Recent Developments

On August 10, 2023, Mogo consolidated its Common Shares at a ratio of three (3) pre-consolidation Common Shares to one (1) post-consolidation Common Share (the "**Consolidation**"). The Common Shares commenced trading on the TSX and NASDAQ on a post-Consolidation basis at the start of trading on August 14, 2023.

On August 21, 2023, Mogo received approval from the TSX to commence repurchasing its Common Shares on the TSX pursuant to a normal course issuer bid (the "**NCIB**"). The NCIB is in addition to Mogo's existing Common Share buyback program launched on the Nasdaq in March 2022 (the "**Nasdaq Bid**" and together with the NCIB, the "**Bids**"). Under the Bids, Mogo may purchase up to 2,183,000 Common Shares (on a post-Consolidation basis), representing approximately 10% of the public float of Mogo's outstanding Common Shares as at March 21, 2023. Purchases under the Bids will be made through the facilities of the TSX, Nasdaq or other designated exchanges or any Canadian or US alternative trading system. In accordance with the policies of the TSX, the period of the NCIB

will be considered to have commenced on March 22, 2023 and will run until March 21, 2024 or such earlier date should Mogo complete its permitted purchases under the Bids. As of the date of this Prospectus, Mogo has already purchased 254,456 common shares under the Bids and it is therefore still eligible to repurchase up to 1,928,544 Common Shares (on a post-Consolidation basis).

Election of Directors

At the Meeting, all six of the following director nominees named in the Circular were elected as directors of Mogo: David Feller, Gregory Feller, Michael Wekerle, Christopher Payne, Kees Van Winters and Kristin McAlister. Kees Van Winters and Kristin McAlister replaced Wendy Rudd and Liam Cheung on the Board.

DESCRIPTION OF SHARE CAPITAL

The following description may not be complete and is subject to, and qualified in its entirety by reference to, the terms and provisions of our articles ("**Articles**").

Our authorized share capital consists of an unlimited number of Common Shares and an unlimited number of Preferred Shares. As at the date of this Prospectus, there are 24,735,806 Common Shares (on a post-Consolidation basis) and no Preferred Shares issued and outstanding.

Common Shares

Each Common Share entitles its holder to notice of and to one vote at all meetings of the Company's shareholders. Each Common Share is also entitled to receive dividends if, as and when declared by Mogo's board of directors (the "**Board**"). Holders of Common Shares are, subject to the rights and priorities of holders of Preferred Shares, entitled to participate in any distribution of the Company's net assets upon liquidation, dissolution or winding-up of the Company on an equal basis per Common Share.

Advance Notice Provisions

We have included certain advance notice provisions with respect to the election of our directors in our Articles (the "**Advance Notice Provisions**"). The Advance Notice Provisions are intended to: (i) facilitate orderly and efficient annual general meetings or, where the need arises, special meetings; (ii) ensure that all shareholders receive adequate notice of Board nominations and sufficient information with respect to all nominees; and (iii) allow shareholders to register an informed vote. Only persons who are nominated by shareholders in accordance with the Advance Notice Provisions will be eligible for election as directors at any annual meeting of shareholders, or at any special meeting of shareholders if one of the purposes for which the special meeting was called was the election of directors.

Under the Advance Notice Provisions, a shareholder wishing to nominate a director would be required to provide us notice, in the prescribed form, within the prescribed time periods. These time periods include, (i) in the case of an annual meeting of shareholders (including annual and special meetings), not less than 30 days and not more than 65 days prior to the date of the annual meeting of shareholders; provided, that if the first public announcement of the date of the annual meeting of shareholders (the "**Notice Date**") is less than 50 days before the meeting date, not later than the close of business on the 10th day following the Notice Date; and (ii) in the case of a special meeting (which is not also an annual meeting) of shareholders called for any purpose which includes electing directors, not later than the close of business on the 15th day following the Notice Date.

Dividend Policy

The holders of Common Shares are entitled to receive distributions as and when declared from time to time on the Common Shares by the Board, acting in its sole discretion, out of the Company's assets properly available for the payment of dividends.

The Company intends to reinvest all future earnings in order to finance the development and growth of its business. As a result, the Company does not intend to pay dividends on the Common Shares in the foreseeable future. The declaration of any future dividends by the Board will be dependent on the Company's earnings, liquidity position, financial condition and capital requirements, as well as any other factors deemed relevant by the Board.

During the last three financial years, the Company has not declared or paid any cash dividends on the Common Shares.

Preferred Shares

We may issue Preferred Shares from time to time in one or more series. The Board is authorized to fix the number of Preferred Shares of each series, and to determine for each series, the designation, rights, privileges, restrictions and conditions, including dividend rates, redemption prices, conversion rights and other matters. Among other things, each series of Preferred Shares, upon determination by the Board, may or may not carry voting rights and may or may not be convertible into another class or series of shares of the Company.

