NOTICE REGARDING INFORMATION

Information in this Information Circular is given as at July 21, 2025 unless otherwise indicated and except for information contained in the documents incorporated herein by reference, which is given as at the respective dates stated therein.

No person is authorized to give any information or make any representation not contained in this Information Circular and, if given or made, such information or representation should not be relied upon as having been authorized. This Information Circular does not constitute an offer to sell, or a solicitation of an offer to purchase, any securities, or the solicitation of a proxy, by any person in any jurisdiction in which such an offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such an offer or solicitation of an offer or proxy solicitation. Neither delivery of this Information Circular nor any distribution of the securities referred to in this Information Circular will, under any circumstances, create an implication that there has been no change in the information set forth herein since the date of this Information Circular.

GENERAL INFORMATION CONCERNING THE MEETING AND VOTING

Solicitation of Proxies

This Information Circular is provided in connection with the solicitation by the management of the Company of proxies to be used at the Meeting. The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by directors, officers and regular employees of the Company. The Company will bear all costs of this solicitation.

Appointment of Proxyholder

The individuals named in the accompanying form of proxy are officers and/or directors of Rainy Mountain. **If you are a securityholder entitled to vote at the Meeting, you have the right to appoint a person or company other than either of the persons designated in the form of proxy accompanying this Information Circular, who need not be a shareholder, to attend and act for you and on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the form of proxy accompanying this Information Circular or by completing and delivering another suitable form of proxy.**

Voting by Proxyholder

The persons named in the form of proxy accompanying this Information Circular will vote or withhold Common Shares represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your Common Shares will be voted accordingly. In the absence of any instructions to the contrary, the Common Shares represented by proxies received by management will be voted FOR the approval of the resolutions described herein, among other things.

The Proxy confers discretionary authority on the persons named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified;
- (b) any amendment to or variation of any matter identified therein; and

- (c) any other matter that properly comes before the Meeting or any adjournments thereof.

At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice of Meeting. If any other matters do properly come before the Meeting, it is intended that the person appointed as proxy will vote on such other business in such manner as that person then considers to be proper.

Registered Shareholders

Registered holders of Common Shares electing to submit a proxy may do so by phone or internet provided on the proxy or by completing, dating and signing the enclosed form of proxy and returning it to the Company's transfer agent, TSX Trust Company, by mail or hand delivery to 301 – 100 Adelaide Street West, Toronto, ON M5H 4H1, in all cases ensuring that the form of proxy is received before 9:45 a.m. (PT) on August 26, 2025 or if the Meeting is adjourned or postponed, at least 48 business hours (where "business hours" means hours on days other than a Saturday, Sunday or any other holiday in British Columbia or Ontario) before the time on the date to which the Meeting is adjourned or postponed.

Beneficial Shareholders

The following information is of significant importance to shareholders who do not hold Common Shares in their own name.

Shareholders who hold their common shares through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold their common shares in their own name (referred to herein as "**Beneficial Shareholders**") should note that the only proxies that can be recognized and acted upon at the Meeting are those deposited by registered shareholders (those whose names appear on the records of the Corporation as the registered holders of Common Shares) or as set out in the following disclosure.

If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in the shareholder's name on the records of Rainy Mountain. Such Common Shares will more likely be registered under the names of intermediaries. In the United States, the vast majority of such Common Shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks), and in Canada, under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms).

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of meetings of shareholders. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

There are two kinds of Beneficial Shareholders – those who object to their name being made known to the issuers of securities which they own (called "**OBOs**" for Objecting Beneficial Owners) and those who do not object to the issuers of the securities they own knowing who they are (called "**NOBOs**" for Non-Objecting Beneficial Owners).

Non-Objecting Beneficial Owners

Rainy Mountain is taking advantage of the provisions of NI 54-101 that permit it to deliver proxy-related materials directly to its NOBOs. As a result, NOBOs can expect to receive a scannable VIF from the Company's transfer agent, TSX Trust Company. The VIF is to be completed and returned to TSX Trust Company as set out in the instructions provided on the VIF. TSX Trust Company will tabulate the results of the VIFs received from NOBOs and will provide appropriate instructions at the Meeting with respect to the shares represented by the VIFs they receive.

