INFORMATION CIRCULAR

with information as at November 5, 2019 *(except as otherwise indicated)*

This Information Circular (the “**Circular**”) is furnished in connection with the solicitation of proxies by the management of **East West Petroleum Corp.** (the “**Company**” or “**East West**”) for use at the annual general meeting (the “**Meeting**”) of the Company (and any adjournment thereof) to be held on December 12, 2019 at the time and place and for the purposes set forth in the accompanying Notice of Meeting.

This Circular describes the matters that need to be dealt with at the annual general meeting of the Company, pertaining to annual corporate matter requirements, which are detailed below.

In this Circular, references to the “**Company**”, “**East West**”, “**we**” and “**our**” refer to East West Petroleum Corp. “**Common Shares**” means common shares without par value in the capital of the Company. “**Beneficial Shareholders**” means shareholders who do not hold Common Shares in their own name and “**intermediaries**” refers to brokers, investment firms, clearing houses and similar entities that own securities on behalf of the Beneficial Shareholders. Unless otherwise stated, all dollar (“\$”) amounts disclosed herein are reported in **Canadian currency**. US currency is represented as “**US\$**”.

GENERAL PROXY INFORMATION

Solicitation of Proxies

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by directors, officers and regular employees of the Company. The Company will bear all costs of this solicitation. We have arranged for intermediaries to forward the meeting materials to beneficial owners of the Common Shares held of record by those intermediaries and we may reimburse the intermediaries for their reasonable fees and disbursements in that regard.

Appointment of Proxyholders

The individuals named in the accompanying form of proxy (the “**Proxy**”) are officers and/or directors of the Company. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than either of the persons designated in the Proxy, who need not be a shareholder, to attend and act for you and on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of proxy.**

Voting by Proxyholder

The persons named in the Proxy will vote or withhold from voting the Common Shares represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your Common Shares will be voted accordingly. The Proxy confers discretionary authority on the persons named therein with respect to:

- (a) each matter or group of matters identified therein, for which a choice is not specified, other than the appointment of an auditor and the election of directors,
- (b) any amendment to or variation of any matter identified therein, and
- (c) any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified in the Proxy, the persons named in the Proxy will vote the Common Shares represented by the Proxy for the approval of such matter.

Registered Shareholders

If you are a registered shareholder, you may wish to vote by proxy whether or not you are able to attend the Meeting in person. To submit a proxy you may do so using one of the following methods:

- (a) complete, date and sign the enclosed form of proxy and return it to the Company's transfer agent, Computershare Trust Company of Canada ("**Computershare**"), by fax within North America at 1-866-249-7775, outside North America at 1-416-263-9524, or by mail to the 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1 or;
- (b) use a touch-tone phone to transmit voting choices to a toll free number. Registered shareholders must follow the instructions of the voice response system and refer to the enclosed proxy form for the toll-free number, the holder's account number and the proxy access number; or
- (c) log on to Computershare's internet voting website at www.investorvote.com. Registered Shareholders must follow the instructions provided at the site and refer to the enclosed proxy form for the holder's account number and the proxy access number.

Be sure that the proxy is received at least 48 hours (excluding Saturdays, Sundays and holidays) before the Meeting or the adjournment thereof at which the proxy is to be used.

Beneficial Shareholders

The following information is of significant importance to shareholders who do not hold East West Common Shares in their own name. Beneficial Shareholders should note that the only proxies that can be recognized and acted upon at the Meeting are those deposited by registered shareholders (those whose names appear on the records of the Company as the registered holders of East West Common Shares) or as set out in the following disclosure.

If East West Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those East West Common Shares will not be registered in the shareholder's name on the records of the Company. Such East West Common Shares will more likely be registered under the names of intermediaries. In Canada the vast majority of such East West Common Shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms), and in the United States, under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks).

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of meetings of shareholders. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

There are two kinds of Beneficial Shareholders: Non-Objecting Beneficial Owners ("**NOBOs**") do not object to the issuers of the securities they own knowing who they are; and Objecting Beneficial Owners ("**OBOs**") do object to their name being made known to the issuers of securities which they own.

These securityholder materials are being sent to both registered and non-registered (beneficial) owners of the securities of the Company. If you are a non-registered (beneficial) owner, and if the Company or its agent has sent these materials directly to you, your name, address and information about your holdings of securities, were obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

Beneficial Shareholders who are OBOs should follow the instructions of their intermediary carefully to ensure that their East West Common Shares are voted at the Meeting.