So long as any Preferred Shares are outstanding, the holders of the Preferred Shares of each series shall rank both with regard to dividends and return of capital in priority to the holders of the Common Shares and in priority to any other shares ranking junior to the Preferred Shares, and the holders of the Preferred Shares of each series may also be given such other preference over the holders of the Common Shares and any other shares ranking junior to the Preferred Shares as may be determined as to the respective series authorized to be issued. The Preferred Shares of each series shall rank on a parity with the Preferred Shares of every other series with respect to priority in payment of dividends and return of capital in the event of any distribution of assets of the Company among its shareholders arising on the liquidation, dissolution or winding up of the Company.

- any limit on the aggregate principal amount of the Debt Securities;
- the price at which the Debt Securities will be offered;
- the currency or currencies in which the Debt Securities will be offered and in which the principal, premium, if any, and interest, if any, will be paid;
- the date or dates on which principal of the Debt Securities will be payable and the amount of principal which will be payable;

- the rate or rates (which may be fixed or variable) at which the Debt Securities will bear interest, if any, or contingent interest, if any, as well as the dates from which interest will accrue, the dates on which interest will be payable, the persons to whom interest will be payable, if other than the registered holders on the record date, and the record date for the interest payable on any payment date;
- the dates on which and the price or prices at which the Debt Securities will, pursuant to any required repayment provisions, or may, pursuant to any repurchase or redemption provisions, be repurchased, redeemed or repaid and the other terms and provisions of any such optional repurchase or redemption or required repayment;
- the right, if any, of holders of the Debt Securities to convert them into Common Shares or other securities, including any contingent conversion provisions and any provisions intended to prevent dilution of those conversion rights;
- the extent and manner, if any, to which payment on or in respect of the Debt Securities will be senior to, or will be subordinated to the prior payment of, other liabilities and obligations of the Company;
- any special or modified events of default or covenants with respect to the Debt Securities;
- any index or formula used to determine the required payments of principal, premium, if any, or interest, if any;
- the percentage of the principal amount of the Debt Securities which is payable if maturity of the Debt Securities is accelerated because of a default;
- any special or modified events of default or covenants with respect to the Debt Securities;
- the effect of any merger, consolidation, sale or other disposition of our business on the Debt Securities and the Trust Indenture, if any and as applicable;
- whether the Company will issue the Debt Securities as global securities and, if so, the identity of the depositary of the global securities;
- whether the Debt Securities will be listed on any exchange;
- material federal income tax consequences of owning the Debt Securities; and
- any other material terms or conditions of the Debt Securities.

We may issue Debt Securities with terms different from those of Debt Securities previously issued and, without the consent of the holders thereof, we may reopen a previous issue of a series of Debt Securities and issue additional Debt Securities of such series (unless the reopening was restricted when such series was created).

Ranking and Other Indebtedness

The Debt Securities will be senior or subordinated indebtedness of ours, as described in the relevant Prospectus Supplement. In the event of our insolvency or winding up, our subordinated indebtedness, including any subordinated Debt Securities, will be subordinate in right of payment to the prior payment in full of all of our other liabilities (including senior indebtedness), except those which by their terms rank equally in right of payment with or are subordinate to such subordinated indebtedness.

DESCRIPTION OF WARRANTS

The following description, together with the additional information we may include in any applicable Prospectus Supplement, summarizes the material terms and provisions of the Warrants that we may offer under this Prospectus, which will consist of Warrants to purchase Shares or Debt Securities and may be issued in one or more series. Warrants may be offered independently or together with other Securities, and may be attached to or separate from those Securities. While the terms we have summarized below will apply generally to any Warrants that we may offer under this Prospectus, we will describe the particular terms of any series of Warrants that we may offer in more detail in the applicable Prospectus Supplement. The terms of any Warrants offered under a Prospectus Supplement may differ from the terms described below.

General

Warrants may be issued under and governed by the terms of one or more warrant indentures (a "**Warrant Indenture**") between us and a warrant trustee (a "**Warrant Trustee**") that we will name in the relevant Prospectus Supplement, if applicable. Each Warrant Trustee will be a financial institution organized under the laws of Canada or any province thereof and authorized to carry on business as a trustee.

This summary of some of the provisions of the Warrants is not complete. The statements made in this Prospectus relating to any Warrant Indenture, if any, and Warrants to be issued under this Prospectus are summaries of certain anticipated provisions thereof and do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all provisions of the Warrant Indenture, if any, and the Warrant certificate. Prospective investors should refer to the Warrant Indenture, if any, and the Warrant certificate relating to the specific Warrants being offered for the complete terms of the Warrants. If applicable, we will file a Warrant Indenture describing the terms and conditions of Warrants we are offering concurrently with the filing of the applicable Prospectus Supplement under which such Warrants are offered.

