Each series of Debt Securities may be issued at various times with different maturity dates, may bear interest at different rates and may otherwise vary.

The Debt Securities offered pursuant to this Prospectus and any Prospectus Supplement may be represented by instalment receipts, the particular terms and provisions of which will be described in the applicable Prospectus Supplement and set out in an instalment receipt and pledge agreement. Any such instalment receipt will evidence, among other things, (a) the fact that a first instalment payment has been made in respect of the Debt Securities represented thereby and (b) the beneficial ownership of the Debt Securities represented by the instalment receipt, subject to a pledge of such Debt Securities securing the obligation to pay the balance outstanding under such Debt Securities on or prior to a certain date. A copy of any such instalment receipt and pledge agreement will be filed by the Company with securities regulatory authorities after it has been entered into and will be available on the Company’s SEDAR+ profile at www.sedarplus.com.

The terms on which a series of Debt Securities may be convertible into or exchangeable for Common Shares or other securities of the Company will be described in the applicable Prospectus Supplement. These terms may include provisions as to whether conversion or exchange is mandatory, at the option of the holder or at the option of the Company, and may include provisions pursuant to which the number of Common Shares or other securities to be received by the holders of such series of Debt Securities would be subject to adjustment.

To the extent any Debt Securities are convertible into Common Shares or other securities of the Company, prior to such conversion the holders of such Debt Securities will not have any of the rights of holders of the securities into which the Debt Securities are convertible, including the right to receive payments of dividends or the right to vote such underlying securities.

DESCRIPTION OF WARRANTS

The following sets forth certain general terms and provisions of the Warrants. The particular terms and provisions of the Warrants offered pursuant to a Prospectus Supplement, and the extent to which the general terms described below apply to those Warrants, will be described in such Prospectus Supplement. The following description and any description of Warrants in the applicable Prospectus Supplement does not purport to be complete and is subject to and qualified in its entirety by reference to the applicable warrant agreement and, if applicable, collateral arrangements relating to such Warrants.

DESCRIPTION OF UNITS

The following sets forth certain general terms and provisions of the Units. The particular terms and provisions of the Units offered pursuant to a Prospectus Supplement, and the extent to which the general terms described below apply to those Units, will be described in such Prospectus Supplement. The following description and any description of Units in the applicable Prospectus Supplement does not purport to be complete and is subject to and qualified in its entirety by reference to any agreement and collateral arrangements relating to such Units.

The Company may issue Units comprised of more than one of the other Securities described in this Prospectus in any combination. Each Unit will be issued so that the holder of the Unit is also the holder of each Security included in the Unit. Thus, the holder of a Unit will have the rights and obligations of a holder of each included Security. Any unit agreement under which a Unit is issued may provide that the Securities included in the Unit may not be held or transferred separately, at any time or at any time before a specified date.

Any Prospectus Supplement for Units will contain the terms and other information with respect to the Units being offered thereby, and may include, where applicable: (i) the designation and terms of the Units and of the Securities comprising the Units, including whether and under what circumstances those Securities may be held or transferred separately; (ii) any provisions for the issuance, payment, settlement, transfer or exchange of the Units or of any Securities comprising the Units; (iii) whether the Units will be issued in fully registered or “book-entry only” form; (iv) any risk factors associated with the Units; (v) whether the units and the Securities comprising the Units will be listed on any securities exchange; and (vi) any other material specific terms.

Trading prices and volume of the Company’s Securities will be provided, as required, in the Prospectus Supplement.

CONSOLIDATED CAPITALIZATION

There have been no material changes to the Company's share and loan capitalization on a consolidated basis since September 30, 2024, the end of the most recent interim reporting period for the Company, which have not been disclosed in this Prospectus or in the documents incorporated by reference herein.

PRIOR SALES

Prior sales of the Company's Securities will be provided as required in the Prospectus Supplement with respect to the issuance of Securities pursuant to such Prospectus Supplement.

USE OF PROCEEDS

The use of proceeds of the sale of each issuance of Securities will be described in the Prospectus Supplement relating to the specific issuance of Securities.

