See “Options to Purchase Securities”.

Market for Securities

There is no market through which the Common Shares offered by this prospectus may be sold and purchasers may not be able to resell the Common Shares purchased under this prospectus. This may affect the pricing of the Common Shares in the secondary market, the transparency and availability of trading prices, the liquidity of the Common Shares, and the extent of issuer regulation. See “Risk Factors”.

As at the date of the prospectus, the Issuer does not have any of its securities listed or quoted, has not applied to list or quote any of its securities, and does not intend to apply to list or quote any of its securities, on the Toronto Stock Exchange, Aequitas NEO Exchange Inc., a U.S. marketplace, or a marketplace outside Canada and the United States of America (other than the Alternative Investment Market of the London Stock Exchange or the PLUS markets operated by PLUS Markets Group plc).

The Issuer has applied to list its Common Shares on the Exchange. Listing will be subject to the Issuer fulfilling all of the requirements of the Exchange.

Other than the initial distribution of the Common Shares pursuant to this prospectus, the grant of the Agent’s Option and the grant of CPC Stock Options to the directors and officers of the Issuer, trading in all securities of the Issuer is prohibited during the period between the date a receipt for the preliminary prospectus is issued by the securities regulatory authorities and the time the Common Shares are listed for trading except, subject to prior acceptance of the Exchange, where appropriate registration and prospectus exemptions are available under securities legislation or where the applicable securities regulatory authorities grant a discretionary order.

Risk Factors

Investment in the Common Shares offered by this prospectus is highly speculative due to the nature of the Issuer’s business and its present stage of development. This Offering is suitable only to those investors who are prepared to risk the loss of their entire investment. See “Risk Factors”.

Upon completion of this Offering, purchasers will suffer an immediate dilution (based on the gross proceeds from this and prior issues without deduction of selling and related expenses) per Common

Share of approximately \$0.02228 or 22.28%, assuming the sale of 5,000,000 Common Shares in the Offering. Furthermore, where the Qualifying Transaction is financed by the issuance of shares from the Issuer's treasury, control of the Issuer may change and shareholders may suffer further dilution of their investment.

There can be no assurance that an active and liquid market for the Common Shares will develop and an investor may find it difficult to resell its Common Shares.

The Issuer has not commenced commercial operations and has no assets other than cash and deferred offering costs. The Issuer has neither a history of earnings nor has it paid any dividends and it is unlikely to generate earnings or pay dividends in the immediate or foreseeable future. Until the Completion of a Qualifying Transaction, the Issuer is not permitted to carry on any business other than the identification and evaluation of potential Qualifying Transactions.

The Issuer has only limited funds with which to identify and evaluate a potential Qualifying Transaction which receives Exchange approval and in the case of a Non-Arm's Length Qualifying Transaction, Majority of the Minority Approval of the Issuer's shareholders; however, there can be no assurance that the Issuer will successfully complete a Qualifying Transaction. Further, even if a proposed Qualifying Transaction is identified, there can be no assurance that the Issuer will be able to complete the transaction. The Qualifying Transaction may be financed in whole, or in part, by the issuance of additional securities by the Issuer and this may result in further dilution to investors.

The Issuer has commenced the process of identifying potential acquisitions, but to date, the Issuer has not identified any potential acquisitions. The Issuer may determine that current markets, terms of acquisition, or pricing conditions make such potential acquisitions uneconomic. The Issuer may find that even if the terms of a potential acquisition are economic, the Issuer may not be able to finance such acquisition and additional funds may be required.

A Qualifying Transaction may involve the acquisition of a business located outside of Canada and, as such, investors should be aware that it may be difficult or may not be possible to effect service or notice to commence legal proceedings upon any directors, officers and experts outside of Canada and that it may not be possible to enforce against such persons or the Issuer, judgments obtained in Canadian courts predicated upon the civil liability provisions of applicable securities laws in Canada.

In the event that the management of the Issuer resides out of Canada or the Issuer identifies a foreign business as a proposed Qualifying Transaction, investors may find it difficult or impossible to effect service or notice to commence legal proceedings upon any management resident outside of Canada or upon the foreign business and may find it difficult or impossible to enforce against such persons, judgments obtained in Canadian courts.

The Issuer will be in competition with other entities, some of which may have greater resources than the Issuer.

The Exchange will generally suspend trading in the Common Shares or delist the Issuer in the event that the Exchange has not issued a Final Exchange Bulletin in respect of the Qualifying Transaction within 24 months from the date of listing. Neither the Exchange, nor any securities regulatory authority, passes upon the merits of any proposed Qualifying Transaction.

The Issuer's directors, officers and Control Persons (as hereinafter defined), and their Associates (as hereinafter defined), and Affiliates (as hereinafter defined), as a group, beneficially own, control or have direction over, directly or indirectly, 2,260,000 Common Shares, which represents 56.22% of the issued and outstanding Common Shares before giving effect to this Offering and 25.05% of the issued and outstanding Common Shares after giving effect to this Offering, assuming the Offering is fully subscribed.

The directors and officers of the Issuer will only devote a portion of their time to the business and affairs of the Issuer and they are and will be engaged in other projects or businesses such that conflicts of interest may arise from time to time.

As a result of these factors, the Offering is suitable only to investors who are willing to rely solely on the management of the Issuer and who can afford to lose their entire investment. Those investors who are not prepared to do so should not invest in the Common Shares. See "Dilution", "Business of the Issuer", "Directors and Officers", "Use of Proceeds", and "Risk Factors".

Maximum Investment

Pursuant to the CPC Policy, 75%, or 3,750,000, of the total number of Common Shares offered under this prospectus are subject to the following limits:

- (a) the maximum number of Common Shares that may be directly or indirectly purchased by any one purchaser pursuant to the Offering is 2%, or 100,000, of the total number of Common Shares offered under this prospectus; and
- (b) the maximum number of Common Shares that may be directly or indirectly purchased by any one purchaser, together with that purchaser's Associates and Affiliates, is 4%, or 200,000, of the total number of Common Shares offered under this prospectus.

Receipt of Subscriptions

Subscriptions will be received subject to rejection or allotment in whole or in part and the right is reserved to close the subscription books at any time without notice. It is expected that share certificates for the Common Shares evidencing the Common Shares in definitive form will be available for delivery on the Closing Date unless the Agent elects for delivery in electronic book entry form through CDS Clearing and Depository Services Inc. ("CDS") or its nominee. If delivered in book entry form, purchasers of Common Shares will receive only a customer confirmation from the registered dealer that is a CDS participant and from or through which the Common Shares were purchased.

Echelon Wealth Partners Inc., as Agent, conditionally offers these Common Shares, on a commercially reasonable efforts basis, if, as and when subscriptions are accepted by the Issuer, subject to prior sale, in accordance with the terms and conditions of the Agency Agreement referred to under "Plan of Distribution" and subject to the approval of certain legal matters by Peterson McVicar LLP, on behalf of the Issuer and by LaBarge Weinstein LLP on behalf of the Agent.

Escrowed Securities: Of the Issuer’s 4,020,000 issued and outstanding Common Shares, 2,260,000 Common Shares and all of the issued and outstanding CPC Stock Options, being 402,000 CPC Stock Options, will be deposited in escrow pursuant to the terms of the CPC Escrow Agreement and will be

released from escrow in stages over a period of 18 months from the date of the Final QT Exchange Bulletin. See "Escrowed Securities".

