Management Information Circular for the Annual General Meeting
(to be held on October 8, 2020)

Dated September 3, 2020

PROXIES

1. Solicitation of Proxies

This Information Circular is furnished in connection with the solicitation of proxies by the management of Imaging Dynamics Company Ltd. ("IDC" or the "Corporation") for use at the annual general meeting (the "Meeting") of the holders (the "Shareholders") of common shares (the "Common Shares") in the capital of the Corporation to be held at office of Imaging Dynamics Company Ltd. at #130, 3510 – 29th Street NE, Calgary, AB T1Y 7E5 on Thursday, October 8, 2020 at 10 a.m. (Calgary time), and at any adjournment thereof. Forms of proxy must be deposited with Computershare Trust Company of Canada, 100 University Avenue, 8th Floor, Proxy Department, Toronto, Ontario, M5J 2Y1 or by Fax 1-866-249-7775 or by internet at www.investorvote.com, not less than 48 hours before the time of the Meeting (excluding Saturdays, Sundays and holidays) or any adjournment thereof. Shareholders of record of the Common Shares at the close of business on September 8, 2020 (the "Record Date") will be entitled to vote at the Meeting, unless that shareholder has transferred any shares subsequent to that date and the transferee shareholder, not later than 10 days before the Meeting, establishes ownership of the shares and requests that the transferee's name be included on the list of shareholders.

The form appointing a proxy must be in writing and must be executed by you or your attorney authorized in writing or, if you are a corporation, under your corporate seal or by an authorized officer or attorney of the corporation.

THE PERSONS (THE "MANAGEMENT DESIGNEES") NAMED IN THE ENCLOSED FORM OF PROXY ARE OFFICERS OR DIRECTORS OF THE CORPORATION. AS A SHAREHOLDER, YOU HAVE THE RIGHT TO APPOINT A PERSON, WHO NEED NOT BE A SHAREHOLDER, TO REPRESENT YOU AT THE MEETING. TO EXERCISE THIS RIGHT, YOU SHOULD INSERT THE NAME OF YOUR REPRESENTATIVE IN THE BLANK SPACE PROVIDED ON THE FORM OF PROXY AND STRIKE OUT THE OTHER NAMES OR SUBMIT ANOTHER APPROPRIATE PROXY.

2. Voting of Shares – Advice to Beneficial Shareholders

The information set forth in this section is of significant importance to a substantial number of the Shareholders who do not hold their Common Shares in their own names. Shareholders who do not hold their shares in their own names (referred to in this Information Circular as "Beneficial Shareholders") should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those shares will not be registered in the Shareholder's name in the records of the Corporation. Such shares will more likely be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities, which acts as nominee for many Canadian brokerage firms). Shares held by brokers or their nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. **Without specific instructions, brokers/nominees are prohibited from voting shares for their clients. The directors and officers of the Corporation do not know for whose benefit the Common Shares registered in the name of CDS & Co. or other brokers/agents are held.**

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided to registered Shareholders.

However, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**").

Broadridge mails a scannable voting instruction form (a "VIF") in lieu of the form of proxy provided by the Corporation. The VIF will name the same person as named in the form of proxy to represent the Beneficial Shareholder at the Meeting. A Beneficial Shareholder has the right to appoint a person (who need not be a Shareholder), other than the persons designated in the VIF, to represent the Beneficial Shareholder at the Meeting. To exercise this right, the Beneficial Shareholder should insert the name of the desired representative in the blank space provided in the VIF. You are asked to complete and return the VIF to Broadridge by mail or facsimile. Alternatively, you can call Broadridge's toll-free telephone number to vote your Common Shares. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting.

If you receive a VIF from Broadridge, it cannot be used as a form of proxy to vote your Common Shares directly at the Meeting and must be returned to Broadridge well in advance of the Meeting in order to have those Common Shares voted or to appoint an alternative representative to attend the Meeting in person to vote such shares.

If you are a registered Shareholder and are unable to attend the Meeting or any adjournment thereof in person, please complete, sign and mail the enclosed form of proxy to, or deposit it with, Computershare Trust Company of Canada, Proxy Dept., 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1, or by facsimile at 1-866-249-7775, so that it is received no later than 48 hours (excluding Saturdays, Sundays and holidays) prior to the time of the Meeting or any adjournment thereof. Registered Shareholders may also use the internet site at www.investorvote.com to transmit their voting instructions or vote by phone at 1-866-732-VOTE (8683) (toll free within North America), or 1-312-588-4290 (outside North America). The website may be used to appoint a proxy holder to attend and vote on a Shareholder's behalf at the IDC Meeting and to convey a Shareholder's voting instructions. Please note that if a Shareholder appoints a proxy holder and submits their voting instructions and subsequently wishes to change their appointment, a Shareholder may resubmit their proxy and/or voting direction, prior to the deadline noted above. When resubmitting a proxy, the most recently submitted proxy will be recognized as the only valid one, and all previous proxies submitted will be disregarded and considered as revoked, provided that the last proxy is submitted by the deadline noted above.

