

GOSSAN RESOURCES LIMITED

MANAGEMENT INFORMATION CIRCULAR

PURPOSE OF SOLICITATION

This Management Information Circular is furnished in connection with the solicitation of proxies by the management of Gossan Resources Limited ("Gossan" or the "Corporation") for use at the annual meeting (the "Meeting") of shareholders of the Corporation to be held at the Best Western Plus Hotel, 330 York Avenue, Winnipeg, Manitoba on Wednesday, September 27, 2017 at 3:30 p.m. (local time) and at any adjournments thereof for the purposes set out in the accompanying Notice of Meeting. Although it is expected that the solicitation of proxies will be primarily by mail, proxies may also be solicited personally or by telephone by directors, officers, employees or agents of the Corporation. Pursuant to National Instrument 54-101, arrangements have been made with clearing agencies, brokerage houses and other financial intermediaries to forward proxy solicitation material to the beneficial owners of the common shares of the Corporation (the "Shares"). The cost of any such solicitation will be borne by the Corporation.

VOTING OF PROXIES

All Shares represented at the Meeting by properly executed proxies will be voted and where a choice with respect to any matter to be acted upon has been specified in the Instrument of Proxy, the Shares represented by the proxy will be voted in accordance with such specifications. **In the absence of any such specifications, the management designees, if named as proxy, will vote IN FAVOUR of all the matters set out herein.**

The enclosed Instrument of Proxy confers discretionary authority upon the management designees, or other persons named as proxy, with respect to amendments to or variations of matters identified in the Notice of Meeting and any other matters that may properly come before the Meeting. At the date of this Information Circular, the Corporation is not aware of any amendments to, or variations of, or other matters that may come before the Meeting. In the event that other matters come before the Meeting, then the management designees intend to vote in accordance with the judgment of the management of the Corporation.

Proxies, to be valid, must be deposited at the office of the registrar and transfer agent of the Corporation, Proxy Dept., CST Trust Company, P.O. Box 721, Agincourt, Ontario M1S 0A1, by internet go to www.cstvotemyproxy.com, or by email scan to proxy@canstockta.com, or by facsimile to 416-368-2502 (Toll free: 1-866-781-3111 Canada & USA only), not less than forty-eight (48) hours, excluding Saturdays, Sundays and statutory holidays, preceding the Meeting or an adjournment of the Meeting.

ADVICE TO BENEFICIAL SHAREHOLDERS ON VOTING THEIR SHARES

The information set forth in this section is of significant importance to many shareholders of the Corporation, as a substantial number of shareholders do not hold their Shares in their own name. Shareholders who do not hold their shares in their own name (referred to in this Information Circular as "**Beneficial Shareholders**") should note that only proxies deposited by shareholders whose names appear on the records of the Corporation as the registered holders of Shares can be recognized and acted upon at the Meeting. If Shares are listed in an account statement provided to a shareholder by a broker, then, in almost all cases, those shares will not be registered in the shareholder's name on the records of the Corporation. Such shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the nominee of The Canadian Depository for Securities Limited, which acts as depository for many Canadian brokerage firms). Shares held by brokers or their agents or nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, a

broker and its agents and nominees are prohibited from voting shares for the broker's clients. Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Shares are communicated to the appropriate person.

Applicable regulatory rules require intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Shares are voted at the meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is identical to the form of proxy provided to registered shareholders. However, its purpose is limited to instructing the registered shareholder (the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions Inc., formerly ADP Investor Communications ("**Broadridge**"). Broadridge typically applies a special sticker to the proxy forms, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the proxy forms to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at a meeting. **A Beneficial Shareholder receiving a proxy with a Broadridge sticker on it cannot use that proxy to vote Shares directly at the Meeting. The proxy must be returned to Broadridge well in advance of the Meeting in order to have the shares voted at the Meeting.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Shares registered in the name of his or her broker (or an agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for the registered shareholder and vote the Shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and vote their Shares as proxyholder for the registered shareholder, should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

