SOLICITATION OF PROXIES

The enclosed proxy is being solicited by Management for use at the Meeting. Although it is expected that the solicitation of proxies will be primarily by mail, proxies may also be solicited personally or by telephone, facsimile or other means of communication by the officers, directors and employees of the Corporation, none of whom will be specifically remunerated therefor. The cost of any such solicitation will be borne by the Corporation.

There is enclosed with this Circular a proxy form for use at the Meeting, and a supplementary mailing list return card to be used to request inclusion on the Corporation's supplementary mailing list for its annual and interim financial statements. Each registered Shareholder ("**Registered Shareholder**") of record at the close of business on July 28, 2021 is entitled to attend the Meeting and vote either in person or by proxy.

In accordance with National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**NI 54-101**"), arrangements have been made with intermediaries (collectively, the "**Intermediaries**", or individually, an "**Intermediary**") or their nominees (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered Registered Retirement Savings Plans, Registered Retirement Income Funds, Registered Education Savings Plans and similar plans) to forward proxy-related materials to the Objecting Beneficial Shareholders (as defined below) whose Common Shares are held by or in custody of such Intermediaries. Such Intermediaries are required to forward such documents to Objecting Beneficial Shareholders unless an Objecting Beneficial Shareholder has waived the right to receive them.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the enclosed form of proxy are officers and directors of the Corporation. As a Shareholder, you have the right to appoint a person, who need not be a Shareholder, to represent you at the Meeting. To exercise this right you should insert the name of your representative in the blank space provided on the form of proxy and strike out the other names or submit another appropriate proxy. The form of proxy should be dated and executed by the Shareholder or an attorney, authorized in writing and with proof of the authorization attached. A proxy may be revoked by a registered Shareholder personally attending at the Meeting and voting his Voting Securities in person.

A form of proxy will not be valid for the Meeting or any adjournment unless it is completed and delivered to TSX Trust Company, 301 - 100 Adelaide Street West, Toronto, Ontario M5H 4H1 no later than 10:00 AM MDT on September 14, 2021 or any adjournment thereof. You may also send your proxies by fax to (416) 595-9593 or vote your shares online at www.voteproxyonline.com.

The Voting Securities represented by the Shareholder proxy will be voted or withheld from voting in accordance with the instructions of the Shareholder on any ballot that may be called for and that, if the Shareholder specifies a choice with respect to the matter to be acted upon, the Voting Securities will be voted accordingly.

A Shareholder may revoke his proxy at any time prior to a vote. In addition to revocation in any other manner permitted by law, a proxy may be revoked by depositing an instrument in writing executed by the Shareholder or by his authorized attorney in writing, or, if the Shareholder is a company, under its corporate seal by an officer or attorney duly authorized, either at the registered office of the Corporation or with TSX Trust Company, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment at which the proxy is to be used, or with the Chair of the Meeting on the day of the Meeting, or any adjournment.

ADVICE TO BENEFICIAL HOLDERS OF SHARES

The information set forth in this section is of significant importance to many Shareholders as a substantial number of Shareholders do not hold Voting Securities, in which they have a beneficial interest, in their own name (the "**Beneficial Shareholders**").

Beneficial Shareholders should note that only proxies deposited by Shareholders who appear on the records of the registrar and transfer agent will be recognized at the Meeting. If the Voting Securities are listed in an account statement provided to a Beneficial Shareholder by a broker, those Voting Securities will, in all likelihood, not be registered in the Shareholder's name. Without specific instructions, brokers and their nominees are prohibited from voting shares held by Beneficial Shareholders.

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every broker and other intermediaries have their own mailing procedures and provide their own return instructions to clients which should be carefully followed by Beneficial Shareholders in order to ensure that their Voting Securities are voted at the Meeting. The majority of brokers delegate responsibility for obtaining instructions from clients to Broadridge Investor Communications Solutions, Canada ("**Broadridge**"). Broadridge mails a Voting Information Form (the "**VIF**") asking the Beneficial Shareholders to return the VIF to Broadridge by mail or by way of the Internet or telephone. A Beneficial Shareholder who receives a VIF cannot use that VIF to vote directly at the Meeting.

