ANNUAL GENERAL MEETING OF SHAREHOLDERS

MANAGEMENT INFORMATION CIRCULAR

PERSONS MAKING THE SOLICITATION

This management information circular (“**Circular**”) is furnished in connection with the solicitation of proxies by the management and board of directors (“**Board**”) of Mainstreet Equity Corp., (the “**Corporation**” or “**Mainstreet**”), for use at the annual general meeting of common shareholders of the Corporation (the “**Meeting**”), to be held at 1413 - 2nd Street S.W., Calgary, Alberta, T2R 0W7, on Friday, March 17th, 2017 at the hour of 1:30 p.m. (Calgary time) or at any adjournment thereof for the purposes set forth in the accompanying notice of meeting (the “**Notice**”).

The costs incurred in the preparation and mailing of both the instrument of proxy and this Circular will be borne by the Corporation. In addition to the use of mail, proxies may be solicited by personal interviews, personal delivery, telephone or any form of electronic communication by directors, officers and employees of the Corporation who will not be directly compensated therefore.

In accordance with National Instrument 54-101 *Communications with Beneficial Owners of Securities of a Reporting Issuer*, (“NI 54-101”) arrangements have been made with brokerage houses and other intermediaries, clearing agencies, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the common shares in the capital of the Corporation (the “Common Shares”) held of record by such persons and the Corporation may reimburse such persons for reasonable fees and disbursements incurred by them in doing so. The costs thereof will be borne by the Corporation.

The Corporation is sending proxy-related materials directly to non-objecting Beneficial Shareholders and the Corporation will pay for intermediaries to deliver proxy-related materials to the objecting Beneficial Shareholders of the Corporation, all in accordance with NI 54-101.

The record date to determine the registered shareholders entitled to receive Notice of the Meeting is February 10, 2017 (the “Record Date”). All information set forth in this Circular is dated effective as of the Record Date unless otherwise indicated.

APPOINTMENT, VOTING AND REVOCATION OF PROXIES

Appointment

The persons named (the “**Management Designees**”) in the accompanying instrument of proxy have been selected by the directors of the Corporation and have indicated their willingness to represent any shareholder who appoints them as their proxy at the Meeting or any adjournment thereof. Any shareholder has the right to appoint a person (who need not be a shareholder) other than the Management Designees to attend and to vote and act for and on behalf of such person at the Meeting. In order to do so the shareholder may insert the name of such person in the blank space provided in the instrument of proxy, or may use another appropriate form of instrument of proxy. All proxies must be deposited with the Corporation’s Registrar and Transfer Agent, Computershare Trust Company of Canada, 100 University Avenue, Toronto, Ontario, M5J 2Y1, not later than forty-eight (48) hours (excluding Saturdays, Sundays and holidays) prior to the Meeting or any adjournment thereof. The Chairman of the Meeting may refuse to recognize any instrument of proxy received after such time.

Voting

Common Shares represented by any properly executed instrument of proxy in the accompanying form will be voted or withheld from voting on any ballot that may be called for in accordance with the instructions given by the shareholder and, if the shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly. **In the absence of such direction, such Common Shares will be voted in favour of the matters set out herein.**

The accompanying form of instrument of proxy confers discretionary authority on the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting or other matters that may properly come before the Meeting. As of the date hereof, management of the Corporation is not aware of any such amendments, variations or other matters that may come before the Meeting. In the event that other matters come before the Meeting, then the Management Designees intend to vote in accordance with the judgment of management of the Corporation.

Revocation

In addition to revocation in any other manner permitted by law, a shareholder may revoke an instrument of proxy by an instrument in writing executed by the shareholder or by the shareholder's attorney authorized in writing and deposited either at the registered office of the Corporation, 1413 - 2nd Street S.W., Calgary, Alberta, T2R 0W7, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the Chairman of the Meeting prior to the commencement of the Meeting on the day of the Meeting or any adjournment thereof.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

