December 6, 2019

DISTRICT COPPER CORP. REPORTS ON EAGLEHEAD PROPERTY

Vancouver, B.C. – December 6, 2019 – At the request of IROC and the TSX Venture Exchange the Company wishes to clarify certain disclosure in its December 5, 2019 news release titled “**DISTRICT COPPER CORP. REPORTS ON EAGLEHEAD PROPERTY**” regarding the filing of an updated National Instrument 43-101 Technical Report dated October 21, 2019 on the Eaglehead Property prepared by Robert A. (Bob) Lane, M.Sc, P.Geo. of Moose Mountain Technical Services on Sedar. Specifically the news release quoted the author as stating inter alia, “*that the Eaglehead porphyry Cu-Mo-Au-Ag Project is a Tier 1 Property (as defined by the TSX Venture Exchange)*”. **The Eaglehead property does not satisfy the definition of a Tier 1 property per TSX Venture Exchange Policies as it no mineral resources and/or mineral reserves have been delineated on the property.** This clarifying news release is being disseminated to retract all references to the Eaglehead porphyry Cu-Mo-Au-Ag Project being a Tier 1 Property.

The Company will also file on SEDAR a revised technical report reflecting this change.

About District Copper

District Copper is a Canadian company engaged in the exploration for gold deposits in Newfoundland and Ontario and porphyry copper-gold-molybdenum deposits in northwestern British Columbia.
