Notice and Access

The Corporation has elected to take advantage of amendments to National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”) which came into force on February 11, 2013 (“**Notice-and-Access**”). Notice-and-Access is a set of rules that reduces the volume of materials that must be physically mailed to shareholders by allowing issuers to deliver meeting materials to shareholders electronically by providing shareholders with access to these materials online.

In accordance with the Notice-and-Access provisions, a notice and a form of proxy or voting instruction form (the “**Notice Package**”) has been sent to all shareholders informing them that this Information Circular, the financial statements of the Corporation for the year ended December 31, 2021 (the “**Financial Statements**”) and management’s discussion and analysis of the Corporation’s results of operations and financial condition for 2021 (the “**MD&A**”) (collectively, the “**Meeting Materials**”) are available online and explaining how the Meeting Materials may be accessed, in addition to outlining relevant dates and matters to be discussed at the Meeting. The Notice of Meeting (as hereinafter defined) and the Meeting Materials have been made available online to shareholders of the Corporation at

www.galwaymetalsinc.com under “Investors” and on the Corporation’s profile on SEDAR (the System for Electronic Document Analysis and Retrieval) at www.sedar.com. The Corporation will directly send the Notice Package to registered Shareholders and Non-Registered Shareholders (as hereinafter defined).

For the Meeting, the Corporation is using Notice-and-Access for both registered and non-registered (or beneficial) Shareholders. Neither registered shareholders nor Non-Registered Shareholders will receive a paper copy of this Information Circular unless they contact TSX Trust or the Corporation after it is posted, in which case the TSX Trust or the Corporation will mail this Information Circular along with the Financial Statements and MD&A within three business days of any request provided the request is made *prior* to the Meeting. Shareholders wishing to receive paper copies of the Meeting Materials at no cost to them can request same from TSX Trust or the Corporation by calling toll-free at +1 866 600-5869; T +1 416 342-1091 or by emailing TSX Trust at tsxtis@tmx.com. Shareholders may also obtain paper copies of the Meeting Materials by contacting the Corporation toll free at 1-800-771-0680. TSX Trust or the Corporation, as applicable, must receive your request prior to December 2, 2022 at 5:00 p.m. (Toronto time) to ensure you will receive paper copies in advance of the deadline to submit your vote. Any requests for paper copies received by TSX Trust or the Corporation after December 2, 2022 will be delivered to Shareholders in accordance with applicable securities laws.

Voting of and Exercise of Discretion by Proxies

The common shares in the capital stock of the Corporation (“**Common Shares**”) represented by the form of proxy delivered to registered Shareholders (if same is properly executed and is received at the offices of TSX Trust at the address provided herein, or online at www.voteproxyonline.com/pxlogin not later than 48 hours (excluding Saturdays, Sundays and statutory holidays in the City of Toronto, Ontario) prior to the time set for the Meeting or any adjournment(s) or postponement(s) thereof), will be voted at the Meeting, and, where a choice is specified in respect of any matter to be acted upon, will be voted or withheld from voting in accordance with the specification made on any ballot that may be called for. **In the absence of such specification, proxies in favour of management will be voted in favour of all resolutions described below. The form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice and with respect to other matters which may properly come before the Meeting.** At the time of the filing of this Information Circular, management knows of no such amendments, variations or other matters to come before the Meeting. However, if any other matters that are not now known to management should properly come before the Meeting, the form of proxy will be voted on such matters in accordance with the best judgment of the named proxies.

Appointment of Proxies

The persons named in the form of proxy are officers and/or directors of the Corporation. **A Shareholder desiring to appoint some other person, who need not be a Shareholder, to represent him or her at the Meeting, may do so by inserting such person’s name in the blank space provided in the form of proxy or by completing another proper form of proxy and, in either case, depositing the completed and executed proxy at the offices of TSX Trust, at 301 – 100 Adelaide Street West, Toronto, Ontario M5H 4H1, by facsimile at (416) 595-9593, or online at www.voteproxyonline.com/pxlogin not later than 48 hours (excluding Saturdays, Sundays and statutory holidays in the City of Toronto, Ontario) prior to the time set for the Meeting or any adjournment(s) or postponement(s) thereof.**

A Shareholder forwarding the form of proxy may indicate the manner in which the appointee is to vote with respect to any specific item by checking the appropriate space. If the Shareholder giving the proxy wishes to confer a discretionary authority with respect to any item of business, then the space opposite the item is to be left blank. The Common Shares represented by the form of proxy submitted by a Shareholder will be voted in accordance with the directions, if any, given in the form of proxy.