The applicable Prospectus Supplement relating to any Warrants offered by us will describe the particular terms of those Warrants and include specific terms relating to the offering. This description will include, where applicable:

- the designation and aggregate number of Warrants;
- the price at which the Warrants will be offered;
- the currency or currencies in which the Warrants will be offered;
- the date on which the right to exercise the Warrants will commence and the date on which the right will expire;
- the manner of exercise;
- the number of Shares or Debt Securities that may be purchased upon exercise of each Warrant and the price at which and currency or currencies in which the Shares or Debt Securities may be purchased upon exercise of each Warrant;
- the designation and terms of any Securities with which the Warrants will be offered, if any, and the number of the Warrants that will be offered with each Security;
- the date or dates, if any, on or after which the Warrants and the other Securities with which the Warrants will be offered will be transferable separately;
- the effect of any merger, consolidation, sale or other disposition of our business on the Warrants and the Warrant Indenture, if any;
- whether the Warrants will be subject to redemption and, if so, the terms of such redemption provisions;
- whether the Company will issue the Warrants as global securities and, if so, the identity of the depositary of the global securities;
- whether the Warrants or the underlying Securities will be listed on any exchange;
- material federal income tax consequences of owning the Warrants;
- the manner in which the Warrants and the Warrant Indenture, if any, may be modified; and
- any other material terms or conditions of the Warrants.

Rights of Holders Prior to Exercise

Prior to the exercise of their Warrants, holders of Warrants will not have any of the rights of holders of the Securities issuable upon exercise of the Warrants.

DESCRIPTION OF UNITS

The following description, together with the additional information we may include in any applicable Prospectus Supplements, summarizes the material terms and provisions of the Units that we may offer under this Prospectus. While the terms we have summarized below will apply generally to any Units that we may offer under this Prospectus, we will describe the particular terms of any series of Units in more detail in the applicable Prospectus Supplement. The terms of any Units offered under a Prospectus Supplement may differ from the terms described below.

We will file the form of unit agreement ("**Unit Agreement**"), if any, between us and a unit agent ("**Unit Agent**") that describes the terms and conditions of the series of Units we are offering, and any supplemental agreements, concurrently with the filing of the applicable Prospectus Supplement under which such series of Units are offered. The following summaries of material terms and provisions of the Units are subject to, and qualified in their entirety by reference to, all the provisions of the Unit Agreement, if any, and any supplemental agreements applicable to a particular series of Units. We urge you to read the applicable Prospectus

Supplements related to the particular series of Units that we sell under this Prospectus, as well as the complete Unit Agreement, if any, and any supplemental agreements that contain the terms of the Units.

General

We may issue Units comprising one or more of the Securities otherwise described herein in any combination. Each Unit will be issued so that the holder of the Unit is also the holder of each Security included in the Unit. Thus, the holder of a Unit will have the rights and obligations of a holder of each included Security. The Unit Agreement under which a Unit may be issued may provide that the Securities included in the Unit may not be held or transferred separately, at any time or at any time before a specified date.

We will describe in the applicable Prospectus Supplement the terms of the series of Units, including:

- the designation and terms of the Units and of the Securities comprising the Units, including whether and under what circumstances those securities may be held or transferred separately;
- provisions of the governing Unit Agreement, if any; and
- any provisions for the issuance, payment, settlement, transfer or exchange of the Units or of the securities comprising the Units.

The provisions described in this section, as well as those described under "Description of Share Capital", "Description of Debt Securities" and "Description of Warrants", will apply to each Unit and to any Security included in each Unit, respectively.

Issuance in Series

We may issue Units in such amounts and in numerous distinct series as we determine.

PRIOR SALES

Information about prior sales will be provided in each applicable Prospectus Supplement relating to the Securities offered thereby.

TRADING PRICE AND VOLUME

Trading price and volume of our Securities will be provided in each applicable Prospectus Supplement relating to the Securities offered thereby.

USE OF PROCEEDS

Unless otherwise indicated in the applicable Prospectus Supplement, Mogo intends to use the net proceeds from the sale of Securities for working capital requirements and general corporate purposes, or to fund future acquisitions and strategic partnerships and investments. More detailed information regarding the use of proceeds from the sale of Securities will be described in the applicable Prospectus Supplement. We may also, from time to time, issue securities otherwise than through the offering of Securities pursuant to this Prospectus.