The proxy form supplied to you by your broker will be similar to the proxy provided to registered shareholders by the Company. However, its purpose is limited to instructing the intermediary on how to vote your East West Common Shares on your behalf. Most brokers delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**") in Canada and in the United States. Broadridge mails a voting instruction form ("**VIF**") in lieu of the proxy provided by the Company. The VIF will name the same persons as the Company's

Proxy to represent your East West Common Shares at the Meeting. You have the right to appoint a person (who need not be a Beneficial Shareholder of the Company), who is different from any of the persons designated in the VIF, to represent your East West Common Shares at the Meeting and that person may be you. To exercise this right, insert the name of the desired representative, which may be you, in the blank space provided in the VIF. The completed VIF must then be returned to Broadridge in accordance with Broadridge's instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of East West Common Shares to be represented at the Meeting and the appointment of any shareholder's representative. **If you receive a VIF from Broadridge, the VIF must be completed and returned to Broadridge, in accordance with its instructions, well in advance of the Meeting in order to have your East West Common Shares voted or to have an alternate representative duly appointed to attend the Meeting and vote your East West Common Shares at the Meeting.**

Notice to Shareholders in the United States

The solicitation of proxies involves securities of an issuer located in Canada and is being effected in accordance with the corporate laws of the Province of British Columbia, Canada and securities laws of the provinces of Canada. The proxy solicitation rules under the *United States Securities Exchange Act of 1934*, as amended, are not applicable to the Company or this solicitation, and this solicitation has been prepared in accordance with the disclosure requirements of the securities laws of the provinces of Canada. Shareholders should be aware that disclosure requirements under the securities laws of the provinces of Canada differ from the disclosure requirements under United States securities laws.

The enforcement by Shareholders of civil liabilities under United States federal securities laws may be affected adversely by the fact that the Company is incorporated under the *Business Corporations Act* (British Columbia), certain of its directors and its executive officers are residents of Canada and a substantial portion of its assets and the assets of such persons are located outside the United States. Shareholders may not be able to sue a foreign company or its officers or directors in a foreign court for violations of United States federal securities laws. It may be difficult to compel a foreign company and its officers and directors to subject themselves to a judgment by a United States court.

Revocation of Proxies

In addition to revocation in any other manner permitted by law, a registered shareholder who has given a proxy may revoke it by:

- (a) executing a proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the registered shareholder or the registered shareholder's authorized attorney in writing, or, if the registered shareholder is a company, under its corporate seal by an officer or attorney duly authorized, and by delivering the proxy bearing a later date to Computershare or at the registered office address of the Company, 1305 – 1090 West Georgia Street, Vancouver, British Columbia Canada, V6E 3V7 (the "**Registered Office**") at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, the last business day that precedes any reconvening thereof, or to the chairman of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law, or
- (b) personally attending the Meeting and voting the registered shareholder's East West Common Shares.

A revocation of a proxy will not affect a matter on which a vote is taken before the revocation.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

No director or executive officer of the Company, or any person who has held such a position since the beginning of the Company's financial year ended March 31, 2018 to the end of the most recently completed financial year of the Company, ended March 31, 2019, nor any associate or affiliate of the foregoing persons, has any substantial or material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting other than as may be set out herein.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The Board of Directors of the Company (the “**Board**”) has fixed November 5, 2019 as the record date (the “**Record Date**”) for determining persons entitled to receive notice of the Meeting. Only shareholders of record at the close of business on the Record Date who either attend the Meeting personally or complete, sign and deliver a form of proxy in the manner and subject to the provisions described above will be entitled to vote or to have their Common Shares voted at the Meeting.

The Common Shares are listed on the TSX Venture Exchange (the “**TSXV**”). The Company is authorized to issue an unlimited number of Common Shares. As of November 5, 2019, there were 89,585,665 Common Shares, without par value, issued and outstanding, each carrying the right to one vote. No group of shareholders has the right to elect a specified number of directors, nor are there cumulative or similar voting rights attached to the Common Shares.

To the knowledge of the directors and executive officers of the Company, no person or company beneficially owned, directly or indirectly, or exercised control or direction over, Common Shares carrying more than 10% of the voting rights attached to all outstanding shares as at November 5, 2019.

