MANAGEMENT INFORMATION CIRCULAR

SOLICITATION OF PROXIES

This management information circular (the “**Circular**”) is furnished in connection with the solicitation of proxies by the management of the GPM Metals Inc. (the “**Corporation**”) for use at the Annual and Special Meeting of Shareholders (the “**Meeting**”) of the Corporation referred to in the accompanying Notice of Annual and Special Meeting of Shareholders (the “**Notice**”) to be held on Monday, June 29, 2020, at the time and place and for the purposes set forth in the Notice. References in this Circular to the Meeting include any adjournment(s) thereof. It is expected that the solicitation will be primarily by mail; however, proxies may also be solicited personally or by telephone by regular employees of the Corporation at nominal cost. The cost of such solicitation will be borne by the Corporation.

The board of directors of the Corporation (the “**Board**”) has by resolution fixed the close of business on May 26, 2020 as the record date, being the date for the determination of the registered holders of common shares of the Corporation (the “**Common Shares**”) entitled to notice of and to vote at the Meeting and any adjournment(s) thereof.

Unless otherwise stated, the information contained in this Circular is given as of May 26, 2020 and, all dollar amount references are expressed in Canadian dollars. All references herein to the Corporation shall include its subsidiaries as the context may require.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the enclosed form of proxy are officers and/or directors of the Corporation. Each shareholder has the right to appoint a person or Corporation, who need not be a shareholder of the Corporation, other than the persons named in the enclosed form of proxy, to represent such shareholder at the Meeting or any adjournment(s) thereof. Such right may be exercised by inserting such person’s name in the blank space provided and striking out the names of management’s nominees in the enclosed form of proxy or by completing another proper form of proxy. All proxies must be executed by the shareholder or his or her attorney duly authorized in writing or, if the shareholder is a Corporation, by an officer or attorney thereof duly authorized. The completed form of proxy must be deposited at the office of the Corporation’s transfer agent, TSX Trust Corporation (“**TSX Trust**”), 100 Adelaide Street West, Suite 301, Toronto, Ontario, M5H 4H1, no later than 11:00 a.m. on June 25, 2020, or 48 hours (excluding Saturdays, Sundays and holidays) before the time of the Meeting if it is adjourned or postponed.

A shareholder forwarding the enclosed form of proxy may indicate the manner in which the appropriate appointee is to vote with respect to any specific item by checking the appropriate space. If the shareholder giving the proxy wishes to confer a discretionary authority with respect to any item of business, then the space opposite the item is to be left blank. The shares represented by the proxy submitted by a shareholder will be voted in accordance with the directions, if any, given in the proxy.

A shareholder who has given a proxy has the power to revoke it as to any matter on which a vote has not already been cast pursuant to the authority conferred by such proxy and may do so either:

by depositing an instrument in writing revoking the proxy executed by him or her with TSX Trust at the address noted above at any time up to and including 4:00 p.m. (Toronto time) on the last business day preceding the day of the Meeting, or any adjournment thereof, or in any other manner permitted by law.

EXERCISE OF DISCRETION BY PROXIES

Common Shares represented by properly executed proxies in favour of the persons named in the enclosed form of proxy will be either voted or withheld from voting, as applicable, in accordance with the instructions given by the shareholder on any ballot that may be called for and, if the shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly. Where shareholders have properly executed proxies in favour of the persons named in the enclosed form of proxy and have not specified in the form of proxy the manner in which the named proxies are required to vote the Common Shares represented thereby, such shares will be voted in favour of the passing of the matters set forth in the Notice. The enclosed form of proxy confers discretionary authority with respect to amendments or variations to the matters identified in the Notice and with respect to other matters that may properly come before the Meeting. At the date hereof, management of the Corporation knows of no such amendments, variations or others matters to come before the Meeting. However, if any other matters which at present are not known to management of the Corporation should properly come before the Meeting, the proxy will be voted on such matters in accordance with the best judgement of the named proxies.

NON-REGISTERED SHAREHOLDERS AND DELIVERY MATTERS

Registered holders of Common Shares or the persons they validly appoint as their proxies are permitted to vote at the Meeting. However, in many cases, Common Shares beneficially owned by a person (a “**Non-Registered Holder**”) are registered either: (i) in the name of an intermediary (an “**Intermediary**”) (including banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans) that the Non-Registered Holder deals with in respect of the Common Shares, or (ii) in the name of a clearing agency (such as the CDS Clearing and Depository Services Inc. (“**CDS**”)) of which the Intermediary is a participant.

