MANAGEMENT INFORMATION CIRCULAR

Dated as of October 31, 2017

This information circular (the “**Information Circular**”) is furnished in connection with the solicitation of proxies by or on behalf of management of Orbit Garant Drilling Inc. (the “**Company**” or “**Orbit Garant**”) to all holders of common shares (“**Common Shares**”) of the Company (collectively, the “**Shareholders**”), for use at the annual meeting (the “**Meeting**”) of Shareholders, together with a notice of annual meeting of Shareholders (the “**Notice of Meeting**”) and a form of proxy (printed on blue paper) (a “**Form of Proxy**”). The Information Circular’s purpose is:

- to explain how you, as a Shareholder of the Company, can vote at the Meeting, either in person or by transferring your vote to someone else to vote on your behalf;
- to request that you authorize the chair of the Board (the “**Chair**”) (or his alternate) to vote on your behalf in accordance with your instructions set out on the Form of Proxy;
- to inform you about the business to be conducted at the Meeting; and
- to give you some important background information in order to assist you in deciding how to vote.

All dollar amounts are in Canadian dollars unless otherwise stated. All information contained in this document is as of October 31, 2017, unless otherwise indicated.

RECORD DATE

The Shareholders of record at the close of business on October 31, 2017 (the “**Record Date**”) are entitled to notice of, and to vote at, the Meeting, even though a Shareholder may subsequently dispose of his or her Shares. No Shareholder who becomes a Shareholder after the Record Date shall be entitled to vote at the Meeting.

Any registered Shareholder at the close of business on the Record Date who either personally attends the Meeting or who completes and delivers a proxy will be entitled to vote or have his or her Shares voted at the Meeting. However, a person appointed under the form of proxy will be entitled to vote the Shares represented by that form only if it is effectively delivered in the manner set out under the heading “Voting By Proxy For Registered Shareholders”.

VOTING

Registered Shareholders

Each registered Shareholder is entitled to one vote for each Common Share registered in his, her or its name as of the Record Date.

Non-Registered Beneficial Shareholders

You may be a non-registered beneficial Shareholder (as opposed to a registered Shareholder) if your Common Shares are held on your behalf, or for your account, by a broker, a securities dealer, a bank, a trust company or another similar entity (called an “**Intermediary**”). If you are a non-registered beneficial Shareholder, your Intermediary will be the entity legally entitled to vote your Common Shares. In order to vote your Common Shares, you must carefully follow the instructions that your Intermediary delivered to you with this Information Circular. Instead of completing the Form of Proxy that is printed on blue paper and which is enclosed with this Information Circular, you will likely be asked to complete and deliver a different form to your Intermediary. This form will instruct the Intermediary how to vote your Common Shares at the Meeting on your behalf. As a non-registered beneficial Shareholder, while you are invited to attend the Meeting, you will not be entitled to vote at the Meeting unless you submit all required information to your Intermediary well in advance of the Meeting and carefully follow

its instructions and procedures. Please also see the information set out under the heading “Voting By Proxy for Non-Registered Beneficial Shareholders” below.

QUORUM

The presence of at least two Shareholders or proxy holders entitled to cast at least 10% of the votes attached to all outstanding Common Shares will constitute a quorum at the Meeting. The Company’s list of Shareholders as of the record date will be used to deliver to Shareholders both the Notice of Meeting and this Information Circular, as well as to determine who is eligible to vote.

VOTING IN PERSON

If you attend the Meeting in person and are a registered Shareholder, you may vote at the Meeting. If you attend the Meeting in person and are a non-registered beneficial Shareholder, you will not be entitled to vote at the Meeting unless you contact your Intermediary well in advance of the Meeting and carefully follow its instructions and procedures.

VOTING BY PROXY FOR REGISTERED SHAREHOLDERS

The following instructions are for registered Shareholders only. **If you are a non-registered beneficial Shareholder, please follow your Intermediary’s instructions on how to vote your Common Shares and see the distinction under the heading “Voting by Proxy for Non-Registered Beneficial Shareholders” below.**

If you are unable to attend the Meeting, or if you do not wish to personally cast your votes, you may still make your votes count by authorizing another person who will be at the Meeting to vote on your behalf. You may either tell that person how you want to vote, or let him or her choose for you. This is called voting by proxy.

What is a Proxy?

A proxy is a document that you may sign in order to authorize another person to cast your votes for you at the Meeting. The Form of Proxy that is printed on blue paper and which is enclosed with this Information Circular is a form of proxy that you may use to authorize another person to vote on your behalf at the Meeting. You may use this Form of Proxy to assign your votes to the Chair (or his alternate) or to any other person of your choice. You may also use any other legal form of proxy.

Appointing a Proxy Holder

Your proxy holder is the person that you appoint to cast your votes at the Meeting on your behalf. You may choose the Chair (or his alternate) or any other person that you want to be your proxy holder. Please note that your proxy holder is not required to be another Shareholder. If you want to authorize the Chair (or his alternate) as your proxy holder, please leave the line near the top of the Form of Proxy blank, as the Chair’s name (and the name of his alternate), are already pre-printed on the form. If you want to authorize another person as your proxy holder, fill in that person’s name in the blank space located near the top of the enclosed Form of Proxy.

Your proxy authorizes the proxy holder to vote and otherwise act for you at the Meeting, including any continuation of the Meeting that may occur in the event that the Meeting is adjourned. **If you return the attached Form of Proxy to AST Trust, and have left the line for the proxy holder’s name blank, then the Chair (or his alternate) will automatically become your proxy holder.**

Depositing Your Proxy

To be valid, the Form of Proxy must be filled out, correctly signed (exactly as your name appears on the Form of Proxy), and returned to the Toronto office of the Company’s transfer agent, AST Trust, by either delivering it by mail to AST Trust Company (Canada) P.O. Box 721, Agincourt, Ontario, M1S 0A1, attention: Proxy Department, or by hand to 1 Toronto Street, Suite 1200, Toronto, Ontario, M5C 2V6 attention: Proxy Department or by fax to (416)

368-2502 by 5:00 p.m. (Toronto time) on December 1, 2017 (or at least 48 hours prior to any reconvened Meeting in the event of an adjournment of the Meeting), or by presenting it at the Meeting prior to commencement of the Meeting (or at the reconvened Meeting in the event of an adjournment of the Meeting). Your proxy holder may then vote on your behalf at the Meeting.

You may instruct your proxy holder how you want to vote on the issues listed in the Notice of Meeting by checking the appropriate boxes on the Form of Proxy. If you have specified on the Form of Proxy how you want to vote on a particular issue, then your proxy holder must cast your votes as instructed. By checking “WITHHOLD FROM VOTING” on the Form of Proxy, where applicable, you will be abstaining from voting.

If you have NOT specified how to vote on a particular matter, your proxy holder is entitled to vote your Common Shares as he or she sees fit. Please note that if your Form of Proxy does not specify how to vote on any particular matter, and if you have authorized the Chair (or his alternate) to act as your proxy holder (by leaving the line for the proxy holder’s name blank on the Form of Proxy), your Common Shares will be voted at the Meeting as follows:

- FOR the election of the five nominees to the Board, all of the nominees being current directors; and
- FOR the appointment of KPMG LLP as auditors of the Company and to authorize the Audit Committee to fix the auditor’s remuneration.

For more information on these issues, please see the section entitled “Business of the Meeting” beginning on page 6 of this Information Circular. If any other issues properly arise at the Meeting that are not described in the Notice of Meeting, or if any amendments are proposed to the matters described in the Notice of Meeting, your proxy holder is entitled to vote your Common Shares as he or she sees fit. The Notice of Meeting sets out all the matters to be determined at the Meeting that are known to directors as of October 31, 2017.

VOTING BY PROXY FOR NON-REGISTERED BENEFICIAL SHAREHOLDERS

The information set forth in this section is important to many Shareholders, as a substantial number of such persons do not hold Shares in their own name.

