RE: Material Change Report dated July 18, 2018 SEDAR filing

To Whom It May Concern:

On July 18, 2018, a material change report for Saint Jean Carbon Inc was filed under the wrong Filing SubType. It was filed under Material change report – letter from foreign issuer instead of Material Change Report – English.

Please find attached to this project, the correct Material Change Report Filing.

We apologize for any inconveniences this may have caused.

Regards,

“Sherri Van Ham”
