

# GPM Metals Update of Walker Gossan Project

Toronto, Ontario--(Newsfile Corp. - November 6, 2023) - **GPM Metals Inc. (TSXV: GPM) (the "Company" or "GPM")** provides an update to its Walker Gossan Project, Arnhem Land, Australia.

GPM is pleased to announce that it has recently completed an Airborne Gravity Gradiometry (AGG) Survey over the Walker Gossan Project.

The survey cost of \$270,000 has been partially offset by a \$100,000 grant under the Geophysics Collaboration Program conducted by the Northern Territory Department of Industry, Tourism and Trade. We thank the Northern Territory Government for their assistance.

The survey results will be available in late November. GPM will engage its exploration team to undertake a comprehensive review of the survey data.

This survey will provide invaluable insights into targets within the approved tenement areas.

GPM Metals intends to continue with Exploration Programs for existing approved tenements EL385 and EL24305.

## **Forward-Looking Statements**

*This news release contains certain forward-looking information and statements within the meaning of applicable securities laws. The use of any of the words "expect", "anticipate", "continue", "estimate", "may", "might", "will", "project", "should", "believe", "plans", "intends" and similar expressions are intended to identify forward-looking information and/or statements. Forward-looking statements and/or information are based on a number of material factors, expectations and/or assumptions of GPM which have been used to develop such statements and/or information but which may prove to be incorrect. Although GPM believes that the expectations reflected in such forward-looking statements and/or information are reasonable, undue reliance should not be placed on forward-looking statements as GPM can give no assurance that such expectations will prove to be correct. In addition to other factors and assumptions which may be identified herein, assumptions have been made regarding, among other things: results from planned exploration and drilling activities; GPM's future plans for operational expenditures; the accuracy of the interpretations of exploration and drilling activity results; availability of financing to fund current and future plans and expenditures; the impact of increasing competition; the general stability of the economic and political environment in which GPM has property interests; the general continuance of current industry conditions; aboriginal matters; the timely receipt of any required regulatory approvals; the ability of GPM to obtain qualified staff, equipment and/or services in a timely and cost efficient manner; the ability of the operator of each project in which GPM has property interests to operate in a safe, efficient and/or effective manner and to fulfill its respective obligations and current plans; future commodity prices; currency, exchange and/or interest rates; and the regulatory framework regarding royalties, taxes and/or environmental matters in the jurisdictions in which GPM has property interests. The forward-looking information and statements included in this news release are not guarantees of future performance and should not be unduly relied upon. Such information and/or statements, including the assumptions made in respect*

*thereof, involve known and unknown risks, uncertainties and other factors that may cause actual results and/or events to differ materially from those anticipated in such forward-looking information and/or statements including, without limitation: risks associated with the uncertainty of exploration results and estimates, currency fluctuations, the uncertainty of conducting operations under a foreign regime, exploration risk, the uncertainty of obtaining all applicable regulatory approvals, the availability of labour and/or equipment, the fluctuating prices of commodities, the availability of financing and GPM's dependence on its management personnel, other participants in the property areas and/or certain other risks detailed from time-to-time in GPM's public disclosure documents, (including, without limitation, those risks identified in this news release and GPM's current management's discussion and analysis). Furthermore, the forward-looking statements contained in this news release are made as at the date of this news release and the Company does not undertake any obligations to publicly update and/or revise any of the included forward-looking statements, whether as a result of additional information, future events and/or otherwise, except as may be required by applicable securities laws.*

*Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy and / or accuracy of this release*