Risk Factors:

Investment in the Common Shares offered by this prospectus is highly speculative due to the nature of the Issuer's business and its present stage of development. This Offering is suitable only to those investors who are prepared to rely entirely on the directors and management of the Issuer and can afford to risk the loss of their entire investment.

Upon completion of this Offering, purchasers will suffer an immediate dilution (based on the gross proceeds from this and prior issues without deduction of selling and related expenses) per Common Share of approximately \$0.02228 or 22.28%, assuming the Offering is fully subscribed. Furthermore, where the Qualifying Transaction is financed by the issuance of shares from the Issuer's treasury, control of the Issuer may change and shareholders may suffer further dilution of their investment.

There can be no assurance that an active and liquid market for the Common Shares will develop and an investor may find it difficult to resell its Common Shares.

The Issuer has not commenced commercial operations and has no assets other than cash and deferred offering costs. The Issuer has neither a history of earnings nor has it paid any dividends and it is unlikely to generate earnings or pay dividends in the immediate or foreseeable future. Until the Completion of a Qualifying Transaction, the Issuer is not permitted to carry on any business other than the identification and evaluation of potential Qualifying Transactions.

The Issuer has only limited funds with which to identify and evaluate a potential Qualifying Transaction which receives Exchange approval and in the case of a Non-Arm's Length Qualifying Transaction, Majority of the Minority Approval of the Issuer's shareholders; however, there can be no assurance that the Issuer will successfully complete a Qualifying Transaction. Further, even if a proposed Qualifying Transaction is identified, there can be no assurance that the Issuer will be able to complete the transaction. The Qualifying Transaction may be financed in whole, or in part, by the issuance of additional securities by the Issuer and this may result in further dilution to investors.

The Issuer has commenced the process of identifying potential acquisitions, but to date, the Issuer has not identified any potential acquisitions. The Issuer may determine that current markets, terms of acquisition, or pricing conditions make such potential acquisitions uneconomic. The Issuer may find that even if the terms of a potential acquisition are economic, the Issuer may not be able to finance such acquisition and additional funds may be required.

A Qualifying Transaction may involve the acquisition of a business located outside of Canada and, as such, investors should be aware that it may be difficult or may not be possible to effect service or notice to commence legal proceedings upon any directors, officers and experts outside of Canada and that it may not be possible to enforce against

such persons or the Issuer, judgments obtained in Canadian courts predicated upon the civil liability provisions of applicable securities laws in Canada.

In the event that the management of the Issuer resides out of Canada or the Issuer identifies a foreign business as a proposed Qualifying Transaction, investors may find it difficult or impossible to effect service or notice to commence legal proceedings upon any management resident outside of Canada or upon the foreign business and may find it difficult or impossible to enforce against such persons, judgments obtained in Canadian courts.

The Issuer will be in competition with other entities with greater resources.

The Exchange will generally suspend trading in the Common Shares or delist the Issuer in the event that the Exchange has not issued a Final QT Exchange Bulletin in respect of the Qualifying Transaction within 24 months from the date of listing. Neither the Exchange, nor any securities regulatory authority, passes upon the merits of any proposed Qualifying Transaction.

If the Issuer does not list the Common Shares on the Exchange prior to the time of closing, adverse tax consequences will arise with respect to any Common Shares held in a Deferred Plan (as defined under the heading "Eligibility for Investment").

The directors and officers of the Issuer will only devote a portion of their time to the business and affairs of the Issuer and they are and will be engaged in other projects or businesses such that conflicts of interest may arise from time to time.

See "Corporate Structure", "Dilution", "Business of the Issuer", "Use of Proceeds", and "Risk Factors".

THE ISSUER

Bigstack Opportunities I Inc. was incorporated on November 25, 2020 by Certificate of Incorporation issued pursuant to the provisions of the *Business Corporations Act* (Ontario) under the name “Bigstack Opportunities I Inc”.

The head office and registered office of the Issuer are located at 18 King Street East, Suite 902, Toronto, Ontario M5C 1C4.

BUSINESS OF THE ISSUER

Preliminary Expenses

As at the date hereof, the Issuer has incurred or accrued preliminary expenses with respect to the incorporation and organization of the Issuer, corporate finance, legal and auditing fees and expenses, and the retainer for fees of legal counsel to the Agent in the aggregate amount of approximately \$15,000 plus HST and disbursements.

A portion of the proceeds of the Offering will be used to satisfy the obligations of the Issuer related to the Offering, including the expenses of its legal counsel and auditor. See “Use of Proceeds”.

Proposed Operations until Completion of a Qualifying Transaction

The Issuer proposes to identify and evaluate businesses and assets with a view to completing a Qualifying Transaction. Any proposed Qualifying Transaction must be accepted by the Exchange and in the case of a Non-Arm’s Length Qualifying Transaction is also subject to Majority of the Minority Approval in accordance with the CPC Policy. The Issuer has not conducted commercial operations. The Issuer currently intends to pursue a Qualifying Transaction with a high growth momentum company but there is no assurance that this will, in fact, be the business sector of a proposed Qualifying Transaction or of the Issuer following the Completion of a Qualifying Transaction. See “Use of Proceeds”.

Until Completion of a Qualifying Transaction, the Issuer will not carry on any business other than the identification and evaluation of businesses or assets with a view to completing a potential Qualifying Transaction. With the consent of the Exchange, this may include the raising of additional funds in order to finance an acquisition. Except as described under “Private Placement for Cash” and “Restrictions on Use of Proceeds”, the funds raised pursuant to this Offering and any subsequent financing will be utilized only for the identification and evaluation of potential Qualifying Transactions and not for any deposit, loan or direct investment in a potential acquisition.

Although the Issuer has commenced the process of identifying potential acquisitions with a view to completing the Qualifying Transaction, the Issuer has not yet entered into a Qualifying Transaction Agreement.

Method of Financing

The Issuer may use cash, bank financing, the issuance of treasury shares, public debt or equity financing or a combination of these for the purpose of financing its proposed Qualifying Transaction. **A Qualifying Transaction financed by the issue of treasury shares could result in a change in the control of the Issuer and may cause the shareholders’ interest in the Issuer to be further diluted.**

Criteria for a Qualifying Transaction

All potential Qualifying Transactions will initially be screened by management of the Issuer so as to evaluate the business plan of each corporation or business, which evaluation will include an analysis of the assets, the line of services or products offered, the extent of the competition in the marketplace, the

market potential of the product lines or services, the market plan, existing and remaining management, production plans, financial plans and cashflow projections and capital requirements. Similar criteria will be employed in the evaluation of other assets.

Upon the favourable completion of management's analysis, management will proceed to negotiate appropriate acquisition terms with those prospective corporations, businesses or the owners of other assets and thereafter will present the proposal to the board of directors for its consideration and approval.

The board of directors of the Issuer, in considering whether to approve the terms of the proposed acquisition, will be guided by the following criteria:

- (a) the projected rate of return on the proposed investment having regard to the risk of loss;
- (b) the prospects for growth, having regard to existing or potential market share;
- (c) the skill of the management team, either as it exists or as it may be modified as a consequence of the acquisition; and
- (d) basic financial considerations such as the ratio of debt to equity of the target business, the overall cost of the acquisition, and the prospects of obtaining the debt or equity financing necessary to effect the acquisition.

