By their nature, forward-looking statements involve known and unknown risks and uncertainties and other factors that could cause actual results to differ materially from those contemplated by such statements. Factors that could cause such differences include, but are not limited to: conditions precedent or approvals required for the Sale Agreement not being obtained; the potential benefits of the Sale Agreement not being realized; the risk of tax liabilities as a result of the Sale Agreement, and general business and economic uncertainties and adverse market conditions; the costs related to the Sale Agreement that must be paid even if the Sale Agreement is not completed; obtaining approvals and consents, or satisfying other requirements, necessary or desirable to permit or facilitate completion of the Sale Agreement; global financial markets, general economic conditions, competitive business environments, and other factors may negatively impact the Company's financial condition; and future factors that may arise making it inadvisable to proceed with, or advisable to delay, the Sale Agreement. This list is not exhaustive of the factors that may impact the Company's forward-looking statements. These and other factors should be considered carefully, and readers should not place undue reliance on the Company's forward-looking statements. As a result of the foregoing and other factors, there can be no assurance that actual results will be consistent with these forward-looking statements.

Provisions Relating to Voting of Proxies

The shares represented by Proxy in the form provided to Shareholders will be voted or withheld from voting by the designated holder in accordance with the direction of the registered Shareholder appointing him. If there is no direction by the registered Shareholder, those shares will be voted for all proposals set out in the Proxy and for the election of directors and the appointment of the auditors as set out in this Circular. The Proxy gives the person named in it the discretion to vote as such person sees fit on any amendments or variations to matters identified in the Notice of Meeting, or any other matters which may properly come before the Meeting. At the time of printing of this Circular, the management of the Company (the "**Management**") knows of no other matters which may come before the Meeting other than those referred to in the Notice of Meeting.

Important Advice to Beneficial Holders of Common Shares

The information set forth in this section is of importance to many Shareholders, as a substantial number of Shareholders do not hold common shares in their own name. Shareholders who hold their common shares through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold their common shares in their own name (referred to herein as "**Beneficial Shareholders**") should note that only proxies deposited by Shareholders who appear on the records maintained by the Company's registrar and transfer agent as registered holders of common shares will be recognized and acted upon at the Meeting. If common shares are listed in an account statement provided to a Beneficial Shareholder by a broker, then those common shares will, likely, not be registered in the Shareholder's name. Such common shares will more likely be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian

brokerage firms). In the United States, the vast majority of such common shares are registered under the name of Cede & Co., the registration name for The Depository Trust Company, which acts as nominee for many United States brokerage firms. Common shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted or withheld at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholder meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders to ensure that their common shares are voted at the Meeting. The form of instrument of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially like the instrument of proxy provided directly to registered Shareholders by the Company. However, its purpose is limited to instructing the registered Shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. A majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions Inc. ("**Broadridge**") in Canada. Broadridge typically prepares a machine-readable voting instruction form ("**VIF**"), mails those forms to Beneficial Shareholders and asks Beneficial Shareholders to return the VIFs to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge VIF cannot use that form to vote common shares directly at the Meeting. The VIFs must be returned to Broadridge (or instructions respecting the voting of common shares must otherwise be communicated to Broadridge) well in advance of the Meeting to have the common shares voted. If you have any questions respecting the voting of common shares held through a broker or other intermediary, please contact that broker or other intermediary for assistance.**

The Notice of Meeting, Circular, Proxy and VIF, as applicable, are being provided to both registered Shareholders and Beneficial Shareholders. Beneficial Shareholders fall into two categories - those who object to their identity being known to the issuers of securities which they own ("**OBOs**") and those who do not object to their identity being made known to the issuers of the securities which they own ("**NOBOs**"). Subject to the provisions of National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**NI 54-101**"), issuers may request and obtain a list of their NOBOs from intermediaries directly or via their transfer agent and may obtain and use the NOBO list for the distribution of proxy-related materials directly (not via Broadridge) to such NOBOs. If you are a Beneficial Shareholder and the Company or its agent has sent these materials directly to you, your name, address and information about your holdings of common shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the common shares on your behalf.

Pursuant to the provisions of NI 54-101, the Company is providing the Notice of Meeting, Circular and Proxy or VIF, as applicable, to both registered owners of the securities and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Company (and not the intermediary holding common shares on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the VIF. As a result, if you are a non-registered owner of the securities, you can expect to receive a scannable VIF from AST. Please complete and return the VIF to AST in the envelope provided or by facsimile. In addition, telephone voting and internet voting instructions can be found on the VIF. AST will tabulate the results of the VIFs received from the Company's NOBOs and will provide appropriate instructions at the Meeting with respect to the common shares represented by the VIFs they receive.

The Company's OBOs can expect to be contacted by Broadridge or their brokers or their broker's agents as set out above. The Company does not intend to pay for intermediaries to deliver the Notice of Meeting, Circular and VIF to OBOs and accordingly, if the OBO's intermediary does not assume the costs of delivery of those documents if the OBO wishes to receive them, then the OBO may not receive the documentation.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting common shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered Shareholder and vote the common shares in that capacity. NI 54-101 allows a Beneficial Shareholder who is a NOBO to submit to the Company or an applicable intermediary any document in writing that requests that the NOBO or a nominee of the NOBO be appointed as the NOBO's proxyholder. If such a request is received, the Company or an intermediary, as applicable, must arrange, without expenses to the NOBO, to appoint such NOBO or its nominee as a proxyholder and to deposit that proxy within the time specified in this Circular, provided that the Company or the intermediary receives such written instructions from the NOBO at least one business day prior to the time by which proxies are to be submitted at the Meeting, with the result that such a written request must be received by 10:00 a.m. (Vancouver, British Columbia time) on the day which is at least three business days prior to the Meeting. **A Beneficial Shareholder who wishes to attend the Meeting and to vote their common shares as proxyholder for the registered Shareholder, should enter their own name in the blank space on the VIF or such other document in writing that requests that the NOBO or a nominee of the NOBO be appointed as proxyholder and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.**

All references to Shareholders in the Notice of Meeting, Circular and the accompanying Proxy are to registered Shareholders of the Company as set forth on the list of registered Shareholders of the Company as maintained by the registrar and transfer agent of the Company, AST, unless specifically stated otherwise.