APPOINTMENT OF PROXY

A shareholder has the right to designate a person (who need not be a shareholder of the Corporation) other than Douglas Reeson or James Campbell, the management designees, to attend and act for him/her at the Meeting. Such right may be exercised by inserting in the blank space provided, the name of the person to be designated and deleting therefrom the names of the management designees or by completing another proper instrument of proxy and, in either case, depositing the instrument of proxy with the registrar and transfer agent of the Corporation, Proxy Dept., CST Trust Company, P.O. Box 721, Agincourt, Ontario M1S 0A1, by internet go to www.cstvotemyproxy.com, or by email scan to proxy@canstockta.com, or by facsimile to 416-368-2502 (Toll free: 1-866-781-3111 Canada & USA only), not less than forty-eight (48) hours, excluding Saturdays, Sundays and statutory holidays, preceding the Meeting or an adjournment of the Meeting.

REVOCATION OF PROXIES

A shareholder who has given a proxy may revoke it as to any matter upon which a vote has not already been cast pursuant to the authority conferred by the proxy.

A shareholder may revoke a proxy by depositing an instrument in writing, executed by him or his attorney authorized in writing, or, if the shareholder is a corporation, under its corporate seal or signed by a duly authorized officer or attorney for the corporation:

- (a) at the offices of the registrar and transfer agent of the Corporation, Proxy Dept., CST Trust Company, P.O. Box 721, Agincourt, Ontario M1S 0A1, by internet go to www.cstvotemyproxy.com, or by email scan to proxy@canstockta.com, or by facsimile to 416-368-2502 (Toll free: 1-866-781-3111 Canada & USA only), at any time,

not less than 48 hours, excluding Saturdays, Sundays and statutory holidays, preceding the Meeting or an adjournment of the Meeting at which the proxy is to be used; or

- (b) at the registered office of the Corporation, **Suite 404, 171 Donald Street, Winnipeg, Manitoba, R3C 1M4**, at any time up to and including the last business day preceding the day of the Meeting, or an adjournment thereof, at which the proxy is to be used; or
- (c) with the chairman of the Meeting on the day of the Meeting or an adjournment thereof.

In addition, a proxy may be revoked by the shareholder executing another form of proxy bearing a later date and depositing same at the offices of the registrar and transfer agent of the Corporation within the time period set out under the heading "*Voting of Proxies*", or by the shareholder personally attending the Meeting and voting his Shares.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Corporation is authorized to issue an unlimited number of Common Shares, of which 33,170,400 Common Shares are issued and outstanding and entitled to vote at the Meeting on the basis of one vote for each Share held.

III. Appointment of Auditors

Management proposes that MNP LLP of Winnipeg, Manitoba be appointed as auditors of the Corporation for the ensuing year and that the directors be authorized to fix their remuneration. CORPORATE GOVERNANCE DISCLOSURE

Board of Directors

The board of directors (the "**Board**") of the Corporation is currently comprised of four (4) directors, and at the Meeting four (4) directors will be proposed as nominees. The Board believes that good corporate governance improves corporate performance and benefits all shareholders. The Canadian Securities Administrators (the "**CSA**") have adopted National Policy 58-201 *Corporate Governance Guidelines*, which provides non-prescriptive guidelines on corporate governance practices for reporting issuers such as the Corporation. In addition, the CSA have implemented National Instrument 58-101 *Disclosure of Corporate Governance Practices* ("**NI 58-101**"), which prescribes certain disclosure by the Corporation of its corporate governance practices. This disclosure is presented below.

The Board has determined that two of its four directors proposed for election at the meeting are independent. An "independent" director is a director who is independent of management and free from any interest any business or other relationship that could, or could reasonably be perceived to materially interfere with the director's ability to act in the best interests of the Corporation, other than interests arising from being a shareholder. Mr Reeson is not considered to be an independent director because he is an officer of the Corporation. Mr. Mumin is not considered independent as he is entitled to fees as a consultant to the Corporation.