Any proposed Qualifying Transaction must be approved by the Issuer's Board of Directors. In exercising their powers and discharging their duties in relation to proposed Qualifying Transaction, the directors will act honestly and in good faith with a view to the best interests of the Issuer and will exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

REGULATORY AND SHAREHOLDER APPROVAL

Filings and Shareholder Approval of a Non-Arm's Length Qualifying Transaction

Upon the Issuer reaching a Qualifying Transaction Agreement, the Issuer must issue a comprehensive news release, at which time the Exchange generally will halt trading in the Issuer's Common Shares until the filing requirements of the Exchange have been satisfied as set forth under "Trading Halts, Suspensions and Delisting". Within 75 days after issuance of such news release, the Issuer shall be required to submit for review to the Exchange a Disclosure Document that complies with Exchange requirements containing prospectus level disclosure of the Significant Assets and the Issuer, assuming Completion of the Qualifying Transaction. Where the proposed Qualifying Transaction is a Non-Arm's Length Qualifying Transaction, the Issuer must obtain Majority of the Minority Approval of the Qualifying Transaction. Where the proposed Qualifying Transaction is not a Non-Arm's Length Qualifying Transaction, the Exchange will not require the Issuer to obtain Shareholder approval of the Qualifying Transaction provided that it files the CPC Filing Statement or a Prospectus.

Once the Conditional Acceptance Documents have been accepted for filing, the Exchange will advise the Issuer that it is cleared to file the final Disclosure Document on SEDAR and:

- (a) where Shareholder approval of the Qualifying Transaction is not required, the Issuer must file the final CPC Filing Statement or Prospectus on SEDAR at least seven business days prior to:
 - i. the resumption of trading in the securities of the Resulting Issuer following the Completion of the Qualifying Transaction, if the securities of the Issuer are halted from trading; or
 - ii. the Completion of the Qualifying Transaction, if the securities of the Issuer are not halted from trading;

- (b) where Shareholder approval is required and is to be obtained at a meeting of Shareholders, the Issuer will file on SEDAR and mail to its Shareholders the notice of meeting, CPC Information Circular and form of proxy, together with any other required documents; and
- (c) where Shareholder approval is required and is to be obtained by written consent, the Issuer will file on SEDAR the final Disclosure Document.

If required by the Exchange, the Issuer will retain a Sponsor, who must be a Member of the Exchange or a Participating Organization of the Toronto Stock Exchange, and who will be required to submit to the Exchange a Sponsor Report prepared in accordance with the Policies of the Exchange. The Issuer will no longer be considered to be a CPC upon the Exchange having issued the Final QT Exchange Bulletin. The Exchange will generally not issue the Final QT Exchange Bulletin until the Exchange has received:

- i. confirmation of Shareholder approval of the Qualifying Transaction, if required;
- ii. confirmation of closing of the Qualifying Transaction; and
- iii. all post-meeting or final documentation, as applicable, otherwise required to be filed with the Exchange pursuant to the CPC Policy.

Upon issuance of the Final QT Exchange Bulletin, the CPC Policy will generally cease to apply, with the exception of the escrow provisions of the CPC Policy.

Initial Listing Requirements

The Resulting Issuer must satisfy the Exchange's Initial Listing Requirements for the particular industry sector in either Tier 1 or Tier 2 as prescribed under the applicable policies of the Exchange.

Trading Halts, Suspensions and Delisting

The Exchange will generally halt trading in the Common Shares from the date of the public announcement of a Qualifying Transaction Agreement until all filing requirements of the Exchange have been satisfied, which includes the submission of a Sponsorship Acknowledgment Form, where the Qualifying Transaction is subject to sponsorship. In addition, Personal Information Forms or, if applicable, Declarations, for all individuals who may be directors, senior officers, promoters, or insiders of the Resulting Issuer must be filed with the Exchange and any preliminary background searches that the Exchange considers necessary or advisable, must also be completed, before the trading halt will be lifted by the Exchange.

Even if all filing requirements have been satisfied and preliminary background checks completed, the Exchange may continue or reinstate a halt in trading of the Common Shares for public policy reasons including:

- (a) the unacceptable nature of the business of the Resulting Issuer; or
- (b) the number of conditions precedent to, or the nature and number of deficiencies required to be resolved prior to, Completion of a Qualifying Transaction, are so significant or numerous as to make it appear to the Exchange that the halt should be reinstated or continued.

A trading halt may also be imposed by the Exchange where the Issuer fails to file the supporting documents relating to the Qualifying Transaction within a period of 75 days after public announcement of the Qualifying Transaction Agreement or if the Issuer fails to file post-meeting or final documents as applicable, within the time required. A trading halt may also be imposed if a Sponsor terminates its sponsorship.

In the event that the Common Shares of the Issuer are delisted by the Exchange, within 90 days from the date of such delisting, the Issuer shall wind up and shall make a pro rata distribution of its remaining assets to its shareholders, unless shareholders, pursuant to a majority vote exclusive of the votes of Non-Arm's Length Parties to the Issuer, determine to deal with the Issuer or its remaining assets in some other manner. See "Filings and Shareholder Approval of a Non-Arm's Length Qualifying Transaction."

Refusal of Qualifying Transaction

The Exchange, in its sole discretion, may not accept a Qualifying Transaction where:

- (a) the Resulting Issuer fails to satisfy the applicable Initial Listing Requirements of the Exchange;
- (b) the Resulting Issuer will be a mutual fund, as defined in the securities legislation; or
- (c) notwithstanding the definition of a Qualifying Transaction, there is any other reason for denying acceptance of the Qualifying Transaction.

USE OF PROCEEDS

Proceeds and Principal Purposes

The aggregate gross proceeds received by the Issuer from the sale of Common Shares prior to the Offering were \$201,000. The expenses and costs of the prior sales of Common Shares are \$7,807. The aggregate gross proceeds expected to be received by the Issuer from the sale of Common Shares offered by this prospectus (assuming the Offering is fully subscribed) will be \$500,000, less costs of this issue. The costs of this issue are estimated at \$99,000 (assuming the Offering is fully subscribed), inclusive of the Agent's commission, administration fees and legal fees. Accordingly, the estimated funds to be available to the Issuer will be \$544,193 assuming the Offering is fully subscribed.

(2) In the event the Agent exercises the Agent's Options and the directors or officers exercise their CPC Stock Options, there will be available to the Issuer an additional \$140,200 (assuming the Offering is fully subscribed) which will be added to the working capital of the Issuer. There is no assurance that any of these Agent's Options or CPC Stock Options will be exercised.

(3) In the event that the Issuer enters into a Qualifying Transaction Agreement prior to spending all of its funds identifying and evaluating assets or businesses, the remaining funds may be used to finance or partially finance the acquisition of Significant Assets or for working capital after Completion of a Qualifying Transaction.

Until required for the Issuer's purposes, the proceeds will only be invested in securities of, or those guaranteed by, the Government of Canada or any Province or territory of Canada or the Government of the United States of America, in certificates of deposit or interest-bearing accounts of Canadian chartered banks, trust companies or credit unions.

