within any one-year period: (i) to any RSU Eligible Person, will not exceed 5% of the total issued and outstanding Shares on the grant date on a non-diluted basis, and (ii) to any consultant, shall not exceed 2% of the total number of issued and outstanding Shares on a non-diluted basis. For so long as the Company's Shares are listed on the TSX-V, no Shares will be issued under the RSU Plan to any RSU Eligible Person whose role and duties primarily consist of Investor Relations Activities, as defined in the TSX-V Corporate Finance Manual. RSUs which vest and are redeemed in accordance with the RSU Plan will not be available for re-grant under the RSU Plan.

RSUs may not be sold, transferred, assigned, pledged or otherwise encumbered or disposed of (other than to the beneficiary or estate of an RSU Eligible Persons, as the case may be, upon the death of the RSU Eligible Person granted RSUs (the “**RSU Grantee**”)).

The RSU Plan permits the Compensation Committee to grant awards of RSUs to an RSU Eligible Person. Subject to any vesting conditions, the RSUs will be redeemed within 30 days of the applicable redemption date, for (i) the number of Shares equal to the numbers of RSUs vested on the redemption date, (ii) a cash amount equal to the number of Shares set out in (i) multiplied by the fair market value of the Shares on the redemption date or (iii) a combination of (i) and (ii). The redemption date in respect of any RSU is the date provided for in the agreement granting the RSUs or if no date is set, the third anniversary of the grant date, unless otherwise provided for in the RSU Plan. The Compensation Committee has the discretion to stipulate the length of time for vesting and to determine various performance objectives based on certain business criteria as a pre-condition to an RSU vesting. It is the Compensation Committee’s intent that all RSUs will vest upon the expiry of time-based vesting conditions. The duration of the vesting period and other vesting terms applicable to the grant of the RSUs will be determined at the time of the grant by the Compensation Committee.

If a RSU Eligible Person is involuntarily terminated for reasons other than cause and holds vested RSUs, the vested RSUs will be redeemed on the date the RSU Eligible Person’s employment is terminated for an equal number of Shares or cash in lieu thereof or a combination of cash and Shares, as determined by the Compensation Committee. If the RSU Grantee is terminated by the Company with cause or voluntary ends his or her employment with the Company, all RSUs granted to the RSU Eligible Person, whether vested or unvested will be forfeited and cancelled without payment. In the event of a change of control of the Company, all RSUs granted to RSU Eligible Persons and outstanding under the RSU Plan will immediately vest and will be paid out in cash, Shares or a combination of cash and Shares.

5. Pension Plan Benefits

The Company does not have a pension plan.

MANAGEMENT CONTRACTS

Except as set out herein, no management functions of the Company are performed to a substantial degree by a person other than the directors and officers of the Company.

CORPORATE GOVERNANCE

Pursuant to National Instrument 58-101 – *Disclosure of Corporate Governance Practices*, the Company is required to and hereby discloses its corporate governance practices.

PART 1 - BOARD OF DIRECTORS

The Board of the Company facilitates its exercise of independent supervision over the Company's management through frequent meetings of the Board.

Peter Bernier is not considered “independent” due to the fact that he is the President and CEO of the Company.

James Hedalen is not considered “independent” due to the fact that he is the COO of the Company.

Jason Hynes is considered “independent” in that he is independent and free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with his ability to act with the best interests of the Company, other than the interests and relationships arising from shareholdings.

Jim Miller-Tait is considered “independent” in that he is independent and free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with his ability to act with the best interests of the Company, other than the interests and relationships arising from shareholdings.

Wes Carson is considered “independent” in that he is independent and free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with his ability to act with the best interests of the Company, other than the interests and relationships arising from shareholdings.

PART 2 – DIRECTORSHIPS

Wes Carson is also a director of Arras Minerals Corp. James Hedalen is also a director of Kobrea Exploration Corp. None of the other directors of the Company are also directors of other reporting issuers.

PART 3 – ORIENTATION AND CONTINUING EDUCATION

Each of the Corporation's directors has full access to management. In 2023, Prosper Gold plans to continue providing continuing education for directors on an ad-hoc basis in respect of, among other possible subjects, their obligations as directors, short, medium and long-term corporate objectives, business risks and mitigation strategies and strategic planning with management.

The Corporation currently has an informal orientation and education program for new members of the Board in order to ensure that new directors have an opportunity to become familiarized with the Corporation's business and operations and the role and procedures of the Board and its Committees.

Directors are encouraged to communicate with management, auditors and technical consultants; to keep current with industry trends and developments and changes in legislation with management's assistance; and to attend related industry seminars and visit the Corporation's operations. Board members have full access to the Corporation's records.

The Board encourages the continuing education of its directors. Presentations are made to the Board members from time to time on developments relating to the business and operations of the Corporation and its assets on an ongoing basis, to ensure ongoing development of directors. The Corporation also sponsors director attendance at education seminars, where appropriate, and arranges site visits to its mineral properties from time to time, if appropriate.