Distribution to NOBOs

In accordance with the requirements of the Canadian Securities Administrators and National Instrument 54-101, *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”), the Corporation will have caused its agent to distribute copies of the Notice and this Circular (collectively, the “**meeting materials**”) as well as a proxy directly to those Non-Registered Holders who have provided instructions to an Intermediary that such Non-Registered Holder does not object to the Intermediary disclosing ownership information about the beneficial owner (“**Non-Objecting Beneficial Owner**” or “**NOBO**”).

These securityholder materials are being sent to both registered holders of the securities and Non-Registered Holders of the securities. If you are a Non-Registered Holder, and the Corporation or its agent has sent these materials directly to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf.

By choosing to send these materials to you directly, the Corporation (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for proxy enclosed with mailings to NOBOs.

The meeting materials distributed by the Corporation's agent to NOBOs include a proxy. Please carefully review the instructions on the proxy for completion and deposit.

Distribution to OBOs

In addition, the Corporation will have caused its agent to deliver copies of the meeting materials to the clearing agencies and Intermediaries for onward distribution to those Non-Registered Holders who have provided instructions to an Intermediary that the beneficial owner objects to the Intermediary disclosing ownership information about the beneficial owner ("**Objecting Beneficial Owner**" or "**OBO**").

Intermediaries are required to forward the meeting materials to OBOs unless an OBO has waived his or her right to receive them. Intermediaries often use service companies such as Broadridge to forward the meeting materials to OBOs. Generally, those OBOs who have not waived the right to receive meeting materials will either:

1. be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile stamped signature), which is restricted as to the number of shares beneficially owned by the OBO, but which is otherwise uncompleted. This form of proxy need not be signed by the OBO. In this case, the OBO who wishes to submit a proxy should properly complete the form of proxy and deposit it with TSX Trust in the manner set out above in this Circular, with respect to the Common Shares beneficially owned by such OBO; or
2. more typically, be given a voting registration form which is not signed by the Intermediary and which, when properly completed and signed by the OBO and returned to the Intermediary or its service Corporation, will constitute authority and instructions (often called a "**Voting Instruction Form**") which the Intermediary must follow. Typically, the Voting Instruction Form will consist of a one-page pre-printed form. The purpose of this procedure is to permit the OBO to direct the voting of the shares he or she beneficially owns.

Should a Non-Registered Holder who receives one of the above forms wish to vote at the Meeting in person, the Non-Registered Holder should strike out the names of the persons named in the form and insert the Non-Registered Holder's name in the blank space provided. In either case, Non-Registered Holders should carefully follow the instructions, including those regarding when and where the proxy or voting instruction form is to be delivered.

Delivery Matters

The Corporation is not using the "notice-and-access" provisions of National Instrument 54-101 ("**NI 54-101**") in connection with the delivery of the meeting materials in respect of the Meeting. The Corporation is not sending such meeting materials directly to "non-objecting beneficial owners" in accordance with NI 54-101, and intends to pay for intermediaries to deliver the meeting materials to "objecting beneficial owners" as defined in NI 54-101.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

No director or executive officer of the Corporation who has held such position since January 1, 2019, or proposed nominee for election as a director of the Corporation, or any associate or affiliate of any of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter of special business to be acted upon at the Meeting, other than the confirmation of the existing stock option plan of the Corporation (the “**Option Plan**”) in connection with which the directors and executive officers of the Corporation may continue to hold stock options and/or may be entitled to receive stock option grants in the future, all in accordance with the terms thereof. See “Particulars of Matters to be Acted Upon – Confirmation of Option Plan”.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

Each holder of Common Shares of record at the close of business on May 26, 2020 (the “**Record Date**”) is entitled to receive notice of and to vote at the Meeting or at any adjournment(s) thereof. In accordance with the provisions of the *Business Corporations Act* (Ontario) (the “**OBCA**”), the Corporation will prepare a list of holders of Common Shares as of such Record Date. Each holder of Common Shares named in the list will be entitled to vote the Common Shares shown opposite his or her name on the list at the Meeting, subject to compliance with the procedures specified herein. All such holders of record of Common Shares are entitled to either attend and vote thereat in person the Common Shares held by them or, provided a completed and duly executed form of proxy shall have been delivered to the Corporation’s transfer agent within the time specified in the attached Notice, to attend and vote thereat by proxy the Common Shares held by them, all in accordance with the procedures specified herein. The list of Common Shares of the Corporation created as of the Record Date is final and no new persons who become shareholders of the Corporation following such Record Date will be entitled to notice of or vote at the Meeting.