The proceeds from this Offering and any prior sale of Common Shares, after deducting the expenses associated with this Offering, will only be sufficient to identify and evaluate a finite number of assets and businesses, and additional funds may be required to finance any acquisition to which the Issuer may commit. See "Business of the Issuer", "Method of Financing Acquisition or Participation Opportunities" and "Risk Factors".

Permitted Use of Funds

Until the Completion of the Qualifying Transaction and except as otherwise specifically provided by the CPC Policy and described in "Prohibited Payments to Non-Arm's Length Parties", "Private Placements for Cash," and "Finder's Fees", the gross proceeds realized from the sale of all securities issued by the Issuer will be used by the Issuer only to identify and evaluate assets or businesses and obtain shareholder approval, if applicable, for a proposed Qualifying Transaction, including expenses such as:

- (a) reasonable expenses relating to the Issuer's IPO, including

In addition, a maximum aggregate amount of \$25,000 may be advanced as a non-refundable deposit or unsecured loan to a Target Company or Vendor(s), as the case may be, without the prior acceptance of the Exchange. Any proposed deposit, advance or loan of funds from the Issuer to the Target Company or a Vendor(s) in excess of such \$25,000 maximum aggregate may only be made as a secured loan with the prior acceptance of the Exchange where all of the following conditions are satisfied:

Prohibited Payments to Non-Arm's Length Parties

Except as described under "Options to Purchase Securities", "Permitted Use of Funds", and "Finder's Fees" the Issuer has not made, and until the Completion of the Qualifying Transaction will not make, any payment of any kind, directly or indirectly, to a Non-Arm's Length Party to the Issuer or to a Non-Arm's Length Party to the Qualifying Transaction, or to a person engaged in investor relations activities, promotional or market-making services in respect of the Issuer or the securities of the Issuer or any Resulting Issuer, by any means, including:

- (a) remuneration, which includes but is not limited to salaries, consulting fees, management contract fees or directors' fees, finders' fees (except as permitted under the CPC Policy), loans, advances and bonuses; and

Further, no such payment will be made by the Issuer or by any other Person after the Completion of the Qualifying Transaction if such payment relates to services rendered or obligations incurred before or in connection with the Qualifying Transaction.

Notwithstanding the above, the Issuer may pay or reimburse a Non-Arm's Length Party to the Issuer for reasonable general and administrative expenses of the Issuer (including office supplies, office rent and related utilities, equipment leases, fees for legal services and fees for accounting and advisory services) not exceeding in aggregate \$3,000 per month, and for fees for legal services relating to a proposed Qualifying Transaction, and the Issuer may also reimburse a Non-Arm's Length Party to the Issuer for reasonable out-of-pocket expenses incurred in pursuing the business of the Issuer described in "Permitted Use of Funds".

The foregoing restrictions on the use of proceeds and prohibitions on payments to Non-Arm's Length Parties and persons engaged in investor relations activities continue to apply until the Completion of the Qualifying Transaction.

Private Placements for Cash

After the closing of the Offering and until the Completion of the Qualifying Transaction, the Issuer will not issue any securities unless written acceptance of the Exchange is obtained before issuance. Prior to the Completion of the Qualifying Transaction, the Exchange generally will not accept a private placement by the Issuer where the gross proceeds raised from the issuance of securities both prior to and pursuant to the Offering, together with any proceeds anticipated to be raised upon closing of the private placement, will exceed \$10,000,000. Generally, the only securities issuable pursuant to such a private placement will be Common Shares and Agent's Options. Subject to certain limited exceptions, any Common Shares issued pursuant to the private placement to Non-Arm's Length Parties to the Issuer and to Principals of the Resulting Issuer will be subject to escrow.

Finder's Fees

Upon Completion of the Qualifying Transaction, the Issuer and Target Company may pay finder's fees in aggregate pursuant to Exchange Policy 5.1 – *Loans, Loan Bonuses, Finder's Fees and Commissions*:

- (a) to a Person that is not a Non-Arm's Length Party to the Issuer; and
- (b) to a Non-Arm's Length Party to the Issuer, provided that:
 - i. the Qualifying Transaction is not a Non-Arm's Length Qualifying Transaction;
 - ii. the Qualifying Transaction is not a transaction between the Issuer and an existing public company;
 - iii. the finder's fee is payable in the form of cash, Listed Shares and/or Warrants only;
 - iv. the amount of any Concurrent Financing is not included in the value of the measurable benefit used to calculate the finder's fee; and
 - v. approval of the finder's fee is obtained by ordinary resolution at a meeting of Shareholders of the Issuer or by the written consent of Shareholders of the Issuer holding more than 50% of the issued Listed Shares of the Issuer, provided that the votes attached to the Listed Shares of the Issuer held by the recipient of the finder's fee and its Associates and Affiliates are excluded from the calculation of any such approval or written consent.

Notes:

(1) Assuming no Common Shares are purchased by these persons under the Offering and that the Offering is fully subscribed.

Where the Common Shares are required to be held in escrow are held by a non-individual (a “**holding company**”), each holding company pursuant to the CPC Escrow Agreement, has agreed, or will agree, not to carry out any transactions during the currency of the CPC Escrow Agreement which would result in a change of control of the holding company, without the consent of the Exchange. Any holding company must sign an undertaking to the Exchange that, to the extent reasonably possible, it will not permit or authorize securities to be issued or transferred if it could reasonably result in a change of control of the holding company. In addition, the Exchange may require an undertaking from any Control Person of the holding company not to transfer the shares of that company.

Under the CPC Escrow Agreement:

- (a) all CPC Stock Options granted prior to the date of the Final QT Exchange Bulletin and all Common Shares that were issued pursuant to the exercise of such CPC Stock Options prior to the date of the Final QT Exchange Bulletin will be released from escrow on the date of the Final QT Exchange Bulletin, other than CPC Stock Options that were granted prior to the Issuer's IPO with an exercise price that is less than the issue price of the Common Shares under this prospectus and any Common Shares that were issued pursuant to the exercise of such CPC Stock Options which will be released from escrow in accordance with (b);
- (b) except for the CPC Stock Options and Common Shares issued pursuant to the exercise of such CPC Stock Options that are released from escrow on the date of the Final QT Exchange Bulletin as provided for in (a), all of the securities held in escrow will be released from escrow in accordance with the following schedule:

Release Dates	Percentage to be Released
Date of Final QT Exchange Bulletin	25%
Date 6 months following Final QT Exchange Bulletin	25%
Date 12 months following Final QT Exchange Bulletin	25%
Date 18 months following Final QT Exchange Bulletin	25%
TOTAL	100%

The Exchange's prior consent must be obtained before a transfer within escrow of escrowed Common Shares. Generally, the Exchange will only permit a transfer within escrow to be made to existing Principals of the Issuer and/or to incoming Principals in connection with a proposed Qualifying Transaction.

If a Final QT Exchange Bulletin is not issued, the escrowed Common Shares will not be released. Under the CPC Escrow Agreement, upon the issuance by the Exchange of a Bulletin delisting the Issuer, the escrow agent is irrevocably authorized to:

- (a) immediately cancel all of the escrowed Common Shares held by each Non-Arm's Length Party to the Issuer that were issued at a price below the Offering price under this prospectus and all CPC Stock Options and Option Shares held by such persons; and
- (b) cancel all of the escrowed securities on a date that is 10 years from the date of such Exchange Bulletin.