Holders who do not hold their Shares in their own name (“**Beneficial Shareholders**” or “**Beneficial Shareholder**” individually) should note that the only proxies that can be recognized and acted upon at the Meeting are those deposited by Shareholders whose names appear on the records maintained by or on behalf of the Company as the registered holders of Shares on the Record Date. If such Shares are listed in an account statement provided to a Shareholder by an Intermediary, then in almost all cases those Shares will not be registered in that holder’s name on the records of the Company. Such Shares will more likely be registered under the name of the holder’s Intermediary. In Canada, the vast majority of such Shares are typically registered under the name of CDS & Co., the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms. Shares held by Intermediaries can only be voted upon the instructions of the Beneficial Shareholder. Without specific instructions, Intermediaries are prohibited from voting the Shares for their clients. The Company does not know for whose benefit Shares registered in the name of CDS & Co. are held.

Applicable regulatory policy requires Intermediaries to seek voting instructions from Beneficial Shareholders in advance of Shareholder meetings. Every Intermediary has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Shares are voted at the Meeting. Often, the Form of Proxy supplied to a Beneficial Shareholder by its Intermediary is identical to the Form of Proxy provided to registered Shareholders, however, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholder. The majority of Intermediaries now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“**Broadridge**”). Broadridge typically mails a scannable voting instruction form (“**VIF**”) in lieu of the Form of Proxy. The Beneficial Shareholder is requested to complete and return the VIF to Broadridge by mail or facsimile. Alternatively the Beneficial Shareholder can call a toll-free telephone number or access the Internet to provide instructions regarding the voting of the Shares held by the Beneficial Shareholder. Broadridge then tabulates the

results of all instructions received and provides appropriate instructions respecting the voting of Shares to be represented at a meeting. A Beneficial Shareholder receiving a VIF cannot use that VIF to vote Shares directly at the Meeting as the VIF must be returned as directed by Broadridge well in advance of the Meeting in order to have such Shares voted. Some Intermediaries who do not use Broadridge's services send out the Company's form of proxy to Shareholders, executed by the Intermediary but otherwise incomplete; the Shareholder must mark the proxy how he or she wishes to vote and return the proxy either directly to AST Trust or to the Intermediary, who will then forward the proxy to the AST Trust. **A SHAREHOLDER CANNOT VOTE THEIR COMMON SHARES IN PERSON AT THE MEETING UNLESS THE SHAREHOLDER APPOINTS HIMSELF OR HERSELF AS THEIR OWN PROXY.**

Although a Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of CDS, a Shareholder may attend at the Meeting as proxy holder for the registered Shareholder and vote the Common Shares in that capacity. Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxy holder for the registered Shareholder in this regard should enter their own names in the blank space on the form of proxy or VIF provided to them and return same to their Intermediary in accordance with the instructions provided by such Intermediary, well in advance of the Meeting. If a Shareholder has voted by mail and would like to change his or her vote, the Shareholder should contact his or her nominee to discuss whether this is possible and what procedures such non-registered holder should follow.

REVOKING YOUR PROXY

If you want to revoke your proxy after you have signed and delivered it to AST Trust, you may do so by delivering another properly executed Form of Proxy bearing a later date and delivering it as set out above under the heading "Depositing Your Proxy" or by clearly indicating in writing that you want to revoke your proxy and delivering this written document to the Company at:

Orbit Garant Drilling Inc.
3200, boul. Jean-Jacques Cossette
Val-d'Or, Québec J9P 6Y6
Attention: Vice President and Chief Financial Officer
Fax: (819) 824-2195

This revocation must be received by 5:00 p.m. (Montreal time) on December 1, 2017 (or at least 48 hours prior to any reconvened meeting in the event of an adjournment of the Meeting), or by the Chair prior to the commencement of the Meeting (or at the reconvened Meeting in the event of an adjournment of the Meeting), or in any other way permitted by law.

If you revoke your proxy and do not replace it with another Form of Proxy that is deposited with AST Trust on or before the deadline, 5:00 p.m. (Toronto time) on December 1, 2017, you may still vote your own Common Shares in person at the Meeting provided you are a registered Shareholder whose name appeared on the Shareholders' register of the Company as of the Record Date.

SOLICITATION OF PROXIES

The Company requests that you fill out your Form of Proxy to ensure your votes are cast at the Meeting. If you leave the Form of Proxy blank, and if you do not specify how your Common Shares are to be voted on particular resolutions, the Chair (or his alternate) will vote your Common Shares as described above. **This solicitation of your proxy (your vote) is made on behalf of the management of the Company.**

The Company will pay the cost related to the foregoing solicitation of your proxy. This solicitation will be made primarily by mail. Regular employees of the Company, or the representatives of AST Trust, may also ask for proxies to be returned, but will not be paid any additional compensation for doing so.

FINANCIAL STATEMENTS

The Annual Report, the Financial Statements of the Company for the period ended June 30, 2017 and the Auditors' Report thereon accompanying this Information Circular will be placed before the Shareholders at the Meeting. If any Shareholder has questions regarding such financial statements, such questions may be brought forward at the Meeting.

ELECTION OF DIRECTORS

The articles of amalgamation of the Company, as amended, provide for a minimum of three and a maximum of fifteen directors. The current size of the Board is six directors. One of the current directors, Mr. Edmund Stuart, will not be standing for re-election and therefore at the Meeting, the five persons listed below will be nominated for election as directors of the Company and effective as of the conclusion of the Meeting the size of the Board will be reduced to five directors. If elected, each Director will hold office until the next annual meeting of Shareholders of the Company or until his successor is elected or appointed. All of these nominees are now directors and have been since the dates indicated in the list below. The current term of office of each Director will expire at the Meeting or when his successor is elected or appointed. Unless such authority is withheld, the persons named in the accompanying Form of Proxy intend to vote for the election of the five nominees to the Board whose names are set forth below.

On September 26, 2013, the Board adopted a policy regarding majority voting in the election of directors (the "**Majority Voting Policy**").

Pursuant to the Majority Voting Policy, if a nominee in an uncontested election of directors does not receive the vote of at least the majority of the votes cast (including votes "for" and votes "withheld"), the director is required to promptly tender his or her resignation from the Board to the Corporate Governance and Compensation Committee of the Company (the "**CGCC**"). Following receipt of a resignation, the CGCC must consider whether or not to accept the offer of resignation and recommend to the Board whether or not to accept it. With the exception of special circumstances that would warrant the continued service of the applicable director on the Board, the CGCC is expected to accept and recommend acceptance of the resignation by the Board. In considering whether or not to accept the resignation, the CGCC may consider factors provided as guidance by the Toronto Stock Exchange and all factors deemed relevant by members of the CGCC including, without limitation, the stated reasons why Shareholders withheld votes from the election of that director, the length of service and the qualifications of the director whose resignation has been submitted, such director's contributions to the Company, the Company's governance guidelines and its obligations under applicable laws. The Board must make its decision on the CGCC's recommendation promptly following the meeting of the Shareholders. In considering the CGCC's recommendation, the Board will consider the factors considered by the CGCC and such additional information and factors that the Board considers to be relevant. If a resignation is accepted in accordance with this policy, the Board may in accordance with the provisions of the Company's articles and bylaws appoint a new director to fill any vacancy created by the resignation or reduce the size of the Board.

Management does not contemplate that any of the nominees named below will be unable to serve as a director of the Company. If any nominee becomes unable to serve as a director for any reason prior to the Meeting, and if you authorize the Chair (or his alternate) to act as your proxy holder at the Meeting, the Chair (or his alternate) reserves the discretionary right to vote for other nominees, unless directed to withhold your Common Shares from voting.

The following table states: (i) the name and jurisdiction of residence of each person proposed to be nominated for election as a Director; (ii) the principal occupation of each nominee; and (iii) the number of Common Shares beneficially owned or over which control or direction, directly or indirectly, was exercised by each nominee as of October 31, 2017. APPOINTMENT OF AUDITORS

The Audit Committee recommends to Shareholders of the Company that KPMG LLP be reappointed as the independent auditor of the Company until the next annual meeting of Shareholders. KPMG LLP was first appointed as independent auditor of the Company on October 14, 2016.

