MANAGEMENT INFORMATION CIRCULAR

The information contained in this management information circular (the “**Circular**”), unless otherwise indicated, is as of May 21, 2021.

This Circular is being mailed by the management of Val-d’Or Mining Corporation (hereinafter referred to as “**Val-d’Or Mining**” or the “**Company**”) to everyone who was a shareholder of record of Val-d’Or Mining on Friday, May 21, 2021, which is the date that has been fixed by our Board of Directors as the record date to determine shareholders who are entitled to receive notice of the Meeting.

This Circular is being mailed in connection with the solicitation of proxies by and on behalf of management for use at the annual general meeting (the “**Meeting**”) of the shareholders of Val-d’Or Mining being held on **Friday, June 25, 2021, at 2:00 p.m. (Eastern) at 2864, chemin Sullivan, Val-d’Or, Québec, and by telephone conference call.**

In order to participate in the Meeting via teleconference, shareholders must preregister 15 minutes before the start of the Meeting at <https://bit.ly/35voFDo> or, alternatively, at www.valdormining.com/agm/2021/june25. Upon registration, participants will receive an individual pin to access the meeting via teleconference, along with the dial-in instructions.

Shareholders are strongly encouraged to attend the Meeting by telephone conference, given the continuing public health impact of the COVID-19 pandemic, considerations regarding the health and safety of our employees, shareholders and other stakeholders, as well as public health guidelines to limit gatherings of people.

The solicitation of proxies will be primarily by mail. Certain employees, officers or directors of Val-d’Or Mining may also solicit proxies by telephone or in person. The cost of solicitation will be borne by Val-d’Or Mining.

Under our Articles, a quorum for the transaction of business at a meeting of shareholders is two persons who are, or who represent by proxy, shareholders who, in the aggregate, hold at least 5% of the issued shares entitled to be voted at the Meeting. If such a quorum is not present in person or by proxy, we will reschedule the Meeting.

PART 1 – VOTING

HOW A VOTE IS PASSED

All of the matters that will come to a vote at the Meeting as described in the attached Notice of the Meeting are ordinary resolutions and can be passed by a simple majority – that is, if more than half of the votes that are cast are in favor, then the resolution is approved. See Part 3 – The Business of the Meeting.

WHO CAN VOTE?

If you are a registered shareholder of Val-d’Or Mining on May 21, 2021, you are entitled to attend at the Meeting and cast a vote for each share registered in your name on all resolutions put before the Meeting. If the shares are registered in the name of a corporation, a duly authorized officer of the corporation may attend on its behalf, but documentation indicating such officer’s authority should be presented at the Meeting or, if attending by telephone conference call, provided to Val-d’Or Mining prior to commencement of the Meeting. If you are a registered

shareholder but do not wish to, or cannot, attend the Meeting yourself, you can appoint someone who will attend the Meeting and act as your proxyholder to vote in accordance with your instructions (see “Voting by Proxy” below). If your shares are registered in the name of a “nominee” (usually a bank, trust company, securities dealer or other financial institution) you should refer to the section entitled “Non-registered Shareholders” set out below.

It is important that your shares be represented at the Meeting regardless of the number of shares you hold. **We encourage all shareholders to complete, date, sign and return your form of proxy as soon as possible so that your shares will be represented.**

Please note:

- Only registered shareholders, and those non-registered beneficial shareholders who appoint themselves as their proxyholder using the voting instruction form provided to them by their nominee, are entitled to attend the Meeting (either in person or by telephone conference) and vote.
- Ballot voting is not available to shareholders attending the Meeting by telephone conference.

VOTING BY PROXY

If you do not attend the Meeting, you can still make your votes count by appointing someone who will be there to act as your proxyholder. You can either tell that person how you want to vote or you can let him or her decide for you. You can do this by completing a form of proxy.

In order to be valid, you must return a completed form of proxy to our transfer agent, Computershare Investor Services Inc., by 2:00 p.m. (Eastern) on Tuesday, June 22, 2021, by mail to: 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1; or by facsimile: within North America 1-866-249-7775 or outside North America (416) 263-9524; or by voting by telephone or through the Internet following the instructions on the enclosed form of proxy.

What is a proxy?

A form of proxy is a document that authorizes someone to attend the Meeting and cast your votes for you. We have enclosed a form of proxy with this Circular. You should use it to appoint a proxyholder, although you can also use any other legal form of proxy.

Appointing a proxyholder

You can choose any person to be your proxyholder. It is not necessary for the person whom you choose to be a shareholder of Val-d’Or Mining. To make such an appointment, simply fill in the person’s name in the blank space provided in the enclosed form of proxy. To vote your shares, your proxyholder must attend the Meeting. If you do not fill a name in the blank space in the enclosed form of proxy, the persons named in the form of proxy are appointed to act as your proxyholder. Those persons are directors and/or officers of Val-d’Or Mining.

Instructing your proxy

You may indicate on your form of proxy how you wish your proxyholder to vote your shares. To do this, simply mark the appropriate boxes on the form of proxy. If you do this, your proxyholder must vote your shares in accordance with the instructions you have given.

If you do not give any instructions as to how to vote on a particular issue to be decided at the Meeting, your proxyholder can vote your shares as he or she thinks fit. If you have appointed the persons designated in the form of proxy as your proxyholder they will, unless you give contrary instructions, vote your shares at the Meeting as follows:

- ✓ **FOR setting the number of directors at five;**
- ✓ **FOR the election of the proposed nominees as directors;**

- ✓ **FOR the appointment of MNP LLP as the auditor of Val-d'Or Mining; and**
- ✓ **FOR approval of the previously adopted 10% rolling stock option incentive plan, as required annually by the policies of the TSX Venture Exchange.**

For more information about these matters, see Part 3 – The Business of the Meeting. The enclosed form of proxy gives the persons named on it the authority to use their discretion in voting on amendments or variations to matters identified on the Notice of the Meeting. At the time of printing this Circular, the management of Val-d'Or Mining is not aware of any other matter to be presented for action at the Meeting. If, however, other matters do properly come before the Meeting, the persons named on the enclosed form of proxy will vote on them in accordance with their best judgment, pursuant to the discretionary authority conferred by the form of proxy with respect to such matters.

Changing your mind

If you want to revoke your proxy after you have delivered it, you can do so at any time before it is used. You may do this by (a) attending the Meeting and voting (either in person or by telephone conference); (b) signing a proxy bearing a later date; (c) signing a written statement which indicates, clearly, that you want to revoke your proxy and delivering this signed written statement to the registered office of Val-d'Or Mining at Suite 530, 355 Burrard Street, Vancouver, British Columbia, V6C 2G8; or (d) in any other manner permitted by law.