Messrs Thomson and Campbell are considered independent directors.

Involvement in Other Reporting Issuers – The following directors currently hold directorships in other reporting issuers:

Douglas G. Reeson is also a director of Mega Uranium Ltd., the securities of which are listed on the TSX-Toronto Stock Exchange.

Andrew Thomson is also a director of Montero Mining & Exploration Ltd. and Palamina Corp., the securities of which are listed on the TSX Venture Exchange.

Orientation and Continuing Education of Board Members – Each new director is given an outline of the nature of the Corporation's business, its corporate strategy, its corporate policies and current issues which effect the Corporation. New directors are also required to meet with management of the Corporation to discuss and better understand the Corporation's business and policies. As each director has a different skill set and professional background, the orientation will be tailored to the particular needs and experience of each director.

Continuing education is provided through relevant reading materials, board meeting presentations and discussions to ensure the directors maintain the knowledge and skill necessary to meet their obligations as directors. In addition, management of the Corporation makes itself available for discussion with all Board members.

Measures to Encourage Ethical Business Conduct – To encourage and promote a culture of ethical business conduct, the Board of Directors has adopted a code of business conduct and ethics applicable to all members of the Corporation including directors, officers, consultants and employees. Each director, officer, consultant and employee of the Corporation receives a copy of the code of business conduct and ethics.

In addition, the Board of Directors monitors the ethical conduct of the Corporation to ensure that it complies with applicable legal and regulatory requirements, such as those of relevant securities commissions, stock exchanges and the Companies Act. The Board of Directors believes that the fiduciary duties placed on individual directors by the Corporation's governing corporate legislation and common law, as well as the restrictions placed by applicable corporate legislation on the individual directors'

participation in decisions of the Board of Directors in which the director has an interest, have been sufficient to ensure that the Board of Directors operated independently of management and in the best interest of the Corporation.

The Board of Directors has also adopted a "Whistleblower Policy" wherein employees, directors, officers or consultants of the Corporation are provided with a mechanism by which they can raise concerns through a confidential, anonymous process, which is overseen by the Chairman of the Audit Committee.

Nomination of Directors – The Board of Directors has no standing nominating committee. The full Board performs these functions. The Board believes that it is appropriate for it to perform the functions of the nominating committee as a result of its small size. However, in certain circumstances, matters may be delegated to a Board Committee for its review.

The Board identifies, recruits, nominates, endorses and recommends appointment of new directors based on the needs of the Board. Generally, new nominees for directors must have a track record in general business management, special expertise in an area of strategic interest to the Company, the ability to devote the time required, shown support for the Corporation's mission and strategic objectives, and a willingness to serve.

Determination of Compensation of Directors and Officers – The Board of Directors is responsible for compensation of executive officers and directors. The Compensation & Corporate Governance Committee assists the Board in fulfilling its obligations relating to human resource and compensation matters of the Corporation and its subsidiaries and to establish a plan for the continuity and development of senior management. The Committee makes its recommendations to the Board in written compensation reports on a periodic, and not less than annual, basis. The Corporation does not undertake an annual compensation survey by an independent service provider.

The Corporate Governance & Compensation Committee reviews compensation paid for executive officers and directors of companies of similar business, size and stage of development and determines an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the directors and senior management while taking into account the financial and other resources of the Corporation.

Further information regarding the Corporate Governance & Compensation Committee's responsibilities, powers and operation are set out below under the section entitled "Statement of Executive Compensation".

The Corporation believes that each of the Corporate Governance & Compensation Committee members possesses the skills and experiences that enable the member to make decisions on the suitability of the compensation policies and practices of the Corporation as set out below.