Beneficial Holders

The information set forth in this section is of significant importance to many shareholders, as a substantial number of shareholders do not hold their Common Shares in their own name. Shareholders who hold their Common Shares through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold their Common Shares in their own name (referred to herein as "**Beneficial Shareholders**") should note that only instruments of proxy deposited by shareholders whose names appear on the records maintained by the Corporation's registrar and transfer agent as registered holders of Common Shares will be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Beneficial Shareholder by its broker, those Common Shares will, in all likelihood, not be registered in the shareholder's name. Such Common Shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). In the United States, the vast majority of such Common Shares are registered under the name of Cede & Co., the registration name for The Depository Trust Company, which acts as nominee for many brokerage firms located in the United States. Common Shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted or withheld at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the instrument of proxy provided directly to registered shareholders by the Corporation. However, its purpose is limited to instructing the registered Shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The vast majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Services, Inc. ("**Broadridge**") in Canada. Broadridge typically prepares a machine-readable voting instruction form, mails those forms to Beneficial Shareholders and asks Beneficial Shareholders to return the forms to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the Internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form to vote Common Shares directly at the Meeting. The voting instruction forms must be returned to Broadridge (or instructions respecting the voting of Common Shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the Common Shares voted. If you have any questions respecting the voting of Common Shares held through a broker or other intermediary, please contact that broker or other intermediary for assistance.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxy holder for the registered shareholder and vote the Common Shares in that capacity. **Beneficial Shareholders who wish to attend the Meeting and directly vote their Common Shares as proxy holder for the registered shareholder, should enter their own names in the blank space on the form of instrument of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.**

All references to shareholders in this Circular and the accompanying instrument of proxy and Notice of Meeting are to registered shareholders of Common Shares unless specifically stated otherwise.

Registered Shareholders

Registered holders of Common Shares as shown on the shareholders' list prepared as of the Record Date will be entitled to vote such Common Shares at the Meeting on the basis of one (1) vote for each Common Share held, except to the extent that the person has transferred the ownership of any of his Common Shares after the Record Date, and the transferee of those shares produces properly endorsed share certificates, or otherwise establishes that he owns the Common Shares, and demands, not later than (10) days before the Meeting, or shorter period before the Meeting which the by-laws of the Corporation may provide, that his name be included in the list before the Meeting, in which case the transferee is entitled to vote his Common Shares at the Meeting.

As of the Record Date, 8,883,333 of the Corporation's unlimited authorized voting Common Shares were issued and outstanding. The Corporation is also authorized to issue an unlimited number of preferred shares issuable in series, none of which are issued.

Pursuant to By-Law No. 1 of the Corporation, a quorum for the transaction of business at the Meeting shall be two (2) or more persons present in person, each being a shareholder entitled to vote thereat or a duly appointed proxy for an absent shareholder so entitled and together holding or representing in person or by proxy not less than five percent (5%) of the outstanding shares of the Corporation entitled to vote at the Meeting. In accordance with the By-law No.1 of the Corporation, if a quorum is present at the beginning of the Meeting, the shareholders present may proceed with the business of the Meeting notwithstanding that a quorum is not present throughout the Meeting. If a quorum is not present at the beginning of the Meeting, the shareholders present or represented by proxy may adjourn the Meeting to a fixed time and place but may not transact any other business.

The following table sets forth information as of the Record Date with respect to each person who, to the knowledge of the Board and Executive Officers (as defined herein) of the Corporation, beneficially owns, or controls or directs, directly or indirectly, Common Shares carrying more than 10% of the voting rights attached to all outstanding Common Shares.

STATEMENT OF EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Overview and Objectives

The Corporation has a Human Resources Committee that is primarily responsible for evaluating and making recommendations to the Board for the compensation of directors and Executive Officers. During the financial year ended September 30, 2016, Messrs. Amantea and Anderson made up the Human Resources Committee. Mr. Anderson is considered independent.

Mr. Anderson has served in senior management positions in a number of financial institutions over 30 years and is currently the President of Tallinn Capital Partners Corp. He has and continues to be involved in all aspects of management decisions including human resources matters and compensation policies.

Mr. Amantea has been a partner of Warren Tettensor Amantea LLP, Barristers and Solicitors for more than 30 years and has and continues to be actively involved in policy making process in human resource matters and compensation policies of the firm.

The objective of the executive compensation program is to effectively retain and motivate the Executive Officers of the Corporation to achieve the corporate goals and objectives.

“**Executive Officer**” is defined by the legislation to mean (i) the Chair, Vice-Chair or President of the Corporation, (ii) a Vice-President of the Corporation in charge of a principal business unit, division or function including sales, finance or production, or (iii) an individual performing a policy-making function in respect of the Corporation.

Elements of the Compensation Program

The executive compensation program is comprised of three principal elements: base salaries, performance bonuses and an incentive stock option plan designed to provide a combination of cash and equity-based compensation. Other components of the executive compensation program include or previously included, a now expired share purchase loan assistance program as well as transaction commissions, perquisites and other personal benefits. Each component of the executive compensation program is addressed separately below.

Base Salaries and Performance Bonuses

Salaries and performance bonuses for Executive Officers are reviewed annually based upon prevailing labour market conditions supported by independently prepared information, corporate and personal performance and on individual levels of responsibility. Salaries and performance bonuses of the Executive Officers are not determined based on any specific benchmarks or a specific formula.