The Board believes that approval of KPMG LLP as the independent auditor is in the best interest of the Company and its Shareholders and, accordingly, unanimously recommends that Shareholders vote in favour of an ordinary resolution approving their appointment. Ordinary resolutions are passed by a simple majority, meaning that if more than half of the votes that are cast in favour, then the resolution passes. Unless such authority is withheld, the

persons named in the accompanying Form of Proxy intend to vote for the appointment of KPMG LLP as auditors of the Company to hold office until the next annual meeting of Shareholders and to vote to authorize the Audit Committee to fix the auditors' remuneration. For information on the Audit Committee, the Annual Information Form of the Company dated September 6, 2017, available on www.sedar.com, should be consulted.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

The CGCC has the responsibility of reviewing and making recommendations to the Board of Directors concerning the compensation of the named executive officers (“NEOs”) of the Company within the constraints of their employment agreements. As described further below, each of the NEOs entered into an employment agreement with the Company effective as of July 1, 2010 (the “**Employment Agreements**”). See “Employment Contracts”, below.

The CGCC is currently comprised of three members: Messrs. Stuart, Laliberté and Gula, each of whom is “independent” for purposes of applicable securities laws.

The CGCC annually reviews the compensation principles, policies and strategy for executive officers, including the apportionment of pay between “at risk” compensation and fixed compensation. The CGCC reviews and approves all compensation and benefits of the NEOs. For NEO compensation other than the President and CEO, the CGCC meets with and receives advice from the President and CEO as to the appropriate compensation, targets and contributions of the other NEOs. An independent compensation consultant was retained during the 2017 fiscal year to assist principally in the establishment of industry benchmarks through the review of more than a dozen peer companies (the “**Comparator Group**”). Such industry benchmarking, which is commissioned by the CGCC on a two to three year basis, assists the CGCC in making recommendations to the Directors concerning the compensation of the NEOs.

The CGCC reviews the performance objectives associated with each element of compensation to ensure that they do not result in any undue risks to the Company. Compensation policies and practices and the design of the Company's incentive plans for executives take into account risk elements, including the following: (i) incentive plan awards do not vary significantly from the overall compensation structure of the Company, and (ii) incentive plans are designed so they do not provide for rewards for the accomplishment of tasks while the risk to the Company extends over a significantly longer period of time. The CGCC has not identified any risks arising from compensation policies that are reasonably likely to have a material adverse effect on the Company.

Objectives of the Company's Compensation Program

The Company's executive compensation program is designed to achieve the following objectives:

(a) Retention and Recruitment of Knowledgeable, Experienced Personnel

The Board of Directors and the CGCC aim to provide compensation to the Company's executives which is both commensurate with their skill level and reflective of the competitive industry in which the Company operates. The Board and the CGCC believe that the continued growth and value of the Company depends on the retention of its key executives, whose skills are highly valued in the industry, and the Company achieves this objective by providing competitive base salaries.

(b) Alignment of the Interests of Executives and Shareholders

An important objective of the Board and the CGCC is the alignment of the interests of the Company's executives and the shareholders. The Company from time to time grants options under the Stock Option Plan to its executives and management employees to achieve such an alignment.

- (c) Provide Incentive to Meet and Exceed Performance-Based Goals

The Board and the CGCC believe that exceptional individual contribution to the Company's success should be recognized and rewarded, and the Company achieves this objective using discretionary bonuses.

- (d) Differentiate the level of compensation paid to NEOs based on individual performance and contribution to overall business performance, development and achievement of business strategy, leadership qualities and scope of responsibilities.

The Company's compensation program is designed to reward the achievement of the Company's strategic objectives as determined from time to time by the Board, as well as various other goals, including increased sales, reduced expenses, increased market value, growth and internal efficiencies.

Significant Elements of Executive Compensation

Compensation is intended to reward NEOs for demonstrating leadership, providing strategic direction to their functional unit or business area, executing on individual performance objectives and wider corporate objectives. Compensation is also intended to reward performance aligned with business results, ensure competitive pay relative to the marketplace, and retain key individuals through long-term incentives. The components of the executive compensation program, and why the Company chooses to pay each element, are as follows:

Compensation Element	Description	Objectives
Base Salary	NEOs are paid a pre-determined base salary in cash. Base salary is fixed in advance and not dependent in a year on performance.	A competitive fixed annual base salary is necessary to attract and retain executives. Yearly salary reviews take into consideration industry and general market conditions, performance, ability, experience and responsibilities.
Cash Bonus	NEOs are entitled to a cash bonus up to a maximum prescribed amount based on the achievement of pre-determined performance targets.	An annual cash bonus is paid to reward NEOs for the achievement of prescribed corporate financial performance targets, as well as to recognize overall business performance, development and achievement of business strategy, leadership qualities and scope of responsibilities.
Perquisites and Benefits	NEOs are entitled to a vehicle allowance, a cell phone, and to participate in Orbit Garant's group benefits plan, which provides health and dental benefits. Orbit Garant also provides life and disability insurance for each of its NEOs. In addition, the CEO and CFO are entitled to reimbursement of annual fees for a membership in a professional organization.	Perquisites are provided to remain competitive to attract and retain its executives, as well as other employees. Reimbursement of professional membership fees are provided to ensure the applicable executives remain in good standing and benefit from participation in their respective professional organizations.

Compensation Element	Description	Objectives
Stock Option Plan	NEOs are eligible to participate in the Company's Stock Option Plan. Options are granted based on the closing price on the trading day immediately preceding the date of grant. The Board determines the number, if any, of options to be awarded to each NEO annually. Options vest at a rate of 20% per annum, beginning 12 months after the initial date of grant.	Options are a strategy for incentivizing NEOs to achieve corporate goals and improve share performance over the long-term, as they gain value only if the share price increases over the exercise price. They are designed to encourage sustained, long-term growth through their five year vesting schedule and their termination after 7 years from the date of grant.
Retirement benefits	NEOs are entitled to an annual RRSP contribution made by Orbit Garant ranging from \$15,000 to \$20,000.	Retirement benefits assist in attracting and retaining executives.

The compensation of the NEOs consists of two principal elements: (i) fixed compensation, and (ii) performance-based compensation. Fixed compensation includes salary, benefits and retirement contributions. Performance-based compensation includes an annual cash incentive bonus and awards made pursuant to Orbit Garant's Stock Option Plan.

Comparator Group Analysis

As set out above, every two to three years the CGCC's compensation review includes comparing Orbit Garant's compensation practices with those of the Comparator Group. Most of the companies in the Comparator Group are of similar size and operates in the drilling or resources industry. The criteria for companies to be included in the Comparator Group of companies were as follows:

- International operations;
- Involved in mining, exploration or supplying professional services (drilling, engineering, etc.); and
- Similar in size to Orbit Garant.

The Comparator Group for the year ended June 30, 2016 was comprised of the following companies:

Canadian Companies

- Major Drilling Group International Inc.
- IBI Group Inc.
- Akita Drilling Ltd.
- St Andrew Goldfields Ltd.
- Energold Drilling Corp.
- Richmond Mines Inc.
- Klondex Mines Ltd.
- Dynacor Gold Mines Inc.
- Claude Resources Inc.
- Wesdome Gold Mines Ltd.
- Great Panther Silver Ltd.
- Caledonia Mining Corporation Plc
- SilverCrest Mines Inc.

International Companies

- Foraco International SA
- Swick Mining Services
- Geodrill Ltd.

The CGCC benchmarks each named executive position against similar positions in the Comparator Group. Competitive market data on the Comparator Group gives the CGCC and the Board an initial reference point for determining executive compensation. The Comparator Group is used to assess the reasonableness of the Company's compensation and to confirm that compensation is consistent with the Company's desired philosophical positioning.

