GENERAL PROXY AND VOTING INFORMATION

Notice-and-Access

The Company will deliver this Notice of Meeting, the Circular, a Form of Proxy (the “**Proxy**”) and a Voting Instruction Form (the “**VIF**”, and together with the Notice of Meeting, the Circular and Proxy, the “**Meeting Materials**”) to Shareholders by posting the Meeting Materials on its website at <https://copperticometals.com/investors/agm-materials/>. The Company will continue to mail paper copies of this Circular and other proxy-related materials to those registered and non-registered Shareholders who previously elected to receive paper copies of such materials. All other Shareholders will receive a notice package (the “**Notice Package**”) which will contain information on how to obtain electronic and paper copies of this Circular and other proxy-related materials in advance of the Meeting as well as how to vote.

The Company has sent a Notice Package containing a Notice-and-Access notification and an accompanying Proxy, in the case of registered Shareholders, or VIF, in the case of non-registered Shareholders, as applicable, directly to its registered Shareholders and those non-registered Shareholders that have consented to allow their addresses to be provided to the Company (“**NOBOs**”).

The Company will not use procedures known as “stratification” in relation to the use of Notice-and-Access, meaning that both registered and non-registered Shareholders will be mailed a Notice Package. The Company does not intend to pay for intermediaries such as stockbrokers, securities dealers, banks, trust companies, trustees and their agents and nominees to forward the Notice Package to those non-registered Shareholders that have refused to allow their address to be provided to the Company (“**OBOs**”). Accordingly, OBOs will not receive the Notice Package unless their respective intermediaries assume the cost of forwarding such documents to them.

These securityholder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

Solicitation of Proxies

The solicitation of proxies will be primarily by mail pursuant to Notice-and-Access (as defined below), but proxies may be solicited personally, by telephone, e-mail, internet, facsimile or other means of communication by regular officers, employees and agents of the Company. We have arranged for Intermediaries (as defined herein) to forward the Meeting Materials to beneficial owners of common shares in the capital of the Company ("Common Shares") held as of record by those Intermediaries (as defined below) who previously elected to receive paper copies of such materials. We may reimburse the Intermediaries for their reasonable fees and disbursements in that regard.

Record Date

The record date for the Meeting is July 19, 2022.

Appointment of Proxyholder

A proxy is an instrument used to designate persons who will vote on behalf of a Shareholder in accordance with the instructions given by the Shareholder in the proxy. The proxy nominees named in the enclosed form of proxy are officers and/or directors of the Company. **A Shareholder has the right to appoint a person other than the persons named in the enclosed form of proxy to attend and act on such Shareholder's behalf at the Meeting. To exercise this right, the Shareholder may either insert the name of such other person or company in the blank space provided in the enclosed form of proxy or complete and submit another form of proxy acceptable to the Company.** A proxyholder does not have to be a Shareholder.

Unless specifically directed in a proxy to withhold the Common Shares represented by the proxy from a ballot or show of hands, the persons named as proxyholders in such proxy shall vote the Common Shares represented by the Proxy on each ballot or show of hands. Where a choice with respect to any matter to be acted upon has been specified in a proxy, the Common Shares will be voted in accordance with the specifications so made.

In the absence of any instructions on the form of proxy or if such instructions are unclear, the persons named in the enclosed form of proxy will vote the Common Shares represented by the form of proxy FOR each matter identified on the form of proxy, in each case as more particularly described elsewhere in this Circular.

A proxy, when properly completed and delivered and not revoked, confers discretionary authority upon the person or company appointed proxyholder thereunder to vote with respect to amendments or variations of matters identified in the Notice of Meeting, and with respect to other matters which may properly come before the Meeting. If amendments or variations to matters identified in the Notice of Meeting are properly brought before the Meeting or any further or other matter of business is properly brought before the Meeting, it is the intention of the persons named in the enclosed form of proxy to vote in accordance with their best judgement on such matter of business. At the time of the printing of this Circular, management knows of no such amendment, variation or other matter which may be presented at the Meeting.

Proxy Voting – Registered Shareholders

A person or company whose name appears on the books and records of the Company is a "registered shareholder". A registered Shareholder may vote their Common Shares at the Meeting either in person or by proxy. Only registered Shareholders and proxyholders are permitted to vote at the Meeting.