3. Revocability of Proxy

You may revoke your proxy at any time prior to a vote. If you attend personally at the Meeting, you may revoke the proxy and vote in person. In addition to revocation in any other manner permitted by law, a proxy may be revoked by an instrument in writing executed by you or your attorney authorized in writing or, if you are a corporation, under your corporate seal or by an authorized officer or attorney of the Corporation. To be effective the instrument in writing must be deposited either at the Corporation's head office, or with Computershare Trust Company of Canada, at any time up to and including the last business day before the day of the Meeting, or any adjournment of the Meeting, at which the proxy is to be used, or with the chairman of the Meeting on the day of the Meeting, or any adjournment thereof. Beneficial Shareholders who wish to revoke their proxy must arrange for their respective intermediaries/brokers to revoke the proxy on their behalf within the time specified by such intermediary/broker.

4. Persons Making the Solicitation

This solicitation is made on behalf of management. The Corporation will bear the costs incurred in the preparation and mailing of the proxy materials. In addition to mailing forms of proxy, proxies may be solicited by personal interviews, or by other means of communication, by the directors, officers and employees who will not be remunerated for their services.

5. Signing Proxy

The proxy must be signed by the Shareholder or the Shareholder's duly appointed attorney authorized in writing or, if the Shareholder is a corporation, by a duly authorized officer. A proxy signed by a person acting as attorney or in some other representative capacity (including a representative of a corporate Shareholder) should indicate that person's capacity (following his signature) and should be accompanied by the appropriate instrument evidencing qualification and authority to act.

6. Exercise of Discretion by Proxy

Where you specify a choice with respect to any matter to be acted upon, the shares will be voted on any poll in accordance with the specification. **If you do not provide instructions your shares will be voted in favour of the matters as set out in the form of proxy.** The persons appointed under the form of proxy are conferred with discretionary authority with respect to amendments or variations of the matters specified and with respect to any other matters which may properly be brought before the Meeting or any adjournment thereof. At the time of printing of this Information Circular, management is not aware of any amendments or variations.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Other than as set forth herein, management of the Corporation is not aware of any material interest, direct or indirect, by way of beneficial interest or otherwise, of any director or executive officer of the Corporation, any proposed nominee for election as a director of the Corporation, or any associate or affiliate of the foregoing in any matter to be acted upon at the Meeting other than the election of directors.

VOTING SHARES AND PRINCIPAL SHAREHOLDERS

The Corporation is authorized to issue an unlimited number of Common Shares and an unlimited number of preferred shares, issuable in series. As of the date hereof there were 206,690,990 Common Shares, prior to any consolidation of the common shares and no preferred shares issued and outstanding. As a Shareholder, you are entitled to one vote for each share you own. A quorum for the transaction of business at the Meeting is 10% of the issued Common Shares entitled to vote at the Meeting, irrespective of the number of persons present.

To the knowledge of the directors and officers of the Corporation, as at the date hereof, no person or Corporation beneficially owns, or controls or directs, directly or indirectly 10% or more of the Common Shares other than as set forth below:

Name	Number of Common Shares Owned, Controlled or Directed	Type of Ownership	Percentage of Outstanding Common Shares
Yucheng Zhou / General Medical Device Co Ltd.	64,453,366	Control and direction	31.18%
Shuai Wang	37,630,000	Control and direction	18.21%

PARTICULARS OF MATTERS TO BE ACTED UPON

To the knowledge of the Corporation's board of directors (the "**Board**"), the only matters to be placed before the Meeting are those set forth in the accompanying Notice of Meeting.

7. Financial Statements

The audited financial statements of the Corporation for the year ended December 31, 2019 will be presented at the Meeting by management. No formal action will be taken at the meeting to approve the financial statements. The Board, upon recommendation of the audit committee of the Corporation (the "**Audit Committee**"), approved the financial statements prior to their delivery to the Shareholders.

8. Election of Directors

It is proposed that the board consists of seven directors and that a minimum of five members be elected at the meeting, to hold office until the next annual meeting or until successors are elected or appointed, subject to the qualification below.

The following table sets forth the name of each of the persons proposed to be nominated for election as a director, all positions and offices in the Corporation presently held by such nominee, the nominee's city and province of residence, principal occupation at the present and during the preceding five years, the period during which the nominee has served as a director, and the number and percentage of Common Shares that the nominee has advised are beneficially owned by the nominee, directly or indirectly, or over which control or direction is exercised.

Unless otherwise directed, it is the intention of management to vote proxies in favour of the director nominees. Management of the Corporation does not contemplate that any of such nominees will be unable to serve as directors; however, if for any reason any of the proposed nominees do not stand for election or are unable to serve as such, proxies held by management designees will be voted for another nominee in their discretion unless the Shareholder has specified in his form of proxy that his Common Shares are to be withheld from voting in the election of directors. Each director elected will hold office until the next annual general meeting of Shareholders or until his successor is duly elected, unless his office is earlier vacated in accordance with the by-laws of the Corporation or the provisions of the *Business Corporations Act* (Alberta) to which the Corporation is subject.

