SHORT FORM BASE SHELF PROSPECTUS

December 13, 2024

**PREMIUM GLOBAL INCOME
SPLIT CORP**

\$100,000,000

Preferred Shares and Class A Shares

During the 25-month period that this short form base shelf prospectus, including any amendments hereto, remains effective, Premium Global Income Split Corp. (the “Fund”) may from time to time offer and issue preferred shares (“Preferred Shares”) and class A shares (“Class A Shares”) in an aggregate principal amount of up to \$100,000,000. Preferred Shares and Class A Shares may be offered in such amount as may be determined in light of market conditions. The specific terms of the Preferred Shares and Class A Shares in respect of which this short form base shelf prospectus is being delivered will be set forth in one or more prospectus supplements (each a “Prospectus Supplement”) to be delivered to purchasers together with this short form base shelf prospectus, except in cases where an exemption from such delivery requirement is available, and may include, where applicable, the aggregate offered amount, the number of Preferred Shares and Class A Shares offered, the issue price, the dividend rate, the dividend payment dates and any terms for redemption at the option of the Fund or the holder. Each such Prospectus Supplement will be incorporated by reference into this short form base shelf prospectus for the purposes of securities legislation as of the date of each such Prospectus Supplement and only for the purposes of the distribution of Preferred Shares and Class A Shares to which such Prospectus Supplement pertains.

Preferred Shares and Class A Shares are generally issued on the basis that an equal number of Preferred Shares and Class A Shares will be outstanding. The Fund is a mutual fund corporation incorporated under the laws of the Province of Ontario. The Fund invests in a diversified portfolio of primarily large capitalization global equity securities actively selected by the Manager (the “Portfolio”).

The Fund may sell Preferred Shares and Class A Shares to or through underwriters or dealers or directly to investors or through agents. The Prospectus Supplement relating to the Preferred Shares and Class A Shares offered by the Fund will identify each person who may be deemed to be an underwriter with respect to such Preferred Shares and Class A Shares and will set forth the terms of the offering of such Preferred Shares and Class A Shares, including, to the extent applicable, the offering price, the proceeds to the Fund, the underwriting commissions and any other fees, discounts or concessions to be allowed or reallocated to dealers. The sale of Preferred Shares and Class A Shares may be effected from time to time in one or more transactions at non-fixed prices pursuant to transactions that are deemed to be “at-the-market distributions” as defined in National Instrument 44-102 – *Shelf Distributions* (“NI 44-102”), including sales made directly on the Toronto Stock Exchange (the “TSX”) or other existing trading markets for the Preferred Shares and Class A Shares, and as set forth in a Prospectus Supplement for such purpose. The lead underwriter or lead agent or underwriters or agents with respect to the Preferred Shares and Class A Shares sold to or through underwriters

or agents will be named in the related Prospectus Supplement. Subject to applicable laws, in connection with any offering of Preferred Shares and Class A Shares, other than in an “at-the-market distribution” of Preferred Shares and Class A Shares, the underwriters or agents may over-allot or effect transactions which stabilize or maintain the market price of the Preferred Shares and/or Class A Shares offered at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time. See “*Plan of Distribution*”.

Sales of Preferred Shares and Class A Shares under an “at-the-market distribution”, if any, will be made pursuant to an accompanying Prospectus Supplement. Sales of Preferred Shares and Class A Shares under any “at-the-market” program will be made in transactions that are deemed to be “at-the-market distributions” as defined in NI 44-102. The volume and timing of any “at-the-market distributions” will be determined at the Fund’s sole discretion.

No underwriter or agent involved in an “at-the-market distribution”, no affiliate of such an underwriter or agent and no person or company acting jointly or in concert with such an underwriter or agent may over-allot Preferred Shares or Class A Shares in connection with the distribution or may effect any other transactions that are intended to stabilize or maintain the market price of the Preferred Shares or Class A Shares in connection with an “at-the-market distribution”.

The Fund’s outstanding Preferred Shares and Class A Shares are listed on the TSX under the symbols PGIC.PR.A and PGIC, respectively. On December 12, 2024, the closing price on the TSX of the Preferred Shares was \$10.40 and of the Class A Shares was \$7.20. As at December 12, 2024 (the last date prior to the date hereof on which the net asset value of the Fund was calculated), the NAV per Unit (as defined herein) was \$17.97.

An investment in the Preferred Shares or the Class A Shares involves a degree of risk. It is important for prospective purchasers to consider the risk factors described in this short form base shelf prospectus. See “*Risk Factors*”.

All shelf information permitted under applicable law to be omitted from this short form base shelf prospectus will be contained in one or more Prospectus Supplements that will be delivered to purchasers together with this short form base shelf prospectus, except in cases where an exemption from such delivery requirement is available. Each Prospectus Supplement will be incorporated by reference into this short form base shelf prospectus for the purposes of securities legislation as of the date of the Prospectus Supplement and only for the purposes of the distribution of the Preferred Shares and Class A Shares to which the Prospectus Supplement pertains.

THE FUND

Premium Global Income Split Corp. (formerly known as World Financial Split Corp.) (the “**Fund**”) is a mutual fund corporation incorporated under the laws of the Province of Ontario on December 5, 2003. The principal office of the Fund is located at 121 King Street West, Suite 2600, P.O. Box 113, Toronto, Ontario M5H 3T9.

The manager and investment manager of the Fund is Mulvihill Capital Management Inc. (“**Mulvihill**”, or the “**Manager**”).