During the last financial year ended September 30, 2016 the Corporation employed four Executive Officers, namely Navjeet (Bob) S. Dhillon acting as the President and Chief Executive Officer. Johnny C.S. Lam acting as the Chief Financial Officer and Chief Operating Officer, Sheena J. Keslick acting as Vice-President, Operations and Trina N. Cui acting as Vice-President, Corporate Finance. The salaries for these Executive Officers are reviewed annually by the Human Resources Committee and the Chief Executive Officer based on labour market conditions supported by independently prepared information at the relevant time, financial performance of the Corporation and personal performance and contribution during the last financial year. The Human Resources Committee then recommends such compensation to the entire Board for approval.

Stock Option Plan

The Board administers the incentive stock option plan that is designed to provide a long-term incentive that is linked to share value. The Board, upon the recommendation of the Human Resources Committee, determines the number of options to be granted to each director, officer or employee of the Corporation. In determining the number of options to be granted to individual directors, officers and employees, the Human Resources Committee takes into consideration the level of responsibility and experience required for the position, length of service with the Corporation, performance and personal contribution to the Corporation and previous grants to such individual. The Board regularly reviews and where appropriate adjusts the number of options granted to individual directors, officers and employees. The Board sets the number of options as appropriate. The stock option plan is designed to attract and retain qualified and talented directors, officers and employees.

Other Compensation

Other components of compensation include or previously included, transaction commissions, perquisites and personal benefits as determined by the Human Resources Committee that are consistent with the overall compensation strategy as well as a now expired share purchase loan assistance program. There is no formula for how perquisites or personal benefits are utilized in the total compensation package.

The President and Chief Executive Officer also receives commissions for property transactions conducted by the Corporation at commercial rates in his capacity as a licensed real estate broker. These commissions are not incurred or paid by the Corporation but rather by the other selling party or parties to the transactions. The commissions form part of the President and Chief Executive Officer's annual compensation in that the Human Resources Committee takes them into account in determining the net amount of annual performance bonus. Commissions received by the President and Chief Executive Officer in the financial year ended September 30, 2016 amounted to \$173,000.

The Corporation does not provide any pension or retirement benefits to its Executive Officers.

Benchmarks

Salaries of the Executive Officers are not determined based on specific benchmarks or formula.

Performance Goals

The Corporation's performance bonuses incentive program is measured against a financial target of the Corporation being return on shareholders' equity and upon personal goals set by the Chief Executive Officer.

