INFORMATION CIRCULAR

(Containing information as at September 30, 2020 unless indicated otherwise)

SOLICITATION OF PROXIES

This Circular (the “**Circular**”) is furnished in connection with the solicitation of proxies by the management of Mineral Mountain Resources Ltd. (the “**Corporation**”) for use at the annual general meeting of shareholders of the Corporation (and any adjournment thereof) to be held on Wednesday, November 4, 2020 (the “**Meeting**”) at the time and place and for the purposes set forth in the accompanying Notice of Meeting. While it is expected that the solicitation will be primarily by mail, proxies may be solicited personally or by telephone by the directors, officers and regular employees of the Corporation at nominal cost. All costs of solicitation by management will be borne by the Corporation.

The contents and the sending of this Circular have been approved by the directors of the Company.

APPOINTMENT OF PROXYHOLDER

The individuals named in the accompanying form of proxy are directors and/or officers of the Corporation. **A SHAREHOLDER WISHING TO APPOINT SOME OTHER PERSON (WHO NEED NOT BE A SHAREHOLDER) TO REPRESENT HIM AT THE MEETING HAS THE RIGHT TO DO SO, EITHER BY STRIKING OUT THE NAMES OF THOSE PERSONS NAMED IN THE ACCOMPANYING FORM OF PROXY AND INSERTING THE DESIRED PERSON’S NAME IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY OR BY COMPLETING ANOTHER FORM OF PROXY.** A proxy will not be valid unless the completed form of proxy is received by AST Trust Company (Canada) (the “**Transfer Agent**”), Proxy Department, PO Box 721, Agincourt, Ontario, M1S 0A1 not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the Meeting, or any adjournment thereof. Proxies delivered after that time will not be accepted.

REVOCAION OF PROXIES

A shareholder who has given a proxy may revoke it by an instrument in writing executed by the shareholder or by his attorney authorized in writing or, where the shareholder is a corporation, by a duly authorized officer or attorney of the corporation, and delivered either to the registered office of the Corporation, at Suite 401-1195 West Broadway, Vancouver, British Columbia, V6H 3X5, at any time up to and including the last business day preceding the day of the Meeting, or if adjourned, any reconvening thereof, or to the Chairman of the Meeting on the day of the Meeting or, if adjourned, any reconvening thereof or in any other manner provided by law. A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation.

INFORMATION FOR NON-REGISTERED SHAREHOLDERS

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Corporation are “non-registered” shareholders because the shares they own are not registered in their names but are instead registered in the names of a brokerage firm, bank or other intermediary or in the name of a clearing agency. Shareholders who do not hold their shares in their own name (referred to herein as “Beneficial Shareholders”) should note that only registered shareholders may vote at the Meeting. If common shares (“**common shares**”) are listed in an account statement provided to a shareholder by a broker, then in almost all cases those common shares will not be registered in such shareholder’s name on the records of the Corporation. Such common shares will more likely be registered under the name of the shareholder’s broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities, which company acts as nominee for many Canadian brokerage firms). Common shares held by brokers (or their agents or nominees) on behalf of a broker’s client can only be voted (for or against resolutions) at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the brokers’ clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are**

communicated to the appropriate person well in advance of the Meeting.

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their common shares are voted at the Meeting. Often the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided by the Corporation to the registered shareholders. However, its purpose is limited to instructing the registered shareholder (i.e. the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge typically prepares a machine-readable voting instruction form, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the forms to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of common shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form to vote common shares directly at the Meeting. The voting instruction form must be returned to Broadridge (or instructions respecting the voting of common shares must be communicated to Broadridge) well in advance of the Meeting in order to have the common shares voted.**

This Circular and accompanying materials are being sent to both registered and non-registered owners of securities. Beneficial Shareholders fall into two categories – those who object to their identity being known to the issuers of securities which they own ("**OBO's**") and those who do not object to their identity being made known to the issuers of the securities they own ("**NOBO's**"). The Corporation does not intend to pay for intermediaries to forward to OBO's under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**NI 54-101**") the proxy-related materials and VIF. As such, an OBO will not receive the materials unless the OBO's intermediary assumes the cost of delivery. Subject to the provisions of NI 54-101, issuers may request and obtain a list of their NOBO's from intermediaries via their transfer agents. Pursuant to NI 54-101, issuers may obtain and use the NOBO list for distribution of proxy-related materials directly (not via Broadridge) to such NOBO's. If you are a non-registered owner, and the Corporation or its agent has sent these materials directly to you, your name, address and information about your holdings of common shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the common shares on your behalf.