SELLING SECURITYHOLDERS

Common Shares may be sold under this Prospectus by way of a secondary offering by or for the account of certain of our securityholders. The Prospectus Supplement that we will file in connection with any offering of Common Shares by selling securityholders will include the following information:

- the names of the selling securityholders (and where a selling securityholder is not an individual, the name of each individual that is a principal securityholder of that entity, to the extent known);
- the number or amount of Common Shares owned, controlled or directed by each selling securityholder;
- the number or amount of Common Shares being distributed for the account of each selling securityholder;
- the number or amount of our securities to be owned by the selling securityholders after the distribution and the percentage that number or amount represents of the total number of our outstanding securities;

- whether Common Shares are owned by the selling securityholders both of record and beneficially, of record only or beneficially only;
- if the selling securityholder purchased the Common Shares being distributed within two years preceding the date of the Prospectus Supplement, the date or dates the selling securityholder acquired the Common Shares; and
- if the selling securityholder acquired the Common Shares being distributed in the twelve months preceding the date of the Prospectus Supplement, the cost thereof to the selling securityholder in the aggregate and on a per share basis.

PLAN OF DISTRIBUTION

General

We may offer and sell the Securities, separately or together: (a) to one or more underwriters; (b) through one or more agents; or (c) directly to one or more other purchasers. The Securities offered pursuant to any Prospectus Supplement may be sold from time to time in one or more transactions at: (i) a fixed price or prices, which may be changed from time to time; (ii) market prices prevailing at the time of sale; (iii) prices related to such prevailing market prices; or (iv) other negotiated prices, including sales in transactions that are deemed to be "at-the-market distributions", as such term is defined in NI 44-102, including sales made directly on the TSX, the Nasdaq or other existing trading markets for the Securities. We may only offer and sell the Securities pursuant to a Prospectus Supplement during the period that this Prospectus, including any amendments hereto, remains effective. The Prospectus Supplement for any of the Securities being offered thereby will set forth the terms of the offering of such Securities, including the type of Security being offered, the name or names of any underwriters or agents, the initial offering price of such Securities (or the manner of determination thereof if offered on a non-fixed price basis), the proceeds to us from such sale, any underwriting commissions or discounts and other items constituting underwriters' compensation.

The agents and/or underwriters will contractually commit not to make any offers or sales of Securities in the Province of Québec. Only underwriters so named in the Prospectus Supplement are deemed to be underwriters in connection with the Securities offered thereby. If, in connection with the offering of Securities at the initial offering price or prices, the underwriters have made a bona fide effort to sell all of the Securities at the initial offering price fixed in the applicable Prospectus Supplement, and have been unable to do so, the public offering price may be decreased and thereafter further changed from time to time, to an amount not greater than the initial public offering price fixed in such Prospectus Supplement, in which case the compensation realized by the underwriters will be decreased by the amount that the aggregate price paid by purchasers is less than the gross proceeds paid by the underwriters to us. Any public offering price and any discounts or concessions allowed or re-allowed or paid to dealers may be changed from time to time.

Underwriters and agents may, from time to time, purchase and sell the Securities described in this Prospectus and the relevant Prospectus Supplement in the secondary market, but are not obligated to do so. No assurance can be given that there will be a secondary market for the Securities or liquidity on the secondary market if one develops. From time to time, underwriters and agents may make a market in the Securities.

By Underwriters

If underwriters are used in the sale, the Securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Unless otherwise set forth in the Prospectus Supplement relating thereto, the obligations of underwriters to purchase the Securities will be subject to certain conditions, but the underwriters will be obligated to purchase all of the Securities offered by the Prospectus Supplement if any of such Securities are purchased. We may offer the Securities to the public through underwriting syndicates represented by managing underwriters or by underwriters without a syndicate. The Company may agree to pay the underwriters a fee or commission for various services relating to the offering of any Securities. Any such fee or commission will be paid out of our general corporate funds. We may use underwriters with whom we have a material relationship. We will describe in the Prospectus Supplement, naming the underwriter, the nature of any such relationship.

By Agents

The Securities may also be sold through agents designated by us. Any agent involved will be named, and any fees or commissions payable by us to such agent will be set forth in the applicable Prospectus Supplement. Any such fees or commissions will be paid out of our general corporate funds. Unless otherwise indicated in the Prospectus Supplement, any agent will be acting on a best efforts basis for the period of its appointment.

Direct Sales

Securities may also be sold directly by us at such prices and upon such terms as agreed to by us and the purchaser. In this case, no underwriters or agents would be involved in the offering.

General Information

Underwriters, dealers and agents that participate in the distribution of Securities may be deemed to be underwriters and any commissions received by them from us and any profit on the resale of Securities by them may be deemed to be underwriting commissions under the U.S. Securities Act of 1933, as amended.