Composition of Audit Committee

Name	Independent	Financially Literate
John Ryan	Yes	Yes
Jean-François Lalonde	No	Yes

Audit Committee Oversight

At no time since the commencement of the Company's most recently completed financial year have any recommendations by the Audit Committee respecting the appointment and/or compensation of the Company's external auditors not been adopted by the board.

Reliance on Certain Exemptions

At no time since the commencement of the Company's most recently completed financial year has the Company relied on exemptions in relation to "*De Minimis* Non-Audit Services" or any exemption provided by Part 8 of NI 52-110.

The Company relies upon the exemption in section 6.1 of NI 52-110. The Company is a "venture issuer" as defined in NI 52-110 and is relying on the exemption in section 6.1 of NI 52-110 relating to Part 3 (Composition of Audit Committee) since not all members of the Audit Committee are independent and Part 5 (Reporting Obligations) since the Company does not file an annual information form.

Pre-Approval Policies and Procedures

The Audit Committee has not adopted specific policies and procedures for the engagement of non-audit services. Subject to the requirements of NI 52-110, the engagement of non-audit services is considered by the Company's board, and where applicable by the Audit Committee, on a case-by-case basis.

External Auditor Service Fees

The fees charged to the Company by its external auditor in each of the last two financial years are as follows:

CORPORATE GOVERNANCE DISCLOSURE

National Instrument 58-101, *Disclosure of Corporate Governance Practices*, requires all reporting issuers to provide certain annual disclosure of their corporate governance practices with respect to the corporate governance guidelines (the "**Guidelines**") adopted in National Policy 58-201. These Guidelines are not prescriptive but have been used by the Company in adopting its corporate governance practices. The Board and senior management of the Company consider good corporate governance to be an integral part of the effective and efficient operation of Canadian corporations. The Company's approach to corporate governance is set out below.

Board of Directors

Management is nominating four individuals to the Company's Board, all of whom are current directors of the Company.

The Guidelines suggest that the board of directors of every reporting issuer should be constituted with a majority of individuals who qualify as "independent" directors under NI 52-110, which provides that a director is independent if he or she has no direct or indirect "material relationship" with the Company. The "material relationship" is defined as a relationship which could, in the view of the Company's Board, reasonably interfere with the exercise of a director's independent judgement. Of current members of the Board, only John Ryan is considered "independent" within the meaning of NI 52-110 and John Cumming, CEO, Maurice Giroux, COO and Jean François Lalonde, CFO are not considered to be "independent" within the meaning of NI 52-110.

The Board has a stewardship responsibility to supervise the management of and oversee the conduct of the business of the Company, provide leadership and direction to Management, evaluate Management, set policies appropriate for the business of the Company and approve corporate strategies and goals. The day- to-day management of the business and affairs of the Company is delegated by the Board to the President and CEO and operations to Maurice Giroux, the COO. The Board gives direction and guidance through the President to Management and will keep Management informed of its evaluation of the senior officers in achieving and complying with goals and policies established by the Board.

The Board recommends nominees to the Shareholders for election as directors, and immediately following each annual general meeting appoints an Audit Committee and Compensation Committee and the chairperson of each committee. The Board establishes and periodically reviews and updates the Audit Committee mandates, duties and responsibilities, elects a chairperson of the Board and establishes his or her duties and responsibilities, appoints the CEO, CFO and President of the Company and establishes the duties and responsibilities of those positions and on the recommendation of those positions and on the recommendation of both the CEO and the President, appoints the senior officers of the Company and approves the senior management structure of the Company.

The Board exercises its independent supervision over management by its policies that (a) periodic meetings of the Board be held to obtain an update on significant corporate activities and plans; and (b) all material transactions of the Company are subject to prior approval of the Board. The Board shall meet not less than three times during each year and will endeavour to hold at least one meeting in each fiscal quarter. The Board will also meet at any other time at the call of the CEO, or subject to the Articles of the Company, of any director.

The mandate of the Board is to manage or supervise management of the business and affairs of the Company and to act with a view to the best interests of the Company. In doing so, the Board oversees the management of the Company's affairs directly and through its committees.

Directorships

The following directors of the Company are also directors of other reporting issuers as stated below:

Name of Director	Name of Other Reporting Issuer	Position with Other Reporting Issuer
John Ryan	Spruce Ridge Resources Ltd. DXStorm.Com Inc. Nurcapital Corporation Ltd.	Director and officer Director Director
Jean-François Lalonde	Corporation Rutel Networks Corp. Atlantic Industrial Minerals Inc.	Officer Director and officer
John Cumming	Molori Energy Inc. Granite Creek Copper Ltd.	Director Director

Orientation and Continuing Education

The Company does not currently have any formal orientation or continuing education programs for new directors. Orientation and education of new directors is carried out through an informal process. New board members are provided with access to recent, publicly filed documents of the Company, technical reports and internal financial information. The Company also provides technical presentations and/or information to new directors where necessary to ensure that they possess or have access to the technical skills and knowledge necessary for them to meet their obligation as directors.

Board members are encouraged to communicate with management, auditors and technical consultants to keep themselves current with industry trends and developments and changes in legislation with management's assistance, to attend related industry seminars and conventions and to visit the Company's operations. Board members have full access to the Company's records.

Ethical Business Conduct

The Company does not currently have a formal code of business conduct or policy in place for its directors, officers, employees and consultants. The Board believes that the Company's size facilitates informal review of and discussions with employees and consultants to promote ethical business conduct.

The board of directors itself must comply with statutory conflict of interest provisions as well as the relevant securities regulatory instruments and individual directors must exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest.

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Nomination of Directors

The Board considers its size each year when it considers the number of directors to recommend to the Shareholders for election at the annual meeting of Shareholders, taking into account the number required to carry out the Board's duties effectively and to maintain a diversity of view and experience.

The Board does not have a nominating committee, and these functions are currently performed by the Board as a whole. However, if there is a change in the number of directors required by the Company, this policy will be reviewed.

Compensation Committee

The Compensation Committee is a committee comprised of three directors whose primary purpose is to enable the Company to recruit, retain and motivate employees and ensure conformity between compensation and other corporate objectives and review and recommend for Board consideration, all compensation packages, both present and future, for the Company's management and directors (including annual retainer, meeting fees, bonuses and option grants) including any severance packages. Given the small size of the Company's Board, the members are all officers of the Company and are not independent directors.