To be valid, a form of proxy must be executed by a Shareholder or a Shareholder’s attorney duly authorized in writing or, if the Shareholder is a body corporate, under its corporate seal or, by a duly authorized officer or attorney.

Revocation of Proxies

A proxy given pursuant to this solicitation may be revoked at any time prior to its use. A Shareholder who has given a proxy may revoke the proxy by:

- i) completing and signing a proxy bearing a later date and depositing it at the offices of TSX Trust;
- ii) depositing an instrument in writing executed by the Shareholder or by the Shareholder's attorney duly authorized in writing or, if the Shareholder is a body corporate, under its corporate seal or, by a duly authorized officer or attorney either with TSX Trust at any time up to and including the last business day preceding the day of the Meeting or any adjournment(s) or postponement(s) thereof or with the Chairman of the Meeting prior to the commencement of the Meeting on the day of the Meeting or any adjournment(s) or postponement(s) thereof; or
- iii) in any other manner permitted by law.

Such instrument will not be effective with respect to any matter on which a vote has already been cast pursuant to such proxy.

Voting by Non-Registered Shareholders

Only registered Shareholders or the persons they appoint as their proxies are permitted to vote at the Meeting. Most Shareholders are "non-registered" or "beneficial" Shareholders ("**Non-Registered Shareholders**") because the Common Shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the Common Shares. Common Shares beneficially owned by a Non-Registered Shareholder are registered either: (i) in the name of an intermediary ("**Intermediary**") that the Non-Registered Shareholder deals with in respect of the Common Shares; or (ii) in the name of a clearing agency (such as CDS Clearing and Depository Services Inc. ("**CDS**")) of which the Intermediary is a participant. In accordance with applicable securities law requirements, the Corporation will have distributed copies, via mail or electronically, of the Notice, this Information Circular, the form of proxy and a request card for interim materials (collectively, the "**Meeting Materials**") to the clearing agencies and Intermediaries for distribution to Non-Registered Shareholders.

Intermediaries are required to forward the Meeting Materials to Non-Registered Shareholders unless a Non-Registered Shareholder has waived the right to receive such materials. Intermediaries often use service companies to forward the Meeting Materials to Non-Registered Shareholders. Generally, Non-Registered Shareholders who have not waived the right to receive Meeting Materials will either:

- i) be given a voting instruction form **which is not signed by the Intermediary** and which, when properly completed and signed by the Non-Registered Shareholder and **returned to the Intermediary or its service company**, will constitute voting instructions (often called a "**voting instruction form**") which the Intermediary must follow. Typically, the voting instruction form will consist of a one page pre-printed form. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**") in Canada and the United States. Broadridge typically prepares a machine-readable voting instruction form, mails those forms to Non-Registered Shareholders, and asks Non-Registered Shareholders to return the forms to Broadridge or otherwise communicate voting instructions to Broadridge (by way of the Internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of the Common Shares to be represented at the Meeting. Sometimes, instead of the one page pre-printed form, the voting instruction form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label with a bar-code and other information. In order for the form of proxy to validly constitute a voting instruction form, the Non-Registered Shareholder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company. **A Non-Registered Shareholder who receives a voting instruction form cannot use that form to vote his or her Common Shares at the Meeting;** or

- ii) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of Common Shares beneficially owned by the Non-Registered Shareholder but which is otherwise not completed by the Intermediary. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Shareholder when submitting the proxy. In this case, the Non-Registered Shareholder who wishes to submit a proxy should properly complete the form of proxy and deposit it with TSX Trust (in the case of registered holders) at by mail delivery at 301 – 100 Adelaide Street West, Toronto, Ontario M5H 4H1, by facsimile at (416) 595-9593, or online at www.voteproxyonline.com/pxlogin.

In either case, the purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of the Common Shares they beneficially own. Should a Non-Registered Shareholder who receives one of the above forms wish to vote at the Meeting, or any adjournment(s) or postponement(s) thereof, (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should strike out the persons named in the voting instruction form and insert the Non-Registered Shareholder or such other person's name in the blank space provided. **In either case, Non-Registered Shareholders should carefully follow the instructions of their Intermediary, including those regarding when and where the voting instruction form is to be delivered.**

A Non-Registered Shareholder may revoke a voting instruction form or a waiver of the right to receive Meeting Materials and to vote which has been given to an Intermediary at any time by written notice to the Intermediary provided that an Intermediary is not required to act on a revocation of a voting instruction form or of a waiver of the right to receive Meeting Materials and to vote received by the Intermediary less than (7) days prior to the Meeting.