(i) ***Fixed Salary Components***

Base Salary

Base salaries are paid as a secure and predictable component of cash compensation, which the CGCC views as an essential component of attracting and retaining talented individuals. At the date of hire, base salary is determined using a number of factors including industry comparators and relevant experience.

Base salaries are paid to the NEOs in accordance with each of their employment agreements described below under "Employment Contracts". Base salaries for each of the NEOs were prescribed for the year 2011 in their respective Employment Agreements. Base salaries may be increased (but not decreased) annually to reflect the NEO's and the Company's performance during the prior year, to maintain competitive rates in relation to market changes and to reflect changes to the NEO's scope of responsibilities. Base salaries are recommended to the Board by the CGCC after comparison with the Comparator Group companies and consultation with the President and CEO and the remaining NEOs. For NEOs other than the President and CEO, the CGCC's determinations regarding base salaries are strongly influenced by the assessment and recommendations of the President and CEO.

NEOs have annual performance objectives that include individual goals that relate to the business performance of Orbit Garant and their individual responsibilities. The extent to which a NEO has achieved these goals in one year will influence a determination of his total compensation package for the following year. Salaries for NEOs are reviewed at the same time as salaries for all full-time employees, and in the absence of any compelling market data specific to a role, adjustments are generally in line with the overall salary adjusted for the organization. In fiscal year 2017, the base salaries paid to each NEO and the percentage of each NEO's total compensation, represented by the base salary, were as follows:

<u>Named Executive Officer</u>	<u>Salary</u>	<u>Percentage Of Total Compensation</u>
Éric Alexandre.....	\$340,200	56%
Pierre Alexandre.....	\$228,000	75%
Alain Laplante.....	\$205,200	63%

The percentage of total compensation represented by base salary will vary from year to year primarily due to variations in the annual bonus earned and options awards.

Benefits and Perquisites

Benefits and perquisites are an integral part of the compensation program and are important for attracting and retaining employees. The benefits and perquisites offered by the Company are commensurate with those offered to senior officers of the Comparator Group companies and companies of similar size in the Canadian drilling industry.

All NEOs participate in the group benefits plan for all employees, which provides health and dental coverage on a cost-sharing basis. Each of the NEOs also benefits from term life insurance of up to one time his base salary under

the group benefits plan. Disability coverage of up to \$7,000 monthly is available under the group benefits plan and is paid for by the NEOs. These benefit amounts are treated as non-taxable income.

Each of the NEOs is required to travel in his normal course of business and is provided with a cell phone and an annual utility road vehicle allowance, which permits access to often remote and geographically diverse terrain associated with mine sites, and are treated as taxable income.

The Company pays for fees associated with the professional memberships of Mr. Éric Alexandre and Mr. Laplante, which they require to maintain their designation with and participation in their respective professional organizations.

Retirement Contributions

Pursuant to the terms of their employment agreements, an annual contribution is made to each NEO's RRSP, as he may direct, by the Company. For the year ended June 30, 2017, the amount of the contribution is \$20,000 for each of the Vice Chair and the President and CEO, and is \$15,000 for the Vice President and CFO.

(ii) *Performance-Based Incentives*

Annual Cash Bonus

Each NEO is entitled to receive an annual cash incentive bonus of up to a specified amount based upon the achievement of fixed financial targets as described below, as well as for meeting other general business and individual performance objectives (collectively, the "**Bonus Measures**"). The Bonus Measures are established by the CGCC and approved by the Board annually. Each of the NEOs has a "target" bonus amount, the full amount of which he is entitled to receive if the budgeted amounts are attained. Excess amounts, up to a maximum of 150% of the prescribed target, are designed to reward superior performance.

For each NEO, cash incentive bonuses are based on the Company's performance in the relevant year. In 2017, 70% of the bonus award was determined based on the following fixed financial performance measures: adjusted EBITDA (30%), adjusted gross margin (20%) and the new relative performance Bonus Measures described below (20%). The remaining 30% of the bonus award determination for each NEO was based on non-financial performance measures reflecting the general objectives of the Company's compensation strategy. In determining the bonus amount to be awarded for non-financial performance measures, the CGCC (after consulting with the President and CEO in the case of a determination for the Vice Chair and the Vice President and CFO) considers qualitative factors that include individual performance and contribution to the Company's overall business performance, development, health and safety record and achievement of its business strategy, as well as the individual's leadership qualities, scope of responsibilities and business challenges during the applicable year.

For the year ended June 30, 2017, the CGCC introduced three additional relative performance Bonus Measures to provide management with additional incentives based on the Company outperforming its peers. The new Bonus Measures are intended to isolate management's operational performance from extrinsic market forces outside of management's control. The new Bonus Measures amount to 20% of the total bonus award and include: (a) share price performance relative to peers ("**Relative Shareholder Return**") (10%); (b) revenue growth relative to peers ("**Relative Revenue Growth**") (5%); and (c) EBITDA as a percentage of sales relative to peers ("**Relative EBITDA**") (5%). The new measures can also reach a maximum of 150% of the prescribed target.

The new Bonus Measures are calculated by comparing the growth or loss in (a) relative share price, (b) relative revenue, and (c) relative EBITDA over the course of the Company's fiscal year to the growth or loss achieved by selected Comparator Group companies. The companies selected from the Comparator Group for such comparison during the year ended June 30, 2017 were Major Drilling Group International Inc., Energold Drilling Corp. and Foraco International SA. The CGCC believes these companies provide a reliable representation of the drilling environment in which the Company operates.

The Bonus Measures and awards approved by the Board for the NEOs for fiscal year 2017 were as follows:

Financial and Non-Financial Performance Related Bonus Measures	Weight	Target Achieved or Not	Portion of Target Bonus Earned
Adjusted EBITDA.....	30%	No	-
Adjusted Gross Margin.....	20%	No	-
Relative Shareholder Return.....	10%	Yes	150%
Relative Revenue Growth.....	5%	Yes	150%
Relative EBITDA.....	5%	No	-
Non-financial Measures.....	30%	Yes	Between 66% and 100%

For the year ended June 30, 2017, the CGCC recommended, and the Board approved, the following bonuses:

Named Executive Officer	Target Bonus Amount	Maximum Bonus	Amount Earned	Portion of Target Bonus Earned
Éric Alexandre.....	\$238,140	150%	\$125,024	52.5%
Pierre Alexandre.....	\$55,000	150%	\$28,875	52.5%
Alain Laplante.....	\$102,600	150%	\$43,605	42.5%

For the year ended June 30, 2017, cash incentive bonuses represented the following percentage of each NEO's total compensation:

Named Executive Officer	Cash Bonus	Percentage Of Total Compensation
Éric Alexandre.....	\$125,024	21%
Pierre Alexandre.....	\$28,875	10%
Alain Laplante.....	\$43,605	13%

Mid and Long-Term Incentive Compensation

Prior to the Company's initial public offering on June 26, 2008 (the "IPO"), the Company had issued options pursuant to the Previous Option Plan (as defined below), and options outstanding under such plan, including options awarded to NEOs, continue to be governed by its terms. See "Previous Option Plan".

Upon completion of the IPO, the Stock Option Plan was established. See "Stock Option Plan" for a description of the terms and conditions of the Stock Option Plan. Each of the NEOs is eligible to participate in the Stock Option Plan, and the granting of options pursuant to such plan is an integral part of the Company's compensation strategy as it aligns the interests of the NEOs with those of shareholders and provides an incentive to achieve mid and long-term goals of the Company.

The CGCC annually recommends to the Board of Directors, as part of its annual compensation review, the number and allocation of options to be granted by the Board to each executive. Prior to its formal determination, the CGCC will generally meet with the President and Chief Executive Officer to solicit his views as to the options that ought to be awarded to other executive officers. In determining the number of options to be granted, it is intended that

consideration will be given to the individual's present and potential contribution to the success of the Company, other compensation elements awarded or available to the individual, the number of options currently held by the individual, the number of shares reserved for issuance that remain available for issuance and the limitations on grants to insiders provided for under the terms of the plan.