Your proxy will only be revoked if Val-d'Or Mining receives a revocation by 5:00 p.m. (Eastern) on the last business day before the day of the Meeting, or any adjournment thereof, or if a revocation is delivered to the person presiding at the Meeting before it (or any adjournment thereof) commences. If you revoke your proxy and do not replace it with another proxy that is deposited with us before the deadline, you can still vote your shares, but to do so you must attend the Meeting in person.

NON-REGISTERED SHAREHOLDERS

If your shares are not registered in your own name, they are likely held in the name of a “nominee”, usually a bank, trust company, securities dealer or other financial institution. Your nominee must seek your instructions as to how to vote your shares.

Accordingly, unless you have previously informed your nominee that you do not wish to receive material relating to shareholders' meetings, you will have received this Circular from your nominee, together with a form of proxy or voting instruction form. If that is the case, **it is most important that you comply strictly with the instructions that have been given to you by your nominee on the voting instruction form.** If you have voted and wish to change your voting instructions, you should contact your nominee to discuss whether this is possible and what procedures you must follow.

If your shares are not registered in your own name, Computershare Investor Services Inc., Val-d'Or Mining's transfer agent, will not have a record of your name and, as a result, unless your nominee has appointed you as a proxyholder, will have no knowledge of your entitlement to vote. If you wish to vote at the Meeting by attending using the telephone conference call facility, please insert your own name in the space provided on the form of proxy or voting instruction form that you have received from your nominee. If you do this, you will be instructing your nominee to appoint you as proxyholder. Please adhere strictly to the signature and return instructions provided by your nominee. Our transfer agent, Computershare Investor Services Inc., who will serve as scrutineer for the Meeting, will register your attendance at the Meeting upon you dialing into the telephone conference call facility. See the Notice for the Meeting for instructions on how to preregister and receive dial-in instructions.

The Notice of the Meeting and this Circular are being sent to both registered and non-registered owners of common shares of Val-d'Or Mining. If you are a non-registered owner and we have sent these materials to you directly, your name and address and information about your holdings of common shares of Val-d'Or Mining have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the securities on your behalf. By choosing to send these materials to you directly, Val-d'Or Mining (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions form.

In accordance with National Instrument 54-101 – *Communication With Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”) of the Canadian Securities Administrators, Val-d’Or Mining has elected to send proxy-related materials directly to non-objecting beneficial owners of its common shares. As Val-d’Or Mining is unable to send proxy-related materials directly to the objecting beneficial owners (“**OBOs**”) of its common shares (because OBOs are beneficial shareholders who have objected to the release of security ownership details to issuers), proxy-related materials for the Meeting will be sent to OBOs indirectly through the intermediaries who hold securities on behalf of the OBOs. The intermediaries/brokers (or their service companies) are responsible for forwarding the proxy-related materials to their OBO clients. Management of Val-d’Or Mining does not intend to pay for intermediaries to forward to their OBO clients the proxy-related materials and Form 54-101F7 – *Request for Voting Instructions Made by Intermediary* under NI 54-101 and, as such, OBOs will not receive the proxy-related materials in connection with the Meeting unless such OBO’s intermediary assumes the cost of delivery.

Non-registered shareholders are strongly encouraged to vote their shares using the voting instruction form received with the Notice of the Meeting and this Circular. Non-registered shareholders will only be entitled to vote at the Meeting if they appoint themselves as proxyholder using the voting instruction form provided to them by their nominee.

Val-d’Or Mining has chosen not to use the notice-and-access delivery procedures provided by NI 54-101.

PART 2 - VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

Val-d’Or Mining has authorized voting capital of an unlimited number of common shares without nominal or par value, of which 67,671,284 common shares were issued and outstanding as at the close of business on Friday, May 21, 2021. Each shareholder is entitled to one vote for each common share registered in his or her name at the close of business on May 21, 2021, the date fixed by our directors as the record date for determining who is entitled to receive notice of and to vote at the Meeting.

The following table lists those persons who, as of the date of this Circular and to the knowledge of our management, beneficially own, directly or indirectly, or exercise control or direction over 10% or more of Val-d’Or Mining’s issued and outstanding common shares. Information as to shares beneficially owned, directly or indirectly, or over which control or direction is exercised has been furnished by the respective person or has been extracted from insider reports filed by the person and publicly available through the Internet on the Canadian System for Electronic Disclosure by Insiders (SEDI) at www.sedi.ca

PART 3 - THE BUSINESS OF THE MEETING

FINANCIAL STATEMENTS

The audited annual financial statements of Val-d’Or Mining for the year ended December 31, 2020, will be placed before you at the Meeting. These financial statements, as well as Management’s Discussion and Analysis for the year ended December 31, 2020, have been electronically filed with regulators and are available for viewing through the Internet on the Canadian System for Electronic Document Analysis and Retrieval (SEDAR) at www.sedar.com under Val-d’Or Mining’s issuer profile. Copies of our audited annual financial statements and Management’s Discussion and Analysis related thereto will also be available at the Meeting or upon request by any shareholder who wishes to receive a copy. You may contact Val-d’Or Mining at 2864 chemin Sullivan, Val-d’Or, Québec, J9P 0B9 – telephone (819) 824-2808; fax: (819) 824-3379.

ELECTION OF DIRECTORS

Directors of Val-d'Or Mining are elected for a term of one year. The term of office of each of the current directors will expire at the Meeting and each of the nominees for election as directors, if elected, will serve until the close of the next annual general meeting, unless he resigns or otherwise vacates office before that time.

Number of Directors

Under our Articles, the number of directors may be fixed or changed from time to time by ordinary resolution, but shall not be fewer than three, the number of directors having been previously set at four by resolution of our shareholders. We currently have five directors, all of whom are standing for re-election at the Meeting.

The Board of Directors believes that, at this stage of Val-d'Or Mining's development, five directors is a suitable number to efficiently carry out the duties of the Board, as well as enhance the diversity of views, skills and experience the directors bring to the Board.

Unless they are instructed otherwise, the persons designated by management in the enclosed form of proxy intend to vote FOR setting the number of directors at five.

Nominees for Election as Directors

The following are the nominees proposed for election as directors of Val-d'Or Mining, their principal occupation during the last five years, together with the number of common shares beneficially owned, directly or indirectly, or over which control or direction is exercised, as well as the number of incentive stock options and warrants held by each nominee as of the record date for the Meeting.

Deborah Honig, Frank Mariage, Glenn J. Mullan, Luke Shewchuk, and C. Jens Zinke are the current directors of Val-d'Or Mining, each previously elected as such by shareholders other than Ms. Honig who was appointed by the directors effective February 22, 2021.