All reference to Shareholders in this Circular, the form of proxy and Notice are to registered Shareholders unless specifically stated otherwise.

NOTICE-AND-ACCESS

The Corporation has elected to use the "notice-and-access" provisions under National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**NI 54-101**") for the Meeting in

respect of the mailing of the Meeting materials to Beneficial Shareholders. The notice-and-access provisions are a set of rules developed by the Canadian Securities Administrators that reduce the volume of materials required to be physically mailed to shareholders by allowing a reporting issuer to post its proxy-related meeting materials on a website.

REQUEST FOR FINANCIAL STATEMENTS

National Instrument 51-102-*Continuous Disclosure Obligations* ("**NI 51-102**") sets out the procedures, for a Shareholder to receive financial statements. If you wish to receive financial statements, you may use the enclosed form or provide instructions in any other written format.

Except as set forth above, or as otherwise required by the *Business Corporations Act* (Alberta) (the "**ABCA**"), the holder of the Series 8 Preferred Share shall not be entitled to vote at any meeting of the Shareholders of the Corporation.

The holder of the Series A Preferred Shares, being DHCT, is entitled to receive notice of, attend, and vote at all meetings of the Shareholders of the Corporation which the holders of the Common Shares are entitled to attend and shall have one (1) vote at all such meetings of the Shareholders of the Corporation for each Common Share into which a Series A Preferred Share is convertible (on the Record Date) calculated by dividing the initial subscription price of each Series A Preferred Share (being \$10.00) by the Fixed Conversion Price then in effect (being \$0.24) and rounded down to the nearest whole number. INCENTIVE STOCK OPTION PLAN

The Corporation currently has a fixed number stock option plan (the "**Option Plan**") whereby 22,861,000 incentive stock options (each an "**Option**" and collectively, the "**Options**") can be granted pursuant to the Option Plan. The Option Plan has served as an integral component of the Corporation's compensation system.

At the request of the Corporation, and on the approval of the Audit Committee and Board, BDO resigned and the Board appointed KPMG as the new auditor of the Corporation as of the Effective Date. Accordingly, at the Meeting, Shareholders will be asked to vote in favour of a resolution to appoint KPMG as the new auditors of the Corporation to hold office until the next annual general meeting of Shareholders and to authorize the directors to fix their remuneration. The Board, on the advice of the Audit Committee, recommends that the Shareholders vote in favour of the re-appointment of KPMG as auditors until the close of the next annual meeting at such remuneration as may be approved by the Board.

Unless otherwise directed, it is the intention of the management designees, if named as proxy, to vote proxies in the accompanying form in favour of an ordinary resolution to appoint KPMG, as auditors of the Corporation to hold office until the next annual general meeting of Shareholders and to authorize the directors to fix their remuneration, the text of which is as follows:

STOCK OPTION PLANS AND OTHER INCENTIVE PLANS

The Board established the Option Plan whereby the Corporation may grant Options to purchase Common Shares to the directors, officers, employees, and consultants of the Corporation. Options generally vest in three tranches, the first tranche immediately, the second tranche in one year's time and the third tranche in two years' time. The Option Plan allows for a maximum term of ten years on any Option issued. The Option Plan is fixed and therefore the Corporation, at the discretion of the Board, may issue up to a maximum of 22,861,000 Options. The Option Plan was last approved by the shareholders of the Corporation on October 8, 2020. The minimum price at which the Options may be granted is the Discounted Market Price (as defined by the TSXV Corporate Finance Manual) on the date of issue.

Options issued in June 2013, October 2014 and March 2015 are only exercisable following two consecutive quarters of positive earnings before interest, taxes, depreciation and amortization. Management has estimated that as at September 30, 2018, 2,857,316 Options are not exercisable as the performance indicator has not been achieved and there is uncertainty as to when it will be achieved, resulting in no stock-based compensation being recognized.