Non-Registered Shareholders fall into two categories: those who object to their identity being made known to the issuers of securities which they own ("**Objecting Beneficial Owners**" or "**OBOs**") and those who do not object to their identity being made known to the issuers of the securities they own ("**Non-Objecting Beneficial Owners**" or "**NOBOs**"). Subject to the provisions of NI 54-101, issuers may request and obtain a list of their NOBOs from intermediaries. In accordance with NI 54-101, issuers may obtain and use the NOBO list in connection with any matter relating to the affairs of the issuer, including the distribution of proxy-related materials directly to NOBOs. The Corporation is not sending Meeting Materials directly to the NOBOs. The Corporation will use and pay intermediaries and agents to send the Meeting Materials and also intends to pay for intermediaries to deliver the Meeting Materials to the OBOs.

Electronic copies of the Information Circular, financial statements of the Corporation for the year ended December 31, 2021 ("**Financial Statements**") and management's discussion and analysis of the Corporation's results of operations and financial condition for 2021 ("**MD&A**") may be found on the Corporation's SEDAR profile at www.sedar.com or on the Corporation's website at www.galwaymetalsinc.com under "Investors". **Shareholders are reminded to review this Information Circular before voting.**

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Other than as disclosed herein, no director or executive officer of the Corporation who has held such position at any time since the beginning of the Corporation's last financial year, each proposed nominee for election as a director of the Corporation, and associates or affiliates of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matters to be acted upon at the Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The authorized share capital of the Corporation consists of an unlimited number of Common Shares without par value. As at the date hereof, there are 201,549,423 Common Shares issued and outstanding.

Each Common Share entitles the holder thereof to one vote on all matters to be acted upon at the Meeting. The record date for the determination of Shareholders entitled to receive notice of the Meeting has been fixed at October 28, 2022 (the "**Record Date**"). All such holders of record of Common Shares on the Record Date are entitled either to attend and vote thereat in person the Common Shares held by them or, provided a completed and executed proxy shall have been delivered to the Corporation's transfer agent, TSX Trust, within the time specified in the Notice, to attend and to vote thereat by proxy the Common Shares held by them.

To the knowledge of the directors and executive officers of the Corporation, as of the date hereof, no person or company beneficially owns, controls or directs, directly or indirectly, voting securities of the Corporation carrying 10% or more of the voting rights attached to all outstanding Common Shares of the Corporation.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The purpose of this Compensation Discussion and Analysis is to provide information about the Corporation’s executive compensation philosophy, objectives, and processes and to discuss compensation decisions relating to the Corporation’s Chief Executive Officer, Chief Financial Officer, and, if applicable, its three most highly compensated individuals acting as, or in a like capacity as, executive officers of the Corporation whose total compensation for the most recently completed financial year was individually equal to more than C\$150,000 (the “NEOs” or “Named Executive Officers”), during the Corporation’s most recently completed financial year, being the financial year ended December 31, 2021 (the “Last Financial Year”). The only NEOs of the Corporation during the Last Financial Year were Robert Hinchcliffe, the President and Chief Executive Officer, Robert Suttie, the Chief Financial Officer, Larry Strauss, the Vice President of Corporate Development Mari Trowbridge, Vice President of Administration, and the former Vice President of Finance, Rafael Solis.

Compensation Process

The Corporation does not currently have a compensation committee. The Board, as a whole, reviews matters relating to the compensation of executive officers of the Corporation. Directors who are also members of management recuse themselves from a meeting, or portion of a meeting, of the Board where such individual’s compensation is discussed and abstain from voting in respect of the approval of such compensation.

The Board relies on the knowledge and experience of the directors thereon to set appropriate levels of compensation for senior officers. Neither the Corporation nor the Board currently has any contractual arrangement with any executive compensation consultant who has a role in determining or recommending the amount or form of senior officer compensation.

Principles/Objectives of the Compensation Program

The primary goal of the Corporation’s executive compensation program is to attract, motivate and retain top quality individuals at the executive level. The program is designed to ensure that the compensation provided to the Corporation’s senior officers is determined with regard to the Corporation’s business strategy and objectives and financial resources, and with the view of aligning the financial interests of the senior officers with the financial interests of Shareholders.