Each of the nominees has agreed to stand for election and we are not aware of any intention of any of them not to do so. However, if one or more of them should become unable to stand for election, it is likely that one or more other persons would be nominated at the Meeting for election and, in that event, the persons designated in the form of proxy will vote in their discretion for a substitute nominee.

Val-d'Or Mining has not, as yet, adopted an advance notice policy for nominations by shareholders of director nominees, nor has it adopted a majority voting policy for election of directors at uncontested shareholder meetings at which directors are to be elected. See Part 6 – Corporate Governance – Nomination and Election of Directors.

Voting for election of directors of Val-d'Or Mining is by individual voting and not by slate voting. You can vote your shares for the election of all of these nominees as directors of Val-d'Or Mining, or you can vote for some of these nominees for election as directors and withhold your votes for others, or you can withhold all of the votes attaching to the shares you own and, thus, not vote for the election of any of these nominees.

Management of Val-d'Or Mining recommends that shareholders vote FOR the election of these five nominees as directors of Val-d'Or Mining for the ensuing year. **Unless they are instructed otherwise, the persons designated by management in the enclosed form of proxy intend to vote FOR the election of these five nominees as directors of Val-d'Or Mining for the ensuing year.**

APPOINTMENT OF THE AUDITOR

At the Meeting, shareholders will be asked to vote for the appointment of MNP LLP as auditor of Val-d'Or Mining, to hold office until the next annual general meeting of our shareholders or until a successor is appointed.

MNP LLP was first appointed by shareholders as auditor of Val-d'Or Mining at the annual general meeting of shareholders held June 27, 2016.

Pursuant to Val-d'Or Mining's Articles, the directors are authorized to set the auditor's remuneration. See also Part 7 – Audit Committee – External Auditor Service Fees.

We recommend that shareholders vote in favor of the appointment of MNP LLP as our auditor for the ensuing year. **Unless they are instructed otherwise, the persons designated by management in the enclosed form of proxy intend to vote FOR the appointment of MNP LLP as auditor of Val-d'Or Mining until the close of our next annual general meeting.**

ANNUAL APPROVAL OF STOCK OPTION INCENTIVE PLAN

The Board of Directors of Val-d'Or Mining has adopted a stock option incentive plan (the “**Val-d'Or Mining Option Plan**”) that reserves for issuance a maximum of 10% of the issued and outstanding common shares of Val-d'Or Mining at the time of a grant of options under the Val-d'Or Mining Option Plan.

Pursuant to the policies of the Exchange, a rolling stock option plan, such as the Val-d'Or Mining Option Plan, must be approved by shareholders of the issuer and submitted to the Exchange for approval on an annual basis. The Val-d'Or Mining Option Plan was most recently approved by the shareholders of Val-d'Or Mining at the last annual general meeting held on June 26, 2020.

As of the date of this Circular, Val-d'Or Mining has 67,671,284 common shares outstanding, 10% of which provides for a reserve of 6,767,128 common shares of Val-d'Or Mining for issuance pursuant to options granted under the Val-d'Or Mining Option Plan. The following table summarizes incentive stock options that have been granted by the Board of Directors of Val-d'Or Mining to officers and directors of, and consultants to, Val-d'Or Mining, under the Val-d'Or Mining Option Plan, which are outstanding as of the date of this Circular and entitle the purchase of an aggregate 5,988,943 common shares of Val-d'Or Mining.

<u>Date of Grant</u>	<u>Common shares underlying incentive stock options</u>	<u>Exercise price per share</u>	<u>Expiry Date</u>

Options entitling the purchase of a further 778,185 common shares remain available for grant under the Val-d'Or Mining Option Plan as of the date of this Circular.

See also Part 4 – Executive Compensation and Part 5 – Securities Authorized for Issuance Under Equity Compensation Plans.

Summary of the Val-d'Or Mining Option Plan

The aggregate number of Val-d'Or Mining common shares reserved for issuance under the Val-d'Or Mining Option Plan, and the number of Val-d'Or Mining common shares reserved for issuance under any other share compensation arrangement granted or made available by Val-d'Or Mining from time to time, may not exceed 10% of the

outstanding Val-d'Or Mining common shares at the time of grant. The Val-d'Or Mining Option Plan must be approved and ratified by shareholders and submitted to the Exchange for approval on an annual basis.

The Val-d'Or Mining Option Plan is administered by the Board of Directors of Val-d'Or Mining, on recommendations from the Compensation and Corporate Governance Committee, and provides for grants of options to directors, officers and employees of, and consultants to, Val-d'Or Mining at the discretion of the Board. The term of any options granted under the Val-d'Or Mining Option Plan will be fixed by the Board of Directors and may not exceed ten years. The exercise price of options granted under the Val-d'Or Mining Option Plan will be determined by the Board of Directors, but the exercise price must not be less than the Fair Market Value (as such term is defined in the Val-d'Or Mining Option Plan) of the option shares on the date of grant of the option. As the common shares of Val-d'Or Mining are listed on the Exchange, the Fair Market Value (as such term is defined in the Val-d'Or Mining Option Plan) is the lowest price permitted by the Exchange. Any options granted pursuant to the Val-d'Or Mining Option Plan will terminate at the end of the period of time (to be determined in each instance by the Board of Directors at the time of grant), such period of time to not be in excess of six months after the option holder ceases to act as a director, officer or employee of, or consultant to, Val-d'Or Mining or any of its affiliates, unless such cessation is on account of death, disability or termination of employment with cause; and if no such period of time is determined by the Board of Directors at the time of the grant, the 30th day after the optionee ceases to be an eligible person pursuant to the terms of the Val-d'Or Mining Option Plan for any reason other than death, disability or cause. If such cessation is on account of disability or death, the options terminate on the first anniversary of such cessation, and if it is on account of termination of employment with cause, the options terminate immediately. Options granted to a person who is engaged in investor relations activities for Val-d'Or Mining terminate on the 30th day after the person ceases to be employed to provide investor relations activities. The Val-d'Or Mining Option Plan also provides for adjustments to outstanding options in the event of any consolidation, subdivision, conversion or exchange of the common shares of Val-d'Or Mining. Our directors may, at their discretion at the time of any grant, impose a schedule over which period of time the options will vest and become exercisable by the optionee.