As set out herein, the Corporation has 367,078,664 issued and outstanding common shares and therefore would like to increase the number of Options available for issuance pursuant to the Option Plan to 36,708,000 Options, exercisable for an aggregate of 36,708,000 Common Shares, being approximately 10% of the issued and outstanding Common Shares. The Amendment would provide management and the Board with more flexibility to reward current employees, officers and directors and to provide a competitive employment package to new employees. Except as otherwise discussed herein, all of the terms of the Option Plan will remain unchanged. A copy of the Amended Option Plan is attached as Appendix C to this Circular.

EMPLOYMENT, CONSULTING AND MANAGEMENT AGREEMENTS

CONSULTING AGREEMENT – J. HOLLAND CONSULTING

The Corporation entered into a consulting agreement with J. Holland Consulting for Mr. Holland to render his services as the CEO of the Corporation for an annual consulting fee of \$150,000 effective November 15, 2010. Effective November 21, 2016, the consulting agreement was amended to increase the annual consulting fees to \$252,000. The agreement allows for a bonus of 30% of the consulting fee an annual increase of 5% to be paid subject to approval from the Board. The consulting agreement remained in place following Mr. Holland's appointment as CEO in August 2015 and is currently in effect.

TERMINATION AND CHANGE OF CONTROL BENEFITS

Except as specifically described below in respect of Mr. Carten, the Corporation is not a party to any contract, agreement, plan or arrangement that provides for payments to a NEO or director at, following or in connection with any termination (whether voluntary, involuntary or constructive), resignation, retirement, a change in control of the Corporation, its subsidiaries or affiliates or a change in a NEOs responsibilities.

In addition, the directors were reimbursed for expenses incurred in carrying out their duties as directors.

During the year ended September 30, 2020, Mr. Powlick did not receive any retainer as a director, due to policies of Doughty Hanson Technology Ventures.

Other than the Plan, the Corporation does not have share-based award plans, non-equity incentive plans or pension plans for its directors.

OVERSIGHT AND DESCRIPTION OF DIRECTOR AND NAMED EXECUTIVE OFFICER COMPENSATION

NEO COMPENSATION GOVERNANCE

Objectives and Philosophy of the Compensation Program

The overall compensation program is intended to attract and retain competent, committed individuals who will ensure the long-term success of the Corporation by rewarding performance and contributions to the achievement of corporate goals and objectives. The Corporation strives to maintain alignment between the interests of shareholders with those of executives and key employees. To this end, salaries for the CEO and certain of the key employees, have been held significantly below market, and employees and executives have been awarded Options, allowing the Corporation to offer a competitive compensation package and encouraging investment in the Corporation.

Criteria for Compensation

The compensation policy is based largely upon the market value of the type of job the individual performs, the experience, skills, knowledge and responsibilities of the individual and their level of individual performance.

Elements of Compensation and Determination of Amounts for each Element

The Corporation strives to provide a competitive compensation package, with a direct link to corporate performance, by emphasizing the components of cash and Options to motivate highly qualified personnel. To this end, the Corporation compensates its executive officers through base salary and the award of Options to acquire Common Shares under the Plan, all at levels which the Corporation believes are reasonable in light of the performance of the Corporation under the leadership of the executive officers.

Base Salary

Base salary is intended to compensate core competencies in the executive role relative to skills, level of responsibility, industry experience, individual performance and contribution to the growth of the Corporation. Base salary provides fixed compensation determined by reference to competitive market information. Salaries of certain executive officers have historically been kept significantly below those of the industry and general marketplace because a greater emphasis is placed on Options in order to better align the interests of executives with those of shareholders. Base salaries for executive officers are reviewed by the Board to ensure they are appropriate so as to protect the ability of the Corporation to hire and retain key personnel.

Options

Long-term equity-based incentive compensation through the granting of Options is an important element of the compensation policy because it rewards long-term performance by allowing executive officers and employees to participate in the long-term market appreciation of the Common Shares and the overall growth of the Corporation. The Board believes that the granting of Options is required for the Corporation to be competitive from a total remuneration standpoint and to encourage retention. The granting of Options also promotes the alignment of interests of shareholders and executives.