As of May 26, 2020, the Corporation had an aggregate of 63,116,559 Common Shares issued and outstanding. Each Common Share carries the right to one vote on all matters to be acted upon at the Meeting. The outstanding Common Shares are listed on the TSX Venture Exchange (the “**TSXV**”) under the symbol “GPM”.

To the knowledge of the directors and executive officers of the Corporation, as of May 26, 2020, no persons or companies own, or exercise control or direction over, directly or indirectly, voting securities of the Corporation carrying 10% or more of the voting rights attached to any class of voting securities of the Corporation, other than as follows:

Notes:

(1) The estimated grant date fair value of these stock options has been calculated using the Black Scholes model. The Black-Scholes model is a mathematical valuation model that ascribes a value to a stock option based on a number of factors, including the exercise price of the option, the price of the underlying security on the date the option was granted, and assumptions with respect to the volatility of the price of the underlying security, the expected life of the option, forfeitures, dividend yield and the risk-free rate of return. The assumptions used in the pricing model are highly subjective and can materially affect the estimated fair value. Calculating the value of stock options using this methodology is very different from a simple “in-the money” value calculation. In fact, stock options that are well out-of-the-money can still have a significant estimated “grant date fair value” based on a Black-Scholes valuation, especially where, as in the case of the Corporation, the price of the share underlying the option is highly volatile. Accordingly, caution must be exercised in comparing grant date fair value amounts with cash compensation or an in-the-money option value calculation.

(2) Peter Mullens resigned as President and Chief Executive Officer and Daniel Noone was appointed as Interim Chief Executive Officer, effective November 27, 2019.

(3) Craig Parry was appointed as a Director, effective April 9, 2019.

COMPENSATION DISCUSSION AND ANALYSIS

The Corporation’s approach to executive compensation has been to provide suitable compensation for executives that is internally equitable, externally competitive and reflects individual achievement. The Corporation attempts to maintain compensation arrangements that will attract and retain highly qualified individuals who are able and capable of carrying out the objectives of the Corporation. The Corporation has established a corporate governance, compensation and nominating committee (the “**CGC&N Committee**”), consisting of Messrs. Burgess, Noone and Parry, a quorum of whom are independent directors. Mr. Noone is not considered to be independent as the result of his role as Interim Chief Executive Officer of the Corporation.

The Corporation’s compensation arrangements for the Named Executive Officers may, in addition to salary, include compensation in the form of bonuses and, over a longer term, benefits arising from the grant of stock options. Given the stage of development of the Corporation, compensation

of the Named Executive Officers to date has emphasized meaningful stock option awards to attract and retain Named Executive Officers and to a certain extent, to conserve cash. This policy may be re-evaluated in the future to instead emphasize increased base salaries and cash bonuses with a reduced reliance on option awards, depending upon the future development of the Corporation and other factors which may be considered relevant by the Board from time to time.

Base salaries for the named Executive Officers have remained flat in the past three years and total compensation has fluctuated which is reflective of the Corporation's stage of development in those years.

Base salary is a fixed element of compensation that is payable to each Named Executive Officer for performing his or her position's specific duties. The amount of base salary for a Named Executive Officer is determined through negotiation with each Named Executive Officer and is determined on an individual basis based upon the Corporation's need to attract and retain the relevant individual. While base salary is intended to fit into the Corporation's overall compensation objectives by serving to attract and retain talented executive officers, the size of the Corporation and the nature and stage of its business currently (as an exploration Corporation with no ongoing revenues from operations) also impacts the level of base salary. Compensation is set with reference to the market for similar jobs in junior capital companies at a similar level of development in Canada and an appropriate portion of total compensation is variable and linked to performance of both individual and corporate pre-established goals. Bonuses are short-term performance based financial incentives that are determined through the compensation review process.