The Corporation has decided to take advantage of the provisions of NI 54-101 that permit it to deliver proxy-related materials directly to its NOBO's. By choosing to send these materials to you directly, the Corporation (and not the intermediary holding common shares on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. As a result if you are a NOBO of the Corporation, you can expect to receive a scannable Voting Instruction Form ("**VIF**") from the Transfer Agent. Please complete and return your voting instructions as specified in the request for voting instructions. The Transfer Agent will tabulate the results of the voting instructions received from the Corporation's NOBO's and will provide appropriate instructions at the Meeting with respect to the common shares represented by the voting instructions they receive.

The Corporation has not adopted the notice-and-access procedure described in NI 54-101 and National Instrument 51-102, *Continuous Disclosure Obligations* to distribute its proxy-related materials to the registered shareholders and the Beneficial Shareholders.

Although Beneficial Shareholders may not be recognized directly at the Meeting for the purposes of voting common shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the common shares in that capacity. **Beneficial Shareholders who wish to attend the Meeting and indirectly vote their common shares as proxy holder for the registered shareholder should enter their own names in the blank space on the proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.**

All references to shareholders in this Circular and the accompanying form of proxy and Notice of Meeting are to shareholders of record unless specifically stated otherwise.

VOTING OF PROXIES

The shares represented by a properly executed proxy in favour of persons proposed by Management as proxy holders in the accompanying form of proxy will:

- (a) be voted or withheld from voting in accordance with the instructions of the person appointing the proxy holder on any ballot that may be taken; and
- (b) where a choice with respect to any matter to be acted upon has been specified in the form of proxy, be voted in accordance with the specification made in such proxy.

ON A POLL SUCH COMMON SHARES WILL BE VOTED **IN FAVOUR** OF EACH MATTER FOR WHICH NO CHOICE HAS BEEN SPECIFIED, OR WHERE BOTH CHOICES HAVE BEEN SPECIFIED, BY THE SHAREHOLDER.

In respect of a matter for which a choice is not specified in the proxy, the management appointee acting as a proxyholder will vote in favour of each matter identified on the proxy and, if applicable, for the nominees of management for directors and auditors as identified in the proxy.

The enclosed form of proxy when properly completed and delivered and not revoked confers discretionary authority upon the person appointed proxy there under to vote with respect to amendments or variations of matters identified in the Notice of Meeting, and with respect to other matters which may properly come before the Meeting. If any amendments or variations to matters identified in the Notice of Meeting are properly brought before the Meeting or any further or other business is properly brought before the Meeting, it is the intention of the persons designated in the enclosed form of proxy to vote in accordance with their best judgment on such matters or business. At the time of the printing of this Circular, the management of the Corporation knows of no such amendment, variation or other matter that may be presented to the Meeting.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

No person who has been a director or executive officer of the Corporation at any time since the beginning of the last financial year, nor any proposed nominee for election as a director of the Corporation, nor any associate or affiliate of any of the foregoing, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon other than the election of directors or the appointment of auditors. Directors and executive officers may, however, be interested in the approval of the Corporation's Amended and Restated Stock Option Plan as detailed in "Particulars of Matters to be Acted Upon - Approval of the Amended and Restated Stock Option Plan."

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The Corporation has an authorized capital consisting of an unlimited number of common shares without par value. As of September 30, 2020 (the "**Record Date**"), 99,221,703 common shares were issued and outstanding.

Only shareholders of record at the close of business on the Record Date who either personally attend the Meeting or who have completed and delivered a form of proxy in the manner and subject to the provisions described above shall be entitled to vote or to have their common shares voted at the Meeting.