PLAN OF DISTRIBUTION

The Securities may be sold (i) to or through underwriters or dealers purchasing as principals, (ii) directly to one or more purchasers pursuant to applicable statutory exemptions, or (iii) through agents designated by the Company from time to time. The Securities may be sold from time to time in one or more transactions at a fixed price or prices or at non-fixed prices. If offered on a non-fixed price basis, the Securities may be offered at market prices prevailing at the time of sale (including, without limitation, sales deemed to be "at-the-market distributions" as defined in NI 44-102, including sales made directly on the TSX or other existing trading markets for the Securities), at prices determined by reference to the prevailing price of a specified security in a specified market or at prices to be negotiated with purchasers, in which case the compensation payable to an underwriter, dealer or agent in connection with any such sale will be decreased by the amount, if any, by which the aggregate price paid for the Securities by the purchasers is less than the gross proceeds paid by the underwriter, dealer or agent to the Company. The price at which the Securities will be offered and sold may vary from purchaser to purchaser and during the period of distribution. The Prospectus Supplement for any of the Securities being offered thereby will identify the person offering Securities and will set forth the method of distribution and the terms of the offering of such Securities, including the type of Security being offered, the name or names of any underwriters, dealers or agents, the purchase price of such Securities, the proceeds to, and the portion of expenses borne by, the Company from such sale, any underwriting discounts and other items constituting underwriters' compensation, any public offering price and any discounts or concessions allowed or re-allowed or paid to dealers. Only underwriters so named in the Prospectus Supplement are deemed to be underwriters in connection with the Securities offered thereby. The maximum aggregate offer price of Securities issuable by the Company under the Prospectus during the 25-month period that the Prospectus remains valid is \$100,000,000 (or the equivalent thereof in any other currency used to denominate Securities based on the applicable exchange rate at the time of issuance of such Securities).

If underwriters are used in the sale, the Securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale, at market prices prevailing at the time of sale or at prices related to such prevailing market prices. The obligations of the underwriters to purchase such Securities will be subject to certain conditions precedent, and the underwriters will be obligated to purchase all the Securities offered by the Prospectus Supplement if any of such Securities are purchased. Any public offering price and any discounts or concessions allowed or re-allowed or paid to underwriters, dealers or agents may be changed from time to time.

The Securities may also be sold (i) directly by the Company at such prices and upon such terms as agreed to by the Company and the purchaser or (ii) through agents designated by the Company from time to time. Any agent involved in the offering and sale of the Securities in respect of which this Prospectus is delivered will be named, and any commissions payable by the Company to such agent will be set forth, in the Prospectus Supplement. Unless otherwise indicated in the Prospectus Supplement, any agent is acting on a best efforts basis for the period of its appointment.

The Company may agree to pay any underwriters used in the sale of Securities a commission for various services relating to the issue and sale of any Securities. Any such commission payable by the Company will be paid out of the general corporate funds of the Company. Underwriters, dealers and agents who participate in the distribution

of the Securities may be entitled under agreements to be entered into with the Company to indemnification by the Company against certain liabilities, including liabilities under securities legislation, or to contribution with respect to payments which such underwriters, dealers or agents may be required to make in respect thereof.

In connection with any offering of the Securities (unless otherwise specified in a Prospectus Supplement and other than an offering by way of sales deemed to be an “at-the-market distribution”), the underwriters, dealers or agents may, subject to any applicable securities legislation, over-allot or effect transactions which stabilize, maintain or otherwise affect the market price of the Securities offered at levels other than those which might otherwise prevail on the open market. These transactions may be commenced, interrupted or discontinued at any time.

No underwriter of an “at-the-market distribution” under this Prospectus, no affiliate of such an underwriter and no person or company acting jointly or in concert with such underwriter will over-allot securities in connection with such distribution or effect any other transactions that are intended to stabilize or maintain the market price of the Securities or securities of the same class as the securities distributed under this Prospectus, including selling an aggregate number or principal amount of securities that would result in the underwriter creating an over-allocation position in the Securities.