Underwriters or agents who participate in the distribution of Securities may be entitled under agreements to be entered into with us to indemnification by us against certain liabilities, including liabilities under Canadian provincial and United States securities legislation, or to contribution with respect to payments which such underwriters or agents may be required to make in respect thereof. Such underwriters or agents may be customers of, engage in transactions with, or perform services for, us in the ordinary course of business.

We may enter into derivative transactions with third parties, or sell securities not covered by this Prospectus to third parties in privately negotiated transactions. If the applicable Prospectus Supplement indicates, in connection with those derivatives, the third parties may sell Securities covered by this Prospectus and the applicable Prospectus Supplement, including in short sale transactions. If so, the third parties may use Securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use Securities received from us in settlement of those derivatives to close out any related open borrowings of stock. The third parties in such sale transactions will be identified in the applicable Prospectus Supplement.

One or more firms, referred to as "remarketing firms," may also offer or sell the Securities, if the Prospectus Supplement so indicates, in connection with a remarketing arrangement upon their purchase. Remarketing firms will act as principals for their own accounts or as agents for us. These remarketing firms will offer or sell the Securities in accordance with the terms of the Securities. The Prospectus Supplement will identify any remarketing firm and the terms of its agreement, if any, with us and will describe the remarketing firm's compensation. Remarketing firms may be deemed to be underwriters in connection with the Securities they remarket.

In connection with any offering of Securities, other than an "at-the-market distribution", as such term is defined in NI 44-102, underwriters may over-allot or effect transactions which stabilize or maintain the market price of the Securities offered at a level above that which might otherwise prevail in the open market. Such transactions may be commenced, interrupted or discontinued at any time. With respect to an "at-the-market" distribution, no underwriter or dealer involved in the distribution, no affiliate of such an underwriter or dealer and no person or company acting jointly or in concert with such an underwriter or dealer will over-allot Securities in connection with the distribution or effect any other transactions that are intended to stabilize or maintain the market price of the Securities.

Secondary Offering

This Prospectus may also, from time to time, relate to the offering of Common Shares by certain selling securityholders.

The selling securityholders may sell all or a portion of Common Shares beneficially owned by them and offered hereby from time to time directly or through one or more underwriters, broker-dealers or agents. If Common Shares are sold through underwriters or broker-dealers, the selling securityholders will be responsible for underwriting discounts or commissions or agent's commissions. Common Shares may be sold by the selling

securityholders in one or more transactions at fixed prices, at prevailing market prices at the time of the sale, at varying prices determined at the time of sale, or at negotiated prices. These sales may be effected in any transaction permitted pursuant to applicable law.

If the selling securityholders effect such transactions by selling Common Shares to or through underwriters, broker-dealers or agents, such underwriters, broker-dealers or agents may receive commissions in the form of discounts, concessions or commissions from the selling securityholders or commissions from purchasers of Common Shares for whom they may act as agent or to whom they may sell as principal (which discounts, concessions or commissions as to particular underwriters, broker-dealers or agents may be in excess of those customary in the types of transactions involved). In connection with sales of Common Shares or otherwise, the selling securityholders may enter into hedging transactions with broker-dealers, which may in turn engage in short sales of Common Shares in the course of hedging in positions they assume. The selling securityholders may also sell Common Shares short and deliver Common Shares covered by this Prospectus to close out short positions and to return borrowed shares in connection with such short sales. The selling securityholders may also loan or pledge Common Shares to broker-dealers that in turn may sell such shares.

The selling securityholders may pledge or grant a security interest in some or all of the Common Shares owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell Common Shares from time to time pursuant to this Prospectus or any Prospectus Supplement, amending, if necessary, the list of selling securityholders to include, pursuant to a prospectus amendment or Prospectus Supplement, the pledgee, transferee or other successors in interest as selling securityholders under this Prospectus. The selling securityholders also may transfer and donate Common Shares in other circumstances in which case the transferees, donees, pledgees or other successor in interest will be the selling beneficial owners for purposes of this Prospectus.

The selling securityholders and any broker-dealer participating in the distribution of Common Shares may be deemed to be “underwriters” within the meaning of the U.S. Securities Act, and any commission paid, or any discounts or concessions allowed to, any such broker-dealer may be deemed to be underwriting commissions or discounts under the U.S. Securities Act. At the time a particular offering of Common Shares is made, a Prospectus Supplement, if required, will be distributed which will identify the selling securityholders and provide the other information set forth under “Selling Securityholders”, set forth the aggregate amount of Common Shares being offered and the terms of the offering, including the name or names of any broker-dealers or agents, any discounts, commissions and other terms constituting compensation from the selling securityholders and any discounts, commissions or concessions allowed or re-allowed or paid to broker-dealers.

