

**CERTIFICATE OF QUALIFIED PERSON BRIAN THOMAS**

I, Brian Thomas P.Geo., state that:

- (a) I am a Geologist at:  
Golder Associates Limited  
33 Mackenzie Street, Suite 100  
Sudbury, Ontario, P3C 4Y1
- (b) This certificate applies to the technical report titled “**National Instrument 43-101 Initial Technical Report for the Wawa Gold Project**” with an effective date of: July 16, 2019 (the “Technical Report”).
- (c) I am a “qualified person” for the purposes of National Instrument 43-101 (the “Instrument”). My qualifications as a qualified person are as follows. I am a graduate of Laurentian University with a B.Sc. in Geology from 1994, am a member in good standing of the Association of Professional Geoscientists of Ontario (#1366) and a member in good standing of the Engineers and Geoscientists of British Columbia (#38094). My relevant experience after graduation includes over twenty-four years of experience in mine geology and mineral resource evaluation of mineral projects nationally and internationally in a variety of commodities including 9 years of experience working in gold mining operations.
- (d) My most recent personal inspection of the property described in the Technical Report occurred on March 21st and 22nd, 2019.
- (e) I am responsible for all Items (1 to 27) of the Technical Report.
- (f) I am independent of the issuer as described in section 1.5 of the Instrument.
- (g) My prior involvement with the property that is the subject of the Technical Report is as follows. I have previously participated in the initial resource estimate of the Minto Mine South project as publicly announced in the November 15, 2018 press release titled “**Red Pine Announces Initial Mineral Resource estimate for its Minto Mine South Project**” as well as the definition of Exploration Targets as publicly announced in the October 26<sup>th</sup>, 2017 press release titled; “**Red Pine Exploration Reports Exploration Targets at its Wawa Gold Project**”;
- (h) I have read National Instrument 43-101. The Technical Report has been prepared in compliance with this Instrument; and
- (i) At the effective date of the Technical Report, to the best of my knowledge, information, and belief, the Technical Report contains all scientific and technical information that is required to be disclosed to make the Technical Report not misleading.

Dated at Sudbury, Ontario this 16th day of July 2019.

*(original signed and sealed) Brian Thomas*