Members of the Compensation Committee shall be appointed or reappointed at the meeting of the Board following the Company's annual general meeting and from among the appointees to the Compensation Committee, the Board shall appoint a chairperson (the "**Compensation Committee Chairperson**"). The duties of the Compensation Committee Chairperson include overseeing the proper functioning of the Compensation Committee to ensure the proper discharge of its duties, to schedule meetings and to ensure timely reporting to the Board.

The Compensation Committee will meet as often as may be necessary or appropriate in its judgment.

In exercising its mandate, the Compensation Committee sets the standards for the compensation of directors, employees and officers based on industry data and with the goal to attract, retain and motivate key persons to ensure the long-term success of the Company. Compensation generally includes the three (3) following components: base salary, annual bonus based on performance and grant of stock options. The Compensation Committee considers the international nature of its mineral exploration and development activities and increased competition in the market for its key personnel while also taking into account the performance and objectives set forth for the Company.

The Compensation Committee is accountable to the Board and reports to the Board at its next regular meeting all deliberations and actions it has taken since any previous report. Minutes of Compensation Committee meetings will be available for review by any member of the Board on request to the Compensation Committee Chairperson.

The members of the Compensation Committee are John Cumming, Maurice Giroux and Jean François Lalonde.

Other Board Committees

The Board has no committees, other than the Audit Committee and Compensation Committee.

Assessments

The Board of the Company has not established any formal procedures for assessing the performance of the Board or its committees and members. Generally, those responsibilities have been carried out on an informal basis by the board itself. Furthermore, it is the view of the Board that due to its small size and the close and open relationship among its members, the formality of a committee would not be as effective as the current arrangement and is not necessary.

APPOINTMENT OF AUDITOR

At the Meeting, Shareholders will be asked to pass a resolution appointing Morgan & Company LLP ("**Morgan**") of Suite 1630 – 609 Granville Street, Vancouver, British Columbia, V7Y 1A1 as the auditor of the Company, to hold office until the next annual meeting of Shareholders and to authorize the Board to fix the remuneration to be paid to Morgan. Morgan was appointed as the Company's auditor effective September 18, 2017.

An ordinary resolution is sought.

Approving the Sale of the Balandougou Gold Project, Guinea, to Rida Mining Ltd.

The Company proposes selling the Balandougou Gold Project to Rida for US\$3,850,000, or approximately C\$5,133,611.39 (based on a currency exchange rate of 1 US\$ = 1.33341 Can\$).

Relevant Background

The exploration permits in the Balandougou region near the town of Siguiri, in the Republic of Guinea, West Africa were granted in 2007 and acquired by the Company in November 2009. Since the initial granting the permits were renewed, expanded and consolidated from time to time as required, and are now comprised of a 7.52 km² exploitation permit and two exploration permits totaling approximately 150km². These three permits are collectively referred to as the Balandougou Gold Project. The Balandougou Gold Project has been the Company's primary focus and is the Company's sole asset.

During 2017 and 2018 the Company built a 15 tonne per hour gravity mill pilot plant to test the profitability of gravity recovery of free gold from the B3 Zone of the Balandougou Gold Project. However, although the grade of the input mineralization from the B3 Zone averaged approximately 2.0 g/t Au, a large percentage of the gold grains were too fine to be captured by gravity methods on a large-scale operation rendering the operation of the gravity mill pilot plant uneconomic. The Company evaluated the viability and economics of several alternatives including cyanide recovery processing to improve gold recovery which could increase gold recovery from the gold mineralization at Balandougou's B3 Zone up to approximately 96%. However, management nevertheless concluded that the obstacles to funding, construction and operation of a technically sophisticated cyanide-based gold processing facility were impossible to overcome with an exploration-oriented management team. After a diligent search for suitable a joint venture partner proved unsuccessful management concluded that the only remaining option for the Company was an outright sale.

Summary of the Transaction

Pursuant to a Global Agreement of Sale and Purchase dated August 22, 2019, the Company proposes to sell 100% of the Balandougou Gold Project for US\$3,850,000, or approximately C\$5,133,611.39 (based on a currency exchange rate of 1 US\$ = 1.33341 Can\$) to Rida Mining Ltd. of Khartoum, Sudan, an arm's length party. Stellar and minority Guinean partners own 80% and 20% respectively of the Balandougou Gold Project. The complete text of the Global Agreement is available on Sedar.

The Balandougou Gold Project includes the 7.52 km² Balandougou Semi-Industrial Exploitation Permit together with all related plant and equipment, and two Guinea subsidiary companies holding adjacent Exploration Permits pending totalling approximately 150 km².

The transaction price of US\$3.85M (~C\$5.13M) will be paid to Stellar as intercorporate exploration and development expense recovery. The sale proceeds will be paid in installments, US\$1.8M on closing with the balance in three installments: US\$700,000 on January 15, 2020, US\$700,000 on July 15, 2020, and the final US\$650,000 on January 15, 2021.

Project technical due diligence is complete; however, the sale remains subject to several closing conditions including Guinean governmental approvals to the transfer of the exploitation permit and the transfer of the ownership of the 2 subsidiaries holding the exploration permits, Stellar shareholder approval at this Annual General Meeting and TSX Venture Exchange final approval. TSX Venture Exchange issued a conditional approval on August 26, 2019.

The Company and Rida will each carry their own transaction costs. Included in the Company's costs are fees payable to African Bureau of Mining Consultants and its founder (collectively "ABM") of Casablanca, Morocco which were instrumental in the transaction origination and are providing ongoing essential transaction facilitation services including structuring the transaction, inter-jurisdictional legal coordination, project technical consulting, and cross-cultural advice. In respect of the transaction origination, ABM will receive a finder's fee US\$96,500, or approximately C\$128,340 (based on a currency exchange rate of 1 US\$ = 1.33341 Can\$) to be paid from the proceeds of the transaction. In respect of support and facilitation, ABM's services are ongoing and will continue until all non-domestic transactional conditions are satisfied, and ABM will be paid consultancy fees for those support and facilitation services which are in addition to the finder's fee.