Compensation Program Design and Analysis of Compensation Decisions

Standard compensation arrangements for the Corporation’s senior officers are composed of the following elements, which are linked to the Corporation’s compensation and corporate objectives as follows:

Compensation Element	Link to Compensation Objectives	Link to Corporate Objectives
Base Salary and/or Consulting Fees	Attract and Retain	Competitive pay ensures access to skilled employees necessary to achieve corporate objectives.
Bonuses	Motivate and Reward	Short-term incentives motivate and reward senior officers to increase Shareholder value by the achievement of short-term corporate strategies and objectives.
Stock Options	Motivate and Reward	Long-term incentives motivate and reward senior officers to increase Shareholder value by the achievement of long-term corporate strategies and objectives.
	Align interests with shareholders	

Performance and Compensation

The Corporation is an exploration stage mining company and does not expect to be generating revenues from operations in the foreseeable future. As a result, the use of traditional performance standards such as corporate profitability is not considered by the Board to be appropriate in the evaluation of corporate or NEO performance. The compensation of senior officers is based, in part, on trends in the mineral exploration industry as well as achievement of the Corporation's business plans. The Board did not establish any quantifiable criteria during the Last Financial Year with respect to base compensation payable or the amount of equity compensation granted to NEOs and did not benchmark against a peer group of companies.

Base Salaries and Consulting Fees

The Corporation provides senior officers with base salaries or consulting fees which represent their minimum compensation for services rendered, or expected to be rendered. NEOs' base compensation depends on the scope of their experience, responsibilities, leadership skills, performance, length of service, general industry trends and practices competitiveness, and the Corporation's existing financial resources. Base salaries are reviewed annually by the Board.

Bonuses

The Corporation may, in its discretion, award annual incentives by way of cash bonuses in order to motivate executives to achieve short-term corporate goals, and encourage continued high standards of performance. The success of NEOs in achieving their individual objectives and their contributions to the Corporation in reaching its overall goals are factors in the determination of their annual bonus.

Stock Options

The grant of incentive stock options ("**Options**") pursuant to the Corporation's incentive stock option plan (the "**Plan**") is an integral component of the compensation arrangements of the senior officers of the Corporation. The Board believes that the grant of Options to senior officers and Common Share ownership by such officers serves to motivate such officers to strive towards achievement of the Corporation's long-term strategic objectives, which will benefit all Shareholders. Options are awarded to employees of the Corporation by the Board. Decisions with respect to Options granted are based upon the individual's level of responsibility and their contribution towards the Corporation's goals and objectives, and additionally may be awarded in recognition of the achievement of a particular goal or extraordinary service. The Board considers the overall number of Options that are outstanding relative to the number of outstanding Common Shares in determining whether to make any new grants of Options and the size of such grants.

During the Last Financial Year, based on the foregoing factors, the Board granted an aggregate of 545,000 Options to purchase Common Shares.

Compensation Risk Considerations

The Board is responsible for considering, establishing, and reviewing executive compensation programs, and whether the programs encourage unnecessary or excessive risk taking. The Corporation believes the programs are balanced and do not motivate unnecessary or excessive risk taking. The Corporation does not currently have a policy that restricts directors or NEOs from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds that are designed to hedge or offset a decrease in market value of equity. However, to the knowledge of the Corporation, as of the date of hereof, no director or NEO of the Corporation has participated in the purchase of such financial instruments.

Base salaries are fixed in amount thus do not encourage risk taking. While annual incentive awards focus on the achievement of short term or annual goals and short term goals may encourage the taking of short-term risks at the expense of long term results, the Corporation's annual incentive award program represents a small percentage of employee's compensation opportunities. Annual incentive awards are based on various personal and company-wide achievements. Such performance goals are subjective and include achieving individual and/or corporate targets and objectives, as well as general performance in day-to-day corporate activities which would trigger the award of a bonus

payment to the NEO. The determination as to whether a target has been met is ultimately made by the Board and the Board reserves the right to make positive or negative adjustments to any bonus payment if they consider them to be appropriate. Funding of the annual incentive awards is capped at the company level and the distribution of funds to the executive officers is at the sole discretion of the Board.

Stock option awards are important to further align employees' interests with those of the Shareholders. The ultimate value of the awards is tied to the Corporation's stock price and since awards are staggered and subject to long-term vesting schedules, they help ensure that NEOs have significant value tied in long-term stock price performance.

Summary Compensation Table

The following table provides information for the Last Financial Year and the years ended December 31, 2020 and December 31, 2019 regarding compensation earned by each of the following NEOs:

Unless the Shareholder has specifically instructed in the form of proxy that the Common Shares represented by such proxy are to be withheld or voted otherwise, the persons named in the proxy will vote FOR the appointment of CLEARHOUSE as auditors of the Corporation to hold office until the next annual meeting of Shareholders or until a successor is appointed and to authorize the Board to fix the remuneration of the auditors.

