MANAGEMENT INFORMATION CIRCULAR

Persons Making The Solicitation

This management information circular (“Circular”) is furnished in connection with the solicitation of proxies by the management and board of directors (“Board”) of Mainstreet Equity Corp., (the “Corporation” or “Mainstreet”), for use at the annual general meeting of common shareholders of the Corporation (the “Meeting”), to be held at 305, 10th Avenue SE, Calgary, Alberta at 1:30 p.m. (Calgary time), on Thursday, March 5th, 2026 or at any adjournment thereof for the purposes set forth in the accompanying notice of meeting (the “Notice”).

To join the Meeting by phone, please use the following numbers:

Canada/USA Toll Free: + 1-877-300-8521

International Toll: + 1-412-317-6026

The Corporation encourages shareholders to vote their shares prior to the Meeting by following the instructions set out in the form of proxy or voting instruction form received by such shareholder of the Corporation.

The costs incurred in the preparation and mailing of both the instrument of proxy and this Circular will be borne by the Corporation. In addition to the use of mail, proxies may be solicited by personal interviews, personal delivery, telephone or any form of electronic communication by directors, officers and employees of the Corporation who will not be directly compensated therefore.

In accordance with National Instrument 54-101 *Communications with Beneficial Owners of Securities of a Reporting Issuer*, (“NI 54-101”) arrangements have been made with brokerage houses and other intermediaries, clearing agencies, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the common shares in the capital of the Corporation (the “Common Shares”) held of record by such persons and the Corporation may reimburse such persons for reasonable fees and disbursements incurred by them in doing so. The costs thereof will be borne by the Corporation.

The Corporation is sending proxy-related materials directly to non-objecting Beneficial Shareholders and the Corporation will pay for intermediaries to deliver proxy-related materials to the objecting Beneficial Shareholders of the Corporation, all in accordance with NI 54-101.

The record date to determine the registered shareholders entitled to receive Notice of the Meeting is January 29th, 2026 (the “Record Date”). All information set forth in this Circular is dated effective as of the Record Date unless otherwise indicated.

APPOINTMENT, VOTING AND REVOCATION OF PROXIES

Appointment

The persons named (the “Management Designees”) in the accompanying instrument of proxy have been selected by the Board and have indicated their willingness to represent any shareholder who appoints them as their proxy at the Meeting or any adjournment thereof. **Any shareholder has the right to appoint a person (who need not be a shareholder) other than the Management Designees to attend and to vote and act for and on behalf of such person at the Meeting.** In order to do so the shareholder may insert the name of such person in the blank space provided in the instrument of proxy, or may use another appropriate form of instrument of proxy. All proxies must be deposited with the Corporation’s Registrar and Transfer Agent, Computershare Trust Company of Canada, 100 University Avenue, Toronto, Ontario, M5J 2Y1, not later than forty-eight (48) hours (excluding Saturdays, Sundays and holidays) prior to the Meeting or any adjournment thereof. The Chairman of the Meeting may refuse to recognize any instrument of proxy received after such time.

Voting

Common Shares represented by any properly executed instrument of proxy in the accompanying form will be voted or withheld from voting on any ballot that may be called for in accordance with the instructions given by the shareholder and, if the shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly. In the absence of such direction, such Common Shares **will be voted in favour** of the matters set out herein.

The accompanying form of instrument of proxy confers discretionary authority on the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting or other matters that may properly come before the Meeting. As of the date hereof, management of the Corporation is not aware of any such amendments, variations or other matters that may come before the Meeting. In the event that other matters come before the Meeting, then the Management Designees intend to vote in accordance with the judgment of management of the Corporation.