With respect to the granting of Options, the Board reviews the recommendation of the CEO regarding Option awards. The CEO bases his decision upon the seniority, level of responsibility and the contribution of each individual toward the Corporation's goals and objectives. Consideration is also given to the overall number of Options that are outstanding relative to the number of outstanding Common Shares in determining whether to make any new grants of Options.

As at September 30, 2020, the maximum number of shares issuable upon exercise of the outstanding Options was 5,925,013. Additionally, 2,857,316 Options had vested but were not exercisable because the performance indicator described above had not been met and 2,389,987 were unvested. Pursuant to the terms of the Plan, the Board has the discretion to determine the fixed term of the Options, which shall not exceed ten years, and vesting provisions of the Options at the time of granting, including earlier termination provisions for the stock options. The Board shall have the discretion to amend the date upon which Options will terminate on a case by case basis.

Benefits

The NEOs are eligible to participate in the same benefits as offered to all full-time employees. The Corporation does not view these benefits as a significant element of its compensation structure but does believe that they can be used in conjunction with base salary to attract, motivate and retain individuals in a competitive environment.

Assessment of Compensation

The compensation of the CEO is determined by the Board and the compensation for all other executive officers is determined by the Board after consideration of the recommendations of the CEO.

The Corporation recognizes that past and future success of the Corporation relies on its people and strives to foster compensation packages that promote the attraction, retention and development of quality personnel. Although salaries have historically been significantly below market, total compensation of executive officers is targeted to be competitive against similarly sized companies within the industry.

DIRECTOR COMPENSATION

Director compensation is determined through review of market rates that other directors are being paid on boards of similar types of companies of similar size. The Chairman of the Board provides final approval.

PENSION PLAN BENEFITS

The Corporation does not have in place any deferred compensation plan or pension plan that provides for payments or benefits at, following or in connection with retirement.

- other material written communications between the independent auditor and management, such as any management letter or schedule of unadjusted differences.

In addition to the foregoing, the Audit Committee shall:

- Discuss with the independent auditor matters relating to the conduct of the audit, including any difficulties encountered in the course of the audit work, any restrictions on the scope of activities or access to requested information and any significant disagreements with management.
- Review the financial statements, prospectuses, management's discussion and analysis, annual information form and all public disclosure containing audited or unaudited financial information of the Corporation (including, press releases and any other disclosures detailing earnings or financial results) before release and prior to Board approval. The Audit Committee must be satisfied that adequate procedures are in place for the review of the Corporation's disclosure of all other financial information and will periodically assess the accuracy of those procedures.
- Conduct an investigation sufficient to provide reasonable grounds for believing that the financial statements, management's discussion and analysis and any public disclosure documents containing financial information are complete in all material respects and consistent with the information known to Audit Committee members, and assess whether the financial statements reflect appropriate accounting principles.

RISK ASSESSMENT AND RISK MANAGEMENT

The Audit Committee shall:

- Periodically review and discuss with the Corporation's management guidelines and policies governing the Corporation's risk assessment and risk management processes.
- Review with the Corporation's management and the independent auditors, significant risks and exposures facing the Corporation, including management's plans and processes to minimize these risks.
- Evaluate whether the Corporation's management is adequately communicating the importance of internal control to all relevant personnel.
- Periodically privately consult with the independent auditor about the Corporation's internal controls and the completeness and accuracy of the Corporation's financial statements.
- Review whether the internal control recommendations made by the independent auditor are being implemented by the Corporation's management and, if not, why not.

OTHER RESPONSIBILITIES

- Review President, Chief Executive Officer and Chief Financial Officers' expenses and perquisites at least once a year.
- Review all consulting fees paid by the Corporation to any organization where such fees exceed \$20,000 annually.
- Institute special investigations, if necessary, and hire special counsel or experts to assist, if appropriate.
- Establish, and review annually, a procedure for:
 - the receipt, retention, and treatment of complaints received by the Corporation regarding accounting, internal accounting controls, or auditing matters; and
 - the confidential, anonymous submission by employees of the Corporation of concerns regarding questionable accounting or auditing matters and resolution of such concerns, if any.
- Review with the Board, any issues that arise with respect to the quality or integrity of the Corporation's financial statements, the Corporation's compliance with legal or regulatory requirements and the performance and independence of the Corporation's independent auditors.
- Perform other oversight functions as requested by the Board.