Corporate Cease Trade Orders

To the knowledge of management of the Corporation, other than as disclosed herein, no proposed director is, as at the date hereof, or has been within 10 years before the date hereof, a director, chief executive officer or chief financial officer of any Corporation (including the Corporation) that (a) was subject to an order that was issued while the proposed director was acting in the capacity as director, chief executive officer or chief financial officer, or (b) was subject to an order that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer. For the purposes of the hereof, "order" means (a) a cease trade order, (b) an order similar to a cease trade order or (c) an order that denied the relevant Corporation access to any exemption under securities legislation, that was in effect for a period of more than 30 consecutive days.

Bankruptcies

To the knowledge of management of the Corporation, other than as disclosed herein, no proposed director of the Corporation (a) is, as at the date hereof, or has been within the 10 years before the date hereof, a director or executive officer of any corporation (including the Corporation) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets, or (b) has, within the 10 years before the date hereof, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

Penalties and Sanctions

To the knowledge of management of the Corporation, no proposed director has been subject to (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities

regulatory authority, or (b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable security holder in deciding whether to vote for a proposed director.

9. Appointment of Auditors

At the Meeting, Shareholders will be asked to approve the appointment of the firm of BDO Canada LLP, Calgary, Alberta as the auditor, to hold office until the next annual meeting of shareholders or until its successor is appointed, and to authorize the directors to fix its remuneration.

BDO Canada LLP has been the auditor of the Corporation since March 7, 2018. Unless a Shareholder has specified otherwise, the management designees, if named as proxy, will vote in favour of the appointment of BDO Canada LLP as auditor of the Corporation to hold office until the next annual meeting of Shareholders or until its successor is appointed and to authorize the directors to fix its remuneration, unless a Shareholder has specified in its proxy that the Shareholder's shares are to be withheld from voting with respect to such resolution.

10. Approval of Stock Option Plan

The Corporation's current stock option plan (the "Plan") was approved by the Shareholders on July 25, 2019. The Plan is attached as Schedule "C", a copy of which is also available under the Corporation's profile on SEDAR at www.sedar.com. The Policies of the TSX-V require all rolling stock option plans (i.e., a plan reserving for issuance pursuant to the exercise of stock options a number of shares of the issuer equal to up to a maximum of 10% of the issued shares of the issuer at the time of any stock option grant) be approved yearly at the issuer's Annual General Meeting. The Corporation's Plan provides that the aggregate number of Common Shares reserved for issuance pursuant to options outstanding at any time may not exceed 10% of the issued and outstanding Common Shares (on a non-diluted basis) and any increase in the issued and outstanding Common Shares will result in an increase in the available number of Common Shares issuable under the Plan, and any exercises of options will make new grants available under the Plan effectively resulting in a re-loading of the number of options available to grant under the Plan. Accordingly, in accordance with the requirements of the TSX-V, the Plan must be reapproved by the shareholders at the Meeting. There have not been any material changes to the Plan since the approval of the shareholders on July 25, 2019. At the Meeting, Shareholders of the Corporation will be asked to consider and, if deemed advisable, to approve the resolution set forth below. The board of directors and management of the Corporation believe that the re-approval of the Plan is in the best interests of the Corporation and its Shareholders and, accordingly, recommend that Shareholders vote in favour of the re-approval of the Plan.

At the meeting, the Shareholders will be asked to approve the stock option plan of the Corporation, in the form attached as Schedule "C" to the Information Circular of the Corporation.

In order for this ordinary resolution to be passed, it must be approved by a simple majority of the votes cast by Shareholders at the Meeting. The management designees, if named as proxy, intend to vote in favour of the above resolution unless a Shareholder has specified in its proxy that the Shareholder's shares are to be voted against such resolution.

11. Other Matters

Management of the Corporation has no knowledge, as at the date hereof, of any amendment, variation or other matter or business other than that referred to in the Notice of Meeting, to be presented for action by the Corporation at the Meeting. However, if any other matter properly comes before the Meeting, the accompanying proxy will be voted on such matter in accordance with the best judgment of the person or persons voting the proxy. The proxy solicited hereunder confers upon the proxy holder the discretionary right to exercise the powers conferred thereunder upon any other matters and proposals that may properly come before the Meeting, or any adjournment or adjournments thereof.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussions and Analysis focuses on the following:

1. The significant elements of IDC's executive compensation program;
2. The principles upon which IDC makes compensation decisions and determines the amount of compensation paid to executive officers and directors; and
3. An analysis of the material compensation decisions made by the Compensation Committee during the financial year ended December 31, 2019.

Compensation Committee

IDC's Compensation Committee currently consists of Paul Lin. The Compensation Committee is responsible for determining the compensation of the chairman, chief executive officer, chief financial officer and other senior employees of IDC. The Compensation Committee utilizes several different resources identified by management and approved by the Compensation Committee in reviewing elements of executive compensation and making compensation decisions. However, the Compensation Committee's results are ultimately an exercise of business judgment and discretion rather than purely formulaic performance measures. The design of each compensation element and 2020 pay decisions are described further in the sections that follow.