Options to acquire more than 2% of the issued and outstanding common shares of Val-d'Or Mining may not be granted to any one consultant in any 12-month period and options to acquire more than an aggregate of 2% of the issued and outstanding common shares of Val-d'Or Mining may not be granted to persons employed to provide investor relations activities in any 12-month period. Options granted to any one individual in any 12-month period to acquire common shares representing more than 5% of the issued and outstanding common shares of Val-d'Or Mining require approval by Val-d'Or Mining's disinterested shareholders. Disinterested shareholder approval is required if the aggregate number of shares reserved for issuance under stock options granted to insiders (as a group) at any point in time exceeds 10% of Val-d'Or Mining's issued shares.

Subject to the approval of any stock exchange on which the securities of Val-d'Or Mining are then listed, the Board of Directors may terminate, suspend or amend the terms of the Val-d'Or Mining Option Plan, provided that the Board of Directors may not do any of the following without obtaining, within 12 months either before or after the adoption by the Board of Directors of a resolution authorizing such action, shareholder approval, and, where required, disinterested shareholder approval as contemplated by the policies of the Exchange, or by the written consent of the holders of a majority of the securities of Val-d'Or Mining entitled to vote:

1. increase the aggregate number of common shares of Val-d'Or Mining which may be issued under the Val-d'Or Mining Option Plan;
2. materially modify the requirements as to the eligibility for participation in the Val-d'Or Mining Option Plan that would have the potential of broadening or increasing insider participation;
3. add any form of financial assistance or any amendment to a financial assistance provision that is more favourable to participants under the Val-d'Or Mining Option Plan;
4. add a cashless exercise feature, payable in cash or securities, that does not provide for a full deduction of the number of underlying securities from the Val-d'Or Mining Option Plan reserve; and
5. materially increase the benefits accruing to participants under the Val-d'Or Mining Option Plan.

However, the Board of Directors may amend the terms of the Val-d'Or Mining Option Plan to comply with the requirements of any applicable regulatory authority without obtaining shareholder approval, including:

1. amendments to the Val-d'Or Mining Option Plan of a housekeeping nature;
2. a change to the vesting provisions of a security or the Val-d'Or Mining Option Plan; and
3. a change to the termination provisions of a security or the Val-d'Or Mining Option Plan that does not entail an extension beyond the original expiry date.

A copy of the Val-d'Or Mining Option Plan is available for viewing by shareholders at Val-d'Or Mining's registered office located at Suite 530, 355 Burrard Street, Vancouver, British Columbia, or at Val-d'Or Mining's offices located at 2864 chemin Sullivan, Val-d'Or, Québec J9P 0B9 - telephone (819) 824-2808; fax (819) 824-3379, during normal business hours prior to the Meeting or any adjournment thereof, as well as at the Meeting.

We believe the Val-d'Or Mining Option Plan enables us to better align the interests of our directors and officers with those of our shareholders and reduces the cash compensation Val-d'Or Mining would otherwise have to pay. Management of Val-d'Or Mining recommends that the shareholders vote in favour of the resolution to approve the Val-d'Or Mining Option Plan. **Unless they are instructed otherwise, the persons designated by management in the enclosed form of proxy intend to vote FOR the resolution to approve the Val-d'Or Mining Option Plan.**

PART 4 – EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The purpose of this Compensation Discussion and Analysis is to provide information about Val-d'Or Mining's executive compensation objectives and processes and to discuss compensation decisions relating to its named executive officers (“**Named Executive Officers**”) who served in such capacity during the fiscal year ended December 31, 2020. For the purposes of this disclosure, the following individuals were the Named Executive Officers of Val-d'Or Mining during the fiscal year ended December 31, 2020:

- Glenn J. Mullan, Chair (since June 27, 2016), President and Chief Executive Officer (since June 12, 2017); and
- Rico De Vega, Chief Financial Officer and Corporate Secretary (since June 21, 2018).

Compensation Objectives and Principles

As Val-d'Or Mining is in an exploration stage with no significant revenue from operations, Val-d'Or Mining operates with limited financial resources and controls costs to ensure that funds are available to fulfill its financial obligations. As a result, the Board of Directors, on recommendations from the Compensation and Corporate Governance Committee, has to consider not only the financial situation of Val-d'Or Mining at the time of the determination of executive compensation, but also the estimated financial situation of Val-d'Or Mining in the mid- and long-term. It is the view of Val-d'Or Mining's Board of Directors that the primary goal of an executive compensation program is to attract, motivate and retain experienced, quality individuals at the executive level. It is Val-d'Or Mining's intention to create, in the fullness of time, such a program, designed to ensure that the compensation provided to its executive officers is determined with regard to the business strategy and objectives of Val-d'Or Mining, such that the financial interests of the executive officers are matched with the financial interests of Val-d'Or Mining's shareholders.

An important element of executive compensation is that of incentive stock options, which do not require cash disbursement by Val-d'Or Mining. See “Option Based Awards” below.

Compensation Process and the Role of the Compensation and Corporate Governance Committee

The Compensation and Corporate Governance Committee is responsible for determining and recommending to the Board of Directors for approval all forms of compensation to be awarded to our Chief Executive Officer, as well as to our directors, and for reviewing the Chief Executive Officer's recommendations regarding compensation of Val-d'Or Mining's other senior executives, to ensure such arrangements reflect the responsibilities and risks associated with each position. When determining the compensation of Val-d'Or Mining's executive officers, the Committee

and the Board consider: (i) recruiting and retaining executives critical to Val-d'Or Mining's success and the enhancement of shareholder value; (ii) providing fair and competitive compensation; (iii) balancing the interests of management and our shareholders; (iv) rewarding performance, both on an individual basis and with respect to operations in general; and (v) available financial resources.

The members of the Compensation and Corporate Governance Committee have varied experience relevant to executive compensation through their committee experiences with other companies, or through experience gained during their professional careers, and they bring a broad base of skills and experience that contributes to their abilities to make decisions on compensation policies and practices, including knowledge of the industry and operational experience.

The Compensation and Corporate Governance Committee may, as part of its review and evaluation process, refer to commercially available published reports on executive compensation or engage independent third party executive compensation consultants and be guided in part by reports prepared by such consultants. No such consultants were engaged, nor were any such reports relied on, during Val-d'Or Mining's fiscal year ended December 31, 2020.

See Part 6 – Corporate Governance – Board Committees – Compensation and Corporate Governance Committee.

Option Based Awards

Long-term incentives in the form of options entitling the purchase of common shares of Val-d'Or Mining are intended to align the interests of our directors and executive officers with those of our shareholders, to provide a long term incentive that rewards these individuals for their contribution to the creation of shareholder value, and to reduce the cash compensation Val-d'Or Mining would otherwise have to pay. Val-d'Or Mining's Option Plan is administered by the Board of Directors on recommendations from the Compensation and Corporate Governance Committee. In establishing the number of incentive stock options to be granted, or in determining whether to make any new grants of options, and the size and terms of any such grants, reference is made to, and the Board of Directors will consider, previous grants of options and the overall number of options that are outstanding relative to the number of outstanding Val-d'Or Mining common shares, as well as the level of effort, time, responsibility, ability, experience and level of commitment of the executive officer in determining the level of incentive stock option compensation.