On June 21, 2024, the Fund received approval at a special meeting of Shareholders for a reorganization of the Fund, as follows:

- a) to change the investment objectives, strategy and restrictions of the Fund to, among other things, expand and diversify the portfolio of equity securities to global equity securities selected by the Manager and increase the dividend on the Preferred Shares to \$0.0625 per month (7.5% on the original \$10.00 issue price) and reinstate the Class A Share distribution (targeted at 12.0% per annum payable monthly on the initial consolidated \$8.00 per Class A Share net asset value); and
- b) to amend the articles of the Fund to:
 - change the name of the Fund from “World Financial Split Corp.” to “Premium Global Income Split Corp.”;
 - consolidate the Class A Shares of the Fund in order to reset the net asset value per Class A Share to approximately \$8.00 per share;
 - change the existing Preferred Shares of the Fund into a number of Class A Shares and a lesser number of the same class of Preferred Shares;
 - extend the Termination Date of the Fund from June 30, 2025 to June 30, 2029 and provide the directors of the Fund with the ability to extend the Termination Date for successive five year terms;
 - eliminate the \$15.00 net asset value per Unit dividend threshold that applied before dividends could be paid on the Class A Shares; and
 - create an unlimited number of new classes of shares, issuable in an unlimited number of series and authorize the directors of the Fund to determine the rights, privileges and restrictions attaching to each such series.

These changes became effective on June 28, 2024.

In addition, on August 30, 2024, holders of Class A Shares and Preferred Shares of S Split Corp. (“**SBN**”) and holders of Capital Units and Preferred Securities of Top 10 Split Trust (“**TXT**”) approved, at a special meeting of securityholders, a proposal to merge both SBN and TXT into the Fund. The merger of TXT into the Fund was effective on September 9, 2024 and the merger of SBN into the Fund was effective on September 13, 2024. Under the mergers (a) holders of Class A Shares of SBN received 0.373815 Class A Shares of the Fund for each Class A Share held, (b) holders of Preferred Shares of SBN received 0.743873 Preferred Shares and 0.330689 Class A Shares of the Fund for each Preferred Share held, (c) holders of Capital Units of TXT received 0.453607 Class A Shares of the Fund for each Capital Unit held, and (d) holders of Preferred Securities of TXT received 0.948049 Preferred Shares of the Fund and 0.415545 Class A Shares of the Fund for each Preferred Security held.

Following completion of both the reorganization and the mergers referred to above, there were 1,029,457 Preferred Shares and 1,029,457 Class A Shares of the Fund outstanding.

The Preferred Shares and Class A Shares are listed on the TSX under the symbols PGIC.PR.A and PGIC, respectively.

Investment Objectives

The Fund's investment objectives are:

- (a) to provide holders of Preferred Shares with fixed cumulative preferential monthly cash distributions in an amount of \$0.0625 per preferred share, representing a yield on the \$10.00 original issue price of the Preferred Shares of 7.5% per annum;
- (b) to provide holders of Class A Shares with monthly cash distributions targeted to be 12.0% per annum payable monthly on the initial \$8.00 net asset value per Class A Share; and
- (c) to return the issue price to holders of both Preferred Shares and Class A Shares at the time of redemption of such shares on the June 30, 2029 termination date.

Investment Strategies

To achieve its investment objectives, the Fund invests in a diversified portfolio of primarily large capitalization global equity securities actively selected by the Manager (the "**Portfolio**").

The Fund may also invest up to 100% of its net assets in other public investment funds, including investment funds managed by the Manager. In addition, the Fund is exposed to securities traded in foreign currencies and may, in the Manager's discretion, enter into currency hedging transactions to reduce the effects of changes in the value of foreign currencies relative to the value of the Canadian dollar.

The Fund employs an active covered call writing strategy to enhance the income generated by the Portfolio and to reduce volatility. In addition, the Fund may write cash covered put options in respect of securities in which it is permitted to invest. The strategy is a quantitative, technical based methodology that identifies appropriate times to write and/or close out option positions compared to continuously writing and rolling options every thirty days. This proprietary process has been developed by the Manager over many years through various market cycles. The Manager believes that in a flat or downward trending market, a portfolio that is subject to covered option writing will generally provide higher relative returns and lower volatility than one on which no options are written. However, in a rising market, the use of options may have the effect of limiting or reducing the total returns of the Fund since the premiums associated with writing covered options may be outweighed by the foregone opportunity of remaining fully invested in the securities comprising the Portfolio. The Fund may purchase put options and call options and utilize options on the VIX Index to provide downside protection for the Fund's Portfolio and hedge against Portfolio volatility. The Fund may use derivatives as permitted by the Canadian securities regulators for hedging or non-hedging purposes.

The Fund may, from time to time, hold all or a portion of its assets in cash equivalents. The Fund may also, from time to time, utilize such cash equivalents to provide cover in respect of the writing of cash covered put options, which is intended to generate additional returns and to reduce the net cost of acquiring the securities subject to the put options.

Investment Restrictions

The Fund is subject to certain investment criteria that, among other things, limit the equity securities and other securities that the Fund may acquire for the Portfolio. The Fund's investment criteria may not be changed without the approval of the holders of the Preferred Shares and Class A Shares by a two-thirds majority vote of such holders who attend and vote at a meeting called for such purpose. The Fund's investment criteria provide that the Fund may not:

- (a) purchase debt securities unless such securities are cash equivalents;
- (b) write a call option in respect of any security unless such security is actually held by the Fund in the Portfolio at the time the option is written;
- (c) dispose of any security included in the Fund's Portfolio that is subject to a call option written by the Fund unless such option has either terminated or expired;

- (d) write put options in respect of any security unless (i) the Fund is permitted to invest in such security, and (ii) so long as the options are exercisable, the Fund continues to hold cash equivalents sufficient to acquire the security underlying the options at the aggregate strike price of such options;
- (e) reduce the total amount of cash equivalents held by the Fund, unless the total amount of cash equivalents held by the Fund remains an amount not less than the aggregate strike price of all outstanding put options written by the Fund;
- (f) invest in the securities of any non-resident corporation or trust or other non-resident entity if the Fund would be required to mark its investment in such securities to market in accordance with sections 94.2 or 94.3 of the *Income Tax Act* (Canada) (the “**Tax Act**”) or to include any significant amounts in income pursuant to section 94.1 of the Tax Act, as set forth in the proposed amendments to the Tax Act dealing with foreign investment entities released on November 9, 2006 (or amendments to such proposals, provisions as enacted into law or successor provisions thereto);
- (g) enter into any arrangement (including the acquisition of securities for the Portfolio and the writing of covered call options in respect thereof) where the result is a dividend rental arrangement for the purposes of the Tax Act; and
- (h) purchase derivatives and enter into derivative or other transactions, including call options and put options, and short-sale arrangements, unless as specifically permitted under NI 81-102 or as permitted by the Canadian Securities Administrators.

