**Cautionary Statement Regarding Forward-Looking Information**

*Statements in this material change report may contain forward-looking information. Any statements that are contained in this material change report that are not statements of historical fact may be deemed to be forward looking statements. Forward-looking statements are often identified by terms such as "may", "should", "anticipate", "expects" and similar expressions. Forward-looking information in this material change report includes statements with respect to the expected use of proceeds from the Offering. The reader is cautioned that assumptions used in the preparation of any forward-looking information may prove to be incorrect. Events or circumstances may cause actual results to differ materially from those predicted, as a result of numerous known and unknown risks, uncertainties, and other factors, many of which are beyond the control of the Corporation. The reader is cautioned not to place undue reliance on any forward-looking information. Such information, although considered reasonable by management at the time of preparation, may prove to be incorrect and actual results may differ materially from those anticipated. Forward-looking statements contained in this material change report are expressly qualified by this cautionary statement.*

*The forward-looking statements contained in this material change report are made as of the date of this material change report, and the Corporation does not undertake any obligation to update publicly or to revise any of the included forward-looking statements, whether as a result of new information, future events or otherwise, except as expressly required by securities law.*

### IDC Receives Health Canada Approval for Aquarius DR Imaging Devices

**Calgary, Alberta – April 21, 2017** - Imaging Dynamics Company Ltd. ("IDC" or the "Company") (TSXV:IDL) is pleased to announce that it received notification that Health Canada has approved its Digital Radiography ("DR") products - Aquarius 8600 1717TC and Aquarius 8600 1417TC for sale in Canada. These products were also approved by the United States Food and Drug Administration on February 22, 2017 for sales into the US.

#### **About Imaging Dynamics Company (IDC):**

IDC is a global medical imaging technology provider and innovative force in the high growth field of digital radiography (DR) technology.

The Company has thousands of installations in 50 countries of its proprietary, award winning direct capture DR technology, which replaces conventional film-based diagnostic imaging and provides a cost-effective solution for medical facilities of all sizes to provide high quality diagnostic X-ray images and improve the level of healthcare for their patients.

Throughout its history, IDC has been recognized by multiple industry organizations and research analysts such as: Frost & Sullivan and Deloitte Technology; for its dedication to innovation, global market growth, and customer focused value proposition.

The Company has its corporate office in Calgary, Canada, a sales and marketing office in Beijing, China, and also operations, research and development centres in Calgary, Canada and Shanghai, China. Visit the IDC web site: [www.imagingdynamics.com](http://www.imagingdynamics.com)

Statements in this release which describe IDC's intentions, expectations or predictions, or which relate to matters that are not historical facts are forward-looking statements. These forward-looking statements involve known and unknown risks and uncertainties which may cause the actual results, performances or achievements of IDC to be materially different from any future results, performances or achievements expressed in or implied by such forward-looking statements. IDC may update or revise any forward-looking statements, whether as a result of new information, future events or changing market and business conditions. Known and unknown risks and uncertainties include: IDC's ability to manufacture its products with a sufficient level of quality and in volumes which satisfy market demand; the ability of IDC to establish direct

and indirect sales channels; the ability of IDC to establish industry partnerships; IDC's ability to attract and retain key personnel; the strength and breadth of IDC's patents; and other factors relating to general economic conditions, specific industry conditions and IDC's particular situation.

**Neither TSXV nor its Regulation Services Provider (as that term is defined in the policies of the TSXV) accepts responsibility for the adequacy or accuracy of this release.**