Change of Control Payments

The Company's compensation plans, in which the NEOs participate, including employment agreements entered into with the NEOs and the Stock Option Plan, generally provide for payments or other adjustments to be made upon a change of control. The CGCC believes that such arrangements are necessary in order to retain its executives in the event that there is a threatened or actual change in control and to remain competitive with the practices of other issuers. Entitlements upon a change of control are described under the section "Employment Contracts" and "Stock Option Plan".

On May 9, 2012 the Company's Board of Directors amended the Disclosure, Confidentiality and Trading Policy to prohibit the purchase of financial instruments, including prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities of the Company by directors, officers or employees who may become aware of undisclosed material information.

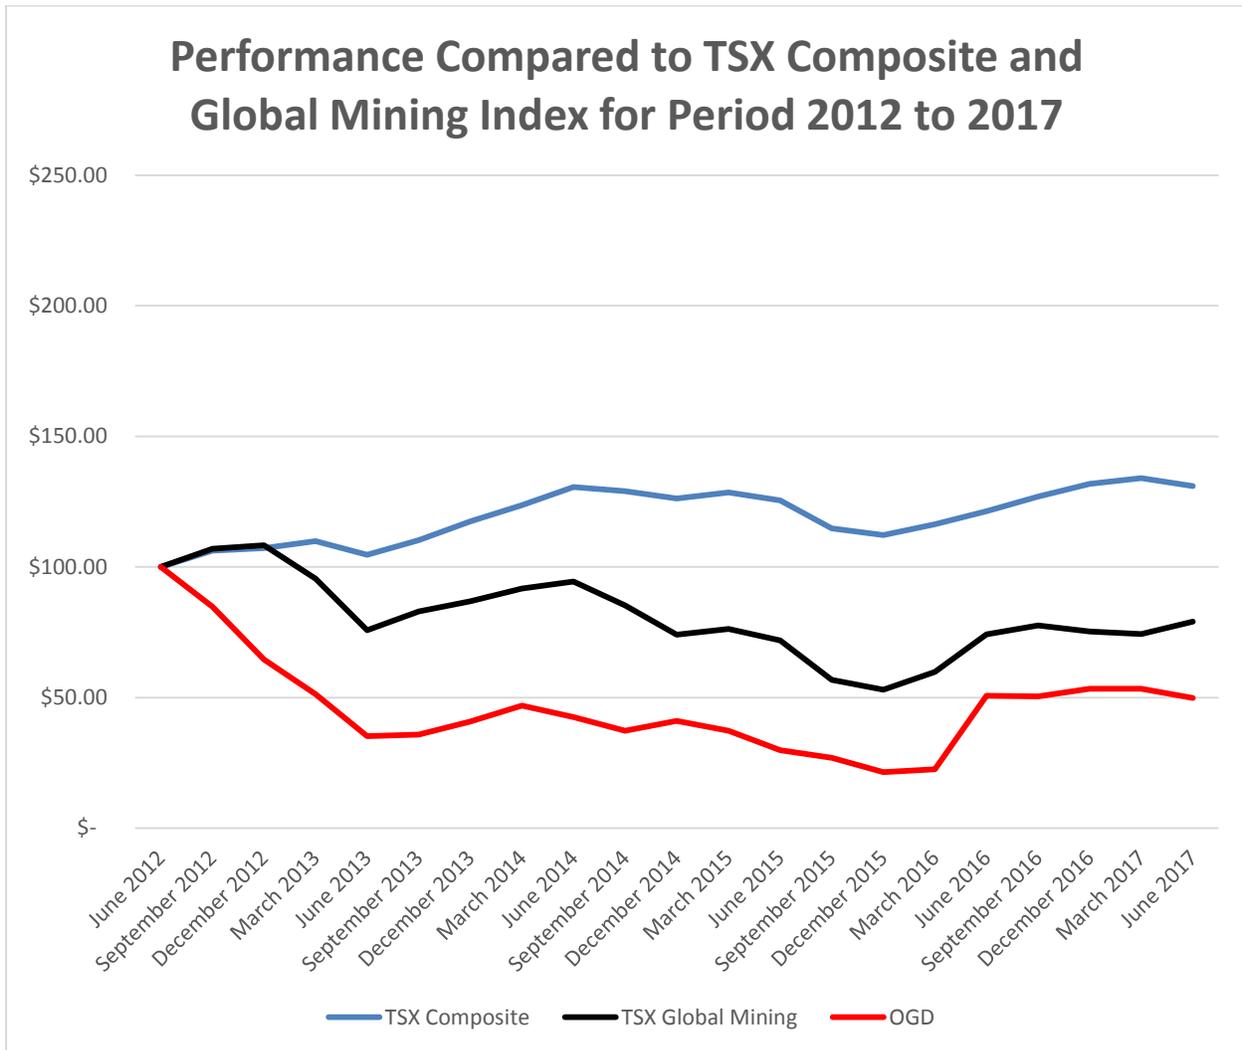

EXECUTIVE COMPENSATION-RELATED FEES

For each of the two previously completed financial years, the aggregate fees billed by consultants or advisors for services related to determining compensation for any of the Company's directors or executive officers was \$23,467. No other fees were paid to such consultants or advisors for other services.

OPTION BASED AWARDS

The determination of options awards to the Company's executive officers and employees is made by the Board, upon the recommendation of the CGCC and in consultation with the President and CEO. See "Compensation Discussion and Analysis – Performance Based Incentives", above.

INCENTIVE PLAN AWARDS – VALUE VESTED OR EARNED DURING THE YEAR

The following table summarizes the value of options that would have been realized by each Named Executive Officer during the financial year ended June 30, 2017 if the options had been exercised on the vesting date during the fiscal year ended June 30, 2017.

Name	Option-based awards – value vested during the year (\$) ⁽¹⁾	Share-based awards – value vested during the year (\$)	Non-equity incentive plan compensation – value earned during the year(\$)
ÉRIC ALEXANDRE President and Chief Executive Officer	66,480	894,900	125,024
PIERRE ALEXANDRE Vice Chair, Vice President Corporate Development	41,280	0	28,875
ALAIN LAPLANTE Vice President and Chief Financial Officer	47,520	0	43,605

(1) The amount represents the aggregate dollar value that would have been realized if the options had been exercised on the relevant vesting date during the 2017 fiscal year, based on the difference between the closing price of the Common Shares and the exercise price on such vesting date. Negative values are shown as \$0.

PREVIOUS OPTION PLAN

The Company has previously issued options to certain of its employees pursuant to the amended and restated option plan dated as of June 26, 2008 (the “**Previous Option Plan**”). All unexercised options granted under the Previous Option Plan expired on August 20, 2017. No further options will be issued under the Previous Option Plan.

STOCK OPTION PLAN

The Company’s stock option plan (the “**Stock Option Plan**”) was established upon completion of the Company’s IPO to provide the Company with a share related mechanism to retain and motivate qualified directors, officers, employees and consultants. The Stock Option Plan was most recently ratified by Shareholders on November 24, 2015.

Persons eligible to be granted options under the Stock Option Plan are any director, officer or employee of Orbit Garant or of any subsidiary, a corporation controlled by any such person or a family trust of which at least one trustee is any such person and all of the beneficiaries of which are such person and his or her spouse or children. Eligible individuals may elect to have some or all options granted to them granted to a trust governed by a registered retirement savings plan. The Stock Option Plan is designed to reward these directors, officers or employees, as the case may be, for contributing to the long-term viability of the Company by tying part of their compensation to overall stock performance.

