

**McCHIP RESOURCES INC.
MANAGEMENT INFORMATION CIRCULAR
ANNUAL MEETING OF SHAREHOLDERS
SOLICITATION OF PROXIES**

This Management Information Circular (the “Circular”) is furnished in connection with the solicitation of proxies by the management of McChip Resources Inc. (the “Company”), an Ontario corporation, of proxies to be used at the Company’s Annual Meeting of shareholders (the “Meeting”) to be held at the time and place and for the purposes set forth in the Notice of Meeting accompanying this Circular.

All costs of solicitation will be borne by the Company. It is expected that the solicitation of proxies will be primarily by mail. The directors, officers and employees of the Company may also solicit proxies by telephone, facsimile or in person. The information contained herein is given as of April 17, 2018, except as otherwise noted. All dollar amounts referred to herein are in Canadian dollars.

APPOINTMENT OF PROXYHOLDER

The persons named in the accompanying proxy (“Proxy”) were designated by the management of the Company (“Management Proxyholder”). A shareholder wishing to appoint some other person (“Alternate Proxyholder”) (who need not be a shareholder) to represent him or her at the meeting has the right to do so, either by inserting such person’s name in the blank space provided in the Proxy and striking out the two printed names, or by completing another proxy. If a shareholder appoints one of the persons designated in the Proxy as a nominee and does not direct the said nominee to vote either for or against or withhold from voting on a matter or matters with respect to which an opportunity to specify how the common shares of the Company (the “Shares”) registered in the name of such shareholder shall be voted, the Proxy shall be voted FOR such matter or matters.

The Proxy must be signed in writing or by electronic signature by the shareholder or by the shareholder’s attorney who is authorized by a document that is signed in writing or by electronic signature or, if the shareholder is a body corporate, signed by an officer or attorney of the body corporate duly authorized by a resolution of the directors or governing body of the body corporate. A Proxy will only be valid if it is duly completed, signed, dated and received at the offices of the Company’s registrar and transfer agent, CST Trust Company, Box 721, Agincourt, ON M1S 0A1, Attention: Proxy Department, at least 48 hours (excluding Saturdays and holidays) prior to the time of the Meeting or any adjournment thereof, unless the Chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

If you have any questions about the procedures to be followed to vote at the Meeting or about obtaining, completing and depositing the required Proxy, please contact CST Trust Company, at the above noted address.

REVOCATION OF PROXY

A shareholder who has given a Proxy may revoke it (i) by depositing an instrument signed in writing by the shareholder or by the shareholder’s attorney who is authorized by a document that is signed in writing or by electronic signature or, if the shareholder is a corporation or association, signed by any officer or attorney of the body corporate or association duly authorized by a resolution of the directors or governing body of the respective body corporate or association, (ii) by transmitting, by telephonic or electronic means, a revocation that is signed by an electronic signature, or (iii) in any other manner permitted by law. The revocation of Proxy must be delivered to and received by the Company’s transfer agent CST Trust Company, Box 721, Agincourt, ON M1S 0A1, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof at which the Proxy is to be used, or to the chair of the Meeting on the day of the Meeting or any adjournment thereof. A revocation of a Proxy does not affect any matter on which a vote has taken prior to the revocation.

The Chairman of the Meeting will have the discretion to accept or reject proxies otherwise deposited.

EXERCISE OF DISCRETION BY PROXYHOLDER

The Management Proxyholder or the Alternate Proxyholder, as the case may be, will vote for or against or withhold from voting the Shares, as directed by a shareholder on the Proxy, on any ballot that may be called for. In the absence of any such direction, the Management Proxyholder will vote in favour of matters described in the proxy. In the absence of any direction as to how to vote the Shares, an Alternate Proxyholder has discretion to vote them as he or she chooses.

The enclosed Proxy confers discretionary authority upon the proxyholder with respect to amendments or variations to matters identified in the attached Notice of Meeting and other such matters with properly come before the Meeting. At present, management of the Company knows of no such amendments, variations or other matters.

NON-REGISTERED SHAREHOLDERS

Only registered shareholders or their duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are “non-registered” shareholders because the Shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased their Shares. More particularly, a person is not a registered shareholder in respect of Shares which are held on behalf of that person (the **“Non-Registered Holder”**) but which are registered either: (a) in the name of an intermediary (an **“Intermediary”**) that the Non-Registered Holder deals with in respect of the Shares (Intermediaries include among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self administered RRSPs, RRIFs, RESPs and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited) of which the Intermediary is a participant. The Company has distributed copies of the Notice of Meeting, this Circular and the Proxy (collectively, the **“Meeting Materials”**) to the clearing agencies and Intermediaries for distribution to Non-Registered Holders in accordance with the requirements of National Instrument 54-101 “Communication with Beneficial Owners of Securities of a Reporting Issuer”.