Revocation

In addition to revocation in any other manner permitted by law, a shareholder may revoke an instrument of proxy by an instrument in writing executed by the shareholder or by the shareholder's attorney authorized in writing and deposited either at the registered office of the Corporation, 1413 - 2nd Street S.W., Calgary, Alberta, T2R 0W7, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the Chairman of the Meeting prior to the commencement of the Meeting on the day of the Meeting or any adjournment thereof.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

Beneficial Holders

The information set forth in this section is of significant importance to many shareholders, as a substantial number of shareholders do not hold their Common Shares in their own name. Shareholders who hold their Common Shares through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold their Common Shares in their own name (referred to herein as "Beneficial Shareholders") should note that only instruments of proxy deposited by shareholders whose names appear on the records maintained by the Corporation's registrar and transfer agent as registered holders of Common Shares will be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Beneficial Shareholder by its broker, those Common Shares will, in all likelihood, not be registered in the shareholder's name. Such Common Shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depositary Services Inc., which acts as nominee for many Canadian brokerage firms). In the United States, the vast majority of such Common Shares are registered under the name of Cede & Co., the registration name for The Depositary Trust Company, which acts as nominee for many brokerage firms located in the United States. Common Shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted or withheld at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the instrument of proxy provided directly to registered shareholders by the Corporation. However, its purpose is limited to instructing the registered Shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The vast majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Services, Inc. ("Broadridge") in Canada. Broadridge typically prepares a machine-readable voting instruction form, mails those forms to Beneficial Shareholders and asks Beneficial Shareholders to return the forms to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the Internet or telephone, for

example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form to vote Common Shares directly at the Meeting. The voting instruction forms must be returned to Broadridge (or instructions respecting the voting of Common Shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the Common Shares voted. If you have any questions respecting the voting of Common Shares held through a broker or other intermediary, please contact that broker or other intermediary for assistance.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxy holder for the registered shareholder and vote the Common Shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and directly vote their Common Shares as proxy holder for the registered shareholder, should enter their own names in the blank space on the form of instrument of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.

All references to shareholders in this Circular and the accompanying instrument of proxy and Notice of Meeting are to registered shareholders of Common Shares unless specifically stated otherwise.

Registered Shareholders

Registered holders of Common Shares as shown on the shareholders' list prepared as of the Record Date will be entitled to vote such Common Shares at the Meeting on the basis of one (1) vote for each Common Share held, except to the extent that the person has transferred the ownership of any of his Common Shares after the Record Date, and the transferee of those shares produces properly endorsed share certificates, or otherwise establishes that he owns the Common Shares, and demands, not later than (10) days before the Meeting, or shorter period before the Meeting which the by-laws of the Corporation may provide, that his name be included in the list before the Meeting, in which case the transferee is entitled to vote his Common Shares at the Meeting.

As of the Record Date, 9,297,918 of the Corporation's unlimited authorized voting Common Shares were issued and outstanding. The Corporation is also authorized to issue an unlimited number of preferred shares issuable in series, none of which are issued.

Pursuant to By-Law No. 1 of the Corporation, a quorum for the transaction of business at the Meeting shall be two (2) or more persons present in person, each being a shareholder entitled to vote thereat or a duly appointed proxy for an absent shareholder so entitled and together holding or representing in person or by proxy not less than five percent (5%) of the outstanding shares of the Corporation entitled to vote at the Meeting. In accordance with the By-law No.1 of the Corporation, if a quorum is present at the beginning of the Meeting, the shareholders present may proceed with the business of the Meeting notwithstanding that a quorum is not present throughout the Meeting. If a quorum is not present at the beginning of the Meeting, the shareholders present or represented by proxy may adjourn the Meeting to a fixed time and place but may not transact any other business.

The following table sets forth information as of the Record Date with respect to each person who, to the knowledge of the Board and Executive Officers (as defined herein) of the Corporation, beneficially owns, or controls or directs, directly or indirectly, Common Shares carrying more than 10% of the voting rights attached to all outstanding Common Shares.

STATEMENT OF EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Overview and Objectives

The Corporation has an Executive Compensation Committee that is primarily responsible for evaluating and making recommendations to the Board for the compensation of directors and Executive Officers. During the financial year ended September 30, 2025, Messrs. Anderson and Amantea made up the Executive Compensation Committee. Mr. Anderson is the Chairman of this Committee and is considered independent. Mr. Amantea is not considered an independent director as he is a senior associate of a firm which provides legal services to the Corporation.

Mr. Anderson has served in senior management positions in a number of financial institutions for over 40 years and is currently the President of Tallinn Capital Partners Corp. He has served as a director and chairman of the Audit Committees of a number of public companies and non-profit organizations in his business career. He has and continues to be involved in all aspects of management decisions including human resources matters and compensation policies.

