

PULSE OIL CORP. ANNOUNCES UPDATED CORPORATE PRESENTATION

Calgary, Alberta – December 18, 2017 - Pulse Oil Corp. (“Pulse” or the “Company”) (TSX-V: PUL and PUL.WT) announces that the Pulse team has posted an updated corporate presentation on Pulse’s website following recent production gains as previously announced. Upcoming cost-effective and low-risk operations to reactivate up to seven additional suspended wells are also planned, funded through Pulse’s cash flow, forecast to grow production and cashflow even further (Pulse 100% Working Interest).

Pulse investors and other interested parties are encouraged to visit www.pulseoilcorp.com to review the updated presentation.

About Pulse Oil Corp.

Pulse is a Canadian company incorporated under the Business Corporations Act (Alberta) and has plans to become a leading oil and gas company. Pulse has recently completed three transactions to consolidate its interests in the Bigoray area of Alberta, resulting in 100% control of Pulse’s Bigoray operations that include two Nisku oil Pinnacle Reefs. Pulse is moving forward to grow production and execute an Enhanced Oil Recovery project to unlock significant value for shareholders through control of approximately 65 net sections of land across the Mannville, Cardium, Pekisko/Shunda and Nisku trends in Western Canada. Pulse will focus on acquiring affordable, small to medium sized proven oil and gas assets with significant upside. The Company plans to achieve further growth through low-risk, technically diligent drilling, infrastructure ownership and reserve growth utilizing proven enhanced oil recovery techniques and implementation of technology.

READER ADVISORY

This press release contains forward-looking information. The words “believe,” “expect,” “anticipate,” “plan,” “intend,” “foresee,” “should,” “would,” “could” or other similar expressions are intended to identify forward-looking statements, which are generally not historical in nature. These forward-looking statements are based on management’s current expectations and beliefs concerning future developments and their potential effect on the Company based on information currently available to management. While management believes that these forward-looking statements are reasonable as and when made, there can be no assurance that future developments affecting us will be those anticipated. Statements in this press release containing forward-looking information include but are not limited to the restarting or reactivating of shut-in production at Bigoray and Queenstown. Forward-looking information involves

known and unknown risks, uncertainties, assumptions and other factors that may cause actual results or events to differ materially from those anticipated in such forward-looking information. Important factors that could cause actual results to differ materially from those in the forward looking statements include, but are not limited to: the volatility of commodity prices, realized cashflow, product supply and demand, competition, the assumptions underlying production forecast, the quality of technical data; environmental and weather risks, including the possible impacts of climate change, the ability to obtain environmental and other permits and the timing thereto, government regulation or action; the costs and results of drilling and operations; the availability of equipment, services, resources and personnel required to complete the Company's operating activities; access to and availability of transportation, processing and refining facilities, acts of war or terrorism; and general economic conditions and other financial, operational and legal risks and uncertainties. The forward-looking statements contained in this press release are made as of the date hereof and the Company undertakes no obligations to update publicly or revise any forward-looking statements or information, whether as a result of new information, future events or otherwise, unless so required by applicable securities laws.