AUDIT COMMITTEE'S ROLE

The Audit Committee has the oversight role set out in this Charter. The Audit Committee shall review and assess the adequacy of this Charter periodically and, where necessary, will recommend changes to the Board of Directors for its approval.

Management, the Board of Directors and the independent auditor all play important roles in respect of compliance and the preparation and presentation of financial information. Management is responsible for compliance and the preparation of financial statements and periodic reports. Management is responsible for ensuring the Corporation's financial statements and disclosures are complete, accurate, in accordance with generally accepted accounting principles and applicable laws. The Board of Directors in its oversight role is responsible for ensuring that management fulfills its responsibilities. The independent auditor, following the completion of its annual audit, opines on the presentation, in all material respects, of the financial position and results of operations of the Corporation in accordance with International Financial Reporting Standards.

FUNDING FOR INDEPENDENT AUDITOR AND RETENTION OF INDEPENDENT ADVISORS

The Corporation shall provide for appropriate funding, as determined by the Audit Committee, for payment of compensation to the independent auditor for the purpose of issuing an audit report and to any advisors retained by the Audit Committee. The Audit Committee shall also have the authority to retain and determine the compensation of such other independent counsel and other advisors as it may from time to time deem necessary or advisable for its purposes and the payment of compensation therefor shall also be funded by the Corporation.

APPROVAL OF AUDIT AND REMITTED NON-AUDIT SERVICES PROVIDED BY EXTERNAL AUDITORS

Over the course of any year there will be two levels of approvals that will be provided. The first is the existing annual Audit Committee approval of the audit engagement and identifiable permitted non-audit services for the

coming year. The second is in-year Audit Committee pre-approvals of proposed audit and permitted non-audit services as they arise.

Any proposed audit and permitted non-audit services to be provided by an external auditor to the Corporation or its subsidiaries must receive prior approval from the Audit Committee, in accordance with this protocol. The Chief Financial Officer shall act as the primary contact to receive and assess any proposed engagements from an external auditor.

Following receipt and initial review for eligibility by the primary contacts, a proposal would then be forwarded to the Audit Committee for review and confirmation that a proposed engagement is permitted.

In the majority of such instances, proposals may be received and considered by the Chair of the Audit Committee (or such other member of the Audit Committee who may be delegated authority to approve audit and permitted non-audit services), for approval of the proposal on behalf of the Audit Committee. The Audit Committee Chair will then inform the Audit Committee of any approvals granted at the next scheduled meeting.

PROCEDURE GOVERNING ERRORS OR MISSTATEMENTS IN FINANCIAL STATEMENTS

In the event a director or an officer of the Corporation has reason to believe, after discussion with management, that a material error or misstatement exists in financial statements of the Corporation, that director or officer shall forthwith notify the Audit Committee and the auditor of the error or misstatement of which the director or officer becomes aware in a financial statement that the auditor or a former auditor has reported on.

If the auditor or a former auditor of the Corporation is notified or becomes aware of an error or misstatement in a financial statement on which the auditor or former auditor has reported, and if in the auditor's or former auditor's opinion the error or misstatement is material, the auditor or former auditor shall inform each director accordingly.

When the Audit Committee or the Board is made aware of an error or misstatement in a financial statement the Board shall prepare and issue revised financial statements or otherwise inform the shareholders of the Corporation and file such revised financial statements as required.

LIMITATION ON AUDIT COMMITTEE MEMBERS' DUTIES

Nothing in this Charter is intended, or may be construed, to impose on any member of the Audit Committee a standard of care or diligence that is in any way more onerous or extensive than the standard required by law.

APPENDIX B

CORPORATE GOVERNANCE DISCLOSURE

Board of Directors

The board of directors of the Corporation (the "**Board**") exercises independent supervision over management by scheduling meetings of only independent directors to ensure that non-independent directors are not unduly influencing independent directors. Independent directors are Robert Penner, Graeme Stening, Karen Hayward and George Powlick. Mr. Carten is not considered independent due to his former relationship with the Corporation. Mr. Holland is not considered independent due to his current relationship as Chief Executive Officer of the Corporation.