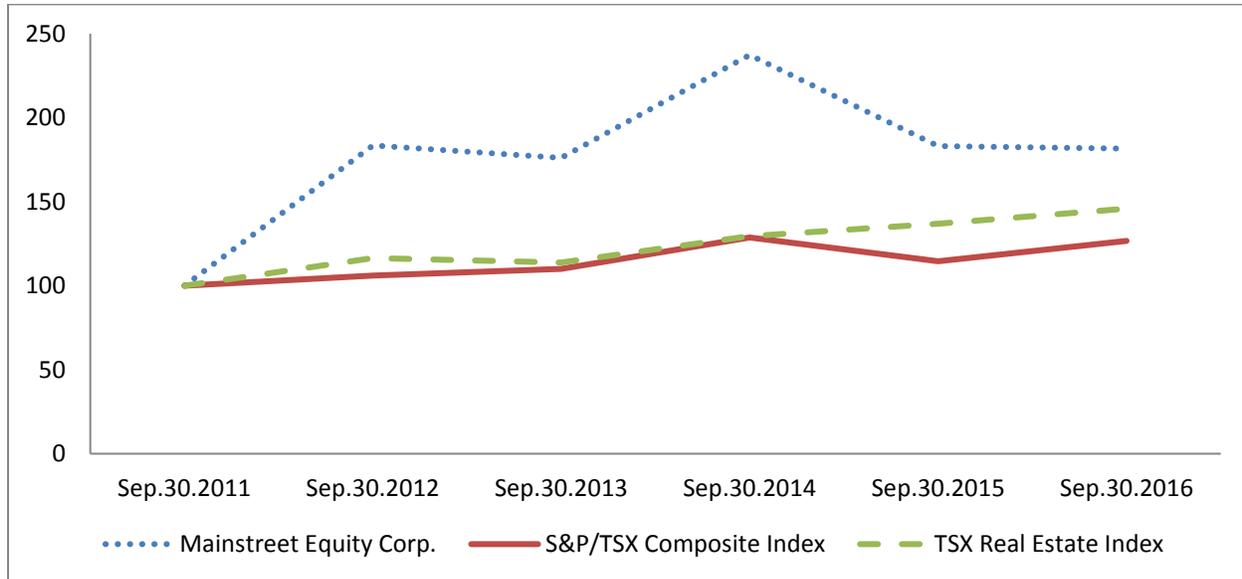

Risk Management

In designing the executive compensation program for the Corporation, the Human Resource Committee took into account the implications of risk. In doing so, the Human Resource Committee's role was to ensure that the Corporation's belief in risk management was accurately reflected in its overall approach to compensation. As a result, the compensation principles and practices of the Corporation support the appropriate balance between risk and reward and encourage measured risk taking by Executive Officers. Two large components of compensation are base salary, a form of compensation that is not "at-risk", and incentive awards, which are considered to be "at-risk". This mix is designed to encourage executives to take measured risks that may have a positive impact on the Corporation's performance while simultaneously providing adequate compensation to executive to discourage them from taking excessive or inappropriate risks. In addition, the directors oversee the Corporation's debt levels and approve every acquisition over \$25 million. On an annual basis, the Human Resource Committee will continue to review the Corporation's compensation practices with a view to mitigating risk taking activities and will make the necessary adjustments to maintain the appropriate balance between "at-risk" and "not at-risk" compensation.

The Corporation does not prohibit the Named Executive Officers (as defined below) or the directors of the Corporation from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by such person. The Named Executive Officers and directors have advised the Corporation that they have not entered into any such arrangements. To the extent that they subsequently enter into an agreement, arrangement or understanding that has the effect of altering, directly or indirectly, their economic exposure to the Corporation, insider reporting laws in Canada provide that they must file a report disclosing the existence and material terms of the agreement, arrangement or understanding within five days of the event.

Performance Graph

The following graph illustrates the Corporation's cumulative shareholder return to the end of the last financial year, as measured by the closing trading price of the Common Shares of the Corporation at the end of each financial period. The starting point is September 30, 2011, assuming an initial investment of \$100 on September 30, 2011 compared to the S&P/TSX Composite Index and the TSX Real Estate Index, assuming in all cases that dividends are reinvested.

	Sep.30.2011	Sep.30.2012	Sep.30.2013	Sep.30.2014	Sep.30.2015	Sep.30.2016
Mainstreet Equity Corp.	100	183	176	237	183	182
S&P/TSX Composite Index	100	106	110	129	114	127
TSX Real Estate Index	100	116	114	129	137	146

The Corporation's performance over the past five (5) years has outperformed the overall performance of the TSX Composite Index and the TSX Real Estate Index.

There is no direct link between the trends in the Corporation's Common Share price performance to the trend in the Corporation's compensation to Executive Officers; however the Common Share trading price performance is one of the significant performance indicators taken into consideration by the Human Resources Committee in determining Executive Officer performance bonuses in any given financial year.

Option-Based Awards

For a description of the process that the Corporation uses to grant option-based awards to Executive Officers including the role of the Human Resources Committee and Executive Officers in such process, see the description under the "Compensation Discussion and Analysis – Elements of Compensation – Stock Option Plan." For an additional description of the stock option plan of the Corporation, see "Securities Authorized for Issuance under Equity Compensation Plan".

Summary Compensation

Securities legislation requires the disclosure of compensation received by each "Named Executive Officer" of the Corporation for the three most recently completed financial years. "Named Executive Officer" is defined by the legislation to mean (i) each of the Chief Executive Officer and Chief Financial Officer of the Corporation (ii) each of the Corporation's three most highly compensated Executive Officers, or the three most highly compensated individuals acting in a similar capacity, other than the Chief Executive Officer and Chief Financial Officer, at the end of the most recently completed financial year and whose total compensation exceeds \$150,000, and (iii) any additional individual for whom disclosure would have been provided under (ii) but for the fact that the individual was not serving as an Executive Officer of the Corporation at the end of the most recently completed financial year end of the Corporation.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLAN

The following table sets forth information as at September 30, 2016 with respect to the Corporation's compensation plan approved by the shareholders of the Corporation under which equity securities of the Corporation are authorized for issuance.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in first column)
Equity compensation plans approved by security holders	828,200	\$5.51	948,467
Equity compensation plans not approved by shareholders	-	-	-
Total	828,200	\$5.51	948,467

The number of Common Shares issuable pursuant to options granted under the stock option plan of the Corporation (the "Plan") or any other stock compensation arrangement previously approved by the shareholders of the Corporation shall not exceed twenty (20%) of the outstanding issue. "Outstanding issue" means the number of common shares outstanding on a non-diluted basis, subject to applicable adjustments as provided for in the by-laws and rules of any stock exchange having jurisdiction, and is determined on the basis of the number of common shares that are outstanding immediately prior to the share issuance in question. The Plan is considered an "evergreen" plan, since the Common Shares covered by options which have been exercised shall be available for subsequent grants under the Plan and the number of options available to grant increases as the number of issued and outstanding Common Shares of the Corporation increases.

