INFORMATION CIRCULAR

(as at December 15, 2017 except as otherwise indicated)

This information circular (the “**Circular**”) is provided in connection with the solicitation of proxies by the management (the “**Management**”) of Hawkeye Gold & Diamond Inc. (the “**Company**”). The form of proxy which accompanies this Circular (the “**Proxy**”) is for use at the Annual General Meeting of the shareholders of the Company (“**Shareholders**”) to be held on Friday, January 19, 2018 (the “**Meeting**”), at the time and place set out in the accompanying notice of meeting (the “**Notice of Meeting**”). The Company will bear the cost of this solicitation. The solicitation will be made by mail, but may also be made by telephone.

APPOINTMENT AND REVOCATION OF PROXY

The persons named in the Proxy are directors and/or officers of the Company. **A registered Shareholder who wishes to appoint some other person to serve as their representative at the Meeting may do so by striking out the printed names and inserting the desired person's name in the blank space provided.** The completed Proxy should be delivered to Computershare Investor Services Inc. (“**Computershare**”) by 8:00 a.m. (Vancouver time) on January 17, 2018 (or at least 48 hours, excluding Saturdays, Sundays and holidays, before any adjournment of the Meeting at which the proxy is to be used).

The Proxy may be revoked by:

- (a) signing a proxy with a later date and delivering it at the time and place noted above;
- (b) signing and dating a written notice of revocation and delivering it at the time and to the place noted above; or
- (c) attending the Meeting or any adjournment of the Meeting and registering with the scrutineer as a shareholder present in person.

PROVISIONS RELATING TO VOTING OF PROXIES

The common shares of the Company (the “Shares”) represented by Proxy in the form provided to Shareholders will be voted or withheld from voting by the designated holder in accordance with the direction of the registered Shareholder appointing him or her. If there is no direction by the registered Shareholder, those Shares will be voted for all proposals set out in the Proxy and for the election of directors and the appointment of the auditor as set out in this Circular. The Proxy gives the person named in it the discretion to vote as such person sees fit on any amendments or variations to matters identified in the Notice of Meeting, or any other matters which may properly come before the Meeting. At the time of printing of this Circular, the Management of the Company knows of no

other matters which may come before the Meeting other than those referred to in the Notice of Meeting.

Advice to Beneficial Holders of Shares

The information set forth in this section is of significant importance to many Shareholders, as a substantial number of Shareholders do not hold Shares in their own name. Shareholders who hold their Shares through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold their Shares in their own name (referred to herein as “**Beneficial Shareholders**”) should note that only proxies deposited by Shareholders who appear on the records maintained by the Company’s registrar and transfer agent as registered holders of Shares will be recognized and acted upon at the Meeting. If Shares are listed in an account statement provided to a Beneficial Shareholder by a broker, then those Shares will, in all likelihood, *not* be registered in the Shareholder’s name. Such Shares will more likely be registered under the name of the Shareholder’s broker or an agent of that broker. In Canada, the vast majority of such Shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms). In the United States, the vast majority of such Shares are registered under the name of Cede & Co., the registration name for The Depository Trust Company, which acts as nominee for many United States brokerage firms. Shares held by brokers (or their agents or nominees) on behalf of a broker’s client can only be voted or withheld at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting Shares for the broker’s clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholder meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Shares are voted at the Meeting. The form of instrument of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the instrument of proxy provided directly to registered Shareholders by the Company. However, its purpose is limited to instructing the registered Shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The vast majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions Inc. (“**Broadridge**”) in Canada. Broadridge typically prepares a machine-readable voting instruction form (“**VIF**”), mails those forms to Beneficial Shareholders and asks Beneficial Shareholders to return the VIFs to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge VIF cannot use that form to vote Shares directly at the Meeting. The VIFs must be returned to Broadridge (or instructions respecting the voting of Shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the Shares voted. If you have any questions respecting the voting of Shares held through a broker or other intermediary, please contact that broker or other intermediary for assistance.**