Please review the enclosed form of proxy carefully for additional information and resources for assistance. **To be effective, a proxy must be received by Computershare (as defined below) no later than 10:00 a.m. (Pacific Time) two days (excluding Saturdays, Sundays, and statutory holidays) before the Meeting.**

Voting Instructions for Registered Shareholders:

Registered Shareholders may wish to vote by proxy whether or not they are able to attend the Meeting in person. Registered Shareholders electing to submit a proxy may do so by:

- (a) completing, dating and signing the enclosed form of proxy and returning it to the Company's transfer agent, Computershare Investor Services Inc. ("**Computershare**"), by fax within North America at 1-866-249-7775, outside North America at (416) 263-9524, or by mail to the 9th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1 or by hand delivery at 3rd Floor, 510 Burrard Street, Vancouver, British Columbia, V6C 3B9; or
- (b) telephone or internet, as instructed in the enclosed Proxy, not later than 10:00 a.m. (Pacific Time) on August 29, 2022; or

Proxy Voting – Non-Registered or Beneficial Shareholders

A "non-registered" shareholder or a "beneficial shareholder" is a person or company whose shares of the Company are not registered directly in their name but instead are registered in the name of a brokerage firm, bank or trust company through which the shares were purchased or with who the shares were deposited. More particularly, a person is not a registered shareholder in respect of shares which are held on behalf of that person (the "**Beneficial Shareholder**") but which are registered either: (a) in the name of an intermediary (an "**Intermediary**") that the Beneficial Shareholder deals with in respect of the shares, or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited) of which the Intermediary is a participant.

There are two kinds of Beneficial Shareholders – OBOs for Objecting Beneficial Owners and NOBOs for Non-Objecting Beneficial Owners.

Voting Instructions for Beneficial Shareholders:

- NOBOs will receive the Meeting Materials as requested directly from Computershare. NOBOs should complete and return their voting instructions in accordance with the VIF provided by Computershare.
- The Company does not intend to pay for intermediaries to forward to OBOs under National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer* the proxy-related materials and Form 54-101F7 *Request for Voting Instructions Made by Intermediary*, and in the case of an OBO, the OBO will not receive the materials unless the OBO's intermediary assumes the cost of delivery. OBOs may receive the Meeting Materials from their broker or from another Intermediary, provided that their respective Intermediary has assumed the cost of forwarding such Meeting Materials to them. OBOs should complete and return their voting instructions in accordance with the VIF provided to them.

A Beneficial Shareholder cannot use the VIF provided to vote directly at the Meeting. Should a Beneficial Shareholder wish to attend and vote at the Meeting in person, the Beneficial Shareholder must insert his or her name (or the name of such other person as the Beneficial Shareholder wishes to attend and vote on his or her behalf) in the blank space provided for that purpose on the VIF and return the completed VIF in accordance with the instructions provided well in advance of the Meeting.

Only registered shareholders have the right to revoke a Proxy. Beneficial Shareholders of shares who wish to change their vote must, in sufficient time in advance of the Meeting, arrange for their respective Intermediaries to change their vote and, if necessary, revoke their Proxy in accordance with the revocation procedures set out in this Circular.

Revocation of Proxies – Registered Shareholders

A registered Shareholder may revoke a proxy by delivering an instrument in writing executed by the Shareholder or the Shareholder's attorney authorized in writing or, where the Shareholder is a company, by a duly authorized officer or attorney thereof, at any time up to and including the last business day before the day set for the holding of the Meeting to:

- (i) the registered office of the Company at 595 Burrard Street, P.O. Box 49314, Suite 2600, Three Bentall Centre, Vancouver, British Columbia V7X 1L3; or
- (ii) the Chair of the Meeting on the day of the Meeting before any vote in respect of which the Proxy is to be used shall have been taken.

Revocation of Proxies – Non-Registered or Beneficial Shareholders

Beneficial Shareholders who wish to change their vote must, in sufficient time in advance of the Meeting, arrange for their respective Intermediaries to change their vote and, if necessary, revoke their proxy in accordance with the revocation procedures set out above.