Corporate Cease Trade Orders or Bankruptcies

Other than as described below, no director, officer, Insider or promoter of the Issuer, or any shareholder holding a sufficient number of securities of the Issuer to affect materially the control of the Issuer is or has within the 10 years before the date of the prospectus been a director, officer, Insider or promoter of any other Issuer that, while such person was acting in that capacity, was the subject of a cease trade or similar order or an order that denied the Issuer access to any exemptions under applicable securities legislation for a period of more than 30 consecutive days or became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

On May 21, 2104 GreenStar Agricultural Corporation (“**GreenStar**”) announced that a management cease trade order (“**MCTO**”) was ordered by the Ontario Securities Commission (“**OSC**”) following a hearing held on May 16, 2014. The hearing was held by the OSC as a result of GreenStar’s April 28 and May 6, 2014 announcements that it would be late in filing its audited annual financial statements for the fiscal year ended December 31, 2013 and related Management’s Discussion & Analysis and CEO and CFO certification of filings, following the issuance by the OSC of a temporary management cease trade order on May 5, 2014. On June 3, 2014, a temporary cease trade order was issued by the OSC against GreenStar. The OSC issued the order due to GreenStar’s delay in filing its audited financial statements for the year ended December 31, 2013 and unaudited interim financial statements of the Company for the three month period ended March 31, 2014, accompanying management’s discussion and analysis, and related CEO and CFO certifications, as required by Ontario securities law. Mr. Bryan Knebel was a director of GreenStar when the MCTO and cease trade orders were issued by the OSC. Mr. Knebel resigned from the board of directors of GreenStar on September 25, 2014.

Effective at the close of business on September 10, 2020, the shares of Valucap Investments Inc. (“**Valucap**”) were delisted from NEX, for failure to pay their quarterly NEX Listing Maintenance Fee. Since 2021, there are active cease trade orders in place in Ontario, British Columbia and Alberta against Valucap for failing to file continuous disclosure materials. Ms. Magaly Bianchini is the President and Director of Valucap.

Penalties or Sanctions

No director, officer, Insider or promoter of the Issuer, or any shareholder holding sufficient securities of the Issuer to affect materially the control of the Issuer has been subject to any penalties or sanctions imposed by a court relating to securities legislation or by any securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority, or has been subject to any other penalties or sanctions imposed by a court or regulatory body or self-regulatory authority that would be likely to be considered important to a reasonable investor making an investment decision.

Personal Bankruptcies

No director, officer, Insider or promoter of the Issuer, or any shareholder holding sufficient securities of the Issuer to affect materially the control of the Issuer, or a personal holding company of any such persons, has, within the 10 years preceding the date of this prospectus, as applicable, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or been subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold their assets.

Conflicts of Interest

There are potential conflicts of interest to which all of the directors, officers, Insiders and promoters of the Issuer may be subject to in connection with the operations of the Issuer. All of the directors, officers, Insiders and promoters are engaged in and will continue to be engaged in corporations or businesses, including publicly traded corporations, which may be in competition with the search by the Issuer for

businesses or assets in order to close a Qualifying Transaction. Certain directors are involved, from time to time, in consulting practices where client corporations may engage them to find assets that might be suitable as a potential candidate for a “Qualifying Transaction” for such corporation. Certain officers and directors are also currently directors of other publicly traded corporations that are or may in the future seek business or asset acquisition transactions. Situations may arise where a particular business opportunity is not presented to the Issuer, but rather to another corporation of which one of the directors or officers of the Issuer is also a director. Entrepreneurs and companies that are seeking to go public via a transaction with a publicly traded corporation may establish criteria that put the Issuer at a competitive disadvantage versus those other financing vehicles.

Accordingly, situations may arise where all of the directors, officers, Insiders and promoters will be in direct competition with the Issuer. Conflicts, if any, will be subject to the procedures and remedies as provided under the *Business Corporations Act* (Ontario).

EXECUTIVE COMPENSATION

Except as set out below or otherwise disclosed in this prospectus, prior to Completion of the Qualifying Transaction, no payment of any kind has been made, or will be made, directly to indirectly, by the Issuer to a Non-Arm’s Length Party to the Issuer or a Non-Arm’s Length Party to the Qualifying Transaction, or to any person engaged in investor relations activities in respect of the securities of the Issuer or any Resulting Issuer by any means, other than:

- (a) grants of CPC Stock Options as described in “Options to Purchase Securities”;
- (b) payment for and reimbursement of certain expenses as described in “Use of Proceeds – Permitted Use of Funds” and “Use of Proceeds – Prohibited Payments to Non-Arm’s Length Parties”; and
- (c) finder’s fees as described in “Use of Proceeds – Finder’s Fees”.

The directors and officers of the Issuer may be granted CPC Stock Options.

Following Completion of a Qualifying Transaction, it is anticipated that the Issuer shall pay compensation to its directors and officers. However, no payment other than the Permitted Reimbursements will be made by the Issuer or by any party on behalf of the Issuer after Completion of a Qualifying Transaction if the payment relates to services rendered or obligations incurred or in connection with the Qualifying Transaction.

DILUTION

Purchasers of Common Shares under this prospectus will suffer an immediate dilution of approximately \$0.02228 or 22.28%, assuming completion of the fully subscribed Offering. Dilution has been computed on the basis of total gross proceeds to be raised by this prospectus and from sales of securities prior to filing of this prospectus, without deduction of commissions or related expenses incurred by the Issuer. Furthermore, where the Qualifying Transaction is financed by the issuance of shares from the Issuer’s treasury, control of the Issuer may change and shareholders may suffer further dilution of their investment.

Note:

(1) Assumes the Offering is fully subscribed.

RISK FACTORS

Investment in the Common Shares must be regarded as highly speculative due to the proposed nature of the Issuer's business and its present stage of development. The following are risk factors associated with the Issuer:

- (a) the Issuer was only recently incorporated, has not commenced commercial operations and has no assets other than cash and deferred offering costs. It has no history of earnings, and shall not generate earnings or pay dividends until at least after Completion of a Qualifying Transaction;
- (b) investment in the Common Shares offered by the prospectus is highly speculative given the proposed nature of the Issuer's business and present stage of development;
- (c) the directors and officers of the Issuer will only devote a portion of their time to the business and affairs of the Issuer and some of them are or will be engaged in other projects or businesses such that conflicts of interest may arise from time to time;
- (d) purchasers of Common Shares under this prospectus will suffer an immediate dilution of approximately \$0.02228 or 22.28%, assuming completion the Offering is fully subscribed;
- (e) there can be no assurance that an active and liquid market for the Issuer's Common Shares will develop and an investor may find it difficult to resell its Common Shares;
- (f) until Completion of a Qualifying Transaction, the Issuer is not permitted to carry on any business other than the identification and evaluation of potential Qualifying Transactions;
- (g) the Issuer has only limited funds with which to identify and evaluate potential Qualifying Transactions and there can be no assurance that the Issuer will be able to identify a suitable Qualifying Transaction;
- (h) even if a proposed Qualifying Transaction is identified, there can be no assurance that the Issuer will be able to successfully complete the transaction;
- (i) Completion of the Qualifying Transaction is subject to a number of conditions including acceptance by the Exchange and, in the case of a Non-Arm's Length Qualifying Transaction, Majority of the Minority Approval;
- (j) unless the shareholder has the right to dissent and be paid fair value in accordance with applicable corporate or other law, a shareholder who votes against a proposed Non-Arm's Length Qualifying Transaction for which Majority of the Minority Approval by shareholders has been given, will have no rights of dissent and no entitlement to payment by the Issuer of fair value for the Common Shares;
- (k) upon public announcement of a proposed Qualifying Transaction, trading in the Common Shares of the Issuer will be halted and will remain halted for an indefinite period of time,