The Compensation and Corporate Governance Committee is currently comprised of Mr Thomson and Mr. Campbell who are considered independent. In regard to relevant experience and education of compensation and corporate governance committee members: Mr. Thomson is the President of Palamina Corp. and a business executive with considerable experience with public companies in the mineral exploration industry and Mr. Campbell is a commercial pilot, businessman and has experience in the mineral exploration industry.

Other Board Committees – The Corporation's Board has no standing committees other than the Audit Committee and the Compensation & Corporate Governance Committee. The Board has developed a charter for the Audit Committee and the charter is reviewed annually. The charter of the Audit Committee is described in this Information Circular under the heading "*Audit Committee*".

Due to the relatively small size of the Board of Directors, the Board has limited the delegation of responsibilities to its committees. The Board is cognizant in its decision-making that the composition of its committees includes non-independent directors.

Assessment of Directors, the Board and Board Committees – The Board monitors the adequacy of information given to directors, communication between the Board and management and the strategic direction and processes of the Board and committees. The Board does not perform a formalized assessment of directors, the board and committees.

AUDIT COMMITTEE DISCLOSURE

The Board has established an Audit Committee for the purpose of overseeing the accounting and financial reporting process of the Corporation and annual external audits of the consolidated financial statements. National Instrument 52-110 of the Canadian Securities Administrators ("**NI 52-110**") requires the Corporation, as a Venture Issuer, to disclose annually in its management proxy circular certain information concerning the constitution of its audit committee and its relationship with its external auditor as set forth below.

Audit Committee Charter

The Board has developed a written audit committee charter (the "**Charter**"). The Committee has responsibilities and composition requirements in fulfilling its oversight in relation to the Corporation's internal accounting standards and practices, financial information, accounting systems and procedures. A copy of the Charter is attached hereto as "Schedule A".

Composition of the Audit Committee

The Corporation's audit committee is comprised of three directors, Andrew Thomson, James Campbell and Hamid Mumin. As defined in NI 52-110, Messrs Thomson, and Campbell are considered "independent" members audit committee. Also as defined in NI 52-110, all of the audit committee members are "financially literate".

The Audit Committee meets at least on an annual basis and holds special meetings as circumstances require. The Audit Committee called a meeting pertaining to the most recently completed financial year at which the Auditor and one "independent" member and Chair of the Audit Committee, not being a quorum of the audit committee, were present. The discussion included a session with the Auditor and the independent director, without management present.

Relevant Education and Experience of Audit Committee Members

In regard to relevant experience and education of audit committee members: Mr. Thomson is the President of Palamina Corp. and a business executive with considerable experience with public companies in the mineral exploration industry; Mr. Campbell is a pilot, a businessman and has experience in the mineral exploration industry; and Mr. Mumin is a professor of geology and has considerable experience in the mineral exploration industry.

Audit Committee Oversight

At no time since the commencement of the Corporation's fiscal year ended March 31, 2016 was a recommendation of the Audit Committee to nominate or compensate an external auditor not adopted by the Board.

Pre-Approval Policies and Procedures

The audit committee has not adopted specific policies and procedures for the engagement of non-audit services. Subject to the requirements of NI 52-110, the engagement of non-audit services is considered by

the Corporation's Board of Directors and, where applicable, the audit committee, on a case-by-case basis.

External Auditor Service Fees

In the following table, "audit fees" are fees billed by the Corporation's external auditor for services provided in auditing the Corporation's annual financial statements for the subject year. "Audit-related fees" are fees not included in audit fees that are billed by the auditor for assurance and related services that are reasonably related to the performance of the audit or review of the Corporation's financial statements. "Tax fees" are fees billed by the auditor for professional services rendered for tax compliance, tax advice and tax planning. "All other fees" are fees billed by the auditor for products and services not included in the foregoing categories.