The selling securityholders and any other person participating in such distribution will be subject to applicable provisions of Canadian securities legislation, which may limit the timing of purchases and sales of any Common Shares by the selling securityholders and any other participating person and may affect the marketability of Common Shares and the ability of any person or entity to engage in market-making activities with respect to Common Shares.

Once sold under the shelf registration statement, of which this Prospectus forms a part, Common Shares will be freely tradable in the hands of persons other than our affiliates.

CONSOLIDATED CAPITALIZATION

Other than the Consolidation, there have been no material changes in the consolidated share and loan capital of Mogo from June 30, 2023 to the date of this Prospectus.

As a result of the issuance of Securities which may be distributed under this Prospectus, the share capital of the Company may increase by up to a maximum of US\$250,000,000.

EARNINGS COVERAGE

If we offer Debt Securities having a term to maturity in excess of one year or Preferred Shares under this Prospectus and any applicable Prospectus Supplement, the applicable Prospectus Supplement will include earnings coverage ratios giving effect to the issuance of such Securities.

RISK FACTORS

Prospective investors should carefully consider the risks described below, which are qualified in their entirety by reference to, and must be read in conjunction with, the other information contained in this Prospectus, any applicable Prospectus Supplement and the information incorporated by reference in this Prospectus (and in particular, the risk factors discussed under the heading "Risk Factors" beginning at page 24 of the AIF) before purchasing Securities.

The risks and uncertainties described in this Prospectus, any applicable Prospectus Supplement and the information incorporated by reference herein are those we currently believe to be material, but they are not the only ones we face. If any of the following risks, or any other risks and uncertainties that we have not yet identified or that we currently consider not to be material, actually occur or become material risks, our business, prospects, financial condition, results of operations and cash flows and consequently the price of the our publicly traded securities could be materially and adversely affected. In all these cases, the trading price of our publicly traded securities could decline, and prospective investors could lose all or part of their investment.

The market price for our publicly traded securities may be volatile and your investment could suffer a decline in value.

The market price of our publicly traded securities could be subject to significant fluctuations. Some of the factors that may cause the market price of our publicly traded securities to fluctuate include:

- volatility in the market price and trading volume of comparable companies;
- actual or anticipated changes or fluctuations in our operating results or in the expectations of market analysts;
- adverse market reaction to any indebtedness we may incur or securities we may issue in the future;
- short sales, hedging and other derivative transactions in our Securities;
- litigation or regulatory action against us;
- investors' general perception of us and the public's reaction to our press releases, our other public announcements and our filings with securities regulators, including our financial statements;
- publication of research reports or news stories about us, our competitors or our industry;
- positive or negative recommendations or withdrawal of research coverage by securities analysts;
- changes in general political, economic, industry and market conditions and trends;
- sales of our securities by existing shareholders;
- recruitment or departure of key personnel;
- significant acquisitions or business combinations, strategic partnerships, joint ventures or capital commitments by or involving us or our competitors; and
- the other risk factors described in this section of this Prospectus and in any applicable Prospectus Supplement.

Additionally, these factors, as well as other related factors, may cause decreases in asset values that are deemed to be other than temporary, which may result in impairment losses. As well, certain institutional investors may base their investment decisions on consideration of our environmental, governance and social practices and performance against such institutions' respective investment guidelines and criteria, and failure to satisfy such criteria may result in limited or no investment in the Company by those institutions, which could materially adversely affect the trading price of our publicly traded securities. There can be no assurance that continuing fluctuations in price and volume will not occur. If such increased levels of volatility and market turmoil continue for a protracted period of time, our operations and the trading price of our publicly traded securities may be materially adversely affected.

In addition, broad market and industry factors may harm the market price of our publicly traded securities. Hence, the market price of our publicly traded securities could fluctuate based upon factors that have little or nothing to do with us, and these fluctuations could materially reduce the price of our securities regardless of our operating performance. In the past, following a significant decline in the market price of a company's securities, there have been instances of securities class action litigation having been instituted against that company. If we were involved in any similar litigation, we could incur substantial costs, and our management's attention and resources could be diverted and it could harm our business, operating results and financial condition.

There is no market through which the Preferred Shares, Warrants, Units, or Debt Securities may be sold.

There is currently no market through which the Preferred Shares, Warrants, Units, or Debt Securities may be sold. There can be no assurance that an active trading market will develop for the aforementioned Securities, or if developed, that such a market will be sustained at the price level at which it was offered. The liquidity of the trading market in those securities, and the market price quoted for those Securities, may be adversely affected by, among other things:

- changes in the overall market for those Securities;
- changes in our financial performance or prospects;
- changes or perceived changes in our creditworthiness;
- the prospects for companies in the industry generally;
- the number of holders of those Securities;
- the interest of securities dealers in making a market for those Securities; and
- prevailing interest rates.