The objectives of the Corporation's compensation program are as follows: (i) to attract and retain the best talent available in the medical diagnostics and devices sector to IDC; (ii) to align the short-term and long-term behaviour of senior management with the interests of shareholders; and (iii) to motivate senior management by rewarding both individual and corporate performance. The Corporation's compensation program is designed to reward the chairman, chief executive officer, chief financial officer and other senior employees of IDC.

Compensation Committee

The Board has appointed a compensation committee (the "**Compensation Committee**") comprised of Paul Lin. Paul Lin is independent director as defined under National Policy 58-201 *Corporate Governance Guidelines* ("**NP 58-201**").

The mandate of the Compensation Committee is to:

1. review the Corporation's overall corporate goals and objectives and ensure they are supported by appropriate executive compensation philosophy and programs;
2. annually evaluate the performance of the Chief Executive Officer against predetermined goals and criteria and recommend to the Board the total compensation for the Chief Executive Officer;
3. annually review and provide input in respect of the Chief Executive Officer's recommendations for compensation of the executives that report directly to the Chief Executive Officer;
4. review the succession planning process and results of the process as it relates to executive roles;
5. review, and approve as appropriate, any significant compensation and benefit programs for all employees; and
6. review and recommend to the Board the compensation to be provided to members of the Board and ensure its competitiveness.

The Compensation Committee convenes at least once a year to review compensation for all executive officers and conducts an independent evaluation of compensation for current management. The Compensation Committee submits its recommendations to the Board. The Compensation Committee has the goal of achieving an effective compensation structure that aligns the interests of management with those of the Shareholders.

Executive Compensation

The Corporation's policy is to provide a compensation package that will:

1. align executive compensation with shareholders' interests;
2. attract and retain qualified executive officers;
3. focus performance by linking incentive compensation to the achievement of corporate objectives and financial results; and
4. encourage retention of key executives for leadership succession.

The Corporation relies solely on the Compensation Committee to determine the compensation of the Corporation's executive officers. While the Compensation Committee considers various factors (as discussed below) when determining executive compensation, it does not apply any formal objectives or criteria.

The components of executive compensation of the Corporation are discussed below. Although each of the components has different objectives, each is considered by the Compensation Committee to be equally important and each must be competitive within the Corporation's peer group.

Base Salary

Base salaries for executive officers are determined by the Compensation Committee generally on the basis of position held, related responsibilities and functions performed, having regard to base salary ranges for similar positions in the Corporation's comparative group. The Compensation Committee also considers an annual industry survey containing comparative data for a peer group of companies. Compensation levels are to approximate the median level of the survey, but individual and corporate performance are also considered by the Compensation Committee in assessing compensation.

Bonus Plan

Bonuses for executive officers are determined by the Compensation Committee generally on the basis of position held, related responsibilities and functions performed. The Compensation Committee also considers the Corporation's performance.

Stock Options

Stock options are granted by the Compensation Committee and, in determining the number of options to be granted, the Compensation Committee generally considers the number and terms of options held by each executive officer, the responsibilities and functions of each executive officer, the individual performance of each executive officer and the overall performance of the Corporation. See "Option-based Awards" in this section.

Compensation of the Chief Executive Officer

The factors considered by the Compensation Committee in determining total compensation for the Chief Executive Officer, as well as the manner in which these factors are reviewed, are similar to those used in determining total compensation for the other executive officers of the Corporation. However, in the case of the Chief Executive Officer, more weight is generally given to strategic planning to support future shareholder value and the reward for high performance generally takes the form of stock options (rather than some other component(s) of executive compensation discussed above). Following the Compensation Committee's evaluation of the Chief Executive Officer's performance, the Compensation Committee prepares a compensation recommendation for the review and approval of the Board.

Compensation levels for the Chief Executive Officer and Chief Financial Officer for the year ended December 31, 2019 are not consistent with the trend of total return on investment charted for the Corporation. The Corporation does not base its executive compensation on total return on investment. As mentioned previously, the Corporation relies exclusively on the Compensation Committee to determine executive compensation for the executive management of IDC.

Option-based Awards

Stock Option Plan

The Corporation's stock option plan (the "**Plan**") is for the benefit of employees, directors and consultants to encourage them to acquire Common Shares, thereby aligning their interests with the Shareholders. The Option Plan was approved by the Shareholders on May 12, 2009. A copy of the Option Plan is attached as Schedule "C" to the management information circular of the Corporation dated April 8, 2009, a copy of which is available under the Corporation's profile on SEDAR at www.sedar.com. The Plan was last re-approved by the Shareholders at the 2019 Annual General Meeting. The following describes the material terms of the Option Plan, pursuant to which the Corporation's outstanding options have been granted:

1. the aggregate number of Common Shares reserved for issuance pursuant to options outstanding at any time may not exceed 10% of the issued and outstanding Common Shares (on a non-diluted basis) and any increase in the issued and outstanding Common Shares will result in an increase in the available number of Common Shares issuable under the Option Plan, and any exercises of options will make new grants available under the Option Plan effectively resulting in a re-loading of the number of options available to grant under the Option Plan;
2. the Option Plan restricts the maximum percentage of issued and outstanding Common Shares reserved for issuance to all insiders at any time to 10% of the issued and outstanding Common Shares including securities issued under any other security compensation plans. The Option Plan restricts the maximum percentage of Common Shares issued pursuant to options to all insiders within a one-year period to 10% of the issued and outstanding Common Shares including securities issued under any other security compensation plans. The Option Plan also restricts the maximum percentage within a one-year period to any one insider and the insider's associates to 5%, including securities issued under other security compensation plans. The maximum percentage that can be granted to any one

participant under the Option Plan is restricted to 5% of the issued and outstanding Common Shares at the date of the grant, including securities issued under other security compensation plans;