VOTES NECESSARY TO PASS RESOLUTIONS

A simple majority of affirmative votes cast at the Meeting is required to pass the ordinary resolutions concerning the Company’s annual business of setting the number of directors, the election of directors, appointment of auditor and continuation of the Stock Option Plan, as described herein. If there are more nominees for election as director or appointment of the Corporation’s auditor than there are vacancies to fill, those nominees receiving the greatest number of votes will be elected or appointed, as the case may be, until all such vacancies have been filled. If the number of nominees for election or appointment is equal to the number of vacancies to be filled all such nominees will be declared elected or appointed by acclamation.

Conflicts of Interest

Conflicts of interest may arise from the fact that certain directors of the Company may also hold positions as directors or officers of other companies. Some of the directors of the Company have been and will continue to be engaged in the identification and evaluation of assets, businesses and companies on their own behalf and on behalf of other companies, and situations may arise where the directors and officers of the Company are involved with companies in direct competition with the Company. Conflicts, if any, are currently subject to the procedures and remedies provided under the Act. Currently, any directors who are in a position of conflict abstain from voting on any matters, which may relate in any way to the matter in conflict.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

An informed person is one who, generally speaking, is a director or executive officer or a 10% shareholder of the Company. To the knowledge of management of the Company, no informed person or any associate or affiliate of any informed person has any interest in any proposed transaction, which has materially affected or would materially affect the Company or any of its subsidiaries, except as disclosed in this Circular.

Maximum Term of Options. The Board shall determine the term of Options granted under the Plan at the time of grant but, subject to earlier termination in the event of termination or in the event of death, the term of Options granted under the Plan may not exceed ten years. Options granted pursuant to the Plan are not to be transferable or assignable other than by will or other testamentary instrument or pursuant to the laws of succession.

Termination. Subject to certain exceptions, in the event that a director or officer ceases to hold office, Options granted under the Plan to such director or officer will expire 90 days after such director or officer ceases to hold office. Administration. The Plan will be administered by the Board or a special committee of directors, either of which will have full and final authority with respect to the grant of all Options thereunder. Options may be granted under the Plan to such directors, officers, employees or consultants of the Company, as the Board may from time to time designate.

The Company is seeking shareholder ratification and approval of the Plan in accordance with the rules and policies of the TSX-V.

Oversight and Description of Director and NEO Compensation

Compensation Discussion and Analysis

The Board compensation program is designed to provide competitive levels of compensation, a significant portion of which is dependent upon individual and corporate performance and contribution to increasing shareholder value. The Board recognizes the need to provide a total compensation package that will attract and retain qualified and

experienced executives as well as align the compensation level of each executive to that executive's level of responsibility. In general, a NEO's compensation is comprised of contractor payments and stock option grants.

The objectives and reasons for this system of compensation are generally to allow the Company to remain competitive compared to its peers in attracting and retaining experienced personnel. The Board determines and fixes compensation for its directors and officers. All salaries and/or consulting fees are to be set on a basis of a review and comparison of compensation paid to executives at similar companies.

Although the Board has not made a formal evaluation of the implications of the risks associated with the Company's compensation policies and practices, risk management is a consideration of the Board when implementing its compensation program. The Board believes the Company's compensation program does not result in unnecessary or inappropriate risk taking; nor are there any risks taken that are likely to have a material adverse effect on the Company.

Share-Based and Option-Based Awards

The Company does not grant share-based awards. The Board is responsible for granting options to the NEOs. Stock option grants are designed to reward the NEOs for success on a similar basis as the shareholders of the Company, but these rewards are highly dependent upon the volatile stock market, much of which is beyond the control of the NEOs. When new options are granted, the Board takes previous option grants into account as well as the number of stock options currently held, the individual's position, overall individual performance, anticipated contribution to the Company's future success and the individual's ability to influence corporate and business performance. The purpose of granting such stock options is to assist the Company in compensating, attracting, retaining and motivating the Company's officers, directors and employees and to align the personal interests of such persons with the interests of the shareholders.

The exercise price of the stock options granted is generally determined by the market price at the time of grant, less any allowable discount.

Compensation Governance

The Board monitors remuneration of the executive officers of the Company and meets as often as it deems necessary, but no less than two times per year. The CEO may not be present during the deliberations or voting on CEO compensation.

The following is a summary description of the Board responsibilities concerning NEO compensation:

- (a) to review and approve corporate goals and objectives relevant to NEO compensation, including the evaluation and performance of the CEO in light of those corporate goals and objectives, and to make recommendations to the Board with respect to NEO compensation levels (including the award of any cash bonuses or share ownership opportunities) based on various factors as the Board deems relevant, such as the Company's performance and the value of similar awards given to NEOs at comparable companies in past years;
- (b) to consider the implementation of short and long-term incentive plans, including equity-based plans, proposed by management, to make recommendations to the Board with respect to these plans and to annually review such plans after their implementation; and
- (c) to review annually any other benefit plans proposed by management and make recommendations to the Board with respect to their implementation.