There can be no assurance that fluctuations in the trading price will not materially adversely impact on our ability to raise equity funding without significant dilution to its existing shareholders, or at all.

Future sales or issuances of securities could decrease the value of existing securities, dilute investors' voting power and reduce our earnings per share.

We may sell additional Securities in subsequent offerings and may issue additional Securities to finance operations, acquisitions or other projects. We have a large number of authorized but unissued Common Shares. We cannot predict the size of future sales and issuances of Securities or the effect, if any, that such future sales and issuances of securities will have on the market price of the Securities. Sales or issuances of a substantial number of Securities, or the perception that such sales could occur, may adversely affect prevailing market prices for Securities. With any additional sale or issuance of Common Shares (including Securities convertible into Common Shares), investors will suffer dilution of their voting power and may experience dilution in our earnings per share.

Our Board may issue, without shareholder approval, Preferred Shares that have rights and preferences potentially superior to those of the Common Shares. Such an issuance may delay or prevent a change of control.

While there are no Preferred Shares currently outstanding, our Articles allow the issuance of Preferred Shares in one or more series. Subject to the TSX, Nasdaq and any applicable regulatory approvals, our Board may set the rights and preferences of any series of Preferred Shares in its sole discretion without shareholder approval. The rights and preferences of those Preferred Shares may be superior to those of the Common Shares. Accordingly, the issuance of Preferred Shares may adversely affect the rights of holders of Common Shares and could have the effect of delaying or preventing a change of control, which may deprive our shareholders of a control premium that might otherwise have been realized in connection with an acquisition of Mogo.

We do not expect to pay any cash dividends for the foreseeable future.

We currently expect to retain all available funds and future earnings, if any, for use in the operation and growth of our business and do not anticipate paying any cash dividends in the foreseeable future. Any future determination to pay dividends will be at the discretion of our Board, subject to compliance with applicable law and any contractual provisions, including under agreements for indebtedness we may incur, that restrict or limit

our ability to pay dividends, and will depend upon, among other factors, our results of operations, financial condition, earnings, capital requirements and other factors that our Board deems relevant.

Our operations have generated negative cash flows in the past.

The Company has a history of negative cash flow from operations and may generate negative cash flow from operations in the future. Operational expenses are funded by the Company's revenue. On occasion when cash flow from operations before investment in loans receivable is not positive, the Company uses cash from its reserves to fund the remaining operational expenses. Accordingly, the Company currently has no plans to use any of the proceeds from the offering of Securities under this Prospectus to fund operating expenses. However, if the Company has a significant amount of operating expenses that cannot be funded by cash flow, there could be a material and adverse effect on our financial condition or results of operations.

If securities or industry analysts cease to publish research reports or publish inaccurate or unfavorable research about us or our business, our trading price and volume could decline.

The trading market for our publicly traded Securities will depend in part on the research and reports that securities or industry analysts publish about us or our business. If one or more of the analysts who cover us downgrade our publicly traded Securities or publish inaccurate or unfavorable research about our business, our trading price may decline. If one or more of these analysts cease coverage of us or fail to publish reports on us regularly, demand for our publicly traded securities could decrease, which could cause our trading price and volume to decline.

United States investors may not be able to obtain enforcement of civil liabilities against us.

The enforcement by investors of civil liabilities under the United States federal or state securities laws may be affected adversely by the fact that we are governed by the *Business Corporations Act* (British Columbia), that the majority of our officers and directors are residents of Canada, and that all, or a substantial portion of their assets and a substantial portion of our assets, are located outside the United States. It may not be possible for investors to effect service of process within the United States on certain of our directors and officers or enforce judgments obtained in the United States courts against us or certain of our directors and officers based upon the civil liability provisions of United States federal securities laws or the securities laws of any state of the United States.

There is some doubt as to whether a judgment of a United States court based solely upon the civil liability provisions of United States federal or state securities laws would be enforceable in Canada against us or our directors and officers. There is also doubt as to whether an original action could be brought in Canada against us or our directors and officers to enforce liabilities based solely upon United States federal or state securities laws.

As a foreign private issuer, we are subject to different U.S. securities laws and rules than a domestic U.S. issuer, which may limit the information publicly available to our U.S. shareholders.

We are a foreign private issuer under applicable U.S. federal securities laws and, therefore, we are not required to comply with all of the periodic disclosure and current reporting requirements of the Exchange Act and related rules and regulations. As a result, we do not file the same reports that a U.S. domestic issuer would file with the SEC, although we are required to file with or furnish to the SEC the continuous disclosure documents that we are required to file in Canada under Canadian securities laws. In addition, our officers, directors and principal shareholders are exempt from the reporting and "short swing" profit recovery provisions of Section 16 of the Exchange Act. Therefore, our shareholders may not know on as timely a basis when our officers, directors and principal shareholders purchase or sell securities of Mogo as the reporting periods under the corresponding Canadian insider reporting requirements are longer. In addition, as a foreign private issuer, we are exempt from the proxy rules under the Exchange Act.

