Thunderbird Minerals Files NI 43-101 Technical Report for Eagle Mountain Property, Cassiar Gold District, British Columbia

VANCOUVER, BC, **December 7, 2023**, Thunderbird Minerals Corp. ("Thunderbird" or the "Company") (**TSX: BIRD**) is pleased to announce filing of an independent NI 43-101 Technical Report for its Eagle Mountain Property, located in Cassiar Mining District, British Columbia, with an effective date of December 5, 2023 (the "Eagle Mountain Technical Report").

The report will be filed under the Company's profile on SEDAR+ at www.sedarplus.ca, and on the Company's website at www.thunderbirdminerals.ca

The Eagle Mountain Technical Report was prepared in accordance with the Canadian Securities Administrators' National Instrument 43-101 – *Standards of Disclosure for Mineral Projects* ("NI 43-101"). The Qualified Person ("QP") for the Eagle Mountain Technical Report are Mr. Carl Schulze and Mr. Bogdan Catrina both Principal Resource Geologists at Aurora Geosciences Ltd.

About Thunderbird Minerals Corp.

Thunderbird is a junior grassroots explorer focused on the discovery of new precious metal and copper projects through systematic exploration of metal-endowed terranes located in Tier-one mining jurisdictions in North America. Thunderbird's focus is on development of its portfolio of projects to the mineral resource stage. Thunderbird's projects include its flagship Bullseye property in the Wels District of the Yukon Territory. Thunderbird's other properties include the Eagle Mountain gold property in the Cassiar Gold District in northern British Columbia, the Argo copper and gold property near Quesnel B.C., and the Apache copper and gold property in Kern County, California. Thunderbird continues to look for attractive properties throughout North America to add to its early-stage project pipeline.

More information can be found at the Company's website at www.thunderbirdminerals.ca

ON BEHALF OF THE BOARD

John Newell
President and Chief Executive Officer