All Board members have direct experience relevant to their responsibilities relating to director and NEO compensation. All members are or have held senior executive roles within public companies, and therefore have a good understanding of compensation programs. They also have good financial understanding, which allows them to assess the costs versus benefits of compensation plans. The Board members' combined experience in the resource sector provides them with an understanding of the Company's success and risk factors, which is very important when determining metrics for measuring success.

Company Prohibits Hedging

The Company's NEOs and directors are not permitted to purchase financial instruments, including for greater certainty, prepaid variable forward contracts, equity swaps, collars or units of exchange funds designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by a NEO or a director of the Company.

AUDIT COMMITTEE AND RELATIONSHIP WITH AUDITOR

National Instrument 52-110 – *Audit Committees* (“NI 52-110”) requires the Company, as a venture issuer, to disclose annually in its information circular certain information concerning the constitution of its audit committee and its relationship with its independent auditor. Such disclosure is set forth below.

The Audit Committee’s Charter

The Audit Committee has a charter, a copy of which is attached as Schedule “A” to the information circular prepared for the Company’s 2017 annual general meeting, which was filed under the Company’s SEDAR profile on October 23, 2017 at www.sedar.com.

Composition of Audit Committee and Independence

The Company’s Audit Committee currently consists of Messrs. Nick Demare (chairperson) and Ross McElroy.

NI 52-110 provides that a member of an audit committee is “independent” if the member has no direct or indirect material relationship with the Company, which could, in the view of the Board, reasonably interfere with the exercise of the member’s independent judgment. Of the Company’s current Audit Committee members, Mr. McElroy is “independent” within the meaning of NI 52-110. Nick Demare is not “independent” as he is also the interim CEO and he is the CFO of the Company.

NI 52-110 provides that an individual is “financially literate” if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally

comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company's financial statements. All of the members of the Audit Committee are "financially literate" as that term is defined. The following sets out the Audit Committee members' education and experience that is relevant to the performance of his responsibilities as an audit committee member.

Relevant Education and Experience

Nick Demare is a Chartered Professional Accountant and has been the President of Chase Management Ltd. since 1991, providing accounting, management, securities regulatory compliance and corporate secretarial services to companies listed on the Exchange and the TSX and has served on the audit committee of many of these companies. He also serves as a director and officer of a number of public companies listed on the Exchange and the TSX. Mr. Demare holds a Bachelor of Commerce degree from the University of British Columbia and is a member in good standing of the Institute of Chartered Accountants in British Columbia.

Ross McElroy is a professional geologist with nearly 30 years' experience in the mining industry. He has experience working with and managing many types of mineral projects from grass roots exploration to feasibility and production. Mr. McElroy has held positions with both major and junior mining companies, which include BHP Billiton, Cogema Canada (now AREVA), and Cameco, and he is a director and/or officer of several publicly traded companies including Fission 3.0 Corp., Rockwealth Resources Inc. and Eros Resources Corp. He was a member of the early stage discovery team of the MacArthur River uranium deposit. Mr. McElroy received a Bachelor's Degree in Science, with a Specialization in Geology from the University of Alberta in 1987. Mr. McElroy is a registered professional geologist in Alberta, Saskatchewan, Nunavut and Northwest Territories.

Mr. Mark T. Brown B. Comm. CPA, CA, is the President of Pacific Opportunity Capital Ltd., in Vancouver B.C. Mr. Brown has assisted in the successful establishment of several private and public companies. In the public company sector, Mr. Brown has played key roles in the success of several companies, which his team at Pacific Opportunity have listed on the TSXV, the TSX and the NYSE Mkt Exchanges. His corporate focus is on merger and acquisition transactions, financing, strategic corporate planning, and corporate development. One of the companies founded and run by the team at Pacific Opportunity was built into a plus \$500 million market capitalization entity and they have had many other successes over the past 20 years.

As a result of their respective business experience and educational background, each member of the audit committee (i) has an understanding of the accounting principles used by the Company to prepare its financial statements, (ii) has the ability to assess the general application of such accounting principles in connection with the accounting for estimates, accruals and reserves, (iii) has experience in analyzing and evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to issues that can reasonably be expected to be raised by the Company's financial statements, and (iv) has an understanding of internal controls and procedures for financial reporting.

