**SIENNA RESOURCES INC.****NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**

(Expressed in Canadian Dollars)

September 30, 2019 – Page 1

**1. NATURE AND CONTINUANCE OF OPERATIONS**

Sienna Resources Inc. (the “Company”) was incorporated on March 11, 1983, under the British Columbia Company Act. The Company is an exploration stage public company and is listed on the TSX Venture Exchange (“Exchange”). The Company’s principal business activities include acquiring and exploring exploration and evaluation assets. At September 30, 2019, the Company had exploration and evaluation assets located in Canada, Sweden and the U.S.A.

The Company’s head office and principal business address is Suite 1470, 701 West Georgia Street, Vancouver, British Columbia, V7Y 1C6. The Company’s registered and records office is located at 900 – 885 West Georgia Street, Vancouver, British Columbia, V6C 3H1.

These condensed consolidated interim financial statements have been prepared on a going concern basis, which contemplates continuity of normal business activities and the realization of assets and discharge of liabilities in the normal course of business. At September 30, 2019, the Company had not yet achieved profitable operations, incurred a loss of \$310,655 during the nine months ended September 30, 2019 and had an accumulated deficit of \$22,433,294 since its inception. The Company expects to incur further losses in the development of its business, all of which cast substantial doubt on the Company’s ability to continue as a going concern. The Company will require additional financing in order to conduct its planned work programs on exploration and evaluation assets, meet its ongoing levels of corporate overhead and discharge its liabilities as they come due. While the Company has been successful in securing financings in the past, there is no assurance that it will be able to do so in the future. Accordingly, these condensed consolidated interim financial statements do not give effect to adjustments, if any, that would be necessary should the Company be unable to continue as a going concern. If the going concern assumption was not used then the adjustments required to report the Company’s assets and liabilities on a liquidation basis could be material to these condensed consolidated interim financial statements.

**2. BASIS OF PREPARATION****a) Statement of Compliance**

These condensed consolidated interim financial statements of the Company have been prepared in accordance with International Accounting Standard 34 *Interim Financial Reporting* (“IAS34”) as issued by the International Accounting Standards Board (“IASB”). Therefore, these condensed consolidated interim financial statements do not include all of the information required for full annual financial statements, and should be read in conjunction with the Company’s most recently issued audited financial statements for the year ended December 31, 2018, which includes information necessary or useful to understanding the Company’s business and financial statement presentation. In particular, the Company’s significant accounting policies, use of judgements and estimates were presented in Note 2 and Note 3 of these audited financial statements, and have been consistently applied in the preparation of these condensed consolidated interim financial statements.

These condensed consolidated interim financial statements were authorized for issue by the Board of Directors on November 13, 2019.

## 2. BASIS OF PREPARATION (continued)

### b) Basis of Consolidation

These condensed consolidated interim financial statements include the accounts of the Company and its wholly-owned subsidiaries. All inter-company balances, transactions, income and expenses have been eliminated upon consolidation.

### c) Subsidiaries

Subsidiaries are entities controlled by the Company. Control exists when the Company has power over an investee, when the Company is exposed, or has rights, to variable returns from the investee and when the Company has the ability to affect those returns through its power over the investee. Subsidiaries are included in the condensed consolidated interim financial results of the Company from the effective date of acquisition up to the effective date of disposition or loss of control. Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by the Company.

The principal subsidiaries of the Company as of September 30, 2019 are as follows:

Name of subsidiary	Principal activity	Place of Incorporation	Ownership Interest September 30, 2019	Ownership Interest December 31, 2018
Sienna Resources Sweden AB	Holding company	Sweden	100%	100%
Sienna Resources (US) Inc.	Holding company	USA	100%	100%

## 3. NEW ACCOUNTING STANDARDS ADOPTED DURING THE PERIOD

### *IFRS 16 – Leases*

New standard to establish principles for recognition, measurement, presentation and disclosure of leases with an impact on lessee accounting. The Company adopted this new standard on January 1, 2019. The adoption of this new standard has no impact on the Company's condensed consolidated interim financial statements.

## 4. CASH AND CASH EQUIVALENTS

The Company's cash and cash equivalents are denominated in the following currencies and include the following components:

Short-term deposits	344,500	464,500
	<u>\$ 609,768</u>	<u>\$ 550,657</u>

## 5. RECEIVABLES

The Company's receivables comprise of goods and services tax ("GST") and value-added tax ("VAT") receivable due from government taxation authorities, and other receivables.

	September 30, <u>2019</u>	December 31, <u>2018</u>

GST recoverable	3,181	3,288
VAT recoverable	730	272
Total receivables	<u>\$ 5,318</u>	<u>\$ 10,145</u>

All amounts are short-term and the net carrying value of receivables is considered a reasonable approximation of fair value. The Company anticipates full recovery of these amounts and therefore no impairment has been recorded against receivables. The Company's receivables are all considered current and are not past due or impaired. The Company does not possess any collateral related to these assets.