The Board of Directors has granted incentive stock options to its directors, officers, consultants and employees which, as of the date of this Circular, entitle the purchase of an aggregate 5,988,943 common shares of Val-d'Or Mining.

See “Incentive Plan Awards – Outstanding Option-Based Awards” below, Part 3 – The Business of the Meeting – Annual Approval of Stock Option Incentive Plan and Part 5 – Securities Authorized for Issuance under Equity Compensation Plans.

Benefits and Perquisites

Val-d'Or Mining does not, as of the date of this Circular, offer any benefits or perquisites to its Named Executive Officers other than health care benefits generally available to all employees and entitlement to incentive stock options as otherwise disclosed and discussed herein. Val-d'Or Mining does not, as of the date of this Circular, offer any form of pension plan.

Risks Associated with Val-d'Or Mining's Compensation Practises

At the time of preparation of this Circular, Val-d'Or Mining's directors had not, collectively, considered the implications of any risks to Val-d'Or Mining associated with decisions regarding compensation of its executive officers.

Hedging by Named Executive Officers or Directors

Val-d'Or Mining has not, to date, adopted a policy restricting its executive officers and directors from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, which are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by executive officers or directors. As of the date of this Circular, entitlement to grants of incentive stock options under the Val-d'Or Mining Option Plan is the only equity security element available to Val-d'Or Mining's executive officers and directors.

Summary Compensation Table

The following table provides a summary of compensation during the fiscal years ended December 31, 2020, 2019 and 2018, that was earned by, paid to, or accrued and payable to each Named Executive Officer who served in such capacity during the fiscal year ended December 31, 2020.

Outstanding Option-Based Awards

The following table sets out option-based awards granted to the Named Executive Officers that were outstanding on December 31, 2020. Other than incentive stock options, no share-based awards have been granted by Val-d'Or Mining to our Named Executive Officers as of the date of this Circular.

	100,000	0.105	Feb 5/2023	7,500.00			

- (1) The value of unexercised "in-the-money options" at the financial year-end is the difference between the option exercise price and the market value of the underlying common shares on the TSX Venture Exchange on December 31, 2020. The closing price of the common shares on December 31, 2020 was \$0.18.

Value Vested or Earned During the Year

The value of options vested is represented by the aggregate dollar value that would have been realized if options had been exercised on the vesting date – that is, the difference between the market price of the underlying shares and the option exercise price on the vesting date. Options granted by Val-d'Or Mining to its Named Executive Officers are typically fully vested and exercisable on the date of grant and, as such:

- unless the option exercise price is less than the market price of the underlying shares on the date of grant, there is no value earned by the Named Executive Officers during the fiscal year in which the options are granted; and
- there is no value earned by the Named Executive Officers during a subsequent fiscal year as options granted during a prior fiscal year would have fully vested in the year of grant.

The options granted to our Named Executive Officers during fiscal 2020 were fully vested on the date of grant, and as the market price of the underlying common shares on the date of grant was the same as the option exercise price, there was no value earned by our Named Executive Officers as a result of options vesting during the fiscal year ended December 31, 2020. The following table summarizes the value to our Named Executive Officers of equity and non-equity incentive plan compensation during the fiscal year ended December 31, 2020.

Named Executive Officer	Option-based awards	Share-based awards	Non-equity incentive plan compensation
	– Value vested ⁽¹⁾ during the year ended Dec 31/2020 (\$)	– Value vested during the year ended Dec 31/2020 (\$)	– Value earned during the year ended Dec 31/2020 (\$)
Glenn J. Mullan	Nil	N/A	N/A
Rico De Vega	Nil	N/A	N/A

⁽¹⁾ Represents the aggregate dollar value that would have been realized if the options had been exercised on the vesting date – that is, the difference between the market price of the underlying shares and the option exercise price on the vesting date.

No options were exercised by our Named Executive Officers during the fiscal year ended December 31, 2020, and, as such, no value was earned by our Named Executive Officers during the fiscal year ended December 31, 2020, as a result of exercise of options.

Consulting Agreements, Termination and Change of Control Benefits

Val-d’Or Mining is a party to the following agreements with its executive officers, which provide for payments to executive officers at, following, or in connection with any termination (whether voluntary, involuntary or constructive), resignation or retirement, or as a result of a change in control of Val-d’Or Mining.

Effective July 1, 2020, the Company entered into a consulting services agreement with 2973090 Canada Inc., (“**2973090**”) a company controlled by Glenn J. Mullan (the “**Mullan Agreement**”), for the provision of services by Mr. Mullan to act as to act as the Company’s qualified person in Québec as required by National Instrument 43-101 (“**NI 43-101**”) and an amended and restated consulting services agreement with 9184-0876 Québec Inc., (“**9184-0876**”) a company controlled by Dr. C. Jens Zinke (the “**Zinke Agreement**”) for the provision of services by Dr. Zinke to act as to act as the Company’s Chief Operating Officer. The Mullan Agreement and the Zinke Agreement are collectively referred to as the “**Consulting Agreements**”.

The Mullan Agreement has an initial term of twelve months, subject to earlier termination, with the term being automatically renewed for successive periods of 12 months at the end of the initial term and each successive renewal term unless the Mullan Agreement is terminated. The Mullan Agreement provides for Mr. Mullan (as principal of 2973090) to act as Val-d’Or Mining’s “qualified person” (as that term is defined under NI 43-101) in Québec as required by NI 43-101, assisting Val-d’Or Mining in generating (identifying and evaluating) new prospects as well as assisting Val-d’Or Mining in property transactions and such other services of an ancillary nature that may be agreed upon by Val-d’Or Mining and 2973090 from time to time (the “**Mullan Services**”). The Mullan Agreement specifically provides that Mr. Mullan shall not be compensated for acting as Val-d’Or Mining’s President and Chief Executive Officer. Under the Mullan Agreement, 2973090 is paid for the Mullan Services at an hourly rate of \$100 per hour, plus all applicable goods and services and sales taxes, for a maximum of 10 hours of Mullan Services per month payable monthly upon receipt of an invoice by Val-d’Or Mining from 2973090. Any additional work in excess of the 10 hours of Mullan Services must be agreed upon in writing between 2973090 and Val-d’Or Mining prior to provision of the additional Mullan Services by 2973090, at a rate of \$100 per additional hour of additional Mullan Services rendered by 2973090, plus all applicable goods and services and sales taxes.