Election of Directors

The Corporation’s Articles of Incorporation provide that the Board consist of a minimum of three (3) and a maximum of 10 directors. At the Meeting, the following six (6) persons named hereunder will be proposed for election as directors of the Corporation. Management does not contemplate that any of the nominees will be unable to serve as a director, but if that should occur for any reason prior to the Meeting, it is intended that discretionary authority shall be

exercised by the persons named in the accompanying proxy to vote the proxy for the election of any other person or persons in place of any nominee or nominees unable to serve. Each director elected will hold office until the close of the next annual meeting of Shareholders of the Corporation, or until his or her successor is duly elected unless prior thereto he resigns or his office becomes vacant by reason of death or other cause.

Shareholders have the option to (i) vote for all of the directors of the Corporation listed in the table below; (ii) vote for some of the directors and withhold for others; or (iii) withhold for all of the directors. **Unless the Shareholder has specifically instructed in the form of proxy or voting instruction form that the Common Shares represented by such proxy or voting instruction form are to be withheld or voted otherwise, the persons named in the proxy or voting instruction form will vote FOR the election of each of the proposed nominees set forth below as directors of the Corporation.**

The following table, among other things, sets forth the name of all persons proposed to be nominated for election as directors, their place of residence, position held, and periods of service with, the Corporation, or any of its affiliates, their principal occupations and the approximate number of Common Shares of the Corporation beneficially owned, controlled or directed, directly or indirectly, by them:

Stock Option Plan Approval

The TSX Venture Exchange (“**TSX-V**”) requires all listed companies with a 10% rolling stock option plan to obtain annual shareholder approval of such a plan. Shareholders will be asked at the Meeting to vote on a resolution to reapprove the Plan that was originally adopted by the Corporation on December 18, 2012.

The Plan provides that the Board may from time to time, in its discretion, grant to directors, officers, employees and consultants of the Corporation, or any subsidiary of the Corporation, the option to purchase Common Shares. The Plan

provides for a floating maximum limit of 10% of the outstanding Common Shares as permitted by the policies of the TSX-V. As at the date hereof, this represents 20,154,942 Common Shares available under the Plan.

Outstanding Options to purchase a total of 14,920,000 Common Shares have been issued to directors, officers, employees and consultants of the Corporation and remain outstanding. As at the date hereof, the number of Common Shares remaining available for issuance under the Plan is 5,234,942. For a brief description of the Plan, please see: “*Securities Authorized for Issuance Under Equity Compensation Plans – Stock Option Plan*”.

The full text of the Plan will be supplied free of charge to Shareholders upon written request made directly to the Corporation at its registered head office located at 82 Richmond Street East Suite 200, Toronto, Ontario M5C 1P1, Attention: Chief Executive Officer.

Shareholder Approval for the Plan

Shareholders will be asked to consider and, if deemed advisable, to pass an ordinary resolution approving the Plan (the “**Stock Option Plan Resolution**”), which, to be effective, must be passed by not less than a majority of the votes cast by the holders of Common Shares present in person, or represented by proxy, at the Meeting.

The Board recommends that Shareholders vote FOR the Stock Option Plan Resolution. Unless the Shareholder has specifically instructed in the form of proxy or voting instruction form that the Common Shares represented by such proxy or voting instruction form are to be voted against the Stock Option Plan Resolution, the persons named in the proxy or voting instruction form will vote FOR the Stock Option Plan Resolution.

Approval of Consolidation

The Board has determined that it would be in the best interests of the Corporation to seek approval of the Shareholders to consolidate all of its issued and outstanding Common Shares. At the Meeting, Shareholders will be asked to consider, and if thought fit, to pass, with or without variation, a special resolution (the “**Consolidation Resolution**”) authorizing the Board to consolidate the Common Shares of the Corporation on the basis of a ratio of one (1) post-consolidation Common Share for up to three (3) pre-consolidation Common Shares, with such ratio to be determined by the Board at its sole discretion, with effect on a date to be determined by the Board at its sole discretion (the “**Consolidation**”). So long as the Consolidation does not exceed a ratio of one (1) post-consolidation Common Share for three (3) pre-consolidation Common Shares, the Board may choose any consolidation ratio that it determines is in the best interest of the Corporation.

In order to be adopted, the *Business Corporations Act* (Ontario) requires that the Consolidation be approved by a special resolution of Shareholders. To approve the special resolution, not less than two thirds or 66²/₃% of the votes cast by Shareholders, whether in person or by proxy, must be voted in favour of the Consolidation. The resolution will empower the Board to revoke the Consolidation Resolution, without further approval of the Shareholders of the Corporation, in the Board’s discretion at any time.

The Board believes that the Consolidation will provide a share structure that will position the Corporation to attract significant capital financing on favourable terms and enhance future growth opportunities.