Notwithstanding the investment criteria listed above, at the Manager’s discretion, the Fund may be invested entirely in cash or cash equivalents denominated in Canadian or U.S. dollars.

Termination Date

The date on which the Fund will redeem all of the Preferred Shares and Class A Shares is June 30, 2029, subject to extension for successive five year terms as determined by the Board of Directors.

DESCRIPTION OF THE SHARES OF THE FUND

The following description sets forth certain general terms and provisions of the Preferred Shares and Class A Shares. The particular terms and provisions of the Preferred Shares and Class A Shares offered by a Prospectus Supplement, and the extent to which the general terms and provisions described below may apply thereto, will be described in such Prospectus Supplement.

Preferred Shares

Distributions

Preferred Shareholders are entitled to receive fixed, cumulative preferential monthly cash distributions of \$0.0625 per share to yield 7.50% per annum on the \$10.00 issue price of the Preferred Shares on the last day of each month. Such distributions may consist of ordinary dividends, capital gains dividends or non-taxable returns of capital or any combination thereof.

Redemptions

All Preferred Shares outstanding on the Redemption Date will be redeemed by the Fund on such date. The “Redemption Date” of the Fund is the date that is determined by the Board of Directors of the Fund as the date on which all of the then outstanding shares of any class or series of shares of the Fund shall be redeemed. The current “Potential Redemption Date” is the Termination Date and, thereafter, the day that is the fifth year anniversary date of the immediately preceding potential date of redemption. The redemption price payable by the Fund for each Preferred Share outstanding on that date will be equal to the lesser of (a) \$10.00 and (b) the NAV of the Fund on that date divided by the number of Preferred Shares then outstanding.

Notice of redemption will be given to participants in the CDS Clearing and Depository Services Inc. book-based system (“CDS” and “CDS Participants” respectively) holding Preferred Shares on behalf of the beneficial owners thereof at least 30 days prior to the Termination Date.

Retraction Privileges

Preferred Shares may be surrendered at any time for retraction to Computershare Investor Services Inc., the Fund’s registrar and transfer agent, but will be retracted only on a monthly Valuation Date (as defined below). Preferred Shares surrendered for retraction by a Shareholder at least ten business days prior to the last day of a month (a “**Valuation Date**”) will be retracted on such Valuation Date and the Shareholder will receive payment on or before the tenth business day following such Valuation Date (the “**Retraction Payment Date**”).

Except as noted below, holders of Preferred Shares whose shares are surrendered for retraction will be entitled to receive a retraction price per share (the “**Preferred Share Retraction Price**”) equal to the lesser of: (A) the sum of (1) 96% of the lesser of (I) NAV per Unit as of the applicable Valuation Date less the cost to the Fund of purchasing a Class A Share in the market for cancellation at any time after the applicable Valuation Date and prior to the applicable Retraction Payment Date and (II) \$10.00 and (2) any accrued and unpaid dividends thereon; and (B) the sum of (1) 96% of the lesser of (I) the Unit Market Price as of the applicable Valuation Date less the cost to the Fund of purchasing a Class A Share in the market for cancellation at any time after the applicable Valuation Date and prior to the applicable Retraction Payment Date and (II) \$10.00 and (2) any accrued and unpaid dividends thereon. For purposes of the calculation noted above, the cost to the Fund of purchasing a Class A Share in the market for cancellation may include the purchase price of such Class A Share, commissions and such other costs, if any, related to the liquidation of any part of the Portfolio to fund such purchase.

Preferred Shareholders also have an annual retraction right under which they may concurrently retract one Preferred Share and one Class A Share on the Valuation Date in June each year. The price paid by the Fund for such a concurrent retraction will be equal to the NAV per Unit on that date.

The Fund may, but is not obligated to, require the Recirculation Agent (as defined below) to use commercially reasonable efforts to find purchasers for any Preferred Shares tendered for retraction prior to the relevant Retraction Payment Date pursuant to the Recirculation Agreement (as defined below). In such event, the amount to be paid to the holder of the Preferred Shares on the Retraction Payment Date will be an amount equal to the proceeds of the sale of the Preferred Shares less any applicable commission. Such amount will not be less than the Preferred Share Retraction Price described above.

Subject to the Fund's right to require the Recirculation Agent to use commercially reasonable efforts to find purchasers for any Preferred Shares tendered for retraction prior to the relevant Retraction Payment Date, any and all Preferred Shares which have been surrendered to the Fund for retraction are deemed to be outstanding until (but not after) the close of business on the relevant Retraction Payment Date, unless not retracted thereon, in which event such Preferred Shares will remain outstanding.

The retraction right must be exercised by providing written notice within the notice periods prescribed and in the manner described under "Book-Entry Only System" in the Fund's annual information form. Such surrender will be irrevocable upon the delivery of notice to CDS through a CDS Participant, except with respect to those Preferred Shares not paid for by the Fund on the relevant Retraction Payment Date.

If any Preferred Shares are tendered for retraction and are not resold, the Fund has directed the Recirculation Agent to purchase for cancellation on behalf of the Fund that number of Class A Shares which equals the number of Preferred Shares so retracted. Any Class A Shares so purchased for cancellation will be purchased in the market.

Resale of Preferred Shares Tendered for Retraction

The Fund has entered into an agreement (a "**Recirculation Agreement**") with RBC Dominion Securities Inc. (the "**Recirculation Agent**") whereby the Recirculation Agent has agreed to use commercially reasonable efforts to find purchasers for any Preferred Shares tendered for retraction prior to the relevant Retraction Payment Date. The Fund is not obligated to require the Recirculation Agent to seek such purchasers but may elect to do so. In the event that a purchaser for such Preferred Shares is found in this manner, the amount to be paid to the holder of the Preferred Shares on the relevant Retraction Payment Date will be an amount equal to the proceeds of the sale of the Preferred Shares less any applicable commission. Such amount will not be less than the applicable Preferred Share Retraction Price described above.