Mr. Amantea is a senior associate with the law firm WBA LLP in Calgary, Alberta. Mr. Amantea has more than three decades of experience in real estate, multi-family acquisitions, construction law, foreclosures and corporate and commercial law. He was actively involved in policy and the strategic planning of the firm including human resource matters and compensation policies. Mr. Amantea has an extensive record of professional and community service that has included roles as Past Director and Chairman, Columbus Savings and Credit Union Ltd.; Director, Calgary Italian Sportsman's Dinner Association; Past Unit Chairman, Western Canada Summer Games; Member and Executive Officer of the St. Joseph's School Parent Council; Member, Calgary Winter Club; and Member, University of Calgary Chancellors Club.

The objective of the executive compensation program is to effectively retain and motivate the Executive Officers of the Corporation to achieve the corporate goals and objectives.

"Executive Officer" is defined by the legislation to mean (i) the Chair, Vice-Chair or President of the Corporation, (ii) a Vice-President of the Corporation in charge of a principal business unit, division or function including sales, finance or production, or (iii) an individual performing a policy-making function in respect of the Corporation.

¹ Note: 3,551,500 of these Common Shares are held by Pan Pacific Mercantile Group Inc., a corporation owned and controlled by the Dhillon Family Trust, of which Navjeet (Bob) S. Dhillon is the sole trustee.

Elements of the Compensation Program

The executive compensation program is comprised of two principal elements: base salaries, and performance bonuses. Other components of the executive compensation program include transaction commissions, perquisites and other personal benefits. Each component of the executive compensation program is addressed separately below.

Base Salaries and Performance Bonuses

Salaries and performance bonuses for Executive Officers are reviewed annually based upon prevailing labour market conditions supported by independently prepared information, corporate and personal performance and on individual levels of responsibility. Salaries and performance bonuses of the Executive Officers are not determined based on any specific benchmarks or a specific formula.

During the last financial year ended September 30, 2025 the Corporation employed three Executive Officers, namely Navjeet (Bob) S. Dhillon acting as the President and Chief Executive Officer, Trina Cui acting as the Chief Financial Officer, Sheena J. Keslick acting as Vice-President, Operations who ceased to be an officer of the Corporation on May 2, 2025, and Anthony Lam acting as Operating Officer. The salary and performance bonus for the President and Chief Executive Officer is reviewed annually by the Executive Compensation Committee based on labour market conditions at the relevant time, financial performance of the Corporation and personal performance and contribution during the last financial year. The Executive Compensation Committee then recommends such compensation to the entire Board for approval. The salaries and performance bonuses for the Chief Financial Officer, Vice-President and Operating Officer are reviewed annually by the Chief Executive Officer, and the Executive Compensation Committee, who then recommends the compensation for such executive officers to the entire Board for approval.

Other Compensation

Other components of compensation include or previously included, transaction commissions, perquisites and personal benefits as determined by the Executive Compensation Committee that are consistent with the overall compensation strategy. There is no formula for how perquisites or personal benefits are utilized in the total compensation package.

The President and Chief Executive Officer of the Corporation is licensed realtor in the Province of Alberta, and as a result, is able to handle certain normal course property transactions on behalf of the Corporation, for which he is paid a commission at current commercial rates. Commissions are determined on an exchange value basis. Except in very limited circumstances, these commissions are agreed and paid by the selling third party or parties to the transaction. The President and Chief Executive Officer discloses and reports on any commissions received by him in this capacity to the Board and this amount is netted off of the annual performance bonus that the President and Chief Executive Officer is awarded each year. As a result, the Corporation pays out less of an annual performance bonus than it otherwise would if the President and Chief Executive Officer did not receive any commission on normal course property transactions undertaken by the Corporation in its normal course of operations. As the vast majority of the commissions are paid to the President and Chief Executive by selling third parties to the real estate transactions (and not by the Corporation), this results in a decrease in the amount being paid out by the Corporation.