EXECUTIVE COMPENSATION

Named Executive Officer

The following individuals are defined as "**named executive officers**" ("**NEOs**") pursuant to Form 51-102F6 – Statement of Executive Compensation:

- a) the Chief Executive Officer ("**CEO**") of Coppernico;
- b) the Chief Financial Officer ("**CFO**") of Coppernico;
- c) each of the three most highly compensated executive officers of Coppernico, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, who were serving as executive officers at the end of the most recently completed fiscal year and whose total compensation was, individually, more than \$150,000 per year; and
- d) any additional individuals for whom disclosure would have been provided under paragraph (c) except that the individual was not serving as an executive officer of Coppernico at the end of the most recently completed financial year.

Current officers Ivan Bebek, CEO, and Elizabeth Senez, CFO, are each a NEO of the Company for purposes of the following disclosure. Ms. Senez was acting interim CFO on the Company's formation and became permanent CFO in August 2021.

Compensation Discussion and Analysis

The Company has established a compensation committee of the Board (the "**Compensation Committee**") whose function is to assist the Board in carrying out its responsibilities relating to executive and director compensation, including reviewing and recommending director compensation, overseeing the Company's base compensation structure and equity-based compensation programs, recommending compensation of the Company's officers and employees, and evaluating the performance of officers generally and in light of annual goals and objectives. Upon the Company's adoption of a share option plan, the Compensation Committee will also be responsible for recommending the granting of options in such amounts and upon such terms as may be recommended by the Compensation Committee and approved by the Board from time to time.

The Board assumes responsibility for reviewing and monitoring the long-range compensation strategy for the senior management of the Company although the Compensation Committee guides it into this role. The Company's Compensation Committee receives independent competitive market information on compensation levels for executives.

Prior to appointing members to the Compensation Committee, the Board assesses the Company's compensation plans and programs for its executive officers to ensure alignment with the Company's business plan and to evaluate the potential risks associated with those plans and programs. The Board has concluded that the compensation policies and practices do not create any risks that are reasonably likely to have a material adverse effect on the Company. The Board considers the risks associated with executive compensation and corporate incentive plans when designing and reviewing such plans and programs.

Philosophy and Objectives

The Company's senior management compensation program is designed to ensure that the level and form of compensation achieves certain objectives, including:

- (a) attracting and retaining talented, qualified and effective executives;
- (b) motivating the short and long-term performance of these executives; and
- (c) better aligning their interests with those of the Company's shareholders.

In compensating its senior management, the Company employs a combination of base salary and bonus compensation. Upon the Company adopting a share option plan, the Company will also compensate its senior management through equity participation.

Base Salary

In the Board's view, paying base salaries or fees competitive in the markets in which the Company operates will be a first step to attracting and retaining talented, qualified and effective executives. Competitive salary information on comparable companies within the industry is compiled from a variety of sources, including surveys conducted by independent consultants and national and international publications. Comparable companies included but were not limited to: Signal Gold Inc., Xanadu Mines Limited, Marimaca Copper Corp., and Liberty Gold Corp. The Company's peer group was determined by identifying mineral exploration issuers listed on the TSX with comparable market capitalizations (using the estimated market capitalization for Coppernico). The Company plans to apply to list its Common Shares on the TSX in 2022 and has initiated this process.

Bonus Incentive Compensation

The Company's objective is to achieve certain strategic objectives and milestones. The Board will consider executive bonus compensation dependent upon the Company meeting those strategic objectives and milestones and sufficient cash resources being available for the granting of bonuses. The Board approves executive bonus compensation dependent upon compensation levels based on recommendations of the Compensation Committee. Amounts recommended by the Compensation Committee are entirely discretionary. Such recommendations are generally based on information provided by issuers that are similar in size and scope to the Company's operations.

Equity Participation

During the fiscal year ended December 31, 2021, no option-based awards were granted or outstanding.

The Company believes that encouraging its executives and employees to become shareholders is the best way of aligning their interests with those of its shareholders. Accordingly, the Company intends to adopt a share option plan if and when a listing of Common Shares is sought.

Given the evolving nature of the Company's business as a mineral exploration company, the Board continues to review and redesign the overall compensation plan for senior management so as to continue to address the objectives identified above.

