

VANADIUMCORP CLOSSES FLOW-THROUGH PRIVATE PLACEMENT FINANCING

Vancouver, British Columbia – The NewsWire -- 31 December 2024 – VanadiumCorp Resource Inc. (TSX-V: VRB) (FSE: NRNA) (OTC: VRBFF) ("VanadiumCorp" or the "Company") is pleased to report that, further to its December 19, 2024 news release, it has closed its non-brokered flow-through unit private placement financing (the "Financing") for aggregate gross proceeds of \$295,400.

The Company has issued 1,846,250 \$0.16 flow-through units (the "FT Units"), each FT Unit consisting of one (1) flow-through common share of the Company and one (1) non-flow-through common share purchase warrant exercisable to purchase one non-flow-through common share of the Company for \$0.20 for three years from the date of issue.

The Company will use an amount equal to the gross proceeds received by the Company from the sale of the FT Units, pursuant to the provisions in the Income Tax Act (Canada), to incur eligible "Canadian exploration expenses" that qualify as "flow-through mining expenditures" as both terms are defined in the Income Tax Act (Canada) (the "Qualifying Expenditures") on or before December 31, 2025, and to renounce all the Qualifying Expenditures in favor of the subscribers of the FT Units effective December 31, 2024.

All securities issued pursuant to the Financing are subject to a four-month hold from the date of issue.

The Company has paid cash finder's fees totalling \$18,648 and issued 116,550 \$0.16 non-transferable broker warrants to three finders in accordance with TSX Venture Exchange policies.

Net proceeds from the Financing will be used for exploration and metallurgical testing on the Company's wholly-owned mineral properties.

The Company's previously announced non-brokered private placement of up to 5,333,333 \$0.15 non-flow-through units (the "NFT Units") for aggregate gross proceeds of up to \$800,000 remains open.

About VanadiumCorp Resource Inc.

VanadiumCorp Resource Inc. is engaged in the production of high-quality vanadium electrolytes for the expanding international market for long-duration Vanadium Flow Batteries (VFB). The Company's pilot plant facility is based in Val-des-Sources, Québec. The Company is also advancing technologies for the production of the strategic V-Ti and potentially high grade Fe located at its vanadiferous titanomagnetite projects, including at its flagship Lac Doré deposit near Chibougamau, Québec. The successful deployment of these technologies would enable stable, long-term access to the Company's deposits of critical metals, including vanadium feedstock for the production of electrolytes by the Company.

Chief Operating Officer and Director Gilles Dupuis, P. Eng. is the qualified person (as defined in NI 43-101) who has reviewed this news release.

On behalf of the Board of VanadiumCorp Resource Inc.

Forward-Looking Statements

This document may contain forward-looking statements (including "forward-looking information" within the meaning of applicable Canadian securities laws and "forward-looking statements" within the meaning of the US Private Securities Litigation Reform Act of 1995) regarding, among other things, VanadiumCorp's business and the environment in which it operates. In general, forward-looking statements can be identified by the use of words such as "anticipates", "expects" or "does not expect", "is expected", "budget", "forecast", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or statements that certain actions, events or results "may", "could", "would", "could" or "will be taken", "occur" or "will be achieved". VanadiumCorp relies on a number of assumptions and estimates to make these forward-looking statements, including, without limitation, the ability to acquire the necessary permits and authorizations to advance the Lac Doré property to the production stage, the ability to add to existing resources at Lac Doré through drilling, the costs associated with the development and operation of its properties. These assumptions and estimates are made in light of forecasts and conditions that are considered relevant and reasonable based on available information and current circumstances. A number of risk factors may cause actual results, level of activity, performance or results of such exploration and/or mine development to differ materially from those expressed or implied by such forward-looking statements, including, without limitation, whether such discoveries will result in commercially viable quantities of such mineralized materials, the ability to modify project parameters as plans continue to be refined, the ability to execute planned future exploration and drilling programs, the need for additional financing to continue exploration and development efforts, changes in general economic, market and business conditions, and other risks outlined in VanadiumCorp's latest Annual Information Form under the heading "Risk Factors" and in its other public documents. Forward-looking statements are not guarantees of future performance and such information is inherently subject to known and unknown risks, uncertainties and other factors that are difficult to predict and that may be beyond VanadiumCorp's control. Although VanadiumCorp has attempted to identify important risks and factors that could cause actual actions, events or results to differ materially from those described in the forward-looking statements, there may be other factors and risks that cause actions, events or results not to be as anticipated, estimated or intended. Accordingly, undue reliance should not be placed on these forward-looking statements. In addition, all forward-looking statements in this press release are made as of the date of this press release. VanadiumCorp disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by applicable securities laws.

The forward-looking statements contained herein are expressly qualified by this disclaimer.