## 6. INVESTMENTS

The Company's investments consist of an investment in 700,000 common shares of Andora Energy Corporation ("Andora"), a private company in the oil and gas industry in Alberta, Canada. These shares account for 0.7% of Andora's outstanding common shares as of September 30, 2019 and December 31, 2018. The Company's interest in Andora does not represent a position of control or significant influence, accordingly, the Company has recorded the investment at fair value.

**7. EXPLORATION AND EVALUATION ASSETS (continued)**

Title to Mineral Property Interests

Title to exploration and evaluation asset interests involves certain inherent risks due to the difficulties of determining the validity of certain claims as well as the potential for problems arising from the frequently ambiguous conveyancing history characteristic of many exploration and evaluation assets. The Company has investigated title to all of its exploration and evaluation assets and, to the best of its knowledge, title to all of its interests are in good standing. However, this should not be construed as a guarantee of title. The concessions may be subject to prior claims, agreements or transfers, and rights of ownership may be affected by undetected defects.

White Gold, Yukon – Staking

During the year ended December 31, 2009, the Company acquired a 100% interest in certain gold claims in the region of the White and Yukon Rivers for staking costs incurred of \$106,896.

During the years ended December 31, 2011, 2013 and 2015, the Company decided not to renew certain claims and allowed them to lapse when they became due. Prior acquisition costs of \$106,273 and exploration costs of \$114,319 associated with these lapsed claims were written off.

The Company continues to hold a 100% interest in the remaining White Gold claims. As at September 30, 2019, the Company had spent a total of \$4,457 in exploration expenditures on the remaining claims of this property.

Clayton Valley Deep Basin Lithium Brine Project, Nevada, U.S.A. – Staking

In May 2016, the Company acquired a 100% interest in certain mineral claims of the Clayton Valley Deep Basin Lithium Brine Project in Nevada, U.S.A., for staking costs of \$23,609.

As at September 30, 2019, the Company had incurred a total of \$53,615 in claim maintenance fees on this property.

Slattberg Cobalt-Nickel-Copper Project, Sweden – Exploration and Option Agreement

In December 2017, the Company entered into an exploration and option agreement (the "Slattberg Agreement") with an arm's length party, a company organized under the laws of Sweden (the "Slattberg Vendor"). Pursuant to the Slattberg Agreement, the Slattberg Vendor granted an option (the "Option") to the Company to acquire the Slattberg Cobalt-Nickel-Copper Project in Sweden. In consideration, the Company is required to issue 3,000,000 common shares to the Slattberg Vendor within five business days upon Exchange approval (issued at a value of \$735,000) and spend at least \$500,000 in exploration expenditures on or before December 8, 2018, and such exploration expenditures shall include the drilling of at least 750 metres on the project.

**7. EXPLORATION AND EVALUATION ASSETS (continued)**

Slattberg Cobalt-Nickel-Copper Project, Sweden (continued)

In November 2018, February 2019 and September 2019, the Company entered into Amendments with the Slattberg Vendor to extend the option period to December 31, 2019. Pursuant to the Amendments, the Company is required to incur at least \$250,000 in exploration expenditures on the Slattberg properties on or before the end of the option period.

Upon exercise of the Option, the Company shall issue to the Slattberg Vendor an additional 3,000,000 common shares.

The Slattberg Project is subject to a 3% net smelter return (NSR) royalty. Within six years of the execution of the Slattberg Agreement, the Company may purchase 0.5% of the NSR royalty for \$1,500,000, which is subject to Exchange approval.

From the date of the closing of the exercise of the Option, the Company will use commercially reasonable efforts to raise \$3,000,000 for development of the Slattberg Project and other activities. Once the Company has raised that amount, the Company will issue an additional 4,000,000 shares to the Slattberg Vendor, which is subject to Exchange approval.

As of September 30, 2019, the Company had incurred a total of \$350,387 in exploration expenditures on this property.

**8. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES**

Accounts payable and accrued liabilities recognized in the statement of financial position can be analyzed as follows:

	September 30, <u>2019</u>	December 31, <u>2018</u>
Trade payables	\$ 830,771	\$ 924,869
Accrued liabilities	<u>12,714</u>	<u>34,260</u>
Total accounts payable and accrued liabilities	<u>\$ 843,485</u>	<u>\$ 959,129</u>

All amounts are short-term. The carrying value of trade payables and accrued liabilities is considered a reasonable approximation of fair value due to the short-term nature of these instruments.

**9. LOANS PAYABLE**

In September 2012, the Company arranged a loan from an arm's length party for a total principal amount of \$5,000, bearing 5% interest per annum and due on demand.