Important Considerations when Evaluating the Proposed Sale

The gravity mill pilot plant installed at the Balandougou Gold Project could not extract the very fine gold from the B3 Zone mineralization and failed to prove that gravity processing could be conducted economically. After extensive research, consultations and mill processing modifications management concluded that there were no further modifications to the mill, and no commercially available equipment changes or additions to the mill, that would make the gravity mill economically viable for processing the B3 Zone mineralization.

Management also investigated the viability of constructing a cyanide recovery facility and concluded that raising sufficient capital would not be possible without significant exploration drilling allowing production of a NI43-101 resource estimate sufficient to support a bankable feasibility study including an additional environmental impact review report and securing a full Industrial Exploitation Permit.

Management also recognized its own inexperience with cyanide processing particularly that consultants and contractors could not be adequately supervised during the design and construction phase, and that there would be similar difficulties during post construction operations. Management sought to overcome those difficulties by securing an experienced production joint venture partner, but a diligent search was unsuccessful.

The Company's relationship with local leaders, and state governing bodies was becoming increasingly tense the longer the Balandougou Gold Project remained inactive. This tension was creating uncertainty regarding the government's continued willingness to allow the Company to secure new permits and renew its existing permits, and was causing site security concerns from disgruntled local villagers expecting employment and related economic spin off benefits, and from artisanal miners seeking unauthorized site access to hand mine the Company's exposed mineralized areas.

The Company is financially stressed and has significant debt load which must be addressed. With a failed project, and without first addressing the significant debt load, raising fresh equity for the purpose new acquisitions and exploration was not possible whereas over the course of the installment payments, the net proceeds of the proposed sale will pay all outstanding debt and leave a clean balance sheet with a net cash on hand.

Management anticipates that with a clean balance sheet and some cash on hand the Company will be able to acquire new exploration properties, secure additional equity financing for those new projects and generate future growth for shareholders.

Required Shareholder Approval

The Sale Agreement is a "Reviewable Transaction" as defined in Policy 5.3 of the policies of the TSX-V. On August 26, 2019 the Company received conditional approval from the TSX-V for the proposed sale subject *inter alia* to the Company receiving shareholder approval.

The proposed sale is a disposition of all or substantially all the undertaking of the Company and, pursuant to Section 301.1 of the *BC Business Corporations Act* a special resolution of shareholders approving the disposition is required. The Articles of the Company provide that a special resolution is a two-thirds majority of the votes cast at the meeting.

A special resolution of Shareholders is sought. The text of the special resolution approving the proposed sale of the Balandougou Gold Project to Rida Mining Ltd. to be voted on at the Meeting is set forth below:

“IT IS RESOLVED AS A SPECIAL RESOLUTION THAT:

1. The sale of all the interest of Stellar AfricaGold Inc. (the "Company") in the Balandougou Gold Project to Rida Mining Ltd. pursuant to the Global Agreement of Sale and Purchase dated August 22, 2019 be and it is hereby approved.
2. Any one or more directors or officers of the Company is hereby authorized and directed, for and on behalf and in the name of the Company, to execute and deliver, under corporate seal of the Company or otherwise, all such agreements, forms, waivers, notices, certificates, confirmations and other documents and instruments and to do or cause to be done all such other acts and things as in the opinion of such director or officer may be necessary, desirable or useful for the purpose of giving effect to this resolution and the completion of the transaction contemplated in the Global Agreement of Sale and Purchase in accordance with the terms thereof, including seeking the conditional and final approvals of the TSX Venture Exchange of the proposed sale and the filing of all required documents under applicable stock exchange rules, and the corporate and securities laws of Canada and Guinea.
3. Notwithstanding that this resolution has been passed, the directors of the Company are hereby authorized and empowered without further notice to or approval of the securityholders of the Company not to proceed with the Proposed Transaction or to revoke this resolution at any time prior to the closing of the Property Transaction becoming effective.”

Recommendation of the Board of Directors

The Global Agreement of Sale and Purchase has been unanimously approved by the members of the Board. The Board believes that the sale of the Balandougou Gold Project is critical to the financial survival of the Company and therefore is in the best interest of the Company, and accordingly, the Board recommends that Shareholders of the Company vote “FOR” the proposed sale resolution. Unless instructions are given to vote against the proposed sale resolution, the persons whose names appear on the enclosed proxy form will vote FOR the approval of the Proposed Transaction resolution.

Dissent Rights

Section 238 of the *BC Business Corporations Act* provides remedies for shareholders who dissent to certain actions being taken by a corporation including passing a resolution to authorize or ratify the sale, lease or other disposition of all or substantially all of the company’s undertaking may exercise a right of dissent and require the corporation to purchase the shares held by such shareholder at the fair value of such shares. Details of these rights and the related procedures are contained in Schedule C hereto. The dissent procedures under the *BC Business Corporations Act* are technical and complex. Shareholders wishing to exercise dissent rights are advised to seek legal advice as failure to strictly comply with the statutory procedures will result in the loss of dissent rights.

General Matters

It is not known whether any other matters will come before the Meeting other than those set forth above and in the Notice of Meeting, but if any other matters do arise, the person named in the Proxy intends to vote on any poll, in accordance with his or her best judgement, exercising discretionary authority with respect to amendments or variations of matters set forth in the Notice of Meeting and other matters which may properly come before the Meeting or any adjournment of the Meeting.

Terms defined in NI 51-102 have the same meaning in this Statement of Executive Compensation.

For the purpose of this Statement of Executive Compensation:

"**Company**" means Stellar AfricaGold Inc.;

"**NEO**" or "**named executive officer**" means each of the following individuals:

Based on the foregoing definition, during the financial year ended July 31, 2018, the Company had three Named Executive Officers ("**NEOs**") being, John Cumming, the Chief Executive Officer ("**CEO**"), Jean François Lalonde, the Chief Financial Officer ("**CFO**") and Maurice Giroux, the Chief Operating Officer and former CEO.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Discussion and Analysis

The Company is a mineral exploration corporation which currently does not have positive earnings. The board of directors of the Company is responsible for final approval of all executive compensation, including long-term incentives in the form of stock options, to be granted to the Chief Executive Officer, the Chief Financial Officer, the Chief Operating Officer and the directors. The board of directors meets to discuss and determine management compensation without reference to formal criteria.