Priority

The Preferred Shares rank in priority to the Class A Shares and the Class J Shares with respect to the payment of distributions and the repayment of capital on the dissolution, liquidation or winding up of the Fund.

Class A Shares

Distributions

One of the Fund's investment objectives is to provide holders of Class A Shares with monthly cash distributions targeted to be 12% per annum based on the initial \$8.00 net asset value per Class A Share. Such distributions may consist of ordinary dividends, capital gains dividends or non-taxable returns of capital or any such combination. There can be no assurance that the Fund will be able to pay distributions to the Class A Shareholders.

No distributions will be paid on the Class A Shares if the distributions on the Preferred Shares are in arrears.

In the event that the Fund realizes capital gains, the Fund may, at its discretion make a special year end capital gains distribution in certain circumstances, including where the Fund has net realized capital gains, in Class A Shares and/or cash. Any capital gains distribution payable in Class A Shares will increase the aggregate adjusted cost base to Class A Shareholders of such shares. Immediately following payment of such a distribution in Class A Shares, the number of Class A Shares outstanding will be such that the number of Class A Shares outstanding after such distribution will be equal to the number of Class A Shares outstanding immediately prior to such distribution.

Registrations of ownership in Class A Shares will be made through the book-entry system and the Fund will, prior to March 31 of each year, provide CDS with the information necessary to enable holders to complete an income tax return with respect to amounts paid or payable by the Fund to such holders in the calendar year.

Redemptions

The Fund will redeem all Class A Shares that are outstanding on the Redemption Date. The redemption price payable by the Fund for a Class A Share on that date will be equal to the greater of (a) the NAV per Unit on that date minus \$10.00; and (b) nil.

Notice of redemption will be given to CDS Participants holding Class A Shares on behalf of the beneficial owners thereof at least 30 days prior to the Redemption Date.

Retraction Privileges

Class A Shares may be surrendered at any time for retraction to Computershare Investor Services Inc., the Fund's registrar and transfer agent, but will be retracted only on a monthly Valuation Date. Class A Shares surrendered for retraction by a Shareholder at least ten business days prior to the monthly Valuation Date will be retracted on such Valuation Date and the Shareholder will receive payment on or before the Retraction Payment Date.

Except as noted below, holders of Class A Shares whose shares are surrendered for retraction will be entitled to receive a retraction price per share (the "**Class A Share Retraction Price**") equal to the lesser of: (A) the sum of (1) 96% of the difference between (I) the NAV per Unit as of the applicable Valuation Date and (II) the cost to the Fund of purchasing a Preferred Share in the market for cancellation at any time after the applicable Valuation Date and prior to the applicable Retraction Payment Date and (2) any accrued and unpaid dividends thereon; and (B) the sum of (1) 96% of the difference between (I) the Unit Market Price as of the applicable Valuation Date and (II) the cost to the Fund of purchasing a Preferred Share in the market for cancellation at any time after the applicable Valuation Date and prior to the applicable Retraction Payment Date and (2) any accrued and unpaid dividends thereon. For purposes of the calculation noted above, the cost to the Fund of purchasing a Preferred Share in the market for cancellation may include the purchase price of such Preferred Share, commissions and such other costs, if any, related to the liquidation of any part of the Portfolio to fund such purchase.

Class A Shareholders also have an annual retraction right under which they may concurrently retract one Preferred Share and one Class A Share on the Valuation Date in June each year. The price paid by the Fund for such a concurrent retraction will be equal to the NAV per Unit.

The Fund may, but is not obligated to, require the Recirculation Agent to use commercially reasonable efforts to find purchasers for any Class A Shares tendered for retraction prior to the relevant Retraction Payment Date pursuant to the Recirculation Agreement. In such event, the amount to be paid to the holder of the Class A Shares on the Retraction Payment Date will be an amount equal to the proceeds of the sale of the Class A Shares less any applicable commission. Such amount will not be less than the Class A Share Retraction Price described above.

Subject to the Fund's right to require the Recirculation Agent to use commercially reasonable efforts to find purchasers for any Class A Shares tendered for retraction prior to the relevant Retraction Payment Date, any and all Class A Shares which have been surrendered to the Fund for retraction are deemed to be outstanding until (but not after) the close of business on the relevant Retraction Payment Date, unless not retracted thereon, in which event such Class A Shares will remain outstanding.

The retraction right must be exercised by providing written notice within the notice periods prescribed and in the manner described below under "Book-Entry Only System" in the Fund's annual information form. Such surrender will be irrevocable upon the delivery of notice to CDS through a CDS Participant, except with respect to those Class A Shares that are not paid for by the Fund on the relevant Retraction Payment Date.

If any Class A Shares are tendered for retraction and are not resold, the Fund has directed the Recirculation Agent to purchase for cancellation on behalf of the Fund that number of Preferred Shares which equals the number of Class A Shares so retracted. Any Preferred Shares so purchased for cancellation will be purchased in the market.

Resale of Class A Shares Tendered for Retraction

Pursuant to the terms of the Recirculation Agreement, the Recirculation Agent will use commercially reasonable efforts to find purchasers for any Class A Shares tendered for retraction prior to the relevant Retraction Payment Date. The Fund is not obligated to require the Recirculation Agent to seek such purchasers but may elect to do so. In the event that a purchaser for such Class A Shares is found in this manner, the amount to be paid to the holder of the Class A Shares on the relevant Retraction Payment Date will be an amount equal to the proceeds of the sale of the Class A Shares less any applicable commission. Such amount will not be less than the applicable Class A Share Retraction Price described above.

Priority

The Class A Shares rank subordinate to the Preferred Shares but in priority to the Class J Shares with respect to the payment of distributions and the repayment of capital on the dissolution, liquidation or winding up of the Fund.