The Corporation has in place the Option Plan for the benefit of eligible directors, officers, employees and consultants of the Corporation. Option-based awards are a variable element of compensation that is used to reward each Named Executive Officer for the performance of the Corporation. Option based awards are intended to fit into the Corporation's overall compensation objectives by aligning the interests of the Named Executive Officers with those of the Corporation, and linking individual Named Executive Officer compensation to the performance of the Corporation. The CGC&N Committee and the Board are responsible for overseeing the Option Plan and determining those directors, officers, employees and consultants of the Corporation who are entitled to participate in the Option Plan, the number of options of the Corporation allocated to each participant under the Option Plan, if any, and the time or times when the ownership of options will vest for each participant.

In fiscal 2019, the process for determining executive compensation for each of the current and former President and Chief Executive Officer and the Chief Financial Officer of the Corporation was principally based upon recommendations of the CGC&N Committee and discussions at the Board level. In fiscal 2019, (i) Mr. Mullens was paid a salary of \$63,677 and received stock option grants valued at \$6,889 in consideration of his duties as President and Chief Executive Officer from January 1, 2019 to November 27, 2019 when he resigned; (ii) Mr. Noone was not paid a salary and received stock option grants valued at \$6,301 in respect of his service Interim Chief Executive Officer from November 27, 2019 to year end; and (iii) Ms. Wang was paid a salary of \$57,000 and received stock option grants valued at \$6,889 in consideration of her duties as Chief Financial Officer to year end (see "Summary Compensation Table" above).

The Corporation's compensation program is designed to reward such matters as exploration success, market success, share performance, and the ability to implement strategic plans. The

current overall objectives of the Corporation's compensation strategy is to reward management for their efforts, while seeking to conserve cash given current market conditions. With respect to any bonuses or incentive plan grants which may be awarded to executive officers in the future, the Corporation has not currently set any objective criteria and will instead rely upon any recommendations and discussion at the CGC&N Committee level with respect to these and any other matters which the CGC&N Committee may consider relevant on a going-forward basis, including the cash position of the Corporation.

Existing options held by the Named Executive Officers at the time of subsequent option grants are taken into consideration in determining the quantum or terms of any such subsequent option grants. Options have been granted to directors, management, employees and certain service providers as long-term incentives to align the individual's interests with those of the Corporation. The size of the option awards is in proportion to the deemed ability of the individual to make an impact on the Corporation's success. Standard vesting of stock options is 25% on the date of grant and 25% on each of the 6, 12 and 18- month anniversaries following the date of grant.

TERMINATION OF EMPLOYMENT, CHANGE IN RESPONSIBILITIES AND EMPLOYMENT CONTRACTS

During fiscal 2019, there was a consulting service agreement between the Corporation and Peter Mullens for the sum of \$72,000 per annum. Mr. Mullens resigned from his role of CEO of the Corporation on November 27, 2019.

COMPENSATION OF DIRECTORS

The directors of the Corporation who are not also Named Executive Officers are not currently paid any fee for their services as directors of the Corporation but are reimbursed for travel and other out-of-pocket expenses incurred in attending directors' and shareholders' meetings. Directors are also entitled to receive compensation to the extent that they provide additional services to the Corporation at rates that would be charged by such directors for such services to arm's length parties. No such additional services were provided to the Corporation by any director in fiscal 2019. Directors are also entitled to participate in the Option Plan.

As of December 31, 2019, the Corporation granted an aggregate of 1,600,000 stock options to its directors pursuant to the Plan.

SUMMARY OF STOCK OPTION PLAN

The purpose of the Option Plan is to assist the Corporation in attracting, retaining and motivating service providers of the Corporation by providing them with the opportunity, through share options, to acquire an increased proprietary interest in the Corporation. Options granted under the Option Plan are non-assignable and may be granted for a term not exceeding five years. Notwithstanding the foregoing, in the event that the expiry of an option falls within, or within two business days of the expiry of, a trading blackout period imposed by the Corporation (the “Blackout Period”), the expiry date of such option shall be automatically extended to the 10th business day following the end of the Blackout Period. The purchase price for Common Shares under each option shall be determined by the Board or committee, as applicable, on the basis of the prior trading day closing price of the Common Shares on any stock exchange on which such shares are listed or otherwise in accordance with the terms of the Option Plan, subject to any discounts from the market price allowed by the TSXV if applicable.