Risks and Hedging of Personal Securities

The Compensation Committee has assessed the Company's compensation policies and practices to ensure alignment with the Company's business plan and to evaluate the potential risks associated with those policies and practices. The Compensation Committee has concluded that given the nature of the Company's business and the role of the Compensation Committee in overseeing the Company's executive compensation practices, the compensation policies and practices do not serve to encourage any NEO or individual at a principal business unit or division to take inappropriate or excessive risks, and no risks were identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

There is a restriction on NEOs or directors regarding the purchase of financial instruments including prepaid variable forward contracts, equity swaps, collars, or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director. For the year ended December 31, 2021, no NEO or director, directly or indirectly, employed a strategy to hedge or offset a decrease in market value of equity securities granted as compensation or held.

Composition of the Compensation Committee

The Compensation Committee consists of Jeffrey Mason, Steve Cook and Gordon J. Fretwell (Chair). All members of the Compensation Committee are independent in accordance with applicable securities laws. None of the members of the Compensation Committee were, during the most recently completed financial year of the Company, an officer or employee of the Company or any of its subsidiaries.

Mr. Mason is a Chartered Professional Accountant (CPA) with many years of experience in auditing, accounting, mining and service on audit committees and holds an Institute of Corporate Directors designation (ICD.D). Mr. Cook is a former tax lawyer with many years of financial experience and service on audit committees. Mr. Fretwell holds a Bachelor of Commerce (B.Comm) degree and graduated from the University of British Columbia in 1979 with his Bachelor of Law degree. Formerly a partner in a large Vancouver law firm, Mr. Fretwell has, since 1991, been a self-employed solicitor (Gordon J. Fretwell Law Corporation) in Vancouver, practicing primarily in the areas of corporate and securities law.

Incentive Plan Awards

No share-based awards or option-based awards have been granted to any of the NEOs of the Company during the Company's most recently completed fiscal year ended December 31, 2021.

Pension Plan Benefits

Coppernico does not have defined benefit or defined contribution plans.

Termination and Change of Control Benefits

Except as follows, the Company has not entered into any contracts, agreements, plans or arrangements that provide payments to an NEO at, following or in connection with any termination (whether voluntary, involuntary or constructive), resignation, retirement, a change in control of the Company or a change in an NEO's responsibilities.

Ivan Bebek, CEO

Mr. Ivan Bebek serves as President and CEO of the Company. Pursuant to an executive employment agreement dated February 3, 2021, Mr. Bebek is entitled to a base salary, which is \$175,000 for the 2021 fiscal year, and will be entitled to participate in the Company's share option plan and in the Company's group benefit plan(s), as the Company makes available. The Company may terminate Mr. Bebek without just cause by providing one year's notice of termination (or in the Company's sole discretion, base salary and benefits continuation in lieu of notice), plus an additional one month's notice of termination per each completed year of service, up to a maximum of six additional months, for a total of 18 months' notice of termination (or in the Company's sole discretion, base salary and benefits continuation in lieu thereof).

In the event Mr. Bebek resigns for good reason, or is terminated without just cause within 24 months after a change in control, the Company shall provide Mr. Bebek with the below immediately following the termination (the "**Date of Termination**"):

- (i) Mr. Bebek's annual salary and all accrued vacation pay earned by him to the Date of Termination;
- (ii) an amount equal to two times Mr. Bebek's base salary and annual bonus;
- (iii) a bonus for the year of termination prorated to the Date of Termination based on the terms of any incentive plans;
- (iv) if Mr. Bebek holds any entitlements which are subject to vesting terms, all such securities will be deemed to be vested and available for immediate exercise;
- (v) job relocation counselling services of a firm chosen by Mr. Bebek, at a cost to the Company not to exceed \$5,000; and
- (vi) the Company shall continue at its cost the benefits then in effect for Mr. Bebek until the earlier of 24-months from the Date of Termination or Mr. Bebek obtaining comparable benefits through other employment, provided that if the Company is insolvent or cannot continue to provide such benefits, Mr. Bebek is entitled to receive a lump sum payment sufficient to permit the purchase of equivalent benefits for the 24-month period after the Date of Termination.