Each year the Chief Executive Officer is entitled to receive an annual performance bonus based upon pre-determined performance goals (as described below) and discretionary bonus amounts determined by the Executive Compensation Committee. After making such determination, the Executive Compensation Committee takes in consideration the amount of commission paid to the Chief Executive Officer during each year, such that the portion of the annual performance bonus paid by the Corporation amounts to the difference between the amount of annual performance bonus determined by the Executive Compensation Committee, if any, less the amount of commissions paid to the Chief Executive Officer during that year. As a result, the actual portion of the discretionary bonus, if any, paid by the Corporation each year to the Chief Executive Officer will vary, depending on how much commission was paid to the Chief Executive Officer during that year. Commissions received by the President and Chief Executive Officer in the financial year ended September 30, 2025 amounted to \$48,280. The Executive Committee determined that the annual performance bonus for the President and Chief Executive Officer for the financial year ended September 30, 2025 was \$1,870,000 prior to netting off the commissions received. As a result, the Corporation paid the President and Chief Executive Officer a cash annual performance bonus of \$1,821,720 for the fiscal year ended September 30, 2025. In addition, the Corporation provided a seniority payment of \$1,100,000 for the fiscal year ended September 30, 2025 to the Chief Executive Officer. The board has determined it is appropriate to award this annual amount to the Chief Executive Officer in recognition of his time with the company and in lieu of receiving retirement benefits.

The Corporation did not provide any seniority or retirement allowance for the other Executive Officer.

Benchmarks

Salaries of the Executive Officers are not determined based on specific benchmarks or formula.

Performance Goals

The Corporation's performance bonuses incentive program is determined by a number of non-financial performance criteria, including strategic planning, risk management and safety and cyber security management, as well as the overall budget, which addresses numerous key financial performance criteria relating to rental revenue, net operating income, funds from operations, the number of unit acquisitions made during the year, the number of financings completed during the year and other intangible factors for the fiscal year of the Corporation. At the end of each fiscal year, the Executive Compensation Committee then subjectively assesses on a holistic basis whether or not and to what extent management have achieved the overall performance results and then recommends a performance bonus payable for the CEO for approval by the Board of Directors.

Funds from operations ("FFO") is a financial measure that is not recognized under International Financial Reporting Standards ("IFRS") and it does not have a standard meaning prescribed by IFRS. However, FFO is widely accepted as a supplemental measure of the performance of Canadian real estate entities, and management believes that it is a relevant measure to maintain comparability in operating performance. FFO is defined as profit before change in fair value, deferred income taxes and depreciation of property and equipment excluding depreciation of items which are not uniquely significant to the real estate industry (for example, computers or vehicles). Please see the Corporation's Management Discussion and Analysis for the year ended September 30, 2025 for a further discussion of this Non-IFRS measure and a reconciliation of FFO to profit, the most directly comparable IFRS measure.