Other material features of the Option Plan are as follows:

- (a) the Option Plan is administered by the Board, or if the Board so designates, a committee of the Board;
- (b) the maximum number of Common Shares in respect of which options may be outstanding under the Option Plan is equal to 10% of the issued and outstanding Common Shares from time to time;
- (c) options granted under the Option Plan shall vest at the discretion of the Board or committee, as applicable;

- (d) if any optionee shall cease to be a service provider for the Corporation, the optionee may, but only within the period of ninety days, or thirty days if the service provider is an “investor relations employee”, next succeeding such cessation and in no event after the expiry date of the optionee's option, exercise the optionee's option;
- (e) in the event of the death of an optionee during the currency of the optionee's option, the option shall be exercisable only within the period of one year next succeeding the optionee's death and in no event after the expiry date of the option;
- (f) the Board or committee, as applicable, may extend the period of time within which an option held by a deceased optionee or a former service provider may be exercised as set forth above within the parameters of the Option Plan, but such an extension shall not be granted beyond the original expiry date of the option and any such extension is subject to applicable regulatory approval; and
- (g) the Board or committee may amend the Option Plan and/or the terms of any option granted thereunder at any time, subject to certain restrictions and the receipt of requisite regulatory approval, provided, however, that no such amendment may: (i) increase the maximum number of Common Shares that may be optioned under the Option Plan; (ii) change the manner of determining the minimum exercise price; (iii) reduce the exercise price of any existing option; (iv) extend the expiry of options beyond their original expiry date; (v) permit options to be transferable or assignable other than for normal estate settlement purposes; or (vi) modify the amendment provisions of the Option Plan so as to increase the ability of the Board or the committee to amend the Option Plan, without shareholder approval.

Options to acquire 3,950,000 Common Shares have been granted under the Option Plan that remain outstanding as of the date hereof.

At the Meeting, shareholders will be asked to consider and, if deemed fit, confirm the Option Plan. See “Particulars of Matters to be Acted Upon – Confirmation of Option Plan”.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

National Policy 58-201, *Corporate Governance Guidelines* of the Canadian Securities Administrators has set out best practice guidelines for effective corporate governance (the “**Guidelines**”). The Guidelines address matters such as the constitution and independence of corporate boards, the functions to be performed by boards and their committees and the effectiveness and education of board members. National Instrument 58-101, *Disclosure of Corporate Governance Practices* (“**NI 58-101**”) of the Canadian Securities Administrators requires that if management solicits proxies from its securityholders for the purposes of electing directors, specified disclosure of the corporate governance practices must be included in its management information circular.

Set out below is a description of the Corporation’s corporate governance practices in accordance with NI 58-101, based on the Guidelines.

The Board of Directors

For the purposes of NI 58-101, a director is considered to be independent if he or she does not have any direct or indirect material relationship with the Corporation. A material relationship is in turn defined as a relationship which could, in the view of the Board, be reasonably expected to interfere with such member's independent judgement. The Board is currently comprised of four members: Daniel Noone, Bruce Rosenberg, Craig Parry and Harry Burgess. The Board has determined that a majority of the directors of the Corporation are "independent" within the meaning of NI 58-101.

Mr. Noone is not considered to be independent as the result of his role as Interim Chief Executive Officer of the Corporation. Messrs. Rosenberg, Parry and Burgess are each considered independent. The basis for this determination is that, since the beginning of the fiscal year ended December 31, 2019, none of the independent directors have worked for the Corporation, received remuneration from the Corporation in excess of \$75,000 or had material contracts with or material interests in the Corporation which could interfere with their ability to act with a view to the best interests of the Corporation.

Directorships

Certain of the directors of the Corporation are also directors of other reporting issuers (or equivalent) in a jurisdiction or a foreign jurisdiction as follows:

Name of Director	Other Reporting Issuer (or equivalent in a foreign jurisdiction)
Daniel Noone	G2 Goldfields Inc.
Bruce Rosenberg	G2 Goldfields Inc.
Harry Burgess	Cartier Iron Corporation
Craig Parry	Skeena Resources Limited, Vizsla Resources Corp. Skarb Exploration Corp.