Elizabeth Senez, CFO

Ms. Elizabeth Senez currently serves as CFO of the Company. During 2021, Ms. Senez held fixed-term executive employment directly with the Company under an employment agreement. Subsequent to the fiscal year end of December 31, 2021, the Company entered into a shared services agreement with Universal Mineral Services Ltd. ("UMS"), a mining services provider entity in which the Company acquired a 25% interest, and three other mineral exploration companies in order to share premises, and administrative, geological and other personnel in an efficient manner. Under the shared services agreement, Ms. Senez terminated her direct employment status with the Company and became directly employed by UMS. Ms. Senez (and other staff members) were then seconded to the Company under the arrangements described below. Except where expressly noted, the 2021 compensation disclosures herein do not reflect these arrangements as they were not in effect in 2021.

CFO and Other Secondment Arrangements for 2022

Pursuant to the above UMS shared services agreement, the Company's CFO and certain other staff members are seconded to the Company by UMS on an agreed basis which is less than full-time. The compensation of seconded personnel, including Ms. Senez, is charged by UMS to the participating companies on an agreed level of time-spent basis. In addition to the cash compensation, each secondee is entitled to indirectly participate in the Company's share option plan and to be reimbursed by the Company for professional dues and education expenses. The current term of Ms. Senez's secondment will end on March 31, 2023, unless renewed earlier.

In the event the Company terminates a secondment without just cause, there is no termination payment due unless UMS also terminates the secondee's employment agreement within 6 months. In such a situation, the Company would be required to reimburse UMS for its agreed share of the termination payment which is based on 12 months ("Notice Period") base secondment compensation. The Company is also required to continue any benefits during the Notice Period or payment in lieu thereof. Any outstanding Company share options shall continue to vest and be exercisable over the Notice Period and the secondees, including Ms. Senez, will only cease to be qualified service providers for the purposes of the Company's share option plan at the end of the applicable Notice Period.

In the event of a change of control of the Company, followed by termination of the secondment, or resignation by any secondee, including Ms. Senez for good reason, within 12 months, the Company will pay a lump sum termination fee. In the case of Ms. Senez the termination fee is calculated as approximately 24 months of secondment payment made by the Company to UMS for the services of Ms. Senez.

Payments Due Upon Termination Without Cause and Termination Following a Change of Control Event

Were Mr. Bebek's employment, or Ms. Senez's secondment arrangements, as described above, to have been in effect as of December 31, 2021, and a triggering event (either termination without cause or qualifying termination following a change of control event) took place on the last business day of the Company's most recently completed financial year, the following gross payments would have become payable:

NEO	Gross termination benefit (\$)	Gross change of control benefit (\$)
Ivan Bebek	208,000	377,000
Elizabeth Senez	89,000	215,000

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

CORPORATE GOVERNANCE

Board of Directors

National Instrument 52-110 – *Audit Committees* (“**NI 52-110**”) sets out the standard for director independence. Under NI 52-110, a director is independent if he or she has no direct or indirect material relationship with Coppernico. A material relationship is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director’s independent judgment. NI 52-110 also sets out certain situations where a director will automatically be considered to have a material relationship with Coppernico. Applying the definition set out in NI 52-110, the following members of the Board are independent: Ms. Turgeon and Messrs. Mason, Cook, Fretwell and Arribas. The non-independent directors are Ivan Bebek, as he serves as President and Chief Executive Officer of the Company and Shawn Wallace, Chair of the Company and CEO and Chair and a Director of Torq Resources Inc., a public company listed on the TSX Venture Exchange, which has the same management, administration and shares office space with the Company. As five of the seven directors are independent, a majority of the directors of the Board are independent.

The Board of Directors as a whole has responsibility for developing Coppernico’s approach to: (i) financial reporting and internal controls; (ii) issues relating to compensation of directors, officers and employees; (iii) corporate governance issues and matters relating to nomination of directors; and (iv) administration of timely and accurate disclosure, confidentiality and insider trading policy, certain of which responsibilities are delegated to Coppernico’s Audit Committee. For further information, please see the section entitled “*Audit Committee*” in this Circular.

The Board is responsible for approving long-term strategic plans and annual operating plans and budgets recommended by management. The Board’s consideration and approval is also required for material contracts and business transactions, and all debt and equity financing transactions. The Board delegates to management responsibility for meeting defined corporate objectives, implementing approved strategic and operating plans, carrying on Coppernico’s business in the ordinary course, managing Coppernico’s cash flow, evaluating new business opportunities, recruiting staff and complying with applicable regulatory requirements. The Board also looks to management to furnish recommendations respecting corporate objectives, long-term strategic plans and annual operating plans.