These securityholder materials are being sent to both registered and non-registered owners of the securities of Rainy Mountain. If you are a non-registered owner, and Rainy Mountain or its agent has sent these materials directly to you, your name, address and information about your holdings of securities, were obtained in accordance with applicable securities regulatory requirements from the intermediary holding securities on your behalf. By choosing to send these materials to you directly, Rainy Mountain (and not the intermediary holding securities on your behalf) has assumed

responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your VIF as specified in the request for voting instructions that was sent to you.

Objecting Beneficial Owners

Beneficial Shareholders, who are OBOs, should follow the instructions of their intermediary carefully to ensure that their Common Shares are voted at the Meeting.

Rainy Mountain does not intend to pay for intermediaries to deliver to OBOs the meeting materials and Form 54-101F7 Request for Voting Instructions Made by Intermediary. An OBO will not receive the materials unless the OBO's intermediary assumes the cost of delivery.

The form of proxy supplied to you by your broker will be similar to the proxy provided to registered holders of Common Shares. However, its purpose is limited to instructing the intermediary on how to vote your Common Shares on your behalf. Most brokers delegate responsibility for obtaining instructions from clients to Broadridge in the United States and in Canada. Broadridge mails a VIF in lieu of a proxy provided by Rainy Mountain. The VIF will name the same persons as the Company's proxy to represent your Common Shares at the Meeting. You have the right to appoint a person (who need not be a Beneficial Shareholder), other than any of the persons designated in the VIF, to represent your Common Shares at the Meeting and that person maybe you. To exercise this right, insert the name of the desired representative (which may be yourself) in the blank space provided in the VIF. The completed VIF must then be returned to Broadridge by mail or facsimile or given to Broadridge by phone or over the internet, in accordance with Broadridge's instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting and the appointment of any shareholder's representative. **If you receive a VIF from Broadridge, the VIF must be completed and returned to Broadridge, in accordance with its instructions, well in advance of the Meeting in order to have your Common Shares voted or to have an alternate representative duly appointed to attend the Meeting and vote your Common Shares at the Meeting.**

Notice to Rainy Mountain Securityholders in the United States

The solicitation of proxies involves securities of an issuer located in Canada and are being effected in accordance with the corporate laws of the Province of British Columbia, Canada and securities laws of the provinces of Canada. The proxy solicitation rules under the U.S. Exchange Act are not applicable to Rainy Mountain or this solicitation, and this solicitation has been prepared in accordance with the disclosure requirements of the securities laws of the provinces of Canada. Rainy Mountain Securityholders should be aware that disclosure requirements under the securities laws of the provinces of Canada differ from the disclosure requirements under United States securities laws.

The enforcement by Rainy Mountain Securityholders of civil liabilities under United States federal securities laws may be affected adversely by the fact that Rainy Mountain is existing under the Business Corporations Act, certain of its directors and its executive officers are residents of Canada and a substantial portion of its assets and the assets of such persons are located outside the United States. Securityholders may not be able to sue a foreign company or its officers or directors in a foreign court for violations of United States federal securities laws. It may be difficult to compel a foreign company and its officers and directors to subject themselves to a judgment by a United States court.

Revocation of Proxy

In addition to revocation in any other manner permitted by law, a registered Shareholder who has given a proxy may revoke it by executing a proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the registered holder of Common Shares or the authorized attorney thereof in writing, or, if the registered holder of Common Shares is a corporation, under its corporate seal by an officer or attorney duly authorized, and by delivering the proxy bearing a later date to TSX Trust Company at 301 – 100 Adelaide Street West, Toronto, ON M5H 4H1, at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, the last business day that precedes any reconvening thereof, or to the chairman of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law, or

A revocation of a proxy will not affect a matter on which a vote is taken before the revocation.

Mandate of the Board

The Directors are responsible for fostering the short and long-term success of the Company and is accountable to the Company's shareholders. The Directors are also responsible for the management and supervising management of the Company's business and affairs.