Risk Management

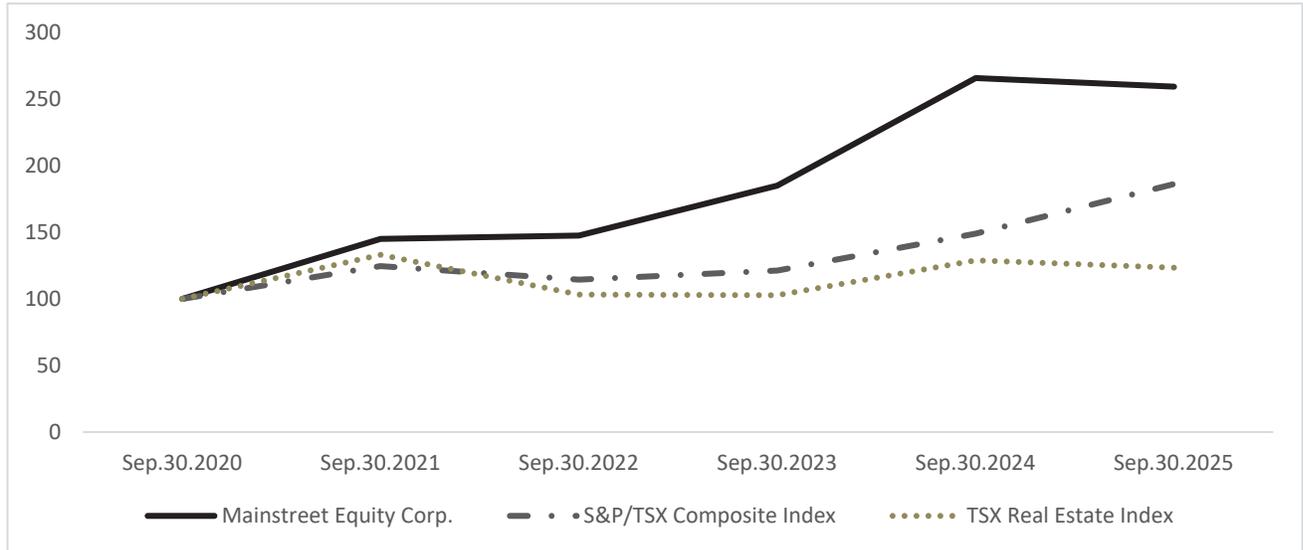

In designing the executive compensation program for the Corporation, the Executive Compensation Committee takes into account the implications of risk. In doing so, the Executive Compensation Committee's role is to ensure that the Corporation's belief and performance in risk management is accurately reflected in its overall approach to compensation. As a result, the compensation principles and practices of the Corporation support the appropriate balance between risk and reward and encourage measured risk taking by Executive Officers. Two large components of compensation is base salary, a form of compensation that is not "at-risk" and annual performance bonuses, based on subjective performance goals, some of which are "at-risk". This mix is designed to encourage Executive Officers to take measured risks that may have a positive impact of the Corporation's performance while simultaneously providing adequate compensation to Executive Officers to discourage them from taking excessive or inappropriate risks. In addition, the Corporation has established financial authority limits, whereby: (i) the Chief Executive Officer has a financial authority limit of \$25 million, (ii) the Executive Committee is required to oversee the Corporation's debt levels and to approve every acquisition over \$25 million up to \$40 million, and (iii) board approval is required for any acquisitions over \$40 million and any financing in excess of \$40 million. Both the Executive Committee and the Board complete an independent review of the material information in respect of any proposed acquisition prior to approving the same. The Chief Executive Officer's and the Executive Committee's authority limit is reviewed and set each year by the Board.

On an annual basis, the Executive Compensation Committee will continue to review the Corporation's compensation practices with a view to mitigating risk taking activities and will endeavour to ensure that the necessary adjustments to maintain the appropriate balance between "at-risk" and "not at-risk" compensation are made.

The Corporation does not prohibit the Named Executive Officers (as defined below) or the directors of the Corporation from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by such person. The Named Executive Officers and directors have advised the Corporation that they have not entered into any such arrangements. To the extent that they subsequently enter into an agreement, arrangement or understanding that has the effect of altering, directly or indirectly, their economic exposure to the Corporation, insider reporting laws in Canada provide that they must file a report disclosing the existence and material terms of the agreement, arrangement or understanding within five (5) days of the event.

Performance Graph

The following graph illustrates the Corporation's cumulative shareholder return to the end of the last financial year, as measured by the closing trading price of the Common Shares of the Corporation at the end of each financial period. The starting point is September 30, 2020, assuming an initial investment of \$100 on September 30, 2020 compared to the S&P/TSX Composite Index and the TSX Real Estate Index, assuming in all cases that dividends are reinvested.

	Sep.30.2020	Sep.30.2021	Sep.30.2022	Sep.30.2023	Sep.30.2024	Sep.30.2025
Mainstreet Equity Corp.	100	145	147	185	266	259
S&P/TSX Composite Index	100	124	114	121	149	186
TSX Real Estate Index	100	133	103	103	129	123

There is no direct link between the trends in the Corporation's Common Share price performance to the trend in the Corporation's compensation to Executive Officers; however the Common Share trading price performance is one of many of the performance indicators taken into consideration by the Executive Compensation Committee in determining Executive Officer annual performance bonuses in any given financial year.

Summary Compensation

Securities legislation requires the disclosure of compensation received by each “Named Executive Officer” of the Corporation for the three most recently completed financial years. “Named Executive Officer” is defined by the legislation to mean (i) each of the Chief Executive Officer and Chief Financial Officer of the Corporation (ii) each of the Corporation’s three most highly compensated Executive Officers, or the three most highly compensated individuals acting in a similar capacity, other than the Chief Executive Officer and Chief Financial Officer, at the end of the most recently completed financial year and whose total compensation exceeds \$150,000, and (iii) any additional individual for whom disclosure would have been provided under (iv-) but for the fact that the individual was not serving as an Executive Officer of the Corporation at the end of the most recently completed financial year end of the Corporation.