The independent directors do not hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. However, where deemed necessary by the independent directors, the independent directors hold in-camera sessions exclusive of non-independent directors and members of management, which process facilitates open and candid discussion amongst the independent directors. The Board also encourages independent directors to bring up and discuss any issues or concerns and the Board is advised of and addresses any such issues or concerns raised thereby. The Board believes that adequate structures and processes are in place to facilitate the functioning of the Board with a sufficient level of independence from the Company’s management. The Board is satisfied with the integrity of the Company’s internal control and financial management information systems.

Other Directorships

See disclosure under “Nominee Profiles” above.

Position Descriptions

Shawn Wallace is the Chair of the Board. The Chair of the Board will primarily be responsible for ensuring that the Board is functioning properly and that it is meeting its obligations and responsibilities to Coppernico under the

BCBCA. The responsibilities of the chair of the Audit Committee are set out in the Audit Committee Charter which is mandated by the Board. The Board has not adopted position descriptions and position descriptions and responsibilities will be determined as necessary and from time to time for each position.

Orientation and Continuing Education

The Company has traditionally retained experienced mining people as directors and hence the orientation needed is minimized. When new directors are appointed, they are provided with an orientation and education program, which will include: (i) written information about the duties and obligations of directors; (ii) the business and operations of the Company; (iii) documents from recent Board meetings; and (iv) opportunities for meetings and discussion with senior management and other directors. Board meetings generally include presentations by the Company's senior management and project staff in order to give the directors full insight into the Company's operations.

Ethical Business Conduct

The Board has adopted a Code of Business Conduct and Ethics policy (the "**Code**"), which is contained in the Company's corporate governance material, a copy of which is available for viewing on the Company's website at <https://www.coppernicometals.com/>. The Board and its committees have established high standards of business ethics and conduct contained in the Code, and it is their responsibility to oversee compliance with the Code. The Board has implemented an annual procedure whereby directors, officers and employees of the Company sign off on, and certify that they have read and understand the Company's Code and that they are unaware of any violation thereof. Any change in or waiver of any provision of the Code shall require approval of the applicable committee of the Board, and shall be publicly disclosed in the time period and manner as required by law or regulation.

The Board also notes that the fiduciary duties placed on individual directors by the Company's governing corporate policies and the common law, and the restrictions placed by applicable corporate legislation on an individual directors' participation in decisions of the Board in which the director has an interest helps to ensure the Board operates independently of management and in the best interests of the Company.

Nomination of Directors

The Board has formed the N&G Committee comprised of Messrs. Mason, Cook and Fretwell (Chair), all of whom are independent, for the purpose of identifying new candidates for election to the Board. The N&G Committee prepares a shortlist of potential candidates through discussion with respected financial, legal and commercial institutions and interviews the interested candidates. The key criteria include the following: (i) professional background and related qualifications; (ii) industry experience and relevant professional relationships; (iii) other board appointments; (iv) professional standing and reputation in the investment and mining communities; (v) membership of industry committees and (vi) particular technical or financial background depending on the mix of experience on the Board at that time.

The Board reviews the recommendations of the N&G Committee and makes the final determination about director nominations and appointments. Where appropriate, independent consultants are engaged to identify possible new candidates for the Board.

Board Mandate

The Board has not adopted a written mandate however it is required to monitor the management of the business and affairs of Coppernico and to act with a view to the best interests of Coppernico. The Board will oversee the development, adoption and implementation of Coppernico's strategies and plans.

Other Board and Non-Board Committees

In addition to the Audit Committee, the Compensation Committee and the N&G Committee, the Board has established the Health, Safety, Environment and Communities Committee (the "**HSEC Committee**"), and the Technical Committee, which are both management committees with Board participation.

The HSEC Committee is comprised of two directors, Ms. Turgeon (Chair) and Mr. Bebek, together with Christian Rios, Senior Vice President Operations Peru. The Technical Committee is comprised of one director, Mr. Arribas (Chair), together with Michael Henriksen Chief Geological Officer and Tim Kingsley, Vice President of Exploration. The function of the HSEC Committee and the Technical Committee is to monitor and review the technical, community, environmental, health and safety policies, principles, practices and processes, corporate social responsibility practices, and monitor and review current and future regulatory issues relating to sustainable development, environmental, health and safety, and corporate social responsibility matters.