The general objective of the Company's compensation structure is to: (i) compensate management in a manner that encourages and rewards a high level of performance and outstanding results with a view to increasing long-term shareholder value; (ii) align management's interests with the long-term interests of shareholders; (iii) provide a compensation package that is commensurate with other junior mining exploration companies in order to enable the

Company to attract and retain talent; and (iv) ensure that the total compensation package is designed in a manner that takes into account the constraints under which the Company operates and taking into account that it is a junior mining exploration corporation without a history of earnings.

Neither the Board nor the compensation committee of the Company (the "Compensation Committee") has conducted a formal evaluation of the implications of the risks associated with the Company's compensation policies and practices. However, risk management is a factor the Board is conscious of when implementing its compensation program, and the Board and the Compensation Committee believe that the weighting between short-term compensation (base salary) and long-term compensation (incentive stock options) and the absence of any defined short-term bonus compensation make it unlikely that a NEO would take inappropriate or excessive short-term risks at the expense of the Company or its shareholders that would have a material adverse effect on their long-term stock option compensation.

Due to the small size of the Company and the nature of the Company's business activity, the Board can closely monitor and consider any risks which may be associated with the Company's compensation policies and practices. Risks, if any, may be identified and mitigated through regular meetings of the Board during which financial and other information of the Company are reviewed. No risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

The Company's NEOs and directors are not permitted to purchase financial instruments, including for greater certainty, prepaid variable forward contracts, equity swaps, collars or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

Elements of Executive Compensation Program

The Company's compensation program consists of the following elements:

- (a) Base salary or consulting fees;
- (b) Bonus payments; and
- (c) Equity participation through the Company's incentive stock option plan.

Base Salary or Consulting Fees

The Company believes that base salaries provide an immediate short-term cash incentive to management. Base salary ranges for executive officers were initially determined upon a review of companies within the mineral exploration sector, which were of the same size as the Company, at the same stage of development as the Company and considered comparable to the Company.

In determining the base salary of a NEO, the board of directors considers the following factors:

- (a) the responsibilities related to the position;
- (b) salaries paid by other companies in the mineral exploration sector;
- (c) the experience level of the executive officer;
- (d) the amount of time and commitment which the executive officer devotes to the Company; and

- (e) the executive officer's overall performance and performance in relation to the achievement of corporate milestones and objectives.

Bonus Payments

Each of the NEOs is eligible for an annual bonus which could be paid either in cash or in shares. The amount paid would be based on the Board's assessment of the Company's performance for the year. Factors considered in determining bonus amounts would include individual performance, financial criteria (such as cash flow and share price performance) and operational criteria (such as significant mineral property acquisitions, resource growth and the attainment of corporate milestones).

The Company has not awarded any bonuses for the past three financial years.

Share-Based and Option-Based Awards

The Company does not grant share-based awards.

Stock options are granted to provide an incentive to the directors and NEOs of the Company to promote the longer term objectives of the Company; to give suitable recognition to the ability and industry of those persons who contribute materially to the success of the Company; and to attract and retain persons of experience and ability by providing them with the opportunity to acquire an ownership interest in the Company and accumulate capital linked directly to the Company's long-term performance. The Board awards stock options to its NEOs based upon the recommendation of the Compensation Committee. Previous grants of incentive stock options are accounted for when considering new stock option allocations. No intended option beneficiary participates in either the Compensation Committee or board discussion regarding their own stock option allocation nor do they vote in respect of the grant of those options. All intended option beneficiaries are entitled to make representations and advocate on their own behalf to the Compensation Committee and the board.

Implementation of the incentive stock option plan and any amendment of the existing stock option plan are the responsibility of the Company's board.

Compensation Governance

The Compensation Committee, on behalf of the Board, monitors compensation for the executive officers of the Company. The Compensation Committee currently consists of three members; namely, François Lalonde, Maurice Giroux and John Cumming. Due to the small size of the board, none of the members of the Compensation Committee are considered to be independent.

The Compensation Committee reviews and approves annually corporate goals and objectives relevant to NEO compensation, including the evaluation and the performance of the CEO, COO and CFO taking into account those corporate goals and objectives, and makes recommendations to the Board with respect to NEO compensation levels (including both salary and stock option allocations). Individual performance in connection with the achievement of corporate milestones and objectives is also reviewed for all NEOs. No NEO participates in the discussion or decisions relating to their own compensation.

All members of the Compensation Committee have direct experience which is relevant to their responsibilities as Compensation Committee members. All members are or have held senior executive roles within public companies, and therefore have a sufficient understanding of compensation programs. They also have good financial understanding which allows them to assess the costs versus benefits of compensation plans. The members combined experience in the resource sector provides them with the understanding of the Company's success factors and risks, which is very important when determining metrics for measuring success.

Narrative discussion of the Company's incentive stock option plan

The Company's incentive stock option plan (the "Stock Option Plan") and was approved at the Company's Annual General Meeting December 18, 2018. The Stock Option Plan provides that the maximum aggregate number of shares that may be reserved for issuance under the Stock Option Plan at any point in time is 10% of the outstanding shares at the time Plan Shares are reserved for issuance.

The Stock Option Plan is administered by the Board of Directors and enables the Company to grant stock options to directors and executive officers at the discretion of the Board. Employees of and consultants to the Company are also eligible for grants of stock option within the total 10% maximum number of available options. The term of any options granted under the Stock Option Plan is fixed by the Board of Directors and may not exceed ten (10) years.

The exercise price of options granted under the Stock Option Plan will be determined by the Board of Directors at the time of granting, but the exercise price must not be less than the lowest price permitted by the TSX-V. Any options granted pursuant to the Stock Option Plan will terminate at the end of the period of time (to be determined in each instance by the Board of Directors at the time of grant, such period of time to not be in excess of one year after the option holder ceasing to act as a director, executive officer, employee or consultant of the Company or any of its affiliates, unless such cessation is on account of death, disability or termination of employment with cause). If such cessation is because of disability or death, the options terminate on the first anniversary of such cessation, and if it is because of termination of employment with cause, the options terminate immediately.

The Stock Option Plan also provides for adjustments to outstanding options in the event of any consolidation, subdivision, conversion or exchange of the Company's shares. The directors of the Company may, at its discretion at the time of any grant, impose a schedule over which period of time the option will vest and become exercisable by the optionee.