Subject to the provisions of the Plan, the Board shall have the power to determine and designate from time to time those officers, directors, employees and service providers of the Corporation, or of any affiliate or subsidiary of the Corporation, to whom options are to be granted and the number of common shares to be optioned to each such officer, director, employee or service provider; and determine the time or times when, and the manner in which, each option shall be exercisable and the duration of the exercise period (i.e. the Board may determine the vesting period or vesting terms for each option). The Plan is administered by the Board of the Corporation and its purpose is provide a means whereby the Corporation may, through the grant of options to purchase common shares of the Corporation to officers, directors, employees and service providers of the Corporation, and of any affiliate or subsidiary of the Corporation, motivate officers, directors, employees and other service providers (including officers and directors who are not employees) to exert their best efforts on behalf of the Corporation, and any affiliate or subsidiary, and closely align the personal interests of such officers, directors, employees and service providers with those of the shareholders. Options may be granted by the Corporation from time to time to officers, directors, employees and service providers of the Corporation, or of any affiliate or subsidiary of the Corporation, to purchase common shares. The Plan does not limit insider participation and the Plan does not provide for a maximum number of Common Shares which may be issued to an individual pursuant to the Plan (expressed as a percentage or otherwise).

The price of options granted under the Plan shall not be less than the "market price" of the Common Shares at the time the option is granted. "Market price" means at any time during which the Common Shares are listed on the Toronto Stock Exchange, the closing sale price for board lots of Common Shares on the Toronto Stock Exchange on the business day immediately prior to the day on which the market price is determined. Options issued under the Plan may be exercised during a period determined by the Board, which cannot exceed ten (10) years, and are subject to earlier termination should any of the following events occur to an optionee: (a) the termination of the optionee's

employment (if the employment is terminated “without cause” options expire within 12 months, and should employment be terminated “with cause” options expire within 30 days); (b) upon the optionee ceasing to be a director or officer of the Corporation (options expire within 12 months); (c) upon retirement (options expire within 12 months); (d) permanent disability (options expire within 12 months); or (e) death (options expire within 12 months). The options are transferable only to permitted assigns, such as a trustee, custodian, administrator, holding entity, registered retirement savings plan or registered retirement income fund of the optionee or his or her spouse. Notwithstanding the foregoing, where an Option expires or is deemed to expire during a period of time imposed by the Corporation upon certain designated persons during which those designated persons may not trade in any securities of the Corporation (a “**Black-Out Period**”) or within ten (10) business days from the date that any Black-Out Period ends, the Option shall not be deemed to expire until the date that is ten (10) business days from the last day of the Black-Out Period. There is no agreement where under financial assistance will be provided by the Corporation to facilitate the purchase of shares under the Plan. The Plan includes a cash settlement alternative whereby optionees and the Corporation may jointly elect that the optionee may receive a cash payment from the Corporation equal to the “money value” of the option upon exercise in lieu of purchasing the Common Shares. The “money value” means the amount by which the weighted average trading price per Common Share on the Toronto Stock Exchange on the pricing date (being the date of exercise provided that notice of the exercise of the option is received by the secretary of the Corporation) exceeds the option price per Common Share multiplied by the number of Common Shares for which the option is exercised.

The Plan permits the Board to amend, suspend, terminate or discontinue the Plan subject to any applicable regulatory approval. Without limiting the generality of the foregoing, the Board may alter, amend or vary the Plan without shareholder approval if the alteration, amendment or variance: (a) is for the purpose of curing any ambiguity, error or omission in the Plan or to correct or supplement any provision that is inconsistent with any other provision of the Plan; (b) is necessary to comply with applicable law or requirements of any stock exchange on which the Common Shares of the Corporation are listed; (c) is an amendment to the Plan respecting administration and eligibility for participation under the Plan; (d) changes the terms and conditions on which options may be granted pursuant to the Plan including the provisions relating to option price, vesting provisions and option period, subject to regulatory approval; (e) changes the termination provisions of an option or the Plan; (f) is an addition of a cashless exercise feature, payable in cash or securities which provides for a full deduction of the number of underlying securities from the Plan; or (g) is an amendment to the Plan of a “housekeeping nature”. Notwithstanding the foregoing, no such amendment may have the effect of (h) amending the number of Common Shares issuable under the Plan; (i) adding any form of financial assistance by the Corporation for the exercise of any option; (j) resulting in a material or unreasonable dilution in the number of outstanding common shares or any material benefit to option holders; or (k) changing the class of eligible optionees to broaden the participation by insiders of the Corporation. No further options may be granted under the Plan after March 26, 2017.