DESCRIPTION OF SHARE CAPITAL

The Fund is authorized to issue an unlimited number of Preferred Shares, Class A Shares and Class J Shares. The Preferred Shares and the Class A Shares are generally issued on the basis that there will be one Class A Share outstanding for every Preferred Share outstanding. As at November 30, 2024, there were 1,029,457 Preferred Shares and 1,029,457 Class A Shares issued and outstanding.

The holders of Class J Shares are not entitled to receive dividends. The holders of the Class J Shares are entitled to one vote per share. The Class J Shares are redeemable and retractable at a price of \$1.00 per share. The Class J Shares rank subordinate to both the Preferred Shares and the Class A Shares with respect to distributions on the dissolution, liquidation or winding-up of the Fund. A trust established for the benefit of the holders from time to time of the Preferred Shares and the Class A Shares is the owner of record of all of the issued and outstanding Class J Shares. The Class J Shares have been escrowed with Computershare Trust Company of Canada pursuant to an escrow agreement dated February 17, 2004.

USE OF PROCEEDS

Unless otherwise indicated in a Prospectus Supplement, the net proceeds from the sale of Preferred Shares and Class A Shares will be used to fund the purchase of securities for the Portfolio in accordance with the Fund's Investment Objectives, Investment Strategies and Investment Restrictions.

PLAN OF DISTRIBUTION

The Fund may sell Preferred Shares and Class A Shares to or through underwriters, dealers or agents and also may sell Preferred Shares and Class A Shares directly to purchasers or through agents. The sale of Preferred Shares and Class A Shares may be effected from time to time in one or more transactions at non-fixed prices pursuant to transactions that are deemed to be "at-the-market distributions", including sales made directly on the TSX or other existing trading markets for the Preferred Shares and Class A Shares, and as set forth in the Prospectus Supplement for such purpose.

The distribution of Preferred Shares and Class A Shares may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at prices to be negotiated with purchasers.

In connection with the sale of Preferred Shares and Class A Shares, underwriters or agents may receive compensation from the Fund (a portion of which may be paid by the Manager, in its sole discretion) or from purchasers of Preferred Shares and Class A Shares for whom they may act as agents in the form of concessions or commissions. Underwriters, dealers and agents that participate in the distribution of Preferred Shares and Class A Shares may be deemed to be underwriters and any commissions received by them from the Fund and any profit on the resale of Preferred Shares and Class A Shares by them may be deemed to be underwriting commissions. Any such person that may be deemed to be an underwriter with respect to Preferred Shares and Class A Shares will be identified in the Prospectus Supplement relating to such shares.

The Prospectus Supplement relating to the Preferred Shares and Class A Shares offered by the Fund will identify each person who may be deemed to be an underwriter with respect to such Preferred Shares and Class A Shares and will set forth the terms of the offering of such Preferred Shares and Class A Shares, including, to the extent applicable, the offering price, the proceeds to the Fund, the underwriting commissions and any other fees, discounts or concessions to be allowed or reallocated to dealers. The lead underwriter or lead agent or underwriters or agents with respect to the Preferred Shares and Class A Shares sold to or through underwriters will be named in the related Prospectus Supplement. The underwriters or agents may over-allot or effect transactions which stabilize or maintain the market price of the Preferred Shares and/or Class A Shares offered at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time.

Under agreements which may be entered into by the Fund, underwriters, dealers and agents who participate in the distribution of Preferred Shares and Class A Shares may be entitled to indemnification by the Fund against certain liabilities, including liabilities under Canadian provincial securities legislation, or to contribution with respect to payments which those underwriters, dealers or agents may be required to make in respect thereof. Those underwriters, dealers and agents may be customers of, engage in transactions with or perform services for the Fund or its subsidiaries in the ordinary course of business.

Subject to applicable laws, in connection with any offering of Preferred Shares and Class A Shares, other than an “at-the-market distribution” of Preferred Shares and Class A Shares, the underwriters or agents may over-allot or effect transactions which stabilize or maintain the market price of the Preferred Shares and/or Class A Shares offered at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time.

Sales of Preferred Shares and Class A Shares under an “at-the-market distribution”, if any, will be made pursuant to an accompanying Prospectus Supplement. Sales of Preferred Shares and Class A Shares under any “at-the-market” program will be made in transactions that are deemed to be “at-the-market distributions” as defined in NI 44-102. The volume and timing of any “at-the-market distributions” will be determined at the Fund’s sole discretion.

No dealer or agent involved in an “at-the-market distribution”, no affiliate of such a dealer or agent and no person or company acting jointly or in concert with such a dealer or agent may over-allot Preferred Shares or Class A Shares in connection with the distribution or may effect any other transactions that are intended to stabilize or maintain the market price of the Preferred Shares or Class A Shares in connection with an “at-the-market distribution”.

The Preferred Shares and the Class A Shares will not be registered under the 1933 Act or any state securities laws and, subject to certain exemptions, may not be offered or sold within the United States or to U.S. persons.

ORGANIZATION AND MANAGEMENT OF THE FUND

Manager and Investment Manager

Pursuant to an agreement (the “**Management Agreement**”) dated January 27, 2004, as amended on November 6, 2009, between Mulvihill (as successor by amalgamation with Mulvihill Fund Services Inc. on September 1, 2010) and the Fund, Mulvihill is the manager of the Fund and, as such, is responsible for providing or arranging for required administrative services to the Fund including: authorizing the payment of operating expenses incurred on behalf of the Fund; preparing financial statements, financial and accounting information as required by the Fund; ensuring that shareholders are provided with annual and semi-annual financial statements and other reports as are required by applicable law; ensuring that the Fund complies with regulatory requirements and applicable stock exchange listing requirements; preparing the Fund’s reports to shareholders and the Canadian securities regulatory authorities; determining the amount of dividends to be paid by the Fund; and negotiating contractual agreements with third-party providers of services, including registrars, transfer agents, auditors and printers. In consideration for the services provided by the Manager to the Fund, the Fund pays a fee to the Manager equal to 0.10% per annum of the NAV of the Fund calculated and payable monthly in arrears plus applicable taxes.