Intermediaries are required to forward the Meeting Materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Very often, Intermediaries will use service companies to forward the Meeting Materials to Non-Registered Holder. Generally, Non-Registered Holders who have not waived the right to receive Meeting Materials will either:

- (a) be given a Proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of Shares beneficially owned by the Non-Registered Holder but which is otherwise not completed. Because the Intermediary has already signed the Proxy, this Proxy is not required to be signed by the Non-Registered Holder when submitting the Proxy. In this case, the Non-Registered Holder who wishes to submit a proxy should otherwise properly complete the Proxy and **deposit it with CST Trust Company** as provided above; or
- (b) more typically, be given a voting instruction form which is not signed by the Intermediary, and which, when properly completed and signed by the Non-Registered Holder and returned to the Intermediary or its service company, will constitute voting instructions (often called a “proxy authorization form”) which the Intermediary must follow. Typically, the proxy authorization form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form the proxy authorization form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label containing a bar-code and other information. In order for the form of proxy to validly constitute a proxy authorization form, the Non-Registered Holder must remove the label form of proxy and return it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit Non-Registered holders to direct the voting of the Shares which they beneficially own. Should a Non-Registered Holder who receives one of the above forms wish to vote at the Meeting in person, the Non-Registered Holder should strike out the names of Management Proxyholders named in the form and insert the Non-Registered Holder's name in the blank space provided. **In either case, Non-Registered Holders should carefully follow the instructions of their Intermediary, including those regarding when and where the Proxy or proxy authorization form is delivered.**

VOTING SHARES AND PRINCIPAL HOLDERS THEROF

The holders of record of Shares as at the close of business on April 17, 2018 (the “**Record Date**”) are entitled to receive notice of the Meeting and will be entitled to vote at the Meeting, except that a transferee of such Shares acquired after the Record Date will be entitled to vote the transferred Shares at the Meeting only if he or she produces properly endorsed certificates for such Shares or otherwise establishes that he or she owns such Shares and demands by written request, delivered to the Company at its registered office, no later than ten days before the Meeting, that his or her name be included in the list of shareholders entitled to vote at the Meeting. The Company has made a list of all persons who are registered holders of Shares as of the close of business on the Record Date and the number of Shares registered in the name of each person on that date.

REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee is responsible for making recommendations to the Board with respect to the compensation of the executive officers of the Company as well as, among other things, with respect to the Stock Option Plan and any other employee benefits and/or plans. The Board reviews such recommendations and gives final approval to the compensation of the executive officers.

The Compensation Committee of the Board consists of Mr. Weldon (Chairman) and Mr. Gould, all of whom are independent. The Compensation Committee does not engage any specific advisor or consultant to assist in its performance of its duties.

The overall objective adopted by the Compensation Committee is to ensure that executive compensation is fair and reasonable, rewards management performance and is sufficient to attract and retain experienced and talented executives. This objective also recognizes the fundamental value added by a motivated and committed management team. Historically, the compensation provided by the Company to its executive officers has three components: base salary, bonus and other compensation and long term incentive compensation in the form of stock options.

Base Salary, Bonus and other

Base salary is the principal component of each executive officer's overall compensation. In terms of the setting of base salaries, the Compensation Committee annually reviews and considers the individual performance of its executive officers and compares executive compensation for other companies of similar scope in the resource industry. The Compensation Committee, in particular in respect of the CEO, has compared the executive compensation of the Company to the compensation paid by a peer group of other TSX – Venture listed junior resource companies selected by the Compensation Committee as being comparable to the Company in terms of market capitalization, size, and assets under administration and managed investments. CEO compensation in particular is, before the consideration of other factors, initially targeted to be near the average for the peer group of companies.

In setting the salary and bonus, if any, to be awarded to the CEO for each year, the Compensation Committee, in addition to reviewing the peer group data, reviews the achievements of the CEO measured against objectives established by the Board and management for the prior year and looks at the overall performance of the investment activities of the Company. Also included in such overall assessment are specific initiatives undertaken in the year by the Company that have advanced the growth and progress of the Company and the enhancement of shareholder value during the year, including the Company's share price and performance. In setting the compensation of the other executive officers of the Company, the Compensation Committee reviews with the CEO, the CEO's evaluation of each executive officer's performance during the year as well as the responsibilities, experience and qualifications of such executive officer and comparable industry compensation data. Given the nature of the Company business operations as a junior resource company, compensation is generally based on qualitative, rather than quantitative or objective measures. No specific weights or percentages, however, are assigned to any of the measures or objectives upon which the executive compensation is generally based.