2973090 and/or Mr. Mullan shall be entitled to receive stock options in such number and on such terms as may be reasonably determined by Val-d’Or Mining’s Board of Directors in its sole discretion.

The Mullan Agreement requires 2973090 to maintain the confidentiality of Val-d’Or Mining’s confidential information and provides that the intellectual property rights of all of the work produced by 2973090 with respect to the business of Val-d’Or Mining will belong to Val-d’Or Mining.

Val-d’Or Mining may terminate the Mullan Agreement at any time at its discretion upon the giving of three months’ written notice to 2973090 and 2973090 may terminate the Mullan Agreement upon the giving of three months’ written notice to Val-d’Or Mining. The Mullan Agreement terminates upon the death of Mr. Mullan.

If within 12 months of the occurrence of a Change of Control (as hereinafter defined), Val-d’Or Mining terminates the Mullan Agreement and 2973090’s engagement thereunder other than as a result of 2973090 not fulfilling its duties and providing the Mullan Services to Val-d’Or Mining as required by the Mullan Agreement, 2973090 shall be forthwith paid by Val-d’Or Mining a payment of \$200,000. 2973090 also has the right to resign within six months of the occurrence of a Change of Control, provided that 2973090 delivers a notice in writing to Val-d’Or Mining within such six month period, and upon such resignation, Val-d’Or Mining will make a payment to 2973090 in the amount of \$100,000.

Had the Mullan Agreement been terminated effective as of the fiscal year ended December 31, 2020, the following would have been payable by Val-d’Or Mining to 2973090 under the Change of Control provisions in the Mullan Agreement as at December 31, 2020:

Payment element	Aggregate payment
Termination by Val-d’Or Mining on a Change of Control.....	\$200,000
Termination by 2973090 on a Change of Control	\$100,000

The Zinke Agreement has an initial term of twelve months, subject to earlier termination, with the term being automatically renewed for successive periods of 12 months at the end of the initial term and each successive renewal term unless the Zinke Agreement is terminated. The Zinke Agreement provides for Dr. Zinke (as principal of 9184-0876) to be appointed as the Chief Operating Officer Val-d’Or Mining, with 9184-0876, rendering consulting services as are reasonably consistent with the position of a Chief Operating Officer of a publicly listed reporting issuer, and shall render such other services as may be agreed upon by the Company and the Consultant from time to time (the “**Zinke Services**”).

Under the Zinke Agreement, 9184-0876 is paid for the Zinke Services a rate of \$8,000 per month, plus all applicable goods and services and sales taxes, for 80 hours of Zinke Services per month payable monthly upon receipt of an invoice by Val-d’Or Mining from 9184-0876. Any additional work in excess of the 80 hours of Zinke Services per month must be agreed upon in writing between 9184-0876 and Val-d’Or Mining prior to provision of the additional Zinke Services by 9184-0876, at a rate of \$100 per additional hour of additional Zinke Services rendered by 9184-0876, plus all applicable goods and services and sales taxes.

9184-0876 and/or Dr. Zinke shall be entitled to receive stock options and to participate in any bonus or other employee or management incentive plans adopted by Val-d’Or Mining, in such amounts and on such terms as may be reasonably determined by the Val-d’Or Mining’s Board of Directors in its sole discretion. During the term of the Zinke Agreement, 9184-0876 shall be eligible to participate in Val-d’Or Mining’s group medical and dental plan(s) that may be in effect for all employees of the Val-d’Or Mining.

The Zinke Agreement requires 9184-0876 to maintain the confidentiality of Val-d’Or Mining’s confidential information and provides that the intellectual property rights of all of the work produced by 9184-0876 with respect to the business of Val-d’Or Mining will belong to Val-d’Or Mining.

Val-d’Or Mining may terminate the Zinke Agreement at any time at its discretion upon the giving of three months’ written notice to 9184-0876 and 9184-0876 may terminate the Zinke Agreement upon the giving of three months’ written notice to the Val-d’Or Mining. The Zinke Agreement terminates upon the death of Dr. Zinke.

If within 12 months of the occurrence of a Change of Control, Val-d’Or Mining terminates the Zinke Agreement and 9184-0876’s engagement thereunder other than as a result of 9184-0876 not fulfilling its duties and providing the Zinke Services to Val-d’Or Mining as required by the Zinke Agreement, 9184-0876 shall be forthwith paid by Val-d’Or Mining a payment of \$200,000. 9184-0876 also has the right to resign within six months of the occurrence of a Change of Control, provided that 9184-0876 delivers a notice in writing to Val-d’Or Mining within such six month period, and upon such resignation, Val-d’Or Mining will make a payment to 9184-0876 in the amount of \$100,000.

Had the Zinke Agreement been terminated effective as of the fiscal year ended December 31, 2020, the following would have been payable by Val-d’Or Mining to 9184-0876 under the Change of Control provisions in the Zinke Agreement as at December 31, 2020:

Payment element	Aggregate payment
Termination by Val-d'Or Mining on a Change of Control.....	\$200,000
Termination by 9184-0876 on a Change of Control.....	\$100,000

The Consulting Agreements were approved by the Company's Compensation and Corporate Governance Committee and the Board of Directors. In each agreement, a "Change of Control" is defined as a change in the legal or effective control of the Company or affiliates, whether as a result of, or in connection with, a take-over bid, amalgamation, arrangement, merger, or other form of business combination, asset disposition, election of directors, or any combination of the foregoing transactions, or otherwise; and without limiting the generality of the foregoing, a change in control shall be deemed to have occurred upon the occurrence of any of the following events:

- (a) a change in the composition of the Board of Directors of the Company or affiliates, as a result of a contested election of directors, with the result that the persons who were directors of the Company or affiliates prior to such contested election do not constitute a majority of the directors elected in such election; or
- (b) the sale, transfer or other disposition, in a single transaction or a series of transactions (including by way of liquidation, dissolution, or winding-up of the Company or affiliates or any successor), of assets of the Company or affiliates having a market value equal to fifty percent or more of the market value of all of the assets of the Company or affiliates.

⁽¹⁾ The value of unexercised “in-the-money options” at the financial year-end is the difference between the option exercise price and the market value of the underlying common shares on the TSX Venture Exchange on December 31, 2020. The closing price of the common shares on December 31, 2020, was \$0.18.