This Prospectus constitutes a public offering of the Securities only in those jurisdictions where they may be lawfully offered for sale and therein only by persons permitted to sell the Securities. The Securities have not been and will not be registered under the U.S. Securities Act or any U.S. state securities laws, and may not be offered, sold or delivered, directly or indirectly, to, or for the account or benefit of, persons in the United States or U.S. persons (as applicable), except in transactions exempt from the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. In addition, until 40 days after the commencement of an offering of Securities, an offer or sale of the Securities within the United States or to U.S. persons (as applicable) by any dealer, whether or not participating in the offering, may violate the registration requirements of the U.S. Securities Act if such offer or sale is made otherwise than in accordance with an exemption from the registration requirements of the U.S. Securities Act. This Prospectus does not constitute an offer to sell or a solicitation of an offer to buy the Securities to, or for the account or benefit of, persons in the United States or U.S. persons (as applicable).

RISK FACTORS

Prospective investors in a particular offering of the Securities should carefully consider, in addition to information contained in the Prospectus Supplement relating to that offering and the information incorporated by reference herein for the purposes of that offering, the risk factors listed below and risks described in the documents incorporated by reference in the Prospectus as supplemented by the Prospectus Supplement relating to that offering, including the Company’s then-current annual information form, as well as the Company’s then-current annual management’s discussion and analysis and interim management’s discussion and analysis, if applicable, to the extent incorporated by reference herein for the purposes of that particular offering of Securities, which may be accessed on the Company’s SEDAR+ profile at www.sedarplus.com, and the information contained in the section “*Caution Regarding Forward-Looking Information and Statements*”.

The risks and uncertainties described or incorporated by reference in this Prospectus are not the only ones the Company may face. Additional risks and uncertainties that the Company is unaware of, or that the Company currently deems not to be material, may also become important factors that affect the Company. If any such risks actually occur, the Company’s business, financial condition or results of operations could be materially adversely affected, with the result that the trading price of the Common Shares could decline and investors could lose all or part of their investment.

There is currently no market for certain of the Securities which may negatively affect the trading price of these Securities.

There is currently no trading market for any Preferred Shares, Subscription Receipts, Warrants, Debt Securities or Units that may be offered. No assurance can be given that an active or liquid trading market for these securities will develop or be sustained. If an active or liquid market for these Securities fails to develop or be sustained, the prices at which these Securities trade may be adversely affected. Whether or not these Securities will trade at lower prices depends on many factors, including liquidity of these Securities, prevailing interest rates and the markets for similar securities, the market price of the Company’s other securities, general economic conditions and the Company’s financial condition, historic financial performance and future prospects.

The Company will have discretion over the use of proceeds from the sale of Securities

While information regarding the use of proceeds from the sale the Securities will be described in the applicable Prospectus Supplement, the Company will have broad discretion over the use of the net proceeds from an offering of Securities. Because of the number and variability of factors that will determine the use of such proceeds, the Company's ultimate use might vary substantially from its planned use. Purchasers of Securities may not agree with how the Company allocates or spends the proceeds from an offering of Securities. The Company may pursue acquisitions, collaborations or other opportunities that do not result in an increase in the market value of the Securities, including the market value of the Common Shares, and that may increase the Company's losses.

The return on investment in Securities is not guaranteed

There is no government or other guarantee that an investment in the Securities described herein will provide any positive return in the short term or long term. An investment in the Securities of the Company is speculative and involves a high degree of risk and should be undertaken only by investors whose financial resources are sufficient to enable them to assume such risks and who have no need for immediate liquidity in their investment. An investment in the securities of the Company described herein is appropriate only for holders who have the capacity to absorb a loss of some or all of their investment.

No assurance that future financing will be available

The Company may need to obtain additional financing in the future. The ability to obtain such additional financing will depend upon a number of factors, including prevailing market conditions and the operating performance of the Company. There can be no assurance that any such financing will be available to the Company on favourable terms or at all. If financing is available through the sale of debt, equity or capital properties, the terms of such financing may not be favourable to the Company. Failure to raise capital when required could have a material adverse effect on the Company's business, financial condition and results of operations.