Share Based Compensation

The Compensation Committee is of the view that the granting of stock options is an appropriate method of providing long-term incentives to senior management of the Company and, in general, aligns the interests of senior management with those of the shareholders by enabling senior management to participate in the long term growth of the Company. Participation in the Stock Option Plan also provides incentive to the participants to enter into and subsequently to continue their employment with the Company. In addition the Compensation Committee is of the view that the Company's compensation levels and components must be consistent with industry norms, and industry norms dictate that the Company provide a long-term compensation incentive, which is best realized by providing compensation linked to share performance such as stock options. The number and terms of options previously granted to the named executives have been and are expected to be taken into account, as well as the number and terms of options granted by the peer group companies, in determining whether and what quantity new option grants should be made in any year. The Company did not grant any stock options to the Named Executive Officers during the 2017 fiscal year.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

None of the Directors, executive officers, employees, proposed nominees for election as Directors or their associates have, since the beginning of the last completed financial year, been indebted to the Company or any of its subsidiaries, or (ii) to another entity where the indebtedness has been the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by the Company or any of its subsidiaries.

DIRECTORS' AND OFFICERS' LIABILITY INSURANCE

The Company does not maintain directors' and officers' liability insurance on behalf of its directors and officers.

INTEREST OF INFORMED PERSONS AND INSIDERS IN MATERIAL TRANSACTIONS

Except as disclosed herein, since the commencement of the Company's most recently completed financial year, no informed person of the Company, nominee for director or any associate or affiliate of an informed person or nominee, had any material interest, direct or indirect, in any transaction or any proposed transaction which has materially affected or would materially affect the Company or any of its affiliates. An "informed person" means: (a) a director or executive/senior officer of the Company; (b) a director or executive officer of a person or company that is itself an informed person of the Company or subsidiary of the Company; (c) any person or company who beneficially owns, directly or indirectly, voting securities of the Company or who exercises control or direction over voting securities of the Company or a combination of both carrying more than 10 percent of the voting rights attached to all outstanding voting securities of the Company other than voting securities held by the person or company as underwriter in the course of a distribution; and (d) the Company itself, if it has purchased, redeemed or otherwise acquired any of its securities, for so long as it holds any of its securities.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Except as disclosed herein, no Person has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in matters to be acted upon at the Meeting other than the election of directors or the appointment of auditors. For the purpose of this paragraph, "Person" shall include each person: (a) who has been a director or executive/senior officer of the Company at any time since the commencement of the Company's last fiscal year; (b) who is a Nominee for election as a director of the Company; or (c) who is an associate or affiliate of a person included in (a) or (b).

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

Corporate governance is the process and structure used to direct and manage the business and affairs of a Company with the objective of enhancing shareholder value.

Responsibility of the Board

The role of directors is to oversee the conduct of Company's business and review the performance of management which is responsible to the directors for the day-to-day conduct of the business affairs of the Company. The frequency of meetings and the nature of agenda items are flexible depending on the activities of the Company. At each meeting there is a comprehensive update of the affairs of the Company presented to the directors by management. The Board of Directors expects

management of the Company to report regularly on the activities of the Company, seek its approval on any major acquisition or investment activity, act in the best interests of the shareholders generally and to monitor the financial performance of the Company.

Composition of the Board

The Board of Directors ("**Board**") is presently composed of five directors. Three of the five directors are independent and unrelated. Richard D. McCloskey, CEO and President, and Edward G. Dumond, CFO and Corporate Secretary of the Company, are related directors.

It is proposed that six directors be elected for the coming year. The Board believes, that at this stage of the Company's development, a group of six directors is sufficient to allow for the breadth of experience critical to the Board's understanding of the issues facing the Company, while still small enough to allow for effective decision-making.

Expectation of Management

The Board expects management to conduct the business and affairs of the Company effectively and in accordance with the Board's direction. The Board also expects management to provide accurate and timely reporting and analysis of the Company's performance.

Procedures of the Board

Regularly scheduled meetings of the Board, at which management reports on and analyzes corporate performance, are held throughout the year. Issues arising between meetings which require consideration by the Board are dealt with by telephone conference calls and or written board resolutions.

The Company does not have in place detailed written descriptions of the powers and responsibilities of members of management or the Board. The Board's independent directors, all of whom have considerable knowledge and experience in the mineral exploration business and business in general, are of the view that such descriptions are not necessary at this stage of the Company's development. The non-management directors believe that their majority on the Board, their knowledge of the Company's business and their independence are sufficient to facilitate the functioning of the Board independent of management.

Committees of the Board

The Company has established two committees: the Audit Committee and the Compensation Committee. Each committee operates in accordance with a committee charter which defines its stewardship responsibilities. Committee members are appointed annually following the Company's annual general meeting.

The following is a description of the composition and mandate for each of the committees of the Board.