PART 4 – ETHICAL BUSINESS CONDUCT

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Under corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Company and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances, and disclose to the Board the nature and extent of any interest of the director in any material contract or material transaction, whether made or proposed, if the director is a party to the contract or transaction, is a director or officer (or an individual acting in a similar capacity) of a party to the contract or transaction or has a material interest in a party to the contract or transaction. The director must then abstain from voting on the contract or transaction unless the contract or transaction (i) relates primarily to their remuneration as a director, officer, employee or agent of the Company or an affiliate of the Company, (ii) is for indemnity or insurance for the benefit of the director in connection with the Company, or (iii) is with an affiliate of the Company. If the director abstains from voting after disclosure of their interest, the directors approve the contract or transaction and the contract or transaction was reasonable and fair to the Company at the time it was entered into, the contract or transaction is not invalid and the director is not accountable to the Company for any profit realized from the contract or transaction. Otherwise, the director must have acted honestly and in good faith, the contract or transaction must have been reasonable and fair to the Company and the contract or transaction be approved by the Shareholders by a special resolution after receiving full disclosure of its terms in order for the director to avoid such liability or the contract or transaction being invalid.

PART 5 – NOMINATION OF DIRECTORS

The Board is responsible for identifying individuals qualified to become new Board members and recommending to the Board new director nominees for the next annual meeting of the Shareholders.

New nominees must have a track record in general business management, special expertise in an area of strategic interest to the Company, the ability to devote the time required, shown support for the Company's mission and strategic objectives, and a willingness to serve.

PART 6 – COMPENSATION

The Board conducts reviews with regard to directors' and the CEO's compensation once a year. To make its recommendation on directors' and the CEO's compensation, the Board takes into account the types of compensation

and the amounts paid to directors of comparable publicly traded Canadian companies.

PART 7 – OTHER BOARD COMMITTEES

The Board has an Audit Committee and Compensation Committee.

PART 8 – ASSESSMENTS

The Board monitors the adequacy of information given to directors, communication between the Board and management and the strategic direction and processes of the Board and committees.

Audit Committee Oversight

At no time since the commencement of the Company's most recently completed financial year, has a recommendation of the Audit Committee to nominate or compensate an external auditor not been adopted by the Board.

At no time since the commencement of the Company's most recently completed financial year has the Company relied on either of the exemptions contained in section 2.4, *De Minimis Non-audit Services*, or section 8, *Exemptions of National Instrument 52-110 – Audit Committees* (“**NI 52-110**”).

Section 2.4 of NI 52-110 provides an exemption from the requirement that the Audit Committee must pre-approve all non-audit services to be provided by the auditor, where the total amount of fees related to the non-audit services are not expected to exceed 5% of the total fees payable to the auditor in the fiscal year in which the non-audit services were provided. Section 8 of NI 52-110 permits a Company to apply to a securities regulatory authority for an exemption from the requirements of NI 52-110, in whole or in part.

The Audit Committee has not adopted specific policies and procedures for the engagement of non-audit services. Subject to the requirements of NI 52-110, the engagement of non-audit services is considered by the Board and, where applicable, by the audit committee, on a case-by-case basis.

To date, Shareholder inquiries and concerns have been dealt with directly by management and by the Company's Chief Financial Officer.

Orientation and Continuing Education

The Board does not have a formal policy relating to the orientation of new directors and continuing education for

directors. The appointment of a new director is a relatively infrequent event in the Company's affairs, and each situation is addressed on its merits on a case-by-case basis. The Board, with the assistance of counsel, keeps itself apprised of changes in the duties and responsibilities of directors and deals with material changes of those duties and responsibilities as and when the circumstances warrant. The Board will evaluate these positions, and if changes appear to be justified, formal policies will be developed and followed.

ADDENDUM "A" TO THE AUDIT COMMITTEE CHARTER WHISTLE BLOWER POLICY

Introduction

Prosper Gold Corp. (“**Prosper**” or the “**Corporation**”) is committed to the highest standards of openness, honesty and accountability. In line with that commitment, we expect employees and others that we deal with who have serious concerns about any aspect of the Corporation's activities and operations to come forward and voice those concerns.

Employees are often the first to realize that there may be something seriously wrong within the Corporation. However, they may decide not to express their concerns because they feel that speaking up would be disloyal to their colleagues or to the Corporation. They may also fear recrimination, harassment or victimization. In these circumstances, they may feel it would be easier to ignore the concern rather than report what may just be a suspicion of wrong-doing.

This policy document makes it clear that employees can report wrong-doings or suspected wrong-doings without fear of victimization, subsequent discrimination or disadvantage. This Whistle Blowing Policy is intended to encourage and enable employees to raise serious concerns within the Corporation rather than overlooking a problem or seeking a resolution of the problem outside the Corporation.

This Policy applies to all employees and those contractors working for the Corporation. It is also intended to provide a method for other stakeholders (suppliers, customers, shareholders etc.) to voice their concerns regarding the Corporation's business conduct.