Orientation and Continuing Education

The Board ensures that a new member is provided access to senior management to discuss the current business strategy, encourages new members to meet individually with current members to discuss historical information and has access to the minute books.

Ethical Business Conduct

The Board encourages ethical business conduct by ensuring that all members are experienced in leading corporations with ethical business standards.

Nomination of Directors

The Board as a whole proposes nominees and a majority of the independent directors meet with each nominee to ensure compatibility with current members.

Compensation

The Board reviews the CEO compensation on an annual basis. Director compensation is determined through review of market rates that other directors are being paid on boards of similar types of companies of similar size. The Chairman of the Board provides final approval. Robert Penner, Graeme Stening and Karen Hayward who are independent directors receive an annual stipend of \$25,000 plus \$500 per meeting. Robert Penner, chairman of the Audit Committee, receives an additional \$10,000 per year. The Board as a whole reviews the stock option plan of the Corporation and any grants to directors.

Assessments

The Board does not have a formal process where the Board, its committees and individual directors are regularly assessed with respect to their effectiveness and contribution. The Chairman of the Board reviews the attendance and performance of the committees on an informal basis.

Other Board Committees

The Board has expanded the Audit Committee responsibilities to include Corporate Governance oversight.

Appendix C

EGUANA TECHNOLOGIES INC.

Stock Option Plan

1 Purpose

The purpose of the Stock Option Plan (the "Plan") of Eguana Technologies Inc. (the "Corporation") is to advance the interests of the Corporation and each subsidiary of the Corporation (a "Subsidiary") by encouraging the directors, officers, management, consultants and employees of the Corporation and its Subsidiaries to acquire shares in the Corporation, thereby increasing their proprietary interest in the Corporation, encouraging them to remain associated with the Corporation and its Subsidiaries and furnishing them with additional incentive in their efforts on behalf of the Corporation and its Subsidiaries.

2 Administration

- a) The Plan shall be administered by the board of directors of the Corporation, or if appointed, by a special committee of Directors appointed from time to time by the Board of Directors of the Corporation (such committee, or if no such committee is appointed, the Board of Directors of the Corporation, is hereinafter referred to as the "Committee") pursuant to rules of procedure fixed by the Board of Directors.
- b) Each option granted under this Plan shall be evidenced by an agreement, signed on behalf of the Corporation and by the optionee, in such form, as the Committee shall approve. Each such agreement shall recite that it is subject to the provisions of this Plan.

3 Maintenance of Sufficient Capital

The Corporation shall at all times during the term of the Plan reserve and keep available such numbers of Common Shares as will be sufficient to satisfy the requirements of the Plan.

4. Eligibility and Participation

Directors, officers, management, consultants and employees of the Corporation and its Subsidiaries shall be eligible for selection to participate in the Plan (such persons herein collectively referred to as "Participants"). The Committee shall determine to whom options shall be granted, the terms and provisions of the respective option agreements, the time or times at which such options shall be granted, and the number of shares to be subject to each option, subject to the applicable rules and regulations of all regulatory authorities to which the Corporation is subject, including the TSX Venture Exchange (the "Exchange"). Currently the Exchange provides the following limitations:

- (a) the total number of common shares issuable shall not exceed 36,708,000, such number representing approximately 10.0% of the issued and outstanding common shares of the Corporation;
- (b) the number of Common Shares reserved for issuance, within a one-year period, to any one Optionee shall not exceed 5% of the Voting Shares;
- (c) the number of Common Shares reserved for issuance, within a one-year period, to any one Consultant of the Corporation may not exceed 2% of the Voting Shares;