The Guidelines suggest that the board of directors of every reporting issuer should be constituted with a majority of individuals who qualify as "independent" directors under NI 52-110, which provides that a director is independent if he or she has no direct or indirect "material relationship" with the Company. The "material relationship" is defined as a relationship which could, in the view of the Company's Board, reasonably interfere with the exercise of a director's independent judgement. Two of the current members of the Board are considered "independent" and one member is not considered "independent" within the meaning of NI 52-110, being CEO Sean Charland.

The Board has a stewardship responsibility to supervise the management of and oversee the conduct of the business of the Company, provide leadership and direction to Management, evaluate Management, set policies appropriate for the business of the Company and approve corporate strategies and goals. The day-to-day management of the business and affairs of the Company is delegated by the Board to the CEO. The Board will give direction and guidance through the CEO to Management and will keep Management informed of its evaluation of the senior officers in achieving and complying with goals and policies established by the Board.

The Board recommends nominees to the shareholders for election as directors, and immediately following each annual general meeting appoints an Audit Committee. The Board establishes and periodically reviews and updates the committee mandates, duties and responsibilities of each committee, elects a chairperson of the Board and establishes his or her duties and responsibilities, appoints the CEO, CFO and President of the Company and establishes the duties and responsibilities of those positions and on the recommendation of the CEO, appoints the senior officers of the Company and approves the senior management structure of the Company.

The Board exercises its independent supervision over management by its policies that require periodic meetings of the Board be held to obtain an update on significant corporate activities and plans. The Board attempts to meet not less than three times during each year and endeavours to hold at least one meeting in each fiscal quarter. The Board also meets at any other time at the call of the CEO, or subject to the Articles of the Company, of any director.

The mandate of the Board, as prescribed by the *Business Corporations Act* (British Columbia) (the “Act”), is to manage or supervise management of the business and affairs of the Company and to act with a view to the best interests of the Company. In doing so, the Board oversees the management of the Company’s affairs directly and through its committees.

Composition and Independence of the Board

Management is nominating three (3) individuals to the Board, all of whom are current directors of Rainy Mountain.

The Guidelines suggest that the board of directors of every reporting issuer should be constituted with a majority of individuals who qualify as “independent” directors under NI 52-110, which provides that a director is independent if he or she has no direct or indirect “material relationship” with Rainy Mountain. The “material relationship” is defined as a relationship which could, in the view of the Board, reasonably interfere with the exercise of a director’s independent judgement.

Compensation Committee

A Compensation Committee is responsible for assisting the Board in discharging the Board's oversight responsibilities relating to the attraction, compensation, evaluation and retention of key senior executive officers with the skills and expertise needed to enable the Company to achieve its goals and strategies at fair and competitive compensation and appropriate performance incentives. The Compensation Committee shall to the best of its ability, knowledge and acting reasonably, meet all applicable legal, regulatory and listing requirements, including, without limitation, those of any stock exchange on which the Company's shares are listed, the Canada Business Corporations Act and all applicable securities regulatory authorities.

The quantity and quality of the Board compensation is reviewed on an annual basis. At present, the Board is satisfied that the current compensation arrangements adequately reflect the responsibilities and risks involved in being an effective director of the Company. As well, the number of options to be granted is determined by the Board as a whole, which allows any independent directors to have input into compensation decisions. At this time, the Company does not believe its size and limited scope of operations requires a formal compensation committee.

Corporate Governance & Nominating Committee

A Corporate Governance & Nominating Committee is responsible for assisting the Board in fulfilling its corporate governance responsibilities. The overall purpose of the Corporate Governance & Nominating Committee is (i) to oversee the development framework of rules and practices for the Company's approach to matters of corporate governance, (ii) assess the directors on an on-going basis, and (iii) to identify and propose new qualified nominees to

the Board and to review and make recommendations to the Board as to all such matters.

At present, the Board is satisfied that the current corporate governance arrangements adequately reflect the responsibilities and risks involved in being an effective director of the Company.

Orientation and Continuing Education

The Board of Directors provides an overview of the Company's business activities, systems and business plan to all new directors. New director candidates have free access to any of the Company's records, employees or senior management in order to conduct their own due diligence and will be briefed on the strategic plans, short, medium and long-term corporate objectives, business risks and mitigation strategies, corporate governance guidelines and existing policies of the Company.

