

**CONSENT OF QUALIFIED PERSON MR. J. GARRY CLARK, P.Geo.**

I, J. Garry Clark, P.Geo., state that I am responsible for preparing and supervising the preparation of the updated technical report titled "National Instrument 43-101 Report on the Norwalk Gold Property", with an effective date of July 15, 2020 as signed and certified by me (the "Technical Report").

Furthermore, I state that :

- (a) I consent to the public filing of the above noted Technical Report by RT Minerals Corp. ("RT Minerals")
- (b) The document that the Technical Report supports is the RT Minerals News Release dated July 15, 2020 disclosing the completion, filing and summary of the Technical Report in said News Release (the "Document").
- (c) I consent to the use of extracts from, or a summary of, the Technical Report in the Document Disclosed by RT Minerals
- (d) I confirm that I have read the Document being filed by RT Minerals and that it fairly and accurately represents the information in the Technical Report for which I am responsible.

Dated at Thunder Bay, Ontario this 15<sup>th</sup> day of July, 2020