- (d) the aggregate number of Common Shares reserved for issuance, within a one-year period, to Employees or Consultants conducting Investor Relations Activities may not exceed 2% of the Voting Shares; and
- (e) unless the Plan has been approved by the shareholders of the Corporation at a meeting thereof by a majority of the votes cast at the meeting, other than votes attaching to securities beneficially owned by Insiders of the Corporation to whom Common Shares may be issued pursuant to the Plan, and Associates of any such Insiders:
- (f) the maximum number of Common Shares reserved for issuance pursuant to options granted to Insiders at any time may not exceed 10% of the number of Voting Shares;
- (g) the maximum number of Common Shares which may be issued to Insiders, within a one-year period, may not exceed 10% of the number of Voting Shares; and
- (h) the maximum number of Common Shares which may be issued to any one Insider and the Associates of such Insider, within a one-year period, may not exceed 5% of the number of Voting Shares;

provided that for the purposes of paragraphs (i), (ii), and (iii) above, an entitlement granted prior to the grantee becoming an Insider may be excluded in determining the number of Common Shares issuable to Insiders.

5. Exercise Price

The exercise price of the Common Shares covered by each option shall be determined by the Committee when such option is granted. The exercise price shall be not less than the price permitted by the policy or policies of the Exchange or other stock exchanges on which the Common Shares of the Corporation are listed.

In the event that the Corporation proposes to reduce the exercise price of Options granted to an Optionee who is an Insider of the Corporation at the time of the proposed amendment, said amendment shall not be effective until disinterested shareholder approval has been obtained in respect of the exercise price reduction.

6. Vesting

The Committee may, in its sole discretion, determine the time during which Options shall vest and the method of vesting.

7. Option Period, Consideration and Payment

- a) The period within which such option shall be exercised (the "Option Period") shall be a period of time fixed by the Committee, not to exceed ten (10) years from the date the option is granted, provided that the Option Period shall be reduced with respect to any option as provided in Sections 8 and 9.
- b) Options that have vested may be exercised in whole or in part at any time and from time to time during the Option Period. To the extent required by the Exchange or any other stock exchange(s) on which the Common Shares of the Corporation are listed, no option may be exercised under this Plan until this Plan has been approved by a resolution duly passed by the shareholders of the Corporation.
- c) Except as set forth in Sections 8 and 9, no option may be exercised unless the Participant is at the time of such exercise a director, officer, manager, consultant or employee of the Corporation or a Subsidiary and where the Option has been granted for a specific service, the Option

may be exercised only upon completion of that service.

- d) The exercise of any option will be contingent upon receipt by the Corporation at its head office of a written notice of exercise, specifying the number of Common Shares with respect to which the option is being exercised, accompanied by cash payment, certified cheque or bank draft for the full purchase price of such shares with respect to which the option is exercised.

8. Ceasing To Be a Director, Officer, Manager or Employee

- a) If a Participant shall cease to be an employee and/or director of the Corporation or a Subsidiary for any reason other than death, disability or resignation, he may, but only within a period of 180 days next succeeding his ceasing to be an employee and/or director, exercise his option to the extent that he was entitled to exercise it at the date of such cessation.
- b) If a Participant shall cease to be an employee and/or director of the Corporation or a Subsidiary as a result of his resignation from the Corporation, he may, but only within a period of 90 days next succeeding his ceasing to be an employee and/or director, exercise his option to the extent that he was entitled to exercise it at the date of such cessation.
- c) If a Participant shall cease to be a consultant (excluding investor relations consultants) to the Corporation or a Subsidiary for any reason other than death or disability, he may, but only within a period of 90 days next succeeding his ceasing to be a consultant, exercise his option to the extent that he was entitled to exercise it at the date of such cessation.
- d) If a Participant shall cease to be an employee, director or consultant of the Corporation or a Subsidiary as a result of being dismissed from employment or service for cause, his options will immediately terminate without right to exercise same and shall be of no further force or effect.
- e) Notwithstanding the foregoing, the Board of Directors shall have the discretion to amend the date upon which such stock options will terminate on a case by case basis.

9. Death and/or Disability of Participant

In the event of the death or disability of a Participant, the option previously granted to him shall be exercisable only within the twelve (12) months next succeeding such death or disability and then, in the case of death of the Participant, only:

- i) By the person or persons to whom the Participants rights under the Option shall pass by the Participants will or the laws of descent and distribution; and
- ii) If and to the extent that he was entitled to exercise the option at the date of his death.

