Quarterly Results (Comparison of second Quarter of 2018 with second Quarter of 2017)

Revenues

Revenues can be broken down by commercial construction and millwork revenue.

	March 31, 2018	March 31, 2017	Increase (decrease)
Commercial construction	\$658,928	\$1,351,507	\$(692,579)
Millwork	\$11,584	\$7,240	\$4,344
Other	\$101	\$51	\$50
Total	\$670,613	\$1,358,798	\$(688,185)

Revenue from commercial construction has decreased by \$692,579 in the current quarter compared to last year as a result of timing of commercial contracts.

Subcontract and Material Costs

The subcontract and material costs equal to 24% of gross revenue, which has decreased compared to the previous year of 61%. This is due to the decreased costs of materials, supplies and subcontracts compared to the previous year.

Expenses

General and administrative expenses have decreased from the prior year as a result of less expenses in travelling expenses and management fees being recorded in the current period.

The amortization expense has increased as a result of equipment purchased from the year ended September 30, 2017.

Liquidity and Solvency

The company has a cash balance of \$467,820 and a working capital deficiency of \$35,399 as at March 31, 2018. Future Accounting Pronouncements

Effective October 1, 2018, the Company will be required to adopt IFRS 9 - Financial Instruments, as the first phase of the IASB's project to replace IAS 39 - Financial Instruments: Recognition and Measurement. The new standard replaces the current multiple classification and measurement models for financial assets and liabilities with a single model that has only two

classification categories: amortized cost and fair value. A detailed review will be completed in the future in order to determine if this standard will have significant impacts.

IFRS 15 Revenue from Contracts with Customers was issued by the IASB in May 2014. The core principle of the new standard is for companies to recognize revenue to depict the transfer of goods or services to customers in amounts that reflect the consideration (that is, payment) to which the company expects to be entitled in exchange for those goods or services. The new standard will also result in enhanced disclosures about revenue, provide guidance for transactions that were not previously addressed comprehensively (for example, service revenue and contract modifications) and improve guidance for multiple-element arrangements. Earlier application is permitted. IFRS 15 supersedes the following standards: IAS 11 Construction Contracts, IAS 18 Revenue, IFRIC 13 Customer Loyalty Programmes, IFRIC 15 Agreements for the Construction of Real Estate, IFRIC 18 Transfers of Assets from Customers, and SIC-31 Revenue—Barter Transactions Involving Advertising Services. IFRS 15 is effective for the Company's yearend beginning on October 1, 2018.

Critical Accounting Policies and Estimates

The preparation of the Company's interim condensed consolidated financial statements in accordance with IFRS requires management to make estimates and assumptions that affect amounts reported in the interim condensed consolidated financial statements and accompanying notes.

There is a full discussion and description of the Company's estimates and judgments used in preparing the interim condensed consolidated financial statements for the six months ended March 31, 2018 in Note 2 to the interim condensed consolidated financial statements.
