

29.0 CERTIFICATE OF QUALIFIED PERSONS

Paul Tietz, C.P.G.

I, Paul Tietz, C.P.G., do hereby certify here that I am currently employed as Senior Geologist by Mine Development Associates, Inc., 210 South Rock Blvd., Reno, Nevada 89502.

1. I graduated with a Bachelor of Science degree in Biology/Geology from the University of Rochester in 1977 and a Master of Science degree in Geology from the University of North Carolina, Chapel Hill in 1981. I also received a Master of Science degree in Geological Engineering from the University of Nevada, Reno in 2004. I have worked as a geologist for a total of 38 years since receiving my Master of Science degree in Geology.
2. I am a Certified Professional Geologist (#11004) with the American Institute of Professional Geologists. I have drilling, exploration, and resource modeling experience in similar precious- and base-metal skarn deposits throughout the western U.S. and Mexico.
3. I have read the definition of “qualified person” set out in National Instrument 43-101 (“NI 43-101”) and certify that by reason of my education, affiliation with a professional association (as defined in NI 43-101) and past relevant work experience, I fulfill the requirements to be a “qualified person” for the purposes of NI 43-101. I am independent of Mexican Gold and its subsidiaries, as well as all previous operators, applying all of the tests in section 1.5 of National Instrument 43-101.
4. I am responsible for all Sections of this technical report titled *Technical Report and Estimated Resources for the Las Minas Project, Veracruz, Mexico*” for Mexican Gold Corporation (“Technical Report”), and with an effective date of September 12, 2019.
5. I have had no previous involvement with this project. I visited the Las Minas project on April 2-4, 2019.
6. As of the effective date of this Technical Report, to the best of my knowledge, information, and belief, those parts of the Technical Report for which I am responsible contain all scientific and technical information that is required to be disclosed to make the Technical Report not misleading.
7. I have read National Instrument 43-101 and Form 43-101F1, and the Technical Report has been prepared in compliance with that instrument and form.

Dated October 9, 2019

“Paul Tietz”