Without limiting the generality of the foregoing, but subject to any required regulatory approval of any regulatory authority or stock exchange, the Board may amend the option price, the option period (which in no event shall exceed 10 years from the date of grant) and the termination provisions of options granted pursuant to the Plan, without shareholder approval, provided that if the Board proposes to reduce the option price or extend the option period of options granted to insiders of the Corporation pursuant to the Plan, such amendments will require shareholder approval.

The rules of the TSX provide that the Plan requires shareholder approval to renew the Plan every three (3) years. The Plan was approved by the shareholders of the Corporation on April 27, 2007 and renewed by the shareholders of the Corporation on March 26, 2010, March 21, 2013 and March 27, 2016. As at September 30, 2016, 828,200 options were outstanding under the Plan. As at the Record Date there were 828,200 options granted under the Plan (representing approximately 9.32 % of the issued and outstanding Common Shares), resulting in 948,467 unallocated option entitlements being currently available for granting under the Plan (representing approximately 10.68% of the issued and outstanding Common Shares) based on the number of currently issued and outstanding Common Shares.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

As of the date hereof and during the most recently completed financial year, no current or former director, Executive Officer or employee of the Corporation, no proposed director, nor any associate thereof, is or was indebted to the Corporation or the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by the Corporation.

MANAGEMENT CONTRACTS

No management functions of the Corporation or its subsidiaries are, to any substantial degree, performed by a person or corporation other than the directors or Executive Officers of the Corporation.

CORPORATE GOVERNANCE PRACTICES

The Board of the Corporation views effective corporate governance as an essential element of the effective and efficient operation of the Corporation and in the best interest of the Corporation's shareholders. The Corporation strives to ensure that its corporate governance policies and practices provide for effective stewardship of the Corporation and evaluate its governance practices on an on-going basis as a whole. The Corporation's principle objective in directing and managing its business and affairs is to enhance shareholder value. The Corporation believes that effective corporate governance improves corporate performance and benefits all of its shareholders.

The Board of Mainstreet has an Audit Committee, a Human Resources Committee and an Executive Committee. During the financial year ended September 30, 2016, Messrs. Grimaldi, Irwin and Anderson made up the Audit Committee, Messrs. Amantea and Anderson made up the Human Resources Committee and Messrs. Dhillon and Amantea made up the Executive Committee.

Board of Directors

Independent Directors

Mainstreet's Board facilitates its exercise of independent supervision over management by ensuring that at least one half of the Board is composed of independent directors. The Board is currently has six (6) directors, three (3) of which are considered to be independent (Messrs. Grimaldi, Irwin and Anderson). Joseph B. Amantea is not considered an independent director as he is part of the management of the Corporation in his position as Corporate Secretary and he and his firm provides legal services to the Corporation. Navjeet (Bob) S. Dhillon is not considered an independent director in that he is part of the management of the Corporation in his position as President and Chief Executive Officer. Karanveer V. Dhillon is not considered an independent director in that he is the sibling of Navjeet (Bob) Dhillon, the President and Chief Executive Officer of the Corporation. None of the remaining three directors, namely Richard Grimaldi, John Irwin and Ron Anderson or their associates have any interest, business or other relationship that could or could reasonably be perceived to materially interfere with each individual's ability to act in the best interests of the Corporation. These individuals do not receive remuneration from the Corporation other than annual director's fees and discretionary incentive stock options that may be determined by the Board from time to time.

Although three directors are not independent directors, these directors, like all directors, are required by law at all times to act in good faith and with a view to the best interests of the Corporation and its shareholders. As is the case with independent directors, these directors are sensitive to conflicts of interest and excuse themselves from deliberations and voting in the appropriate circumstances. Their extensive knowledge of the Corporation's business is extremely beneficial to the other directors and the Corporation and their participation as directors is an important element in the overall effectiveness of the Board. Although the Board considers independence from the Corporation as a factor in assessing its own effectiveness as well as the qualifications of potential candidates, the Board's primary objective is to ensure that directors are the most qualified candidates available and are selected on the basis of their overall qualifications and ability to contribute to the effective governance of the Corporation. All of the Corporation's directors make a valuable contribution to the Board, the Corporation and its shareholders.

The Corporation has not appointed an independent chairman or an independent lead director, however, the Board believes that each of the independent directors have significant experience as a director and/or executive officer of a publicly-traded or large corporate entity and that such independent directors do not require guidance of an independent chairman or lead director in exercising his duties as an independent director.

The Board has functioned, and is of the view that it can continue to function, independently of management, as required. In order to provide leadership for the independent directors, the independent members of the board are afforded the opportunity at meetings of the Board and applicable committees of the Board, to meet separately, in camera, in the absence of non-independent directors and management, to discuss any necessary matters in the absence of non-independent directors and management. In addition thereto, to facilitate open and candid discussion among

independent directors, members also are encouraged to meet and discuss matters outside the formal board meeting forum. The Board anticipates that such meetings can and will continue to be held in the future, provided, however, during the last fiscal year ended September 30, 2016, no regularly scheduled meetings of the independent directors were held at which non-independent directors and management were not in attendance.