The Company has a history of negative cash flow and positive cash flow in the future is not guaranteed.

The Company had negative operating cash flow in certain quarters during the financial years ended March 31, 2024 and March 31, 2023. Although operating cash flow during the financial year ended March 31, 2024 and for the financial periods ended June 30, 2024 and September 30, 2024 were positive, the Company cannot guarantee that it will attain or maintain positive cash flow in future periods. To the extent that the Company generates negative cash flow in any future periods, certain of the proceeds from an offering may be used to fund such negative cash flow from operating activities in these periods.

Investors may experience immediate and substantial dilution.

Purchasers who purchase Securities offered pursuant to a Prospectus Supplement may pay more for the Common Shares than the amounts paid by existing shareholders or security holders of the Company for their Common Shares. As a result, such purchasers may incur immediate and substantial dilution. Convertible securities have been issued and may be issued in the future by the Company at a lower price than the current market value of the Common Shares, consequently, purchasers who purchase Common Shares under the offering of Securities hereunder may incur substantial dilution in the near future.

Enforcement of Judgments Against Foreign Persons may not be Possible

Canadian investors should be aware that certain directors of the Company reside outside of Canada; as a result, it may not be possible for purchasers of Securities to effect service of process within Canada upon such directors. All or a substantial portion of the assets of such directors are likely to be located outside of Canada and, as a result, it may not be possible to satisfy a judgment against such directors in Canada or to enforce a judgment obtained in Canadian courts against such directors outside of Canada.

CERTAIN INCOME TAX CONSIDERATIONS

The applicable Prospectus Supplement will describe certain material Canadian federal income tax consequences to an investor who is a resident of Canada or who is a non-resident of Canada of the acquisition,

ownership and disposition of any Securities offered thereunder, including whether the payment of dividends will be subject to Canadian non-resident withholding tax.

LEGAL MATTERS

Unless otherwise specified in a Prospectus Supplement, certain legal matters in connection with offered Securities will be passed upon by Blake, Cassels & Graydon LLP with respect to matters of Canadian law on behalf of the Company.

EXEMPTIONS

Pursuant to a decision of the Autorité des marchés financiers dated August 6, 2024, the Company was granted a permanent exemption from the requirement to translate into French this Prospectus as well as the documents incorporated by reference herein and any Prospectus Supplement to be filed in relation to an “at-the-market distribution”. This exemption is granted on the condition that this Prospectus and any Prospectus Supplement (other than in relation to an “at-the-market distribution”) be translated into French if the Company offers Securities to Québec purchasers in connection with an offering other than in relation to an “at-the-market distribution”.

AUDITORS, TRANSFER AGENT AND REGISTRAR

The independent auditor of the Company is PricewaterhouseCoopers LLP, Partnership of Chartered Professional Accountants, whose offices are located at 18 York Street, Suite 2500, Toronto, Ontario, M5J 0B2.

The transfer agent and registrar for the Common Shares is Odyssey Trust Company, at its principal office in Calgary, Alberta.

INTEREST OF EXPERTS

Unless otherwise specified in a Prospectus Supplement, certain legal matters in connection with offered Securities will be passed upon by Blake, Cassels & Graydon LLP with respect to matters of Canadian law.

PricewaterhouseCoopers LLP has confirmed that it is independent with respect to the Company within the meaning of the Chartered Professional Accountants of Ontario CPA Code of Professional Conduct.

STATUTORY AND CONTRACTUAL RIGHTS OF WITHDRAWAL AND RESCISSION

Unless provided otherwise in a Prospectus Supplement, set forth below is a description of a purchaser’s statutory and contractual rights of withdrawal and rescission.