In addition to the management fee Mulvihill receives from the Fund, Mulvihill also manages the Fund’s investment portfolio in a manner consistent with the Fund’s Investment Objectives, Investment Strategies and Investment Restrictions pursuant to an investment management agreement (the “**Investment Management Agreement**”) dated January 27, 2004 between Mulvihill and the Fund. The services provided by Mulvihill pursuant to the Investment

Management Agreement include making investment decisions for the Portfolio and the writing, purchase and sale of all option contracts in accordance with the investment objectives, strategy and restrictions of the Fund. Decisions as to the purchase and sale of securities and as to the execution of all portfolio and other transactions will be made by Mulvihill. In the purchase and sale of securities for the Fund and the trading of option contracts, Mulvihill will seek to obtain overall services and prompt execution of orders on favourable terms. The Manager is paid a fee for its services as investment manager under the Investment Management Agreement equal to 1.00% per annum of the NAV of the Fund calculated and payable monthly in arrears plus applicable taxes.

The Manager is entitled to be reimbursed for all reasonable costs and expenses which it has incurred on behalf of the Fund. Further, the Manager and each of its directors, officers, employees and agents will be indemnified by the Fund for all liabilities, costs and expenses incurred in connection with any action, suit or proceeding that is proposed or commenced or other claim that is made against the Manager or any of its officers, directors, employees or agents in the exercise of its duties as manager, except those resulting from the Manager's wilful misconduct, bad faith, negligence or breach of its obligations under the Management Agreement or the Investment Management Agreement, as applicable, and in the case of the Investment Management Agreement, provided that the Fund has reasonable grounds to believe the action or inaction that gave rise to such claim was in the best interests of the Fund.

Transfer Agent and Registrar

Computershare Investor Services Inc. is the registrar and transfer agent for the Preferred Shares and Class A Shares at its offices located in Toronto, Ontario.

Custodian and Securities Lending Agent

RBC Investor Services Trust is the Fund's custodian and is responsible for certain aspects of the day-to-day administration of the Fund and provides safekeeping and custodial services in respect of the Fund's assets. The address of the custodian is 155 Wellington Street West, Toronto, Ontario M5V 3L3.

Auditor

The auditor of the Fund is Deloitte LLP, Chartered Professional Accountants, Licensed Public Accountants at its offices located at Bay Adelaide Centre, East Tower, 8 Adelaide Street West, Suite 200, Toronto, Ontario M5H 0A9.

RISK FACTORS

Certain risk factors relating to the Fund, the Preferred Shares and Class A Shares are described below. Additional risks and uncertainties not currently known to the Fund, or that are currently considered immaterial, may also impair the operations of the Fund. If any such risk actually occurs, the business, financial condition, liquidity or results of operations of the Fund and the ability of the Fund to make distributions on the Preferred Shares and Class A Shares, could be materially adversely affected.

Performance of the Fund's Portfolio

NAV per Unit will vary as the value of the securities in the Portfolio varies. At any time, the issuers in the Portfolio may decide to decrease or discontinue the payment of distributions on their securities. The Fund has no control over the factors that affect the issuers in the Portfolio, including factors such as fluctuations in interest rates, changes in management or strategic direction, achievement of strategic goals, mergers, acquisitions and divestitures, and changes in its dividend and distribution policies. An investment in the Preferred Shares or Class A Shares does not constitute an investment in the securities of the issuers in the Portfolio. Holders of Preferred Shares and Class A Shares will not own the securities held by the Fund and will not have any voting or other rights with respect to such securities.

No Assurances of Achieving Investment Objectives

There is no assurance that the Fund will be able to achieve its distribution and Portfolio preservation objectives or that the Portfolio will earn any return or will return an amount in excess of the issue price of the Class A Shares or that the Fund will achieve its objective of returning the issue price to Preferred Shareholders and Class A Shareholders on the Termination Date.

There is no assurance that the Fund will be able to pay distributions. The funds available for distribution to Preferred Shareholders or Class A Shareholders will vary according to, among other things, the dividends paid on all of the securities comprising the Portfolio, the level of option premiums received and the value of the securities comprising the Portfolio. Since the dividends received by the Fund will not be sufficient to meet the objectives of the Fund in respect of the payment of distributions, the Fund will depend on the receipt of option premiums and the realization of capital gains to meet those objectives. Although many investors and financial market professionals price options based on the Black-Scholes Model, in practice, actual option premiums are determined in the marketplace and there is no assurance that the premiums predicted by such a pricing model can be attained.

Sensitivity to Interest Rates

As the Fund is targeting monthly distributions representing a yield on the issue price of the Preferred Shares of 7.5% per annum and at least 12% per annum on the Class A Shares, the market price of the Preferred Shares and Class A Shares may be affected by the level of interest rates prevailing from time to time. In addition, any decrease in the NAV of the Fund resulting from an increase in interest rates may also negatively affect the market price of the Preferred Shares or Class A Shares. Preferred Shareholders or Class A Shareholders who wish to redeem or sell their Preferred Shares or Class A Shares prior to the Termination Date will therefore be exposed to the risk that NAV per Unit or the market price of the Preferred Shares or Class A Shares will be negatively affected by interest rate fluctuations.

Fluctuations in Net Asset Value

Net Asset Value and the funds available for distribution will vary according, among other things, to the value of the Portfolio securities acquired by the Fund, the dividends paid and interest earned thereon, the volatility of such securities and the levels of option premiums received. Fluctuations in the market values of the Portfolio securities in which the Fund invests may occur for a number of reasons beyond the control of the Manager or the Fund. Although many investors and financial market professionals price options based on the Black-Scholes Model, in practice, actual option premiums are determined based on market factors including interest rate levels, and there is no assurance that the premiums predicted by such a pricing model can be attained. Preferred Shares or Class A Shares may trade in the market at a premium or discount to the NAV per Unit and there can be no guarantee that Preferred Shares or Class A Shares will trade at prices that reflect their NAV.