The following table sets forth a summary of all compensation for services paid during the financial years ended September 30, 2023, 2024 and 2025 for the Corporation’s four (4) Named Executive Officers, namely Navjeet (Bob) S. Dhillon, President and Chief Executive Officer, Trina Cui, Chief Financial Officer, Sheena J. Keslick, Vice- President Operations, and Anthony Lam, Operating Officer (collectively the “Named Executive Officers”).

- (2) Other annual compensation relates to seniority payment, vacation pay and automobile allowance. The Corporation provided a seniority payment of \$1,100,000 for the fiscal year ended September 30, 2025 to the Chief Executive Officer. The board has determined it is appropriate to award this annual amount to the Chief Executive Officer in recognition of his time with the company and in lieu of receiving retirement benefits. The Corporation did not provide any seniority or retirement allowance for the other Executive Officer.
- (3) There were no other Executive Officers at the end of the most recently completed financial year whose total compensation exceeded

- \$150,000 per year.

CORPORATE GOVERNANCE PRACTICES

The Board of the Corporation views effective corporate governance as an essential element of the effective and efficient operation of the Corporation and in the best interest of the Corporation's shareholders. The Corporation strives to ensure that its corporate governance policies and practices provide for effective stewardship of the Corporation and evaluate its governance practices on an on-going basis as a whole. The Corporation's principal objective in directing and managing its business and affairs is to enhance shareholder value. The Corporation believes that effective corporate governance improves corporate performance and benefits all of its shareholders.

The board of directors of Mainstreet has an Audit Committee, an Executive Compensation Committee, an Executive Committee, a Risk Management Committee, a Safety Committee and a Cyber Security Committee. Messrs. Irwin, Grimaldi, and Anderson, all of whom are independent directors, make up the Audit Committee. Messrs. Anderson and Amantea make up the Executive Compensation Committee. Messrs. Anderson, (Bob) S. Dhillon and Amantea make up the Executive Committee. Messrs. Anderson and Grimaldi make up the Risk Management Committee. Messrs. Irwin and Amantea make up the Safety Committee. Messrs. K.V. Dhillon and Grimaldi make up the Cyber Security Committee.

Board of Directors

Independent Directors

Mainstreet's Board facilitates its exercise of independent supervision over management by ensuring that at least one half of the Board is composed of independent directors. The Board currently has six (6) directors, three (3) of which are considered to be independent (Messrs. Grimaldi, Irwin and Anderson). Joseph B. Amantea is not considered an independent director as he is a senior associate of a firm which provides legal services to the Corporation. Navjeet (Bob) S. Dhillon is not considered an independent director in that he is part of the management of the Corporation in his position as President and Chief Executive Officer. Karanveer V. Dhillon is not considered an independent director in that he is the sibling of Navjeet (Bob) S. Dhillon, the President and Chief Executive Officer of the Corporation. None of the remaining three directors, namely Richard Grimaldi, John Irwin and Ron Anderson or their associates have any interest, business or other relationship that could or could reasonably be perceived to materially interfere with each individual's ability to act in the best interests of the Corporation. These individuals do not receive remuneration from the Corporation other than annual director's fees and discretionary incentive stock options that may be determined by the Board from time to time.

Although three directors are not independent directors, these directors, like all directors, are required by law at all times to act in good faith and with a view to the best interests of the Corporation and its shareholders. As is the case with independent directors, these directors are sensitive to conflicts of interest and excuse themselves from deliberations and voting in the appropriate circumstances. Their extensive knowledge of the Corporation's business is extremely beneficial to the other directors and the Corporation and their participation as directors is an important element in the overall effectiveness of the Board. Although the Board considers independence from the Corporation as a factor in assessing its own effectiveness as well as the qualifications of potential candidates, the Board's primary objective is to ensure that directors are the most qualified candidates available and are selected on the basis of their overall qualifications and ability to contribute to the effective governance of the Corporation. All of the Corporation's directors make a valuable contribution to the Board, the Corporation and its shareholders.