3. if the outstanding Common Shares are increased, decreased, changed into or exchanged for a different number or kind of shares or securities of the Corporation through re-organization, merger, re-capitalization, re-classification, stock dividend, subdivision or consolidation, an appropriate and proportionate adjustment shall be made by the Board, in its discretion, in the number or kind of shares optioned and the exercise price per share, as regards previously granted and unexercised options;
4. under the Option Plan the Board can fix the exercise price of the options, but the exercise price cannot be less than the five-day weighted average trading price of the Common Shares prior to the date of grant;
5. the Current Plan permits the Board to determine vesting terms at the time of grant. The term of the option cannot exceed 10 years. If the Corporation is subject to a takeover bid, undergoes a re-organization or other transaction in which the Corporation is not the surviving entity, or undergoes a change of control, the Board has the discretion, by way of resolution, to permit accelerated vesting of options on such terms as the Board sees fit at that time;
6. under the Option Plan if a participant retires or ceases employment or being a director or service provider, the participant may exercise his or her options within 90 days of the date of termination of employment, directorship or contract. If the participant's employment has been terminated for cause, the options expire immediately. In the event of death, the options may be exercised on the earlier of the option's expiry time or one year from the date of death. In the event of permanent disability, the options may be exercised on the earlier of the option's expiry time or six months from the date of permanent disability, subject to such shorter period as may be otherwise specified in a stock option agreement;
7. under the Option Plan, the Board may amend, modify or change certain provisions of the plan or any options granted pursuant to the Option Plan without shareholder approval in connection with the following:
 8. the expiry date of options granted to non-insiders; and
 9. the vesting schedule and the termination provisions of options granted,
10. however, if the Board proposes to reduce the exercise price of options granted to insiders, alter the prohibition against assignment of options or extend the expiry date of options granted to insiders (as such term is defined in the *Securities Act* (Alberta)), such amendments would require shareholder approval. Shareholder approval would also be required in order to increase the number or percentage of shares reserved for issuance under the Option Plan;
11. the Option Plan automatically extends the expiry date of options which would otherwise expire in a "black-out period" where optionees are not permitted to trade in securities of the Corporation. The expiry date of options which otherwise would expire during a black-out period will be extended for a period of 10 business days from the end of the black-out period;
12. the Option Plan expressly limits the maximum term of options to 10 years from the grant date of such options; and
13. the options are not transferable or assignable unless permitted by the Toronto Stock Exchange ("**TSX**"). The Board could amend or discontinue the Current Plan at any time without the consent of the Participants, provided that such amendment shall not alter or impair any option previously granted under the Current Plan, however each amendment was required to be approved by the TSX and, where necessary, the Shareholders. There have been no amendments adopted in this past year. Previous grants of options are taken into account when considering new grants.

As of December 31, 2019, nil Common Shares had been issued upon the exercise of options previously granted under the Option Plan and an aggregate of 1,100,000 Common Shares were issuable upon the exercise of options previously granted under the Option Plan (representing approximately 0.5% of the currently outstanding Common Shares). Since December 31, 2019, there has been no change in the number of outstanding options.

CORPORATE GOVERNANCE DISCLOSURE

Corporate governance relates to the activities of the Board, the members of which are elected by and are accountable to the Shareholders and takes into account the role of the individual members of management who are appointed by the Board and who are in charge of the day-to-day management of the Corporation.

The Board is committed to sound corporate governance practices which are both in the interest of the Shareholders and contribute to effective and efficient decision making. Corporate governance practices continue to evolve and change. The Board continually evaluates developments in the area of corporate governance and, where appropriate, implements changes to improve the Corporation's governance practices. The Board is of the view that the Corporation's approach to corporate governance is appropriate for its size and resources.

On June 30, 2005, the Canadian Securities Administrators adopted National Instrument 58-101 Disclosure of Corporate Governance Practices ("**NI 58-101**" or the "**Governance Instrument**") and NP 58-201. The Governance Instrument and the Governance Policy replaced the TSX's guidelines for effective corporate governance which had been in effect since 1995.

The Governance Instrument requires issuers to disclose those corporate governance practices that it has adopted. The Governance Policy contains guidelines that issuers are encouraged to consider in developing their own corporate governance practices.

Listed below is a description of the Corporation's approach to corporate governance.

Board of Directors

The Board is currently composed of five directors: Paul Lin, Tim Seung, Hong Chen, Yongxu Li and Charmaine Cheung. Mr. Lin is the interim Chief Executive Officer of the Corporation.