The following directors are presently directors of other issuers that are reporting issuers (or the equivalent):

Gender Diversity

The Committee aims to maintain a composition of the Board which provides the best mix of perspectives, experience and expertise to lead the Corporation's long-term strategy and monitor ongoing business operations. The Board is committed to nominating the best candidates to fulfill director roles and Executive Officer positions taking into account diversity and personal characteristics such as age, gender, race, cultural and educational background to ensuring the Board and Executive Officers have the proper skills and expertise.

Currently the Corporation has no female board members. In the broader leadership group consisting of those Executive Officers and regional and headquarters managers, eight of twenty (40%) are female, with two Executive Officers (50%) and six of sixteen (38%) regional and headquarters managers being female. The Board has not adopted a written policy or set targets relating to the identification and nomination of women directors or Executive Officers. Currently the Board believes that it is not necessary in the case of the Corporation to have such written policy given the current size of the Board, the relatively static composition of the Board over the last several years and that the nominating function, which is currently performed by the Board as a whole. Each year, the Board reviews the general and specific criteria applicable to candidates to be considered for nomination to the Board.

Meetings

The Board approves an annual schedule of Board and Committee meetings. The Board generally meets four (4) times a year and additionally during the year as the need arises.

The following sets forth all meetings of the Board that took place in the financial year ended September 30, 2016 and the Board members in attendance.

Mandate of the Board

The Board has adopted a general mandate to govern the conduct of the Board and each Committee of the Board, full particulars of which as set forth and described in Schedule A attached hereto.

Position Descriptions

Brief position descriptions for the Chairman of the Board and the Chair of each Committee of the Board can be found in the Board of Directors and Committee Mandate attached hereto as Schedule A.

There is no written mandate or position description for the Chief Executive Officer. The Chief Executive Officer's objectives are consistent with the adoption of the Corporation's annual plan and budget. These objectives and any modifications thereto are approved by the Board and the Board assesses the performance of the Chief Executive Officer against these objectives adopted annually. The Board also monitors and assesses senior management based on regular contact with management. The Chief Executive Officer and Chief Financial Officer participate in presentations to the Board at all regularly scheduled meetings.

Orientation and Continuing Education

Given the relatively small and static composition of the Board since its incorporation, the Corporation has not yet developed an official orientation or training program for new directors. New directors will have the opportunity to become familiar with the Corporation by meeting with the other directors and with officers and employees. Orientation activities will be tailored to the particular needs and experience of each director and the overall needs of the Board.

The Corporation undertakes ongoing education efforts to update the directors' skills and knowledge of the Corporation and its businesses. Both outsider advisors and executives of the Corporation's corporate office make regular presentations to the Board and its committees regarding business matters and other appropriate subjects. In 2016, the topics of these presentations included capital markets, information system development, corporate finance, taxation, industry mergers and acquisition, business growth strategy, risk management, corporate governance, shareholder relations and economic updates.

Ethical Business Conduct

The Board monitors the ethical conduct of the Corporation and its management and ensures that it complies with applicable legal and regulatory requirements, such as those of relevant securities commissions and stock exchanges. The Board has found that the fiduciary duties placed on individual directors by the Corporation's governing corporate legislation and the common law, as well as the restrictions placed by applicable corporate legislation on the individual director's participation in decisions of the Board in which the director has an interest, have been sufficient to ensure that the Board operates independently of management and in the best interests of the Corporation.

The Board has adopted a Governance Code which can be found on SEDAR at www.sedar.com. The Governance Code applies to the Corporation's directors, Executive Officers, management and employees, each of whom is expected to ensure that his or her behavior accords with the letter and the spirit of the Governance Code. Besides establishing guidelines designated to promote integrity and deterring wrongdoing, the Governance Code also includes Whistleblower, public disclosure and insider trading restrictions and blackout periods to endeavor to protect the Corporation's business and regulation. The Governance Code mandates that the Corporation shall investigate complaints and the Governance Code prohibits retaliation by the Corporation, its directors, Executive Officers, management and employees against complainants who raise concerns in good faith and requires the Corporation to maintain the confidentiality of complainants to the greatest extent practicable.

Since the beginning of the Corporation's most recently completed financial year, no material change reports have been filed that pertain to any conduct of a director or Executive Officer that constitutes a departure from the Governance Code.