The maximum aggregate number of Common Shares which may be issued from treasury or reserved for issuance upon the exercise of options under the Stock Option Plan is 10% of the issued and outstanding Common Shares in the capital of the Company from time to time. The Stock Option Plan also provides that Common Shares in respect of which options have been granted but are not exercised prior to their expiry shall be available for subsequent option issuances. The Stock Option Plan also provides that to the extent any options (i) are exercised, (ii) expire unexercised, or (iii) are cancelled, terminated or forfeited in any manner without the issuance of Common Shares pursuant thereto, such number of Common Shares shall again be available under the Stock Option Plan.

The total number of Common Shares issuable under the Stock Option Plan together with any other share compensation arrangement of the Company or options for services granted by the Company, to any one person, shall not exceed 5% of the then aggregate issued and outstanding Common Shares. Without the approval of the

Shareholders (which approval excludes the votes cast by insiders) no option will be granted under the Stock Option Plan if the grant would result in the number of Common Shares reserved for issuance pursuant to the Stock Option Plan and any other share compensation arrangement exceeding 10% of outstanding Common Shares, the number of Common Shares issuable to insiders under the Stock Option Plan and any other compensation arrangement at any time exceeding 10% of outstanding Common Shares or the number of Common Shares issued to insiders under the Stock Option Plan and any other compensation arrangement within any one year period exceeding 10% of outstanding Common Shares.

The Board, based on the recommendations of the CGCC, administers the Stock Option Plan and determines, among other things, optionees, vesting periods, exercise price and other attributes of the options, in each case pursuant to the Stock Option Plan, applicable securities legislation and the rules of the TSX.

The exercise price for any option may not be less than the fair market value (the closing price of the Common Shares on the TSX on the last trading day on which Common Shares traded prior to such day, or the average of the closing bid and ask prices over the last five trading days if no trades occurred over that period) of the Common Shares at the time of the grant of the option. Unless otherwise determined by the Board, options will vest at a rate of 20% per annum commencing 12 months after the date of grant. Options may be exercised during a period determined under the Stock Option Plan, which may not exceed ten years. In the event that an option expires during a blackout period (the period during which designated directors, officers and employees of the Company cannot trade Common Shares pursuant to the Disclosure, Confidentiality and Trading Policy of the Company) or within nine business days following the expiration of a Blackout Period, the expiration of the option will be automatically extended to the tenth business day following the expiration of the blackout period. An option that has vested may otherwise be exercised at any time with the provision of written notice and the payment therefor, provided that no exercise shall be made for less than 100 Common Shares.

In connection with a transaction that, if completed, would result in a “change of control” under the Stock Option Plan, the Board may declare either that all options are then exercisable or that all or some of the options may be exercised only within 30 days and not thereafter. Under the Stock Option Plan, a change of control is generally defined as an acquisition by an offer or of a majority of the voting rights attaching to the Common Shares, the completion of a merger or similar transaction whereby the shareholders of the Company hold less than 50% of the voting securities of the resulting entity, or the sale of all or substantially all of the Company’s assets.

The Board may make appropriate adjustments in the number of Common Shares available for purchase and in the exercise price of options with respect to options granted or to be granted resulting from rights offerings or subdivisions, consolidations or reclassifications, payments of dividends (other than in the ordinary course) or other relevant changes in the capital of the Company.

If an option holder ceases to be a director, officer or employee of Orbit Garant or one of its subsidiaries, all unvested options held by him or her will terminate, unless the Board approves otherwise in accordance with the terms of the Stock Option Plan. The Stock Option Plan provides that vested options will terminate on the earlier of (i) the expiry date of the options, or (ii) 90 days after the event of termination or 12 months after the event of termination if the event of termination is death. All options, whether vested or unvested, will terminate if the option holder resigns or is terminated for just cause. Currently, the Stock Option Plan provides that vested options will terminate on the earlier of (i) the expiry date of the options, (ii) 30 days after the subject event of termination, or (iii) one calendar year after the event of termination if the event of termination is termination not for cause or death.

Options are not transferable except that on the death of an option holder, options may be exercised by a legal representative or by a person who acquires the option by bequest or inheritance.

The Board may terminate the Stock Option Plan at any time in its absolute discretion, after which no further options shall be granted and all options outstanding shall continue in full force and effect. The Board may amend the Stock Option Plan or the terms of any option grant without shareholder approval in certain instances, including but not limited to: (i) amendments of a “housekeeping” nature; (ii) a change to the vesting provision of any option; (iii) a change to the termination provisions of any option that does not entail an extension beyond the original expiration date; (iv) the introduction of a cashless exercise feature payable in securities, whether or not such feature provides

for a full deduction of the number of underlying securities from the Stock Option Plan reserve; (v) the addition of a form of financial assistance and any amendment to a financial assistance provision, which is adopted; and (vi) a change to the eligible participants of the Stock Option Plan.

In accordance with the rules of the TSX, shareholder approval is required for any reduction in the exercise price or an extension of the term of any option granted to an insider, any amendment to remove or to exceed the insider participation limits, any increase to the maximum number of Common Shares issuable under the Stock Option Plan, either as a fixed number or a fixed percentage of the Common Shares, and amendments to the amending provisions of the Stock Option Plan.

The total number of options issued and outstanding under the Stock Option Plan as at October 31, 2017 is 2,231,500 which represents approximately 6.2% of the total issued and outstanding Common Shares.

DIRECTOR COMPENSATION

The compensation for the Company's directors is \$15,000 per year. At their option, directors may elect to receive Common Shares in lieu of cash as payment for their services. Any such Common Shares shall be purchased by Orbit Garant for the directors on the open market.

Each independent director also receives \$2,000 for each board and committee meeting attended in person and \$1,000 for each meeting attended by telephone. The Non-Executive Chair earns a salary of \$60,000, which includes the \$15,000 compensation for directors referenced above. The chair of the Audit Committee was paid an additional \$15,000, the chair of the CGCC is paid an additional \$10,000 and the chair of any other committee is paid an additional \$5,000. The Company also reimburses directors for out-of-pocket expenses for attending meetings. Directors also participate in the Company's Stock Option Plan.

CORPORATE GOVERNANCE PRACTICES

Maintaining best practices in corporate governance is a priority for the Company, its Board and management of the Company. The Board believes that effective corporate governance requires consideration of governance matters on an ongoing basis and where appropriate, the adoption of new policies and the update of existing policies to address evolving corporate governance standards and practices.

The Canadian Securities Administrators' National Instrument 58-101 – Disclosure of Corporate Governance Practices and National Policy 58-201 – Corporate Governance Guidelines (collectively, the "Governance Requirements") came into force in 2005. The following sets out disclosure required under Form 58-101F1 and provides other corporate governance-related disclosure.

THE BOARD OF DIRECTORS

Independence

The Board's Charter specifies that a majority of the members of the Board shall be "independent" (as such term is defined under applicable securities laws and stock exchange regulations). Currently, a majority of the directors of the Company are considered independent.

The Board currently consists of six members, four of whom, Messrs. Laliberté, Carmel, Stuart and Gula, are considered by the Board to be independent. Pierre Alexandre and Éric Alexandre are not considered to be independent directors by virtue of their current management positions with the Company. However, the independent directors engage in "in camera" discussions during Board meetings at which non-independent directors and members of management are not in attendance to facilitate open and candid discussion among the independent directors. The independent directors held five "in camera" sessions during the fiscal year ended June 30, 2017.

Certain of the directors of the Company are directors of other public companies in Canada and other jurisdictions. Information as to such other directorships is set out below.

<u>Name</u>	<u>Public Company directorships</u>
Jean-Yves Laliberté	Cartier Resources Inc.

Board Interlocks

The Board considers it to be good governance to avoid interlocking relationships if possible. However, there is no formal limit on the number of the Company's directors that may sit on the same public company board and/or committee. The Board considers interlocking memberships on a case-by-case basis and will consider recommendations from the CGCC with respect thereto.

Meetings of the Directors

The Board will have regularly scheduled meetings each year to review the business operations and financial results of the Company. Additional Board meetings will be held as required. In conjunction with the regularly scheduled meetings of the Board, the independent members of the Board hold a separate meeting at which non-independent directors and members of management are not present.