The Board meets at least every quarter for a formal Board meeting. Depending on the level of activity of the Corporation, the Board will meet on an ad hoc basis as necessary to provide input and guidance to management. The majority of the directors has attended all meetings of the Board, either in person or by telephone, since the date the Board was formed. In order to facilitate open and candid discussions among independent directors, the Board has historically formed three committees which are the Audit Committee, Compensation Committee and Corporate Governance Committee. These committees have met independently of non-independent directors and management in accordance with the timing set out in the charters of each committee or as otherwise determined necessary to consider those matters set out in such charters.

Board Mandate

The Board is responsible for the stewardship of the Corporation and is responsible for the governance and management of the Corporation's affairs. The Board delineates its roles and responsibilities to each Board committee in written terms of reference that are approved by the Board. The mandate of the Board is attached as Schedule "B" to this Information Circular.

The Board has established procedures regarding the approval of material transactions, the delegation of authority and the execution of documents as part of its organizational structure. Any responsibility which is not delegated to management or a Board committee remains with the full Board.

Position Descriptions

The Board has developed a written position description for the Chairman of the Board. As each Board committee has written terms of reference that are approved by the Board, the Board does not feel that written position descriptions for the chair of each Board committee are necessary.

The chair of each committee is responsible for guiding the committee pursuant to the procedures and guidelines set out in each written committee charter. The Board, together with the Chief Executive Officer, has also developed a written position description for the Chief Executive Officer, the Chief Financial Officer and the Corporate Secretary.

Orientation and Continuing Education

At present, the Corporation does not provide a formal orientation and education program for new directors. Prior to joining the Board, potential Board members are encouraged to meet with management to obtain knowledge regarding the Corporation's business and affairs. After joining the Board, management and the Board provide orientation to new directors as necessary based on the particular needs and experience of each director and the Board as a whole. New directors are provided with a Board Manual which includes the Board Mandate, committee charters and policies of the Corporation. The Corporation currently has no specific policy regarding continuing education for directors; requests for continuing education by the directors are encouraged and dealt with on an ad hoc basis.

Ethical Business Conduct

The Board has written policies outlining business conduct, disclosure and confidentiality, and share trading. The Business Conduct Policy sets out the minimum standards of behaviour required by all employees in conducting the business affairs of the Corporation. The Disclosure and Confidentiality Policy ensures communications to the investing public about the Corporation are timely, factual and accurate. This policy addresses guidelines for dissemination of information in accordance with all legal and regulatory requirements. The Share Trading Policy prescribes rules for restricted persons and employees with respect to trading in securities of the Corporation by individuals when there is undisclosed material information or pending material developments with respect to the Corporation. A copy of any of the aforementioned policies can be obtained by contacting the Corporate Secretary of the Corporation.

Currently, conflicts of interest are disclosed in accordance with the *Business Corporations Act* (Alberta) and any interested director must abstain from voting. The Audit Committee has adopted a "whistle-blower" policy which is designed to ensure a culture of ethical business conduct.

Nomination of Directors

Once a decision has been made to add or replace a director, the task of identifying new candidates falls on the Board and management. Proposals are put forth by the Board and management and are considered and discussed. The Board and management consider, among other factors, the competencies and skills the Board considers necessary to possess as a whole, the competencies and skills the Board considers each existing director to possess and the competencies and skills each new nominee will bring to the boardroom. Considerations are also given to whether or not each new nominee can devote sufficient time and resources to his or her duties as a board member.

Assessments

The Board has not considered it necessary to date to conduct an assessment of the Board, its committees and individual directors on a formal basis. Any concerns about the effectiveness of the foregoing can be addressed to the Chairman of the Board.

The Board shall ensure that Participants under the Plan are eligible to participate under the Plan, and, if required by the Exchange, shall represent, confirm and provide evidence of such eligibility as may be required.

4. Granting of Option

- 4.1 Participants may be granted Options from time to time. The grant of Options will be subject to the conditions contained herein and may be subject to additional conditions determined by the Board from time to time. Each Option granted hereunder shall be evidenced by an agreement in writing, signed on behalf of the Corporation and by the Participant, in such form as the Board shall approve from time to time. 4.4 Any grant of Options under the Plan shall be subject to the following limitations:

- (a) the aggregate number of Common Shares reserved for issuance pursuant to options outstanding at any time may not exceed 10% of the issued and outstanding Common Shares (on a non-diluted basis) and any increase in the issued and outstanding Common Shares will result in an increase in the available number of Common Shares issuable under the Plan, and any exercises of options will make new grants available under the Plan effectively resulting in a re-loading of the number of options available to grant under the Plan;

5.1 Subject to applicable Exchange approval, the Board shall fix the Option Price at the time the Option is granted to a Participant. In no event shall the price be less than the Market Price of the Common Shares on the Exchange at the time of grant or, if the Common Shares are not listed on any stock exchange, a price determined by the Board; provided that, if the Board, in its sole discretion, determines that the closing trading price on the trading day preceding the date of grant would not be representative, then the Market Price shall mean the greater of that closing trading price and the weighted average price per share for the Common Shares for five (5) consecutive trading days ending on the last trading day preceding the date of grant on which there was a closing price on the Exchange; the weighted average price shall be determined by dividing the aggregate sale price of all Common Shares sold on the Exchange during the said five (5) consecutive trading days, by the total number of Common Shares so sold.