Subject to the approval of any stock exchange on which the Company's securities are listed, the Board may terminate, suspend or amend the terms of the Stock Option Plan, provided that the Board may not do any of the following without obtaining, within twelve (12) months either before or after the Board's adoption of a resolution authorizing such action, shareholder approval, and, where required, Disinterested Shareholder approval, or by the written consent of the holders of a majority of the outstanding securities of the Company entitled to vote:

1. increase the aggregate number of common shares which may be issued under the Stock Option Plan;
2. materially modify the requirements as to the eligibility for participation in the Stock Option Plan which would have the potential of broadening or increasing Insider participation;
3. add any form of financial assistance or any amendment to a financial assistance provision which is more favourable to participants under the Stock Option Plan;
4. add a cashless exercise feature, payable in cash or securities, which does not provide for a full deduction of the number of underlying securities from the Stock Option Plan reserve; and
5. materially increase the benefits accruing to participants under the Stock Option Plan.

However, the Board may amend the terms of the Stock Option Plan to comply with the requirements of any applicable regulatory authority without obtaining shareholder approval, including:

1. amendments to the Stock Option Plan of a housekeeping nature;
2. a change to the vesting provisions of a security or the Stock Option Plan; and
3. a change to the termination provisions of a security or the Stock Option Plan which does not entail an extension beyond the original expiry date.

Grants of incentive stock options to John Cumming are tied to his executive management services agreement. All other grants are at the discretion of the board and tied to the Company's overall compensation objectives.

the Company shall pay to the Executive within ten (10) days of such termination a payment equal to thirty-six (36) months plus one month for each year of service to the Company times Current Compensation. For the purposes of this section 10.3, the term "Current Compensation" shall mean the sum of the annualized remuneration being then paid to the Executive plus the largest annual bonus paid to the Executive over the past five (5) years, all divided by twelve.

The Company shall also continue the group insurance benefits, if any, provided to the Executive, if any, under section 3.6 for twelve (12) months after the date of termination, provided that if the Company is unable to continue any such benefit by reason of the termination of this Agreement, it will instead pay to the Executive an amount equal to the present cost of providing such benefit coverage to the Executive for a period of twentyfour (24) months.

In addition, the Company shall reimburse the Executive within ten (10) days of such termination for all reasonable expenses as contemplated by section 3.3.

10.4 In the event of the termination of this Agreement:

- (a) by the Executive pursuant to subsection 8.1(a) of this Agreement; (b) by the Company pursuant to subsection 8.2(a) of this Agreement;

DISSENT RIGHTS SECTIONS 237-247 OF THE BCBCA

Definitions and Application 237(1)

In this Division:

"dissenter" means a shareholder who, being entitled to do so, sends written notice of dissent when and as required by section 242;
"notice shares" means, in relation to a notice of dissent, the shares in respect of which dissent is being exercised under the notice of dissent;

"payout value" means,

- (a) in the case of a dissent in respect of a resolution, the fair value that the notice shares had immediately before the passing of the resolution,
- (b) in the case of a dissent in respect of an arrangement approved by a court order made under section 291(2)(c) that permits dissent, the fair value that the notice shares had immediately before the passing of the resolution adopting the arrangement,
- (c) in the case of a dissent in respect of a matter approved or authorized by any other court order that permits dissent, the fair value that the notice shares had at the time specified by the court order, or
- (d) in the case of a dissent in respect of a community contribution company, the value of the notice shares set out in the regulations,

excluding any appreciation or depreciation in anticipation of the corporate action approved or authorized by the resolution or court order unless exclusion would be inequitable.

(2) This Division applies to any right of dissent exercisable by a shareholder except to the extent that

- (a) the court orders otherwise, or
- (b) in the case of a right of dissent authorized by a resolution referred to in section 238(1)(g), the court orders otherwise or the resolution provides otherwise.

Right to dissent

238(1) A shareholder of a company, whether or not the shareholder's shares carry the right to vote, is entitled to dissent as follows:

- (a) under section 260, in respect of a resolution to alter the articles
 - (i) to alter restrictions on the powers of the company or on the business it is permitted to carry on, or
 - (ii) without limiting subparagraph (i), in the case of a community contribution company, to alter any of the company's community purposes within the meaning of section 51.91;
- (b) under section 272, in respect of a resolution to adopt an amalgamation agreement;
- (c) under section 287, in respect of a resolution to approve an amalgamation under Division 4 of Part 9;
- (d) in respect of a resolution to approve an arrangement, the terms of which arrangement permit dissent;
- (e) under section 301 (5), in respect of a resolution to authorize or ratify the sale, lease or other disposition of all or substantially all of the company's undertaking;
- (f) under section 309, in respect of a resolution to authorize the continuation of the company into a jurisdiction other than British Columbia;
- (g) in respect of any other resolution, if dissent is authorized by the resolution;
- (h) in respect of any court order that permits dissent.

(2) A shareholder wishing to dissent must

- (a) prepare a separate notice of dissent under section 242 for
 - (i) the shareholder, if the shareholder is dissenting on the shareholder's own behalf, and
 - (ii) each other person who beneficially owns shares registered in the shareholder's name and on whose behalf the shareholder is dissenting,
- (b) identify in each notice of dissent, in accordance with section 242 (4), the person on whose behalf dissent is being exercised in that notice of dissent, and
- (c) dissent with respect to all of the shares, registered in the shareholder's name, of which the person identified under paragraph (b) of this subsection is the beneficial owner.

(3) Without limiting subsection (2), a person who wishes to have dissent exercised with respect to shares of which the person is the beneficial owner must

- (a) dissent with respect to all of the shares, if any, of which the person is both the registered owner and the beneficial owner, and
- (b) cause each shareholder who is a registered owner of any other shares of which the person is the beneficial owner to dissent with respect to all of those shares.

Waiver of right to dissent

239(1) A shareholder may not waive generally a right to dissent but may, in writing, waive the right to dissent with respect to a particular corporate action.