The Chair of the Board

The current Chair of the Board, Mr. Paul Carmel, is considered to be independent.

The Board has approved a position description for the Chair of the Board. The Chair's responsibility is to provide leadership to directors in discharging their mandate as set out in the Charter, including by promoting a thorough understanding by the directors and management of the duties and responsibilities of the directors and the distinctions between the role of the directors and the role of the management, by promoting cohesiveness among the directors and by ensuring processes are in place to monitor legislation and best practices relating to the responsibilities of the Board, and to review the effectiveness of the Board, its committees and individual directors on a regular basis.

In connection with meetings of the directors, the Chair shall be responsible for scheduling meetings of the directors and coordinating with the chairs of the committees of the directors to schedule meetings of the committees, organizing and presenting the agenda for regular or special Director meetings based on input from other directors, monitoring the adequacy of materials provided to the directors by management in connection with the directors' deliberations, ensuring that the directors have sufficient time to review the materials provided to them and to fully discuss the business that comes before the Board, presiding over meetings of the directors, and ensuring that the independent directors have adequate opportunities to meet without management present.

The Chair shall also preside over meetings of the Company's shareholders.

The Board of Director's Charter

The mandate of the Board is to supervise the management of the business and affairs of the Company. The Board either directly or through its committees, supervises or assesses the performance and effectiveness of management of the Company on an ongoing basis.

The Board of Director's Charter addresses governance and procedural matters and outlines the responsibilities of the Board. It is intended to provide guidance to the directors in performing their duties and exercising their responsibilities.

The text of the Charter of the Board of Directors is set out in Exhibit A to this Circular, approved on May 10, 2017.

Position Descriptions

The Board has developed written position descriptions for the Chair of each committee and the Chair of the Board. The role of the President and Chief Executive Officer is described in the position description of the President and Chief Executive Officer.

All Board members are provided with a copy of the written mandate and charters for the Board and each of its committees, respectively. The directors are expected to attend various other orientation sessions, including an informational program on the adoption of international accounting standards.

Ethical Business Conduct

The Board has adopted a written Code of Business Conduct and Ethics (the "**Code**") for the directors, officers and employees of the Company. The Code addresses the following matters: conflicts of interest, including transactions and agreements in respect of which a director or officer has a material interest; protection and proper use of corporate assets and opportunities; confidentiality of corporate information; fair dealing with shareholders, customers, suppliers, competitors and employees; compliance with laws, rules and regulations; prohibition of fraudulent activities; protection of privacy; disclosure of breaches of the Code; prohibition of harassment; electronic communication and reporting of any illegal or unethical behaviour.

Responsibility for the day-to-day administration of this Code has been delegated to Alain Laplante who reports to the Board on matters related to the Code. The Board is ultimately responsible for monitoring compliance with the Code and reviews its ongoing operation on an annual basis. A waiver of the Code will be granted only in exceptional circumstances. Any waiver for officers and directors will be granted only upon approval by the Board. Any waiver for employees will be granted only upon approval by Alain Laplante. To date, no such waivers have been granted.

The Code is available on SEDAR at www.sedar.com. A Shareholder may receive a copy by writing to the Company's Vice President and Chief Financial Officer, Alain Laplante, at 3200, boul. Jean-Jacques Cossette, Val-d'Or, Québec J9P 6Y6 Canada.

Nomination of Directors

The CGCC is responsible for making recommendations in vacancies to the Board. In order to identify appropriate board candidates, the CGCC considers the desired skill sets, experience and qualifications of the Board. It determines the extent to which the current Board composition meets the desired qualities. If the CGCC concludes that changes or additions to the Board composition are desirable, it will identify the desired qualities and seek out potential candidates for recommendation to the Board for nomination. The search process may involve utilizing the expertise of external consultants, as well as considering potential candidates known to the Board, management or their respective advisors.

Corporate Governance and Compensation Committee

The CGCC is currently composed of the following three Directors: Edmund Stuart, Jean-Yves Laliberté and William N. Gula, each of whom is independent. Mr. Stuart is not standing for re-election at the Meeting and is expected to be replaced on the CGCC by Mr. Carmel following the Meeting.

The CGCC is responsible for: (a) developing the Company's approach to Board governance issues and the Company's response to the corporate governance guidelines; (b) reviewing the composition and contribution of the Board and its members and recommending Board nominees; (c) overseeing the orientation program for new directors; and (d) helping to maintain an effective working relationship between the Board and management.

The CGCC is also responsible for reviewing the remuneration and the terms of employment of the senior executives and the Board as well as reviewing all other matters with respect to compensation as may be required by the Board from time to time.

With respect to the education and experience of the members of the CGCC relevant to their responsibilities on the CGCC, Mr. Gula has extensive experience advising reporting issuers as legal counsel on all aspects of corporate governance and is a member of the Institute of Corporate Directors (ICD.D). Mr. Laliberté holds an ICD.D certification granted by the Institute of Corporate Directors and has acquired extensive knowledge in human resources through his professional experience. The combined experience of its members provides the CGCC with the appropriate knowledge and skills to make informed decisions regarding compensation and corporate governance.

Other Board Committees

The Board has two permanent committees: the Audit Committee and the CGCC. As circumstances require, the Board may also establish special committees from time to time. All of the members of each of the other committees are "independent" directors of the Company (as such term is defined under applicable Canadian securities laws and stock exchange regulations). The Board sets out the mandate of the committee, addresses governance and procedural matters and outlines the responsibilities of the committee in order to provide parameters within which the committee operates. The charters are intended to provide guidance to the members of the committees in performing their duties and exercising their responsibilities.

In accordance with MI52-110, the text of the Audit Committee Charter and the relevant education and experience of each member of the Audit Committee are disclosed in the Company's Annual Information Form, which is available on SEDAR at www.sedar.com.

Risk Oversight

The Board is responsible for identifying the principal risks of the Company's business and ensuring these risks are being appropriately managed. The Board periodically discusses with management guidelines and policies with respect to risk assessment, risk management, and major strategic, financial and operational risk exposures, and the steps management has taken to monitor and control any exposure resulting from such risks. The Board relies on management to supervise day-to-day risk management, and management reports quarterly to the Audit Committee and Board of Directors on risk management matters. A discussion of the primary risks facing the Company's business are discussed in the AIF.

Succession Planning

The Board is responsible for providing guidance and oversight on succession management processes for the CEO and other key executives. In addition, management works with the Board to assess and enhance talent with the goal of investing time and resources in the managerial capabilities of its existing and future leaders.

Assessments

The Board, its committees and the directors will be annually assessed with respect to their effectiveness and contribution. The CGCC is responsible for assessing the performance and effectiveness of the Board as a whole, the committees of the Board and the contribution of individual directors. In assessing the Board and its members, the CGCC considers the mandate of the Board and each committee, attendance at Board and committee meetings, overall contributions made to the Board and its committees and the position descriptions applicable to members of the Board, Chairs of Board committees and the Chair of the Board.

Director Term Limits and Other Mechanisms of Board Renewal

Directors (other than the CEO) will not be re-nominated for election at the annual meeting following their 69th birthday or following their 15th year of service as a director. The CGCC also considers the issue of board renewal on a yearly basis when considering the director nominees.

Policies Regarding the Representation of Women on the Board

While the Board does not have a formal written policy on diversity, it recognizes the importance of diversity of experience, education, ethnicity and gender, as part of its overall evaluation of director positions. Board nominations and appointments of directors and officers are assessed based upon the merits of the candidates and board requirements. The Board is mindful of the benefits of diversity and is committed to a corporate culture of inclusiveness and tolerance where a diversity of views, backgrounds and experiences are represented at the Board to enhance the effectiveness of decision-making processes. The Company does not differentiate by race, colour, ethnicity, religion, gender, sexual orientation or any other aspect.

The Board does not believe that a formal policy will necessarily result in enhancing gender diversity beyond the current recruitment and selection processes carried out by the CGCC which take into account a broad range of selection criteria carefully designed to result in the recruitment of the most qualified individuals.