6.1 The term of the Option shall be a period of time fixed by the Board, provided that such date will not be later than 10 years from the date the Option is granted and, unless the Board determines otherwise, Options shall be exercisable in whole or in part at any time during this period in accordance with such vesting provisions, conditions or limitations (including applicable hold periods) as are herein contained or as the Board may from time to time impose or as may be required by the Exchange or under applicable securities laws.

6.2 Each Option and all rights thereunder shall be expressed to expire at the Expiry Time, but shall be subject to earlier termination in accordance with any stock option agreement entered into hereunder or in accordance with Article 11 hereof.

Should the Expiry Time of an Option fall within a Black Out Period or within nine Business Days following the expiration of a Black Out Period, the Expiry Time of such Option shall be automatically extended without any further act or formality to that date which is the tenth Business Day after the end of the Black Out Period, such tenth Business Day to be considered the expiration date for such Option for all purposes under the Plan. Notwithstanding section 13, the ten Business Day period referred to in this section 6.2 may not be extended by the Board.

The Exercise Notice shall state the intention of the Participant or the Participant's legal personal representative to exercise the said Option or a portion thereof, and specify the number of Common Shares in respect of which the Option is then being exercised, and shall be accompanied by the full purchase price of the Common Shares which are the subject of the exercise. Such Exercise Notice shall contain the Participant's undertaking to comply, to the satisfaction of the Corporation, with all applicable requirements of the Exchange and any applicable regulatory authorities.

8. Adjustments in Shares

- 8.1 If the outstanding shares of the Corporation are increased, decreased, changed into or exchanged for a different number or kind of shares or securities of the Corporation through re-organization, merger, re-capitalization, re-classification, stock dividend, subdivision or consolidation, an appropriate and proportionate adjustment shall be made by the Board, in its discretion, in the number or kind of shares optioned and the exercise price per share, as regards previously granted and unexercised Options or portions thereof, and as regards Options which may be granted subsequent to any such change in the Corporation's capital.
- 8.2 Determinations by the Board as to what adjustments shall be made, and the extent thereof, shall be final, binding and conclusive. The Corporation shall not be obligated to issue fractional securities in satisfaction of any of its obligations hereunder.

9. Accelerated Vesting

- 9.1 In the event that certain events such as a Take-over Bid, liquidation or dissolution of the Corporation or a re-organization, plan of arrangement, merger or consolidation of the Corporation with one or more entities, as a result of which the Corporation is not the surviving entity, are proposed or contemplated, the Board may, notwithstanding the terms of this Plan or stock option agreements issued hereunder (a) exercise its discretion, by way of resolution, to permit accelerated vesting of Options on such terms as the Board sees fit at that time, and (b) in the event of an acceleration of vesting as referred to in (a), exercise its discretion, by way of resolution, to cause the Options to terminate after the end of the period of accelerated vesting on such terms as the Board sees fit at that time, even if such termination of the Options is prior to the normal Expiry Time of the Options. If the Board, in its sole discretion, determines that the Common Shares subject to any Option granted hereunder shall vest on an accelerated basis, all Participants entitled to exercise an unexercised portion of Options then outstanding shall have the right at such time, upon written notice being given by the Corporation, to exercise such Options to the extent specified and permitted by the Board, and within the time period specified by the Board, which shall not extend past the Expiry Time.
- 9.2 In addition to the above, an Option may provide for acceleration of the vesting provisions contained therein upon other events of change of control of the Corporation, on such terms as the Board determines in its sole discretion at the time of the grant of the Option.
- 9.3 Where the accelerated vesting provisions of this Article 9 apply, the Corporation may satisfy any obligations to a Participant hereunder by paying to the Participant in cash the difference between the exercise price of all unexercised Options granted hereunder and the fair market value of the securities to which the Participant would be entitled upon exercise of all unexercised Options.

10. Decisions of the Board

All decisions and interpretations of the Board respecting the Plan or Options granted thereunder shall be conclusive and binding on the Corporation and the Participants and their respective legal personal representatives and on all directors, officers, employees and consultants of the Corporation who are eligible to participate under the Plan.

11.2 In consideration of the Option hereby granted, in the event of the resignation or retirement of the Participant or the termination of employment by the Corporation without cause, the Participant hereby covenants not to sue the Corporation for damages arising from the loss of rights granted hereunder and releases the Corporation from any damages.

11.3 Notwithstanding the foregoing, in the event of termination for cause, such Option shall expire and terminate immediately at the time of delivery of notice of termination of employment for cause to the Participant by the Corporation or a Subsidiary and shall be of no further force or effect whatsoever as to the Common Shares in respect of which an Option has not previously been exercised.

11.4 In the event of the death of a Participant on or prior to the Expiry Time, such Option may be exercised as to such of the Common Shares in respect of which such Option has not previously been exercised (and as the Participant would have been entitled to exercise) by the legal personal representatives of the Participant, at any time up to and including (but not after) the earlier of the Expiry Time and a date that is one (1) year from the date of death of the Participant, subject to such shorter period as may be otherwise specified in a stock option agreement, after which date the Option shall forthwith expire and terminate and be of no further force or effect whatsoever.