On a show of hands, every individual who is present and is entitled to vote as a shareholder or as a representative of one or more corporate shareholders will have one vote, and on a poll every shareholder present in person or represented by a proxy and every person who is a representative of one or more corporate shareholders, will have one vote for each common shares registered in that shareholder's name on the list of shareholders as at the Record Date, which is available for inspection during normal business hours at the office of the Transfer Agent and will be available at the Meeting.

To the knowledge of the directors and executive officers of the Corporation, no person or corporation beneficially owns, or controls or directs, directly or indirectly, voting securities of the Corporation carrying 10% or more of the voting rights attached to any class of outstanding voting securities of the Corporation.

ELECTION OF DIRECTORS

The size of the Corporation's Board is currently set at six. It is intended that the number of directors to be elected by the shareholders be set at six. Each of the six director nominees are currently directors of the Corporation and have agreed to stand for re-election.

The Board has determined that the number of persons to be elected as directors of the Company be set at six (6).

The term of office of each of the present directors expires at the Meeting. The persons named below will be presented for election at the Meeting as Management's nominees and the persons proposed by Management as proxy holders in the accompanying form of proxy intend to vote for the election of these nominees. Management does not contemplate that any of these nominees will be unable to serve as a director. Each director elected will hold office until the next annual general meeting of the Corporation or until his successor is elected or appointed, unless his office is earlier vacated in accordance with the Articles of the Corporation or the provisions of the *Business Corporations Act* (British Columbia).

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee of the Board of Directors of the Corporation during the fiscal year ended March 31, 2020 was comprised of Barry T. Coughlan (Chair), Trevor Thomas and Brian Corral. The Compensation Committee was established on July 19, 2016. The members of the Compensation Committee possess the skills and experience that enable the Committee to make decisions on the suitability of the Corporation’s compensation policies and practices. As a result of their collective education and experience, each member of the Compensation Committee has familiarity with, an understanding of, or experience in:

- (a) reviewing compensation philosophy including base compensation structures & incentive programs;
- (b) reviewing specific executive and director compensation;
- (c) administering of stock option and other equity based compensation plans and the determination of stock options grants; and,
- (d) reviewing performance goals and the assessments of corporate officers.

To achieve this purpose, the Compensation Committee's duties, responsibilities and authority include the following:

- (a) The Committee recommends to the Board of Directors the form and amount of compensation to be paid by the Corporation to directors for service on the Board of Directors and on Board committees. The Committee reviews director compensation at least annually;
- (b) The Committee annually reviews the Corporation's compensation philosophy including base compensation structure, incentive compensation, stock option and other equity-based compensation programs and recommends changes in or additions to such structure and plans to the Board of Directors as needed;
- (c) The Committee annually reviews and recommends to the Board of Directors the annual base compensation of the Corporation's CEO, CFO, executive officers and senior managers (collectively the "Officers");

- (d) The Committee recommends to the Board of Directors the annual corporate goals and objectives under any incentive compensation plan adopted by the Corporation for Officers and establishes incentive compensation participation levels for Officers under any such incentive compensation plan. In determining the incentive component of compensation, the Committee will consider the Corporation's performance and relative shareholder return, the values of similar incentives at comparable companies and the awards given in past years;
- (e) The Committee evaluates the performance of Officers generally and in light of annual corporate goals and objectives under any incentive compensation plan and recommends to the Board incentive compensation payable to Officers under any such incentive compensation plan;
- (f) The Committee periodically reviews with the Chairman and CEO their assessments of corporate officers and senior managers and succession plans, and makes recommendations to the Board of Directors regarding appointment of officers and senior managers;
- (g) The Committee administers the Corporation's stock option and other equity based compensation plans and determines the annual grants of stock options and other equity based compensation;
- (h) The Committee recommends to the nominating and governance committee the qualifications and criteria for membership on the compensation committee;
- (i) The Committee reviews all proposed material actions with respect to any pension plans adopted by the Corporation for approval by the Board of Directors;
- (j) The Committee provides oversight to the preparation of the Corporation's annual report to shareholders concerning executive compensation for inclusion in the Corporation's Information Circular;
- (k) The Committee retains such outside lawyers, consultants and advisors at the Corporation's expense, as it deems necessary from time to time to fulfill its duties and responsibilities; and
- (l) The Committee annually reviews the adequacy of the Compensation Committee Charter and recommends changes to the Board of Directors.