Board Meetings

The attendance record of each director for all board and committee meetings held during the fiscal year ended December 31, 2019, while the relevant director was on the Board or committee, is as follows:

Name	Board Meetings	Audit Committee Meetings	Corporate Governance Committee Meetings
Peter Mullens	2 of 2	N/A	N/A
Daniel Noone	2 of 2	2 of 2	N/A
Bruce Rosenberg	2 of 2	2 of 2	N/A
Harry Burgess	2 of 2	2 of 2	N/A
Craig Parry	1 of 1	N/A	N/A

Orientation and Continuing Education

While the Corporation currently has no formal orientation and education program for new Board members, sufficient information (such as recent annual reports, prospectus, proxy solicitation materials, technical reports and various other operating, property and budget reports) is provided to any new Board member to ensure that new directors are familiarized with the Corporation's business and the procedures of the Board. In addition, new directors are encouraged to visit and meet with management on a regular basis. The Corporation also encourages continuing education of its directors and officers where appropriate in order to ensure that they have the necessary skills and knowledge to meet their respective obligations to the Corporation. Each new director is also encouraged to make a site visit to the Corporation's projects.

Ethical Business Conduct

The Board monitors the ethical conduct of the Corporation and ensures that it complies with applicable legal and regulatory requirements, such as those of relevant securities commissions and stock exchanges. The Board has found that the fiduciary duties placed on individual directors by the Corporation's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Corporation.

Under corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Corporation and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances, and disclose to the Board the nature and extent of any interest of the director in any material contract or material transaction, whether made or proposed, if the director is a party to the contract or transaction, is a director or officer (or an individual acting in a similar capacity) of a party to the contract or transaction or has a material interest in a party to the contract or transaction.

For these reasons the Board has not adopted a formal code of conduct.

Nomination of Directors

The Corporation formed the CGC&N Committee consisting of Messrs, Burgess, Noone and Parry, a quorum of whom are independent directors. Mr. Noone is not considered to be independent as the result of his role as Interim Chief Executive Officer of the Corporation. The CGC&N Committee is responsible for identifying individuals qualified to become new directors and recommending to the Board new director nominees for the next annual meeting of shareholders. New nominees must have a track record in general business management, special expertise in an area of strategic interest to the Corporation, the ability to devote the time required, show support for the Corporation's mission and strategic objectives, and a willingness to serve.

Compensation

The CGC&N Committee is responsible for reviewing the compensation paid for executive officers of companies of similar business, size and stage of development and determining an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort

expended by the directors and senior management while taking into account the financial and other resources of the Corporation. See also “Compensation Discussion and Analysis”.

The CGC&N Committee also reviews the adequacy and form of compensation of the Corporation’s directors, with a view to ensuring it realistically reflects the responsibilities and risks involved in being a director of the Corporation.

Assessments

The CGC&N Committee monitors the adequacy of information given to directors, communication between the Board and management and the strategic direction and processes of the Board and committees.

AUDIT COMMITTEE

National Instrument 52-110, Audit Committees (“**NI 52-110**”) requires that the Corporation, if management solicits proxies from the securityholders of the Corporation for the purposes of electing directors to its board of directors, to disclose in its information circular certain specified information, including the constitution of its audit committee and its relationship with its independent auditor, as set forth below.

The Audit Committee’s Charter

The Corporation has adopted an Audit Committee Charter which is attached as Schedule A to this Circular.

Composition of the Audit Committee

A member of the Audit Committee is independent if the member has no direct or indirect material relationship with the Corporation. A material relationship means a relationship which could, in the view of the Board, reasonably interfere with the exercise of a member’s independent judgment.

A member of the Audit Committee is considered financially literate if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Corporation.

During the financial year ended December 31, 2019, the members of the Audit Committee were initially Messrs. Rosenberg, Burgess and Noone. Each member of the Audit Committee is financially literate and independent as defined by NI 52-110 with the exception of Mr. Noone who is not considered to be independent as the result of his role as Interim Chief Executive Officer of the Corporation

The provisions for indemnification contained in the by-laws of the Corporation are not deemed exclusive of any other rights to which any person seeking indemnification may be entitled under any agreement, vote of shareholders or directors or otherwise, both as to action in the individual's official capacity and as to action in another capacity, and continue as to a person who has ceased to be a director, officer, employee or agent, and inure to the benefit of the heirs and legal representatives of such a person.