We may lose our foreign private issuer status in the future, which could result in significant additional costs and expenses to us.

In order to maintain our current status as a foreign private issuer, a majority of our Common Shares must be either directly or indirectly owned of record by non-residents of the United States unless we also satisfy one of

the additional requirements necessary to preserve this status. We may in the future lose our foreign private issuer status if a majority of the Common Shares are owned of record in the United States or we fail to meet the additional requirements necessary to avoid loss of foreign private issuer status. The regulatory and compliance costs to us under U.S. federal securities laws as a U.S. domestic issuer may be significantly more than the costs we incur as a Canadian foreign private issuer. If we are not a foreign private issuer, we would not be eligible to use foreign issuer forms and would be required to file periodic and current reports and registration statements on U.S. domestic issuer forms with the SEC, which are more detailed and extensive than the forms available to a foreign private issuer. In addition, we may lose the ability to rely upon exemptions from Nasdaq corporate governance requirements that are available to foreign private issuers.

CERTAIN CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

The applicable Prospectus Supplement will describe certain Canadian federal income tax consequences to an investor who is a non-resident of Canada of acquiring any Securities offered thereunder, including whether the payments of distributions on the Securities will be subject to Canadian non-resident withholding tax.

LEGAL MATTERS

Unless otherwise specified in the applicable Prospectus Supplement, certain legal matters will be passed upon on our behalf by Stikeman Elliott LLP. As at the date of this Prospectus, the partners and associates of Stikeman Elliott LLP beneficially own, directly and indirectly, less than 1% of any class of our issued and outstanding securities or securities of our affiliates or associates.

If any underwriters or dealers named in a Prospectus Supplement retain their own counsel to pass upon legal matters relating to the Securities offered thereunder, such counsel will be named in such Prospectus Supplement.

LEGAL PROCEEDINGS

We are, from time to time, involved in legal proceedings of a nature considered normal to our business. We believe that none of the litigation in which we are currently involved, or have been involved since the beginning of the most recently completed financial year, individually or in the aggregate, is material to our consolidated financial condition or results of operations.

AUDITOR, TRANSFER AGENT AND REGISTRAR

The independent auditors of the Company are KPMG LLP, Chartered Professional Accountants. KPMG LLP have confirmed with respect to the Company that they are independent within the meaning of the relevant rules and related interpretations prescribed by the relevant professional bodies in Canada and any applicable legislation or regulations, and also that they are independent accountants with respect to the Company under all relevant U.S. professional and regulatory standards. Our transfer agent and registrar is Computershare Investor Services Inc. at its principal office in Vancouver, British Columbia.

PURCHASERS' STATUTORY AND CONTRACTUAL RIGHTS OF WITHDRAWAL AND RESCISSION

Securities legislation in certain of the provinces and territories of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. In several of the provinces and territories of Canada, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revisions of the price or damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission, revisions of the price or damages are exercised by the purchaser within the time limits prescribed by the securities legislation of the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal advisor.

Original purchasers of Warrants (if offered separately) will have a contractual right of rescission against the Company in respect of the conversion, exchange or exercise of such Warrant.

The contractual right of rescission will entitle such original purchasers to receive, in addition to the amount paid on original purchase of the Warrant, the amount paid upon conversion, exchange or exercise upon surrender of the underlying Securities gained thereby, in the event that this Prospectus (as supplemented or amended) contains a misrepresentation, provided that: (i) the conversion, exchange or exercise takes place within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus; and (ii) the right of rescission is exercised within 180 days of the date of purchase of the convertible, exchangeable or exercisable security under this Prospectus. This contractual right of rescission will be consistent with the statutory right of rescission described under section 131 of the *Securities Act* (British Columbia), and is in addition to any other right or remedy available to original purchasers under section 131 of the *Securities Act* (British Columbia) or otherwise at law.

Original purchasers of Warrants, or other convertible, exchangeable or exercisable securities are cautioned that the statutory right of action for damages for a misrepresentation contained in the prospectus is limited, in certain provincial and territorial securities legislation, to the price at which the convertible, exchangeable or exercisable securities are offered to the public under the prospectus offering. This means that, under the securities legislation of certain provinces and territories, if the purchaser pays additional amounts upon conversion, exchange or exercise of the security, those amounts may not be recoverable under the statutory right of action for damages that applies in those provinces and territories. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for the particulars of this right of action for damages or consult with a legal adviser.