The fees paid by the Corporation to its auditors in each of the last two fiscal years, by category, are as follows:

Financial Year Ending	Audit Fees ⁽¹⁾	Audit Related Fees	Tax Fees ⁽²⁾	All Other Fees
March 31, 2017	\$18,250	Nil	\$1,000	Nil
March 31, 2016	\$18,250	Nil	Nil	Nil

Notes:

- (1) Include the aggregate fees for professional services rendered by the Corporation's external auditors for audit services relating to the annual financial statements and to other regulatory audits and filings.
- (2) In fiscal 2016, our auditor was not retained to perform tax compliance, tax advice nor tax planning.

Reliance on Certain Exemptions

Since the commencement of the Corporation's most recently completed financial year, the Corporation has not relied on the exemptions contained in Section 2.4 (*De Minimis Non-audit Services*) or Section 8 (*Exemptions*) of National Instrument 52-110 ("**NI 52-110**").

Section 2.4 provides an exemption from the requirement that the Audit Committee must pre-approve all non-audit services to be provided by the auditor, where the total amount of fees related to the non-audit services are not expected to exceed five percent (5%) of the total fees payable to the auditor in the fiscal year in which the non-audit services were provided. Section 8 permits a Corporation to apply to a securities regulatory authority for an exemption from the requirements of NI 52-110, in whole or in part.

As the Corporation is a venture issuer, it relies on the exemptions provided by section 6.1 of NI 52-110.

STATEMENT OF EXECUTIVE COMPENSATION

The Corporation's Statement of Executive Compensation, in accordance with the requirements of Form 51-102F6V – *Statement of Executive Compensation*, is set forth below, which contains information about the compensation paid to, or earned by, the Corporation's Chief Executive Officer and Chief Financial Officer and each of the other three most highly compensated executive officers of the Corporation, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, earning more than CDN\$150,000.00 in total compensation as at March 31, 2016 (the "**Named Executive Officers**" or "**NEOs**") during the Corporation's last three most recently completed financial years. Based on the foregoing, Douglas Reeson and Robert Suttie are the Corporation's only Named Executive Officers as at March 31, 2017.

Compensation Discussion and Analysis

Among its other duties, the Board is responsible for: (i) overseeing the Corporation's human resources policies, executive compensation, management succession and development, and equity compensation plans, and (ii) ensuring that the Corporation's executive compensation policies and programs are competitive and reflect the long term interest of the Corporation and its shareholders.

In order to ensure that the process for determining executive compensation remains objective, the Board (i) requires that executive directors remove themselves from any deliberations or determinations relating to their own compensation, (ii) seeks external, independent advice when requested or deemed appropriate by any member of the Board, and (iii) ensures that any decisions relating to the compensation of the executive directors are reviewed and approved by the independent members of the Corporate Governance & Compensation Committee prior to finalization or implementation.

The Board has established the Compensation & Corporate Governance Committee to assist the Board in fulfilling its obligations relating to human resource and compensation matters of the Corporation and its subsidiaries and to establish a plan for the continuity and development of senior management. The members of the Compensation & Corporate Governance Committee are Mr. Thomson and Mr. Mumin, both of whom are considered independent.

The Compensation & Corporate Governance Committee is responsible for reviewing the performance, compensation, professional development, recruitment and succession planning of the directors and executive officers of the Corporation as well as employee benefits programs. The Board, as a whole, determines compensation for the directors, its Chief Executive Officer and Chief Financial Officer. In performing its duties, the Compensation & Corporate Governance Committee has the authority to engage such advisors, including executive compensation consultants, as it considers necessary. The Corporation does not currently have any contractual arrangement with an executive compensation consultant who has a role in determining or recommending the amount or form of senior officer or director compensation.

Compensation Process

To determine compensation payable, the Compensation & Corporate Governance Committee and Board considers, among other things, the provisions of any relevant employment or consulting contracts, anecdotal evidence of compensation paid for directors and executive officers of companies of similar business, size and stage of development and determines an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the directors and executive officers while taking into account the financial and other resources of the Corporation, as well as the contractual obligations of the Corporation. The Compensation & Corporate Governance Committee may take into account executive compensation paid by companies comparable with the Corporation, although no specific benchmarking policy is in place for determining compensation or any element of compensation.