typically until a Sponsor has been retained (if required) and certain preliminary reviews have been conducted. The Common Shares of the Issuer will be reinstated to trading before the Exchange has reviewed the transaction and before the Sponsor has completed its full review. Reinstatement to trading provides no assurance with respect to the merits of the transaction or the likelihood of the Issuer completing the proposed Qualifying Transaction;

- (l) trading in the Common Shares of the Issuer may be halted at other times for other reasons, including for failure by the Issuer to submit documents to the Exchange in the time periods required;
- (m) neither the Exchange nor any securities regulatory authority passes upon the merits of the proposed Qualifying Transaction;
- (n) in the event that management of the Issuer resides outside of Canada or the Issuer identifies a foreign business as a proposed Qualifying Transaction, investors may find it difficult or impossible to effect service or notice to commence legal proceedings upon any management resident outside of Canada or upon the foreign business and may find it difficult or impossible to enforce against such persons, judgments obtained in Canadian courts;
- (o) the Qualifying Transaction may be financed in whole or in part by the issuance of additional securities by the Issuer and this may result in further dilution to the investor, which dilution may be significant and which may also result in a change of control of the Issuer;
- (p) if the Issuer does not make an election to be a “public corporation” for purposes of the *Income Tax Act* (Canada) adverse tax consequences may arise with respect to any Common Shares held in respect of registered retirement savings plans, registered retirement income funds, deferred profit sharing plans, registered education savings plans, registered disability savings plans and tax-free savings accounts.
- (q) subject to prior acceptance by the Exchange, the Issuer may be permitted to loan or advance up to an aggregate of \$250,000 and 20% of its working capital to a target business without requiring shareholder approval and there can be no assurance that the Issuer will be able to recover that loan; and
- (r) the Issuer cannot be certain and provides no guarantee that, if a Qualifying Transaction is completed, the business acquired pursuant to the Qualifying Transaction will be profitable or ultimately benefit the Issuer and its shareholders. Neither the Exchange nor any securities regulatory authority passes on the merits of the proposed Qualifying Transaction. The Qualifying Transaction may also result in additional dilution to the Issuer’s shareholders, increased debt or a change in control of the Issuer. Any failure to successfully integrate a business acquired pursuant to the Qualifying Transaction or a failure of such business to benefit the Issuer, could have a material adverse effect on the Resulting Issuer’s business and results of operations.

As a result of these factors, this Offering is only suitable to investors who are willing to rely solely on management of the Issuer and who can afford to lose their entire investment. Those investors who are not prepared to do so should not invest in the Common Shares.

LEGAL PROCEEDINGS

The Issuer is not currently or was since the beginning of the most recently completed financial year for which financial statements of the Issuer are included in the prospectus, a party to any and any of its

property is not or was not the subject of legal proceedings, nor is the Issuer currently contemplating any legal proceedings. Management of the Issuer is currently not aware of any legal proceedings contemplated against the Issuer.

INTERESTS OF MANAGEMENT AND OTHERS IN MATERIAL TRANSACTIONS

The directors and officers of the Issuer have acquired Common Shares of the Issuer in the seed capital phase of the Issuer. In addition, each of the directors and officers of the Issuer will be granted CPC Stock Options to purchase Common Shares pursuant to the Issuer's Option Plan. See "Principal Shareholders" and "Options to Purchase Securities".

RELATIONSHIP BETWEEN THE ISSUER AND THE AGENT

The Issuer is not a related party or connected party (as such terms are defined in National Instrument 33-105 – *Underwriting Conflicts*) to the Agent.

RELATIONSHIP BETWEEN THE ISSUER AND PROFESSIONAL PERSONS

Certain legal matters relating to this Offering will be passed upon by Peterson McVicar LLP, on behalf of the Issuer, and by LaBarge Weinstein LLP on behalf of the Agent.

Other than as set forth herein: (a) no Person whose profession or business gives authority to a statement made by such Person and who is named in this prospectus has received or shall receive a direct or indirect interest in the property of the Issuer or any Associate or Affiliate of the Issuer; and (b) as at the date hereof, the aforementioned Persons beneficially own, directly or indirectly, no securities of the Issuer or its Associates and Affiliates. In addition, other than as set forth above, none of the aforementioned Persons nor any director, officer or employee of any of the aforementioned Persons, is or is expected to be elected, appointed or employed as a director, senior officer or employee of the Issuer or of an Associate or Affiliate of the Issuer, or a promoter of the Issuer or of an Associate or Affiliate of the Issuer.

AUDITOR, TRANSFER AGENT AND REGISTRAR

The auditor of the Issuer is Clearhouse LLP at 2560 Matheson Blvd E #527, Mississauga, ON L4W 4Y9. The transfer agent and registrar is Marrelli Trust Company Limited, at 1111 Melville Street, Suite 620, Vancouver, British Columbia, V6E 3V6.

MATERIAL CONTRACTS

The Issuer has not entered into any contracts material to investors in the Common Shares since the date of incorporation to the date hereof, other than the following:

1. Agency Agreement between the Issuer and the Agent. See "Plan of Distribution".
2. CPC Escrow Agreement among the Issuer, Marrelli Trust Company Limited and those shareholders that executed such agreement. See "Escrowed Securities".
3. Transfer Agent, Registrar and Disbursing Agent Agreement dated December 10, 2020 between the Issuer and Marrelli Trust Company Limited.

Copies of these agreements will be available for inspection at the registered office of the Issuer located at 18 King Street East, Suite 902, Toronto, Ontario, M5C 1C4, during ordinary business hours while the securities offered by this prospectus are in the course of distribution and for a period of 30 days thereafter.

DIVIDEND POLICY

To date, the Issuer has not paid any dividends on its outstanding Common Shares. The future payment of dividends will be dependent upon the financial requirements of the Issuer to fund further growth, financial condition of the Issuer and other factors which the board of directors of the Issuer may consider in the circumstances. It is not contemplated that any dividends will be paid in the immediate or foreseeable future.

In the opinion of Peterson McVicar LLP, counsel to the Issuer, based on the current provisions of the Income Tax Act (Canada) and the regulations thereunder (collectively, the "Tax Act") in force on the date hereof and any proposals to amend the Tax Act publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof, the Common Shares will, at a particular time, be a "qualified investment" under the Tax Act for a trust governed by a registered retirement savings plan ("RRSP"), registered retirement income fund ("RRIF"), registered education savings plan ("RESP"), registered disability savings plan ("RDSP") or tax-free savings account ("TFSA") (collectively, "Registered Plans") or a trust governed by a deferred profit sharing plan provided that at such particular time, (i) the Common Shares are listed on a "designated stock exchange" for purposes of the Tax Act (which includes the Exchange), or (ii) the Issuer qualifies as a "public corporation" for purposes of the Tax Act.