Incentive Plan Awards – Value Vested or Earned During the Year

The value of options vested is represented by the aggregate dollar value that would have been realized if options had been exercised on the vesting date – that is, the difference between the market price of the underlying shares and the option exercise price on the vesting date. Options granted by Val-d’Or Mining to its directors are typically fully vested and exercisable on the date of grant and, as such:

- unless the option exercise price is less than the market price of the underlying shares on the date of grant, there is no value earned by the directors during the fiscal year in which the options are granted; and
- there is no value earned by the directors during a subsequent fiscal year as options granted during a prior fiscal year would have fully vested in the year of grant.

The options granted to directors during fiscal 2020 were fully vested on the date of grant, and as the market price of the underlying common shares on the date of grant was the same as the option exercise price, there was no value earned by our directors as a result of options vesting during the fiscal year ended December 31, 2020.

The following table summarizes the value to directors of equity and non-equity incentive plan compensation during the fiscal year ended December 31, 2020. The following disclosure excludes compensation of Glenn J. Mullan, a director of Val-d’Or Mining also serving as its President and Chief Executive Officer. Mr. Mullan’s compensation is disclosed above at Part 4 – Executive Compensation – Incentive Plan Awards – Value Vested or Earned During the Year.

⁽³⁾ At the annual general and special meeting of shareholders held on June 27, 2016, disinterested shareholders approved implementation by Val-d’Or Mining’s Board of Directors of a Restricted Share Unit Plan (the “RSU Plan”), subject to acceptance by the TSX Venture Exchange. TSX Venture Exchange acceptance of Val-d’Or Mining’s RSU Plan was received on June 1, 2017. As of the year ended December 31, 2020, and as of the date of this Circular, Val-d’Or Mining had not granted any awards under the RSU Plan. Details of the RSU Plan are included in the Information Circular prepared by Val-d’Or Mining’s management in connection with the shareholder meeting held on June 27, 2016, which Circular has been electronically filed by Val-d’Or Mining with regulators and is available for viewing through

the Internet on the Canadian System for Electronic Document Analysis and Retrieval (SEDAR) at www.sedar.com under Val-d'Or Mining's issuer profile.

At the Meeting, shareholders will be asked to give annual approval of the Val-d'Or Mining Option Plan, as required by the policies of the TSX Venture Exchange. See Part 3 – Business of the Meeting – Annual Approval of Stock Option Incentive Plan, which section includes a summary of the primary terms of the Val-d'Or Mining Option Plan.

PART 6 – CORPORATE GOVERNANCE

Corporate governance relates to the activities of the Board of Directors, the members of which are elected by and are accountable to shareholders, and takes into account the role of the individual members of management who are appointed by the Board of Directors and who are charged with the day-to-day management of Val-d'Or Mining. The Board of Directors of Val-d'Or Mining is committed to sound corporate governance practices, which are in the interest of its shareholders and also contribute to effective and efficient decision making. The following is a summary of Val-d'Or Mining's approach to corporate governance.

Composition of the Board of Directors

As of the date of this Circular, the Board of Directors of Val-d'Or Mining is comprised of five directors, three of whom, Deborah Honig, Frank Mariage and Luke Shewchuk are considered to be independent of management having applied the guidelines contained in applicable securities legislation. In determining whether a director is independent, the Board considers, for example, whether a director has a relationship which could, or could be perceived to, interfere with the director's ability to objectively assess the performance of management. Glenn J. Mullan, by reason of his office as President and Chief Executive Officer, and C. Jens Zinke, by reason of his office as Chief Operating Officer, both executive officers of Val-d'Or Mining, are not considered to be independent of management.

Board consideration and approval is required for all material contracts, business transactions and all debt and equity financing proposals. The Board delegates to management, through the President and Chief Executive Officer, responsibility for meeting defined corporate objectives, evaluating new business opportunities and complying with applicable regulatory requirements. The Board also looks to management to furnish recommendations with respect to corporate objectives.

The independent directors do not hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance – however, in-camera sessions may be convened by the independent directors if determined to be necessary following Board meetings or otherwise.

Directorships in other Public Companies

Certain of the current directors of Val-d'Or Mining are, as of the date of this Circular, also directors of other reporting issuers as follows:

Name	Reporting Issuer
Frank Mariage	Abitibi Royalties Inc. Harfang Exploration Inc.
Glenn J. Mullan	Abitibi Royalties Inc. Azimut Exploration Inc. Cleghorn Minerals Ltd. Golden Valley Mines Ltd. International Prospect Ventures Ltd.
C. Jens Zinke	Abitibi Royalties Inc. International Prospect Ventures Ltd.

Orientation and Continuing Education of Directors

Val-d'Or Mining has not yet developed an official orientation or training program for new directors. The majority of Val-d'Or Mining's current and past directors are familiar with the mining industry and publicly traded companies in general and, as such, formal orientation has not, to date, been required. New directors will be provided with a thorough overview of Val-d'Or Mining's business, properties, assets, operations, as well as strategic plans and objectives through discussions and meetings with other directors and with officers. Orientation activities will be tailored to the particular needs and experience of each director and the overall needs of the Board.

Management of Val-d'Or Mining endeavours to provide a continuous flow of information to its directors for continuing education purposes relating to Val-d'Or Mining's business and operations, as well as information and other initiatives intended to keep the Board abreast of new developments and challenges that Val-d'Or Mining may face. Each director, by virtue of the role, is responsible for staying informed about Val-d'Or Mining's business, as well as developments in the industry.

Ethical Business Conduct

Acting with integrity, honesty and in good faith with respect to what is in the best interests of Val-d'Or Mining's stakeholders is fundamental to its reputation and ongoing success. Val-d'Or Mining is committed to sustainable growth within the parameters of ensuring the safety and well-being of its employees, protecting the environment, and supporting the communities in which it operates. To that end, on October 16, 2018, Val-d'Or Mining's Board of Directors adopted a Sustainable Development Policy and Code of Ethics, which provides basic guidelines setting forth Val-d'Or Mining's practices on sustainable development and ethical behavior expected from every director, officer and employee with respect to conduct in the workplace or at work-related activities, the use of Val-d'Or Mining's time and assets, the protection of confidential information, conflicts of interest, trading in securities of Val-d'Or Mining and other matters.

The Board monitors the ethical conduct of Val-d'Or Mining and its management to ensure that it complies with applicable legal and regulatory requirements, such as those of relevant securities commissions and stock exchanges. The Board has found that the fiduciary duties placed on individual directors by Val-d'Or Mining's governing corporate legislation and the common law, as well as the restrictions placed by applicable corporate legislation on the individual director's participation in decisions of the Board in which the director has an interest, are sufficient, at this time, to ensure that the Board operates independently of management and in the best interests of Val-d'Or Mining and its shareholders.