Audit Committee Oversight

Since the commencement of the Company's financial year ended March 31, 2018 and its most recently completed financial year ended March 31, 2019, the Audit Committee has not made any recommendations to nominate or compensate an external auditor, which were not adopted by the Board.

Reliance on Certain Exemptions

Since the commencement of the Company's financial year ended March 31, 2018, and since the commencement of the Company's most recently completed financial year ended March 31, 2019 the Company has not relied on:

- (a) the exemption in section 2.4 (*De Minimis* Non-audit Services) of NI 52-110; or
- (b) an exemption from NI 52-110, in whole or in part, granted under Part 8 (*Exemptions*).

Pre-Approval Policies and Procedures

Formal policies and procedures for the engagement of non-audit services have not been formulated or adopted by the Committee. Subject to the requirements of NI 52-110, the engagement of non-audit services is considered by the Board, and where applicable by the Committee, on a case-by-case basis.

Audit Fees

The following table sets forth the fees paid by the Company and its subsidiaries to its external auditors for services rendered in the three most recent fiscal years:

Financial Year Ending	Audit Fees ⁽¹⁾	Audit Related Fees ⁽²⁾	Tax Fees ⁽³⁾	All Other Fees ⁽⁴⁾

- (4) "All other fees" include the aggregate fees billed in each of the last two fiscal years for products and services provided by the Company's external auditor, other than "Audit fees", "Audit related fees" and "Tax fees" above.

Exemption in Section 6.1

The Company is a "venture issuer" as defined in NI 52-110 and, as such, relies on the exemption set out in section 6.1 of NI 52-110 with respect to Part 3 (*Composition of the Audit Committee*) and Part 5 (*Reporting Obligations*).

CORPORATE GOVERNANCE DISCLOSURE

National Instrument 58-101 – *Disclosure of Corporate Governance Practices*, requires all reporting issuers to provide certain annual disclosure of their corporate governance practices with respect to the corporate governance guidelines (the "**Guidelines**") adopted in National Policy 58-201 – *Corporate Governance Guidelines*. The Guidelines are not prescriptive, but have been used by the Company in adopting its corporate governance practices. The Board and Management consider good corporate governance to be an integral part of the effective and efficient operation of Canadian corporations. The Company's approach to corporate governance is set out below.

Board of Directors

Management is nominating four individuals to the Board, three of whom are current directors of the Company.

The Guidelines suggest that the board of directors of every reporting issuer should be constituted with a majority of individuals who qualify as "independent" directors under NI 52-110, which provides that a director is independent if he or she has no direct or indirect "material relationship" with the Company. A "material relationship" is defined as a relationship, which could, in the view of the Company's Board, reasonably interfere with the exercise of a director's independent judgment. The current members of the Board are considered "independent" within the meaning of NI 52-110, except for Nick Demare, who is the current interim CEO and the CFO of the Company.

The Board has a stewardship responsibility to supervise the management of and oversee the conduct of the business of the Company, provide leadership and direction to Management, evaluate Management, set policies appropriate for the business of the Company and approve corporate strategies and goals. The day-to-day management of the business and affairs of the Company is delegated by the Board to the CEO. The Board gives direction and guidance through the CEO to Management and keeps Management informed of its evaluation of the senior officers in achieving and complying with goals and policies established by the Board.

The Board recommends nominees to the shareholders for election as directors, and immediately following each annual general meeting appoints an Audit Committee. The Board establishes and periodically reviews and updates the Audit Committee mandate, duties and responsibilities, elects a chairperson of the Board and establishes his or her duties and responsibilities, appoints the CEO and CFO of the Company and establishes the duties and responsibilities of those positions, and on the recommendation of the CEO, appoints the senior officers of the Company and approves the senior management structure of the Company.

The Board exercises its independent supervision over management through its policies that (a) periodic meetings of the Board be held to obtain an update on significant corporate activities and plans; and (b) all material transactions of the Company are subject to prior approval of the Board. The Board endeavours to call and hold regularly scheduled meetings, and endeavours to hold at least one meeting in each fiscal quarter. The Board will also meet at any other time at the call of the CEO, or subject to the Articles of the Company, of any director.

The mandate of the Board, as prescribed by the Act, is to manage or supervise management of the business and affairs of the Company and to act with a view to the best interests of the Company. In doing so, the Board oversees management of the Company's affairs directly and through its Audit Committee.