(2) A shareholder wishing to waive a right of dissent with respect to a particular corporate action must

- (a) provide to the company a separate waiver for
 - (i) the shareholder, if the shareholder is providing a waiver on the shareholder's own behalf, and
 - (ii) each other person who beneficially owns shares registered in the shareholder's name and on whose behalf the shareholder is providing a waiver, and
 - (b) identify in each waiver the person on whose behalf the waiver is made.
- (3) If a shareholder waives a right of dissent with respect to a particular corporate action and indicates in the waiver that the right to dissent is being waived on the shareholder's own behalf, the shareholder's right to dissent with respect to the particular corporate action terminates in respect of the shares of which the shareholder is both the registered owner and the beneficial owner, and this Division ceases to apply to
- (a) the shareholder in respect of the shares of which the shareholder is both the registered owner and the beneficial owner, and
 - (b) any other shareholders, who are registered owners of shares beneficially owned by the first mentioned shareholder, in respect of the shares that are beneficially owned by the first mentioned shareholder.
- (4) If a shareholder waives a right of dissent with respect to a particular corporate action and indicates in the waiver that the right to dissent is being waived on behalf of a specified person who beneficially owns shares registered in the name of the shareholder, the right of shareholders who are registered owners of shares beneficially owned by that specified person to dissent on behalf of that specified person with respect to the particular corporate action terminates and this Division ceases to apply to those shareholders in respect of the shares that are beneficially owned by that specified person.

Notice of resolution

240(1) If a resolution in respect of which a shareholder is entitled to dissent is to be considered at a meeting of shareholders, the company must, at least the prescribed number of days before the date of the proposed meeting, send to each of its shareholders, whether or not their shares carry the right to vote,

- (a) a copy of the proposed resolution, and
 - (b) a notice of the meeting that specifies the date of the meeting, and contains a statement advising of the right to send a notice of dissent.
- (2) If a resolution in respect of which a shareholder is entitled to dissent is to be passed as a consent resolution of shareholders or as a resolution of directors and the earliest date on which that resolution can be passed is specified in the resolution or in the statement referred to in paragraph (b), the company may, at least 21 days before that specified date, send to each of its shareholders, whether or not their shares carry the right to vote,
- (a) a copy of the proposed resolution, and
 - (b) a statement advising of the right to send a notice of dissent.
- (3) If a resolution in respect of which a shareholder is entitled to dissent was or is to be passed as a resolution of shareholders without the company complying with subsection (1) or (2), or was or is to be passed as a directors' resolution without the company complying with subsection (2), the company must, before or within 14 days after the passing of the resolution, send to each of its shareholders who has not, on behalf of every person who beneficially owns shares registered in the name of the shareholder, consented to the resolution or voted in favour of the resolution, whether or not their shares carry the right to vote,
- (a) a copy of the resolution,
 - (b) a statement advising of the right to send a notice of dissent, and
 - (c) if the resolution has passed, notification of that fact and the date on which it was passed.
- (4) Nothing in subsection (1), (2) or (3) gives a shareholder a right to vote in a meeting at which, or on a resolution on which, the shareholder would not otherwise be entitled to vote.

Notice of court orders

241 If a court order provides for a right of dissent, the company must, not later than 14 days after the date on which the company receives a copy of the entered order, send to each shareholder who is entitled to exercise that right of dissent

- (a) a copy of the entered order, and
- (b) a statement advising of the right to send a notice of dissent.

242(1) A shareholder intending to dissent in respect of a resolution referred to in section 238(1) (a), (b), (c), (d), (e) or (f) must,

 - (b) if the company has complied with section 240(3), send written notice of dissent to the company not more than 14 days after receiving the records referred to in that section, or
 - (c) if the company has not complied with section 240(1), (2) or (3), send written notice of dissent to the company not more than 14 days after the later of
 - (i) the date on which the shareholder learns that the resolution was passed, and
 - (ii) the date on which the shareholder learns that the shareholder is entitled to dissent.
- (2) A shareholder intending to dissent in respect of a resolution referred to in section 238(1) (g) must send written notice of dissent to the company
- (a) on or before the date specified by the resolution or in the statement referred to in section 240(2)(b) or (3)(b) as the last date by which notice of dissent must be sent, or

- (b) if the resolution or statement does not specify a date, in accordance with subsection (1) of this section.
- (3) A shareholder intending to dissent under section 238(1) (h) in respect of a court order that permits dissent must send written notice of dissent to the company
 - (a) within the number of days, specified by the court order, after the shareholder receives the records referred to in section 241, or
 - (b) if the court order does not specify the number of days referred to in paragraph (a) of this subsection, within 14 days after the shareholder receives the records referred to in section 241.
- (4) A notice of dissent sent under this section must set out the number, and the class and series, if applicable, of the notice shares, and must set out whichever of the following is applicable:
 - (a) if the notice shares constitute all of the shares of which the shareholder is both the registered owner and beneficial owner and the shareholder owns no other shares of the company as beneficial owner, a statement to that effect;
 - (b) if the notice shares constitute all of the shares of which the shareholder is both the registered owner and beneficial owner but the shareholder owns other shares of the company as beneficial owner, a statement to that effect and
 - (i) the names of the registered owners of those other shares,
 - (ii) the number, and the class and series, if applicable, of those other shares that are held by each of those registered owners, and
 - (iii) a statement that notices of dissent are being, or have been, sent in respect of all of those other shares;
 - (c) if dissent is being exercised by the shareholder on behalf of a beneficial owner who is not the dissenting shareholder, a statement to that effect and
 - (i) the name and address of the beneficial owner, and
 - (ii) a statement that the shareholder is dissenting in relation to all of the shares beneficially owned by the beneficial owner that are registered in the shareholder's name.
- (5) The right of a shareholder to dissent on behalf of a beneficial owner of shares, including the shareholder, terminates and this Division ceases to apply to the shareholder in respect of that beneficial owner if subsections (1) to (4) of this section, as those subsections pertain to that beneficial owner, are not complied with.

Notice of intention to proceed

- 243(1) A company that receives a notice of dissent under section 242 from a dissenter must,
- (a) if the company intends to act on the authority of the resolution or court order in respect of which the notice of dissent was sent, send a notice to the dissenter promptly after the later of
 - (i) the date on which the company forms the intention to proceed, and
 - (ii) the date on which the notice of dissent was received, or
 - (b) if the company has acted on the authority of that resolution or court order, promptly send a notice to the dissenter.
- (2) A notice sent under subsection (1) (a) or (b) of this section must
- (a) be dated not earlier than the date on which the notice is sent,
 - (b) state that the company intends to act, or has acted, as the case may be, on the authority of the resolution or court order, and
 - (c) advise the dissenter of the manner in which dissent is to be completed under section 244.