The Corporation has not appointed an independent chairman or an independent lead director, however, the Board believes that each of the independent directors have significant experience as a director and/or executive officer of a publicly-traded or large corporate entity and that such independent directors do not require guidance of an independent chairman or lead director in exercising his duties as an independent director.

The Board has functioned, and is of the view that it can continue to function, independently of management, as required. In order to provide leadership for the independent directors, the independent members of the board are afforded the opportunity at meetings of the Board and applicable committees of the Board, to meet separately, in camera, in the absence of non-independent directors or management, to discuss any necessary matters. In addition thereto, to facilitate open and candid discussion among independent directors, members also are encouraged to meet and discuss matters outside the formal board meeting forum. The Board anticipates that such meetings can and will continue to be held in the future, provided, however, during the last fiscal year ended September 30, 2024, no regularly scheduled meetings of the independent directors were held at which non-independent directors and management were not in attendance.

Directorships

No director is presently a director of any other issuer that is a reporting issuer (or the equivalent) in a jurisdiction or a foreign jurisdiction.

Meetings

The Board approves an annual schedule of Board and Committee meetings. The Board generally meets four (4) times a year and additionally during the year as the need arises.

The following sets forth all meetings of the Board that took place in the financial year ended September 30, 2025 and the Board members in attendance.

Mandate of the Board

The Board has adopted a Board of Directors and Committee Mandate to govern the conduct of the Board and each Committee of the Board, full particulars of which as set forth and described in Schedule A attached hereto.

Position Descriptions

Brief position descriptions for the Chairman of the Board and the Chair of each Committee of the Board can be found in the Board of Directors and Committee Mandate attached hereto as Schedule A.

There is no written mandate or position description for the Chief Executive Officer. The Chief Executive Officer’s objectives are consistent with the adoption of the Corporation’s annual plan and budget. These objectives and any modifications thereto are approved by the Board and the Board assesses the performance of the Chief Executive Officer against these objectives adopted annually. The Board also monitors and assesses senior management based on regular contact with management. The Chief Executive Officer and Chief Financial Officer participate in presentations to the Board at all regularly scheduled meetings.

Orientation and Continuing Education

Given the relatively small and static composition of the Board since its incorporation, the Corporation has not yet developed an official orientation or training program for new directors. New directors will have the opportunity to become familiar with the Corporation by meeting with the other directors and with officers and employees. Orientation activities will be tailored to the particular needs and experience of each director and the overall needs of the Board.

The Corporation undertakes ongoing education efforts to update the directors' skills and knowledge of the Corporation and its businesses. Both outsider advisors and executives of the Corporation's corporate office make regular presentations to the Board and its committees regarding business matters and other appropriate subjects. In 2025, the topics of these presentations included capital markets, information system development, corporate finance, taxation, industry mergers and acquisition, business growth strategy, risk management, cyber security, artificial intelligence, Environmental, Social, and Corporate Governance (ESG), corporate governance, shareholder relations and economic updates.

Ethical Business Conduct

The Board monitors the ethical conduct of the Corporation and its management and ensures that it complies with applicable legal and regulatory requirements, such as those of relevant securities commissions and stock exchanges. The Board has found that the fiduciary duties placed on individual directors by the Corporation's governing corporate legislation and the common law, as well as the restrictions placed by applicable corporate legislation on the individual director's participation in decisions of the Board in which the director has an interest, have been sufficient to ensure that the Board operates independently of management and in the best interests of the Corporation.

The Board has adopted a Governance Code which can be found on SEDAR+ at www.sedarplus.ca. The Governance Code applies to the Corporation's directors, Executive Officers, management and employees, each of whom is expected to ensure that his or her behavior accords with the letter and the spirit of the Governance Code. Besides establishing guidelines designated to promote integrity and deterring wrongdoing, the Governance Code also includes Whistleblower, public disclosure and insider trading restrictions and blackout periods to endeavor to protect the Corporation's business and regulation. The Governance Code mandates that the Corporation shall investigate complaints and the Governance Code prohibits retaliation by the Corporation, its directors, Executive Officers, management and employees against complainants who raise concerns in good faith and requires the Corporation to maintain the confidentiality of complainants to the greatest extent practicable.

Since the beginning of the Corporation's most recently completed financial year, no material change reports have been filed that pertain to any conduct of a director or Executive Officer that constitutes a departure from the Governance Code.