The Common Shares are not currently listed on a "designated stock exchange" and the Issuer is not currently a "public corporation", as those terms are defined in the Tax Act. The Issuer has applied to the Exchange to have the Common Shares listed on the Exchange as of the day before the Closing, followed by an immediate halt in trading of the Common Shares in order to allow the Issuer to satisfy the conditions of the Exchange and to have the Common Shares listed and posted for trading prior to the issuance of the Common Shares on the Closing. The Issuer must rely on the Exchange to list the Common Shares on the Exchange and to have them posted for trading prior to the issuance of the Common Shares on the Closing and to otherwise proceed in such manner as may be required to result in the Common Shares being listed on the Exchange at the time of their issuance on Closing. If the Common Shares are not listed on the Exchange at the time of their issuance on the Closing and the Issuer is not a "public corporation" at that time, the Common Shares may not be qualified investments for a Registered Plan at that time.

Notwithstanding that the Common Shares may be qualified investments under the Tax Act for Registered Plans as described above, the holder of, or annuitant or subscriber under, a Registered Plan (the "Controlling Individual") will be subject to a penalty tax in respect of the Common Shares held in a Registered Plan if such Common Shares are a "prohibited investment" for the particular Registered Plan. A Common Share generally will be a "prohibited investment" for a Registered Plan if the Controlling Individual does not deal at arm's length (within the meaning of the Tax Act) with the Company or the Controlling Individual has a "significant interest" (as defined in subsection 207.01(4) of the Tax Act) in the Company. Notwithstanding the foregoing, the Common Shares generally will not be a "prohibited investment" for a Registered Plan if the Common Shares are "excluded property" as defined in subsection 207.01(1) of the Tax Act for a Registered Plan. Holders of a TFSA or RDSP, annuitants under an RRSP or RRIF, and subscribers of an RESP should consult their own tax advisors as to whether the Common Shares will be a "prohibited investment" in their particular circumstances.

Purchasers who intend to hold Common Shares in a Registered Plan or a trust governed by a deferred profit sharing plan should consult their own tax advisors in regard to the application of the Tax Act in their particular circumstances.

PURCHASERS' STATUTORY RIGHTS OF WITHDRAWAL AND RESCISSION

Securities legislation in the Provinces of British Columbia, Alberta, and Ontario provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. The securities legislation further provides a purchaser with remedies for rescission, revisions of the price or damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser,

provided that the remedies for rescission, revisions of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal adviser.

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of
Bigstack Opportunities I Inc.

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Bigstack Opportunities I Inc. (the Company), which comprise the statement of financial position as at December 31, 2020, and the statement of comprehensive loss, statement of changes in equity and statement of cash flows for the period from November 25, 2020 (date of incorporation) to December 31, 2020, and a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2020, and its financial performance and its cash flows for the period from November 25, 2020 (date of incorporation) to December 31, 2020, in accordance with International Financial Reporting Standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibility for the Audit of Financial Statements* section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with those requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainty Relating to Going Concern

We draw your attention to Note 1 in the financial statements, which indicates the Company incurred a comprehensive loss of \$7,807 during the period from November 25, 2020 (date of incorporation) to December 31, 2020. As stated in Note 1, these events or conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the annual management's discussion and analysis, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable to preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

The engagement partner on the audit resulting in this independent auditor's report is Pat Kenney.

Notes to Financial Statements

(Expressed in Canadian Dollars)

For the Period from the Date of Incorporation (November 25, 2020) to December 31, 2020

1. NATURE OF OPERATIONS AND GOING CONCERN

Bigstack Opportunities I Inc. (the "Corporation", "Bigstack" or the "Company") was incorporated under the Ontario Business Corporations Act. The principal business of the Corporation will be to complete an initial public offering ("IPO") as a Capital Pool Company ("CPC") and then the identification and evaluation of assets or businesses with a view to completing a Qualifying Transaction ("QT"). The Corporation has not commenced commercial operations and has no assets other than cash. Given the nature of the activities, no separate segmented information is reported. The Corporation's continuing operations as intended are dependent upon its ability to complete an IPO as a CPC and then identify, evaluate and negotiate an acquisition of a business, or an interest therein. Such an acquisition will be subject to the approval of the regulatory authorities concerned and, in the case of a non-arm's length transaction, of the majority of the minority shareholders.

The head office and the registered head office of the Corporation is located at 18 King Street East, Suite 902, Toronto, Ontario M5C 1C4.

There is no assurance that the Company will complete its IPO and subsequently identify a Qualifying Transaction within the time limitations permissible under the policies of the TSX-Venture Exchange (the "Exchange"), at which time the Exchange may suspend or delist the Company's shares from trading.

The proceeds raised from the issuance of share capital may only be used to identify and evaluate assets or businesses for future investment, with the exception that up to \$3,000 per month may be expensed for general and administrative costs during the QT process. These restrictions apply until completion of a QT by the Corporation as defined under the policies of the Exchange. The Corporation is required to complete its QT on or before two years from the date the Corporation receives regulatory approval.

The Company had no commercial operations and incurred a net loss and comprehensive loss of \$7,807 for period from the date of incorporation (November 25, 2020) to December 31, 2020, and as of December 31, 2020, the Company's accumulated deficit was \$7,807. These circumstances indicate that material uncertainties exist that may cast significant doubt about the Company's ability to continue as a going concern and, accordingly, the ultimate use of accounting principles applicable to a going concern.

These financial statements been prepared on a going concern basis which assumes that the Company will continue in operations for the foreseeable future and will be able to realize its assets and discharge its liabilities and commitments in the normal course of business. Realization values may be substantially different from carrying values as shown and the financial statements do not give effect to adjustments that would be necessary to the carrying values and classification of assets and liabilities should the Company be unable to continue as a going concern. These adjustments could be material.

In March 2020, the World Health Organization declared coronavirus (COVID-19) a global pandemic. This contagious disease outbreak, which has continued to spread, has adversely affected workforces, economies, and financial markets globally, leading to an economic downturn. It is not possible for the Company to predict the duration or magnitude of the adverse results of the outbreak and its effects on the Company's business or ability to raise funds.

2. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

Statement of Compliance

The significant accounting policies applied in the Corporation's financial statements are based on International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and interpretations of the IFRS Interpretations Committee ("IFRIC") effective as of December 31, 2020.

The financial statements for the period from November 25, 2020 (Date of Incorporation) to December 31, 2020 were authorized for issue by the Board of Directors on January 20, 2021.

Basis of Measurement

These financial statements have been prepared on a historical cost basis except for financial instruments classified as financial instruments at fair value through profit or loss.

These financial statements are presented in Canadian dollars, which is also the Corporation's functional currency.