11.5 In the event of the Permanent Disability of a Participant on or prior to the Expiry Time, such Option may be exercised as to such of the Common Shares in respect of which such Option has not previously been exercised (and as the Participant would have been entitled to exercise) by the legal personal representatives of the Participant, at any time up to and including (but not after) the earlier of the Expiry Time and a date that is six (6) months from the date of Permanent Disability of the Participant, subject to such shorter period as may be otherwise specified in a stock option agreement, after which date the Option shall forthwith expire and terminate and be of no further force or effect whatsoever.

11.6 Options shall not be affected by any change of employment of the Participant where the Participant continues to be employed by the Corporation or any Subsidiary.

12. Transferability

12.1 All benefits, rights and options accruing to any Participant in accordance with the terms and conditions of the Plan shall not be transferable or assignable unless specifically provided herein or to the extent, if any, permitted by the Exchange.

13. Amendment or Discontinuance of Plan

13.1 The Board may amend or discontinue the Plan at any time without the consent of the Participants, provided that such amendment shall not alter or impair any Option previously granted under the Plan except as permitted herein, and that such amendment or discontinuance has been approved by the Exchange, and where necessary, by the shareholders.

- 13.2 The Board may from time to time in the absolute discretion of the Board amend, modify and change the provisions of the Plan or any Options granted pursuant to the Plan, provided that any amendment, modification or change to the provisions of the Plan or any Options granted pursuant to the Plan shall:
- (a) not adversely alter or impair any Option previously granted except as permitted under the Plan;
 - (b) be subject to any regulatory approvals, where required, including the approval of the Exchange, where required;
 - (c) be subject to shareholder approval in accordance with the rules of the Exchange in circumstances where the amendment, modification or change to the Plan or Option would:
 - (i) reduce the Option Price of an Option held by an Insider of the Corporation (including any cancellation of an Option for the purpose of reissuance of a new Option at a lower Option Price to the same person);
 - (ii) extend the term of an Option held by an Insider beyond the original Option Period (except if such date is being extended by virtue of section 6.2); and
 - (iii) increase the fixed maximum percentage of issued and outstanding Common Shares which may be issued pursuant to the Plan or change from a fixed maximum percentage of issued and outstanding Common Shares to a fixed maximum number of Common Shares;
 - (d) not be subject to shareholder approval in any circumstance (other than those listed in (c) above), including, but not limited to, circumstances where the amendment, modification or change to the Plan or Option would:
 - (i) be of a "housekeeping nature", including any amendment to the Plan or an Option that is necessary to comply with applicable laws, tax or accounting provisions or the requirements of any regulatory authority or stock exchange and any amendment to the Plan or an Option to correct or rectify any ambiguity, defective provision, error or omission therein, including any amendment to any definitions therein;
 - (ii) be necessary for Options to qualify for favourable treatment under applicable tax laws;
 - (iii) change the Option Price, unless the change is a reduction in the Option Price of an Option held by an insider of the Corporation;
 - (iv) alter, extend or accelerate any vesting terms or conditions in the Plan or any Option, provided that shareholder approval will be required for any acceleration of the vesting terms or conditions in any Option (except where such acceleration is in respect of death, disability, retirement or change of control, where for greater certainty no shareholder approval is required) if such acceleration is in respect of 10% or more of the Options authorized under the Plan;
 - (v) amend or modify any mechanics for exercising any Option;
 - (vi) change the Option Period or change any termination provision in the Plan or any Option, provided that such change does not entail an extension beyond the original Option Period of such Option (other than such period being extended by virtue of section 6.2); and
 - (vii) provide for other types of compensation through equity issuances, such as deferred or share unit provisions, which results in participants receiving securities while no cash consideration is received by the Corporation.
 - (e) The Directors may discontinue the Plan at any time without the consent of the Eligible Participants provided that such discontinuance shall not adversely alter or impair any Option previously granted.
 - (f) Exchange Approval. Any amendment to this Plan or Options granted pursuant to this Plan shall not become effective until such amendment has been approved by the Exchange where such approval is required.

14. Participants' Rights

- 14.1 A Participant shall not have any rights as a shareholder of the Corporation until the issuance of a certificate for Common Shares, upon the exercise of an Option or a portion thereof, and then only with respect to the Common Shares represented by such certificate or certificates.
- 14.2 Nothing in the Plan or any Option shall confer upon any Participant any rights to continue in the employ of the Corporation or any Subsidiary or affect in any way the right of the Corporation or any such Subsidiary to terminate the employment of the Participant at any time; nor shall anything in the Plan or any option be deemed or construed to constitute an agreement, or an expression of intent, on the part of the Corporation or any such Subsidiary to extend the employment of any Participant beyond the time such Participant would normally retire pursuant to the provisions of any present or future retirement plan of the Corporation or any Subsidiary, or beyond the time at which he would otherwise be retired pursuant to the provisions of any contract of employment with the Corporation or any contract of employment with the Corporation or any Subsidiary.