Nomination of Directors

Mainstreet's Board considers its size each year when it considers the number of directors to recommend to the Corporation's shareholders for election at the annual meeting of shareholders, taking into account the number required to carry out the Board's duties effectively and to maintain diversity of view and experience. Given the relatively static composition of the Board over the last several years, the Board has not appointed a nominating committee and these functions are currently performed by the Board as a whole. However, if there is a change in the number of directors required by the Company, this policy may be reviewed.

Compensation

The Board, upon recommendation of the Executive Compensation Committee is responsible for determining all forms of compensation to be granted to Mainstreet's Chief Executive Officer, and for reviewing and approving the Chief Executive Officer's recommendations respecting compensation of Mainstreet's other Executive Officers, to ensure such arrangements reflect the responsibilities and risks associated with each position. During the financial year ended September 30, 2025, the Executive Compensation Committee consisted of Messrs. Amantea and Anderson. Mr. Anderson is the Chairman of this Committee and is considered independent. Mr. Amantea is not considered an independent director as he is a senior associate of a firm which provides legal services to the Corporation. Please see

“*Statement of Executive Compensation – Compensation Discussion and Analysis*” for additional information regarding how compensation is determined.

Assessments

The Board does not currently have any formal process for assessing the effectiveness of the Board, its committees and contributions of individual directors; however, believes that its current size facilitates informal discussion and evaluation of members’ contributions within that framework.

Director Term Limits and Other Mechanisms of Board Renewal

The Corporation has not adopted term limits or other mechanisms to force Board renewal. The By-laws of the Corporation provide that all directors in office shall retire at the next annual general meeting of shareholders and if qualified, shall be eligible for re-election. Accordingly, the Board has determined that term limits or mandatory retirement based on age is not necessary. The Board believes that sustained leadership and intimate knowledge of the Corporation is an asset to the operations and future of the Corporation. The Board also believes that an imposition of term limits is inflexible and could possibly result in experienced directors being forced to resign or being barred from standing for re-election solely based on tenure. The Board considers the performance and contribution of individual directors on an ongoing basis.

Policies Regarding the Representation of Women on the Board

The Corporation does not have a written policy or set targets relating to the identification and nomination of women on the Board, although the Board may consider the adoption of such a policy in the future. The Board has been relatively static for the last several years, however, when the Board does seek new board members, it will nominate candidates to fulfill director roles and Executive Officer positions taking into account diversity to ensure the Board and Executive Officers have the proper skills, expertise and diversity of perspectives.

At this time the Board has determined that it is not necessary for the Corporation to have such written policies given the current small size of the Board, and the relatively static composition of the Board over the last several years.

Consideration of the Representation of Women in the Director Identification and Selection Process

The Board is relatively small and static, with no new directors being nominated by the Board since 2011. However, when the Board does identify and nominate new directors, it will aim for a composition which provides the best mix of perspectives, experience and expertise to lead the Corporation’s long-term strategy and monitor ongoing business operations. When identifying and nominating new members, the Board will do so with a view to its overall diversity, including the level of representation of women on the board, in tandem with other considerations, including a candidate’s experience, skills, independence, and the time a proposed nominee is able to devote to the Board.

Consideration Given to the Representation of Women in Executive Officer Appointments

In making new Executive Officer appointments, the Board considers the overall diversity of the Corporation’s’ executive team, including the level of women in executive office positions, in tandem with other considerations, including candidates’ experience, skills, independence, and the time a proposed nominee is able to devote to the appointment. Currently one Executive Officer or 33% of the total number of Executive Officers of the Corporation in 2025 are women.

Targets Regarding the Representation of Women on the Board and in Executive Officer Positions

The Corporation has not adopted a target regarding women on the Board or in Executive Officer positions. Selection of Board members and Executive Officers is based on the factors enumerated in the preceding subsections.

Number of Women on the Board and in Executive Officer Positions

The Corporation currently has no women on the Board. One Executive Officer or 33% of the total number of Executive Officers of the Corporation in 2025 are women. In the broader leadership group consisting of officers and regional and headquarters managers, thirteen of twenty-nine (45%) are women.

Mr. Anderson is the Chairman of this Committee.

The Board has not appointed a committee responsible for developing an approach to corporate governance issues.