Financial Instruments

IFRS 9 includes requirements for recognition and measurement, impairment, derecognition, and general hedge accounting. Financial assets within the scope of IFRS 9 are classified in the following measurement categories: amortized cost, fair value through profit or loss ("FVTPL"), or fair value through other comprehensive income ("FVOCI"). Financial liabilities are classified in the following measurement categories: fair value through profit or loss, or amortized cost.

Financial assets

The Corporation's sole financial asset is cash. Cash is measured at amortized cost and changes to fair value subsequent to initial recognition are recorded in profit or loss for the period in which they occur.

Amortized Cost

Financial assets classified as amortized cost are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are carried at amortized cost less any provision for impairment. Individually significant receivables are considered for impairment when they are past due or when other objective evidence is received that a specific counterparty will default.

Fair value through profit or loss

Financial assets classified as FVTPL are measured at fair value with changes in fair value recognized in net profit or loss.

Classification

The Corporation determines the classification of its financial assets at initial recognition. All financial assets are recognized initially at fair value plus or minus, in the case of financial assets not classified as FVTPL, directly attributable transaction costs.

2. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Financial Instruments (continued)

Impairment of financial assets

Financial assets not measured at FVTPL are assessed at each reporting date to determine whether there is any objective evidence that it is impaired. A financial asset is considered to be impaired if objective evidence indicates that one or more events that occurred after the initial recognition of the financial assets, have had a negative effect on the fair value or estimated future cash flows of an asset. Evidence of impairment could include: significant financial difficulty of the issuer or counterparty; default or delinquency in interest or principal payments; or the likelihood that the borrower will enter bankruptcy or financial reorganization. An impairment loss in respect of a financial asset measured at amortized cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the original effective interest rate.

All impairment losses are recognized in profit or loss. An impairment loss is reversed if the reversal can be related objectively to an event occurring after the impairment loss was recognized.

Financial liabilities

Financial liabilities comprise accounts payable and accrued liabilities and are classified at amortized cost. Under this classification, all cash flows from these instruments are discounted, where material, to their present value. Over time, this present value is accreted to the future value of remaining cash flows, and this accretion is recorded as interest expense.

The Corporation settles its accounts payable and accrued liabilities on a short-term basis and, therefore, the discounting and accretion of these financial liabilities are immaterial for the periods reported.

Amortized Cost

Financial liabilities measured at amortized cost, include borrowings, are initially measured at fair value, net of transaction costs. Financial liabilities measured at amortized cost are subsequently measured at amortized cost using the effective interest method, with interest recognized on an effective yield basis.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest costs over relevant periods. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability or to the net carrying amount on initial recognition.

Derecognition of Financial Liabilities

The Corporation de-recognizes financial liabilities when the obligations are discharged, cancelled, or expire.

2. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Financing costs

Costs incurred to obtain equity financing are deducted from the value assigned to shares issued. When costs are incurred prior to the closing of a financing arrangement, these amounts are presented as a deferred asset until the financing has closed. When an expected financing arrangement does not occur, any deferred costs are recorded as an expense.

Share-based compensation

The Corporation offers a share option plan for its directors, officers, employees and selected consultants. The stock option plan allows the Corporation's employees and consultants to acquire shares of the Corporation. The fair value of options granted is recognized as a share-based payment expense with a corresponding increase in equity. An individual is classified as an employee when the individual is an employee for legal or tax purposes or provides services similar to those performed by an employee.

The fair value is measured at the grant date and each tranche is recognized on a graded-vesting basis over the period during which the options vest. The fair value of the options granted is measured using the Black-Scholes option pricing model taking into account the terms and conditions upon which the options were granted. At each period end, the amount recognized as an expense is adjusted to reflect the actual number of share options that are expected to vest.

When stock options are exercised, the cash proceeds along with the amount previously recorded as equity reserves are recorded as share capital. When the right to receive options is forfeited before the options have vested, any expense previously recorded is reversed.

Deferred taxes

Income tax expense comprises current and deferred tax. Income tax expense is recognized in profit or loss except to the extent that it relates to items recognized directly in equity or other comprehensive income.

Current tax is recognized and measured at the amount expected to be recovered from or payable to the taxation authorities based on the income tax rates enacted or substantively enacted at the end of the reporting period and includes any adjustment to taxes payable in respect of previous year.

Deferred tax is recognized on any temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the consumption of taxable earnings. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized and the liability is settled. The effect of a change in the enacted or substantively enacted tax rates is recognized in net loss and comprehensive loss or in equity depending on the item to which the adjustment relates.

For the Period from the Date of Incorporation (November 25, 2020) to December 31, 2020

2. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Deferred taxes (continued)

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Loss earnings per share

Basic loss earnings per share is calculated by dividing net loss by the weighted average number of common shares outstanding during the period which excludes shares held in escrow.

Diluted loss per share is determined by adjusting the earnings or loss attributable to common shareholders and the weighted average number of common shares outstanding for the effects of dilutive instruments, which includes stock options, as if their dilutive effect was at the beginning of the period. The calculation of the diluted number of common shares assumes that proceeds received from the exercise of "in-the-money" stock options and common share purchase warrants are used to purchase common shares of the Corporation at their average market price for the period.

In periods that the Corporation reports a net loss, stock options are excluded from the calculation of diluted loss per share as their inclusion would be anti-dilutive.

Significant Accounting Judgements and Estimates

The preparation of financial statements in accordance with IFRS requires management to make estimates and assumptions that affect the measurements of assets, liabilities, revenues, expenses and certain disclosures reported in these financial statements.

Estimates and assumptions where there are significant risk of material adjustments to assets and liabilities in future accounting periods include recoverability and measurement of deferred tax assets.

Significant judgments:

The preparation of financial statements in accordance with IFRS requires the Company to make judgments, apart from those involving estimates, in applying accounting policies. The most significant judgment in the Company's financial statements is the assessment of the Company's ability to continue as a going concern and whether there are events or conditions that may give rise to significant uncertainty.

Accounting standards and interpretations issued but not yet effective

The Company has reviewed the accounting standards or amendments to existing accounting standards that have been issued but have future effective dates and determined that these are either not applicable or are not expected to have a significant impact on the Company's financial statements.

4. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

Capital Management

The Corporation's objective when managing capital is to maintain its ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders.

The Corporation includes equity, comprised of issued common shares, in the definition of capital.

The Corporation's primary objective with respect to its capital management is to ensure that it has sufficient cash resources to fund the identification and evaluation of potential acquisitions. To secure the additional capital necessary to pursue these plans, the Corporation may attempt to raise additional funds through the issuance of equity or by securing strategic partners.

Risk Disclosures and Fair Values

The Corporation's financial instruments carried at amortized cost, consisting of accounts payable and accrued liabilities approximate fair value due to the relatively short-term maturity of the instruments. It is management's opinion that the Corporation is not exposed to significant interest, currency or credit risks arising from these financial instruments.

5. INCOME TAXES

The reconciliation of the combined Canadian federal and provincial statutory income tax at 26.5% to the effective tax rate is as follows:

	From November 25, 2020 (incorporation) to December 31, 2020

6. RELATED PARTY TRANSACTIONS AND BALANCES

During the period ended December 31, 2020, the Corporation incurred legal fees for services provided by a law firm whose partner is a director of the Corporation. The amount of \$502 and \$2,260 have been included in professional fees and rent expense, respectively.