Other than the HSEC Committee and the Technical Committee, all committee members are Board members. A description of the authority, responsibilities, duties and function of the Audit Committee and Compensation Committee can be found below.

Director Evaluation

To supplement Board succession planning and its efforts to ensure Board renewal, the N&G Committee carries out an annual assessment of the Board members and the various committees in order to assess the overall effectiveness of the Board.

The evaluation process assists the Board in:

- assessing its overall performance and measuring the contributions made by the Board as a whole and by each committee;
- evaluating the mechanisms in place for the Board and each committee to operate effectively and make decisions in the best interests of the Company;
- improving the overall performance of the Board by assisting individual directors to build on their strengths;
- identifying gaps in skills and educational opportunities for the Board and individual directors in the coming year; and
- developing the Board's succession plan and recruitment efforts.

The N&G Committee annually reviews the adequacy of the evaluation process and recommends any changes to the Board for approval. Each director completes certain surveys regarding the effectiveness of the Board and each committee of the Board of which each director is a member, including their processes and their relationship with management, and provides suggestions for improvement. This self-assessment also assists the N&G Committee in determining the financial literacy of each director and topics for continuing education.

Director Term Limits

The Company has not adopted term limits or other mechanisms to force Board renewal. Given the normal process of annual elections of individual directors by the shareholders of the Company and the fact that individual directors also undertake annual director assessments, the Board has determined that term limits or a mandatory retirement is not essential. Directors who have served on the Board for an extended period of time are in a unique position to provide valuable insight into the operations and future of the Company based on their experience with a perspective on the Company's history, performance and objectives. From time to time, Board renewal is facilitated by introducing new director appointments to the Board with fresh perspectives to facilitate a balance between Board refreshment and continuity.

Representation of Women on the Board and Senior Management

The Company adopted a formal Board and Senior Management Diversity Policy on May 14, 2021, which outlines the Company's commitment to be diverse for which diversity includes, but is not limited to, business experience,

geography, age, gender and ethnicity and aboriginal status. The directors ascribe to the view that diversity helps to broaden perspectives by promoting the inclusion of different viewpoints and ideas, mitigates against group think and ensures that the Company has the opportunity to benefit from all available talent. The promotion of a diverse board of directors and senior management makes prudent business sense and makes for better corporate governance. The implementation of the policy is monitored by the N&G Committee and the N&G Committee measures the effectiveness of the policy through Board evaluation.

The Board presently has one woman - Marie-Hélène Turgeon - on its board of seven (14.3%) . The Company aspires to maintain a Board composition in which at least one member is a woman. The Company presently has two women in senior management positions with Elizabeth Senez, FCA (a fellow of the Institute of Chartered Accountants in England and Wales) as CFO, and Tracy George as Corporate Secretary. The Company has one woman in an Executive Officer position, which is 20% of the total. The Board and the Company have not adopted any targets regarding women in executive officer positions.

Compensation Committee

The Compensation Committee consists of Jeffrey Mason, Steve Cook and Gordon J. Fretwell (Chair).

One of the functions of the Compensation Committee is to consider the terms of employment of the Chief Executive Officer, Chief Financial Officer and other executive officers, and general compensation policy, as well as the policy for granting awards under the Company's share option plan.

All members of the Compensation Committee are independent in accordance with applicable securities laws. None of the members of the Compensation Committee were, during the most recently completed financial year of the Company, an officer or employee of the Company or any of its subsidiaries.

The Compensation Committee recommends compensation for the directors and executive officers of the Company. For further information, please see the section entitled "*Executive Compensation*" in this Circular.

Compensation Committee's functions include the annual review of compensation paid to the Company's executive officers and directors, the review of the performance of the Company's executive officers and the task of making recommendations on compensation to the Board.

The Compensation Committee also periodically considers the grant of Options. Options will be granted to the executive officers and directors and certain other service providers taking into account competitive compensation factors and the belief that Options help align the interests of executive officers, directors and service providers with the interests of shareholders.