Ethical Business Conduct

To date, the Board has not adopted a formal written Code of Business Conduct and Ethics. However, the current limited size of the Company's operations, and the small number of officers and consultants, allow the Board to monitor on an ongoing basis the activities of management and to ensure that the highest standard of ethical conduct is maintained. As the Company grows in size and scope, the Board anticipates that it will formulate and implement a formal Code of Business Conduct and Ethics, which will be specifically designed to deter wrongdoings and to promote honest and ethical conduct, the avoidance of conflicts of interest, accurate and timely disclosure, compliance with applicable governmental laws, rules and regulations and the prompt internal reporting to an appropriate person(s) of violations of the Code.

The Board will then delegate the communication of the Code to employees, officers and consultants who will be expected to encourage and promote a culture of ethical business conduct.

Nomination of Directors

The Board considers its size each year when it considers the number of Directors to recommend to the Shareholders for election at the annual meeting of Shareholders, taking into account the number required to carry out the Board's duties effectively and to maintain a diversity of views and experience.

When directorships become vacant, or it is anticipated that they will be vacated, the Board identifies new candidates for board nomination by an informal process of discussion and consensus-building on the need for additional directors, the specific attributes being sought, likely prospects, and timing. Prospective directors are not approached until consensus is reached. This process takes place among the Chairman and the other members of the Board. Merit, performance, experience and diversity are the foremost criteria's considered when new directors are considered for appointment to the Board.

Compensation

The Board reviews adequacy and form of compensation and compares it to other companies of similar size and stage of development.

Assessments

The Board annually reviews its own performance and effectiveness as well as the effectiveness and performance of its committees. Effectiveness is subjectively measured by comparing actual corporate results with stated objectives. The contributions of individual directors are informally monitored by other Board members, bearing to mind the business strengths of the individual and the purpose of originally nominating the individual to the Board.

The Board monitors the adequacy of information given to directors, communication between Board and Management and the strategic direction and processes of the Board and its committees.

The Board believes its corporate governance practices are appropriate and effective for the Company, given its size

and operations. The Company's corporate governance practices allow the Company to operate efficiently, with checks and balances that control and monitor Management and corporate functions without excessive administration burden. Effectiveness is subjectively measured by comparing actual corporate results with stated objectives.

- If the option holder ceases to be a director of Rainy Mountain or ceases to be employed by Rainy Mountain (other than by reason of death), or ceases to be a consultant of Rainy Mountain as the case may be, then the option granted will expire on no later than the 60th day following the date that the option holder ceases to be a director, ceases to be employed by Rainy Mountain or ceases to be a consultant of Rainy Mountain, subject to the terms and conditions set out in the Stock Option Plan.

Stock Option Plans and Other Incentive Plans

Effective October 26, 2021, the Board adopted the Stock Option Plan, which Stock Option Plan was drafted in accordance with the latest policies and rules of the TSX Venture Exchange (“TSXV”). The Stock Option Plan was approved by shareholders of the Company at its last annual general meeting held on December 11, 2023.

The purpose of the Stock Option Plan is to provide the Company with a share-related mechanism to attract, retain and motivate qualified employees, directors, officers, consultants and employees of a person or company which provides management services to the Company or its associated, affiliated, controlled and subsidiary companies (the “Participants”) and to grant such Participants stock options to acquire up to 10% of the Company’s issued and outstanding common shares of the Company (“Common Shares”) from time to time. This is a “rolling” plan as the number of shares reserved for issuance pursuant to the grant of stock options will increase as the Company’s issued and outstanding share capital increases. The Stock Option Plan provides that the directors of the Company may grant options to purchase Common Shares on terms that the directors may determine, within the limitations of the Stock Option Plan. The exercise price of an option issued under the Stock Option Plan is determined by the directors but may not be less than the closing market price of the Common Shares on the day preceding the date of granting of the option less any available discount, in accordance with TSXV Policies. No option may be granted for a term longer than ten years. An option may expire on such earlier date or dates as may be fixed by the Board, subject to earlier termination in the event the optionee ceases to be eligible under the Stock Option Plan by reason of death, retirement or otherwise.