DIRECTORS' AND OFFICERS' LIABILITY INSURANCE

The Corporation maintains liability insurance for the directors and officers of the Corporation. The Corporation's policy of insurance is currently in effect until July 1, 2020. An annual premium of approximately \$11,500 has been paid by the Corporation. No portion of the premium is directly paid by any of the directors or officers of the Corporation. The aggregate insurance coverage under the policy for both directors and officers is limited to \$5,000,000 per claim and per year. No claims have been made or paid to date under such policy.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

None of the Corporation's directors, executive officers, employees, former executive officers, former directors, former employees, currently or formerly proposed nominees for election as a director, nor any associate of any such individual, is at the date hereof, or has been since the commencement of the financial year of the Corporation ended December 31, 2019, indebted to the Corporation or any subsidiary of the Corporation in connection with the purchase of securities or otherwise. In addition, no indebtedness of these individuals to another entity has been the subject of a guarantee, support agreement, letter of credit or similar arrangement or understanding of the Corporation or any of its subsidiaries either as at the date of this Circular or at any time since the commencement of the financial year of the Corporation ended December 31, 2019.

There are potential conflicts of interest to which certain of the directors and officers of the Corporation may be subject in connection with the operations of the Corporation and its subsidiaries. Certain of the directors and officers of the Corporation are engaged and will continue to be engaged in mineral exploration activities on behalf of other corporations, and situations may arise in which such other corporations will be in direct competition with the Corporation.

Conflicts of interest which arise, if any, will be subject to and governed by procedures prescribed by the OBCA which require a director or officer of a corporation who is party to or is a director or officer of or has a material interest in any person who is a party to a material contract or proposed material contract of the Corporation, to disclose his interest and refrain from voting on any matter in respect of such contract unless otherwise permitted by the OBCA.

Confirmation of Option Plan

The shareholders of the Corporation most recently approved the Option Plan on June 11, 2019. Options may be granted in respect of authorized and unissued Common Shares, provided that the aggregate number of Common Shares reserved for issuance upon the exercise of all options granted under the Option Plan shall not exceed 10% of the total number of Common Shares issued and outstanding from time to time. Underlying Common Shares in respect of which options are not exercised because the relevant options expire or are cancelled, shall be available for issue upon the exercise of subsequent grants of options. An aggregate of 3,950,000 Common Shares (representing approximately 6.26% of the issued and outstanding Common Shares as of May 26, 2020) are currently reserved for issuance pursuant to options granted under the Option Plan and the Corporation may grant an additional 2,361,656 options under the Option Plan (representing approximately 3.74% of the issued and outstanding Common Shares as of May 26, 2020). See also “Summary of Stock Option Plan” above.

Due to the fact that the Option Plan is a “rolling” stock option plan, the regulations of the TSXV mandate that the Corporation seek shareholder confirmation of the Option Plan annually. Accordingly, at the Meeting, shareholders will be asked to consider, and if thought fit, approve the resolutions substantially in the form set forth in Schedule “B” hereto (the “**Stock Option Plan Resolutions**”) to confirm the Option Plan as the stock option plan of the Corporation.

The Stock Option Plan Resolutions will be approved upon the affirmative vote of a majority of the votes cast at the Meeting, excluding votes attaching to Common Shares held by any insiders of the Corporation entitled to receive a benefit under the Option Plan. As of May 26, 2020, to the knowledge of the Corporation, such insiders hold an aggregate of approximately 9,940,478 Common Shares.

If the Stock Option Plan Resolutions are approved, (i) the 3,950,000 options currently outstanding under the Option Plan will remain outstanding, without amendment to their terms; and (ii) the Corporation will be able to issue up to an additional 2,361,656 options (representing approximately 3.74% of the issued and outstanding Common Shares as of the date hereof, and subject to increase from time to time to a maximum of 10% of the issued and outstanding Common Shares when taken together with outstanding options) under the Option Plan (as calculated based upon 10% of the Common Shares issued and outstanding as of the date hereof, less the number of options previously granted which are to remain outstanding under the Option Plan). If the Stock Option Plan Resolutions are not approved, (i) the 3,950,000 options currently outstanding under the Option Plan will remain outstanding under the Option Plan, without amendment to their terms; and (ii) Option Plan will convert to a fixed stock option plan providing for the issuance of up to 10% of the number of Common Shares outstanding as of the date of the Meeting.

The Board has concluded that the Option Plan is in the best interest of the Corporation and its shareholders. Accordingly, the Board recommends that shareholders vote in favour of the Stock Option Plan Resolutions. **Unless otherwise directed, the persons named in the enclosed form of proxy intend to vote IN FAVOUR OF the approval of the Stock Option Plan Resolutions.**
