About TIMIA Capital Corporation

TIMIA Capital Corporation is a specialty finance company that provides growth capital to technology companies in exchange for payments based on monthly revenue. This alternative financing option complements both debt and equity financing, while allowing entrepreneurs and existing stakeholders to retain ownership and control of their business. TIMIA's singular focus is the fast growing, global, business-to-business Software-as-a-Service (or SaaS) segment. We align ourselves with entrepreneurial management teams growing their sales from \$2 Million to \$20 Million in Annual Recurring Revenue.