The Corporation compensates its Named Executive Officers primarily on the basis of the amount of time and effort they devote to the Corporation's affairs. Factors such as the Corporation's financial position and the price of its Shares are also taken into account. The objectives of the policy are to provide a level of cash compensation equivalent or below rates charged by individuals of comparable technical experience and to create longer term incentives through option grants. In order to create a significant relationship between corporate performance and executive compensation, options are granted based on the Named Executive Officer's level of responsibility within the Corporation and the exercise price of options granted in the past.

The Compensation & Corporate Governance Committee reviews on an annual basis the cash compensation, performance and overall compensation package for each member of management. It then submits to the Board recommendations with respect to the basic salary, bonus and participation in share compensation arrangements for each member of management. After discussing and considering various factors with both management and peers in the industry, and receiving recommendations from the President of the Corporation for salaries, incentive option grants and bonuses for members of management (other than the President), the Compensation & Corporate Governance Committee makes its recommendations to the Board of Directors for approval. The Board of Directors determines all compensation.

The Corporation's overall policy regarding compensation of the Corporation's Named Executive Officers is structured to provide competitive salary levels and compensation incentives that support both the short-term and long-term goals of the Corporation, attract and retain suitable and qualified executive management, and establish a compensation framework which is industry competitive. The compensation program consists of the following three components:

Base salary

Base salaries of Named Executive Officers are determined by referencing salary levels in the industry in which the Corporation operates. In setting salaries, the Compensation & Corporate Governance Committee and Board do not rely upon benchmarking or mathematical formulas. The Board of Directors reviews information drawn from a variety of sources, including proxy statements of competitive companies of comparable size and complexity, and, when appropriate, surveys conducted by industry associations and compensation consultants. Criteria included in the determination of salary levels include the individual's experience level, the scope and complexity of the position held, and salaries being paid for similar positions at other Canadian and United States companies of similar size. Factors such as the Corporation's financial position and the price of its Shares are also taken into account.

Annual Performance Incentive

Bonuses may or may not be paid annually and are based on the achievement of corporate and individual performance objectives. The Corporation does not have a long-term incentive plan, other than the Corporation's Stock Option Plan.

Stock Options

The stock option component of the executive compensation package is provided to focus management attention on corporate performance over a longer time period in recognition of long-term horizons for return on investments and strategic decisions. The level of stock option awards given to each Named Executive Officer is determined by his or her position, his or her potential future contributions to the Corporation and the number and terms of stock option awards previously granted to the Named Executive Officer. All stock option awards are granted and approved by the Board. The Compensation & Corporate Governance Committee and the Board determine a meaningful level of award for employees ranging from key employees to the Chief Executive Officer. The level of stock option awards is also influenced by the number of executives and key employees in the current year and the likelihood of grants in future years to

executives and key employees since the total number of stock options available under the Corporation's Stock Option Plan is limited.

Other than the Corporation's Stock Option Plan, the Corporation does not have any other long term incentive plans, pursuant to which cash or non-cash compensation intended to serve as an incentive for performance over a period greater than one financial year (whereby performance is measured by reference to financial performance or the price of the Corporation's securities).

The Corporation does not have a policy that would prohibit a NEO or director from purchasing financial instruments, including prepaid variable forward contracts, equity swaps, collars or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director. However, management is not aware of any NEO or director purchasing such an instrument.

Compensation Risk

The Corporation has not adopted a formal policy on compensation risk management nor has it engaged an independent compensation consultant. The Corporation recognizes that there may be risks in its current processes but given the size and number of executives, the Corporation does not believe the risks to be significant.