Nomination of Directors

Mainstreet's Board considers its size each year when it considers the number of directors to recommend to the Corporation's shareholders for election at the annual meeting of shareholders, taking into account the number required to carry out the Board's duties effectively and to maintain diversity of view and experience. Given the relatively static composition of the Board over the last several years, the Board has not appointed a nominating committee and these

functions are currently performed by the Board as a whole. However, if there is a change in the number of directors required by the Company, this policy may be reviewed.

Compensation

The Board, upon recommendation of the Human Resources Committee is responsible for determining all forms of compensation to be granted to Mainstreet's Chief Executive Officer, and for reviewing the Chief Executive Officer's recommendations respecting compensation of Mainstreet's other Executive Officers, to ensure such arrangements reflect the responsibilities and risks associated with each position. During the financial year ended September 30, 2016, the Human Resources Committee consisted of Messrs. Amantea and Anderson. Mr. Anderson is considered independent. Please see "*Statement of Executive Compensation – Compensation Discussion and Analysis*" for additional information regarding how compensation is determined.

Assessments

The Board does not currently have any formal process for assessing the effectiveness of the Board, its committees and contributions of individual directors; however, believes that its current size facilitates informal discussion and evaluation of members' contributions within that framework.

Director Term Limits and Other Mechanisms of Board Renewal

The Corporation has not adopted term limits or other mechanisms to force Board removal. The By-laws of the Corporation provide that all directors in office shall retire at the next annual general meeting of shareholders and if qualified, shall be eligible for re-election. Accordingly, the Board has determined that term limits or mandatory retirement based on age is not necessary. The Board believes that sustained leadership and intimate knowledge of the Corporation is an asset to the operations and future of the Corporation. The Board also believes that an imposition of term limits is inflexible and could possibly result in experienced directors being forced to resign or being barred from standing for re-election solely based on tenure. The Board considers the performance and contribution of individual directors on an ongoing basis.

Policies Regarding the Representation of Women on the Board

The Corporation does not have a written policy or set targets relating to the identification and nomination of women on the Board. The Board may consider the adoption of such a policy in the future if it deems it to be in the best interest of the Corporation.

Consideration of the Representation of Women in the Director Identification and Selection Process

In identifying and nominating new directors, the Board adapts a holistic approach. It considers the overall diversity of the Board, including the level of representation of women on the board, in tandem with other considerations, including a candidate's experience, skills, independence, and the time a proposed nominee is able to devote to the Board, in an effort to secure the most suitable candidates that will contribute to the success of the Corporation. The Board recognizes the benefits of all forms of diversity, including gender, race, culture and educational diversity, and is accordingly, mindful of not only this factor but all other diversity factors when identifying and nominating new directors.

Consideration Given to the Representation of Women in Executive Officer Appointments

In making new Executive Officer appointments, the Board adapts a holistic approach. The Board considers the overall diversity of the Corporation's executive team, including the level of women in executive office positions, in tandem with other considerations, including candidates' experience, skills, independence, and the time a proposed nominee is able to devote to the appointment, in an effort, to secure the most suitable candidates that will contribute to the success of the Corporation. The Board recognizes the benefits of all forms of diversity, including gender, race, culture and educational diversity and is accordingly mindful of not only this factor but all other diversity factors when appointing new Executive Officers. Currently two Executive Officers (or 50% of the total number of Executive Officers of the Corporation) are women.

Targets Regarding the Representation of Women on the Board and in Executive Officer Positions

The Corporation has not adopted a target regarding women on the Board or in Executive Officer positions. Selection of Board members and Executive Officers is based on the factors enumerated in the preceding subsections.

Number of Women on the Board and in Executive Officer Positions

The Corporation currently has no women on the Board. Two Executive Officers (or 50% of the total number of Executive Officers of the Corporation) are women.

The Audit Committee also prepares press releases of financial results, reviews all prospectuses and the Corporation’s annual information form. The Audit Committee, together with the full board, specifically reviews principal risks of the Corporation.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Other than as set forth herein, the Corporation is not aware of any material interest, direct or indirect, of any "informed person" of the Corporation, any proposed director of the Corporation or any associate or affiliate of any "informed person" or proposed director in any transaction since the commencement of the Corporation's most recently completed financial year or in any proposed transaction which has materially affected or would materially affect the Corporation or any of its subsidiaries.

For the purposes of the above, "**informed person**" means: (a) a director or executive officer of the Corporation; (b) a director or executive officer of a company that is itself an informed person or subsidiary of the Corporation; (c) any person or company who beneficially owns, directly or indirectly, voting securities of the Corporation or who exercises control or direction over voting securities of the Corporation or a combination of both carrying more than 10% of the voting rights attached to all outstanding voting securities of the Corporation other than voting securities held by the person or company as underwriter in the course of a distribution; and (d) the Corporation after having purchased, redeemed or otherwise acquired any of its securities, for so long as it holds any of its securities.