Completion of dissent

- 244(1) A dissenter who receives a notice under section 243 must, if the dissenter wishes to proceed with the dissent, send to the company or its transfer agent for the notice shares, within one month after the date of the notice,
- (a) a written statement that the dissenter requires the company to purchase all of the notice shares,
 - (b) the certificates, if any, representing the notice shares, and
 - (c) if section 242 (4) (c) applies, a written statement that complies with subsection (2) of this section.
- (2) The written statement referred to in subsection (1) (c) must
- (a) be signed by the beneficial owner on whose behalf dissent is being exercised, and
 - (b) set out whether or not the beneficial owner is the beneficial owner of other shares of the company and, if so, set out
 - (i) the names of the registered owners of those other shares,
 - (ii) the number, and the class and series, if applicable, of those other shares that are held by each of those registered owners, and
 - (iii) that dissent is being exercised in respect of all of those other shares.
- (3) After the dissenter has complied with subsection (1),
- (a) the dissenter is deemed to have sold to the company the notice shares, and
 - (b) the company is deemed to have purchased those shares, and must comply with section 245, whether or not it is authorized to do so by, and despite any restriction in, its memorandum or articles.
- (4) Unless the court orders otherwise, if the dissenter fails to comply with subsection (1) of this section in relation to notice shares, the right of the dissenter to dissent with respect to those notice shares terminates and this Division, other than section 247, ceases to apply to the dissenter with respect to those notice shares.

- (5) Unless the court orders otherwise, if a person on whose behalf dissent is being exercised in relation to a particular corporate action fails to ensure that every shareholder who is a registered owner of any of the shares beneficially owned by that person complies with subsection (1) of this section, the right of shareholders who are registered owners of shares beneficially owned by that person to dissent on behalf of that person with respect to that corporate action terminates and this Division, other than section 247, ceases to apply to those shareholders in respect of the shares that are beneficially owned by that person.
- (6) A dissenter who has complied with subsection (1) of this section may not vote, or exercise or assert any rights of a shareholder, in respect of the notice shares, other than under this Division.

Payment for notice shares

- 245(1) A company and a dissenter who has complied with section 244(1) may agree on the amount of the payout value of the notice shares and, in that event, the company must (a) promptly pay that amount to the dissenter, or
- (b) if subsection (5) of this section applies, promptly send a notice to the dissenter that the company is unable lawfully to pay dissenters for their shares.
- (2) A dissenter who has not entered into an agreement with the company under subsection (1) or the company may apply to the court and the court may
 - (a) determine the payout value of the notice shares of those dissenters who have not entered into an agreement with the company under subsection (1), or order that the payout value of those notice shares be established by arbitration or by reference to the registrar, or a referee, of the court;
 - (b) join in the application each dissenter, other than a dissenter who has entered into an agreement with the company under subsection (1), who has complied with section 244(1), and
 - (c) make consequential orders and give directions it considers appropriate.
 - (3) Promptly after a determination of the payout value for notice shares has been made under subsection (2)(a) of this section, the company must
 - (a) pay to each dissenter who has complied with section 244 (1) in relation to those notice shares, other than a dissenter who has entered into an agreement with the company under subsection (1) of this section, the payout value applicable to that dissenter's notice shares, or
 - (b) if subsection (5) applies, promptly send a notice to the dissenter that the company is unable lawfully to pay dissenters for their shares.
 - (4) If a dissenter receives a notice under subsection (1)(b) or (3)(b),
 - (a) the dissenter may, within 30 days after receipt, withdraw the dissenter's notice of dissent, in which case the company is deemed to consent to the withdrawal and this Division, other than section 247, ceases to apply to the dissenter with respect to the notice shares, or
 - (b) if the dissenter does not withdraw the notice of dissent in accordance with paragraph (a) of this subsection, the dissenter retains a status as a claimant against the company, to be paid as soon as the company is lawfully able to do so or, in a liquidation, to be ranked subordinate to the rights of creditors of the company but in priority to its shareholders.
 - (5) A company must not make a payment to a dissenter under this section if there are reasonable grounds for believing that
 - (a) the company is insolvent, or
 - (b) the payment would render the company insolvent.

Loss of right to dissent

246 The right of a dissenter to dissent with respect to notice shares terminates and this Division, other than section 247, ceases to apply to the dissenter with respect to those notice shares, if, before payment is made to the dissenter of the full amount of money to which the dissenter is entitled under section 245 in relation to those notice shares, any of the following events occur:

- (a) the corporate action approved or authorized, or to be approved or authorized, by the resolution or court order in respect of which the notice of dissent was sent is abandoned;
- (b) the resolution in respect of which the notice of dissent was sent does not pass;
- (c) the resolution in respect of which the notice of dissent was sent is revoked before the corporate action approved or authorized by that resolution is taken;
- (d) the notice of dissent was sent in respect of a resolution adopting an amalgamation agreement and the amalgamation is abandoned or, by the terms of the agreement, will not proceed;
- (e) the arrangement in respect of which the notice of dissent was sent is abandoned or by its terms will not proceed;
- (f) a court permanently enjoins or sets aside the corporate action approved or authorized by the resolution or court order in respect of which the notice of dissent was sent;
- (g) with respect to the notice shares, the dissenter consents to, or votes in favour of, the resolution in respect of which the notice of dissent was sent;
- (h) the notice of dissent is withdrawn with the written consent of the company;
- (i) the court determines that the dissenter is not entitled to dissent under this Division or that the dissenter is not entitled to dissent with respect to the notice shares under this Division.

Shareholders entitled to return of shares and rights

247 If, under section 244(4) or (5), 245(4) (a) or 246, this Division, other than this section, ceases to apply to a dissenter with respect to notice shares,

- (a) the company must return to the dissenter each of the applicable share certificates, if any, sent under section 244(1)(b) or, if those share certificates are unavailable, replacements for those share certificates,
- (b) the dissenter regains any ability lost under section 244(6) to vote, or exercise or assert any rights of a shareholder, in respect of the notice shares, and
- (c) the dissenter must return any money that the company paid to the dissenter in respect of the notice shares under, or in purported compliance with, this Division.