The Board believes that it is in the best interests of the Corporation to be in a position to reduce the number of outstanding Common Shares by way of the Consolidation. The potential benefits of the Consolidation include:

- (a) attracting greater investor interest – the current share structure of the Corporation makes it more difficult to attract favourable equity financing. The Consolidation may have the effect of raising, on a proportionate basis, the price of the Corporation’s Common Shares, which could appeal to certain investors that find shares valued above certain prices to be more attractive from an investment perspective;
- (b) increasing institutional investor participation – certain institutional investors have internal guidelines which prevent them from investing in small- or micro-cap stocks, regardless of the strength of the operations and management of the target investee company;

- (c) providing greater flexibility in business opportunities – the Corporation believes that the Consolidation will provide the Corporation with greater flexibility in considering business opportunities that are affected by the share capital of the Corporation and pricing of warrants and options; and
- (d) improving the prospects of raising additional capital at a higher price per share – the higher anticipated price of the post-consolidation Common Shares may allow the Corporation to raise additional capital through the sale of additional Common Shares at a higher price per Common Share than would be possible in the absence of the Consolidation.

In the event that the Shareholders pass the Consolidation Resolution to consolidate the Common Shares and the Board determines to consolidate the Common Shares, the presently issued and outstanding 201,549,423 Common Shares will be consolidated into approximately 67,183,141 Common Shares post-consolidation on a one (1) for three (3) basis. The foregoing consolidation ratio is provided solely for the purpose of illustrating some of the potential share consolidation ratio the Corporation may decide to use. The Corporation reserves the right, if the Board resolves to undergo the Consolidation, to choose any consolidation up to a one (1) for three (3) basis.

In the event the Consolidation Resolution is passed by the Shareholders, the Board shall have the right to determine such other consolidation ratio that may be in the best interest of the Corporation, as a result of which fewer than three (3) pre-consolidation Common Shares shall be consolidated into one (1) post-consolidation Common Share of the Corporation.

Principal Effects of the Consolidation

If the Consolidation is approved, it would be implemented, if at all, only upon a determination by the Board that the Consolidation is in the best interests of the Corporation at the appropriate time and subject to the approval of the TSX-V. In connection with any determination to implement a Consolidation, the Corporation's Board will set the timing for such a Consolidation and select the specific ratio from within the range set forth in the Consolidation Resolution below. No further action on the part of the Shareholders would be required in order for the Board to implement the Consolidation. The Consolidation, when implemented, will occur simultaneously for all Common Shares and the consolidation ratio will be the same for all such Common Shares. Except for any variances attributable to fractional shares, the change in the number of issued and outstanding Common Shares that will result from the Consolidation will cause no change in the capital attributable to the Common Shares and will not materially affect any Shareholder's percentage ownership in the Corporation, even though such ownership will be represented by a smaller number of Common Shares.

Furthermore, the Consolidation will not affect any Shareholder's proportionate voting rights. Each Share outstanding after the Consolidation will be entitled to one vote. The principal effects of the Consolidation will be that the number of Common Shares issued and outstanding will be reduced from 201,549,423 Common Shares to approximately 67,183,141 Common Shares post-consolidation (subject to adjustment for fractional shares), assuming the consolidation ratio of three (3) pre-consolidation Common Shares shall be consolidated into one (1) post-consolidation Common Share.

Should the Consolidation be approved by Shareholders, accepted by the TSX-V and implemented by the Board, Shareholders who hold share certificates will be required to exchange their share certificates representing the pre-consolidation Common Shares for new share certificates representing post-consolidation Common Shares. Each outstanding stock option, warrant, right or other security of the Corporation convertible into pre-consolidation Common Shares ("**Pre-Consolidation Convertible Securities**") will, on the effective date of the implementation of the Consolidation, be adjusted pursuant to the terms thereof on the same consolidation ratio as described in the Consolidation Resolution below, and each holder of Pre-Consolidation Convertible Securities will become entitled to receive post-consolidation Common Shares pursuant to such adjusted terms.

In the event the Board determines to implement the Consolidation, it is expected that TSX Trust will send a letter of transmittal to each Shareholder as soon as practicable after the implementation of the Consolidation. The letter of transmittal will contain instructions on how Shareholders can surrender their share certificates representing pre-consolidation Common Shares to TSX Trust. TSX Trust will forward to each Shareholder who has sent in their share

certificates pre-consolidation Common Shares, along with such other documents as TSX Trust may require, a new share certificate representing the number of post-consolidation Common Shares to which such Shareholder is entitled. No share certificates will be issued for fractional shares and any fractions of a share will be rounded down to the nearest whole number of Common Shares.