Compensation for Named Executives is composed of three components. These include base salary, participation in the Corporation's Stock Option Plan, and non-equity incentives. From time to time, the Corporation grants incentive stock options as well as non-equity incentives as part of the total compensation to its Named Executives.

Base Salary is used to provide the Named Executives a set amount of money during the year with the expectation that each Named Executive will perform his responsibilities to the best of his ability and in the best interests of the Corporation. The Corporation considers the granting of incentive stock options to be a significant component of executive compensation as it allows the Corporation to reward each Named Executive's efforts to increase value for shareholders without requiring the Corporation to use cash from its treasury. Stock options are generally awarded to executive officers at the commencement of employment and periodically thereafter. The terms and conditions of the Corporation's stock option grants, including vesting provisions and exercise prices, are governed by the terms of the Corporation's Stock Option Plan as amended (the "Amended and Stock Option Plan"). The Corporation's Stock Option Plan as amended is intended to assist in attracting, retaining and motivating directors, officers, employees and service providers of the Corporation to closely align the personal interests of such directors, officers, employees and service providers with those of shareholders by providing them with the opportunity, through stock options, to acquire common shares of the Corporation. Non-equity incentives are a variable element of the total compensation package and though there is no formal plan in place at the current time and no non-equity incentive compensation (other than salary) was paid to Named Executives, directors, officers, employees or service providers of the Corporation during the fiscal year ended March 31, 2020.

A description of the significant terms of the Stock Option Plan as amended is found under the heading "Securities Authorized for Issuance Under Equity Compensation Plan Information" and "Particulars of Matters to be Acted Upon - Approval of the Amended and Restated Stock Option Plan".

Options have historically been recommended by the Board of Directors and are currently determined by the Compensation Committee which administers the Stock Option Plan. In monitoring or adjusting the option allotments, the Compensation Committee takes into account its own observations on individual performance (where possible) and its assessment of individual contribution to shareholder value, previous option grants and the objectives set for the Named Executives and the Board of Directors. The scale of options is generally commensurate

to the appropriate level of base compensation for each level of responsibility.

In addition to determining the number of options to be granted pursuant to the methodology outlined above, the Board of Directors also makes the following determinations subject to and in accordance with the Stock Option Plan

- parties who are entitled to participate in the Stock Option Plan;
- the exercise price for each stock option granted, subject to the provision that the exercise price cannot be lower than the prescribed discount permitted by the TSX Venture Exchange (the “Exchange”) from the market price on the date of grant;
- the date on which each option is granted;
- the vesting period, if any, for each stock option;
- the other material terms and conditions of each stock option grant; and
- any re-pricing or amendment to a stock option grant.

The Compensation Committee reviews and approves grants of options on an annual basis and periodically during a financial year.

The Corporation used the Black-Scholes option pricing model for calculating the fair value of options granted. The Black-Scholes model is commonly used by junior public companies.

The Stock Option Plan provides the possibility of certain benefits in the event of a takeover bid. Under the Stock Option Plan, in the event of an offer to purchase common shares of the Corporation or any part thereof shall be made to all holders of common shares of the Corporation, the Corporation shall have the right to amend, abridge or otherwise eliminate any vesting schedule, upon written notice thereof to each optionee holding options under the Stock Option Plan, to permit the exercise of all such options, so as to permit the optionee to tender the shares received upon such exercise pursuant to the bid. All rights of optionees to such options or to exercise same (to the extent not theretofore exercised) shall terminate and cease to have further force or effect whatsoever.

The Compensation Committee considered the implications of the risks associated with the Corporation's compensation policies and practices and concluded that, given the nature of the Corporation's business and the role of the Compensation Committee in overseeing the Corporation's executive compensation practices, the compensation policies and practices do not serve to encourage any Named Executive or individual at a principal business unit or division to take inappropriate or excessive risks, and no risks were identified arising from the Corporation's compensation policies and practices that are reasonably likely to have a material adverse effect on the Corporation.