10. Rights of Optionee

No person entitled to exercise any option granted under this Plan shall have any of the rights or privileges of a shareholder of the Corporation in respect of any Common Shares issuable upon exercise of such option until certificates representing such Common Shares shall have been issued.

11. Proceeds from Sale of Shares

The proceeds from sale of Common Shares issued upon the exercise of options shall be added to the general funds of the Corporation and shall thereafter be used from time to time for such corporate purposes as the board of directors may determine and direct.

12. Adjustments

In the event that the outstanding Common Shares of the Corporation are changed into or exchanged for a different number or kind of shares or other securities of the Corporation, or in the event that there is a reorganization, amalgamation, consolidation, subdivision, reclassification, dividend payable in capital stock or other change in the capital stock of the Corporation, then each Participant holding an option shall thereafter upon the exercise of the option granted to him, be entitled to receive, in lieu of the number of Common Shares to which the Participant was theretofore entitled upon such exercise, the kind and amount of shares or other securities or property which the Participant would have been entitled to receive as a result of any such event if, on the effective date thereof, the Participant had been the holder of the Common Shares to which he was theretofore entitled upon such exercise.

13. Termination of Option in the Event of Take-Over Bid

In the event a take-over bid (as defined in the Securities Act (Alberta), which is not exempt from the takeover bid requirements of Part 14 of the Securities Act (Alberta) (or its replacement or successor provisions) shall be made for the Common Shares of the Corporation, the Corporation may determine that the Optionee shall have the right to exercise the Option to purchase all of the shares optioned but only if the shares may only be purchased for tender or exchange pursuant to the take-over bid and any unexercised options terminate upon completion of the take-over bid. If for any reason the shares are not tendered or exchanged for any reason, all the shares shall be cancelled and returned to treasury, shall be added back to the number of shares remaining unexercised under the option and the Corporation shall refund to the Optionee all of the consideration paid by the Optionee.

14. Transferability

All benefits, rights and options accruing to any Participant in accordance with the terms and conditions of the Plan shall not be transferable or assignable unless specifically provided herein. During the lifetime of a Participant any benefits, rights and options may only be exercised by the Participant.

15. Amendment and Termination of Plan

The Committee may amend or discontinue the Plan at any time, provided that no such amendment may, without the consent of the Optionee, alter or impair any Option previously granted to an Optionee under the Plan, and provided further that any amendment to the Plan will require the prior consent of the Exchange, or such other or additional stock exchange on which the Common Shares are listed for trading.

16. Common Shares Duly Issued

Common Shares issued upon the exercise of an Option granted hereunder will be validly issued and allotted as fully paid and non-assessable upon receipt by the Corporation of the Exercise Price therefore in accordance with the terms of the Option, and the issuance of Common Shares thereunder will not require a resolution or approval of the Board of Directors of the Corporation.

17. Necessary Approvals

The obligation of the Corporation to issue and deliver shares in accordance with the Plan is subject to any approvals that may be required from any regulatory authority or stock exchange having jurisdiction over the securities of the Corporation. If any shares cannot be issued to any Participant for whatever reason, the obligation of the Corporation to issue such Shares shall terminate and any option exercise price paid to the Corporation will be returned to the Participant.

18. Stock Exchange Rules

The rules of any stock exchange upon which the Corporation's Shares are listed shall be applicable relative to options granted to Participants.

19. Definitions

In this Plan, capitalized terms used herein that are not otherwise defined herein shall have the meaning ascribed thereto in the Corporate Finance Manual of the Exchange, and in particular, in policies 1.1 and 4.4 of said Corporate Finance Manual.

20. Effective Date and Prior Plans

This Plan shall come into force and effect on September 16, 2021 and entirely replaces and supersedes prior share option plans enacted by the Board of Directors of the Corporation, or its predecessor corporations. Options granted under any prior share option plans shall be administered in accordance with the provisions of this Plan. Subject to the agreement of a holder of options granted under any prior share option plans, the options of such holder shall be amended by the adoption of this Plan to extend the period during which such options may be exercised.

21. Interpretation

The Plan will be governed by and construed in accordance with the laws in force in the Province of Alberta.