The Notice of Meeting, Circular, Proxy and VIF, as applicable, are being provided to both registered Shareholders and Beneficial Shareholders. Beneficial Shareholders fall into two categories - those who object to their identity being known to the issuers of securities which they own (“**OBOs**”) and those who do not object to their identity being made known to the issuers of the securities which they own (“**NOBOs**”). Subject to the provisions of National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”), issuers may request and obtain a list of their NOBOs from intermediaries directly or via their transfer agent and may obtain and use the NOBO list for the distribution of proxy-related materials directly (not via Broadridge) to such NOBOs. If you are a Beneficial Shareholder and the Company or its agent has sent these materials directly to you, your name, address and information about your holdings of Shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the Shares on your behalf.

Pursuant to the provisions of NI 54-101, the Company is providing the Notice of Meeting, Circular and Proxy or VIF, as applicable, to both registered owners of the securities and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Company (and not the intermediary holding Shares on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the VIF. As a result, if you are a non-registered owner of the Shares, you can expect to receive a scannable VIF from Computershare. Please complete and return the VIF to Computershare in the envelope provided or by facsimile. In addition, telephone voting and internet voting instructions can be found on the VIF. Computershare will tabulate the results of the VIFs received from the Company's NOBOs and will provide appropriate instructions at the Meeting with respect to the Shares represented by the VIFs they receive.

The Company's OBOs can expect to be contacted by Broadridge or their brokers or their broker's agents as set out above. The Company does not intend to pay for intermediaries to deliver the Notice of Meeting, Circular and VIF to OBOs and accordingly, if the OBO's intermediary does not assume the costs of delivery of those documents in the event that the OBO wishes to receive them, the OBO may not receive the documentation.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Shares registered in the name of his, her or its broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered Shareholder and vote the Shares in that capacity. NI 54-101 allows a Beneficial Shareholder who is a NOBO to submit to the Company or an applicable intermediary any document in writing that requests that the NOBO or a nominee of the NOBO be appointed as the NOBO's proxyholder. If such a request is received, the Company or an intermediary, as applicable, must arrange, without expenses to the NOBO, to appoint such NOBO or its nominee as a proxyholder and to deposit that proxy within the time specified in this Circular, provided that the Company or the intermediary receives such written instructions from the NOBO at least one business day prior to the time by which proxies are to be submitted at the Meeting, with the result that such a written request must be received by 8:00 a.m. (Vancouver time) on the day which is at least three business days prior to the Meeting. **A Beneficial Shareholder who wishes to attend the Meeting and to vote their Shares as proxyholder for the registered Shareholder, should enter their own name in the blank space on the VIF or such other document in writing that requests that the NOBO or a nominee of the NOBO be appointed as proxyholder and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.**

Additionally, NI 54-101 allows a Beneficial Shareholder who is a NOBO to submit to the Company or an applicable intermediary any document in writing that requests that the NOBO or a nominee of the NOBO be appointed as the NOBO's proxyholder. If such a request is received, the Company or an intermediary, as applicable, must arrange, without expenses to the NOBO, to appoint such NOBO or its nominee as a proxyholder and to deposit that proxy within the time specified in this Circular, provided that the Company or the intermediary receives such written instructions from the NOBO at least one business day prior to the time by which proxies are to be submitted at the Meeting, with the result that such a written request must be received by 8:00 a.m. (Vancouver time) on the day which is at least three business days prior to the Meeting.

All references to Shareholders in the Notice of Meeting, Circular and the accompanying Proxy are to registered Shareholders of the Company as set forth on the list of registered Shareholders of the Company as maintained by the registrar and transfer agent of the Company, Computershare, unless specifically stated otherwise.

EXECUTIVE COMPENSATION

Named Executive Officers

During the financial year ended May 31, 2017, the Company had two Named Executive Officers, being Greg Neeld, the Chief Executive Officer and President of the Company and Maureen Watson, the Chief Financial Officer of the Company.