Val-d'Or Mining's Sustainable Development Policy and Code of Ethics has been electronically filed with regulators and is available for viewing through the Internet on the Canadian System for Electronic Document Analysis and Retrieval (SEDAR) at www.sedar.com under Val-d'Or Mining's issuer profile.

Nomination and Election of Directors

The Board considers its size each year when it determines the number of directors to recommend to shareholders for election at annual general meetings, taking into account the number required to carry out the Board's duties effectively and to maintain diversity of view and experience. In considering nominees for election as directors, the Board takes into consideration (a) the independence of each individual; (b) the competencies, skills and experience of the individual, as well as the individual's ability to engage in informed governance, strategic business development, risk assessment and management, and effective teamwork; (c) the personality of the individual and other qualities that could impact Board dynamics; and (d) Val-d'Or Mining's strategic direction.

The Compensation and Corporate Governance Committee is responsible for identifying new candidates to recommend to the Board for nomination as directors of Val-d'Or Mining (see "Board Committees – Compensation and Corporate Governance Committee", which follows).

We have not yet considered adopting an advance notice policy requiring that a shareholder proposing to nominate a person for election as a director at a meeting of shareholders must provide Val-d'Or Mining with advance notice of, and prescribed details concerning, the proposed nominee.

Voting for election of directors of Val-d'Or Mining is by individual voting and not by slate voting. Val-d'Or Mining has not, as yet, adopted a majority voting policy for election of directors at uncontested shareholder meetings at which directors are to be elected.

Compensation

See “Board Committees – Compensation and Corporate Governance Committee”, which follows, and see also Part 4 – Executive Compensation – Compensation Process and the Role of the Compensation and Corporate Governance Committee.

Board Committees

As of the date of this Circular, the Board of Directors of Val-d'Or Mining has appointed an Audit Committee and a Compensation and Corporate Governance Committee.

Audit Committee

See Part 7 – Audit Committee.

Compensation and Corporate Governance Committee

Luke Shewchuk (Chair), Frank Mariage and C. Jens Zinke are the members of the Compensation and Corporate Governance Committee. Frank Mariage and Luke Shewchuk are considered to be independent of management. Biographies outlining the education and experience of Frank Mariage, Luke Shewchuk and C. Jens Zinke are included in Part 7 – Audit Committee – Relevant Education and Experience.

The Compensation and Corporate Governance Committee is responsible for, among other responsibilities, recommending to the Board the number of directors to be elected at each annual general meeting, as well as recommending nominees to be elected or appointed as directors. In doing so, the Committee considers the number of directors required to carry out the Board's duties effectively, strives to ensure that the Board of Directors is comprised of a majority of independent directors, and considers diversity of views and experience. Before selecting nominees, the Compensation and Corporate Governance Committee will assess a nominee's independence, experience, areas of expertise, diversity, perspective, business judgment, and leadership capabilities, all in the context of assessing the perceived needs of our Board and Val-d'Or Mining's business and operations.

The Compensation and Corporate Governance Committee is also responsible for defining terms of employment and compensation of senior executives, including succession planning, with a view of ensuring that Val-d'Or Mining is able to recruit, retain and motivate performance-oriented executives.

The Charter of the Compensation and Corporate Governance Committee is attached to this Circular as Appendix 1.

Assessments

The Board does not formally review the contributions of individual directors; however, it believes that its current size facilitates informal discussion and evaluation of members' contributions within that framework.

PART 7 – AUDIT COMMITTEE

Role of the Audit Committee & Audit Committee Charter

The purpose of the Audit Committee of Val-d’Or Mining’s Board of Directors is to provide assistance to the Board of Directors of Val-d’Or Mining in fulfilling its legal and fiduciary obligations with respect to matters involving accounting, auditing, financial reporting, internal control and legal compliance functions of Val-d’Or Mining. The principal duties of the Audit Committee are to review annual and interim financial statements and all legally required disclosure documents containing financial information, and assist the Board of Directors in fulfilling its oversight responsibilities to shareholders. The Audit Committee is ultimately responsible for the policies and practices relating to integrity of financial and regulatory reporting, as well as internal controls to achieve the objectives of safeguarding corporate assets, reliability of information, and compliance with policies and laws.

The charter for the Audit Committee as adopted by our Board of Directors is attached as Appendix 2 hereto.

Each of the Audit Committee members is a business person with experience in financial matters garnered from working in their individual fields of endeavor; each has an understanding of accounting principles used to prepare financial statements and varied experience as to general application of such accounting principles, and each has an understanding of the internal controls and procedures necessary for financial reporting.

Audit Committee Oversight

At no time since the commencement of Val-d'Or Mining's most recently completed financial year was a recommendation of the Audit Committee to nominate or compensate an external auditor not adopted by the Board of Directors.

Reliance on Certain Exemptions

As Val-d'Or Mining is a "Venture Issuer" pursuant to relevant securities legislation, Val-d'Or Mining is relying on the exemption in Section 6.1 of National Instrument 52-110 - *Audit Committees* ("NI 52-110") from the requirements of Part 3 (*Composition of the Audit Committee*) and Part 5 (*Reporting Obligations*) of NI 52-110.

Pre-Approved Policies and Procedures for Non-Audit Services

Val-d'Or Mining's Audit Committee Charter provides that the Audit Committee is to pre-approve any engagements for non-audit services to be provided to Val-d'Or Mining by our external auditor prior to engaging the external auditor to perform such non-audit services, in light of the estimated fees and impact on the external auditor's independence.

On November 28, 2019, Val-d’Or Mining and Golden Valley Mines Ltd. (“**Golden Valley**”) amended and restated a mining option agreement (the “**Option**”) originally entered into on April 18, 2017 (the “**Original Option Agreement**”), to document, among other things, a waiver of exploration expenditure requirements required in order to maintain the Option, acceleration of vesting of the Option, as well as changes to the buyback provisions of the royalty on Net Smelter Returns granted to Golden Valley.

The option was exercised by Val-d’Or on December 4, 2019, such that it has acquired a 100% interest in a group of properties located in the Abitibi Greenstone Belt of North-Eastern Ontario and North-Western Québec.

As of the date of this Circular, an aggregate 16,666,668 common shares have been issued by Val-d’Or to Golden Valley as consideration under the terms of the Option; and in accordance with the Option terms, with the final tranche of common shares being issued in November 2020, leaving no further common shares issuable.

As consideration for the amendment, and on receipt of TSXV acceptance, the Company issued 200,000 common shares to 2973090 Canada Inc., a private company wholly-owned and controlled by Glenn J. Mullan, following which the Company fully exercised the option and acquired 100% ownership of the Boston Bulldog Prospect.