STOCK OPTION PLAN

Re-Approval of Amended and Restated Stock Option Plan

In connection with the Corporation’s initial public offering, the Corporation adopted in March 2010 a stock option plan (the “Plan”), being a “rolling” incentive stock option plan which provides that the Board may grant up to ten percent (10%) of the total number of common shares issued and outstanding at the date of the stock option grant. The Plan provides that the Board of Directors may from time to time, in its discretion, grant to directors, officers, employees and consultants or those of any of its subsidiaries (“Eligible Optionees”), the option to purchase common shares. The Plan was amended at the last annual general meeting to include section 4.3 “Tax Withholding and Procedures” which contains provisions regarding withholding taxes. The shareholders will be asked at the Shareholder’s Meeting each year to vote a resolution affirming and approving the Plan, as amended (the “Amended and Restated Plan”) for the ensuing year. On October 24, 2019, the shareholders of the Corporation approved the Corporation’s Amended and Restated Plan and re-confirmed such approval on September 6, 2012, October 10, 2013, November 25, 2014, November 2, 2015, November 21, 2016, November 22, 2017 and November 2, 2018. Options can be exercisable over a period of up to five years as determined by the Board of Directors and are required to have an exercise price no less than the market price, as defined, prevailing on the day that the option is granted less the applicable discount permitted by the Exchange and will not otherwise be less than \$0.10 per share. Pursuant to the Amended and Restated Plan, the Board of Directors may, from time to time, authorize the issue of options to eligible persons, being directors, officers, employees and consultants of the Corporation and its subsidiaries or employees of companies providing management or other services to the Corporation or any subsidiary of the Corporation. The number of common shares which may be issued in any one year period:

1. to any one individual pursuant to the exercise of options may not exceed five percent (5%) of the issued common shares;
2. to any one consultant pursuant to the exercise of options may not exceed 2% of the issued common shares;
3. in the aggregate, to persons conducting investor relations activities may not exceed 2% of the issued common shares; and
4. to insiders as a group may not exceed 10% of the issued common shares.

The following is a summary of the other material terms of the Amended and Restated Plan:

1. the Board may from time to time, in its discretion, and in accordance with the Exchange requirements and the terms of the Amended and Restated Plan, grant options to Eligible Optionees;
2. the number of common shares reserved for issuance pursuant to the exercise of options granted under the Amended and Restated Plan will not exceed 10% of the issued and outstanding common shares. Any increase in the issued and outstanding common shares will result in an increase to the 10% level in the available number of common shares issuable under the Amended and Restated Plan, and any options that are cancelled or expired unexercised will make new grants available under the Amended and Restated Plan;
3. all options granted under the Amended and Restated Plan are non-assignable and non-transferable;
4. subject to a minimum exercise price of \$0.05, the exercise price of an option granted under the Amended and Restated Plan must be no less than the closing market price of the common shares prevailing on the day preceding the day that the option is granted less a discount of up to 25%, the amount of the discount varying with market price in accordance with the policies of the Exchange;
5. options granted to consultants engaged to perform investor relations activities must be subject to a vesting requirement, whereby such options will vest over a period of not less than 12 months, with a maximum of 25% vesting in any three-month period. The Amended and Restated Plan does not contain any other vesting requirements, but permits the Board to specify a vesting schedule in its discretion;
6. for stock options granted to employees or service providers (inclusive of management Corporation employees), the Corporation must ensure that the proposed Optionee is a bona fide employee or service provider (inclusive of management Corporation employees), as the case may be, of the Corporation or any subsidiary;
7. if an Optionee ceases to be an Eligible Optionee, any options held by such Optionee shall expire no later than 90 days from the date such Optionee ceases to be an Eligible Optionee (or 30 days if the Optionee is engaged in investor relations activities). On death or disability of an Optionee, any options held by such Optionee shall expire no later than one year from the date of death or disability;
8. in the event of a takeover bid or tender offer which would result in the offeror becoming a control person of the Corporation, all option shares subject to such option will become vested and the option may be exercised in whole or in part by the optionee so as to permit the optionee to tender the option shares received upon such exercise, pursuant to the offer;
9. on the occurrence of a takeover bid, or offer, the Board will have the right to accelerate the date on which any option becomes exercisable;
10. in the event of a change of control, all options will become vested and shall be exercisable in full;
11. any unissued option shares not acquired by an optionee under an option which has expired may be made the subject of a further option pursuant to the provisions of the Amended and Restated Plan;
12. the Corporation may, from time to time, implement such procedures and conditions as it determines appropriate with respect to the withholding and remittance of taxes imposed under applicable law, or the funding of related amounts for which liability may arise under such applicable law;
13. the exercise price and the number of common shares which are subject to an option may be adjusted from time to time for share dividends, and in the event of reclassifications, reorganizations or changes in the capital structure of the Corporation; and
14. specific disinterested shareholder approval is required to reduce the exercise price of an option for an optionee who is an insider.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