“Named Executive Officer” means: (a) each CEO, (b) each CFO, (c) each of the three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000; and (d) each individual who would be a NEO under (c) above but for the fact that the individual was neither an executive officer of the Company, nor acting in a similar capacity, at the end of that financial year.

Compensation Discussion and Analysis

The compensation of the Company’s Named Executive Officers is determined by the Company’s Board.

The general objectives of the Board’s compensation decisions are retain to the services of the directors and officers of the Company and to incent and reward them for those services.

The Board’s compensation program is designed to provide competitive levels of compensation, a significant portion of which is dependent upon individual and corporate performance and contribution to increasing Shareholder value. In general, a Named Executive Officer’s compensation is comprised of salary and stock option grants.

The compensation paid to the Named Executive Officers was paid to an individual who is proficient, experienced, has sufficient skills and potential and is performing at a high level. The compensation was variable in nature and directly related to the actual amount of work performed. The variable rates were based on market related rates for professionals performing similar duties and possessing a similar skill set.

Stock option grants are designed to reward the Named Executive Officers for success on a similar basis as the Shareholders of the Company, but these rewards are highly dependent upon the volatile stock market, much of which is beyond the control of the Named Executive Officers.

The Board has not formally considered the risks associated with the Company’s compensation policies and practices. The Company’s compensation policies and practices give greater weight toward long-term incentives to mitigate the risk of encouraging short term goals at the expense of long term sustainability. The discretionary nature of option grants are significant elements of the Company’s compensation plans

and provide the Board with the ability to reward historical performance and behaviour that the Board consider to be aligned with the Company’s best interests. The Company has attempted to minimize those compensation practices and policies that expose the Company to inappropriate or excessive risks.

The Company has not established a policy on whether or not a NEO or director is permitted to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director. During the financial year ending May 31, 2017, the Company did not utilize any financial hedges.

Option-Based Awards

Stock option grants are made on the basis of the number of stock options currently held, position, overall individual performance, anticipated contribution to the Company’s future success and the individual’s ability to influence corporate and business performance. The purpose of granting such stock options is to assist the Company in compensating, attracting, retaining and motivating the officers, directors and employees of the Company and to closely align the personal interest of such persons to the interest of the shareholders.

The recipients of incentive stock options and the terms of the stock options granted are determined from time to time by the Board. The exercise price of the stock options granted is generally determined by the market price at the time of grant. See “*Narrative Discussion*” for a summary of the Company’s incentive stock option plan.

Narrative Discussion

The following information is intended as a brief description of the Company's current incentive stock option plan (the "Plan") which was approved by the Shareholders at the Annual General Meeting of Shareholders held on December 29, 2016 and is qualified in its entirety by the full text of the Plan, which will be available for review at the Meeting.

The Plan is a "rolling" stock option plan whereby a maximum of 10% of the issued Shares of the Company, from time to time, may be reserved for issuance pursuant to the exercise of options. The TSX Venture Exchange (the "Exchange") requires listed companies that have "rolling" stock option plans in place to

receive shareholder approval of such plans on a yearly basis at their annual general meetings, and to thereafter have such plans accepted for filing by the Exchange.

The Plan authorizes the Board to grant stock options to eligible persons on the following essential terms:

1. The aggregate number of Shares which may be issued pursuant to options granted under the Plan, unless otherwise approved by Shareholders, may not exceed that number which is equal to 10% of the Shares of the Company issued and outstanding on the relevant grant date.
2. The number of Shares subject to each option will be determined by the Board, provided that the aggregate number of Shares reserved for issuance pursuant to option(s) granted to:
 - (a) any one individual during any 12 month period may not exceed 5% of the issued Shares of the Company, unless the additional options are approved by majority of the votes cast by “disinterested shareholders” at a general meeting;
 - (b) any one Consultant during any 12 month period may not exceed 2% of the issued Shares of the Company;
 - (c) any one Person employed to provide Investor Relations Activities during any 12 month period may not exceed 2% of the issued shares of the Company;in each case calculated as at the date of grant of the option, including all other Shares under option to such Person at that time.
3. The exercise price of an option may not be set at a price less than the closing market price of the Company’s Shares on the trading day immediately preceding the date of grant of the option less a maximum discount of 25%.
4. Options may be exercisable for a period of up to 10 years and, in the case of Consultants who are engaged in Investor Relations Activities will vest as to 25% on each of the date of grant and three, six, and nine months after the date of grant.
5. The options are non-assignable, except in certain circumstances.
6. The options can only be exercised by the optionee as long as the optionee remains an eligible optionee pursuant to the Plan or within a reasonable period (set by the directors in each case) after ceasing to be an eligible optionee or, if the optionee dies, within one year from the date of the optionee’s death.
7. On the occurrence of a takeover bid, issuer bid or going private transaction, the Board will have the right to accelerate the date on which any option becomes exercisable.

Notices of options granted under the Plan must be given to the Exchange at the end of each month during which options are granted. Any amendments to the Plan must also be approved by the Exchange and, in some cases, by the “disinterested shareholders” of the Company prior to becoming effective. Any proposed increase in the exercise term or decrease in the exercise price of options held by Insiders must also be approved by the “disinterested shareholders” and accepted by the Exchange. “Disinterested shareholders” are holders of outstanding Shares entitled to vote and represented in person or by proxy, excluding votes attaching to outstanding Shares beneficially owned by Insiders of the Company to whom shares may be issued pursuant to the Plan and associates of such insiders. **There is no requirement for disinterested shareholder approval of the Plan at the Meeting.**

The Company is required to have an audit committee comprised of not less than three directors, a majority of whom are not officers, control persons or employees of the Company or an affiliate of the Company. Audit Committee Charter

The text of the audit committee's charter is attached as Schedule "A" to this Circular.

Composition of Audit Committee and Independence

National Instrument 52-110 *Audit Committees*, ("NI 52-110") provides that a member of an audit committee is "independent" if the member has no direct or indirect material relationship with the issuer, which could, in the view of the issuer's board of directors, reasonably interfere with the exercise of the member's independent judgment. Maureen Watson is not considered to be "independent" as she is the Chief Financial Officer of the Company. Mary-Lee Neeld and Chris Fraser, in the view of the Board, are "independent" as that term is defined in NI 52-110.

Relevant Education and Experience

NI 52-110 provides that an individual is "financially literate" if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company's financial statements. All of the members of the Company's audit committee are financially literate as that term is defined.

Reliance on Certain Exemptions

Since the commencement of the Company's most recently completed financial year, the Company has not relied on:

- (a) the exemption in section 2.4 (*De Minimis Non-audit Services*) of NI 52-110; or
- (b) an exemption from NI 52-110, in whole or in part, granted under Part 8 (*Exemptions*).

Pre-Approval Policies and Procedures

The audit committee has not adopted any specific policies and procedures for the engagement of non-audit services.

Exemption in Section 6.1

The Company is a "venture issuer" as defined in NI 52-110 and is relying on the exemption in section 6.1 of NI 52-110 relating to Parts 3 (*Composition of Audit Committee*) and 5 (*Reporting Obligations*).

CORPORATE GOVERNANCE

National Instrument 58-101 *Disclosure of Corporate Governance Practices*, requires all reporting issuers to provide certain annual disclosure of their corporate governance practices with respect to the corporate governance guidelines (the "**Guidelines**") adopted in National Policy 58-201. These Guidelines are not prescriptive, but have been used by the Company in adopting its corporate governance practices. The Company's approach to corporate governance is set out below.

Board of Directors

The Board has the overall responsibility for the strategic planning and general management of the business and affairs of the Company. In fulfilling its responsibilities, the Board is responsible for, among other things:

1. strategic planning for the Company;
2. identification of the principal business risks of the Company and ensuring the implementation of the appropriate systems to manager these risks;
3. succession planning for the Company, as well as the appointment, development and monitoring of senior management;
4. a communications policy for the Company; and
5. the integrity of the Company's internal control and management information system.