Reliance on the Manager

The Manager manages the Fund's Portfolio in a manner consistent with the Investment Objectives, Investment Strategies and Investment Restrictions of the Fund. The officers of the Manager who are primarily responsible for the management of the Portfolio have extensive experience in managing investment portfolios, but there is no certainty that they will continue to be employees of the Manager until the Termination Date.

Significant Retractions

The Preferred Shares and the Class A Shares are retractable monthly based on market price or annually (if a Class A Shareholder concurrently retracts one Preferred Share and one Class A Share) for a price based on NAV per Unit (which represents the value that the Fund is able to obtain in the market when it sells Portfolio securities to fund the retraction). The purpose of the retraction right is to prevent the Preferred Shares and the Class A Shares from trading at a substantial discount to their market value and to provide Shareholders with the right to realize their investment without any trading discount to such value. While the retraction right provides Shareholders the option of liquidity, there can be no assurance that it will reduce trading discounts. If a significant number of Class A Shares and Preferred Shares are retracted, the trading liquidity of the Preferred Shares and the Class A Shares could be significantly reduced. In addition, the expenses of the Fund would be spread among fewer Preferred Shares and Class A Shares, potentially resulting in lower NAV per Unit.

Greater Volatility of the Class A Shares

An investment in the Class A Shares is a leveraged investment because the Preferred Shares have priority in payment of any distributions or any proceeds from the winding up of the Fund. This leverage amplifies the potential return to Class A Share investors in so far as returns in excess of the amounts payable to holders of Preferred Shares accrue

first to the benefit of the holders of Class A Shares. Conversely, any losses incurred on the Fund's Portfolio first accrue to the detriment of the holders of Class A Shares since the Preferred Shares rank prior to the Class A Shares in respect of distributions and proceeds upon the winding up of the Fund.

Use of Options and Other Derivative Instruments

The Fund is subject to the full risk of its investment position in the securities comprising its Portfolio, including those securities that are subject to outstanding call options and those securities underlying put options written by the Fund, should the market price of such securities decline. In addition, the Fund will not participate in any gain on the securities that are subject to outstanding call options above the strike price of such options.

There is no assurance that a liquid exchange or over-the-counter market will exist to permit the Fund to write covered call options or cash covered put options or purchase cash secured put options on desired terms or to close out option positions should it desire to do so. The ability of the Fund to close out its positions may also be affected by exchange imposed daily trading limits on options or the lack of a liquid over-the-counter market. If the Fund is unable to repurchase a call option which is in-the-money, it will be unable to realize its profits or limit its losses until such time as the option becomes exercisable or expires. In addition, upon the exercise of a put option, the Fund will be obligated to acquire a security at a strike price which may exceed the then current market value of such security.

Where the Fund has purchased call options and entered into other derivative transactions there is also the risk that the counterparty (whether a clearing corporation in the case of exchange-traded instruments, or other third party in the case of over-the-counter instruments) may be unable to meet its obligations under the transaction and may default on such obligations, which could prevent Fund from reducing a loss or making a profit.

Foreign Currency Exposure

As the Portfolio will include securities and options denominated in U.S. dollars or other foreign currencies, the NAV of the Fund and the value of the dividends and option premiums received by the Fund will be affected by fluctuations in the value of the U.S. dollar or other foreign currencies relative to the Canadian dollar.

Securities Lending

The Fund may engage in securities lending with respect to its Portfolio securities. Although the Fund will receive collateral for the loans and such collateral is marked to market, the Fund will be exposed to the risk of loss should the borrower default on its obligation to return the borrowed securities and the collateral is insufficient to reconstitute the portfolio of loaned securities.

Fund of Funds Investment Risk

The Fund may invest directly in, or obtain exposure to, exchange traded funds or other public investment funds as part of its investment strategy. The Fund will be subject to the risks of the underlying funds. Also, if an underlying fund suspends redemptions, the Fund will be unable to accurately value part of its portfolio and may be unable to redeem its units in such fund.

Tax Changes

There can be no assurance that changes will not be made to the tax rules affecting the taxation of the Fund or the Fund's investments, or that such tax rules will not be administered in a way that is less advantageous to the Fund or its Shareholders.

Tax Proposals released on April 16, 2024 as part of the Federal Budget (the "**April 2024 Proposed Amendments**") would, for taxation years beginning after 2024, deem certain corporations not to be "mutual fund corporations" after a time at which (i) a person or partnership, or any combination of persons or partnerships that do not deal with each other at arm's length (known in the April 2024 Proposed Amendments as "specified persons") own, in the aggregate, shares of the capital stock of the corporation having a fair market value of more than 10% of the fair market value of all of the issued and outstanding shares of the capital stock of the corporation; and (ii) the corporation is controlled by

or for the benefit of one or more specified persons. Having regard to the structure of the Fund, and the intention of the proposed amendments as described in materials accompanying the April 2024 Proposed Amendments, the Fund does not believe that it would cease to be a mutual fund corporation as a result of their application. The Fund will continue to monitor the progress of the April 2024 Proposed Amendments to assess the impact, if any, that these proposed amendments could have on the Fund.

Tax Treatment of Proceeds of Disposition and Option Premiums

In determining its income for tax purposes, the Fund will treat option premiums received on the writing of covered call options and cash covered put options and any losses sustained on closing out options as capital gains or capital losses, as the case may be, in accordance with its understanding of CRA's published administrative and assessing practices. Gains or losses realized upon the disposition of shares, including the disposition of shares held in the Portfolio upon exercise of a call option will be treated as capital gains or losses. The CRA's practice is not to grant an advance income tax ruling on the characterization of items as capital gains or income and no advance ruling has been requested or obtained.

If, contrary to CRA's published administrative practices, some or all of the transactions undertaken by the Fund in respect of options and shares were treated as income rather than capital gains, after-tax returns to Preferred Shareholders and Class A Shareholders could be reduced and the Fund could be subject to non refundable income tax from such transactions and be subject to penalty taxes in respect of excessive capital gains dividend elections.