General

National Policy 58-201 *Corporate Governance Guidelines* establishes corporate governance guidelines which apply to all public companies. The Corporation has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Corporation’s practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Corporation at its current stage of development and therefore these guidelines have not been adopted. The following disclosure of corporate governance practices is made in accordance with the provisions of National Instrument 58-101 *Disclosure of Corporate Governance Practices* (“**NI 58-101**”).

Board of Directors

The Board is currently comprised of six individuals, of whom Brian Corral, Trevor Thomas and Terrence Lyons are independent for the purposes of NI 58-101. Mr. Thomas is not considered independent for Audit Committee purposes under section 1.5 of National Instrument 52-110. Nelson Baker, Barry Coughlan, and Bradley Baker are members of the Corporation’s management and are not independent as they serve as the President and CEO; Chairman and VP of Corporate Development, respectively, of the Corporation. Bradley W. Baker is also not considered independent as he is an immediate family member of an individual who is an executive officer of the Corporation.

The size of the Corporation is such that all the Corporation’s operations are conducted by a small management team which is also represented on the Board of Directors. The Board of Directors considers that management is effectively supervised by the independent directors on an informal basis as the independent directors are actively and regularly involved in reviewing and supervising the operations of the Corporation and have regular and full access to management. The independent directors are however able to meet at any time without any members of management including the non-independent directors being present. Further supervision is performed through the Audit Committee are able to meet with the Corporation's auditors without management being in attendance.

Orientation and Continuing Education

New Board members receive an orientation package which includes reports on operations and results, and any public disclosure filings by the Corporation, as may be applicable. Board meetings are sometimes held at the Corporation’s offices and, from time to time, are combined with presentations by the Corporation’s management to give the directors additional insight into the Corporation’s business. In addition, management of the Corporation

makes itself available for discussion with all Board members.

Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Corporation's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Corporation.

Nomination of Directors

The Nominating and Governance Committee will consider the size of the Board each year when it considers the number of directors to recommend to the Board and shareholders for election at the annual meeting of shareholders, taking into account the number required to carry out the Board's duties effectively and to maintain a diversity of views and experience. The specific duties of the Nominating and Governance Committee are prescribed in the Nominating and Governance Committee Charter, which is set out as Schedule "D" to the Circular.

The members of the Nominating and Governance Committee are Trevor Thomas (Chairman), Barry Coughlan and Terrence Lyons.

Compensation

The Compensation Committee determines compensation for the directors and CEO, and its specific duties are prescribed in the Compensation Committee Charter, which is set out as Schedule "C" to the Circular. See Statement of Executive Compensation Discussion and Analysis below for more information concerning the Compensation Committee.

The Compensation Committee members are T. Barry Coughlan (Chairman), Trevor Thomas and Brian Corral. See disclosure under "Biographical Information of Nominees for Director" for relevant education and experience of policies of the Compensation Committee.

Other Board Committees

The Board has no committees other than the Audit Committee, the Compensation Committee and the Nominating and Governance Committee.

See Schedule "C" of the Circular for the text of the Compensation Committee Charter.

Under its charter, the Nominating and Governance Committee oversees an annual formal assessment of the Board and all its committees. The Board is satisfied with the projects and overall corporate achievements of the Company and believes this reflects well on the Board and its practices.