Consideration of the Representation of Women in the Director Identification and Selection Process

The CGCC considers the diversity of the Board, including the level of representation of women, as one of the factors in identifying and nominating candidates for election or re-election to the Board. The other factors that the CGCC considers are: the competencies and skills that the Board considers to be necessary for the Board, as a whole, to possess; the competencies and skills that the Board considers each existing Director to possess; the competencies and skills each new nominee will bring to the Board; the time and energy of the proposed nominee to devote to the tasks; and, the understanding by the proposed nominee of the nature of the business and operations of the Company.

Consideration Given to the Representation of Women in Executive Officer Appointments

The Company considers diversity generally (which includes gender diversity) when considering candidates as executive officers of the Company in the same way the Board does with its evaluation of potential Director nominees.

Issuer's Targets Regarding the Representation of Women on the Board and in Executive Officer Positions

The Company has not adopted a target regarding women on the Board. Diversity, including gender diversity, is one of the factors that the CGCC considers in identifying and nominating candidates for election or re-election to the Board. The CGCC believes all of these factors are relevant to ensure high functioning Directors and that establishing targets based upon only one of these factors may disqualify desirable candidates.

The Company has not adopted a target regarding women in executive officer positions of the Company. The Company believes that it needs to be able to assess a candidate's qualities and competencies as a whole instead of emphasizing gender. This also prevents situations where an individual could be perceived as not having been nominated solely on the basis of such individual's merits.

Number of Women on the Board and in Executive Officer Positions

The Company does not currently have any women represented on the Board or in an executive position.

The overall stewardship of the Corporation is the responsibility of the Corporation's board of directors (the "**Board of Directors**" or the "**Board**"). To do so, it may delegate certain of its authority and responsibilities to committees and management and reserve certain powers to itself. Nonetheless, it will retain full effective control over the Corporation.

It is recognized that every director in exercising his or her powers and duties must act honestly and in good faith with a view to the best interests of the Corporation and its shareholders. Directors must exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. In this regard, they must comply with their duties of honesty, loyalty, care, diligence, skill and prudence.

It is expected that management of the Corporation ("**Management**") will co-operate to facilitate compliance by the Board with its legal duties. Management will promptly report any data or information to the Board of Directors that may affect its compliance with its legal obligations.

In adopting this mandate,

(a) the Board acknowledges that the mandate prescribed for it by the Canada Business Corporations Act (the "**CBCA**") is to supervise the management of, the business and affairs of the Corporation with the objective of increasing shareholder value and that this mandate includes responsibility for stewardship of the Corporation; and

(b) the Board explicitly assumes responsibility for the stewardship of the Corporation, as contemplated by the Canadian securities regulators governance standards.

Similarly, an assessment of the committees of the Board and of each individual director shall be made (Section 3.18 of NP 58-201). The objective of this review is to increase the effectiveness of the Board of Directors and contribute to a process of continuous improvement in the Board of Directors' execution of its responsibilities. It is expected that the result of such reviews will be to identify any areas where the Board and/or Management believe that the Board of Directors and/or the directors individually could make a better contribution to the affairs of the Corporation. 3.6 Communications with Shareholders

The Board of Directors will consider and review the means by which shareholders can communicate with the Corporation including the opportunity to do so at the annual meeting, communications interfaces through the Corporation's website and the adequacy of resources available within the Corporation to respond to shareholders through the office of the Secretary and otherwise. However, the Board of Directors believes that it is the function of Management to speak for the Corporation in its communications with the investment community, the media, customers, suppliers, employees, governments and the general public. It is understood that individual Directors may from time to time be requested by Management to assist with such communications. It is expected, if communications from stakeholders are made to individual directors, Management will be informed and consulted to determine any appropriate response.

The following principles shall apply:

- (a) the Board shall adopt a written Code of Ethics (Section 3.8 of NP 58-201). Such code shall be applicable to directors, officers, and employees of the Corporation. The code shall constitute written standards that are reasonably designed to promote integrity and to defer wrongdoing. In particular, it should address:

6. A director, who makes a major change in his principal occupation, will forthwith disclose this fact to the Board of Directors and will offer his or her resignation to the Board of Directors for consideration. It is not intended that directors who retire or whose professional positions change should necessarily leave the Board of Directors. However, there should be an opportunity for the Board of Directors to review the continued appropriateness of the Board of Directors membership under such circumstances.

7. The Board of Directors is responsible for approving new nominees to the Board of Directors. New directors will be provided with an orientation and education program which will include written information about the duties and obligations of directors, the business and operations of the Corporation, documents from recent Board of Directors meetings and opportunities for meetings and discussion with Management and other directors. The orientation and education program provided to new directors should also include information with respect to the legal and regulatory restrictions on trading on undisclosed material information and the legal and regulatory implications of "tipping" and insider trading. The details of the orientation of each new director will be tailored to that director's individual needs and areas of interest. The prospective candidates should fully understand the role of the Board of Directors and its committees and the contribution expected from individual directors and the Board of Directors will ensure that they are provided with the appropriate information to that effect. In addition, the Board of Directors will ascertain and make available to its members, when required, continuing education as per the business and operations of the Corporation.

- (f) the prudent and responsible business conduct and practices of that issuer; and
- (g) the industry in which that other issuer was involved and the extent of experience obtained in the issuer's or applicant issuer's industry segment.

10. The Majority Voting in Director Elections Policy set out in Appendix A to this Charter of the Board of Directors shall apply with respect to an uncontested election of directors.

Appendix A to Schedule B

MAJORITY VOTING IN DIRECTOR ELECTIONS POLICY

In an uncontested election of directors of the Corporation at a meeting of shareholders of the Corporation, any nominee for director who receives a greater number of votes “withheld” from his or her election than votes “for” such election (a “**Majority Withheld Vote**”) shall promptly tender his or her resignation to the Chair of the Board of Directors (the “**Board**”) following the meeting of shareholders. In this policy, an “uncontested election” shall mean an election where the number of nominees for director is equal to the number of directors to be elected.

The Board shall consider a resignation offer and whether or not to accept it. The Board shall be expected to accept the resignation except in situations where extenuating circumstances would warrant that the applicable director continue to serve on the Board. In considering whether or not to accept the resignation, the Board will consider all factors deemed relevant including, without limitation, the stated reasons why shareholders “withheld” votes from the election of that nominee, the length of service and the qualifications of the director whose resignation has been tendered, such director’s contributions to the Corporation and the Corporation’s corporate governance policies.

The Board shall determine whether or not a resignation offer will be accepted within 90 days following the applicable meeting of shareholders. The Board shall promptly disclose, via press release, its decision whether to accept the director’s resignation offer including the reasons for rejecting the resignation offer, if applicable. If a resignation is accepted, the Board may, in accordance with applicable law, appoint a new director to fill any vacancy created by resignation.

Subject to the following, any director who tenders his or her resignation pursuant to this policy shall not participate in any meeting of the Board to consider whether his or her resignation shall be accepted. If the directors who did not receive a Majority Withheld Vote in the same uncontested election do not constitute a majority of the Board, then (i) the Independent Directors shall appoint a committee amongst themselves to consider resignation offers and recommend to the Board whether to accept them, which committee shall include at a minimum any independent directors who did not receive a Majority Withheld Vote; and (ii) all directors will participate in the subsequent determinations of the Board as to whether to accept resignations.

In the event that any director who received a Majority Withheld Vote does not tender his or her resignation in accordance with this policy, he or she will not be re-nominated for election by the Board.

The Board may adopt such procedures as it sees fit to assist it in its determinations with respect to this policy.

Immediately following a meeting at which directors are elected, a news release shall be issued which discloses:

- (a) the percentage of votes received ‘for’ and ‘withheld’ for each director;
- (b) the total votes cast together with the number that each director received ‘for’; or
- (c) the percentage and total number of votes received ‘for’ each director.