The Stock Option Plan provides for the following restrictions: (i) no Participant may be granted an option if that option would result in the total number of stock options granted to the Participant in the previous 12 months, exceeding 5% of the issued and outstanding Common Shares unless the Company has obtained disinterested shareholder approval in accordance with TSXV Policies; (ii) the aggregate number of options granted to Participants conducting Investor

⁵ Sean Charland has been CEO and a Director since November 29, 2019.

⁶ Dilshan Anthony has been CFO since September 28, 2021.

⁷ Shawn Smith has been a Director since August 14, 2019.

⁸ David Speck has been a Director since August 14, 2019.

Relations Activities (as defined in TSXV Policies) in any 12 month period must not exceed 2% of the issued and outstanding Common Shares, calculated at the time of grant; and (iii) the aggregate number of options granted to any one consultant in any 12 month period must not exceed 2% of the issued and outstanding Common Shares, calculated at the time of grant.

In addition, options granted to consultants conducting Investor Relations Activities (as defined in TSXV Policies) will vest over a period of not less than 12 months as to 25% on the date that is three months from the date of grant, and a further 25% on each successive date that is three months from the date of the previous vesting or such longer vesting.

Employment, consulting and management agreements

The Company does not have any contracts, agreements, plans or arrangements that provides for payments to a director or NEO at, following or in connection with any termination (whether voluntary, involuntary or constructive), resignation, retirement, a change in control of the Company or a change in an NEO's responsibilities.

The Company and its subsidiaries have no compensatory plan, contract or arrangement where a NEO is entitled to receive more than \$100,000 (including periodic payments or instalments) to compensate such executive officer in the event of resignation, retirement or other termination of the NEO's employment with the Company or its subsidiaries, a change of control of the Company or its subsidiaries, or a change in responsibilities of the NEO following a change in control.

Oversight and description of director and named executive officer compensation

The objective of the Company's compensation program is to compensate the executive officers for their services to the Company at a level that is both in line with the Company's fiscal resources and competitive with companies at a similar stage of development.

Independent Directors receive an annual base salary of \$2,000. Directors of the Company are also eligible to participate in the Stock Option Plan.

The Company does not grant share-based awards. The Board is responsible for granting options to the NEOs. Stock option grants are designed to reward the NEOs for success on a similar basis as the shareholders of the Company, but these rewards are highly dependent upon the volatile stock market, much of which is beyond the control of the NEOs. When new options are granted, the Board takes into account the previous grants of options, the number of stock options currently held, position, overall individual performance, anticipated contribution to the Company's future success and the individual's ability to influence corporate and business performance. The purpose of granting such stock options is to assist the Company in compensating, attracting, retaining and motivating the officers, directors and employees of the Company and to closely align the personal interest of such persons to the interest of the shareholders. The exercise price of the stock options granted is determined by the trading price of the Company's shares at the time of grant.

Compensation for this fiscal year and prior fiscal years have historically been based upon a negotiated salary, with stock options and bonuses potentially being issued and paid as an incentive for performance.

Compensation for the most recently completed financial year should not be considered an indicator of expected compensation levels in future periods. All compensation is subject to and dependent on the Company's financial resources and prospects.

Pension Disclosure

The Company does not have any pension or retirement plan which is applicable to the NEOs or directors. The Company has not provided compensation, monetary or otherwise, to any person who now or previously has acted as an NEO of the Company, in connection with or related to the retirement, termination or resignation of such person, and the Company has provided no compensation to any such person as a result of a change of control of the Company.

Option-Based Awards

The Stock Option Plan has been and will be used to provide share purchase options which are granted in consideration of the level of responsibility of the executive as well as his or her impact or contribution to the longer-term operating performance of the Company. In determining the number of options to be granted to the executive officers, the Board takes into account the number of options, if any, previously granted to each executive officer, and the exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the TSXV and closely align the interests of the executive officers with the interests of shareholders.

The directors and officers of the Company from time to time may be granted incentive stock options in accordance with the policies of the TSXV and pursuant to the Stock Option Plan.