Recent Global Market Conditions

Global financial markets have experienced substantial volatility in recent years. Significant sources of this volatility have included the revaluation of assets on the balance sheets of international financial institutions resulting in a reduction in liquidity among financial institutions and generally reduced availability of credit, substantial intervention by central banks as well as global governments in financial markets, low or no economic growth in various markets and economies, substantial changes in currency valuations and commodity prices and an increased rate of inflation. Further, continued concerns about global health risks or epidemics/pandemics, developments in the Middle East, North Korea, Ukraine and Russia, strained trade relations between and trade barriers instituted by the U.S. and a number of other countries (including Canada), tightening monetary policy in the U.S., and matters related to the U.S. government debt limits, may adversely impact the global equity markets, which may adversely affect the prospects of the Fund and the value of the Fund. A substantial drop in the markets in which the Fund invests could be expected to have a negative effect on the value of the shares of the Fund.

Cyber Security Risk

Cyber security risk is the risk of harm, loss and liability resulting from a breach or failure of information technology systems. Breaches or failures of information technology systems ("Cyber Security Events") can result from deliberate attacks or unintentional events and may arise from external or internal sources. Deliberate cyber attacks include gaining unauthorized access to digital systems (through "hacking" or malicious software coding) for purposes of misappropriating assets or sensitive information, corrupting data, equipment or systems, or causing operational disruption. Deliberate cyber attacks may also be carried out in a manner that does not require gaining unauthorized access, such as causing denial-of-service attacks on websites (i.e., efforts to make network services unavailable to intended users).

The primary risk to the Fund from the occurrence of Cyber Security Events include disruption in operations, reputational damage, disclosure of confidential information, regulatory penalties, additional compliance costs associated with corrective measures, and/or financial loss. The Fund's third party service providers (e.g., custodian, administrator, transfer agent) or the issuers that the Fund invests in may also be subject to a Cyber Security Event which could adversely affect the Fund and its operations. The Fund cannot control the cyber security plans and systems put in place by its service providers or any other third party whose operations may affect the Fund or its Shareholders and they could be adversely affected as a result.

Credit Risk

The Fund is subject to the credit risk that its counterparty (whether a clearing corporation, in the case of exchange traded instruments, or other third party, in the case of over-the-counter instruments) may be unable to meet its obligations. The Fund manages these risks through the use of various risk limits and trading strategies.

The Fund is also exposed to counterparty credit risk on derivative financial instruments. The counterparty credit risk for derivative financial instruments is managed by dealing with counterparties that have a credit rating that is not below the level of approved credit ratings as set out in NI 81-102.

Liquidity Risk

Liquidity risk is the possibility that investments in the Fund cannot be readily converted into cash when required. To manage this risk, the Fund invests the majority of its assets in investments that are traded in an active market and which can be easily disposed. In addition, the Fund aims to retain sufficient cash and short-term investments to maintain liquidity and to meet its obligations when due.

EXCHANGE OF TAX INFORMATION

Due diligence and reporting obligations in the Tax Act have been enacted to implement the Canada-United States Enhanced Tax Information Exchange Agreement. As long as Preferred Shares and Class A Shares continue to be registered in the name of CDS and to be regularly traded on the TSX, or any other established securities market, the Fund should not have any U.S. reportable accounts and, as a result, should not be required to provide information to the CRA in respect of its Shareholders. However, dealers through which Shareholders hold their Preferred Shares and Class A Shares are subject to due diligence and reporting obligations with respect to financial accounts they maintain for their clients. Shareholders, or their controlling persons, may be requested to provide information to their dealer to identify U.S. persons holding Preferred Shares and Class A Shares. If (a) it is determined that a Shareholder, or their controlling persons, is a “Specified U.S. Person” (including a U.S. citizen who is a resident of Canada), (b) no such determination has been made but the information provided includes an indication of U.S. status and sufficient evidence to the contrary is not timely provided, or (c) in certain circumstances a Shareholder does not provide the requested information and indicia of U.S. status are present, then Part XVIII of the Tax Act will generally require information about the Shareholder’s investments held in the financial account maintained by the dealer to be reported to the CRA, unless the investments are held within a Registered Plan. The CRA will then provide that information to the U.S. Internal Revenue Service.

Reporting obligations in the Tax Act have been enacted to implement the Organization for Economic Co-operation and Development Common Reporting Standard (the “**CRS Rules**”). Pursuant to the CRS Rules, Canadian financial institutions are required to have procedures in place to identify accounts held by tax residents of foreign countries (other than the U.S.) (“**Reportable Jurisdictions**”) or by certain entities any of whose “controlling persons” are tax residents of Reportable Jurisdictions. The CRS Rules provide that Canadian financial institutions must report certain account information and other personal identifying details of Shareholders (and, if applicable, of such controlling persons) who are tax residents of Reportable Jurisdictions to the CRA annually. Such information would generally be exchanged by the CRA on a reciprocal, bilateral basis with Reportable Jurisdictions in which the account holders or such controlling persons are tax resident under the provisions and safeguards of the Multilateral Convention on Mutual Administrative Assistance in Tax Matters or the relevant bilateral tax treaty. Under the CRS Rules, Shareholders will be required to provide such information regarding their investment in the Fund to their dealer for the purpose of such information exchange, unless the investment is held within a Registered Plan. The CRA will then provide that information to the tax authorities of the relevant Reportable Jurisdictions.

FEES AND EXPENSES

Management Fee

The Manager receives an annual management fee (the “**Management Fee**”) from the Fund equal to 0.10% per annum of NAV, calculated and payable monthly in arrears, plus any applicable taxes for providing management and administrative services to the Fund. The Fund also pays the Manager an investment management fee equal to 1.00% per annum of the NAV, calculated and payable monthly, plus any applicable taxes for providing investment management services to the Fund.

The Manager manages the day-to-day business and operations of the Fund and provides all general management and administrative services including but not limited to providing portfolio management and investment advisory services, making investment decisions and making brokerage arrangements for the purchase and sale of securities including in respect of the Fund’s covered call writing program.

Ongoing Expenses

The Fund pays for all expenses incurred in connection with the operation and administration of the Fund.