The Policy is also intended as a clear statement that if any wrongdoing by the Corporation or any of its employees or by any of its contractors or suppliers is identified and reported to the Corporation, it will be dealt with expeditiously and thoroughly investigated and remedied. The Corporation will further examine and implement the means of ensuring that such wrongdoing can be prevented in future.

A whistleblowing or reporting mechanism invites all employees and other stakeholders to act responsibly to uphold the reputation of their organization and maintain public confidence. Encouraging a culture of openness within the organization will also help this process. This Policy aims to ensure that serious concerns are properly raised and addressed within the Corporation.

Background

1. What is Whistleblowing?

Employees are usually the first to know when something is going seriously wrong. A culture of turning a “blind eye” to such problems means that the alarm is not sounded and those in charge do not get the chance to take action before real damage is done. Whistleblowing can therefore be described as giving information about potentially illegal and/or underhanded practices i.e. wrong doing.

2. What is wrong doing?

Wrong doing involves any unlawful, illegal or otherwise improper behaviour and can include:

- An unlawful act whether civil or criminal;
- Breach of or failure to implement or comply with any approved policy of the Corporation, including the internal financial controls approved by the Corporation;
- Knowingly breaching federal or provincial laws or regulations;
- Unprofessional conduct or conduct that is not consistent with recognized, established standards of practice;
- Questionable accounting or auditing practices;
- Dangerous practice likely to cause physical harm / damage to any person/property;
- Failure to rectify or take reasonable steps to report a matter likely to give rise to a significant and avoidable cost or loss to the Corporation;

- Abuse of power or authority for any unauthorized or ulterior purpose;
- Unfair discrimination in the course of employment or provision of services.

This list is not definitive, but is intended to give an indication of the kind of conduct which might be considered as "wrong doing".

3. Who is protected?

This Policy is set in the context of the regulatory provisions of the Canadian Securities Association (CSA) National Instrument 52-110 -Audit Committees. Any employee who makes a disclosure or raises a concern under this Policy will be protected if the employee:

- Discloses the information in good faith;
- Believes it to be substantially true;
- Does not act maliciously or make knowingly false allegations; and
- Does not seek any personal or financial gain.

4. Who should you contact?

Anyone with a complaint or concern about the Corporation should contact Peter Bernier, President and Chief Executive Officer.

5. How the Corporation will respond

The Corporation will respond positively to your concerns. Where appropriate, the matters raised may:

- (a) be investigated by management, the Board of Directors, internal audit (when implemented), or through the disciplinary process;
- (b) be referred to the police;
- (c) be referred to the external auditor or external legal counsel;
- (d) form the subject of an independent inquiry.

In order to protect individuals and those accused of misdeeds or possible malpractice, initial enquiries will be made to decide whether an investigation is appropriate and, if so, what form it should take. Some concerns may be resolved by agreed action without the need for investigation.

- (a) acknowledging that the concern has been received;
- (b) indicating how he/she proposes to deal with the matter;
- (c) giving an estimate of how long it will take to provide a response;
- (d) telling you whether any initial enquiries have been made; and
- (e) telling you whether further investigations will take place and if not, why not.

The amount of contact between the officers considering the issues and you will depend on the nature of the matters raised, the potential difficulties involved and the clarity of the information provided. If necessary, the Corporation will seek further information from you.

The Corporation will take steps to minimize any difficulties which you may experience as a result of raising a concern. For instance, if you are required to give evidence in criminal or disciplinary proceedings, the Corporation will arrange for you to receive advice about the procedure.

The Corporation accepts that you need to be assured that the matter has been properly addressed. Thus, subject to legal constraints, we will inform you of the outcomes of any investigation.

6. Time Frames

Concerns will be investigated as quickly as possible. It should be borne in mind that it may be necessary to refer a matter to an external agency and this may result in an extension of the investigative process. It should also be borne in mind that the seriousness and complexity of any complaint may have an impact on the time taken to investigate a matter. A designated person will indicate at the outset the anticipated time frame for investigating the complaint.

7. Prevention of recriminations, victimization or harassment

The Corporation will not tolerate an attempt on the part of anyone to apply any sanction or detriment to any person who has reported to the Corporation a serious and genuine concern that they may have about an apparent wrongdoing.

8. Confidentiality and Anonymity

The Corporation will respect the confidentiality of any whistle blowing complaint received by the Corporation where the complainant requests that confidentiality. However, it must be appreciated that it will be easier to follow up and to verify complaints if the complainant is prepared to give his or her name.

9. False and Malicious Allegations

The Corporation is proud of its reputation with the highest standards of honesty. It will therefore ensure that substantial and adequate resources are put into investigating any complaint which it receives. However, the Corporation will regard the making of any deliberately false or malicious allegations by any employee of the Corporation as a serious disciplinary offence which may result in disciplinary action, up to and including dismissal for cause.