Securities legislation in certain of the provinces and territories of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within 2 business days after the later of (a) the date that the Company (i) filed the prospectus or any amendment on SEDAR+ and a receipt is issued and posted for the document, and (ii) issued and filed a news release on SEDAR+ announcing that the document is accessible through SEDAR+, and (b) the date that the purchaser or subscriber has entered into an agreement to purchase the securities or a contract to purchase or a subscription for the securities. In several of the provinces and territories of Canada, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revision of the price or damages if the prospectus, prospectus supplement and any amendment are not sent or delivered to the purchaser, provided that the remedies for rescission, revision of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser’s province or territory. However, purchasers of Securities distributed under an “at-the-market distribution” by the Company do not have the right to withdraw from an agreement to purchase the Securities and do not have remedies of rescission or, in some jurisdictions, revisions of the price, or damages for non-delivery of the prospectus, prospectus supplement and any amendment relating to the Securities purchased by such purchaser because the prospectus, prospectus supplement and any amendment relating to the Securities purchased by such purchaser will not be sent or delivered to such purchaser, as permitted under Part 9 of NI 44-102.

Securities legislation in some provinces and territories of Canada further provides purchasers with remedies for rescission or, in some jurisdictions, revisions of the price or damages if the prospectus, prospectus supplement,

and any amendment relating to securities purchased by a purchaser contains a misrepresentation. Those remedies must be exercised by the purchaser within the time limit prescribed by securities legislation. Any remedies under securities legislation that a purchaser of Securities distributed under an “at-the-market distribution” by the Company may have against the Company or its underwriters for rescission or, in some jurisdictions, revisions of the price, or damages if the prospectus, prospectus supplement and any amendment relating to Securities purchased by a purchaser contain a misrepresentation will remain unaffected by the non-delivery of this Prospectus referred to above.

A purchaser should refer to any applicable provisions of the securities legislation of the purchaser’s province or territory for the particulars of these rights or consult with a legal adviser.

In addition, original purchasers of convertible or exchangeable Preferred Shares, Subscription Receipts, Warrants (unless the Warrants are reasonably regarded by the Company as incidental to the applicable offering as a whole) or convertible or exchangeable Debt Securities (or Units comprised wholly or partly of such Securities) will have a contractual right of rescission against the Company in respect of the conversion, exchange or exercise of such Securities. The contractual right of rescission will be further described in any applicable Prospectus Supplement, but will, in general, entitle such original purchasers to receive the amount paid for the applicable convertible, exchangeable or exercisable security (and any additional amount paid upon conversion, exchange or exercise) upon surrender of the underlying securities acquired thereby, in the event that this Prospectus (as supplemented or amended) contains a misrepresentation, provided that: (i) the conversion, exchange or exercise takes place within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus; and (ii) the right of rescission is exercised within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus.

In an offering of convertible or exchangeable Preferred Shares, Subscription Receipts, Warrants or convertible or exchangeable Debt Securities (or Units comprised wholly or partly of such Securities), investors are cautioned that the statutory right of action for damages for a misrepresentation contained in the prospectus is limited, in certain provincial securities legislation, to the price at which convertible or exchangeable Preferred Shares, Subscription Receipts, Warrants or convertible or exchangeable Debt Securities (or Units comprised wholly or partly of such Securities) are offered to the public under the prospectus offering. This means that, under the securities legislation of certain provinces and territories, if the purchaser pays additional amounts upon the conversion, exchange or exercise of the security, those amounts may not be recoverable under the statutory right of action for damages that applies in those provinces and territories. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser’s province or territory for the particulars of this right of action for damages or consult with a legal adviser.

AGENT FOR SERVICE OF PROCESS

Purchasers are advised that it may not be possible for investors to enforce judgments obtained in Canada against any person or company that is incorporated, continued or otherwise organized under the laws of a foreign jurisdiction or resides outside of Canada, even if the party has appointed an agent for service of process.

Harmony P. Garges, Nancy Phelan and Menassie Taddese, directors of the Company, each reside outside of Canada. Dr. Garges, Ms. Phelan and Mr. Taddese have appointed the Company as their agent for service of process. The Company’s address for service of process is located at 10 King Street East, Suite 600, Toronto, Ontario, Canada, M5C 1C3.