In general, the Consolidation will not be considered to result in a disposition of Common Shares by Shareholders for Canadian federal income tax purposes. The aggregate adjusted cost base to a common shareholder for such purposes of all Common Shares held by the common shareholder will not change as a result of the Consolidation; however, the Shareholder's adjusted cost base per Common Share will increase proportionately. This summary is of a general nature only and is not, and is not intended to be, legal or tax advice to any common shareholder. It is not exhaustive of all federal income tax considerations. Accordingly, Shareholders should consult their own tax advisors having regard to their own particular circumstances.

Effect on Non-Registered Shareholders

Non-registered shareholders holding their Common Shares through a bank, broker or other nominee should note that such banks, brokers or other nominees may have different procedures for processing the Consolidation than the procedures that will be used by the Corporation for registered shareholders. If you hold your Common Shares with such a bank, broker or other nominee and if you have questions in this regard, you are encouraged to contact your nominee.

Certain Risks associated with the Consolidation

The effect of the Consolidation upon the market price of the Common Shares cannot be predicted with any certainty, and the history of similar share consolidations for corporations similar to the Corporation is varied. There can be no assurance that the total market capitalization of the Common Shares immediately following the Consolidation will be equal to or greater than the total market capitalization immediately before the Consolidation. In addition, there can be no assurance that the per-share market price of the Common Shares following the Consolidation will remain higher than the per-share market price immediately before the Consolidation or equal or exceed the direct arithmetical result of the Consolidation. In addition, a decline in the market price of the Common Shares after the Consolidation may result in a greater percentage decline than would occur in the absence of the Consolidation. Furthermore, the Consolidation may lead to an increase in the number of Shareholders who will hold "odd lots"; that is, a number of shares not evenly divisible into board lots (a board lot is either 100, 500 or 1,000 shares, depending on the price of the shares). As a general rule, the cost to Shareholders transferring an odd lot of Common Shares is somewhat higher than the cost of transferring a "board lot". Nonetheless, despite the risks and the potential increased cost to Shareholders in transferring odd lots of post-Consolidation Common Shares, the Board believes the Consolidation is in the best interest of all Shareholders.

No Dissent Rights

Under the *Business Corporations Act* (Ontario), Shareholders do not have dissent and appraisal rights with respect to the proposed Consolidation.

Resolution

In order to pass the Consolidation Resolution, not less than two thirds or $66\frac{2}{3}\%$ of the votes cast by the Shareholders of the Corporation, whether in person or by proxy, must be voted in favour of the Consolidation Resolution. If the Consolidation Resolution does not receive the requisite Shareholder approval, the Corporation will continue with its present share capital. **The Corporation requests Shareholders to consider and, if thought advisable, to approve a special resolution substantially in the form set out in Appendix "B":**

Recommendation

In considering the recommendations of the management of the Corporation with respect to the Consolidation, Shareholders should be aware that the passing of Consolidation Resolution by two thirds or $66\frac{2}{3}\%$ of votes cast by Shareholders voting at the Meeting does not commit the Corporation to proceed with completion of the Consolidation

and the ultimate decision to complete the Consolidation will be made by the Board in its discretion of what is in the best interest of the Corporation.

The Board recommends a vote FOR the Consolidation Resolution. Unless the Shareholder has specifically instructed in the enclosed form of proxy that the Shares represented by such proxy are to be withheld or voted otherwise, the persons named in the accompanying proxy will vote FOR the Consolidation Resolution.

Other Matters

Management of the Corporation knows of no amendment, variation or other matter to come before the Meeting other than the matters referred to in the Notice. However, if any other matter properly comes before the Meeting, the form of proxy furnished by the Corporation will be voted on such matters in accordance with the best judgment of the persons voting the proxy.

STATEMENT OF CORPORATE GOVERNANCE

Board of Directors

The Board and senior management consider good corporate governance to be central to the effective and efficient operation of the Corporation. The Board is committed to a high standard of corporate governance practices. The Board believes that this commitment is not only in the best interest of the Shareholders, but that it also promotes effective decision making at the Board level.

National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (“**NI 58-101**”) defines an “independent director” as a director who has no direct or indirect “material relationship” with the issuer. A “material relationship” is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a member’s independent judgment. The Board maintains the exercise of independent supervision over management by ensuring that the majority of its directors are independent.

The Board is currently comprised of six (6) directors being Robert Hinchcliffe, Rafael Solis, Alfonso Gómez Rengifo, Joseph Cartafalsa, Larry Strauss and Michael Sutton. Messrs. Gómez and Cartafalsa are independent within the meaning of NI 58-101. Messrs. Hinchcliffe, Sutton, Solis and Strauss are not independent as they are officers of the Corporation and thereby have a “material relationship” with the Corporation. Mr. Solis will not stand for election as a director at the Meeting. Matthew Mazzilli has been nominated as a director and, if elected, independent within the meaning of NI 58-101.