The Board believes that the executive compensation program of the Corporation should not raise its overall risk profile. Accordingly, the Corporation's executive compensation programs include safeguards designed to mitigate compensation risks. The following measures impose appropriate limits to avoid excessive or inappropriate risk taking or payments:

- discretionary bonus payments are recommended to the Board by the Compensation & Corporate Governance Committee based on annual performance reviews; and
- implementation of trading black-outs limit the ability of senior officers to trade in securities of the Corporation.

Inappropriate and excessive risks by executives are also mitigated by regular meetings of the Board, at which, activity by the executives must be approved by the Board if such activity is outside previously Board-approved actions and/or as set out in a board-approved budget. Due to the fact that the Corporation is still a development stage mining company, and given the current composition of the Corporation's executive management team, the Board and the Compensation & Corporate Governance Committee are able to closely monitor and consider any risks which may be associated with the Corporation's compensation practices. Risks, if any, may be identified and mitigated through regular board of directors meetings during which financial and other information of the Corporation are reviewed, including executive compensation.

The independent Auditor must have an opportunity to discuss these matters without management present.

The Audit Committee shall be satisfied that adequate procedures are in place for the review of the Corporation's public disclosure of financial information extracted or derived from the Corporation's financial statements.

AUDIT COMMITTEE'S ROLE

The Audit Committee has the oversight role set out in this Charter. Management, the Board of Directors and the independent Auditor all play important roles in respect of compliance and the preparation and presentation of financial information. Management is responsible for compliance and the preparation of financial statements and periodic reports. Management is responsible for ensuring the Corporation's financial statements and disclosures are complete, accurate, in accordance with IFRS and applicable laws. The Board of Directors in its oversight role is responsible for ensuring that management fulfills its responsibilities and for approving the financial statements and all related disclosures. The Audit Committee's role is to assist and make recommendations to the Board of Directors. The independent Auditor, following the completion of its annual audit, opines on the presentation, in all material respects, of the financial position and results of operations of the Corporation in accordance with Canadian generally accepted accounting principles.

Funding for the Independent Auditor and Retention of Other Independent Advisors

The Corporation shall provide for appropriate funding, as determined by the Audit Committee, for payment of compensation to the independent Auditor for the purpose of issuing an audit report and to any advisors retained by the Audit Committee. The Audit Committee shall also have the authority to retain such other independent advisors as it may from time to time deem necessary or advisable for its purposes and the payment of compensation therefor shall also be funded by the Corporation.

Approval of Audit and Remitted Non-Audit Services Provided by Independent Auditors

Over the course of any year there will be two levels of approvals that will be provided for the payment of compensation. The first is the existing annual Audit Committee approval of the audit engagement and identifiable permitted non-audit services for the coming year. The second is in-year Audit Committee pre-approvals of proposed audit and permitted non-audit services as they arise.

Any proposed audit and permitted non-audit services to be provided by the independent Auditor to the Corporation or its subsidiaries must receive prior approval from the Audit Committee, in accordance with this protocol. The CFO shall act as the primary contact to receive and assess any proposed engagements from the External Auditor. Following receipt and initial review for eligibility by the primary contacts, a proposal would then be forwarded to the Audit Committee for review and confirmation that a proposed engagement is permitted.

Upon reaching such determination, the Audit Committee will communicate its findings and recommendations to the Board. The Board shall consider and implement such recommendations, as it

deems advisable, to rectify any deficiencies identified in the Accounting Related Complaint and shall communicate same to management.

The Corporation will not allow or pursue retaliation of any kind in respect of an Accounting Related Complaint, or for assistance or information provided to applicable authorities in connection with an investigation of breaches of applicable securities law, where such are made or provided in good faith. In addition, no employee may be adversely affected because the employee refused to carry out a directive which, in fact, constitutes corporate fraud, is a violation of this Procedure, a violation of the law or presents a substantial and specific danger to the public's health and safety. Any retaliatory action should immediately be reported to the Chair of the Audit Committee or any other member of the Corporation's Board of Directors.