Directorships

As of the date of this information circular, certain directors of the Company are also serving as directors of other reporting issuers, details of which are as follows:

Nick Demare: Aguila American Resources Limited, Cliffmont Resources Ltd., GGL Resources Corp., Hannan Metals Ltd., Hansa Resources Limited, Kingsmen Resources Ltd., Mawson Resources Limited, Mirasol Resources Ltd., Rochester Resources Ltd., Rockshield Capital Corp., Salazar Resources Limited, and Tinka Resources Limited.

Ross McElroy: Canex Energy Corp., Eros Resources Corp., Fission Uranium Corp., Fission 3.0 Corp., Northbridge Resources Corp. (formerly Pioneer Pacific Finance Corp.), Rockwealth Resources Corp. (formerly Crazy Horse Resources Inc.), and Shine Minerals Corp.

Mark T. Brown: Almaden Minerals Ltd., Almadex Minerals Limited, Alianza Minerals Ltd., Avrupa Minerals Ltd., Azucar Minerals Ltd., Michelin Mining Corp., Mountain Boy Minerals Ltd., and Strategem Capital Corporation.

Kevin William Haney: KFG Resources and Spectra Inc.

Orientation and Continuing Education

The Board's practice is to recruit for the Board only persons with extensive experience in the oil and gas business and in public company matters. Prospective new board members are provided with a reasonably detailed level of background information, verbal and documentary, on the Company's affairs and plans prior to obtaining their consent to act as a director.

The Board provides training courses to the directors as needed, to ensure that the Board is complying with current legislative and business requirements.

Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Under the corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Company and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances, and disclose to the board the nature and extent of any interest of the director in any material contract or material transaction, whether made or proposed, if the director is a party to the contract or transaction, is a director or officer (or an individual acting in a similar capacity) of a party to the contract or transaction or has a material interest in a party to the contract or transaction. The director must then abstain from voting on the contract or transaction unless the contract or transaction (i) relates primarily to their remuneration as a director, officer, employee or agent of the Company or an affiliate of the Company, (ii) is for indemnity or insurance for the benefit of the director in connection with the Company, or (iii) is with an affiliate of the Company. If the director abstains from voting after disclosure of their interest, the directors approve the contract or transaction and the contract or transaction was reasonable and fair to the Company at the time it was entered into, the contract or transaction is not invalid and the director is not accountable to the Company for any profit realized from the contract or transaction. Otherwise, the director must have acted honestly and in good faith, the contract or transaction must have been reasonable and fair to the Company and the contract or transaction be approved by the shareholders by a special resolution after receiving full disclosure of its terms in order for the director to avoid such liability or the contract or transaction being invalid.

Nomination of Directors

The Board identifies new candidates for board nomination by an informal process of discussion and consensus-building on the need for additional directors, the specific attributes being sought, likely prospects, and timing. Prospective directors are not approached until consensus is reached. This process takes place among the Chairman and a majority of the non-executive directors.

Compensation

The Board does not currently have a compensation committee. Instead, it is the plenary Board that oversees executive compensation to enable the Company to ensure conformity between compensation and other corporate objectives and to consider, all compensation packages, both present and future, for the Company's management and directors (including annual retainer, meeting fees, bonuses and option grants) and any severance packages.

The Board oversees the proper functioning of the Board and management of the Company to ensure the proper discharge of duties, to schedule meetings and to ensure timely reporting to the shareholders. The Board meets as often as may be necessary or appropriate in its members' discretion and judgment, and not less than four times each year.

The Board sets the standards for compensation of directors and officers based on industry data and with the goal to attract, retain and motivate key persons to ensure the long-term success of the Company. Compensation generally includes the three following components: base salary, annual bonus based on performance and grant of stock options. The Board takes into account the North American context of the activities of the Company and increased competition in the market for its key personnel while also taking into account the performance and objectives set forth for the Company.

Other Board Committees

There is currently one committee of the Board: the Audit Committee.

Assessments

The Board annually reviews its own performance and effectiveness as well as the effectiveness and performance of the Audit Committee. Effectiveness is subjectively measured by comparing actual corporate results with stated objectives. The contributions of individual directors are informally monitored by other Board members, bearing in mind the business strengths of each individual and the purpose of originally nominating the individual to the Board. The Board monitors the adequacy of information given to directors, communication between Board and Management and the strategic direction and processes of the Board and the Audit Committee.

The Board believes its corporate governance practices are appropriate and effective for the Company, given its size and operations. The Company's corporate governance practices allow the Company to operate efficiently, with checks and balances that control and monitor Management and corporate functions without an excessive administration burden.