The Board believes that it functions independently of management and reviews its procedures on an ongoing basis to ensure that it is functioning independently of management. The Board meets without management present, as circumstances require. When conflicts arise, interested parties are precluded from voting on matters in which they may have an interest. In light of the suggestions contained in National Policy 58-201 – *Corporate Governance Guidelines*, the Board convenes meetings, as deemed necessary, of the independent directors, at which non-independent directors and members of management are not in attendance.

Other Public Company Directorships

Alfonso Gómez Rengifo	Galway Gold Inc.	TSX-V
Michael Sutton	Galway Gold Inc.	TSX-V
	Rupert Resources Ltd.	TSX-V
	North Peak Resources Ltd.	TSX-V
Larry Strauss	Galway Gold Inc.	TSX-V

Orientation and Continuing Education of Board Members

The Board is responsible for providing a comprehensive orientation and education program for new directors which fully sets out:

- the role of the Board and its committees;
- the nature and operation of the business of the Corporation; and
- the contribution which individual directors are expected to make to the Board in terms of both time and resource commitments.

In addition, the Board is also responsible for providing continuing education opportunities to existing directors so that individual directors can maintain and enhance their abilities and ensure that their knowledge of the business of the Corporation remains current.

Ethical Business Conduct

The Board has adopted a written code of business conduct and ethics (the “Code”) to encourage and promote a culture of ethical business conduct amongst the directors, officers and employees of the Corporation. Copies of the Code are available on the Corporation’s website and SEDAR profile. The Board is responsible for ensuring compliance with the Code. The Code was adopted during the fiscal 2012 year, and there have been no departures from the Code since its adoption.

In addition to those matters which, by law, must be approved by the Board, the approval of the Board is required for:

- the Corporation’s annual business plan and budget;
- material transactions not in the ordinary course of business; and
- transactions which are outside of the Corporation’s existing business.

To ensure the directors exercise independent judgment in considering transactions and agreements in which a director or officer has a material interest, all such matters are considered and approved by the independent directors. Any interested director would be required to declare the nature and extent of his interest and would not be entitled to vote at meetings of directors which evoke such a conflict.

The Corporation believes that it has adopted corporate governance procedures and policies which encourage ethical behaviour by the Corporation’s directors, officers and employees.

Nomination of Directors

In accordance with the Board’s written mandate, the Board as a whole reviews the composition of the Board and its committees and recommends changes, if appropriate, when evaluating potential candidates and proposing nominees.

Compensation

In determining compensation levels for directors and officers, the Board will assess the age, experience and qualifications of the individuals involved and evaluate these factors in light of corporate resources, objectives and performance. No compensation consultant or advisor has been retained by the Corporation to date.

Other Board Committees

Other than the Audit Committee, the Board has a Disclosure and Reserves Committee. The primary function of the Disclosure and Reserves Committee is to assist the Board in recommending the appointment and compensation, and overseeing the work, of an independent qualified person to prepare technical reports in accordance with National Instrument 43-101 – *Standards of Disclosure for Minerals Projects* (“NI 43-101”), and to review the risk identification and approve public disclosures as required by NI 43-101.

Assessments

The Board does not consider formal assessments useful given the stage of the Corporation's business and operations. However, the chairman of the Board meets annually with each director individually, which facilitates a discussion of his contribution and that of other directors. When needed, time is set aside at a meeting of the Board for a discussion regarding the effectiveness of the Board and its committees. If appropriate, the Board then considers procedural or substantive changes to increase the effectiveness of the Board and its committees. On an informal basis, the chairman of the Board is also responsible for reporting to the Board on areas where improvements can be made. Any agreed upon improvements required to be made are implemented and overseen by the Board. A more formal assessment process will be instituted as, if, and when the Board considers it to be necessary.

The Audit Committee shall be comprised of three directors as determined by the Galway Metals Board, the majority of whom shall be free from any relationship that, in the opinion of the Galway Metals Board, would interfere with the exercise of his or her independent judgment as a member of the Audit Committee.

At least one member of the Audit Committee shall have accounting or related financial management expertise. All members of the Audit Committee that are not financially literate will work towards becoming financially literate and obtain a working familiarity with basic finance and accounting practices. For the purposes of Galway Metals’ Charter, the definition of “financially literate” is the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can presumably be expected to be raised by Galway Metals’ financial statements.

The members of the Audit Committee shall be elected by the Galway Metals Board at its first meeting following the annual shareholders’ meeting. Unless a Chair is elected by the full Galway Metals Board, the members of the Audit Committee may designate a Chair by a majority vote of the full Audit Committee membership.