The Board is currently comprised of four directors. Management is also proposing to set the number of directors at four for the ensuing year.

The Guidelines suggest that the board of directors of every reporting issuer should be constituted with a majority of individuals who qualify as “independent” directors under NI 52-110, which provides that a director is independent if he or she has no direct or indirect “material relationship” with the Company. Of the proposed nominees, Greg Neeld, CEO, would be considered “inside” or management director and, accordingly, would not be considered to be “independent” within the meaning of NI 52-110. The other three nominees are considered by the Board to be “independent” within the meaning of NI 52-110. The Company will continue to seek qualified individuals to join the board.

Directorships

No directors of the Company are directors of other reporting issuers.

No other current director or nominee is presently a director of any other issuer that is a reporting issuer (or the equivalent) in a Canadian or foreign jurisdiction.

Orientation and Continuing Education

The Board ensures that each new nominee has the competencies, skills and personal qualities required to perform his duty properly, and Company management does provide informal orientation and education to new directors respecting the Company’s history, properties, performance and strategic plans. However, the Board does not have any formal policies with respect to the orientation of new directors, nor does it take any measures to provide continuing education for the directors. At this stage of the Company’s development, and having regard to the background and experience of its directors, the Board does not feel it necessary to have such policies or programs in place.

Ethical Business Conduct

To date, the Board has not adopted a formal written Code of Business Conduct and Ethics. However, the current limited scope of the Company’s operations and the small number of officers and consultants allows the Board to monitor on an ongoing basis the activities of management and to ensure that the highest standard of ethical conduct is maintained. As the Company grows in size and scope, the Board anticipates that it will formulate and implement a formal Code of Business Conduct and Ethics.

Nomination

The Board has not previously had a formal process in place with respect to the recruitment or appointment of new directors. Nominees have historically been recruited by existing Board members, and the recruitment process has involved both formal and informal discussions among Board members. The Board does not have a Nomination Committee.

Compensation Committee

The Company does not currently have any Compensation Committee. The Board as a whole determines compensation of directors and the Chief Executive Officer and President. Directors are not currently compensated for acting as directors, save for being granted incentive stock options. Such options are set within guidelines prescribed by the TSXV. The Board is satisfied that currently outstanding stock options adequately reflect the responsibilities and risks involved in being an effective director of the Company.

Other Board Committees

At the present time, the only standing committee is the Audit Committee. As the Company grows, and its operations and management structure became more complex, the Board expects it will constitute additional formal standing committees, such as a Compensation Committee, and will ensure that such committees are governed by written charters and are composed of at least a majority of independent directors.

Assessment

The Board monitors, but does not formally assess, the performance of individual Board members and their contributions. The Board does not, at present, have a formal process in place for assessing the effectiveness of the Board as a whole, its committees or individual directors, but will consider implementing one in the future should circumstances warrant. Based on the Company's size, its stage of development and the limited number of individuals on the Board, the Board considers a formal assessment process to be inappropriate at this time.

Conflicts Of Interest

The directors of the Company are required by law to act honestly and in good faith with a view to the best interests of the Company and to disclose any interests which they may have in any project or opportunity of the Company. If a conflict of interest arises at a meeting of the board of directors, any director in a conflict will disclose his interest and abstain from voting on such matter.

To the best of the Company's knowledge, and other than disclosed herein, there are no known existing or potential conflicts of interest among the Company, its promoters, directors, officers or other members of management or of any proposed promoter, director, officer or other member of management, as a result of their outside business interests except that certain of the existing and proposed directors, officers, promoters and other members of management of the Company serve as directors, officers, promoters and members of management of other companies, and therefore it is possible that a conflict may arise between their duties to the Company and their duties as a director, officer, promoter or member of management of such other companies.
